

# THE BRONTE ENTERPRISE

VOL. 25.

BRONTE, COKE COUNTY, TEXAS, FRIDAY, AUGUST 20, 1943.

NUMBER 33.

## The Mother of Mrs. G. K. Corley Passes Away

Mrs. Julia Izard, who had made her home in Blackwell with her daughter, Mrs. G. K. Corley, for years, passed away in the home of another daughter in Bell county, August 5, where she had gone to undergo treatment in a sanitarium near by. She was past 91 years old and had been a widow fifty years. She was the mother of 9 children, 5 of whom survive and were present at her bedside when death came; 27 grandchildren and 38 great grandchildren.

Deceased had been a member of the Baptist church from childhood. She was the mother of one Baptist preacher and the grandmother of three grandsons who were preachers.

The children are J. M. Izard and Mrs. Walter Holt of Hoiland, Mrs. J. W. Stone, Portales, New Mexico, and Sam Izard, San Angelo.

The Enterprise editor knew "Grandmother Izard" many years ago. She was then an aged woman, according to the standards of the longevity of human life. We called her and another of her aged lady friends, who was also a good friend of ours, "two of our American beauty roses," which always very much amused them. Truly, she was one of "the queenly women of the Old South."

### VISITS HIS MOTHER

James Roe Callaway, son of Mrs. Addie Callaway, was home on a six-day furlough, from "Armed Guard Center, Pacific Square, Treasure Island, San Francisco, California." James is 1st Class Seaman, and has had five trips without

## PLEASING FOLK

It was a sincere pleasure the editor had Monday, of meeting Mr. and Mrs. J. S. McBeath, of Sweetwater. Mr. and Mrs. McBeath are the new owners and managers of the Sweetwater Daily Reporter. They bought the Reporter recently from the Bennett brothers who have returned to California.

Mr. and Mrs. McBeath are quite genial folk. Both are experienced in the details of daily newspaper work. At one time they owned and operated the Daily Bulletin, at Brownwood, which they developed into one of the best of the smaller dailies in the Southwest. Already they have made decided improvement in both the news features and typographical appearance of their newspaper. We very much appreciate the kindly offers of neighborly courtesy of Mr. McBeath in the use of cuts, or otherwise, by which he might aid us.

It developed that Mr. and Mrs. McBeath and the writer came near being old friends—they are from Bell county originally. Mr. McBeath was of Temple and Belton and Mrs. McBeath is a native of Killeen. Hence we mutually knew many people and had many friends mutually among the people there of those long past days.

The Enterprise bids welcome to Mr. and Mrs. McBeath to "the Golden West." May it be a time with them in their newspaper work "when dreams come true." In meeting Mrs. McBeath we suggested that perhaps we were meeting "the manager of the manager." There was no direct denial—so, if true that "silence give consent," we did not make a wrong guess.

Anyhow, we are truly glad to have met these fine people and capable newspaper folk, and that this part of West Texas is to have the benefit of their capable leadership in giving the publicity to the area that it deserves.

being in an air raid. "Ours is a grand Navy," said Jim, "and I love my ship. But, Coke county doesn't look too dry to come back to—and that's what I intend to do soon as we get this job finished."

Jim has returned but is being transferred to another port, but he did not know what his new address would be. He has been to the Navy fourteen months.

Miss Maurine Miller who is at Goodfellow Field, was a week end guest of her parents, Mr. and Mrs. E. D. Miller.

## Old Home Paper Seeks Picture of Sgt. G. O. Hanson

In a recent issue The Enterprise carried the picture and a story of Sgt. G. O. Hanson, son of Rev. and Mrs. A. Hanson who is in service in Australia. The Hansons are an oldtime and widely known family around El Campo, especially at Louise, one of the prominent communities of that section. Members of the Hanson family yet reside at Louise. Copies of the paper containing the picture of Sgt. Hanson were sent by his parents to the family members at Louise. The correspondent of that community for the El Campo Citizen saw the paper and wrote The Enterprise for the cut and the privilege to print same in her paper. The cut was forwarded and below is Mrs. Kieth's letter and our reply to same, which means that Bronte is going to get some favorable publicity away from home, in "the land down by the sea."

Louise, Texas,  
8-14, 1943.

The Bronte Enterprise,  
D. M. West, Editor,  
Bronte, Texas.  
Dear Mr. West:

Received in the morning mail, an August 6th copy of the Enterprise carrying a picture of Sgt. G. O. Hanson.

As correspondent, from this community, for the El Campo Citizen, I am wondering if you would allow us to use this cut in an early issue?

Rev. and Mrs. Hanson were long time residents here and have many friends who would appreciate seeing the picture in the local paper.

If you feel that you can lend us the cut of rourse we would give you the courtesy lines and would return cut at once.

Thanking you in advance, I am,

Yours truly,  
Mrs. H. Kieth,  
Bronte, Texas.

Mrs. H. Kieth,  
Louise, Texas.  
Dear Mrs. Kieth:

8-17, 1942.

Yours of the 14th inst. relative to cut of Sgt. G. O. Hanson received and contents noted.

Replying, it affords me pleasure to grant you use of the cut, for all of us "out here in the West," also appreciate Rev. and Mrs. Hanson, as well as their

## Peanut Growers Solve Their Labor Problems

Peanut growers of Coke county are meeting their labor problems in a very effective way. At a meeting of peanut growers held at the county agent's office, Saturday, August 14, a system of cooperative effort was planned. A "Help Your Neighbor" organization was formed in each community centering around peanut harvesting equipment in that community in which the farmers will bring tractors, plows and farm hands and move from farm to farm to harvest and thresh the peanuts. Each community will deal as a unit with the owner of a peanut thresher when the time comes for threshing.

These "Help Your Neighbor" groups can solve most of the labor problems that will come to Coke County farmers.

Mrs. B. F. Kirk, home ec teacher in the Bronte schools, who attended the home ec state convention at Lubbock last week, reports an interesting meeting.

Richard Manor Turner of Dallas has returned home after visiting his grandparents, Mr. and Mrs. Manor Turner of Norton.

children, far as we have met them. And especially are all of us interested in Sgt Hanson—for, he is "one of our own boys," away yonder, somewhere, fighting for us. I am forwarding cut under separate cover. When you shall have used the cut, please, return same—and don't fail to forward me copy of The Citizen carrying the cut and news story.

Assuring you again of my pleasure in having the opportunity to extend this neighborly courtesy, and with every good wish for you personally and for your paper you represent, I am,

Sincerely yours,  
D. M. West.

P. S. By the way, if you ever come West—and you will some time, if you satisfy a lifelong wish, I am sure, of course)—do not fail to come through Bronte—for, you will not have seen the center of the West until you see

"Out where the West begins. Where one makes friends without half trying; Where there is always laughter, And far less sighing— Out where the West begins."

LOUIS BAKER, JR.

Son of Mr. and Mrs. Louis Baker of Tennyson, and grandson of W. F. Baker of that place. He joined the Navy June 9, 1943—just before he was eighteen years old. He reached San Diego, California on June 12, his eighteenth birthday. He was made barracks guard June 13. After being in the Navy about two weeks Louis Jr. received a rating of second class seaman. He is a nephew of Mrs. J. G. Mills of Bronte.

**GERM WARFARE IS NOT TO BE DREADED SAYS SPECIALIST**

[Austin, Texas, August 17—Don't worry about germ warfare being used to attack America—germs cannot live, much less multiply, in the chlorine-disinfected water which American cities have, a University of Texas bacteriologist declares.

Dr. V. T. Schuardt explained that the enemy fears a "rebound" of disease spread by means of the aerial dissemination.

"Diseases easily spread by natural causes are hard for man to scatter successfully in the exact regions he chooses," he said.

"A greater danger is from infected fleas, lice or ticks on foreign battle fields, but a disease epidemic so started is very likely to spread to the area occupied by troops who spread the bacteria."

**LOCAL GIRLS WILL ENROLL IN TSCW AT DENTON**

Spe. to The Bronte Enterprise: Denton, Texas, August 16.—Texas State College for Women, which has grown with the Southwest since its doors opened in 1903, will start its regular session next month with at least two young women enrolled from Bronte, according to a recent survey of room reservations in the college dormitories.

Students will begin registration at 1 p. m. Monday, September 20, and classes will start at 8:15 a. m. Thursday, September 23. Dormitories open at noon September 19.

New students in TSCW from Bronte will be Katherine Rawlings and Billie Jean Duncan, both freshmen.

**ATTENTION FARMERS AND RANCHERS**

Farmers and ranchers who are interested in buying feed or seed or seed oats cooperatively should see the county agent. We have prices on feed and seed oats in carload lots. At best oats will be high this summer, but if some oats are needed we might save some money by buying as in the wheat deal.

Travis B. Hicks,  
County Agent.

**HEALTH OFFICER SUGGESTS HOW TO CONTROL POLIOMYELITIS**

Austin, Texas, August 19—Dr. Geo. W. Cox, State Health Officer has issued the following statements and suggestions concerning the control and prevention of poliomyelitis which is assuming epidemic proportions in certain sections of the State.

Until recently it was generally believed that this infection is transmitted by means of discharges from the respiratory tract. It is now believed that poliomyelitis is primarily another of the several gastrointestinal infections. Therefore, control measures must emphasize clean-up campaigns and improvement in sanitation.

Strict sanitary measures must be observed in all communities. Stringent efforts should be made to eliminate the house-fly and to destroy its breeding places. All mosquitoes and mosquito breeding places must be eliminated at once. Every effort should be made to institute approved garbage collection systems immediately. Safe water supplies must be assured. Where adequate municipal sewage disposal systems are not in operation, it is vitally important to promote and maintain sanitary septic tanks and outdoor privies.

All swimming pools should, under rigid supervision, maintain those standards approved by the Texas State Department of Health. This necessarily includes maintenance of proper chlorine level. Where such standards are not maintained, those pools should be closed immediately.

All raw foods and vegetables should be washed thoroughly before use and protected from flies, filth and insects. All eating and food handling establishments should adhere strictly to the State Law concerning the sterilization of dishes and utensils. In the present emergency those restaurants with insufficient personnel to maintain approved sanitation should close one or two hours a day so that employes can assist in maintaining cleanliness and high sanitary standards.

Every effort should be made to secure approved milk. Rats and mice should be eliminated. Maintain in the home the sanitary standards that are necessary in community life. Particular attention should be paid to personal hygiene. Excreta from cases and contacts should be handled and disinfected with the same scrupulous care as in typhoid fever or bacillary dysentery.

Over-exertion in children should be avoided. Children should not visit homes where there is a sick child. Cases should be quarantined for 14 days and adults who work in food establishments should be particularly instructed in personal hygiene. It is advisable to

reduce to a minimum all human contacts especially in children during an outbreak of this disease. It is not advocated that schools, churches, and theaters be closed.

Early symptoms of infantile paralysis are headache, fever, vomiting, drowsiness, followed by stiffness in the neck and back. When suspicious symptoms appear, a physician should be called immediately.

**Do Your Share and Share the Job...**

**COTTON GROWERS, FRONT-LINE FIGHTERS ON THE PRODUCTION LINE THAT IS SUPPLYING OIL FOR FOOD, LINTERS FOR MUNITIONS AND MEAL AND HULLS TO PRODUCE "FOOD FOR VICTORY," HOLD KEY POSITIONS IN TODAY'S WAR.**

Our mill recognizes this and we wholeheartedly pledge ourselves to do everything possible to help you and your neighbors do the best possible job.

Three things that will help everyone—and help to win the war—are:

1.

Prompt marketing of cottonseed with the assurance that you, as a cotton grower, have a "priority" on the feed products of your seed so that YOU will get the amount of meal and hulls you absolutely have to have for your livestock.

2.

This prompt marketing of cottonseed for processing will make the meal above your own requirements available to dairymen, beef cattle raisers, and other livestock producers of this section. THE ONLY POSSIBLE WAY FOR LIVESTOCK PRODUCERS TO CONTINUE IN BUSINESS IS FOR COTTON GROWERS TO SHARE THE COTTONSEED MEAL PRODUCED FROM THEIR SEED IN EXCESS OF THE ACTUAL NEEDS OF THEIR OWN LIVESTOCK.

3.

CONSERVE YOUR FEED by feeding no more than is actually necessary, by avoiding waste, by "culling out" inefficient animals, by growing legume pastures, and in every other way recommended by County Agents, Vocational Teachers and other authorities.

THESE THREE STEPS—WHICH YOU CAN TAKE WITH THE UTMOST CONFIDENCE THAT OUR MILL WILL ASSIST YOU IN EVERY POSSIBLE WAY IN MEETING YOUR OWN FEED REQUIREMENTS—WILL MATERIALLY HELP TO SOLVE THE FEED PROBLEM.

Bring your cottonseed to gins and the oil mill as soon as possible after picking, in order that you may secure feed as soon as possible and that other needed materials may be produced promptly for the armed forces and war industries.

**Sweetwater Cotton Oil Co.**

**Our 1943 Gin Announcement**

Our gin plant has been gone over thoroughly—not only has the machinery been cleaned and adjusted from the engine to the press room, but we have also installed a new scales system.

**-Our Same Policy-**

We will, of course, maintain our same policy of quick and efficient service, with the most courteous treatment always, to each and all alike. Our cotton production cannot yet be determined—but because of war conditions, we should, and must, all work together to make our production count for the most. Therefore we want to get the very best results possible for each patron, on every bale we gin.

**Thank You, Friends**

As the season opens, we feel we want to say, "Thank You" again to all our loyal patrons through the many years we have done your ginning, and in this feeling of appreciation every man of our force joins and also pledges the best effort possible on each bale we gin.

### BRONTE DEFENSE SHOPS AIDS COKE COUNTY FARMERS AND RANCHMEN

Do you want to help yourself? Do you want to help yourself. Many farmers and ranchmen in and around Bronte have taken advantage of the Defense Shop which is equipped with every kind of tool needed in the repair and maintenance of farm machinery, piping and other jobs needed on the farm.

H. B. Edmondson, local supervisor, urges every farmer and ranchman to keep their farm machinery repaired and to make other improvements needed during these times when farmers are not so busy. He believes that by doing these jobs now it will save many hours of valuable time later on when work is more urgent.

The courses are being taught by O. L. Pittman, an experienced and competent advisor in handling the needs of farmers and ranchmen in the shop. Some of the jobs that have been done since the course has been in operation are as follows:

1. Repair of tractors.
2. Cutting and threading pipe.
3. Repairing trailers (farm).
4. Construction of trailers.
5. All types of welding, both electric and acetylene.
6. Repair of farm implements.
7. Sharpening plow tools.
8. Making trailer hitches.
9. Building feeders, troughs,

### DON'T FORGET Your Old Boots

Don't forget to throw those old shoes and boots in when coming to San Angelo. Remember the war has caused a shortage in leather also, and you can save by having them rebuilt under factory methods at a nominal cost. We are headquarters for leather, any kind, any time.

### Mrs. John McKown Dies at Winters; Burial at Wingate

Mrs. John McKown of Oak Creek died in a Winters hospital, Wednesday night, August 11, 1943. Following religious services conducted at Winters Thursday, by Rev. Brown and Rev. A. E. Turney, the body was carried and interred in the Wingate cemetery.

The maiden name of deceased was Una Violet Wyatt. She came to Runnels county more than forty years ago. In 1903 she was married to John McKown. For many years they resided in Oak Creek community.

Deceased is survived by her husband; her son, Wyatt McKown, San Antonio; her mother, Mrs. Luke Wyatt, Midland; a brother, Arthur Wyatt and two grandchildren.

Early in life deceased became a Christian and united with the Methodist church, in which she lived and served throughout the days of her life, to her full capacity until death called her from labor to rest. Truly, a noble woman has passed.

and so forth.  
10. Building gates (steel)  
The present course now in operation is to close August 27 and efforts are being made to have another course in operation at the time this course closes. Every farmer and rancher is urged to enroll in this useful course in order that you may help yourself.

### BRONTE DEFENSE SHOPS AIDS COKE COUNTY FARMERS AND RANCHMEN

Do you want to help yourself? Do you want to help yourself. Many farmers and ranchmen in and around Bronte have taken advantage of the Defense Shop which is equipped with every kind of tool needed in the repair and maintenance of farm machinery, piping and other jobs needed on the farm.

H. B. Edmondson, local supervisor, urges every farmer and ranchman to keep their farm machinery repaired and to make other improvements needed during these times when farmers are not so busy. He believes that by doing these jobs now it will save many hours of valuable time later on when work is more urgent.

The courses are being taught by O. L. Pittman, an experienced and competent advisor in handling the needs of farmer and ranchmen in the shop. Some of the jobs that have been done since the course has been in operation are as follows:

1. Repair of tractors.
2. Cutting and threading pipe.
3. Repairing trailers (farm).
4. Construction of trailers.
5. All types of welding, both electric and acetylene.
6. Repair of farm implements.
7. Sharpening plow tools.
8. Making trailer hitches.
9. Building feeders, troughs,

#### DON'T FORGET

### Your Old Boots

Don't forget to throw those old shoes and boots in when coming to San Angelo. Remember the war has caused a shortage in leather also, and you can save by having them rebuilt under factory methods at a nominal cost. We are headquarters for leather, any kind, any time.

### Mrs. John McKown Dies at Winters; Burial at Wingate

Mrs. John McKown of Oak Creek died in a Winters hospital, Wednesday night, August 11, 1943. Following religious services conducted at Winters Thursday, by Rev. Brown and Rev. A. E. Turney, the body was carried and interred in the Wingate cemetery.

The maiden name of deceased was Una Violet Wyatt. She came to Runnels county more than forty years ago. In 1903 she was married to John McKown. For many years they resided in Oak Creek community.

Deceased is survived by her husband; her son, Wyatt McKown, San Antonio; her mother, Mrs. Luke Wyatt, Midland; a brother, Arthur Wyatt and two grandchildren.

Early in life deceased became a Christian and united with the Methodist church, in which she lived and served throughout the days of her life, to her full capacity until death called her from labor to rest. Truly, a noble woman has passed.

and so forth.

10. Building gates (steel)  
The present course now in operation is to close August 27 and efforts are being made to have another course in operation at the time this course closes.

Every farmer and rancher is urged to enroll in this useful course in order that you may help yourself.
