

THE HARVEST MOON, rising over a local corn field, catches a combine ready to start a new day. Castro County farmers are working on getting this year's corn crop out of the field while trucks line up at local elevators, waiting to dump. According to elevator operators in the county, the quality of this year's crop looks good, with yields running about average. Harvest in the southern half of the

county is more than 50% complete, while farmers in the northern half are just beginning to hit the fields.

# **Charter commission** candidates sought

Citizens of Dimmitt interested in election. serving on the charter commission, which would draw up the charter for Dimmitt's home rule form of government if the issue is approved on the Nov. 7 ballot, will also have their names placed on the same ballot. Space will also be available for write-ins.

A form, which can be obtained at the City Hall, must be signed, stating that the applicant will uphold our representative form of government and the Constitution of the United States.

The top 15 vote-getters will be named to the commission. They would be sworn in, select a chairman and decide when, where and how often to meet, according to City Attorney Jack Edwards.

"Although the charter commission will propose the number of elected representatives to serve on the city governing board, their choice will most likely be influenced by the pending election lawsuit against the city, which asks for single member voting districts," Edwards said.

"We are hoping the charter commission will complete its work in time to submit the charter for voter approval in the May 7, 1990 city elections," Edwards said, noting that a complete copy of the proposed charter must be mailed to

If the charter is not approved, Edwards said, "I'm not sure where we'd go from there."

Edwards said some of the advantages of home rule would include diminished state involvement and control over local affairs, a greater power for the city to borrow money, more room for experimentation and innovation in local government, and establishment of the right of referendum and recall.

He mentioned that the charter could be written to restrict or expand most of the city's present powers, but added that "the day to day operations of the city probably will not change significantly, and the city code and ordinances already on the books will stay the

At present, the city is only allowed to do what is permitted under state statutes, Edwards explained, while under home rule, the city could do anything except what is prohibited by law.

"A lot of things would be legal, but the state hasn't specifically given permission for cities to do those things," he said.

Edwards advised persons voting against the change to home rule to go ahead and vote for candidates for the charter commission in case each registered voter prior to the the question passes.

# This isn't just another flight for local grandmom

At about 3 p.m. Tuesday, Kate Beecher will board a plane at the Dimmitt Airport for a flight that could go into the national record

Her grandson, Matthew McLendon of Dallas, will be piloting the

six-place Cessna P-210. Matthew is 8 years old.

When he arrives in Dimmitt, Matthew will be on the second leg of his flight from Los Angeles to New York in an attempt to become the youngest pilot ever to fly coast-to-coast. The current record holder was 9 when he accomplished the feat.

Mrs. Beecher will fly with her grandson to Dallas, where he'll sleep in his own bed on the second night of his five-day, 2,700-mile

Also aboard the plane will be Matthew's father, Bart (who is an instrument-rated private pilot), and his flight instructor, Rick Barber. But neither of them will touch the controls unless there's an

"As Bart was laying out the schedule, he thought it just would not be complete unless Matthew stopped in Dimmitt and picked up his grandmother," said the boy's mother, Beth.

"I'm excited, needless to say," Mrs. Beecher said. "I think it would be real neat if he got that world record."

Matthew, a third grader at Trinity Christian Academy in Dallas, has been a student pilot for more than a year and has logged 80 hours of flight time. He has to use a built-up seat and pedal extenders while piloting the plane.

Other touch-down points on his cross-country record attemptbesides Dimmitt-will be Las Vegas, Phoenix, Santa Fe, Dallas, St. Louis, Chicago, Detroit, Cleveland, Pittsburgh, Washington, D.C., Philadelphia and, finally, New York City. His mother and two brothers plan to ride on the final leg of the flight from Washington to New York on Sept. 29.

# Dimmitt schools will start new schedules

Students at two Dimmitt schools will have some adjustments to make in their schedules starting Monday.

At Dimmitt High School, everything will be different, from start to finish, and in between, too.

After the school board authorized mandatory tutorials and detention, the daily schedule had to be changed at DHS to make room for the special tutorial/detention per-

With classes actually starting a little later than they had been and with buses running at the same time, the extra time for the tutorial period had to come from somewhere. So, the length of each class period will be reduced to the statemandated 50 minutes each.

"We had been allowing six minutes more than the minimum last year," DHS Principal R.L. Stockstill said. He added that allowance also had to be made for the additional minute students are given between classes. In the past, only four minutes was allowed, but now five minutes are given.

First bell at the high school will ring at 8:30 a.m., with the tardy bell at 8:35. On the regular schedule, school will dismiss at 3:30 p.m., except for those in tutorials or detention, who are required to re- to state funding of vocational/port at 3:35 and stay until 4 p.m., when the buses will run.

On days when pep rallies, assemblies or other special activities are planned, starting time will be the same, but the length of each period will be adjusted to insert the about that." special activity, with dismissal time set at 4 p.m.

On early dismissal days, such as before a holiday, school will get out at 2:40 p.m., with classes taking 44 minutes each.

Dimmitt Middle School will adjust its class times to facilitate teacher - sharing with the high school. There are 11 teachers who travel between the buildings.

However, starting time will remain the same at DMS, with the first bell each day at 8:25 a.m. and the tardy bell at 8:30. Dismissal will also stay the same, 3:55 p.m.,

Grain trucks are beginning to line up at local elevators as corn harvest gets into full swing in Castro County.

While the harvest is 60 to 70% complete in the southern half of the county, farmers around Easter are just beginning to get their machinery rolling through the corn fields.

"I guess you could say it's (corn harvest) in full swing out here," said Ricky Byers at Sunnyside Grain. "Everything looks real good so far. The quality is okay. There's quite a bit of worm damage, but that's normal. The moisture on the first loads was a little bit drier than normal, but that's probably because the rain kept the farmers out of the fields a little longer. Yields are running average to a little below average at 8,000 to 10,000

In Hart harvest is also in full swing, with about 40 to 45% of the crop out of the field, according to Jarrell Sewell, manager of Farmers Grain Co.

"The first part of this week everybody got fired up. They started cutting as soon as everything dried out after the rain," Sewell said. "I haven't heard much about the yields, but the quality is fairly good and the moisture is ranging from 19 to 25. We had some hail east and south of here, so that has cut down on some of the yields. We had four storms to the east and one bad one south of here.'

"Our territory's harvest isn't as early as the south and east, but it's picking up, said Fred Bruegel of Bruegel and Sons Elevators. "From what I can tell, the yields are running between 9,000 and 11,000 pounds and that's just a little below normal. Test weight is averaging between 54 and 57 and there's a big range in the moisture—anywhere from 18 to 25. The quality

The Nazareth leg of Dimmitt Agri Industries is "rolling corn right on through," according to Coy Ethridge. Ethridge said they are just getting started with harvest in Nazareth, but so far everything looks good.

"The yields are about normal. Some are running about 11,500 pounds per acre. This is good looking corn we're receiving," Ethridge said.

Dimmitt Agri Industries in Dimmitt reports harvest is well underway and has been going strong for about 10 days.

"Everything looks good so far. At least what I've seen of the crop looks good," said Bill Clark, manager of the facility. "Yields are going to be comparable to last year's. I've heard reports ranging from 190 to 200 bushels per acre. Some of the areas' yields won't be quite as good because

they were damaged by hail, but generally it's going to be about average." Corn is just beginning to trickle in at Easter Grain, according to Eddie Matthews, and the harvest isn't far enough along to be able to tell much

Even though it's just starting, Matthews said the harvest looks like a

'This looks like a real good crop. We didn't have any damage from hail this year so the yields should run about average."

The general consensus among the elevator operators is that we're looking at a good harvest and if the weather holds out and farmers are able to continue harvesting without interuption, most of this county's corn crop should be out of the fields within the next two weeks.

# Hasie addresses Dimmitt teachers

"My dream is that everyone who starts school will finish, and everyone who finishes will be a productive citizen," State Board of Education Chairman Monte Hasie said Tuesday.

He was in Dimmitt to address the fall meeting of the Classroom Teachers' Association. About 50 persons were in attendance.

Hasie added that he feels strongly that vocational/homemaking programs have a valid place in the educational picture.

"After our board gave approval homemaking education, Lt. Gov. Bill Hobby asked me if vocational/homemaking is quality education, and I answered yes," Hasie reported, "and Hobby called for my resignation. Not many people know

"He asked our board to place the matter on our agenda again, and it passed again," Hasie said. "Our mail has had one letter against and at least a thousand in favor of continuing the funding. I hope we let the LEB know we will respond to our constituency."

The LEB is the Legislative Education Board, formed originally to oversee the appointed State Board of Education, and now also the elected board. Members of the LEB include Hobby, House Speaker Gib Lewis, House Education Committee Chairman Ernestine Glassbrenner and Senate Education Committee Chairman Carl Parker, along with five other members of the legislature.

"I think what we need is a few math teachers to give some of our legislators a basic math lesson," Hasie commented. "When they vote to give teachers an \$1,800 pay raise and allow \$200 million in funding, they should know that 200,000 teachers times \$1,800 would require \$360 million.

"Our local tax payers are choking on having to make up that \$160 million difference, and it's important that our legislators really know what's happening. It's important for you teachers to understand and tell the voters in the community. Don't let them be mad at the superintendent and school board. Tell them to let Austin know about

Some of the clubs and organizations have held the first meeting of the fall season.

On Wednesday morning the Plains Memorial Hospital Auxiliary held a brunch for its first meeting at new president, Betty Freeman, presided over the business meeting. Reports were made by the committee chairmen, Reta Welch, Nell Ingram, Mattie Seale, Ruby Wood, Bea Hardy, Jackie McLeroy, Barbara Sava and Claudine Langford.

Claudine and Nell Newton attended the Texas Association of Hospital Auxiliaries convention in Houston this year and gave a report. They took the scrapbook made by Jackie McLeroy and it won first place. They also took necklaces, remedy books, and patterns of the bunny houseshoe and sold several. # DHS seniors elect officers

The senior class at Dimmitt High School elected officers for the 1989-90 school year Sept. 7.

New officers include Kara Schulte, president; Barry Hill, vice president; Kristi Sims, secretary; Gerardo Lopez, treasurer and Jennifer Hanners, reporter.

Jennifer Hanners, Kristi Sims and Priscilla Garcia were selected as this year's Homecoming Queen candidates.

Diane Peralez will represent the seniors as Flame Queen and Barry Hill will be the candidate for Flame King.

25 members and several guests including Joe Stevens, hospital administrator; and Ricky Hunter, attended. Irene Carpenter and Marie Bowen were introduced as new members.

The Dimmitt Book Club met on Wednesday afternoon at Rhoads Memorial Library with Kim Hays presiding over the business meeting. A small crowd braved the early cold weather to attend. Deanne Clark was the guest reviewer for Loranell Hamilton, and she reviewed the unusual book Beautiful Side of Evil, by Johanna Michaelsen. Hal Lindsay discusses the supernatural side of the book. There are several million people involved in some form of occult, according to the book's author.

The hostesses, Reta Welch and Barbara Bain served delicious fruit tarts, cherry, pecan and key lime, with coffee and hot tea. The serving table was decorated with dark green cloths and featured colorful napkins in orange, purple, yellow and green. A scarecrow surrounded by flowers served as the centerpiece. A cornucopia filled with dark red flowers was placed on a table at the door.

The WMU of the First Baptist Church observed the Mary Hill Davis State Week of Prayer last week. Each meeting was held at the church with speakers including Irene Carpenter, Oleta Gollehon, Esta Vandiver, Faye Mohon and Mauzee Youts. On Tuesday, the women enjoyed a salad luncheon and Wednesday night Esta showed slides from Brazil. The theme for the week was "God's Church" and "Love Extended."

Joe and David Burkett were here to help their father, Swain Burkett, celebrate his birthday in Hereford.

A Dimmitt Bridge Club spent a few days in Ruidoso, N.M. recently. They drove to Cloudcroft one day and enjoyed a delicious brunch and bridge. Mona Merritt won high score and Murna Miller was second high. Others enjoying the trip and bridge were Earlene Myatt, Cindy Adams, Hazel Nelson, Dorothy Hopson, Darlene Dowell, and Jimmie Glenn of Canyon.

The Thursday Bridge Club met at the Senior Citizens Center for lunch and a day of bridge with Louise Mears as hostess. She said they had a good time. Ben and Bernice Hill furnished the fish for a delicious meal. Helen Braafladt won high score and Susie Reeves finished second. Others playing were Ferne Dickey, Elizabeth Huckabay, Opha Burks, Ina Rae Cates, Sal DiCuffa, Johnnie Vannoy, Neva Hickey, Emily Clingingsmith, Dude McLauren and Retta

Out of town visitors at the museum last week were M.B. and Erline Settle of Hermitage, Tenn. Earline is Mildred Bradford's sister and they were visiting relatives and friends in Dimmitt. Earline lived in Dimmitt several years ago. The Settles planned to go to California before returning home.

Thanks to Geneva Dennis and Jauvada Curtiss for staying at the museum while I was out of town.

Johnna Hastins Connell sent some Carlile Theatre calendars in the 1960's with Jewell Connell for the museum. Johnna and Richard are former Dimmitt residents and they live in Grand Junction, Colo.

Oleta Gollehon and I went to Dallas over the weekend. She visited her daughter and her husband, Kathy and Johnny Poer, and I visi-Amarillo and picked up her sister, ted my daughter and family, Sue

and David Vaughan and Kristin. Oleta, Kathy and Johnny attended the play, "Steel Magnolias," a comedy. Oleta reported they laughed through the whole play. David, Sue, Kristin and I ate at Steak & Ale to celebrate Sue's birthday. The waitresses sang "Happy Birthday" to Sue and served a large dish of ice cream with a candle in the center. They told her to make a wish fast and blow out the candle on it or it would melt the ice cream. The weather was beautiful in Dallas!

Margaret Parsons won high score and Nancy Ross finished second at a Tuesday morning bridge game held in the home of Patricia Braafladt. Salads and sandwiches and an apple crisp desert were served to Sandra Clark, Sandra Potts, Margaret Parsons, Nancy Ross, Stefanie Love, Deanne Clark, Martie Benton and Martha Hyman.

The Methodists held a dedication of the new hymnals given in memory of Myrtle Sheffy Sunday during their worship. There were many musical selections featured in the worship service, and the new hymnal was used extensively for anthems and hymns.

The Agape Circle hosted the United Methodist Women Wednesday night. Stuffed potatoes, salad and chocolate cake preceded the devotion given by Shelly Rice and the program by Danice Wright on

Jacob Kurien of Houston, formerly of India, visited in Dimmitt last week. He led worship services and preached Monday night in the home of Joyce and Edmund Hunter. He was the guest of Rev. Edward D. Freeman at the Methodist Men's Prayer Group Tuesday.

Martha Isaacs celebrated her birthday last week with friends. Dorothy Hopson celebrated her birthday Monday with friends and family. Karen Sheffy (Don's wife), Monty Boozer, Peggy Webb and Sue Howell all celebrated birthdays

Ed and Betty Freeman attended the installation of Rev. Stephen Hall Smith-Cobbs as the pastor of the First Presbyterian Church of Canyon Sunday night. Bob, Sue and Melanie Caddell and Thelma Axe, former Dimmitt residents who live in Canyon and are members of the church, were at the service and send their greetings to all their friends in Dimmitt.

Joan Ballentine's sister, Marilyn Boyington and her husband, Henry, were in Dimmitt visiting Joan and Bill last week.

They were surprised to see the flowers still blooming here, as it is beginning to show signs of winter in Flagstaff, Ariz., where they live during the summer. They will soon be moving to their winter home in Lake Havasu City, Ariz.

The Texas Extension Homemakers Association held its 63rd annual convention in Corpus Christi Sept. 12-14.

Ann Henderson, Edith Graef, Rachel Clever and Cora West, all of Dimmitt, all attended. They took a chartered, narrated boat cruise and a bus tour along the ocean to see the beautiful homes and ate a lot of shrimp and oysters.

The speakers were all good. The classes were educational and interesting. They said lots of awards were given after the banquet and the special music was "The Hats of the Homemaker."

# We Salute

# Our 'PIE' Volunteers

Adult volunteers are becoming more and more valuable to our public education process.

Take the new Partners In Education (PIE) program in the Dimmitt Public Schools, for example.

The theory behind the PIE program is that our children can be taught more, and more effectively, if the whole community becomes involved in the process. So our schools have asked for adult volunteers to help-not only parents, but grandparents, retired residents of the school district, and people with special skills.

What do these volunteers do? Well, they do just about everything but teach, cook or wash windows. They work on the school bulletin boards, do photocopying, line the children up, read or listen to students, grade papers (using a key), work in the library or computer room, help with music activities, help tutor individual students, and share their special interests and talents to enrich the children's education.

One of the main purposes of their non-instructional work, of course, is to free our teachers to teach. The less time a teacher has to spend with all the extra jobs and paperwork, the more time he or she can devote to teaching the students. Everybody wins-the teacher, the student, the volunteer and the community.

Another purpose of the PIE program is to open the lines of communication between the schools and the community. Those working in volunteer roles can learn first-hand what our teachers and students are doing during the school day, and those in the schools get to come in contact with parents and others who can be

valuable resources. The PIE program is being implemented in all three Dimmitt schools. A steering committee made up of Debbie Annen and Belinda Hill (Richardson Elementary), Susan Coleman and Debra Goldsmith (Middle School) and Cenci Hardee and Martha Jo Hyman (High School) is working with the school administration to

recruit volunteers and get the program working. So far, 50 persons are involved in the PIE program in all three Dimmitt schools, and more volunteers are needed. If you're interested in becoming a volunteer, you can contact any of those steering committee members, or any of the school principals, or see Doricell Davis or Supt. Robert Ryan at the School Administration

To those of you who already are working in the PIE program or in any volunteer capacity to benefit our schools and help our children get a better quality education, we salute you. We're proud you're part of our community-and our education process!

By Uirgie Gerber, 945-2669

Special recognition was given to the parishioners who have volunteered their time to be CCD teachers each Wednesday night during the Sunday morning mass in Holy Family Church.

There are 208 students registered in the CCD program this year. The teachers are Jerome Brockman, seniors; Keith Birkenfeld and Father Neal Dee, juniors; Sister Josella Birkenfeld, sophomores; Ralph Albracht, freshmen; Linda Jo Ramaekers, eighth grade; Marilyn Birkenfeld, seventh grade; Matilda Anderle, sixth grade; May Hochstein, fifth grade; Rose Ball, fourth grade; Mary Lynn Olvera, third grade; Sister Adrian Wewers, second grade; Maureen Foskey, first grade; and Jeanette Johnson and Becky Book, kindergarten.

Nazareth fans were treated to another good football game Friday night when the Swifts hosted and defeated Hart, 15-6. The Swifts will play Anton Friday. Good luck!

Members of the Nazareth Booster Club met at the school Saturday afternoon to clean the trophy cases and trophies. They tried to rearrange the trophies to try and get more in the cases, but there just wasn't enough room. More cases are certainly needed. Members who were there to work were Suzanne Farris, Vicki Nelson, Imogene Drerup, Mona Brockman, Bobbi Schmucker, and Jocelyn Pohlmeier.

### PUBLIC NOTICE

BRIEF EXPLANATORY STATEMENTS OF PROPOSED

### CONSTITUTIONAL AMENDMENTS SPECIAL ELECTION **NOVEMBER 7, 1989**

#### PROPOSITION NO. 1 ON THE BALLOT

House Joint Resolution 102 proposes a constitutional amendment that would increase the salary of members of the legislature to onefourth of the Governor's salary and increase the salary of the Lieutenant Governor and the Speaker of the House of Representatives to one-half of the Governor's salary. The annual salary of members of the legislature, the Lieutenant Governor, and the Speaker of the House of Representatives is currently \$7,200. Under this provision, the annual salary of the Lieutenant Governor and the Speaker would be \$46,716, and the annual salary of members of the legislature would be \$23,358, based on the Governor's current annual salary of \$93,432. The increase for the Speaker and the members of the legislature would take effect when the legislature convenes for its regular session in January 1991. The increase for the Lieutenant Governor would take effect when the term of that office begins in 1991. The salary increase for the Lieutenant Governor would not make members of the legislature ineligible to run for the office of

Lieutenant Governor. The proposed amendment will ap-

pear on the ballot as follows: "The constitutional amendment to limit the salary of the lieutenant governor and the speaker of the house of representatives to not more than one-half of the governor's salary and to limit the salary of a member of the legislature to not more than one-fourth of the governor's salary."

#### PROPOSITION NO. 2 ON THE BALLOT

Senate Joint Resolution 5 proposes a constitutional \* amendment that would authorize the Texas Water Development Board to issue an additional \$500 million of Texas water development bonds. The additional bonds are to be used as follows: \$250 million of the bonds are to be used for water supply loans and facilities acquisition; \$200 million of the bonds are to be used for water quality enhancement projects; and \$50 million of the bonds are to be used for flood control. The legislature may provide that \$100 million be used for subsidized loans and grants to economically distressed areas of the state for water and wares, merchandise, other tangible

"The goal of the coalition is to join our resources so we can offer parents some support in strengthening their parenting skills," said

The group recently attended a training session in Lubbock to help them gain knowledge about starting a local program. The training seminar was co-sponsored by the Texas Agricultural Extension Service and the Children's Trust Fund of Texas.

"We came away from the training with lots of good ideas about programs that can work in towns like ours," Sageser said. "The Extension Service has also established a state parenting resource library at Texas A&M University and we will be able to borrow video tapes and other teaching materials from them to use in our program.

The coalition is now in the planning stages of its local effort, Sageser said, and they welcome any

assistance and input from other organizations and parents.

# Nazareth defense stuns Hart

The Nazareth Swifts battled back from a 6-0 haltime deficit with a stifling and hard-hitting defense to upend their cross-county rivals, the Hart Longhorns, 15-6 Friday night at Swift Field.

The first half was dominated by the Longhorns, both defensively and offensively. Hart's defense shut out the Swifts during the first 24 minutes of play, allowing just 34 total yards of offense and no first downs.

The Longhorn offense was able to move the ball at will during the first two stanzas, but turnovers killed each drive.

With 2:16 left in the first quarter, Hart moved the ball into Swift territory and drove to the 30-yard line before Nazareth forced a fumble and Wade Hoelting recovered

Another Hart drive early in the second quarter ended when Bob Kern fell on a loose ball at the Longhorn 47 and the Swifts took over once again.

Hart finally put together its best offensive drive in the game late in the second period.

The drive started when Hart's Ricky Ojeda intercepted a Michael Schmucker pass with 4:35 left in the half and returned it to the Nazareth 19-yard line.

With 1:36 left in the half Craig Skiles pushed into the end zone from three yards out to give Hart its first and only touchdown of the game. The point after try was wide, and Hart had to settle for a 6-0 lead at half time.

Hart received the second half kickoff and started from its own 22. Rey Velasquez, who started at quarterback for the Longhorns in the second half, threw a pass that proved to be the turning point in

Nazareth's Marty Gerber stepped in front of the pass, caught it, and raced into the end zone with just 16 seconds expired in the second half. Brian Schmucker booted the extra point to give Nazareth a 7-6 lead.

The Swifts had Hart pinned deep in its own territory on the next kickoff and that's where the Longhorns' offense remained for the rest of the game - deep in its own territory.

Hart had one chance to get back in the game, but couldn't move the ball. With 2:47 left in the third quarter Hart recovered a Nazareth fumble on the Swifts' 14. The Horns were forced to punt the ball back with 14 second left, but the attempt was blocked by a swarm of Swifts and Nazareth took over on Hart's 17.

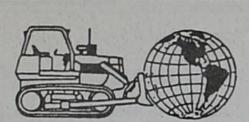

The Swifts couldn't move the ball either and returned the ball to Hart with just a minute gone in the fourth quarter. Brian Schmucker's punt was marked at the one-yard line and Hart faced a "deep" prob-

Hart couldn't dig itself out of the hole and Nazareth got the ball back in good position, only to lose possession on downs at Hart's goal line. That turned out to be a boost for the Swifts.

Harold Verkamp cornered and sacked Davis in the end zone with 4:59 left in the game to give the Swifts a 9-6 lead.

Two minutes later Verkamp broke two tackles and raced for a 46-yard touchdown to seal the win. The extra point was blocked and the Swifts settled for a 15-6 lead and the victory.

"Marty Gerber's interception was the turning point in the game for us," said Les Goad, Nazareth head coach. "The defense played very strong and had forced many

"Our defense played very well, and besides the long run, we feel like we could not have played any better on defense," said Hart's coach, James Mireles.

HEAD TO HEAD!-Nazareth's Bob Kern (77) and Hart's Craig Skiles (22) square off during fourth quarter action Friday night at Swift Field. Skiles took the kickoff after Nazareth scored its final touchdown and returned it to the Nazareth

31-yard line before Kern tackled him. Skiles' teammate, Gilbert Galan (55), and Nazareth's T.J. Garza (30) also get a hand in the play. Nazareth won the contest 15-6.

# Slaton wins, 21-19, as Davis runs loose

It was a two-act extravaganza the Gaylon Davis Show, featuring Slaton's all-state running back candidate, followed by the Dimmitt Aerial Act, starring quarterback Freddy Martinez and a host of daring young receivers.

When the curtain rang down, Slaton's Tigers owned a 21 - 19 victory in a non-conference game played at Slaton Friday night.

The encounter left both teams with 1-1 records.

Dimmitt's coaches and players hope Davis is the best running back they'll face this season. The speedy, slippery senior accounted for almost 200 yards in the first half alone-177 running and 20 receiving-and finished with 251 yards on 20 carries.

Dimmitt drew first blood with a 30-yard field goal by Raul Jackson with 2:40 left in the first quarter.

The Bobcat lead lasted 20 seconds. On Slaton's first play after the ensuing Dimmitt kickoff, Davis whipped around right end, evaded three tacklers in Dimmitt's secondary and raced 80 yards for the Tigers' first TD. Carlton Kirkwood kicked the extra point to give Slaton a 7-3 lead with 2:20 remaining in the first.

Although Armando Arce made a beautiful 54-yard kickoff return to the Slaton 36, the Bobcats could advance only five yards before having to give up the ball as the first quarter ended.

Midway in the second quarter, Davis started left, got cut off, reversed his field and raced 15 yards into the end zone to climax a fourplay, 40-yard drive. A procedure penalty and an incomplete pass foiled the extra-point attempt, leaving the score at 13-3 with 5:12 left in the second.

Later in the second, a high snap went over Dimmitt punter Miguel Ontiveros' head and the Tiger defense nailed him for a 24-yard loss at the Dimmitt 37. Five plays later, quarterback Tracy Starkey bootlegged left four yards for a TD.

Davis ran a two-point conversion, extending Slaton's lead to 21-3 at

In the second half, Davis shared the spotlight with three younger, also-talented running backs—junior Marcus Kirkwood and sophomores Kevin Canady and Joe Williams, who teamed for 114 yards.

But the teams battled scorelessly throughout the third and for half of the final quarter. Then the Bobcats took command and finished the game with an aerial flourish, striking for two touchdowns in a 15second span.

With the Bobcats backed up to their own 17, Quarterback Freddy Martinez-Dimmitt's leading rusher with 64 yards-started the rally with a nifty 14-yard run, and two plays later hit James Flores with a 22-yard pass. Then, in quick order, he hit Michael Ethridge with an 18yarder and Ontiveros with a 13yarder before connecting with Ontiveros in the end zone with a 14yard scoring pass with 50 seconds remaining in the game.

Ontiveros was the man on the spot again on the extra-point try. The Bobcats bobbled the snap, but Johnny Ortegon picked up the ball and roamed around until he spotted Ontiveros, then lobbed a pass to the junior back for a two-pointer to make it 21-11.

An onside kickoff bounced off a Slaton player and the Bobcats recovered at midfield in a play that took only two seconds off the

Then Martinez hit Ethridge again with a 25-yarder, and on the next play he slung a long one to Armando Arce in the end zone for another TD with 35 seconds remaining. Martinez found Jesse Garza in the end zone with a two-point conversion pass to cut Slaton's final lead to 21-19.

Martinez, who had completed only two of six passes in the first half, connected on seven in a row in the two quick - strike scoring drives to finish 9-of-14 on the

"We played poorly the first half, partly due to Davis," Dimmitt Coach Army Salinas said. "We played better defense in the second half, but we still weren't playing as well as we can play."

Overall, I don't think we've made the positive improvement on technique and play that we needed to make," Salinas said. "But Slaton has a good team. I hope we don't have to play against another runner like Davis.'

# Cats and Horns at home

Dimmitt will host River Road, Hart will host Springlake-Earth and Nazareth will travel to Anton in Friday night's varsity football ac-

Kickoff time will be 8 o'clock for all three games.

### River Rd. at Dimmitt

It will be Parents' Night, and the Bobcats are hoping they can show their parents a good time by chalking up their second victory against the visiting Wildcats.

But it may not be easy.

"River Road has always been a good, physical football team," Coach Army Salinas said. "We were fortunate to beat them last year; they were ahead 3-0 at the half last year. They've got 10 starters back on defense."

The Wildcats—1-1 so far after a 14-12 win over Friona and a 19-0 loss to Panhandle—have switched from the wishbone to a split-back veer offense this season.

"This will be an important game for us," Salinas said. "We need another early win, and we need to show improvement. I've challenged the boys to pick it up a notch in their aggressiveness."

### S-E at Hart

"It's going to be a lot like looking into a mirror," Longhorn Coach James Mireles said. "Springlake-Earth likes to run the veer with the quick pitch and speed option just like we do, and they run the same defense as we do-a 5-2."

The Wolverines are still looking for their first win. They lost to Farwell 26-0 in their opener and fought to a scoreless tie against Olton Friday night.

But the Wolverines will get their share of wins this year, Mireles

"They're a pretty good ball club," he said. "They're bigger than we are, but we have a little more quickness and speed. I'd say they're comparable in talent and size to Nazareth."

He added, "We really need to have a good game this week. We didn't play well against Anton but still won. We played well against Nazareth but made a few mistakes that cost us the game. We're ready to have some good luck and maybe turn into a butterfly this week."

### Nazareth at Anton

Last year, the Swifts and Bulldogs fought to a tie. But NHS

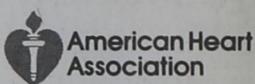

Coach Les Goad said he won't settle for a tie this time.

"They're a very young football team, like we were last year," Goad said. "But we can't take them lightly. They played a real strong game against Hart, and I know they're capable, so we're going to have to be ready."

The Swifts are an upbeat bunch now, off to a 2-0 start, and they want to keep it going.

"We're very fortunate to be 2-0, but we feel very good about it," Goad said. "The kids really have responded. I was especially proud of them Friday night. Hart has a very good team and played a very good game."

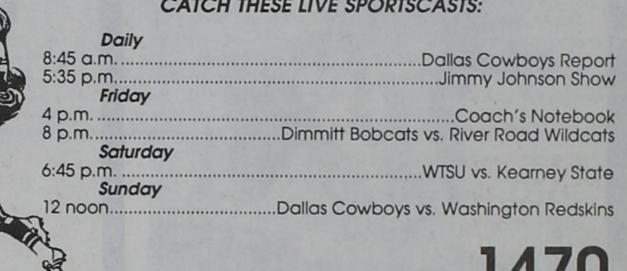

The Swifts will be missing the services of tight end Stephen Lange, who sustained a broken thumb in the Hart game and will be out two to six weeks, depending on the result of surgery that was scheduled for Wednesday.

### Women Involved in Farm Economics

Two members of the local WIFE chapter attended the state meeting in Abilene Sept. 9-11.

Lois Wales was elected state first vice president, Mary Emma Matthews was named state secretary and Pat Bagley was named the state publicity chairman.

The chapter is also well represented on the state's commodity chairperson list, with Bagley serving as beef chairman, Wales as energy and nuclear waste chairman, Frances King, feed and grain chairman, Matthews, chemical chairman and Nell Ingram, labor and rural health chairman.

The Dimmitt chapter has been very active this year.

# Correction

Castro County's budget for the coming fiscal year does show estimated expenses of \$2,250,303, but projected revenues were set at only \$1,918,839, causing the county to operate from a deficit budget,

"We have cash reserves on hand of \$740,261, but now \$331,458 of that will go to cover the difference in income and expenses for the coming fiscal year," County Auditor Shirley Brockman said. She noted that the county has tried to keep six months' operating expense in reserve for emergencies, but will now have only a three-month reserve to fall back on.

The amount of planned income was mistakenly reported in last week's issue of the *News* to include the amount of cash reserves. We regret the error.

In January they catered lunch for the Texas Corn Growers' annual meeting. In April the members went to Austin to lobby for ethanol and a tax break. They gave each representative sweet bread made with distillers grain, a bi-product of ethanol. The distilled grains make the bread more moist and it keeps longer than breads made with flour alone. They also visited the ethanol plant in Portales, N.M.

In June, five members went to Washington for National Steering Meeting for WIFE and attended the Farm Women's Leadership Forum. They lobbied congress and the senate on the ethanol issue and the 1990 farm bill. They had a legislative breakfast on the Senate side with most of the congressmen and senators from the area.

They attended meetings for nine days, had good speakers and learned a lot. One of the meetings they attended was on farm safety for "Just Kids." This was also the meeting at the state convention. The group has video tapes available for programs. If anyone is interested they can call 647-5643.

In August the group had a bake sale and sold tickets on the quilt for state. La Don Hansford of Hale Center won the quilt.

In September they catered the meal in Tulia for American Ag and Texas Corn Growers. Bill Sarpalius was the featured speaker.

WIFE would like to say thanks to its supporting members who have supported the organization in any way. They wish to thank their husbands, who helped out so much.

KIWANIAN OF THE YEAR is John Kovacs (right), who was announced as the winner of the Dimmitt men's service club's top award during the annual installation of officers Monday at K-Bob's Steak House. Presenting the award plaque is outgoing president Don Sheffy.

The Octoberfest program is sponsored by the Texas Agricultural Extension Service and feature educational programs and activities which offer a wide variety of topics to fulfill the highest expectations of all who attend, Sageser said. Topics include exploring insurance options, cooking demonstrations, new tax laws, floriculture, and more.

Learning centers will offer hands-on experience in a variety of areas such as oil painting, wind chime making, needlecrafts, antique restoration, country crafts, collectibles and more.

Boat rides and fishing on Lake Brownwood will also be available to those attending the event. PANHANDLE COMMUNITY SERVICES

By Flo Shuflin, Coordinator

The home health services provided by Panhandle Community Services has been discontinued, but according to Flo Shuflin, Panhandle Community Services center coordinator and Polly Simpson, Castro County judge, the agency still has many programs available to help the people of Castro County.

Shuflin said that even though the health portion of PCS is being closed out effective Sept. 29, the clients of those programs will be placed with another home health agency by the Texas Dept. of Human Services. Shuflin said she is sure that all of the clients will still receive the much-needed help.

Although Panhandle Community Services has had to remove itself from Home Health Services, Johnny Raymond, executive director, and the board of directors, assure everyone that the other programs will remain available to the citizens of Castro County.

Among the programs still available are:

—Section 8 Housing Program which provides rental assistance to those persons who meet the HUD guidelines for eligibility.

—Temporary Emergency Food Assistance program which issues commodities to eligible households.

— Jobs Training Program Act (JTPA) which helps persons get the training on the job or in school to help them get better jobs.

—Non-Traditional Employment for Women equals Self Sufficiency is a new program to help single mothers find employment or training in non-traditional jobs.

— Rural transportation is a program that transports people to medical services, grocery stores, beauty shops, or wherever transportation is needed. Shuflin stated that Panhandle Transit will travel to Amarillo for medical services on Tuesdays or Thursdays if rides are sheduled 24 hours in advance by calling 647-3244. Local trips are also scheduled for Tuesday or Thursday.

—Weatherization Programs help qualified individuals weatherize their home.

PCS officials will help you fill our any forms you have problems with, and will try to get you to the proper sources to help.

Applications for and information about these year-round programs and seasonal programs to assist with utilities can be obtained at the PCS office at 114 W. Jones, or by calling 647-3244.

# Police Calls

A Sheriff's Dept. patrol car was "pretty well totaled," according to Hart City Marshal J.W. Anthony, when it collided with a freight train Friday morning in Hart.

Deputy Don Williams was driving south on Avenue A, and reportedly was speaking on the radio as he approached the railroad crossing near the intersection with SH 194.

"He observed the train about 60 to 65 feet away and attempted to stop, leaving 51 feet of skid marks, but he was unable to come to a complete stop," Anthony reported. "The patrol car struck the front left of the cattle catcher at the front of the train engine, and then was sucked into the path of the train.'

The train suffered an estimated \$150 to \$200 in damages, and Williams sustained a few bruises. No citation was issued.

Two vehicles both sustained heavy damage in a collision Friday morning on US 385 about seven miles north of Dimmitt, and both had to be towed away. No injuries were reported, according to DPS Trooper Nick Hand.

Kevin Pauwels, 27, of Lubbock was cited for unsafe speed. He had been traveling south when he lost control of his '89 Honda, ran off the road, then "made a high speed U-turn" into the path of a '79 Ford LTD being driven north by Hope Torres, 23, of Dimmitt. Torres' car struck the rear of the Honda.

Saturday afternoon, two grain trucks collided at the intersection of

Monday morning, the Sheriff's Dept. received a call from the State Highway Dept. reporting the theft of a radio head, stolen from one of the department vehicles parked at the building on East Bedford. While investigating, deputies discovered a discarded two-way radio in the vicinity.

Shortly afterwards, a call was received from Hyman Farm Service, reporting the theft of a twoway radio from one of their vehicles. The discarded radio was identified as belonging to Hyman's. Investigation is continuing into the two incidents.

Sunday, Dimmitt police answered a family violence report and arrested a 26-year-old man who reportedly had struck his wife in the mouth and face. He was charged with assault in municipal court and fined \$217.50, including court costs.

A 17-year-old Dimmitt man was arrested early Sunday morning for reckless driving, and was released after paying a fine and court costs Monday.

A vehicle driven by a 35-yearold Hart woman was stopped Monday night for having no tail lights, and a subsequent check revealed the woman was wanted on DPS traffic warrants and theft by check warrants from Hale County. As of Tuesday she remained in jail in lieu of bond on the Hale County charges after paying the DPS warrant

Friday afternoon, a woman reported to police that someone had taken \$480 from her purse while she was sleeping in her room at the Colonial Inn Motel.

"It's a different world than where we come from" may be the words to the theme song from the television show A Different World, but to Priscilla Garcia, a Dimmitt High School senior, the words describe Norway.

Garcia, daughter of Paul and Ortencia Garcia, spent the summer in Forland, Norway with the Egil and Anne-Berit Sael family as part of the American Field Service's summer exchange program.

After experiencing life in Norway for two months, Garcia decided she prefers life in the United States — and she won't take the small things she has here for granted anymore.

"There are a lot of things we have that are taken for granted, but we don't really realize it until we don't have those things anymore," Garcia said.

Several things about Norwegian life were different to Garcia, especially television, the schools and food. She also realized how much influence the United States has in other countries.

"I met a lot of young people in Norway and they seem to know a lot mroe about government than young people here do," she said.

"I didn't realize how much other countries look up to the United States, but they do. There's always something on Norway's television news programs about the US. It also seems like the young people dream about coming to the US."

One thing Garcia really missed about the "Good Old USA" was

"In Norway there's only one channel on television and it doesn't even go on the air until 7 p.m. Half of the time there isn't anything of interest on either."

Garcia was able to learn a little bit about the schools from her Norwegian sisters, Solvieg and Gunvor, and said she'll never think school in Dimmitt is boring again.

"The young people in Norway go to school to study, and that's all they do," Garcia said. "They don't have any sports and there are no school clubs, organizations, pep rallies or football games to enjoy. They just study all the time."

Students in Norway may have to study all the time, but there is a reward for their efforts. They only have to attend school until they are 15. Garcia's older sister, Solvieg,

was 17, so she had already graduated. She had been accepted to a secondary school of math and science, Garcia said.

Garcia's younger sister, Gunvor, was in England for a language studies program when she arrived, but returned home about 2 1/2 weeks later.

Garcia felt she was extremely lucky to live with the Sael family, especially since they all spoke English and wanted her to help them improve their knowledge of the language.

"Norwegians begin studying English when they are 10, so everyone under the age of 30 spoke at least some of the language," Garcia said.

"My mother was really special to me. She was a fifth grade teacher, so she was able to be home all summer. She tried to teach me their language, but we spoke English most of the time."

For Garcia, the Norwegian custom of eating only one hot meal a day was very different.

"The food was really hard to get used to at first, but once I adjusted to it there was no problem. They only eat one hot meal a day and that's at night. Breakfast and lunch are just snacks of bread, jam and

"They eat a lot of sweets and fish. My mother always had something sweet around the house. When I was there the strawberries were just ripe and we ate them all the

Garcia shared a special relationship with Solvieg and spent most of the time with her sister.

The Saels' family pet dog, Tanja, was a frequent tag-along on the girls' sightseeing ventures.

"We've had pets before, but this dog was something else," she said. "She was inside all of the time and she would sit at the table and stare at us when we were eating. We didn't take her on vacation with us, but that was the only place she didn't go."

Garcia's father worked as an engineer for Stat Oil Co. in Norway, but was able to take a threeweek vacation to be with her.

"We visited a lot of museums, went river rafting and snow skiing, which is something I'd never done before," Garcia said.

"The country is beautiful with mountains and water everywhere. When we were traveling around Norway I got carsick because we went around so many curves.

"When I first arrived it was very warm and my family told me I was lucky because it wasn't ever warm there. When it is warm they take advantage of it. We had breakfast, lunch and supper outside under the sun, because sunset wasn't until 10:30 or 11 p.m.

Garcia found products in Norway to be very expensive, even as much as twice as high as the same products in America sell for.

"Automobiles are really expensive and very few people have one. A lot of people just walk where they want to go.

"A pair of new Levis in Norway sell for \$100, with a secondhand pair priced at \$50 or \$60."

Solvieg was knitting a sweater while Garcia was there, because they were too expensive to buy. Garcia said almost everyone knows how to knit.

One of the customs Garcia really found interesting occurred when a Norwegian turns 15.

"Everyone receives a native costume when they turn 15 to symbolize their country's heritage. I don't remember exactly how much the costumes cost, but it was somewhere around \$2,000. Everything was just so expensive.

"I really want to thank AFS and my parents for enabling me to have this experience. I would encourage anyone to do this if they have the opportunity," Garcia said.

"You just can't describe how much you learn or experience. It's an experience I'll never forget. The best thing about the summer was just getting to see a different country. I enjoyed meeting new people my own age and comparing our lifestyles. It's a different world out

that was very different from her life in Dimmitt was the water and mountains-found everywhere. Tanja, the family's pet dog, went everywhere with the girls and the Sael family.

decide whether they will have to make up the missed practice time in some way," Stockstill said.

Faculty members have been very supportive of the tutorial/detention program, according to Stockstill.

"The faculty has been very pleased. It gave them a real lift, when they saw that the school board is concerned enough about academics to make this kind of effort. It certainly points in the direction of a strong emphasis on academics," he commented.

Stockstill reported that teachers have already received inquiries from students that "tell us the students are already looking for ways around it (the tardy policy and required attendance at tutorials)."

He noted that the general response from the student body has been positive, particularly in regard to getting out of school at 3:30.

Concerning extra-curricular activities that students in detention might have to miss, Stockstill said that a distinction is drawn between co-curricular and extra-curricular. He pointed out that contests are considered extra-curricular, while other activities might be classified "It will be up to the coach to co-curricular, in which case a student would be required to attend regardless of drawing a detention.

> "Of course, the detention would be made up another day," Stockstill concluded.

Students assigned to tutorials are allowed to reschedule the tutoring in case of conflict with extracurricular activities, as long as UIL eligibility rules are met.

# County's sales tax rebates up

Sales tax payments to Dimmitt, Hart and Nazareth totaled more than \$24,000 for the most recent rebate period.

The total disbursement was up 20.81% over last payment at the same time of the year, according to State Comptroller Bob Bullock. The county's total payments for the year stand at \$224,458.82 after September's checks.

Dimmitt and Nazareth both received checks above last year's payments through September, but Hart's check was down. Dimmitt's

check for \$21,911.35 was 25.5% higher and Nazareth's allocation of \$1,575.68 was up 1.7%. Hart's rebate of \$1,423.78, however, was down 11.67% over the same period last year.

Year-to-date totals for each city are: Dimmitt, \$201,485.91, up 26.19%; Hart, \$11,773.60, down 9.31%; and Nazareth, \$11,199.31, down .66%.

September's checks represent taxes collected by monthly filers in July, and reported to the Comptroller's office by Aug. 21, Bullock
