

YOUR SENATOR REPORTS

By Lyndon B. Johnson

Leadership: President Eisenhower, took the steps this week for which many of us have waited.

He called a halt to repeated Republican old guard efforts to go back to the Harding-Coolidge-Hoover days. He requested Republican leaders to drop the Appropriation Committee's foreign policy amendment—urged re-writing of the Simpson Bill to conform more nearly to his own feeling that the Reciprocal Trade Act should be extended as is—and pressed forward his own world trade views.

President Eisenhower's aggressive

action may save these measures. Most Democrats support the President on them.

COTTON EXPORTS: News from the world's cotton markets is that exports of American cotton are running more than 50 per cent below the 1952 level.

This may be a temporary sales slump. But some observers fear it is the beginning of a long-term change in the pattern of marketing. Texans, remembering that the depression had its roots in the twenties when our export markets started slipping away, will watch this situation carefully.

Note: Wheat exports also are falling substantially.

OIL IMPORTS: Oil is of tremendous to Texas. Imports of foreign oil into this country are viewed with continuing concern.

The Administration appears to stand on middle ground. Secretary of the Interior McKay has said the industry must solve the problem through the exercise of "industrial statesmanship."

General Ernest O. Thompson

of the Texas Railway Commission has taken a somewhat similar position. He thinks the industry should voluntarily restrict imports. The alternative, he warns, is likely to be some type of Government control. We don't want that.

TEXAS BARBECUE: Gene Autry, born in Tioga, Grayson County, and long one of America's top entertainers, will be the honor guest Saturday, June 20, at a Texas State Society barbecue here.

If you expect to be in the Washington area on that date, plan to join us. Twelve or fifteen hundred Texans now living here will attend.

NEWS BRIEFS: Congressman George Mahon brought some 50 Lockney High School graduates over to the Capitol to see me. A fine bunch of youngsters. They were accompanied by class sponsors, Mr. and Mrs. Elvin Lyons and Mr. and Mrs. M. L. Brewers.

Also had breakfast with Congressman Frank Icard and 60 Bowie High School graduates, and I enjoyed it a lot. The Bowie school principal, Paul Tallafiero, was in charge of the group.

Had the honor of making the principal address at the Jefferson-Jackson Day Dinner in Jackson, Miss., last week. A great bunch of Democrats on hand in that stronghold of democracy.

Galveston weather station will be kept in its present location, contrary to rumors that it would be placed outside the seawall.

Senator Price Daniel and I filmed for TV an appeal for contributions to aid cerebral palsy victims. The film will be used on a 24-hour telethon on Station KEYL, San Antonio.

Thirty-three ladies and gentlemen from Fort Worth and Dallas, Christian Scientists making a trip to Boston, were good enough to come by and see me on their way through Washington.

Ed D. Davis of San Antonio was honor man in this year's graduating class at West Point.

R. L. Thornton, Mayor of Dallas, and Paul Moss of Odessa have resigned as members of the Advisory Board for the Post Office Department.

Mrs. Frances J. Clark of Austin paid me a visit. Mrs. Clark,

AMERICAN PRESS ASSOCIATION

78, flew to Washington to visit her grandson, Major T. W. Murray. First time she had ever been in an airplane.

With the help of Senator Daniel and Congressman Bentzen, I was able to get the Senate to keep funds available for going forward with the Anzalduas Dam on the Rio Grande—conditioned on local interests voting bonds to buy right of way. The Appropriations Committee had recommended transfer of the \$1,500,000 in funds not yet used to another project.

Wish I could have accepted the invitation to attend the Bandera Centennial Celebration June 11-13. The occasion commemorates 100 years of history and progress in this beautiful Texas town.

HERE'S BLACKWELL

By Mrs. Charles Ragsdale

Mr. and Mrs. Earl Cook have had as their guests her nephew, Sam Jordan, and his friend, M. C. Northam of Littlefield.

Captain and Mrs. Charles Ritter and son of Sweetwater have been visiting her parents, Mr. and Mrs. John Holland. He has been stationed at Topeka, Kan., but will report for overseas duty.

MORE HEADWAY EVERY DAY

Telephone service is growing both swiftly and surely. Although material shortages have handicapped us and continue to plague us, we are increasing our progress each day. More telephones are in service, more local and long distance calls are being made now than ever before. We know and appreciate that telephone service has become a "must" for homes, farms and business. Our expansion program is making rapid strides toward our one goal: Efficient telephone service for all who want it.

New GAS SERVEL

makes ice without trays

Getting ice cubes is now as easy as picking a lump of sugar from a bowl. New Ice-Maker Gas Servel constantly keeps a basketful of big, dry Ice Circles ready for use.

A tiny Gas flame makes cold and ice. Refrigeration unit has no motor or compressor to wear, make noise and need costly repairs. It's guaranteed 10 years — twice as long as motor-driven units.

Choose Ice-Maker Gas Servel, the refrigerator that makes struggling with ice trays an old fashioned nuisance!

AMERICA'S NEW RAILROAD

A 50-yard dash with a potato on a spoon! An exciting bit of Americana—but it's not the

World's Greatest Potato Race

That's the 2200-mile dash on the Santa Fe with 1,350,000,000 potatoes

Santa Fe "reefers" are dispatched to the "Potato Capital of the West."

There the cars are cleaned, checked, loaded, switched. And iced fast (a car a minute, if you please). These potatoes can't wait!

In servicing the cars as they speed east, new icing docks at Bakersfield and Needles, Calif., Belen, N. Mex., Waynoka, Okla. and Kansas City work the clock around. Electronically controlled "hump" yards speed the switching.

SANTA FE PRECISION—SANTA FE SPEED

On-time delivery calls for full-time precision to keep these schedules "on the advertised."

After the potatoes come the wheat... citrus fruits... grapes... melons... and green vegetables all year long—flooding east from Santa Fe country to you. Everything from avocados to zucchini.

It costs Santa Fe millions of dollars to serve you so—and provide you with Super Chiefs, too! But we're proud to say they are earned dollars. Not one penny comes from the taxes you pay.

BRONTE PHARMACY

In all these things you want...

Chevrolet's

farther ahead

than ever!

- ... in Fisher Body Quality! It's the only Body by Fisher in the low-price field. And now it's even more outstanding in styling, in comfort and conveniences, in quality.
- ... in High-Compression Power! Most powerful engine in its field with 7.5 to 1 compression ratio—the new 115-h.p. "Blue-Flame" engine with Powerglide.* Advanced 108-h.p. high-compression "Thrifty-King" engine in gearshift models.
- ... in Powerglide and Power Steering! Powerglide is the newest, most advanced automatic transmission in its field. Power Steering—another Chevrolet exclusive in its field—lets you steer with finger-tip ease.
- ... in Economy and Value! You go much farther on every gallon of gas (regular gas, at that). You save on over-all costs of operation and upkeep. Chevrolet is again the lowest-priced line in its field!
- ... in Popularity Leadership! Again this year—as in every single postwar year—more people are buying Chevrolets than any other car. For the first 3 months alone, Chevrolet is over 20% ahead of the second-choice car. Nearly 2 million more people now drive Chevrolets than any other make.

The striking new Bel Air 4-Door, one of 16 beautiful models in 3 great new series.

MORE PEOPLE BUY CHEVROLETS THAN ANY OTHER CAR!

Caperton Chevrolet Co.

BRONTE, TEXAS

*Optional at extra cost. Combination of Powerglide automatic transmission and 115-h.p. "Blue-Flame" engine available on "Two-Ten" and Bel Air models only. Power Steering available on all models.
