MOST SURPRISING THING What's the about this BUICK?

2-door, 6-passenger Special Sedan.

WE'LL tell you the answer to that one -

For some reason, lots of people just can't believe they can buy a Buick at a price so close to "the low-priced three."

Maybe it's because a Buick seems so much better and bigger.

Maybe it's because they think Buick has so much more power and room-which is true.

Maybe it is because so many distinguished people own Buicks-which is also a fact.

But the fact remains-if you can afford a new car, you can own a Buick - so let's see what you get.

You get the thrilling power of a Fireball 8 Bugine, that's a gas-saving high-compression valve-in-head - as much power as you can get in cars costing \$300 to \$400 more.

You get as much room as you'll get in cars costing hundreds of dollars more.

You get a ride that cost an honest-to-goodness million dollars to develop.

You get the silken smoothness of Dynaflow Drive.*

You get big-car comfort, styling, durability.

Don't take our word for it. Come in and see for yourself why so many folks are stepping up to this great car this year.
