### BRONTE BOYS, MILES GIRLS WIN TUESDAY

The local basketball clubs gave the Miles teams plenty of trouble Tuesday night in the Bronte gym. The boys' game ended in a 43-11 win for the Bronte Longhorns, and the girls lost 16-18 by an overtime field goal.

The girls game was a thriller from beginning to end. At the end of the regular playing time the score was a 13-13 tie. The officials gave a three minute playoff and at the end of those three minutes the score stood at 16-16. So, an unlimited time count was declared with the first team scoring winning. Miles came in with a field goal to win the game 18-16.

Jo Dell Walton and Kitty Sue Gaddy captained the girls' game and Rita Beth McCutchen led her team mates with 9 points to make high scorer. Muery was high point girl for the Miles team.

In the boys game, J. W. Caudle led in scoring by making 11 points.

The conference game marked he second district loss for the girls, the other loss being to Miles. The boys remain unbeater in district play.

#### **Grade School Cagers** Split With Blackwell

The grade school teams journeyed to Blackwell Monday afternoon to split wins on two basketball games.

The Shorthorn boys team won over the Blackwell grade school by a 8-6 score and the girls lost in a 20-11 game.

# "We did it Again!"

That's the jubilant news that comes from Flint to every Buick dealer-and here we pass the thrilling story on to you. It sure is true for '52 that better automobiles are being built - and Buick is building them. Read the good word and you'll agree.

TET's pare this down to plain statements of fact and let them speak for themselves:

The dynamic darling pictured here is the 1952 ROADMASTER.

It has the mightiest engine in Buick history. It has the biggest brakes of any postwar Buick.

It is the quietest car that Buick ever built.

It has the richest fabrics and smartest tailoring that ever graced a Buick's interior. It has the greatest trunk space since spare tires

moved off the front fenders.

It has the most superb ride in Buick history.

It has the finest carburetor that Buick research has ever devised.

And with all its new power, it delivers more miles per gallon.

But that is not all.

For those who wish it, there is a brand-new version of power steering that works like a helping hand-gives you the same sure feel of control you have always known in straightaway driving-yet takes less than one-fifth the effort needed to turn the ordinary wheel standing at curbside.

Sure, we're putting our best foot forward when we talk about ROADMASTER.

But you'll find a host of notable features in Supers and Specials too - plenty to make them, as always, the standout buys in their fields-for ride, for comfort, for style, for room, and for power.

Come in-look this triumphant trio over-and you'll know why every Buick dealer from coast to coast is going around with a smile on his face.

Learn To Get Along With People

Forget the phrase, "I don't like-." There is something likable in all of us, and the individual who has the faith and interest to discover that has a gold mine. Your greatest satisfaction will come about through service to others. You can't help but improve your personality and your social standing-to-say nothing of your own happiness-if you busy yourself doing little kindnesses for others.

Practice showing your appreciation and it will become one of your best habits for getting along with people. Everyone is hungry for appreciation.
