HISTORY OF GEORGE SCOTT POST SHOWS SUBSTANTIAL GROWTH

The George Scott Post No. 394 of Bronte, Texas was chartered on Feb. 4, 1925. It was named after George Scott, son of Mr. and Mrs. G. R. Scott, then of Bronte. He was the only soldier from the Bronte area who gave his life for his country during World War I. Scott was killed in action in one of the major campaigns in France.

The original post, as chartered, was composed of some 21 or 22 veterans of World War I. McNeil Wylie, now of Robert Lee, served as the first Commander of the post and the late Pratt Williams was the first Adjutant. Due to the limited number of veterans in this area, the post never became very large until the American Legion made eligible for membership those veterans of World War I.

At the present time, the post is composed of 86 members with a goal of 100 having been set for this year. Norman R. Kiker is currently serving as Commander, and Royce Fancher as Adjutant.

One of the first major undertakings of the local American Legion was the construction of a park for the use of the citizens of Bronte and surrounding community. The city furnished a plot of ground on Kickapoo Creek near the eastern edge of town, which the Legion agreed to furnish with the facilities for such a park. This project was accomplished by

Planes to Salute Bronte People on Armed Forces Day

An Armed Forces Day aerial salute to West Texas communities within a 50-air mile radius of Goodfellow Air Force Base will be flown by Goodfellow instructors tomorrow, May 19.

The mass formation of North American T-6 aircraft will be led by Major Alec B. Streete, Director of Flying at Goodfellow Field. The group formation will consist of 27 aircraft divided into three squadrons of nine planes each. Each squadron will have 3-plane flights.

The "V" formation, which is taught to all fledgling pilots, will be used throughout the flight and will demonstrate the air discipline techniques developed in World War II where the actions of all pilots were geared to the leadership of a single pilot in the lead formation.

West Texas communities to be saluted and the approximate time (in parenthesis) that the formation can be expected follow: Menard (10:53 a. m.), Eden (11:07 a. m.), Bronte (11:43 a. m.), Robert Lee (11:53 a. m.), and Sterling City (12:11 p. m.).

Many of the fliers who are to participate in the formation exercises are veteran combat pilots of the last war and are now serving as flight instructors in the basic training program at Goodfellow AFB. The group leader, Major Streete, and squadron leaders, Major Paul A. Davis and Major Nile C. Greer, are all veterans of the Air Force.

Clarence Webb, Jr. will report for army induction in San Angelo on Wednesday, May 23. Webb has been notified that he will be sent to Camp Chaffee, Arkansas, or to Fort Sill, Oklahoma.

THE SCRIPTURES SPEAK

What Kind of Church Music?

1. JESUS AND THE APOSTLES SUNG A HYMN.

"And when they had sung a hymn, they went out into the mount of Olives." Mark 14:26.

2. THE APOSTLES COMMAND US TO SING.

A. "Let the word of Christ dwell in you richly in all wisdom; teaching and admonishing one another in psalms, and hymns and spiritual songs, singing with grace in your hearts to the Lord." Colossians 3:16. B. "Is any among you afflicted? Let him pray. Is any merry? Let him sing psalms." James 5:13.

C. "Speaking to yourselves in psalms and hymns and spiritual songs, singing and making melody in your heart to the Lord." Eph. 5:19.

3. WE ARE TO SING WITH THE SPIRIT AND WITH UNDERSTANDING.

"What is it then? I will pray with the spirit, and I will pray with understanding also; I will sing with the spirit, and I will sing with the understanding also." I Corinthians 14:15.

This is what the scriptures have to say about the kind of music that should be used in worship. Who is the man who can change that which the Holy Spirit has set in order?

YOU ARE INVITED TO ATTEND ALL OF THE SERVICES OF THE CHURCH OF CHRIST. WE WELCOME YOU.

THE SAN ANGELO TELEPHONE CO. Why New Telephone Rates Are Necessary in Bronte

For the first time since 1931, the telephone Company is asking for an adjustment in telephone rates in Bronte. The request is made necessary by the high level of post-war costs of furnishing telephone service, which has thrown our operations here with insufficient earnings.

Here are some of the reasons an adjustment in telephone rates is necessary at this time:

During 1950 we furnished telephone service in Bronte at insufficient earnings:
We collected\$10,746.20
We spent 15,468.70
We lost 4,722.50

Bronte telephone rates have not changed since 1931.*

During the past 10 years Bronte has grown from about 155 telephones to nearly 310.

Several general wage increases have been granted telephone employees since 1945.

The total monthly payroll in Bronte is nearly five times as high as in 1945 due to higher wage rates and a larger number of employees.

Telephone poles, wires, switchboards, and other equipment and supplies cost more than they did before the war.

QUESTIONS AND ANSWERS ABOUT THE TELEPHONE COMPANY'S REQUEST FOR HIGHER RATES IN BRONTE, TEXAS

- Q. HOW ABOUT TELEPHONE COSTS—ARE THEY UP MUCH?
A. The Telephone Company payroll in Bronte is more than five times as high as it was six years ago. The growth of Bronte, with the increased telephone usage and improvement of telephone service has made it necessary for us to employ more people; also, in addition, operating costs have gone up.
- Q. HOW LONG HAVE BRONTE TELEPHONE RATES BEEN IN EFFECT?
A. Present rates for telephone service were established in 1931. At that time Bronte had about 199 telephones as compared with more than 310 today. The scope, value and usage of the service has increased greatly in the past twenty years, with no increase in rates.
- Q. WITH SO MUCH MORE BUSINESS, ISN'T THE COMPANY'S REVENUE MUCH HIGHER THAN IT WAS A FEW YEARS AGO?
A. Telephone revenues have increased, to be sure, but expenses have increased much faster. Since 1940, local telephone revenues have increased approximately 164 per cent, but expenses during the same period have gone up approximately 209 per cent. Despite the fact that we have more telephones than 1940, and are handling a greater volume of calls than ever before, the telephone system here is being operated each month at a loss. Rates established twenty years ago simply will not bring in enough revenue to pay present costs of furnishing service.

* At that time they were reduced from rates established in 1926.

to look down upon our nation engaged in a stand against aggression and greed. We thank Thee for all those who have laid down their lives for freedom. Protect and assist, our Heavenly Father, all who at home or abroad, by land, by sea or in the air, are serving our country. We pray especially for those immediately exposed to peril, conflict, sickness and death: comfort the prisoners, relieve the suffering of the wounded, and show Thy mercy to the dying. Accept, we pray, these sacrifices now being made by our Armed Forces and use them in the establishment of freedom and peace for all men.

Show us our part in the redemption of the world from cruelty and hate and make us faithful and courageous in the accomplishment of this holy purpose. To this end we dedicate ourselves unto Thee, the only Giver of all victory.

All glory be unto Thee, world without end.

AMEN.

Many of our own boys are wearing our nation's uniforms. These, and all others deserve the admiration of all Americans, the respect of the Free World.

ARMS AND THE MAN —

Say what you like about America's vast power to produce—Talk about assembly lines and drawing boards—Rockets and guided missiles. They are all vital. We could not win without them. But there is one Thing More Important Still—Weapons are useless without the fighting man who can use them. The American fighting man with his long tradition of stubborn courage that has won so often against black odds. Weapons are useless without the combat soldier, sailor, airman and marine. The man who takes them where freedom is threatened. On this May 19, we salute this man. Wherever he came from—wherever he may be—without him arms would be useless steel.
