

THE BRONTE ENTERPRISE

VOLUME XXVI.

BRONTE, COKE COUNTY, TEXAS, FRIDAY, JUNE 2, 1944.

NUMBER 23.

Seeks Acreage At Tennyson For Oil Well Test

W. W. Webb of Merkel, oil well contractor and driller, was in Bronte Wednesday returning to his home, from Robert Lee where he had just completed a block of acreage for an oil well test in that section of the county.

The location of the well has been made and is about ten miles southwest of Robert Lee. Mr. Webb stated that the surface structure was most encouraging.

Mr. Webb will return to Bronte next week and will seek a block of acreage between Tennyson and Orient. He stated to The Enterprise that surface indications in that section of Coke county are about the best he has ever seen anywhere. And Mr. Webb seems to have almost super power for spotting oil from surface indications. As evidence of that fact Mr. Webb showed the editor the following letter with reference to what he has done in that matter, from A. M. Wimberly of Abilene:

To whom this concerns:
About a year and a half ago before the first well was drilled opening the Wimberly pool in Jones county, Texas, I took Mr. W. W. Webb, better known as Bill Webb among the oil men, to my farm.

He advised me that there was oil under my farm and told me the trend it would take when drilled. It has turned out exactly as he told me and I have now sixteen producing wells on my farm.

(Signed)
A. M. Wimberly.

The Enterprise again expresses the hope that Mr. Webb may meet with encouragement from each and all, that we may at last get a final test as to our oil and gas possibilities in the county.

Taylor Emerson who was treated in a San Angelo hospital first of the week, has returned home, where he is being given medical care for a fever that has persisted for some days.

I. E. Lloyd is out again after being laid up for a few days from a stroke he suffered on the streets Monday.

LAMARR CHAPMAN PROMOTED TO TECH SGT. AT CAMP CROWDER

Editor, Bronte Enterprise, Bronte, Texas.

Lamarr Chapman has recently been promoted to Technical Sergeant at the Central Signal Corps Unit Training Center, Camp Crowder, Missouri.

Previous to his induction in the Armed Forces T-Sgt. Chapman was Instructor of Music at Sul Ross State Teachers College. He is now Sergeant Major at the Unit Training Center Headquarters.

T-Sgt. Chapman is the son of Mr. and Mrs. O. W. Chapman. He is a graduate of Bronte High School and North Texas State Teachers College. He has a brother in the service, Pfc. Jack, Air Corps, Clovis, New Mexico.

WILL CRESAP'S BROTHER KILLED NEAR EL PASO

Mr. and Mrs. Will Cresap of Hayrick departed Thursday afternoon in response to a message advising of the death of Mr. Cresap's brother, somewhere in the El Paso section of country.

The dead man was a deputy sheriff at El Paso and rumor on the streets of Bronte but was indicated that he was killed by a soldier the officer had under arrest.

L. W. Beaty who has been in a hospital at San Angelo for several days is reported as improved. Mr. Beaty was stricken on the streets of Bronte but was rushed to the hospital.

C.C. Holder has bought himself and family another year's worth of "mighty fine reading," (we think)—he renewed his Enterprise, for which he has our thanks.

Mrs. Alto Lee, Of Maverick, Dies, Interment at Bronte

Mrs. Alto Lee, a resident of Maverick for many years, died Wednesday afternoon at the Bailey clinic in Ballinger, following a few days of serious illness, although she had been a sufferer for a long time from lingering illness.

Interment was in Fairview cemetery at Bronte following religious services at the Maverick Baptist church, Thursday afternoon, conducted by Rev. J. E. Eldridge of Sonora. Agnew funeral home of Ballinger was in charge.

Deceased was a member of one of the old time pioneer families of Bronte and Maverick. Her family resided at Bronte for a number of years, then moved to western Runnels county more than a third of a century ago—she was the daughter of the late R. S. Bowden and Mrs. Bowden who now resides in Ballinger.

Besides her husband and mother, deceased is survived by the following: one son, Erwin Lee, Maverick; one daughter, Mrs. Terry Hardy, Maverick; four stepsons, T. J. and A. C. Lee, Maverick; Wilton Lee, Anton; and Lorenza Lee, Whitfield; a stepdaughter, Mrs. Ord-dis Burson, San Angelo; seven brothers, three sisters and 13 grandchildren.

HERMAN KIRCHMAN ACCIDENTALLY KILLED IN CAR WRECK

Mr. and Mrs. Robt. Kirchman, Mrs. Nancy McCaleb, J. M. Kirchman, Mrs. C. R. Kirchman and Mr. and Mrs. Barney Payne of San Angelo returned Wednesday night from Luling where they went Saturday upon information that Herman Kirchman of Kenedy was dangerously injured in a car wreck the Wednesday night before. The injured man died Monday night and was buried Tuesday afternoon.

Deceased was the son of Mr. and Mrs. Jim Kirchman who formerly lived here. He volunteered and went into service but due to his age he was given an honorable discharge. His friends here will regret to hear of his death.

JOHNSON BROTHERS IN BUSINESS AT ANGELO

Pat and Wayne Johnson, two brothers, and Bronte boys are now engaged in the service station business at San Angelo.

Pat and Wayne have an announcement of their business in this issue of The Enterprise, inviting all their friends and the people generally to visit them when in San Angelo.

Johnson brothers place of business is on the corner of Main and Pulliam streets—right on the road that the people from this section enter San Angelo.

Vida Mae Hall has gone to San Antonio to visit her grandfather, E. A. Norred, and her aunt, Miss Loraine Norred. She has a good job offered her there if she chooses to accept it.

Mrs. A. Nicholas, formerly of Bronte, but now of San Angelo is reported in a serious condition. Her son, Pat, who is stationed at Sheppard Field, has come home on ten day furlough to be at his mother's bedside.

The Lane Twins Make Good in San Angelo

The Bronte High School has every reason to be proud of the Lane twins. They are the daughters of Mr. and Mrs. W. A. Lane and entered the San Angelo College two years ago. They won on the admiration of the faculty and students both by their friendly dispositions and wonderful cooperation. They are both members of the Lambda Tau Sorority and both Business majors.

Cleo is a member of the Student Council and is now doing part-time work at the W. A. Stroman Abstract Company. She is soon to become a member of that firm, at least by marriage, since she is engaged to W. J. Stroman, the son of the pro-

prietor. The wedding will take place early in June.

Carmen is Vice-president of the Sophomore class and is doing part time work in the Library. She is now working at the Franklin Life Insurance Co. and in her spare moments she has a hobby of collecting photographs and gopher matches. She aspires to become the best stenographer in the country and hopes soon to take her place as a worker who will relieve a soldier from combat duty.

San Angelo College does not know how they can exist without the Lane Twins. They will receive Associate in Arts Degrees.

JUDGE JOHN F. SUTTON, JUDGE 51ST JUDICIAL DISTRICT, ASKS RELECTION ON HIS RECORD

Judge John F. Sutton, who for many years has presided over the 51st District Court, authorizes this paper to carry his formal announcement as a candidate to succeed himself. His candidacy is submitted to the voters of Tom Green, Irion, Schleicher, Coke and Sterling Counties with the request that his official record be examined to determine whether his decisions have been correct, his conduct of the business of the court fair, and for the best interest of the people as a whole. Judge Sutton refers those who have only recently moved into the District to the hundreds of men who have served as jurors. "Jurors know," says Judge Sutton, "whether a trial judge discharges his duties with that courage, fairness and efficiency so essential to an economical disposition of the business of the court. It is important to the people generally and essential to the welfare of the Government that a District Judge be well trained and experienced in the construction and application of both civil and criminal law."

Judge Sutton, a native son of this immediate section of West Texas, was 54 years of age Friday, May 26th and he and Mrs. Sutton have resided in San Angelo twenty-three years. He was educated in the University of Texas and began the practice of law in 1916.

In placing his candidacy before the voters, Judge Sutton states: "In announcing through the press for reelection to the office of District Judge I desire to express to the voters my deep appreciation for the privilege of having served them in such capacity, and at the same time thank the citizens as a whole for the cooperation given the Court and court officials in the handling of the business of the

court.

"On three occasions the people of this District placed their stamp of approval upon my judicial record by giving me a very substantial majority over my honorable opponents. This majority has grown at each succeeding election, resulting in the last election in my receiving approximately three votes to each vote received by the opposition. For this I am grateful and such a majority has been a reminder of my official obligations to the people. Again I submit myself for reelection upon my official record and on that record solicit the vote and active support of every voter in the district, and in return offer you a continuation of the same character and kind of judicial service I have heretofore rendered, improved by that added efficiency that comes only from judicial experience.

"I shall not be able to see any considerable number of the voters and personally solicit their support. The work of the Court must be carried on and will consume much time, as it always has. Our people are busy and burdened down with the sorrows of war and the tremendous responsibilities that are ours until the war is won and peace restored. We are told D-Day is near at hand and we are urged by our Government to conserve automobiles, tires, gasoline and oil, that the military forces may maintain the necessary stock pile to carry on. I have fair tires and a reasonable gasoline allowance allotted by the Tom Green County Ration Board for the purpose of attending to the necessary court work in the five counties comprising this Judicial District. I shall keep faith with our military forces, our boys at the front and the cause for which we and our allied nations are fighting, by not diverting my gasoline allotment from essential court work to political campaign."

JOE BLAKENEY

WOOL WAREHOUSE

SAN ANGELO

first five months of this year have shown an unusually high incidence of dysentery throughout the state. The number of reported cases for the week ending May 20 is four times higher than the seven year median and a few weeks ago the disease reached epidemic proportions in a southern coastal region.

In discussing the prevalence of dysentery, Dr. Geo. W. Cox, State Health Officer, described the disease as being an infectious one characterized by diarrhea, pain in the abdomen, and toxemia. He stated that it is caused by a specific bacteria or germ. These germs cause inflammation of the lining of the intestinal tract resulting in pain throughout the abdomen and discharge of profuse loose stools that often contain blood and mucus. Toxemia is the result of absorbing the poisonous substances produced by the germs.

"Dysentery germs gain entrance to the body through the mouth," Dr. Cox said. "They then make their way to the intestines where they find conditions favorable to their growth. They establish themselves at

the expense of the person infected and produce their harmful effects."

The State Health Officer asserted further that the germ is always expelled with the excreta of person infected with dysentery and may continue to be expelled for some time after the patient recovers from the disease. Those persons who still discharge the germs after they recover are called carriers, and they occur more frequently in this disease than in the majority of other infections.

"Food protection and adequate sanitary measures are more urgently needed now than

ever before if we are to succeed in controlling the potential epidemic of dysentery which could develop," Dr. Cox said.

COUNTY POULTRYMEN PRAISED AS LARGER USE OF EGGS URGED

Coke County poultrymen are asked by the government to produce approximately 574,633 dozen eggs this year as their part in the Food for Victory program, the National Poultry Defense Committee announced today.

This county goal can best be reached if housewives take full advantage of the present egg surplus and plan more menus calling for greater use of eggs, thus encouraging farmers to maintain high production, declared Committee Secretary Leon Todd.

In urging poultrymen to meet the 1944 quota, Todd pointed out the current egg abundance may be followed by a very serious shortage if farmers liquidate some of their laying flocks because of inability to dispose of eggs at profitable prices now.

An aid to producers is the concerted effort of distributors to keep the supply of eggs flowing steadily into consumer channels as a nutritious wartime food, Todd said, adding that aggressive merchandising has thus proved an important factor in increasing egg consumption. "For instance," he asserted, "records of A & P Food Stores, one of the larger purchasers of Texas eggs, show this company paid producers \$916,462 for eggs purchased in the state last year."

Even greater cooperation by distributors and consumers is needed now, the poultry official said, to assure farmers a profitable market for their surplus production during the next few weeks and thus insure that a feast will not be followed by a famine. "Each of us can help," he concluded, "by eating more eggs during this period. Remember they are a 'whole' food, complete with protein, essential vitamins, fats and minerals."

Mesdames Cathie Williams and H. O. Whitt went to Stephenville Wednesday carrying Jack Good and Hubert Whitt who entered John Tarleton College. Here's wishing the best for you, boys.
