VOLUME NO. XVI DIMMITT, CASTRO COUNTY, TEXAS THURSDAY, JULY 15, 1943 NUMBER 40

Fire Dept. Called to Extinguish Fire at Elevator Wed.

The Dimmitt Volunteer Fire Dept. answered a call at the Dimmitt Wheat Growers Elevator Wed. afternoon when fire was discovered in the head house on the second level at the elevator. In a statement to the News, Mr. John Tate, manager, declared that fire resulted from friction caused by belts rubbing together. The only damage sustained was the burning of the belts. Another Fire Today (Thursday) at the same place, resulted in the loss of a large motor.

Baptist Church

Sunday, July 18th, our church will give an offering for Chinese and world relief. This is in co-operation and uniting with, all the other Baptist churches of the southland. The goal for all these churches is \$500,000 and the goal for the Baptist churches of Texas is \$90,000. This is a very worthy cause and will receive the attention and the gifts it deserves.

Also, on next Sunday, our church will dedicate our new baptistry. Sunday night our pastor will speak on "The Ordinance of Baptism" and a baptismal service will be given for the candidates ready. The baptistry has been raised, walls extended to from each side, and a beautiful picture painted in oil on canvass at the back. This picture shows high canyon walls in the background with a beautiful stream flowing out, trees on either side, all splendidly proportioned. This picture is the work of one of our local citizens, G. B. Duncan, and equals or surpasses any other like picture in the panhandle.

On August first our church will make a thanks offering to God for His blessings and care. All of this money will be used to purchase bonds, these bonds will be used for the construction of our auditorium after the world war is won.

August 8 is Cradle Roll day in our church. Mrs. Maples, our cradle roll superintendent has a fine program prepared for the brief program which the little children will render on that day.

August 29th to September 12th is our revival season. Dr. Geo. W. McCall, who preached for us in our spring meeting, will be back. Bro. Manly Finch, educational director for the Hereford church, will be with us to lead the singing and help in the young people's work.

Our Baptist church is going on in the work of the Lord. Come ye and meet with us; join in and help us, and we will try to do ye good. "Forsake not the assembling of yourselves together." All who will read and hear: you are cordially invited to worship and work with us in the great work of the Kingdom of God.

REYNOLDS FAMILY REUNION SUNDAY

Mrs. Dale Reynolds enjoyed an almost complete reunion with her children here Sunday in the Joe Gollehon home. All of her children with the exception of Carlos Reynolds of Lubbock were here, and all the grandchildren with the exception of four were present. Those present for the delightful occasion were: Mrs. C. B. Harris and daughters of Lubbock, Anita and Juanita Reynolds also of Lubbock, Mr. and Mrs. Rankin Reynolds and Wayne of Wichita, Kan., Mr. and Mrs. Ivor Bagwell and children, Mr. and Mrs. Leland Smith of the Bethel community Mr. and Mrs. Floyd Reynolds of Portales, N. M., Mr. and Mrs. E. S. Umberson and Mr. and Mrs. Joe Gollehon and children of Dimmitt. Following a sumptuous dinner the afternoon was spent visiting, together.

H. D. Council To Sponsor Sale Sat.

The Home Demonstration Council is sponsoring the second Saturday's Market Saturday afternoon, July 17. Home-baked pies and cakes will be featured. The sale will be held in Wilson's Grocery and will be in charge of the Flag Home Demonstration Club.

All War Relief Appeals to Be By United War Chest

HOUSTON, TEXAS, JULY 12—The United War Chest of Texas has completed plans for the first state-wide unified war appeals drive ever conducted in Texas, George A. Butler, Houston attorney reading the organization, announced this week.

Plans to raise approximately \$5,000,000 as the share of Texas in the National War Fund are now being worked out following the perfecting of the State organization in Dallas, July 7. At the Dallas meeting Butler was named president and campaign chairman of the State War Chest. Governor Coke Stevenson was named honorary chairman. Other officers include Roy Farrar, Houston banker, treasurer, and Wayland D. Tower, formerly of the San Antonio Community Chest secretary and general manager. Twenty-one vice presidents representing every section of the state are yet to be named by the board of directors.

"Each community and each Texas county will determine its own role in the National War Fund program," Butler announced. "In every instance, the campaign will be carried out by the local leadership," he said. "The program is one of aid to our own boys on all fronts of the war, to our allies in every corner of the globe, and to the home front."

President Roosevelt's War Relief Control Board has approved the following agencies for participation in the National War Fund which plans to raise \$125,000,000 in its national campaign this fall: The USO (United Service Organizations), United Seamen's Service, War Prisoners Aid, Belgian War Relief Society, British War Relief Society, French Relief Fund, Greek War Relief Association, Norwegian Relief, Polish War Relief, Queen Wilhelmina Fund, Russian War Relief, United China Relief, United Czechoslovak Relief Fund, United Yugoslav Relief Fund, Refugee Relief Trustees and the United States committee for the Care of European Children.

CORRECTION

In a story in the last weeks issue of the News announcing the promotion of Billy Joe Rothwell, it was stated that he was promoted to the rank of seaman 1st class, which was an error, it should have read, "Promoted to Seaman 3rd class".

IT MAY NOT BE A RECORD BUT IT'S A LOT OF SPUDS

Mr. Wes Anthony of the Big Square community informed the News today that a row of potatoes 80 yards long, on his farm, produced ten bushels. In rapid calculation it was roughly estimated that this yield would be in the neighborhood of 600 bushels per acre—or about enough spuds to furnish employment to a soldier on K. P. duty for the duration.

This writer is not too well informed on potato production, but our information is that 300 bushels is a good potato yield. In that case Mr. Anthony's 80 yard row has hung up some sort of a record in producing America's favorite food crop.

O. M. Reynolds to Preach; Dimmitt Church of Christ

According to an announcement by officials of the Dimmitt Church of Christ, Bro. O. M. Reynolds of Amarillo will preach at the local church Sunday night, July 18, at 8:30 o'clock. Bro. Reynolds is well and favorably known in Dimmitt having conducted services here on numerous occasions. A cordial welcome is extended to the membership of the church and the public to attend this service.

Herbert Mayfield Graduate Army Technical School

According to an announcement from the Amarillo Air Field, Herbert E. Mayfield, son of W. E. Mayfield of Dimmitt, has completed his course of studies as an aviation mechanic in this school of the Army Air Forces Technical Training Command.

His graduation from this technical school now fits him for airplane maintenance and he will be sent to some air base where he will assist in keeping America's Flying Fortresses in the air for Allied victory.

In addition to completion of the schedule of academic and practical studies as an aviation mechanic, he has been thoroughly drilled in military tactics and defense and a course of physical training that has conditioned him to meet all requirements of an American soldier.

Mrs. Raymond Wilson and Patricia returned home Wednesday after a few weeks visit with her mother at Snyder, Texas.

Wheat Harvest Again Delayed By More Rain

Scattered showers over Castro County Tuesday morning again delayed the harvesting of wheat. Rainfall in this immediate territory amounted to .20 of an inch according to the gauge at the Ramey-Harman Implement Co., although wheat is being relieved at the local elevators it is reported that in many sections of the county harvesting operations have not been resumed following the recent rains. It is estimated that about 80% of the wheat crop in the county has been harvested to date.

Quality of Texas Wheat Improved

Quality of Texas wheat has been greatly improved over a five year period, and this year's crop is expected to continue the progress, in the opinion of E. A. Miller, Agronomist for the A. and M. College Extension Service.

Mixtures of hard red winter and soft red winter wheats in Texas shipments have practically disappeared, he said. A survey made by USDA marketing specialists reveals that in 1937, 237 carloads of mixed wheat were reported in Texas. No shipments of mixed wheat were reported at markets in 1942. The previous year there were 15 car loads of mixed wheat.

A greater decline in smutty wheat is something for Texas growers to be proud of, Miller says. A total of 894 carloads of smutty wheat were reported for Texas during 1937, and in 1942 the number was down to 32. The "low year" for smut was in 1941 when only six carloads of damaged wheat were reported. This is due to a large extent to increased seed treatment for smut, continuing this treatment will keep smut damage to a minimum.

A new variety, Comanche, which is a cross between Tenmarq and Oro, likely will become popular as soon as enough seed is available because of its good baking qualities, better yield and test weight than Tenmarq. There will be a fair supply of Comanche but not enough to meet the entire demand.

Wheat varieties, as well as the combine-type milos, the new waxey white kafir, and an improved sudan grass were discussed at a series of grain-grading schools held recently under Mr. Miller's direction in Vernon, Plainview, Amarillo and Perryton. The school at Lubbock was under the direction of Dr. A. W. Young, head of the agronomy department at Texas Tech. Aggregate attendance was 233. Cooperating in the meetings were local county agents, grain inspectors, Texas Tech, the Agricultural Experiment Station, Triple-A, and the Texas Wheat Improvement Association.

Men, Wind, And Sea BY RILEY BROWN

Radioman, First Class, U.S.C.G. Here is the fascinating inside story of one of America's useful and unselfish services. Few people outside the Coast Guard are aware of the training, knowledge and responsibility that keep this fighting outfit on its toes and the daring men who risk their lives every day of the year in both war and peace.

The Coast Guard is always on the alert. Summer and winter, in fair weather and foul, it battles the elements doing its job against tremendous odds. In wartime the Coast Guard does double duty, working with the United States Navy to guard our shipping lanes, our merchantmen and protect our shores against the infiltration of saboteurs.

Founded in 1790, the Coast Guard has played a vital role in American history. Here is the authentic and thrilling account of this fighting band of men, who for over 150 years have been living up to their motto, "Semper Paratus".

HELICOPTER TO GO INTO QUANTITY PRODUCTION

This Sikorsky type of helicopter, which will be built in quantity for the Army Air Forces by Nash-Kelvinator Corporation, peacetime manufacturer of automobiles and refrigerators, can alight on land, water, snow, thin ice, a rooftop or a parking lot. The craft can hover motionless in mid-air; descend and ascend vertically without forward motion and fly backward, sideways or forward with equal facility.

Canning Sugar Deadline Is July 31

Second period of canning sugar will begin July 31st. People that did not make application for canning sugar during the June registration will register the last week in July. This will be the last registration for the year on canning sugar. There will NOT be any applications taken after July 31, so if you do not register before and will need additional sugar other than what your 15&16 stamp allowed, make application the last week in July at the rationing office.

Glen Exter Grad Technical Course

GREELEY, COLO., JULY 10—Pfc. Glen W. Exter, 20, son of Mrs. A. C. Grant of Dimmitt has completed an intensive course of study in air force clerical duties at the Training Detachment of the U. S. Army Air Forces Technical Training Command located on the campus of Colorado State College of Education.

His completion of this intensive clerical training has fitted him for further duties with the Army Air Forces in the service of his country. While on the campus of Colorado State College of Education, within sight of the Rocky Mountains, he lived and ate his meals in the modern dormitories of the college and attended classes in campus buildings.

At graduation ceremonies he was presented the diploma of the Army Air Forces by the Commander of the Detachment here. Also a certificate was presented on behalf of the college, which has announced that it will accept for full college credit the work done in classrooms here by Army Air Forces Technical Training Command trainees.

W. S. C. S.

The W. S. C. S. met at the church Monday with nine members present. A good meeting was had. The society will meet at the church Monday, July 26, to sew for the Red Cross. All the women are invited to be present.

Mrs. Ed Sweat of Hart and Mrs. Dan Boothe and Mrs. C. W. Boothe were Plainview visitors Wednesday of last week.

Mrs. Pete Duree and Mrs. Jack Gregory were Amarillo visitors Wednesday of last week.

Mr. and Mrs. A. C. Hendricks of Flying H, New Mexico were here recently for a visit in the home of her brother, Mr. T. A. Singer, and family.

Methodist Church

You will always find a welcome here. Bring the family and worship with us.

Former Dimmitt Man Is Victim of Heart Attack

A heart attack at Kilgore proved fatal to D. C. Laird, former Plainview resident, relatives here were notified. Funeral arrangements were not announced.

Harold Laird, a son who lives on a farm near Dimmitt, and his wife and Mr. and Mrs. Mark Galloway of Amarillo left this morning for Kilgore. Mrs. Galloway is a daughter of D.C. Laird. Another son Carol, is in the army stationed at Dallas. The widow also survives.

Mr. Laird moved to Plainview in 1925 and opened a drug business which he sold ten years later to Earl Alexander. He had been retired from business for several years having an income from oil interests.

Lubbock Man Injured Here

The first injury to a harvest worker in this section occurred here this week, when Curly Webb of Lubbock sustained serious and painful injuries Monday afternoon when he was knocked down and dragged several feet by the scaffold of a combine being operated by Mr. C. W. George. Mr. Webb who is employed as truck driver by Mr. Charlie Copeland, had stopped his car to assist a lady in repairing a punctured tire, and then walked across the road and into the wheat field to talk to Mr. George when the accident occurred.

Attends Safety Meeting Mon.

Mr. O. K. Pollock, local Southwestern Public Service Co. manager, attended the regular monthly Safety meeting of the local managers and employees of the company at Hereford Monday night. The regular meetings are held monthly, alternating at Canyon and Hereford, for the employees of the company in this section of the state.

Latin America Comes to Dimmitt

In keeping with the Latin-American study course being taught at the M.Y.F. meetings by Mrs. Melvin Rankin this month, a gay party was enjoyed by approximately fifteen young people and six adults at the E.E. Harrison home Tuesday night. The house was decorated in festive Latin-U.S. colors. At one end of the lawn a large table was abundantly filled with hot tamales, spanish style beans, salad, corn sticks, chocolate cake, and iced tea. Everyone ate to his heart's — or stomach's delight. Mirthful games were under the direction of Mary Alice Sherrill.

CANADIAN SOLDIERS GET "COAL FURLOUGH"

NOVA SCOTIA—Passed by Canadian Censor—Threatened with an acute shortage of coal, the Canadian Government recently issued a decree requiring all former coal miners, regardless of their present wartime jobs, to return to the mines. Photo shows: nearly five miles under the sea in Nova Scotia Pvt. J. C. McDonald, on a three months' "coal furlough" is back at his old mining job. The main shaft of this large bituminous mine is on the mainland, but the lodes extend from three to five miles out under the water.

LEGAL NOTICE

THE STATE OF TEXAS, THE COUNTY OF CASTRO:

NOTICE OF EXECUTION OF SALE

BY VIRTUE of an execution issued out of the Justice Court, Precinct 2, of Castro County, Texas, on a judgment rendered in said court on the 11th day of May, 1942, in favor of N. L. Wesson against the said Spurgeon Johnson in the case of N. L. Wesson vs. Spurgeon Johnson, No. 240 in said court, I did on the 8th day of July, 1943, at 12:00 o'clock noon levy upon the following described tracts and parcels of land situated in the County of Castro, State of Texas, as the property of the said Spurgeon Johnson, to-wit:

"The south 120 acres of the west one-half of section 41, Block K-13, East Line & Red River Railway Co. survey, Castro County, Texas; said land being about 3 miles south of the town of Dimmitt in said County and being part of what is known as the Spurgeon Johnson place."

And on the 3rd day of August, 1943, being the first Tuesday of said month, between the hours of 10:00 A. M. and 4:00 P. M. on said day, at the courthouse door of said County I will offer for sale and sell at Public Auction, for cash, all the right, title and interest of the said Spurgeon Johnson in and to said property.

Dated at Dimmitt, Texas, this 8th day of July, 1943.

Garland Brown, Sheriff, Castro County, Texas

NEWS from YOUR COUNTY AGRICULTURAL AGENT TEXAS A. & M. COLLEGE EXTENSION SERVICE FOOD FOR VICTORY

"Protecting victory gardens this year with poisonous insecticides is entirely practical if proper precautions are observed, says M. U. May, Castro county agent of the Texas A. & M. College Extension service.

Use of active poisons may become necessary where gardeners are unable to obtain enough of the so-called non-poisonous materials like rotenone and pyrethrum. Pests which attack practically all vegetable crops can be destroyed by toxic substances without undue danger to humans if properly applied and the vegetables and fruits are thoroughly washed and handled after harvest. These poisons include lead and calcium arsenates, cryolite, nicotine sulfate and speciality products, and the copper and sulphur fungicides.

On potatoes and other root crops where the tops are not used for food there is usually no danger. But where the tops are eaten, they should be washed thoroughly and not be sprayed or dusted within 15 to 30 days before picking. This period depends upon the type of crop, the material used and the weather. Poison remains on the plants longer when it is dry.

May says that peas, sweet corn and other crops protected by their own covering can be treated without special precaution if edible parts are well washed. String beans and similar vegetables should not be treated after pods begin to form. Cauliflower and broccoli should not be treated with poisons when heading or after edible parts begin to take form, and swiss chard and beet tops should not be treated during the 30 days before harvest.

The most important thing to remember, May cautions, is to wash

thoroughly after picking all vegetables which have received poison treatment.

Plans are now being considered for this year's Castro Fair. Castro counties' livestock are in excellent condition which means we should have a good fair. A good time to have the fair will probably be in October. There are more good cattle to exhibit than ever before and if everyone gets behind the fair it should be the best ever held in Dimmitt.

A visit was made last week to Ray Axtell in search of calves for 4-H boys to feed. Mr. Axtell plans to have a number of boys have calves in order to encourage them learn about the feeding of cattle. Mr. Axtell has a fine bunch of summer calves that are looking good and show much promise. Our 4-H boys are shooting at the 100 mark in feeding calves this year. The boys already have 30 head on feed and more will be put on feed this month.

Castro Counties Sears Roebuck pigs are doing excellent. Visits will be made again this week to see all the boys. Visits have already been made to Harold Brannon's and Glen Godfrey's.

Last year black head in turkeys caused large losses in turkeys about ready for market. Blackhead in turkeys can be controlled by keeping young poults on clean ground where chickens do not run. Young turkeys should be wormed regularly using phenathazine according to directions. Regular worming helps keep the turkeys worm free which makes stronger birds.

News In The World of Religion

For the first time in the history of Protestantism in New York State, ranking denominational executives of Presbyterian, Methodist, Baptist, Congregational and other churches met recently, under the auspices of the New York State Council of Churches, to "map out a state-wide united program of common objectives." Plans were laid which will help eliminate over-churching of communities and competition of denominations within communities. "Denominational isolationism is today archaic," says Dr. Wilbur T. Clemens, executive of the Council. "How can the church expect the nations of the world to follow her lead when we are so divided? The world is looking to the church for a 'lead' in the direction of that united action which is the imperative of this hour."

The French Catholic political review "Renouveau", published in London, England, in a recent portrayal of religious conditions within France, denounced the state monopoly on schools which removes children from parental care at an early age into the control of state organizations; took issue with the exclusion of persons from military and civil posts of the country because of membership in "Catholic Action" groups or other religious grounds; and attacked the new procedure by which people can be accused and found guilty without proof being produced in court. "The Christian conscience and French thought are in agreement over these abuses of justice," says "Renouveau."

The ancient Chinese greeting, "Have you eaten well?", corresponding to the American's "How do you do?", is again taking on its earliest importance for almost everyone is almost always hungry in China these days, says the Rev. Charles E. Winter, Methodist missionary in Hingwa. "Pawnshops are doing a big business as people in the towns are trying to turn everything into food", he says. "Thieving is prevalent. Suicides are common. Gambling is more noticeable as peace-time restraints lose their force. Inflation has proceeded so far that saving money is not a sign of virtue or good sense. . . . The same American dollar which bought fifty or sixty pounds of rice when the war started, will now buy less than four pounds. . . . The Red Cross is giving us a grant of \$10,000 (Chinese) (about \$500 U. S. currency) for work in this area."

Somewhat more than one-half the people of the United States are members of churches or synagogues, according to a recent compilation made by Dr. Benson Y. Landis, of the Federal Council of the Churches of Christ in America, and issued by that body as the "Yearbook of American Churches, 1943." It shows a total membership of 67,327,719 persons in some 256 churches and sects — only 52 of which had 50,000 or more members. The total is an increase of 2,826,125 over the membership reported 2 years ago. Among the larger churches are: Roman Catholic with 22,945,247 members in 18,976 local churches; Methodist church, 6,640,424 members in 42,206 churches; Southern Baptist

in answering letters; incline to take sides—if I know nothing of either scrapper, then I'm for the underdog; resent an injury to a friend more than to myself; can't stay mad long; and, as the years march on, am becoming a little doubtful of my opinions—not so sure that I know the answers.

Here and there: A store in Houston advertises "Cigaretz."

A detachment of soldiers marching beside the highway near Galveston—around the steel helmet of one lad, a wreath of oleanders! Look alike: Price Daniel, speaker of the Texas House of Representatives and Editor Jake Smyth—and the situation is further complicated by the fact that they both live in Liberty and are associated in the publishing business.

Proverbs: One may be honest yet write wretched verse. Great thoughts come from the heart.

Popularity is the small change of glory. Nothing is more dangerous than a foolish friend.

Convention; 5,367,129 members in 25,737 churches; Jewish Congregations, 4,641,184 members in 3,728 temples and synagogues; National Baptist Convention, U. S. A., 3,911,612 members in 24,575 churches Protestant Episcopal church, 2,074,178 members in 7,685 churches; Presbyterian church, U. S. A., 1,986,257 members in 8,511 churches; United Lutheran church, 1,709,290 members in 4,046 churches; Disciples of Christ, 1,655,580 members in 7,919 churches, Northern Baptist convention, 1,538,871 members in 7,365 churches; Evangelical Lutheran Synod, 1,320,510 members in 4,326 churches; Congregational — Christian Church, 1,052,701 members in 5,827 churches.

"Can we mitigate the causes of war in human hearts?" asks Dr. Leslie Bates Moss, director of the church committee on Overseas Relief and Reconstruction. And he thus answers the question: "The churches believe so. They believe that dependance upon religious truth will be more characteristic of the postwar world; and that one way to assure it is for religion to be more adequate in its ministry to human need. Therefore, we look to be linked to the relief work already done, and yet small reach forward to ministry of reconstruction that in a real sense will beyond it in helping to provide the sinews for a stronger and more humane society. Human beings at the center; men and women and children of chief importance: this we believe is the teaching of our God. This is the period in human history when the reconciling ministry of religion can be most potent."

(By Boyce House)

Of all the trips your columnist has made, three stand out because of the means of transportation.

One occurred when I was a young police reporter and stood on the back step of a bouncing, swaying police patrol that was going 50 miles an hour through city streets.

Another was in an auto—giro, piloted by Captain Yancy who was co-pilot on a plane that spanned the Atlantic in the days when successful flights across the ocean were so rare that they were front-page "streamer" material. An auto-giro has its propeller on top and this queer looking contrivance "takes off" after going along the ground only a few feet, and it can come almost straight down.

Have you ever looked at a vulture hanging motionless against a brilliant blue sky and wondered how it would feel to stand still in mid-air? Well you can do that in an auto-giro.

We were over the business section of Fort Worth when Captain Yancy kicked it out of gear and there we hung while we chatted—to be more exact, he chatted; probably I chattered or at least my teeth did. (The lifting force of the wooden blades overhead is sufficient to hold the plane almost stockstill for a while, then it starts easing toward the ground unless the pilot puts it back in gear).

And the third trip that was memorable because of the method of transportation was aboard a private railroad car. Yes, sir, a journey on a private car for a fellow who had never known anything on the rails more sumptuous than the rather restricted space of a birth.

There were three railroad officials and a combination cook-valet-water-porter aboard. It was an inspection journey over the Childress-Pampa line, which was practically completed but not yet opened to regular traffic, and this observer was then a staff writer for the Ft. Worth Star-Telegram. For three days your columnist

enjoyed a drawing room with private shower bath, excellent meals served en route, the spacious lounge where we could take a nap on the settee, read magazines, look through the glassed-in rear of the car and see the scenery running away from you, and, every time you turned your head, there was that remarkable cook-valet-waiter-porter offering a fresh package of cigarettes or a cooling glass of lemonade or a between-meals sandwich.

That, my hearties, was a trip what was a trip!

Buck Taylor of Middlebustar fame is public relations director, Texas Institute of Natural Resources and Industrial Development, headquarters Dallas. Buck once coined a superlative simile: "As impossible as a private conversation in Austin."

And the Comanche Chief says, "Physical examinations for the Army have now got to the point that, when you come before the medical officer, he just feels you. If you're warm, you're in."

What America needs is not so much a good five cent cigar as it is one radio newscaster or news commentator who will talk in the American language.

"J-u-n-k-e-r-s" spells "junkers" to me and the sooner all these German planes are junk the better off the world will be.

"K-i-s-s" certainly spells "kiss"—then why should "Kiska" spell "Kees-ka"? After all, it's an American island and we've owned it a hundred years. How long do we have to own it before we can pronounce it our way?

The sawdust Caesar of Italy is "Il Deuce" to me because he's just a cheap little two-spot and his name is "Muss-o-lin-i" because he tried to muscle in but only made a mess of things.

"Nazi" ought to sound as much like "nasty" as possible because they mean about the same.

Some day the people are going to rebel about all this hi-falutin' stuff from the lads with the velvet tonsils—and we'll have at least one news commentator who won't "rawther" and "ney-ther" and "eye-ther" us to death.

Though no one has been clamoring for details, here's a self-portrait:

I like crowds and the roar of crowds; am logical (I hope) but am proud of a few pet prejudices; like poetry and oratory; am impatient until the task before me is performed and am usually prompt

Funny How Everybody Still Calls it the "Light" Bill

Funny, isn't it, how we still call it the "light" bill? "I can remember when it really was the 'light' bill . . . and we were mighty proud to have just electric lights.

"In those days we paid about as much every month as we do now, and all we got was light. Sometimes we weren't even too sure of that.

"Just think how much more we get now for our money. To start with, we light our homes a lot better . . . then we wash and iron the clothes, protect our food, clean the rugs, toast the bread, run the radio and give electricity dozens of other jobs to do every day . . . and that's what I call getting a lot for our money!"

"Yes, Mr. and Mrs. Homemaker, Electricity is today's biggest value. Despite the general trend of upward prices, your Electric Rates have continued to come down."

Our constant aim is to keep on giving you better and better service at less and less cost!

Southwestern PUBLIC SERVICE Company

To Help Win the War... We Follow the Share-Fair Plan This is our Pledge to You---

1. To give every customer an equal opportunity to buy
2. To spread our supply of scarce items among all our customers
3. To limit sales per person when necessary
4. Not to exceed price ceilings
5. Not to misrepresent any item we sell

If We All Share Fairly—there will be Some of Everything for Everybody.

Overexposure to Sun Is Dangerous

Following last week's suggestions for comfortable and safe living during hot summer days, Dr. George W. Cox, State Health Officer, today released a statement concerning the danger of over exposure to the sun.

"Sun Stroke is not thought to be due to the heat of the sun, but to certain direct effects of the sun on the human brain. It is likely to occur after the sun has shown excessively on the back of the head and neck," Dr. Cox explained. "This can be prevented by protecting the head and back from sunshine," he added.

Dr. Cox asserted that exposure of the skin to the sun has some virtue since the action of the sunshine tends to kill the germs on skin. Further, sunshine produces vitamin D from the fats in the skin and this product is absorbed and used by the body.

"In general the good effects of sunshine are not due to the heat rays but ultraviolet rays," Dr. Cox stated. It must be remembered, however, that it is these same rays that burn the skin an extensive application of direct sunshine to the skin may produce painful and severe burns which actually may endanger life."

The State Health officer advises those who wish to obtain an extensive suntan to get it by slow degrees. Expose small portions of the skin to the sun for a short period of time. When tanning is established, exposing a greater area for a longer period of time should prove safe and comfortable.

AMAZING NEW LOW COST SICKNESS AND ACCIDENT POLICY INSURES YOUR WHOLE FAMILY

ONLY \$1 FOR ALL NO MEDICAL EXAMINATION You may include each and every member of children and even grandparents for \$1.00 a month per family. We take your word that your family is in good health. Don't delay—ACT NOW!

\$7,500.00 ACCUMULATED CASH FOR STATED ACCIDENTAL DEATH

Pays for sickness as well as accident. No one needs die to collect. Pays applicant \$25.00 weekly for SICKNESS or ACCIDENT—\$25.00 weekly for HOSPITAL—and \$100.00 EMERGENCY allowance. Many other liberal features all as provided for in Policy.

CHRISTIAN SCIENCE SERVICES

"Life" is the subject of the lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, July 18.

The Golden Text is: "Understanding is a wellspring of life unto him that hath it" (Proverbs 16:22).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "And this is life eternal, that they might know thee the only true God, and Jesus Christ, whom thou hast sent" (Jhn 17:3).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "The way is straight and narrow, which leads to the understanding that God is the only Life" (page 324).

Anita Mixon is spending two weeks with relatives in Brice and Memphis, Texas.

Claud Mixon made a business trip to Vega last week.

Ben Hill was a guest in the home of Mr. and Mrs. Claud Mixon last Monday night.

Mrs. Aubrey Jones of Amarillo was here Sunday afternoon for a visit in the home of Mr. and Mrs. E. L. Carpenter.

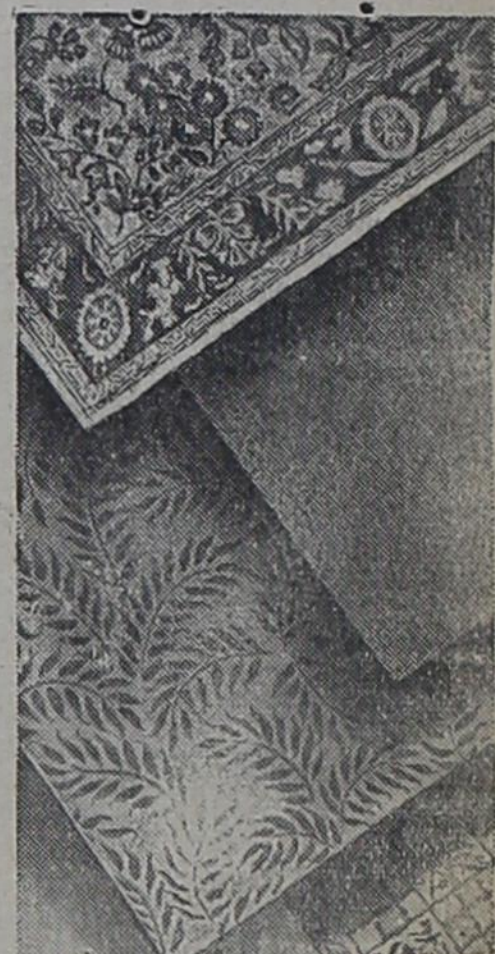

Mr. and Mrs. Will Wright, Mr. and Mrs. Perry Graham and Jeanette were Lubbock visitors Friday.

Mr. and Mrs. J. G. Davis Sr. have enjoyed having their children, Cpl. and Mrs. Cleo Richardson of Austin visit in their home for several days. Cpl. Richardson is stationed at Camp Swift, Texas in the engineers corps. Mrs. Richardson is employed by the state highway department in Austin.

Wanda Ruth Gollehon returned home Saturday from Lubbock where she had been for a week visit. She was accompanied home by the Reynolds twins, Anita and Juanita and Betty Harriss, all of Lubbock.

Mrs. P. O. Goodwin and Kay Sharion returned home Thursday of last week from a visit with Pvt. and Mrs. Gene Kenmore at Wichita Falls.

Appreciation...

We wish to take this opportunity of publicly expressing our sincere thanks to our many friends and patrons for the liberal patronage accorded us during the years we have operated the Steak House Cafe. It is with reluctance that we close our business in Dimmitt, but we feel it will be to our best interests as our time will be employed with our new occupation on the farm.

Sincerely,

Mr. and Mrs. J. R. Rothwell

TO: Every American on a Payroll FROM: The Secretary of the Treasury

SUBJECT: The New Pay-As-You-Go Method of Collecting Your Income Tax

Starting July 1st, both your Income and Victory Tax will be collected by an entirely new and more convenient method.

Under the old system, you were obliged every March 15th to pay either the full tax for the previous year, or a quarter of that amount. Under the new system, you will keep paid up from month to month.

After July 1st, your employer is obliged by the new law to withhold every month a part of your wages and turn the money into the United States Treasury as payment on your Income and Victory Tax.

Of course, the amount that your employer withholds will depend upon your pay and your exemptions. But this is the important point: For most of us, the amount withheld over a year's period will add up to the same that we're paying now—plus or minus a few dollars.

At the end of the year, we may owe the Government a few dollars or the Government may owe us. (See the tables below.)

You may have heard 20% mentioned as the proportion of your wages that will be withheld. Actually, this is incorrect. To figure the amount that will be withheld, take your total wages and subtract your allowance for exemptions and allowance for dependents; 20% of this lesser amount is the total that will be withheld.

Now please remember this: You must claim those exemptions to take advantage of them. Before July 1st, you must file with your employer an Exemption Certificate. If you do not do this, your employer will have no choice but to deduct 20% of your full pay check.

Here is how the new tax collection method will work: Let's say you are a working man earning \$3,000 a year; that you are married, and have two children.

First of all, as a married man you are allowed a personal withholding exemption of \$1,248, plus an exemption of \$312 for each dependent (other than your wife). This makes a total exemption of \$1,872 (\$1,248 for yourself and wife, plus \$624 for your two

dependents), which is deducted from the \$3,000 you earn before your tax is computed. You are thus paying tax on \$1,128, of which your employer will withhold 20%, or \$225.60 for the year. Therefore, in your pay envelope, after July 1, you will receive about \$4.40 less each week.

In March, 1944, when you ordinarily would be faced with paying taxes on your 1943 income, you will file a return showing how much you have already paid, and how much your total tax actually amounted to. If, by that time, you have already paid more than your actual tax due, you will be given credit for the difference. If you owe more than you have paid, you will pay the difference.

Since this plan starts July 1, many wonder what happens to the tax payments they will already have made by that time—on March 15 and June 15.

For a great majority of people, here is what happens. . . . Your 1942 income tax is "forgiven" (either all, or most of it). The March and June installments which you originally paid on that 1942 income tax are credited, instead, as payments on your 1943 tax. With the result that on July 1st, with the year half gone, you have already paid tax on that half-year's income. In short, you are "paying as you go."

There is one thing more. Since this pay-as-you-go method leaves you just as much of your net income as you had before, you will probably find it possible to at least maintain your present rate of buying War Bonds. Do this by all means!

Taxes alone will not bring to the Treasury nearly enough money to finance the great invasion war that lies ahead. The war needs every cent of your money that does not go for the necessities of life.

Henry Morgenthau Jr.

Miss Allorah Byrnes, Dimmitt, will have an unusual and interesting five weeks this summer. She has enrolled in the third annual Summer School of Spanish at Saltillo, Coahuila, Mexico, July 23 — Aug. 27, under the sponsorship of the foreign language department, the Texas State College for Women, Denton.

The Saltillo School, which will be attended this summer by approximately 125 women from 15 states, including Texas, will be administered as part of Texas State College for Women by Dr. L.H. Hubbard, president of the college.

Director of the school is Dr. Rebecca Switzer, head of the TSCW foreign language department. Dr. Jerome Moore, professor of Spanish, is assistant director, and business manager. The Mexican staff is headed by Lic. Evlio Gonzales Trevino, Jurist and historian.

Both graduate and undergraduate courses will be given, with the TSCW staff having charge of all classes, providing procedures, materials and examinations. The Mexican staff members will lecture to advanced classes and assist with teaching and conversational drill.

Students become a part of the life of Saltillo and thereby get an unusual appreciation of the people language, literature and other phases of Mexican civilization.

Classes in English for Saltillo residents will also be given, aided by \$2,000.00 of English-language books and periodicals recently placed in that city by the office of the Coordinator of Inter-American affairs, in recognition of the spirit of inter-American good will fostered by the TSCW school since its establishment in Mexico City in 1941.

A second grant of \$500 from the same office provides scholarships for 14 students in the Spanish Language Workshop for elementary Spanish teachers.

Mis Byrnes, daughter of Mr. and Mrs. C.O. Byrnes, is majoring in speech at TSCW.

Burford Tunnel, draftsman at the Consolidated Aircraft Co., Ft. Worth, was here today (Thursday) for a visit with friends and relatives.
