Park has been a Jap prisoner and has spent considerable time behind the Jap lines in the capacity of interpreter. All are cordially invited and urged to attend this service.

Everybody WELCOME

"Food Fights For Freedom," Urged by Modern-Way Groc'ry

The National War Food Administration, Marvin Jones, Administrator, has designated November as "Food Fights For Freedom" month.

A nation-wide program is being promulgated. The Administration has made a special appeal to country weekly newspapers, to be active in this vital matter, and has sent advertising matter to the weeklies, insisting that they get retail food dealers and others, to sponsor the ads the Administration has sent out.

Modern-Way Grocery, San Angelo, Pat Bunnell, owner and manager, which is one of the largest and best operated food stores in all this part of West Texas, comes this week, with the "Food Quiz," the Government has sent out. This Quiz fills a page, and it is your patriotic duty to turn right now and read the Quiz and see how many of the questions you can answer. It asks ten very vital questions relative to food and asks that you take the questions one by one and see how many of

them you can answer.

Folks, food is vital and is an outstanding essential to victory.

Turn and read the page on the Food Quiz by your Government, and is made possible for you to have same in readable form thru the patriotic interest of Modern-Way. This mammoth and popular food house will have the thanks of all our readers for this Quiz which involves the very life and death of our American freedom. And Modern-Way is doing its best every day to aid in the food situation by buying the best foods at the established prices and selling to their customers at the lowest prices possible. No question but that wholesome food conserves health—and that, too, is an important matter.

Miss Annie Larkin returned Thursday from El Paso where she visited her sister and husband, Mr. and Mrs. J. W. Carter. While there she went a cross and spent a day in Old Mexico which she very much enjoyed.

Mrs. Floyd Modgling suffered a broken lower limb last week, from being struck accidentally by a car. She is doing well as could be expected, according to last reports.

THEY'RE REALLY BUSY AT ROBERT LEE

The Enterprise has known for some time that they are really a busy people at Robert Lee. But, we were not prepared to believe they were quite so busy until the following story got to us, by—we will say via "the grapevine route," but nevertheless true:

One of the teachers in the Robert Lee school, somewhere about the third grade, had a boy in the class, whom the teacher recognized as having a bright mind, as he always did his work well. But, one thing the lad always did was to begin his name with a small letter. So on this occasion, the teacher said to him kindly:

"Junior, this is excellent work, but you begin your name with a small letter."

"Well, teacher," said the third-grader, promptly, "I tell you, I simply was too busy to take time to spell my name with a big letter."

We are not advised, but we daresay the boy "made the grade"—and some day, he will "sit in the seats of the mighty."

Eighth Graders Entertain PTA with a Playlet

The Bronte PTA met November 9, 1943, in the school auditorium.

Superintendent B. F. Kirk was the leader.

The 8th grade gave a play, entitled: "A Mail Order Wife."

The subject of the program was "Freedom In Learning." The speaker was Miss Gladys Lehman.

Mrs. Arrott called a short business session.

The president appointed as a budget committee: Mrs. Arrott, Mrs. McQueen and Mr. Kirk.

A motion was passed to present Mrs. Floyd Modgling either a gift or some flowers.

The meeting closed with the audience giving the objects.

The cast for the playlet by the 8th grade is as follows:

Henry Hopkins Bobbie Edmiaston.

Joe Hopkins Billie Bob Herron.

Jim Bedlow Dolan Mackey.

Mrs. Tucker the first Mrs. Tucker the second

..... Ida Lou Modgling.

Susan Whizer hunt Minnie Westbrook.

Cowboys Other 8th grade boys.

Rev. Brown Glenn McMillan.

Memories

By SGT. G. O. HANSON

Forget not the place where they perished!—
The truest, the bravest of the brave—
All gone and the bright hopes they cherished,
Gone with them, and quenched in the grave.

Oh, could they from death but recover—
Those boys as they were before,
In the face of high Heaven to fight over,
The fight that they fought, once more!

Could the chain for a moment be broken,
Which Tyranny flung 'round them then,
—No! 'tis not in man nor in Heaven,
To let Tyranny bind them again!

But, 'tis past, and though blazened in story,
The names of those boys may be;
Accursed in the march of that glory,
Which treads o'er the hearts of the free!

The soldier's hope, the patriot's zeal!
Forever dimmed, forever crossed—
Oh! who can say what those boys feel,
When all are dead, but their souls and honor's never lost.

The last sad hour of freedom's dream,
Was moving slowly by;
And bravely they watched till morning's beam,
Should rise and give them life, to die.

There's yet a world where souls are free;
Where freedom and peace will reign—
If death that world's bright op'ning be,
Then, those boys will not have died in vain.

A note attached to the above verses from Sgt. Hanson, to his father, Rev. A. Hanson, asked that the verses be printed in The Enterprise in memory of the boys of the 69th Service Squadron who were killed in action, in "the Southwest Pacific." Sgt. Hanson was with this squadron in training at San Antonio and other training centers throughout the country, before going overseas.

COKE EXCEEDS ITS WAR CHEST QUOTA 25 PER CT.; JUDGE WYLIE GRATEFUL

County Judge McNeil Wylie, who is county chairman of the War Chest Fund drive, writes The Enterprise as follows:

As of November 8, Coke county's percentage of our County quota for the United War Chest Fund was 125 per cent. Let us make it 150 percent and keep Coke County at the top of the list of Region 15, where it now stands.

At this time I wish to thank all who have taken an active part in this campaign and to urge all who have not given to the fund, not to wait for some one to come to you, but go to one of the workers and give according to your means.

Thanks again to all of you.
Sincerely,
McNeil Wylie,
County Chairman, United War Chest Fund.

HIS BROTHER DIES

D. Larkin, and Mrs. Tom Williams, and Mr. and Mrs. Tom Jackson of San Angelo, returned Saturday from Pannetta, where they went to attend the funeral of Mr. Larkin's brother, W. T. Larkin. Deceased resided at Tennyson with his brother D and family several years ago and is remembered here by the old timers.

Other members of the Larkin family from Fort Worth and Lubbock attended the funeral. Deceased died November 4 and was buried November 5.

Cowgirls Other 8th grade girls.

New Advertiser In The Enterprise; Their 2nd Birthday

In this issue our readers will see the name of a new business, far as its having ever appeared in our columns as a bidder for the patronage of our readers.

Reference is made to Barbee's, San Angelo. A. R. Barbee is the owner and manager of this new and growing department store. Mr. Barbee is no "new comer" in West Texas. For more than twenty years he was engaged in another line of business in San Angelo. He is a West Texan and speaks the language of West Texans.

Barbee's is celebrating their 2nd anniversary this week. And things "are humming" in the store. He is making some remarkably low prices on down-to-the-minute merchandise—merchandise you need now—today.

Visit Barbee's. You will find such genial atmosphere you will be glad you went. Barbee's invites one and all to visit them any time when in San Angelo. Read the ad of Barbee's and see for yourself that the prices are very low.

Dean Morrow who was in the service in California, has returned home with an honorable discharge. Dean was discharged because of his physical condition.

Mac Rippetoe is in a hospital in San Angelo, taking treatment.

APPLICATIONS URGED
EARLY FOR DAIRY
FEED PAYMENTS

Coke County milk producers who sold milk, cream, and butter during October, 1943, are urged to make application for payment as soon as possible to the County AAA Committee, according to R. B. Allen, Chairman of the Coke County A. A. A. Committee.

Applications for October sales

Jno. W. Norman
ATTORNEY AT LAW
BRONTE TEXAS

POULTRY RAISERS, ARE YOU GETTING BEST RESULTS FROM AVAILABLE FEEDS?

One of the surest ways poultry producers can make the best use of available feed supplies is to cull all non-layers and low producers from the flock says H. B. Edmondson, agriculture teacher.

"With feed supplies short, rigid culling of the flocks is more important than ever before," Mr. Edmondson said. "By removing the low producing and unprofitable birds, the owner will have relatively more feed for the higher producing hens and in this way can get more

must be made prior to December 1, 1943. The payment for November and December sales will be made early in January. Payments of less than \$1.00 will not be made at this time, an application may be filed for this small payment in January.

All applicants are urged to substantiate their claim with receipts.

eggs from his feed supply. "To get rid of poor layers, first remove all birds that are sick or otherwise unsound. A cripple or weak hen will not pay, and eventually come down with a disease. It is important, therefore, to remove all birds that are sick or lame, decidedly underweight or undersized, or that have deformities or weaknesses of their backs, legs, breast or wings.

"Good culling also calls for removing all mature hens that are yellow legged and fat. Vigorous birds with red combs and wattles, bleached beak and legs, and a thin, pliable abdomen, are usually in production."

In culling cautioned Edmondson, consideration should be given to whether or not the birds have had a fair chance to lay. Low production may be caused by improper feeding, crowded unsanitary conditions, lice, mites, or intestinal worms.

Ability to cull is easily acquired, but is best learned thru actual handling of birds under experienced guidance. Poultry owners who cannot cull satisfactorily should call upon some neighbor or other experienced person to help them get the needed skill.

Why are we helping feed our Allies? <input type="checkbox"/>	6. Will our food situation get better as we win more victories? <input type="checkbox"/>
7. Is rationing necessary? <input type="checkbox"/>	8. How can food prices be kept down? <input type="checkbox"/>				
9. Who wastes the most food? <input type="checkbox"/>	10. Are American civilian families going to get enough to eat? <input type="checkbox"/>				

Can you score 100 on this Food Quiz?

These are important food questions of the hour. How many can you answer? Give yourself 10 for each one you get right. Check yourself against the facts below . . . facts straight from the War Food Administration.

No. 1: The Answer . . .
 We are producing more food than ever before in history. Despite shortcomings in manpower and machinery and weather handicaps—the American farmer is doing a miraculous job these days. He broke the U.S. record in 1940 . . . beat that in '41 and beat that too in '42. For 1943 he's topping all records again!

No. 2: The Answer . . .
 Despite record food production, we can't have all we want of what we want for the simple reason that **THE DEMAND FOR OUR FOOD FAR EXCEEDS THE SUPPLY.** That greatly increased demand has been created by (1) the needs of food for direct war purposes, (2) the tremendous boost in civilian purchasing power.

No. 3: The Answer . . .
 We American civilians are getting the bulk of our total food production—actually 75% of it for the next twelve months! This is as much food as we had in prewar years. The remainder is divided this way: 13% to the Army and

Navy . . . 10% to our fighting Allies (Lend-Lease, etc.) . . . 2% to our territories (Puerto Rico, the Hawaiian Islands, Alaska) and to friendly countries to maintain our normal trade relations.

No. 4: The Answer . . .
 To be certain that the right food will always be available at the right time, our armed forces require at least a 90-day supply for men quartered in this country . . . a 9-month supply for each man overseas.

No. 5: The Answer . . .
 Geographical position of the U.S. assures speedy transportation to battle fronts. Our space and soil enable us to provide what other nations can't. It would be shortsighted and poor strategy not to send food to our Allies (the English and Russians). It is food they sorely need to give them an extra "fighting edge" . . . to help them knock more of the enemy out of the war.

No. 6: The Answer . . .
 When our armies win a victory, there'll be less of some foods at home—not more.

The people we free from the Axis yoke **must be fed** and helped to feed themselves so that they may become active Allies, fighting side by side with us.

No. 7: The Answer . . .
 Rationing is necessary—to see to it that everyone gets an opportunity to obtain his fair share of some of our most popular foods, among them foods that are vital for proper health. Without rationing, it would always be a case of who gets to the store first!

No. 8: The Answer . . .
 The **ONLY** way food prices can be kept down is this way—by your complete and conscientious cooperation. Your Government has established top legal prices on food. The rest is up to you and every other American! Look for official prices posted in your store or Ration Board or published in this newspaper. Learn what these top legal prices are and **never pay more!**

No. 9: The Answer . . .
WE, THE AMERICAN CIVILIANS annually waste almost enough food to feed our armed forces at home and abroad! The armed forces are working to reduce food waste to an unprecedented low, through better meal planning and education. So can we at home.

No. 10: The Answer . . .
 Your Government promises that under no circumstances will the food supply be divided in such a way that American civilians will be deprived of Basic Food Requirements. **YOU** have a positive part in the wartime food program. You and the 130,000,000 others who are America. You can insure your share, your family's share and

help increase the total supply. **YOU** can make food fight for freedom . . .

Here's How:

PRODUCE FOOD, where and when you can. Farmers are urged to meet farm goals. City families are urged to plan a bigger Victory Garden, to help out on a farm or in a food processing plant if possible.

CONSERVE FOOD. Can and preserve food. Cut waste. Stretch your food supply by substituting plentiful for scarce foods. Balance your meals for good nutrition.

SHARE FOOD. Put the war's food demands first. Share the supplies willingly with your armed forces, your Allies, your neighbors.

PLAY SQUARE WITH FOOD. Accept no rationed foods without giving up ration stamps. Pay no more than top legal prices under any circumstances.

Can you score 100 on this Food Quiz?

These are important food questions of the hour. How many can you answer? Give yourself 10 for each one you get right. Check yourself against the facts below . . . facts straight from the War Food Administration.

No. 1: The Answer . . .

We are producing more food than ever before in history.

Despite shortcomings in manpower and machinery and weather handicaps—the American farmer is doing a miraculous job these days.

He broke the U.S. record in 1940 . . . beat that in '41 and beat that too in '42. For 1943 he's topping all records again!

No. 2: The Answer . . .

Despite record food production, we can't have all we want of what we want for the simple reason that THE DEMAND FOR OUR FOOD FAR EXCEEDS THE SUPPLY. That greatly increased demand has been created by (1) the needs of food for direct war purposes, (2) the tremendous boost in civilian purchasing power.

No. 3: The Answer . . .

We American civilians are getting the bulk of our total food production—actually 75% of it for the next twelve months! This is as much food as we had in prewar years. The remainder is divided this way: 13% to the Army and

Navy . . . 10% to our fighting Allies (Lend-Lease, etc.) . . . 2% to our territories (Puerto Rico, the Hawaiian Islands, Alaska) and to friendly countries to maintain our normal trade relations.

No. 4: The Answer . . .

To be certain that the right food will always be available at the right time, our armed forces require at least a 90-day supply for men quartered in this country . . . a 9-month supply for each man overseas.

No. 5: The Answer . . .

Geographical position of the U.S. assures speedy transportation to battle fronts. Our space and soil enable us to provide what other nations can't.

It would be shortsighted and poor strategy not to send food to our Allies (the English and Russians). It is food they sorely need to give them an extra "fighting edge" . . . to help them knock more of the enemy out of the war.

No. 6: The Answer . . .

When our armies win a victory, there'll be less of some foods at home—not more.

The people we free from the Axis yoke must be fed and helped to feed themselves so that they may become active Allies, fighting side by side with us.

No. 7: The Answer . . .

Rationing is necessary—to see to it that everyone gets an opportunity to obtain his fair share of some of our most popular foods, among them foods that are vital for proper health. Without rationing, it would always be a case of who gets to the store first!

No. 8: The Answer . . .

The ONLY way food prices can be kept down is this way—by your complete and conscientious cooperation.

Your Government has established top legal prices on food. The rest is up to you and every other American! Look for official prices posted in your store or Ration Board or published in this newspaper. Learn what these top legal prices are and never pay more!

No. 9: The Answer . . .

WE, THE AMERICAN CIVILIANS annually waste almost enough food to feed our armed forces at home and abroad! The armed forces are working to reduce food waste to an unprecedented low, through better meal planning and education. So can we at home.

No. 10: The Answer . . .

Your Government promises that under no circumstances will the food supply be divided in such a way that American civilians will be deprived of Basic Food Requirements.

YOU have a positive part in the wartime food program. You and the 130,000,000 others who are America. You can insure your share, your family's share and

help increase the total supply. YOU can make food fight for freedom . . .

Here's How:

PRODUCE FOOD. where and when you can. Farmers are urged to meet farm goals. City families are urged to plan a bigger Victory Garden, to help out on a farm or in a food processing plant if possible.

CONSERVE FOOD. Can and preserve food. Cut waste. Stretch your food supply by substituting plentiful for scarce foods. Balance your meals for good nutrition.

SHARE FOOD. Put the war's food demands first. Share the supplies willingly with your armed forces, your Allies, your neighbors.

PLAY SQUARE WITH FOOD. Accept no rationed foods without giving up ration stamps. Pay no more than top legal prices under any circumstances.

FARMERS AND RANCHERS TO ELECT THEIR AAA COMMITTEEMEN

1944 AAA Committeemen will be elected Thursday, November 18, 1943, for the three communities in Coke County, according to Christine G. Roach, Administrative Officer of Coke County A. C. A.

The Bronte Community, which includes the east portion of the county (Olga, Ft. Chadbourne, Juniper, Tennyson and the east part of Hayrick) will hold their election at the Bronte High School at 8 P.M. D. K. Glenn, chairman of the 1943 community committee will be chairman of the meeting, Mrs. Roach said.

All farmers and ranchmen are urged to attend and elect suitable and reliable men to the committee, as the committeemen will have added duties in 1944.

A delegate will also be elected, who will meet with the delegates from the other two communities to select the county committeemen at a later date.

WE'RE CELEBRATING OUR

2ND

It's been just two years since we opened our store. In spite of the hectic wartime situation we feel proud of the progress our business has made during this short period. We believe we've made a lot of friends, and have gradually expanded our stock to a very complete selection of quality merchandise. To show our appreciation we are offering some very special values.

Help Produce Feed For Victory

ATTENTION FARMERS

We Have Jobs For You

If You're Through with Your Crop

Due to the critical labor shortage, Our Oil Mill is at present only running 12 hours per day. We have accumulated several thousand tons of cotton seed, and wish to secure enough labor to assist us in processing these cotton seed into oil, meal and cake, which as you know are desperately needed by farmers and stockmen.

WE ARE OFFERING THE FARMERS WHO HAVE FINISHED HARVESTING THEIR CROPS AN OPPORTUNITY FOR EXTRA WORK. THE RATE OF PAY WILL BE \$5.40 FOR 12 HOURS WORK.

No Change In Your Draft Status

An agreement has been made between the United States Employment service and the Nolan County Draft Board—whereby Farmers of this area having agricultural classifications, may work in this ESSENTIAL INDUSTRY WITHOUT CHANGING THEIR DRAFT STATUS.

Help Yourself and Help Your Country

By going to work for us, at this critical time, you can make some ready cash for yourself, and help the mill produce a greatly needed feed, which will in turn relieve the farmer and ranchmen who are your neighbors.

Apply At Once

IF YOU ARE IN NOLAN COUNTY AND OF DRAFT AGE . . . APPLY TO THE U. S. EMPLOYMENT SERVICE IN THE BLUE BONNET HOTEL. THEY WILL FIX UP YOUR OCCUPATION PERMIT. THOSE WHO ARE NOT SUBJECT TO DRAFT CAN APPLY DIRECT AT THE MILL.

If you are not in Nolan County, see the draft board of your county and get their assent to your taking a job with us under the above conditions set out in this ad.
