

THE BRONTE ENTERPRISE

VOL. 25.

BRONTE, COKE COUNTY, TEXAS, FRIDAY, JULY 16, 1943.

NUMBER 28.

Congress Takes a Rest . . .

As this is written, Congress is winding up a momentous and often trying wartime session, preparatory to taking a two-month recess.

During the last six months, Congress has ordered vast appropriations—by far the largest in the world's history—for prosecution of the war to a decision. While some of the money probably will be spent unwisely I have supported every war bill calculated to carry this winner-take-all battle to the enemy, and speed our victory.

If spending more money ends the war one day sooner, thousands of lives may be saved. This Congress has taken steps to economize on the home front. But it must make sure that our fighting forces get what they need on the farflung war fronts.

Our airplane and ship construction program staggers the imagination. For example, one Flying Fortress costs \$250,000—and we're turning out 700 a month now. Yes, it will cost a lot. But it will cost the Axis more. And it will save America

Meeting at Church of Christ Begins This Friday night

Everything is in readiness and the meeting scheduled to begin at the Church of Christ in Bronte this Friday evening, will begin as planned.

ELDER CLAUDE SMITH

Elder Claude Smith of Merkel is expected to be present for the opening service, as well as the gospel singer, W. L. Johnson of Winters. Worship will be twice daily, morning and evening and all are cordially invited to attend the services.

and the world.

Plans to Visit District . . .

With the recess here, this will

Elder T. J. McCain Leads Meeting for Kickapoo Baptists

The annual revival meeting of the Kickapoo Baptist church, three miles north of Bronte, is in progress.

The series of meetings began Thursday night. Elder Charley Carroll of Richland Springs is pastor and has been serving as such for several years. Elder Carroll will have general charge of the meeting, while Elder T. J. McCain will do the preaching.

Elder McCain did the preaching in the annual meeting last summer, and during his stay in and around Bronte he made many friends by his excellent sermons and his kindly, genial way of meeting the people. Elder McCain is one of the ablest preachers of the wing of the Baptists in Texas with whom he is affiliated. He is corresponding secretary of the Missionary Baptist Association of Texas. He has filled this place for some time and has been quite successful in the work he had in hand, and in leading the churches of the Texas Missionary Baptist Association in their work.

The pastor, visiting minister and the interested members of the Kickapoo church join in a hearty invitation to all, to attend the meeting. Worship will be twice daily, morning and also evening and the meeting will continue through the 4th Sunday night in July.

be the last News Letter to be sent out until September. I plan to open an office in the Post Office Building in San Angelo about July 20, so I can be of more direct service to the people of the district. My office in Washington of course will also be kept open.

I intend to visit every county in the district during the summer, and will, so far as practicable, make my visits known in advance so those who may want to talk with me about any subject of problem may do so with as little inconvenience to them as possible.

In this connection, let me emphasize that it is always most helpful to have the serial number of the soldier when I am making any inquiry about a boy in the service, his insurance or allotment. The same applies to inquiries about WPB priority applications, etc.

Farm Bulletins . . .

In this concluding letter, I again would like to remind that during the last three months we have had more than 2,000 requests for Farmers Bulletins, and that among these, about 60 of the senders overlooked signing their names to the orders. If you haven't received a response, please let me know so the request can be complied with.

Unity—Here, Too . . .

Gen. Henri Giraud, Commander-in-chief of the French armies in North Africa, is the latest foreign dignitary to visit Washington. While he reportedly is here on a military mission, his visit doubtless has much to do with the future of the differences between him and Gen. Charles (Continued on page three)

Mrs. Lizzie Athey of Dallas was a week end guest of her mother, Mrs. Maggie Scott.

Mrs. Eva Key returned home Wednesday from a visit of several weeks with friends at Clyde.

BRONTE BOY IN SERVICE WRITES OF SCRAP NEED

DETACHMENT 18, 909TH QUARTERMASTER CO. AVN (SERV)
Kirtland Field, Albuquerque, New Mexico
July 1, 1943.

The Bronte Enterprise,
Bronte, Texas.

Dear Mr. West:

I have just read in The Enterprise the article about Salvage. It happens to be along my line of work in the army. Although I'm not exactly connected with the Salvage Detachment Q. M. C. I have been attending schools about Salvage Department, it is a Quartermaster activity, and is handled by and the various other Quarter Master activities. Its very interesting to note the many different items collected by the Quarter Master for Salvage. Absolutely nothing is wasted by the army now.

I think the Quartermaster is a very important branch of the Service. In fact one of the most important branches. To the people that do not understand just what the Quarter Master does. I would like to say that we furnish food, clothing, and about every supply there is in general to the entire army. It is interesting work and of course is dangerous work, too, in the field of Combat, as the enemy is constantly on the alert to destroy the supply line. Without the proper food and supplies the opponent is beat already. Of course that is understandable. We don't hear much praise for our work in the Quartermaster, but we know we are doing our job well and without the fighting Q. M. C. the army just couldn't exist. We will continue to keep 'em supplied, so they can keep 'em flying, rolling, fighting and what have you. I know that I can speak for the entire Quarter Master Corps—we are proud of our Arm of Service, and are proud we are able to take part in the important job done by the Quartermaster Corps around the globe.

Mr. West, you may print this, if you think it is of sufficient importance, and will be of interest to your readers. I still enjoy "the old home town paper" very much.

Sincerely your friend,

James E. Vinson,
Det. 18 909 Q.M.C.

Kirtland Field, New Mexico.

Yes, James, we are glad to print this letter for two or three reasons: First, because it is from one of our own "home boys." We here on the "home front" are interested in each and every one of you boys—for, we recognize, you represent us. 2. It is a good letter—an informative letter, which acquaints us with the work of the Quarter Master giving stress to the supreme importance of scrap metal—as Corps. 3. It is a timely letter, coming just at this time and the drive is on this week for scrap metal. The Enterprise trusts this word from this "home boy" about the deep need for scrap iron and steel will move all our people to do their very best this time to bring in every pound of scrap on the ranches and farms of Coke county.

Write again, James.

Ruby Thompson Becomes Bride of Sgt. Wm. D. Scott

Miss Ruby Thompson of Dallas, and Sgt. Wm. D. Scott of Tallahassee, Florida, were united in marriage in the county clerk's office at Robert Lee, Friday morning, at 11 o'clock, July 9, 1943, County Judge McNeil Wylie administering the vows.

Now, from the addresses just given, it would seem that this happy couple made a long journey to West Texas to find a quiet spot in which to be married. But, the truth is, they are both just "home folks." We have given the "high sounding" name "Wm. D. Scott," when the plain facts are, he is just "Dan Scott," one of Bronte's boys who was born and reared here, the son of Mrs. Maggie Scott, who really never even wanted to leave Coke county, until the army came along and got him. Then, they named him "Wm. D. Scott," and under that name he is serving Uncle Sam.

The bride's address is Dallas, yet in fact, she spent her life at Blackwell until early last year, when the call was first made for men and women to work in the war plants at Dallas. Miss Thompson went, and secured a job in the wings department of the North American Aircraft Corporation, in that city. She made good and has been advanc-

Coke 4-H Club Boys Attend Their Annual Camp

Jy TRAFIS B. HICKS
Thursday, July 8, forty-three 4-H Club Boys from Coke county, traveled via stock truck to Foster Park, at Tankersley, Texas, for the annual 4-H Boys Encampment. They were accompanied by 4-H Club leader, A. B. Sheppard and your County Agent. One hundred fifty-four boys from seven surrounding counties gathered on the banks of Spring Creek to enjoy three days of real fun.

The program consisted of swimming, grass identification, rifle shooting, sheep shearing, and wool grading, baseball games, picture shows, and inspirational talks. The most enjoyed activity was lining up for chuck-wagon meals served from big iron pots.

In the rifle shooting contest, Dolan Mackey and Charles Fowler were high point winners for Coke county. Wayne Arrott placed first in Coke county in the grass identification contest. More boys should make this very wholesome and enjoyable encampment next year.

ed in position until now she holds a responsible place.

Hence, the marriage of Sgt. Dan Scott and Miss Ruby Thompson of Dallas is not a war (Continued on page two)

**HEALTH OFFICER
ADVISES SUNTAN BE
SECURED BY DEGREES**

Austin, Texas, July 15.—Following last week's suggestions for comfortable and safe living during hot summer days, Dr. Geo. W. Cox, State Health Officer, today released a statement concerning the danger of over exposure to the sun.

"Sun Stroke is not thought to be due to the heat of the sun, but to certain direct effects of the sun on the human brain. It is likely to occur after the sun has shone excessively on the back of the head and neck," Dr. Cox explained. "This can be prevented by protecting the head and back of the neck from the sunshine," he added.

Dr. Cox asserted that exposure of the skin to the sun has some virtue since the action of the sunshine tends to kill germs on the skin. Further, sunshine produces vitamin D from the fats in the skin and this product is absorbed and used by the body.

"In general the good effects of sunshine are not due to the heat rays but ultraviolet rays," Dr. Cox stated. "It must be remembered, however, that it is these same rays which burn the skin and extensive application of direct sunshine to the skin may produce painful and severe burns which actually may endanger life."

The State Health Officer advises those who wish to obtain an extensive suntan to get it by slow degrees. Expose small portions of the skin to the sun for a short period of time. When tanning is established, exposing a greater area for a longer period of time should prove safe and comfortable.

Mr. and Mrs. J. L. Hambright of Norton were in Bronte Saturday: They were returning from Roscoe where they had been visiting Mr. and Mrs. W. L. Hayley. They reported a most delightful visit.

**SPECIALIST SAYS RABBIT
MEAT PRODUCED QUICKLY
ADDS VARIETY TO MEALS**

College Station, July 12.—Rabbits are mar hing to the rescue of the meat shortage. According to R. E. Callender of the A. & M. College extension service, rabbit fryers are produced quickly, and "the home use of their fine grain, pearly white nutritious meat will add variety to the family diet."

Callender, who is extension game management specialist, says that rabbit raising requires little space and equipment, and may be carried on in city back yards as well as on the farm. Only 90 days are required after the doe is mated until 4 or 4 1-2 pound fryers are ready to the skillet. With proper feeding the young are ready for consumption at about two months.

Out of 51 definite breeds of domestic rabbits Callender suggests New Zealand whites, New Zealand reds, Flemish Giants and Chinchillas as among the best suited for beginners who desire to produce meat and fur. White rabbits or the larger breeds make excellent meat and their skins usually bring top price she explains. All pelts should be saved and marketed. Home production may be started with young rabbits or bred does, but normally one male and two females might be sufficient for a beginning.

Hutches, which may be built of s rap material, should be adapted to the requirements of two mature does. Outside measurements should be approximately 30 inches width, 20 inches height and 19 to 12 feet in length. A V-shaped hay rack made of three-fourth inch poultry wire may be placed in the center to serve both compartments. A slide trough eight inches wide and one inch deep beneath the hayrick will hold grain and catch hay leaves. Self-cleaning type floors are the best made with one-by-two-inch slats, or with half-inch mesh hardware loth.

A home-mixed grain and protein ration, supplemented by bread scraps, fresh vegetable trimmings, or home-grown vegetables and roots provide proper feed. Additional information may be obtained from county extension agents.

E. L. Bankhead of Sweetwater and two sons, R. G. of Odessa and R.E. of Lubbock, and their families were in Bronte Sunday. The Bankheads were residents of Bronte many years in the past and have many friends here who are always glad to see them.

**TEXAS' SHARE IN
NATIONAL WAR FUND
SET AT \$5,000,000.000**

Houston, Texas, July 15.—The United War Chest of Texas has completed plans for the first

GEORGE A. BUTLER

state-wide, unified war appeals drive ever conducted in Texas, George A. Butler, Houston Attorney heading the organization, announced this week.

Plans to raise approximately \$5,000,000 as the share of Texas in the National War Fund are now being worked out following the perfecting of the state organization in Dallas, July 7. At the Dallas meet Butler was named president and campaign chairman of the State War Chest. Gov. Coke Stevenson was named honorary chairman. Other officers include Roy Farmer, Houston banker, treasurer, and Wayland T. Towner, formerly of the San Antonio Community Chest, secretary and general manager. Twenty-one vice-presidents representing every section of Texas are yet to be named by the board of directors

"Each community and each Texas county will determine its own role in the National War Fund program," Butler announced. "In every instance, the campaign will be carried out by local leadership," he said. "The program is one of aid to our own boys on all the fronts of war, to our allies in every corner of the globe, and to the home front."

President Roosevelt's War Relief Control Board has approved the following agencies for participation in the National War Fund which plans to raise \$125,000,000 in its national campaign this fall: The USO (United Service Organizations), United Seaman's Service, War Prisoners Aid, Belgian War Relief Society, British War Relief Society, French Relief Fund, Greek War Relief Association, Norwegian Relief, Polish War Relief, Queen Wilhelmina Fund, Russian War Relief, United China Relief, United Czechoslovak Relief Fund, United Yugoslav Relief Fund, Refuge Relief Trustees and the United States Committee for the care of European Children.

MARRIED—
(Continued from page one)
marriage that had its beginning in army environments. Indeed, they had been sweethearts for years when the war came, and their marriage is the culmination of a good-old-fashioned "home courtship."

Sgt. Scott and bride departed Monday for Dallas, where he will spend a few days with Mrs. Scott. Then he will return to Tallehassee, where he is in the air hospital corps. Mrs. Scott will resume her work with the North American Aircraft.

The friends of both the bride and groom at Blackwell and Bronte and elsewhere will wish them increasing happiness with the passing years.

Jones and Patton 'to Appear on Radio Program, Saturday

Miss Vera R. Martin, Coke County FSA supervisor, informs The Enterprise that Marvin Jones, War Food Administrator, and James G. Patton, President of the National Farmers Union, will appear in a radio broadcast, over NBC, Saturday afternoon, July 17, at 4 o'clock, Central War time.

Especially should the farmers, as well as all others, hear this broadcast, for it is evident that information will be given with reference to the food and farm situation.

Miss Katherine Whitt of San Antonio was a week end visitor with her parents, Mr. and Mrs. H. O. Whitt. Miss Whitt returned home Monday.

R. T. Caperton who is stationed at Fort Sill, Oklahoma has been promoted to Captain in the service.

Robert Modglink is at home on furlough, visiting his parents, Mr. and Mrs. B. E. Modglink, and other relatives.
