## Major David Evans and Band Did "The Job" Again

"Yes, boys in the Pacific, go on to Tokyo, and get Hirohito," was the word "in action," sent by Coke County to our boys in the Pacific Wednesday afternoon.

It was the Coke County 7th War Loan Bond Drive that came to a whooping, shouting end! And the "whooping" and "shouting" was due to the fact that Coke County "went over the top" in a big way in reaching its goal.

But, as heretofore, the "big wind up" of the drive was due largely to Major Evans, public relations officer at Camp Bowie, and San Angelo Army Air Field. County Chairman L. T. Youngblood and his corps of workers had gone far in selling bonds. Then they arranged for Major Evans and the SAAF band to come and help them "over the hump." The date set for Bronte was Wednesday afternoon, and at Robert Lee that night.

The Major and the band were here on "army schedule time." The band "pepped up" things from the first snare of the drums. Hence, when Major Evans "took the stump" (the back end of a truck) the crowd, not large due to the fact that the ranchers and farmers are very busy, was "ready to go" to Tokyo or anywhere else with their part, to win the war. Chairman Youngblood simply stated that Major Evans was here, no further introduction was needed. It was the third time that Major Evans and the band have led Coke county in bond rallies.

In his characteristic way Major Evans said he was "mad," because there had to be any effort to get "Coke's" quota, one of the richest in Texas for its size. After stating a few facts and giving some figures, he said: "We lack \$18,000, having our quota of "E" bonds which is \$60,000. Let's take this amount at once, folks." They began, several took \$1,000. The amount was reduced until finally the \$25 bond was offered. The folks subscribed from tottering old age down to babes in their parents arms.

Bronte took \$16,150, and that night at Robert Lee the town and west end of the county subscribed \$13,000 making \$29,

150 that Major Evans and the band sold Wednesday afternoon and night at the two places.

Other bonds in Coke's quota than the \$60,000 "E" bonds was \$40,000, or the total of \$1,000,000. The total amount of Coke's subscriptions was \$117,000.

Speaking of the 7th War Bond Drive and of the two big rallies, Wednesday, County Chairman Youngblood requested The Enterprise to express to everybody—his workers and the people who subscribed, and to Major Evans and the band—his deep, sincere appreciation for the hearty cooperation and help given from the beginning to the close of the Robert Lee rally Wednesday night. "It simply is wonderful the way our people have rallied but we can do no less. We must back our boys or yet lose the war. And if they give themselves, surely our people can supply the funds with which to take care of our boys," said Mr. Youngblood.

Thanks to you, Major Evans and the SAAF band.

Judge McNeil Wylie and Bruce Clift were the main leaders on the West side, and—as they always do—they did a good job.

## ABOUT SENDING PAPERS OVERSEAS

A new ruling, as we understand it, will not allow any more papers to be sent to sailors and marines overseas, without a written order from the sailor or marine. This order has to be submitted to the local postmaster and after his approval the publisher can accept the subscription. Let everybody take notice about this. At the outset as a matter of interest in our boys we sent many copies of The Enterprise to them. This we had to discontinue. Some are sending the paper to boys overseas. Take notice about your subscription to those boys. Due to the paper situation we will not send these papers unless paid for.

## LOMETA W. H. D. CLUB SPONSORS A 42 PARTY

The Lometa W. H. D. club sponsored a 42 party at the Lometa Schoolhouse, June 14th, to help raise the clubs funds. The high score prize was given to Buster Pierce, the low score prize to R. M. Lackey.

Refreshments of sandwiches, cookies and iced tea were served.

## Breezland "Baby Chick" Hotel at San Angelo

If it's something new, if it's something ultra-modern count on finding it in San Angelo.

The very latest up-to-the-minute about which we have heard is the "baby chick" hotel in that city.

But, "it's thar," folks for, we have seen it with our own eyes, as we were shown through the different compartments of this modern "baby chick" growing institution.

But, the "baby chick" hotel is not the product of a moment, but the outgrowth of nearly a third of a century of two owners of the Breezland Hatchery.

It was back in 1914, when two young ladies, who were close and intimate friends, each a dreamer for herself, then they dreamed together, that is, they talked of making a venture into business life. They agreed that it should be the baby chick business.

They launched their undertaking and now for thirty-one years they have planned and worked together to develop the greatest baby chick plant possible. Step by step through the years they have built and grown and their volume of business has increased and the area to which they ship baby (Continued on last page)

## BEEF CATTLE PRODUCTION PAYMENTS TO FEEDERS

Cattle feeders in Coke County can now apply to the County AAA Office for beef cattle production payments under the Government's new program to increase the production of meat.

Feeders are encouraged to feed more cattle, including those he purchases and those he raises, to good and choice grades under the new program. The method of payment is similar to the dairy payment program also handled through the county AAA Office, according to County AAA Chairman, C. N. Webb. The beef cattle production payment amounts to 50 cents per hundred-weight on Good Choice cattle weighing 800 pounds or more and selling for at least the minimum stabilization price, which for sales in this county is 13.00.

This is the first meat production payment made directly to livestock feeders. The program is designed to help hold the line against inflation by preventing sharp increases in retail prices which might lead to uncontrolled increases in wages and other economic factors.

The beef cattle production payment is available to all feeders, including slaughterers who also are feeders, provided their cattle meet the program requirements.

To be eligible a feeder must that he owned the cattle at least certify on his application (1) 30 days before their sale, (2) that the cattle weighed at least 800 pounds when sold, (3) that the cattle brought not less than the minimum price for good grade, and (4) that the cattle were sold for slaughter to an

### Carey Lumber Company Makes A Good Offer

People in the Wilmoth-Norton, Ballinger area especially suffered severe losses recently in a hailstorm that not only destroyed the small grain in the storm's sweep, but damaged many farm residences, particularly doing great damage to roofs.

Carey Lumber Company, one of the oldest lumber companies in this part of West Texas, at Ballinger, was quick to grasp the situation. Therefore, they are advertising to the effect that they will send a dependable carpenter anywhere in Runnels or Coke counties, to furnish estimates of repairs needed.

Mr. J. E. Harral is the manager of the Carey Lumber Company's Yard at Ballinger. Mr. Harral was with the company in Oklahoma for many years before coming to Ballinger. He is an experienced and well trained building material man and knows his business from a to z. He is a genial, pleasing gentleman, The Enterprise assures that anyone having business relations with Mr. Harral will find them most pleasant. Mr. Harral and family like Ballinger and West Texas. He says that far as he knows now, he is "here for keeps." He invites all the former customers of the yard as well as those who have never patronized Carey Lumber Company at Ballinger, to visit him and get acquainted.

### Plunkett Stage Show Coming to Bronte, Next Week

It sounds like "the good old days have come again," the announcement that the Plunkett Stage Show is coming to Bronte again. This popular road show in

former days made Bronte regularly every season. But well, the war came and that changed the world's whole program, even to the Plunkett show. This aggregation of entertainers was here in 1941 the last time. Since then the hearts of the kiddies have longed for the return of the monkeys, educated seals and the fun that the Plunketts always brought with them. So, now, it sounds like the return of "home folks" for them to come again, they will find that they are just as wel-

### Now that the War in Europe is over

What about travel?

Now, you may naturally ask, "Won't it be a little easier to get accommodations?" ... "Won't it be a little more comfortable to travel?"

We of the Santa Fe would like to hold out some hope to our friends who have good reasons for taking a trip, but who find it difficult to do so.

We would like to give those who do travel all the little amenities of service that are part of the Santa Fe tradition.

#### Bigger Traffic Loads

The stubborn facts are that the traffic to our Pacific ports of war is stepping up instead of coming down!

This means, in the war days to come, there will be more passenger and freight

traffic—new loads and greater loads and less space for civilian travelers than ever on Santa Fe rails.

#### In The Meantime

Santa Fe facilities have been enormously increased—bigger yards; more freight Diesels; centralized traffic control at key points; and improved shop tools and practices which keep our locomotives rolling.

In peacetime these increased facilities will enable us to provide better service than ever. But in the meantime, the stuff needed to lick Japan is top priority.

So—again we ask, "Unless your trip is essential, can't you put it off until we have a little better opportunity to serve you in the traditional Santa Fe manner?"

the other day. He gave The Enterprise the word below to the friends of the Plunketts at Robert Lee, Blackwell and Norton:

"To our many friends and patrons of the past where we have showed a one night stand in the years prior to the war, we wish to extend our greetings and a cordial invitation to our show 3 days at Bronte, June 25, 26, 27.

"Due to our late start this season and of course the tire and gas ration we will be unable to show in Robert Lee, Blackwell and Norton. If you can come see us in Bronte this time we will try and see you in your home town as soon as conditions make it possible.

"This year we have a change

of policy. We play 3 nites in a place, running a good comedy 3 act play each nite, with vaudeville galore between acts, thus giving you a complete change of program each nite.

"Our tent will seat a 1000 people. Your assurance of a good time is guaranteed."

The Plunketts were formerly with Harley Sadlers troupe, providing most of the vaudeville bill. There are ten brothers and sisters in the family, and most of them are in the group coming here. The entire company consists of 25 persons, with a complete change of program nightly.

The show will bring its own big tent, and a large number of new and comfortable chairs have been added to their equipment.

# Ballinger And TRADE TERRITORY

If you had storm or hail damage and need a new roof or other repairs to your buildings, call us. We will send you a local carpenter, one who is dependable, to give you an estimate and do the work.

Don't let someone you have never seen before and won't see again high-pressure you into thinking he is giving you a discount for advertising purposes, for he is not.

In fact you are paying him a premium to roof or side your house and his so-called contract and guarantee will not have an address on it.

He has no interest in you, Ballinger or Runnels county; he pays no taxes to support our schools or local government; he is only after your and my dollar.

Maybe you have bought a roll roofing job for your house and didn't know the value of that type roof. If you paid over \$5.00 per square you paid too much. Measure your roof and see for yourself what you lost, then tell your neighbor.

Our local men are the ones who keep you and us in business or a job, so don't be high-pressured by boom-time city slickers.

Think it over.

**7<sup>TH</sup> WAR LOAN DRIVE**

YES, despite their long months and years of privation and suffering, those gallant men, just released from filthy Jap Prison Camps, still have their good old fighting spirit. They're itching to get back into the fight and give the Nips a taste of their own medicine.

Let's show them that we're not quitting either! Let's match their spirit with our dollars! Let's make this MIGHTY 7th War Loan the mightiest of them all!

But to come even close to matching their sacrifices, everyone here at home must buy War Bonds until it hurts. Buy double or treble the extra War Bonds you've bought in any previous drive. Remember, this is really two drives in one. In the same period last year, you were asked to subscribe to two War Loans.

So let's go, Americans. Our hard-fighting Soldiers, Sailors and Marines are giving their ALL. The least we can do is to lend our dollars.
