PLAY NIGHT

Effective this past Monday, Play Night has ceased operations for this summer of 1946, the first time it was ever attempted. Play Night, as most of you know, was originated in order that the young people of Bronte and the surrounding communities might have an opportunity to play together once a week in the high school gym, under the sponsorship of a few adults who are interested in the youngsters.

All in all, Play Night must be considered to have been a success. There were rough spots, to be sure, but they were overbalanced by the many good features to be found each Monday night.

An average of 50 individuals assembled each Monday night to play games, drink soda pop, sing, and have a good time. There may have been some who used Play Night as an excuse to leave home, and then failed to come to the gym. Probably some failed to come because it was too hot or they didn't like the games played. Two of the intermediates exchanged blows one night, some of the equipment was damaged, but the overall pattern was a good one.

Rev. George McCrary, C. R. Blake, Supt. Jeff Dean, and Principal H. R. Gassiot worked long and hard for the success of the undertaking. They deserve a major share of the credit for their efforts.

The youngsters worked at it too, and in another year, they will doubtless show more cooperation on their part. That is, Play Night required work — clean up, open up, close down, bring the drinks, ice them, sell them, return bottles, sweep out and care for property. Some of the youngsters appeared to take these for granted and expected the adults to do it all, but since Play Night was for their benefit, we feel they might have done more to help out with the necessary chores.

After all, it was the responsibility of all who participated.

VOTING IS NOT OVER

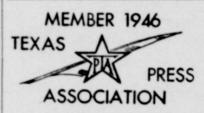

On August 24 Texans will vote for a number of individuals in the second primary or run-off. The close results of several races in Coke County show you, the voter, that your ballot is important. If only a few individuals stay away from the polls, the outcome may be different.

Let us go to the polls with a constructive point of view — that is, let's vote FOR somebody, not AGAINST somebody. A negative approach is not as desirable as a positive program that causes voting that is positive. You still have a chance to vote.

TO THE VOTERS OF COKE COUNTY:

Please accept my deepest sense of gratitude for the loyal support given me in my campaign for the State Sen-

The vote given me in those counties in which I was best known humbles me and impresses upon me more deeply the inestimable value of genuine friendship. I realize that I was virtually unknown in some of the other fine counties of the district and, of course, did not expect to receive as many votes as I did in my home county of Tom Green and in the surround-

ing counties where I was best known. It shall be my purpose in the future, as in the past, to represent the best interests of the State and District at all times. I sincerely trust that you will continue to give me the benefit of your advice and counsel as to how this may best be done. I am available to all of the people at all times for the good of Texas.

DORSEY B. HARDEMAN.
