## THE METHODIST CHURCH Rve. Geo. B. McCrary, Pastor Bronte, Texas Sunday Services

10:00 Church School  
11:00 Morning Worship

The pastor is away attending the Pastors' School at Southwestern University at Georgetown, but the church continues. Rev. J. D. McWhorter will preach Sunday morning. Brother McWhorter is a retired pastor, living now in Bronte, after having served his day and generation well in a number of good churches in this conference. He has preached in this church before, but we have not heard him for some months. Let's give him a good congregation, for he will have a good sermon. A good sermon depends so largely on whether there is a good congregation.

## FIRST NATIONAL BANK SHOWS SUBSTANTIAL INCREASE IN DEPOSITS

The semi-annual statement of the First National Bank of Bronte, reported elsewhere in this paper, reveals a substantial increase over figures released as of December 31, 1945, as a study of the record will indicate.

By comparison with the Dec. 31, 1945 statement, it is learned that the sum of total deposits is now \$1,515,897.20, or an increase of \$211,127.69 in a period of six months.

Breaking down the latter figure still further, that means our local bank has taken in an average of \$35,187.94 in deposits each month, or \$1,172.93 per day, over the last six months.

"I am well pleased with the showing made by our bank," L. T. Youngblood, president, remarked, "and believe we can continue to show a record of steady and substantial growth."

## Our Washington News Letter

By Congressman O. C. Fisher

The big news in Washington last week, as was true over the nation, was price levels with controls taken off. A survey made in grocery stores here showed some increases, a few decreases, and many things selling for about the same. For weeks there has been practically no meat sold in stores, but it is reported the big rushes in the stockyards will be reflected in meat counters very shortly. Most complaints here have been concerned with increases in rents.

The price of meat will, of course, be higher. This is true because of removal of ceilings and also because of consumer subsidies. The subsidy is a hidden cost the consumer has been paying all along but without it being shown in his grocery bill each week. The same is true of milk and a number of other commodities. In Washington, milk jumped three cents a bottle immediately, but it really wasn't an increase after all, because the three cents equalled the subsidy the government has been paying on each bottle of milk purchased by the consumer, and is usually referred to as a "hidden cost." In the case of meat, the government has been paying about a nickel a pound on the consumers' bill.

All in all, during the past four years, Uncle Sam has spent a total of six and a half billion dollars in helping pay grocery bills of American consumers. That is, of course, not a real saving to the housewife because the money used for that purpose has been borrowed by the government, with interest, and the consumers will eventually have to foot the bill anyhow. At 2½% interest this accumulated bill will continue to cost us 162.5 million dollars every year until the bonds are paid off, and this will require years and years.

Since the President vetoed the OPA extension bill he has said he now favors the beginning of removal of subsidies, with all subsidies to be taken off during the next 12 months. Congress had directed that in the vetoed bill, and will undoubtedly put the same provision in any new legislation on the subject. The fact is that the vast amount of money the government has borrowed and spent in helping people pay their grocery bills during the past four years has added heavily to the inflationary forces, and certainly the quicker they are removed the better for the country.

But regardless of the issues involved, the immediate effect of decontrols over meat has been to put meat in the show windows of the grocery stores that have been barren for weeks. On Tuesday after OPA died on Sunday 105,000 hogs went to market. That compared with only 15,000 on the preceding Tuesday. And the same general increase has been true with cattle. More cattle moved during the first week after decontrol than had been sold during the preceding four weeks.

For the first time in weeks the big packers were able to buy. For the first time in weeks the black marketers had competition from legitimate buyers. It is interesting to take a glance at what was happening at the stockyards before controls were removed. On Monday morning, June 24, 10,000 cattle were received at the Chicago market. Out of that number the three largest legitimate buyers were able to buy only 18 head. On the Monday before that 7,500 cattle arrived at those yards and 6,500 were bought by speculators who shipped them out "over the horizon." Neither Armour nor Wilson were able to buy a single head. Why? The reason given by them was that they could not compete with black market bids on live animals. It was estimated that 83 per cent of all meat was being sold through the black market.

So, for at least a little while when Old Mother Hubbard goes to the cupboard, to her surprise it will not be bare, and it will have gotten there through an honest market.

Doc Leonard passed along some interesting items the other day about events in Bronte some 30 years ago. Seems that Annie Davis Smith arrived to live with her parents, Dan Smith and Auba Keeney, who were 27 and 20 years of age. The following folks were on the sick list then: Ray Kiker, Walter Buford, J. E. Nance, Jim Tabors, Sam Brock, Jamerson, Willis Smith, Marvin Turner, Joe Lambert, and Will Barnes.

C. C. SMITH

## C. C. SMITH PASSES

C. C. Smith, 64, a resident of Bronte for 38 years, passed away suddenly last Thursday, July 4, of a heart attack. He had complained of a pain in his chest shortly before his death, but did not believe it to be serious. On arriving at his home shortly before noon, he brushed past his grandson, Johnny Smith, went to his room and turned on a fan, then fell across the bed. When Mrs. Smith went to the room a few moments later, she realized he was suffering and rushed to the door to call passersby, who arrived too late to be of any service.

Mr. Smith, who operated the local Texaco Service Station, was born in Lee County, Texas, and both he and Mrs. Smith joined the Baptist Church here in 1910. He was married in Coleman in 1902, and lived in Bronte till 1914, when he moved to a farm north of town where he raised his family. He was long identified with any progressive movement affecting Bronte and the surrounding trade territory, and was a real Bronte booster. He was exceedingly fond of his grandchildren, and often did many kindly things for his sons and daughter, as well as his grandchildren and friends.

Survivors include his wife, three sons, Otis and Clytus of Bronte, and Curtis of San Angelo; one daughter, Mrs. Marcus Tubbs of Bronte; one half brother, Harvey Miller of Burkett; one half sister, Mrs. Charles Miller of Brownwood, and seven grandchildren.

Funeral services were held from the First Baptist Church in Bronte, on July 5, at 5:00 P. M., with the Rev. C. R. Blake, pastor in charge. Burial was in Fairview Cemetery in Bronte.

## PERSONALS...

The Barney Modglings have returned from a recent trip to Ranger, where they visited with W. N. Dunson, formerly Methodist minister in Bronte. They were also guests of their son, Elmer, in Weatherford, and in Fort Worth, Barney visited the Magnolia offices, where he received a grand reception. They came back by Stephenville and Dublin, where they visited old friends, and Barney declared that Weatherford "really had some good rains, about an inch, in fact." The corn around Weatherford looked to be in good shape, Barney noted, and at Dublin, both corn and peanuts looked all right to him. The Modglings were gone from Sunday through Thursday.

Quite a crowd was in Christoval on the 4th, including Mrs. N. L. Pruitt, Billy Gunn, Allene Mitchell and her husband, Shirley McDonald and Carole Dismore, Claude Dismore and his family, and Elton McGinnis of Eldorado. John Burroughs was there too, from over on the Edith route. Uncle John said he had 700 acres going now, and was enough to keep a man busy.

4th of July guests of James Keeney included Miss Fay Franklin and Mary Ella Bathmull of Colorado City, and Keeney Arrott of Orient. The quartet spent the day at Christoval, and reported a wonderful time.

Rev. W. C. Cumming, pastor of the First Presbyterian Church of Marshall, Texas was a Bronte visitor last week. He was formerly located at Miami Beach, Florida, and was the editor's pastor when he was stationed there. It was Rev. Cumming's first visit to West Texas, and he enjoyed it.

## SERVICE CLUB TO MEET TONIGHT

Under the leadership of newly elected club president, C. E. Bruton, members and friends of the Community Service Club will meet tonight at 8:00 in the vocational agriculture room of the high school.

## RAINEY CAMPAIGNS IN COKE

Homer Price Rainey of Austin, candidate for governor, carried his campaign into Coke County, Tuesday morning, as he made personal appearances in Robert Lee and Bronte, greeting several hundred folks who had gathered to see and hear this experienced of the University of Texas who is far in the lead in the governor's race, according to latest report of the Belden poll.

"I'm Homer Rainey of Austin, candidate for governor," he told folks he met during his visits, and they responded warmly to his spontaneous friendly greetings and sincere handshake. While Dr. Rainey made no formal speech, he did chat frequently with voters, who gathered on both sides of the street in Bronte and Robert Lee to witness the candidate about whom so much has been said and written.

"Well, I had him pictured as a typical, shrinking, professor," several declared, "but I've sure changed my mind now," they continued.

"Thing I like about him," said two persons who had heard his speech in San Angelo the night before and who were on hand to greet him again, "is that he sticks to the issues and doesn't get mixed up in mud-slinging."

"Yeah, and did you hear the way he answered those questions they shot at him," retorted another. "That shows he's got nothing to hide."

"Well, I bet he wins the race without much trouble," declared another man, "for people are tired of all this twaddle that's going the rounds."

Accompanied by the editor, who introduced Dr. Rainey in Angelo, Monday night, to a large crowd assembled to hear the former Baptist minister, the candidate took off for Ballinger following his visit to Bronte, and there he spoke to a sizeable crowd assembled in the courthouse yard.

One individual, asked by the editor to vote for Homer Rainey, flew into a rage. "I ain't gonna vote for that so and so," he swore, "not if he was the only man in the race."

"But what has he ever done to you," this man was asked.

"He ain't done nothing, but I ain't gonna vote for him," was the reply. "As a matter of interest, then," he was questioned, "who do you intend to vote for?"

"Me?" he swore, "I ain't gonna vote for nobody, I'm against all of 'em!" The final suggestion that maybe a few more candidates might get into the race to provide a wider choice for voters brought only a glare.

## 38 VETERANS CLAIM TUCC BENEFITS

Unemployed veterans outnumbered unemployed civilian workers by approximately six to one in the Bronte area, W. H. Donathan, district supervisor, for Texas Unemployment Compensation Commission, reported today, comparing veteran unemployment with individuals receiving civilian unemployment insurance. He said that the veterans were searching for jobs themselves and that the employment service was aiding but that churches, civic clubs, and merchants associations were needed to help solve this major reconversion problem—the re-employment of war veterans.

In the Bronte area there are 6 unemployed civilian workers filing claims for unemployment benefits, and 38 unemployed veterans. The latter are receiving readjustment allowances under the G. I. Bill of Rights, which is administered by the TUCC in Texas through agreement with the Veterans' Administration. Payments under the G. I. Bill come from monies supplied by the VA out of congressional appropriations for that purpose.

Our economy will be unbalanced until these veterans find jobs, Donathan declared, explaining that this was not only a local problem but nationwide. Everyone has got to help because our post-war economy is not Donathan said that in the few instances where the veterans have re-fused suitable jobs, their allowances have been stopped as provided in the G. I. Bill.

## WILLIAM GILLHAM HIT BY LIGHTNING

William Gillham, 6, grandson of W. J. Gideon of Bronte, was seriously injured last week when struck by lightning while playing in his yard at the home of his parents in Odessa, Texas, according to Mr. Gideon.

The child, riding a metal scooter, took shelter under a tree when it began to rain, and the lightning flash burned a hole 16 inches in diameter through the tree, cooked the child's face, arms, and head, jumped from him to the scooter, and melted its bolts and metal trimmings.

A neighbor 30 feet across an alley was knocked down by the bolt, and Mr. Gideon's son-in-law, sitting on the porch was thrown out of his chair.

The Gideons left for Odessa immediately after receiving word of the accident, but he returned later.

"William seems to be improving right along," he declared, "but I never heard of anybody recovering as well after an accident like that."

The boy was unable to see from Sunday till Thursday, but it is believed that his eyesight will not be permanently injured.

Mr. Gideon left yesterday to bring his wife back to Bronte.

# THE MISSION OF SCHOOL

Some people think that the mission of school is to fit them to dodge hard work as a rule, And when they have won the badge of a scholar They never should work without a collar. But school, we have found, is the very best place To fit you for work in winning life's race. And whenever it comes to making the dollars You better not draw color line on the collars. **the Budget!**

"You have to be a trained seal to balance a budget these days!" complains Mrs. Brodie.

"Everything costs so much! Take clothing—when you can get it," says Mrs. Brodie, "and look at the price tags! And food—that's simply skyrocketed! House furnishings—if you can find a house to furnish—are way up!"

"But not electricity!" says Mrs. Brodie. "No, indeed!" says Mrs. Brodie.

"Electricity has been coming down steadily for years!"

"Electricity," says Mrs. Brodie, "is just about the easiest thing in my budget to balance!"

If you have a budget to balance—and who hasn't?—you'll appreciate that the low cost of electricity is no accident. It took plenty of practical planning and experience on the part of the folks in this company who—like Mrs. Brodie—have budgets to balance, too.

**HERE'S  
BLACKWELL...**

By Mrs. Charles Ragsdale

Mr. and Mrs. Rush Rotan and sons of Midland are visiting relatives in Blackwell this week.

Mr. and Mrs. Elmer Turner and daughters have moved to Roscoe, where Elmer has accepted a position in a garage. Unable to find a house there, he moved his house also, so we've lost a good family and a house too.

Mrs. Roy Sanderson is home after a two weeks stay in an Angelo hospital.

The picnic sponsored by the WHD Club was a grand success. Everyone enjoyed hearing the candidates speak.

Cecil Hargraves and son, Jamie, of Douglas, Arizona, are visiting Mr. and Mrs. Claude Hargraves.

Mr. and Mrs. Ben Henderson and children of Hernleigh were Blackwell visitors last Friday.

The Raymond Hollands and children of Fort Worth are guests of Mrs. Stella Holland.

Mrs. Ernest Ware and sons, Harold and Gene, have been visiting in Snyder.

Mr. and Mrs. Clayton Caraway children are now visiting in Rotan.

Mr. and Mrs. A. J. McLendon of San Antonio are guests of Mr. and Mrs. Andy McLendon.

Mr. and Mrs. M. L. Barnes and son have moved to Blackwell from their farm near here. They bought George Hartin's home.

The W.S.C.S. met in the home of Mrs. C. H. Bolin, Monday afternoon with Mrs. J. A. Wheeler, president, presiding. Mrs. Frank Youree was the leader. The program was on the subject of "Women, Trustees of the Future." Mrs. Bolin gave a devotional, Mrs. Henry gave a talk, and the next meeting will be with Mrs. Henry Raney. Refreshments were served to Mrs. D. T. Hunt, Frank Youree, J. A. Wheeler, L. W. Sweet, L. Sweet, Wiley McRorey, T. A. Carlisle, J. W. Leach, Austin Jordan, and visitors included Mrs. L. W. Sands, Mrs. O. Z. Porter, Mrs. Maud Wagner, and Miss Earnestine Bolin.

The Baptist meeting will start today at the tabernacle.

Mr. and Mrs. Charles Ragsdale and Mrs. Arnold Richards and children went to Alpine, Tuesday, where Mrs. Richards will join her husband, who is attending school at Sul Ross during the summer.

Jack Youree visited, last weekend, with his parents, Mr. and Mrs. Frank Youree. Jack is now attending Sul Ross at Alpine.

**HAYRICK BARBECUE  
HUGE SUCCESS**

"Well, there must have been at least 200 folks there," said Mrs. Monroe McCutchen last week, "and everybody had plenty to eat." She was referring to the barbecue held at Hayrick on July 4th, which was originally a family affair, and which has now grown to be one of the largest held in this area on Independence Day.

The McCutchens have 10 children, all of whom are still living, and one of them, Mrs. W. F. Saunders of Grand Prairie, the former Miss Vera Mae McCutchen, was a former student of the editor's dad when the latter taught in Sul Ross College at Alpine.

"He was my favorite teacher," she said, "and I'll never forget a party he had for us kids at the close of school. We all had to wear our clothes backward, and you never saw such costumes."

Mrs. Saunders recalled that Dr. J. D. Leonard delivered her into this world, and it lacked but 15 minutes of being exactly 27 years when he also delivered her "baby" brother, Jeff Randall McCutchen, whom she then bathed and dressed. Mrs. Saunders now has three children of her own, she noted.

W. G. Cresap also observed that everybody had a wonderful time at the barbecue, including his second cousin, J. W. Byrd of Happy, Texas, who came down for the picnic along with his parents, the W. C. Byrds.

"I think we traveled the greatest distance of anybody else to come to the feed," Johnny declared, "and it sure was worth it." They left last Saturday morning on their way home, and were planning to go by way of Lubbock and Plainview.

Johnny declared he liked to farm wheat and keep cows, and noted that he now had seven and a half sections of land, after having started 30 years ago with 160 acres.

"He's more like a brother than a cousin," Cresap asserted, "and although he's been gone from Bronte for 30 years, he still comes back each year for the Hayrick barbecue."

Warren B. (Dub) Rice, son of Lester Rice, was killed on July 4 in a plane wreck in California, according to word received in Bronte.

**Farm, Ranch and  
Livestock News**

Highlights of the cotton insect conditions over the state are the finding this week of tearworms in Nueces and Aransas Counties, the continued high infestation of flea hoppers in the coastal section, and the widespread high population of both weevils in central, northern, and eastern Texas.

The counties so far infested with leafworms are Cameron, Willacy, Jim Wells, Nueces and Aransas. The extremely rank cotton in the Coastal area is ideal for a rapid build-up and spread of this insect.

Recommendations for control of today's outstanding pests are: (1) 5 per cent DDT-sulphur for a "knock-out" kill of heavy infestations of flea hoppers; (2) calcium arsenate dust for boll weevils; and (3) for combination weevil and flea hopper infestations a mixture of 5 pounds of calcium arsenate and 5 to 10 pounds of sulphur. For more details, consult your County Agent or write for Extension Circular MS-732.

It has come to the attention of the entomologists that mixtures of DDT and calcium arsenate are being offered commercially for control of cotton insects. Cotton growers are warned that DDT does not retain its effectiveness when mixed with lime or other alkaline material such as Calcium arsenate.

**PERSONALS...**

Doc. Leonard swears that the big scratch he's sporting was carved out by his pet rooster, who was dismayed over the feed shortage and lack of rain.

Judy Lynn Coleman, daughter of Mr. and Mrs. Buck Coleman, recently returned to Bronte with her parents after spending her time in Tacoma, Washington. Needless to say, this young lady is mighty happy to be back out here.

Mrs. H. O. Whitt, who recently underwent a tonsillectomy, is reported to be doing quite nicely by now.

A. R. Barbee and Walter Clendenon of San Angelo were Bronte visitors, Wednesday, enroute of Abilene. Mr. Barbee, owner of Barbee's Dry Goods Store in Angelo, plans to leave soon for Mexico City to take a vacation.

Mrs. Edna V. Said, sister of Mrs. J. D. McWhorter, visited in Bronte last week, leaving Monday to return to her home in Phoenix, Arizona. The Jeff Deans and the J. D. McWhorters and the J. T. Henrys and their families all had a good time on the 4th with a barbecue goat at the Dean home. Mr. and Mrs. Edmond Dean were included in the hospitality, and Jeff made the barbecue pit all by himself. "He didn't see how he could do it," Mrs. Dean laughed, "but he sure fixed us up a good one." Jeff declared there were a lot of No. 3 cans and quart cans up at school, all in good condition, and that if any-

body wanted them, they could have the cans by hauling 'em away.

Some fellows go to bed with the chickens, others stay up with the owls.

Jimmy Erwin and family of Colorado City have been guests in the J. L. Keeney home in Bronte.

"Farmer John" Burroughs, over beyond Robert Lee, was a front-seat listener the other night in Angelo when Homer Price Rainey was campaigning for governor. John also chatted with the candidate when the latter was in Robert Lee, Tuesday morning, and exclaimed that the second time was even better than the first.

Mrs. L. Johnson had an odorous time of it last Thursday night. Seems she was calmly minding her own business when her dog jumped a skunk, and she had to beat it to death with a broomstick. No sooner had she settled down from that episode than the dog jumped another skunk, and the affair ended with two skunks down and more smells to go. "It wasn't so bad that it couldn't have been worse," declared Mrs. Johnson.
