

THE BRONTE ENTERPRISE

VOL. 25.

BRONTE, COKE COUNTY, TEXAS, FRIDAY, OCTOBER 15, 1943.

NUMBER 41.

Deferment Restricted—

Under the terms of a bill passed unanimously by the Senate—but still to be approved by the House and the President—deferment from military service would be granted only to such draft-age government workers as are certified to Congress as "indispensable" and to industrial workers whose occupational deferments have been double-checked by two draft boards and the Selective Service director.

Light and Power for the Hill Country—

Raymond Hicks and E. L. Teel, representing the Bandera Electric Co-operative, an REA enterprise, were in Washington last week to appeal for release of materials for extension of its power lines to serve 300 additional farm and ranch families.

Armed with a well-prepared application and brief, they were able to get tentative approval for extensions to 223 new users. Still others may be added. There will be some months' delay in getting the materials.

The Bandera extension project is one of 19 pending over the nation—three of the 19 are from Texas.

The Bandera co-op now serves 1,146 homes and is one of many similar organizations making possible the electrification of farm homes, and providing valuable uses of electricity at prices the people can afford. This co-operative's area extends into rural regions of Bandera, Real, Uvalde, Medina, Kerr and Bexar Counties.

In showing the need for authorizing this project, we found that the Angora goat—today in the war with our other domestic animals—still hadn't been recognized by the WPB for calculating the number of "animal units" on a farm or ranch. I appealed to the War Food Administration to accord this recognition. The WFA now has officially recognized the Angora goat and has recommended to the WPB that it do likewise.

Wool, Mohair Perk Up—

Both wool and mohair trade prospects were looking up the first of the month. In wool, a large new order by the Quartermaster Department for military clothing, speeded up the Boston market. In Texas, mohair was just about bought up, with late sales made in the 60 and 80-cent ranges.

Visitors—

Among our Texas visitors in the office the last three weeks were: E. R. Teel and Raymond Hicks, Bandera; L. J. Alexander, Lt. C. L. Cameron, H. F. Templeton and Frank Cannon, San Angelo; Miss June Puhl, formerly of Fredericksburg; Charles E. McDonald and Bryan E. McDonald, Ozona; E. E. Woodruff, Barnhart; Earl Tate, Lone Oak; Mrs. S. B. Phillips and Lt. and Mrs. Delton S. Holcombe, San Angelo; Irvin Grumbles, San

Plans for United War Chest Drive to be Made Tonight

The United War Chest Drive in Coke Co. is to be planned and launched in Bronte tonight, for the eastern part of the county. County Judge McNeil Wylie is county chairman of the county's drive. H. A. Springer is co-chairman, for this part of the county.

The letter below to Mr. Springer from Judge Wylie explains the plan of the drive:

Robert Lee, Texas.

October 12, 1943.

Mr. H. A. Springer, Co-Chairman, Coke County, United War Chest, Bronte, Texas.

Dear Mr. Springer: Please contact Mr. R. E. Cumbie, or some other person, to work with you, secure a meeting place for Friday night, October 15 at 8 o'clock for a get-together meeting of the citizens of Coke county. This meeting should be attended by at least fifteen persons from in and around Bronte, Tennyson, Hayrick and Fort Chadbourne. I will bring some from here.

I am mailing a copy of this letter to several persons in the Bronte territory. You will please see them and insist on their coming out. We have a big job ahead to raise \$1,600, but we can and will do it. We will do it for the BOYS that are fighting that we may enjoy the peace of America.

This meeting is to lay the foundation for the organization that we will work with for the next ten days.

Thanking you, I am,
Sincerely,
McNeil Wylie,
County Chairman, United War Chest of Texas.

The following are those whom Judge Wylie requested to be present this evening, with others: B. A. Bell, Mrs. Floyd Bridges, Ben Brooks, M. A. Butler, Mr. and Mrs. I. M. Cumbie, R. E. Cumbie, Mrs. Lutie Dunn, Mrs. C. C. Glenn, Mrs. Carrie Williams, Mrs. Chas. Keeney, Mrs. Frank Keeney, S. A. Kiker, B. F. Kirk, Robt. Knierim, W. H. Maxwell, Jr., B. E. Modgling, J. M. Rippetoe, T. H. Rogge, H. O. Whitt, L. T. Youngblood, D. M. West.

A foot note to the above letter from Judge Wylie, to The Enterprise, requested that The Enterprise give all publicity possible to this very important meeting. Let those listed above make every possible effort to be present and to bring all others they can.

Mr. Springer informs The Enterprise that the meeting will be held at the Baptist church this evening, beginning at eight o'clock, and insists that everyone who can do so, be present. Indeed, this is an important meeting.

Mr. and Mrs. Carl Robinson from Little Rock, Arkansas are here on a visit with Mr. Robinson's parents, Mr. and Mrs. H. M. Robinson. Carl is in the Navy, in the transportation division. The Navy seems to agree with Carl, as he is strong and husky.

Charlie Keeney is serving as a juror in Federal Court in San Angelo this week.

Saba; Mrs. S. E. Taylor, San Angelo; Lt. Marshall Formby, McAdoo; Felix R. Keller, Bandera; and Dick Alexander, Brownwood.

Bronte F. F. A. Chapter Initiates New Members

New members of the F. F. A. were initiated into the Bronte Chapter as Green Hands Thursday night, stated H. B. Edmondson, local advisor.

Keeney Arrott, president, conducted the initiation ceremony. Fifteen new members were initiated and successful became "Green Hands." Refreshments were served after the initiation to the following boys:

Claude Ray Ash, Malcolm Brazzwell, Joe Caudle, Pete Taylor, Vernon Palmer, Leo Rogers, Theron Tidwell, Lonnie Forman, Billie King, Herb Bell, Darwin Scott, Curtis Barron, Dale Glenn, Joal Webb, Douglas Dittmore, Brady Mills, Lonnie Rogers, Jessie Ray Gaines, Cecil Coalson, Bill Simpson, Portis Robbins, Joe Weddle, Billie Thomas, Edmond Richards, Herndon McCartney, La Marr Whitt, Billie Stephenson, Leonard Heidel, Delbert Coalson, Billie Frank McCartney, Clarence Webb, Melvin James, Keeney Arrott.

Mrs. Ira Prewett returned to her home at Ralls, Wednesday, after a visit of some days with her parents, Mr. and Mrs. W. H. Mackey.

Mr. and Mrs. A. J. Calloway of Odessa are visiting relatives and friends at Fort Chadbourne and Bronte.

Pair suede Foot Saver shoes; size 7 AA last; have been worn only a few times.
Mrs. Minnie B. West.

Singing at Fort Chadbourne, Well Attended, Sunday

The singing at Fort Chadbourne Sunday afternoon was a happy occasion—happy in spirit; happy in sentiment; happy in fellowship. Notwithstanding the war torn condition of the world and the tragedy and sorrow everywhere, the people seemed to be drawn closer to each other. There was a good attendance and the singing was spirited and inspiring. The people "had a mind to sing."

Elder W. A. Hayhurst, minister of the Church of Christ from Wingate made an inspirational talk, briefly, on "Things That Do Not Change," which was enjoyed by all present.

It was voted to repeat the singing again in a short time.

"Normal Home Life," Discussed By Miss Emitt

The Bronte Parent-Teachers Association met Tuesday, October 12. Miss Nell Lowry was leader. Miss Lowry read the President's Message.

"Freedom of Normal Home Life" was interestingly discussed by Miss Emitt.

The birthday offering was \$1.65.

Motion was passed for the PTA to pay for the material purchased by Miss Lowry for the 1st grade.

14 Coke 4-H Club Boys Have Exhibits, Sears' Show, Today

Things among the 4-H Club boys of Coke county are "lively" today—and have been that way for some time. The main reason is that 14 of the county's 4-H boys will have exhibits at the Sears, Roebuck and Company's Registered Hog Show at San Angelo today.

Last May in the distribution of several hundred pigs to a number of boys in the eight counties in the San Angelo area, 14 Coke boys were among the fortunate ones to get pigs.

Today the winners of pigs in the spring, return to San Angelo to "show" an accounting as to the way they have handled the "trust" committed to them, in the form of pigs.

So, believe us, when we state that there is going to be a show worth while—not of the pigs brought to Coke county last May, but gilts, fine, fat and large, on which, of course The Enterprise expects the boys to make many winnings today.

County Agent Travis B. Hicks advises The Enterprise that the 14 boys have all done their best with their pigs and he believes they will make satisfactory showings.

The Enterprise has not been able to get the names of the boys in western Coke. But, from Bronte and Tennyson, chaperoned by Prof. R. B. Edmondson, ag teacher in the Bronte schools, there will be a goodly number in attendance. There will be six

Bronte. They are Jr. Webb and James Lee Brown, both of Tennyson; Don Daniels, Lonnie Forman, Billie Charles Simpson, and Theron Tidwell of Bronte.

Following the judging at San Angelo, which begins this morning at 9 o'clock, Sears will be host at luncheon to all the exhibitors and their parents at the San Angelus hotel.

The prizes to be awarded to the winners by Sears are as follows:

1st prize, in all the counties, 2 Rambouillet ewes.

2nd prize, in all the counties, 100 baby chicks.

3rd prize, in all the counties, 75 baby chicks.

4th prize and on to the 14th prize, 50 baby chicks to each winner. Grand champion in all the counties, will be \$10 in merchandise by Sears.

There are only two 4-H Clubs in Coke county—Robert Lee and Bronte. There are 67 4-H Club boys in the eastern part of the county.

County Agent Hicks and the two ag teachers in the county: D. B. Collinsworth of the Robert Lee schools, and H. B. Edmondson of the Bronte schools, are working together earnestly to make Coke county's showings and representation of its people the best possible. Sears has an invitation in this issue of The Enterprise to everybody to attend the show today—and in this invitation the county agent and ag teachers of the county, not only join, but insist that far as possible the people attend.

Indeed, as The Enterprise has said in these columns before, this is a great thing Sears is doing for West Texas, in developing deeper interest in stock-raising, giving emphasis to purebred stock.

Mrs. W. H. Maxwell is visiting her daughter, Mrs. Ruth Barr and Mr. Barr, at Paint Rock.

MATERNAL DEATH RATES IN TEXAS, TOO HIGH, SAYS HEALTH OFFICER

Austin, Texas, October 14.—“Despite the development of scientific procedures that definitely reduce the hazards of child-bearing, maternal deaths in this country continue to remain much too high,” Dr. Cox said today in a statement on maternal and child health in Texas. “For example, during 1942 there were 194 deaths from this cause reported to the State Health Department as having occurred in Texas alone. A review of these deaths shows that many of them were preventable. This is a tragedy which should be corrected.”

It is an encouraging fact, however, Dr. Cox said, that during the last 10 years the ratio of

AIR FORCE NEEDS MORE LOCAL GIRLS

More Wacs Wanted to Serve at Army Air Bases

Sweetwater, Texas, October 14, 1943.

The Bronte Enterprise, Bronte, Texas.

Many Army Air Force Ground jobs can be taken over by women in this vicinity who enlist in the Women's Army Corps, Lt. Patricia Nicolai, WAC recruiter headquartered in the Municipal Building, Sweetwater, pointed out today.

Asserting that the Air Force can use almost unlimited numbers of trained women, Lt. Nico-

maternal deaths to the number of live births in Texas has dropped from 7.6 to 3.8. This shows a marked progress in the prevention of maternal deaths consistently maintained in recent years. In actual figures, during 1942 there were 132,175 live births in the State with 494 maternal deaths while in 1933 a total of 103,806 live births resulted in 835 maternal deaths.

“A factor in keeping our maternal death rate at its present level is the failure of prospective mothers to realize their greater safety in placing themselves under the continuous supervision of a good physician throughout pregnancy,” Dr. Cox said. “The value of this type of care cannot be over estimated. Until this attitude on the part of the expectant mothers is changed, maternal deaths will not reach the minimum which today is possible. In short, the individual has a definite responsibility to secure for herself that high professional care which is today available.”

HOW TO BUY YOUR BABY CHICKS

Rush business that hatcheries had last season will probably be repeated this coming season, reported R. B. Edmondson, Agriculture teacher. To avoid difficulty in securing the number and quality of chicks desired, the poultryman should make his orders as far ahead of delivery date as possible.

First buy chicks as close to home as possible. If the kind or breed of chicks wanted cannot be secured in this locality, try not to go outside the state to make the purchase. The kind of poultry that will do best on the farms in this area can be found in Texas, continued Mr. Edmondson.

Some causes for baby chick losses can be completely eliminated by proper buying. For example, no chicks should be lost from pullorum disease. Chicks should be bought from flocks that have been properly tested for this disease under an effective private testing program or under the National Poultry Improvement plan.

Before making an order a few precautions that may largely determine the success of a proposed poultry enterprise should be observed very carefully, said Mr. Edmondson.

Most Hatcheries have strict minimum qualifications that they meet before chickens are sold. Nevertheless, a buyer should check his source of chicks closely in order to insure the delivery of quality birds. If a buyer has no means of making a check on the sources that provide the particular kind of fowl he wants, he might want to order from hatcheries that are in the Poultry Improvement Plan program since these businesses are regularly checked by a State Inspector.

The items for which a hatch-

er said that Communications, Weather, Photography, Mechanics, Instruction and other duties can be handled by women to keep Air Force men in flying occupations.

“Training of varied types is given free those selected for Air Force duty,” she said.

“Jobs that Wacs can fill at Army Air Bases include those of Link Trainer instructors in instrument flying, mechanics, Weather observers, aerial photographers and technicians, control tower workers, and administrative assistants. I urge women of this vicinity to write to our office for an interview today. Vital jobs in the Wac need them now!”

Patricia Nicolai,

ery or breeder should be checked, states Mr. Edmondson, include freedom from pullorum disease, the production of the flock, the weight of the eggs, size of the hens, breeding characteristics of the hens, and if possible, the performance of some birds previously bought from that source.

SEVENTEEN YEAR OLD MEN QUICK TO LEARN

In recent aviation cadet procurement campaigns an ever increasing enthusiasm has been among 17 year old high school students for flying or other types of air crew training, according to Lieutenant Colonel Marvin B. Durette, commander of the West Texas Recruiting and Induction District.

Colonel Durette states that it has been generally proven that younger boys, while still students in high schools, have greater aptitude toward qualifying as aviation cadets than some of the older boys who have been away from their studies for quite some time.

It is the opinion of many of the flying personnel that young

men going into air crew training immediately after graduation from high school do not have time to lose their ability to study; therefore, their ability to grasp problems confronting cadets is much better than the older men who have had time to lose a great deal of their ability to study.

Army officials state that thousands of young men are needed to man the ever increasing number of planes turned out by American production. In a recent press release it was pointed out that 10,000 planes of one type alone have been produced since America's all out war effort. Trained crew members must be trained to put these planes into battle.

Young men interested in securing full particulars on aviation cadet training should contact the U. S. Army Recruiting Office in Lubbock, or the Cadet Examining Board at the nearest U. S. Army Air Field.

Edward Cumbe had a week end furlough at home with his parents, Mr. and Mrs. R. E. Cumbe. Edward is at Camp Wolters, Mineral Wells.

ONLY the New Ford Tractor
has the
MONEY SAVING
FERGUSON
SYSTEM

COSTS LESS TO BUY!

Because of the exclusive Ferguson System, the new Ford Tractor does not require excess built-in weight. Vital materials are saved for our war industries. The cost of the tractor is substantially

less than for heavier units of similar capacity. This saving is passed along to you.

COSTS LESS TO RUN!

Why burn fuel to push dead weight through the field or over roads? The less dead weight, the less fuel is required. The new Ford Tractor saves fuel on light work such as cultivating, hauling, putting up hay. But because of the Ferguson System, it develops ample traction to pull the two-bottom 14" Ferguson Plow in all average soils.

LOCAL MAN BUYS REGISTERED JERSEY

To The Enterprise:

New York, N. Y.—A registered Jersey bull has been purchased by James Lee of Bronte from Mrs. E. Seipp of Maverick. The name of the animal is F. Blonde, pioneer 433806.

The whereabouts of all registered Jerseys is known and carefully watched over by The American Jersey Cattle Club, offices in New York City. This important job is made possible through registrations and transfers made by Jersey Breeders everywhere. Tattoo identification, somewhat similar to fingerprinting, keeps individuals of this dairy breed always known.

Jerseys make up 42 percent of all dairy cows in the United States. Because they produce the world's richest milk, and the cause there are more Jerseys than any other breed in America, their lot in National Defense is an important one. Increased production of Jersey milk guarantees the protective food needs of here and abroad.

Mr. and Mrs. B. F. Timmins returned from Dublin Monday night where they were called last week on account of the serious illness of Mr. Timmins' brother. The brother was somewhat improved when they started for home.

NATIONAL DEFENSE SHOP TO OPEN OCTOBER 18

Information has been received relative to the opening of the Farm Shop, Monday, October 18. The shop is under the supervision of H. B. Edmondson, Vocational Agriculture Teacher, and the courses are to be taught by O. L. Pittman, local mechanic.

It is planned that the shop be opened every week day nights, Monday through Friday, from 8 to 11 o'clock. Mr. Edmondson states that this is an excellent opportunity for farmers and ranchmen to do their own work with the very best of tools free, provided they enroll in the classes and attend at least 40 per cent of the meetings.

Farmers and ranchmen of Bronte and surrounding communities have saved hundreds of dollars by taking advantage of this opportunity while gaining valuable experience.

GOVERNOR STEVENSON OPENS WAR CHEST DRIVE IN TEXAS

Austin, Texas, October 14.—"I am sure of the generosity of Texans on the home front as I am of the bravery of the Texans on the battlefield," Governor Coke R. Stevenson said here Sunday night in opening the county war fund campaigns of the United War Chest of Texas with an appeal over more than fifty radio stations.

Governor Stevenson, honorary chairman of the state war chest, and George A. Butler, president and campaign chairman, called on the people of Texas to subscribe nearly \$5,000,000 to USO, United Seamen's Service, War Prisoner Aid and the fourteen other agencies of the National War Fund.

"Texas men are on every war front today," Governor Stevenson said. "The Texas spirit is being appraised the world around. Its a fighting spirit and a generous spirit. Texans know how to fight for what they believe in and how to give when the cause is just."

"Texans at home are no less a part of the struggle than the men who have gone out from Texas, and the best way to share in the victory to come is by doing the job that keeps our fighting men supplied with the tools of war."

"Texans," the governor said, "will meet this necessary goal of the United War Chest of Texas. They will join me in saying, 'Sure, I'll Take A Texan's Share!'"

Miss Ruby Dean Mitchell was shopping in San Angelo Monday.

**Terracing Exhibit
Will be Made in
the Bronte Area**

The San Angelo Tractor & Implement Company, which is owned and managed by L. W. Mills, is going to give a terracing demonstration in the Bronte area—likely at some place between Bronte and Robert Lee—in the near future.

The San Angelo Tractor & Implement Company is authorized dealer for Ford tractors with the Ferguson System of farming implements. Everybody knows about Ford tractors. And with the Ferguson System of farm implements, it does seem, that Mr. Mills and his Company have about the last word in simplicity and efficiency.

In the implement department of the tractor company, they have terracing equipment that simply is remarkable, and Mr. Mills desires to come into Coke county and let the farmers and ranchmen see for themselves just what he can do with his tractor and terracing equipment.

Watch The Enterprise for the announcement relative to this important demonstration, and don't fail to attend—it will be to your interest, if you are a farmer or ranchman. Especially should this be of interest, as the government has decided to continue the soil conservation program.

**HONOREE AT HER
5TH BIRTHDAY PARTY**

Mrs. Hiram Brock was hostess at a birthday party at her home, Saturday afternoon, honoring little Mins Jean Timmins, daughter of Mr. and Mrs. B. F. Timmins, who was eight years old, October 8.

Mrs. Timmins, whose home is four miles east of Bronte, had planned the party for her little daughter at the home of Mrs. Brock, but Friday afternoon, Mr. Timmins and Mrs. Timmins were called to Dublin on account of the serious illness of a brother of Mr. Timmins. Therefore, she arranged with Mrs. Brock to carry out the party plans and be hostess to the little honoree and her invited guests.

Games were played. And after the gifts to the little honoree had been admired cake and cookies and ice cream were served.

The guests were: Shirley Ann West, Johnny Smith, Winnie Carolyn Gentry, Patsy Brock, R. J. Millican, Bobby Glen Brock, Joe Dell Walton, James Dale Luckett and Ellen Carrol Brock.

Mr. and Mrs. J. B. Mackey and baby departed Wednesday for Childress where Mr. Mackey is in the service, being in the Quartermaster's department.

Hagelstein Monument Co., San Angelo, erects your monuments promptly. Avoid disappointment. See what you buy. 21tf.

Local and Long Distance lines are becoming more congested every day. We cannot add to present facilities because the needed materials are being used in the manufacture of war weapons. You can improve present service by making your conversations brief and avoiding unnecessary calls to Washington, Chicago, Detroit and other war centers. However, Long Distance lines to nearby communities are open as before.
