BASKETBALL MONDAY NITE

Two girls basketball games will take place here next Monday night when the girls' A and B teams meet the Ballinger girls' teams. Game times are 6:30 and 7:30 p. m. and the public is urged to attend and back the home teams.

The Bronte Longhorns, for the second time this year, romped over their old rivals, Robert Lee, to take the District 7-B Championship by a score of 39-7.

The Longhorns got off to a roaring start to take the lead and never to be challenged for it throughout the entire game.

The Longhorns showed much spirit and played heads up ball, allowing Robert Lee to cross their 20 yard line but once.

Scott and Braswell Roll

Dennie Braswell and Kenneth Scott, taking turns carrying the pigskin, led the Longhorns to their first score. The Longhorns began the game by tossing a long pass that fell incomplete. Then Braswell and Scott carried to the six inch line. Stephenson took it over from there to pay dirt. Arbie Phillips kicked the try for point to make the score at the end of the first period 7-0.

The next Longhorn score came early in the second quarter on a brilliant pass from Eddie Braswell to K. Scott covering 37 yards. Again Phillips converted and the score stood 14-0.

The local boys racked up another touchdown in the second period, this time on a pass from Stephenson to A. Phillips for 40 yards and pay dirt. Arbie Phillips missed the try for extra point to leave the score Bronte 20, Robert Lee 0 at the end of the first half.

Three More Touchdowns

Bronte's Longhorns picked up in the second half where they left off at the end of the first half, scoring three more touchdowns. The first one came after K. Scott intercepted a pass on the Steer 44 and raced to the 25. The Longhorns then drove to the 9, with Dennie Braswell going through the line at that point for the tally. Phillips conversion was short.

Bronte's fifth tally came only a very few plays later when Bill

Football boys will have their lunch at 10:45 and will go to Ballinger about 12:30 p. m.

An advance ticket sale is underway here and Bronte fans are urged to purchase their tickets here before they leave for the game. They may be bought at the Bronte Pharmacy or the Central Drug or at W. T. Green's store at Tennyson.

Bronte Longhorns will engage the Rochester Steers, champions of district 8-B, in a bi-district tilt. The Longhorns will be trying hard, since this is their first district championship since 1947, when, as this year, they defeated the Robert Lee Steers for the title.

Site for the game will be the Ballinger stadium and the game will be played Friday afternoon at 2 p. m. Winner of the contest will move on to Regional play and will meet the winner of the Coahoma-Grand Falls bi-district tilt.

Bronte took the 7-B title last Friday night defeating Robert Lee 39-6. Rochester's Steers copped the District 8-B championship Friday night by overpowering Rule 25-14 in a game played at Rochester.

Rochester coaches are Bill Simmons and Troy Gantt and the team played 9 games so far this season, winning eight and losing one. Bronte has a 5-5 record, having defeated Robert Lee twice and also Ira, Trent and Hobbs. They lost to Ozona, Coahoma, Loraine, Rankin and Hermleigh. Jesse Parker, Aubrey Denman, Supt. J. L. Carroll and the coaches Jack Price and Elbert Yoes met school officials from Rochester Sunday in Abilene to work out details for the game.

Bronte won a toss of a coin to select the game site and Rochester won a toss to decide what time the game would be played.

Officials for the game will include two from the San Angelo Officials Association and two of the Abilene Officials Association.

AD-LIB-BEN

A FAMILY PRAYER

By Robert Louis Stevenson

Lord, behold our family here assembled. We thank Thee for this place in which we dwell; for the love that unites us; for the peace accorded us this day; for the hope with which we expect the morrow; for the health, the work, the food and the bright skies that make our lives delightful; for our friends in all parts of the earth, and our friendly helpers in this foreign isle...

Give us grace and strength to forbear and to persevere... Give us courage and gaiety and the quiet mind. Spare us to our friends, soften us to our enemies. Bless us, if it may be, in all our innocent endeavours. If it may not be, give us strength to encounter that which is to come, that we be brave in peril, constant in tribulation, temperate in wrath, and in all changes of fortune, and down to the gates of death, loyal and loving to one another...

We all ought to be over in Ballinger Friday afternoon to back up the Longhorns in their try for bi-district championship, and win, lose or draw, we ought to be proud of the boys for their record this year. They've worked hard all season and, as always, will be doing their best Friday.

Even if you are on the right track, you will get run over if you just sit there.

And, by the way, Christmas is just around the corner. After Thanksgiving tomorrow, there are only 24 more shopping days before the big day. Let us again remind everyone that the local merchants are our friends, they help us out and extend us credit when we need it most. Let's shop Bronte first this Christmas. Guess Bronte was one of the first this year to get up the Christmas lights down town.

Here's why thousands of TEXAS motorists are switching to

New Conoco Super Gasoline
 with **TCP**
 The Greatest Gasoline Development in 31 Years

Restores "new car" power!
Increases spark-plug life up to 150%!
Gives you extra gas mileage, too!

All over Conocoland the story is the same. Every day, thousands upon thousands of motorists are switching to new Conoco Super Gasoline with TCP.

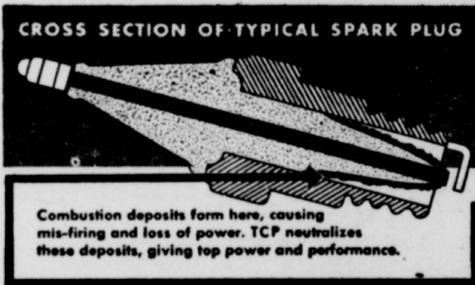

What's the reason for this big switch? Why are motorists leaving brands they've been loyal to for years? The reason is simple: *New Conoco Super Gasoline with TCP is the greatest improvement in gasoline since the introduction of tetraethyl lead in 1922!*

Motorists tell us they can actually feel the difference in car performance after just two tankfuls. For new Conoco Super with TCP dramatically overcomes the greatest single cause of power and fuel waste affecting most of the cars on the road today.

Combustion deposits reduce power

When you drive your car, deposits constantly build up on spark plugs and in the combustion chambers. These deposits can "cheat" you of power in two ways. First they short-circuit spark plugs—causing them to mis-fire. Second, deposits in the combustion chambers cause fuel to ignite before it should. This is called pre-ignition or "wild ping."

*Trademark owned and patent applied for by Shell Oil Company

The combined effect of mis-firing and pre-ignition is loss of power, lack of "pep" and wasted gas.

How Conoco Super Gasoline with TCP works

Now Conoco Super with TCP—a cresyl compound—dramatically overcomes the loss of power and fuel caused by combustion deposits. TCP actually neutralizes harmful deposits on spark plugs and in combustion chambers. With new Conoco Super Gasoline, your plugs spark as they should. Your fuel ignites as it should. You get and keep "new car" performance.

TCP helps your car—whether new or old

Whether your car is new or old, you can enjoy the benefits of TCP. If you have a new car, with a high-compression engine, it will keep on delivering its built-in power as long as you use Conoco Super Gasoline. If your car is an older one, Conoco Super will restore much of the power you have lost.

See what Conoco Super with TCP can do for your car—
Start the "TWO-TANK TEST" today!

1. When your gasoline tank is one-quarter full or less, fill it with Conoco Super Gasoline with TCP. Now, there will still be some ordinary gasoline mixed in with your Conoco Super, so . . .
2. Make sure your next tankful is Conoco Super, too. So rapidly does Conoco Super work that with this second tankful, chances are you'll feel as if your engine has had a tune-up. You'll feel a boost in power. Try it today. We're sure you'll stay with Conoco Super.

Fill up with NEW CONOCO Super GASOLINE!

"Thanksgiving" Is "Thanksgiving"

By Rev. Maynard R. Rogers

As sure as one plus one equals two, or that X equals the unknown value in mathematical language, so Thanksgiving equals Thanksgiving. The words "think" and "thank" have only one letter different and actually both come from the same root meaning. One verse from David's psalm of Thanksgiving in I Chronicles 16:8 suggests this theme for worth while meditation at this season of the year. It reads: "Give thanks unto the Lord (Jehovah), call upon his name, make known his deeds among the people."

One of the great sins charged against us is that of ingratitude. Man is unthankful. This is especially characteristic of the rationalists of the last days of time (2 Tim. 3:2). Men receive the blessings of divine providence as a mere matter of course. God, the Giver of all good, is unrecognized because unknown. Every blessing for time and eternity is from His gracious hand and rightfully calls for heartfelt recognition from us.

Are we truly thankful? I fear too many of us are like the husband in the story related by Dr. Robert G. Lee, Memphis, Tennessee. A certain husband who quarrelled frequently with his wife (may his tribe become extinct) made overtures after the quarrel:

"What little present shall I get for the one I love best?" he asked.

The wife, with rebuking sarcasm, said: "How about a box of cigars?"

Anyway, we all know that a man who is wrapped up in himself is wrapped up in a mighty little package. Mere lip service is not in itself true thanksgiving. It is quite possible to join in glad songs of praise, to utter words of gratitude in prayer while the heart remains cold and unfeeling. Thankfulness is expressed by deeds even more truly than by words.

It was this consideration that moved the heart of David, prompted by Divine inspiration of the Holy Spirit, to write the psalm of thanksgiving already referred to (1 Chron. 16).

It was this consideration that moved the hearts of the Pilgrim Fathers when they instituted the first Thanksgiving feast of America in 1621. After the hard and discouraging trials of the earlier period, God had given an abundant harvest, and Bradford proclaimed, not one day only, but a week for a thanksgiving harvest festival. Those were hard days.

Adversity is the mother of Thanksgiving. Happy is the man who has learned to rejoice, not "in spite of trials," but BECAUSE OF THEM. If it be doubted that adversity is the mother of thanksgiving, then let it be remembered that full appreciation of our blessings rarely comes until we are deprived of them. Even one finger; until that finger is crippled; no man can fully appreciate the glory of the dawn apart from the blackness of midnight; the comforts of a well working auto until a tire goes flat or the motor quits; or the peaceful accumulations of a United States working together with Nations of the world, until after the waste and wanton bloodshed and destruction of several successive wars. There should be the abiding conviction that, after all, nothing matters for the person who really knows true values in life, but to rejoice in God. Because of the present state of affairs existing throughout the world, Thanksgiving should mean more to us this

year, 1953, than at any previous time since George Washington issued the first proclamation on Thursday, November 26, 1789.

We Thank Thee!

By Clyde W. Coleman

We live in a land today like unto that which God promised Isreal in the days of old — a land flowing with milk and honey. We think we have had to suffer because of the years of drought and other things. If we would only take time to think, we still live in a land with the highest standard of living of any in the world. Who is it that does not have plenty to eat? Who is it that does not have the many comforts and conveniences of home? A few, yes, but comparatively few.

We have the privilege of free enterprise. We may choose the kind of work or profession we desire. We may live in any part of the country we choose. We can think as we wish, and we can express our opinions without fear of imprisonment. We choose our own representatives of our government. If we don't like them, we place others in their place. We may quit our job and seek one better.

Another of our cherished privileges is the freedom of worship. I can worship the Lord as I feel best, in the place of my own choosing, and in the manner I think best. I am not compelled to support the church or any religious organization, neither am I an outcast if I do not support them at all. Yet the very fact that I have such liberties and privileges in this great land constrains me to look Heavenward and "Praise Him from whom all blessings flow." Where could we go to be the receivers of greater blessings than those which we have?

The greatest gift of all is the Spiritual life which God has promised to all who come unto Him. Truly, our spirit of joy and thanksgiving should be no less than that of the Psalmist when he said, "Enter into his gates with thanksgiving, and into his courts with praise: be thankful unto him, and bless his name. For the Lord is good." Ps. 10: 4, 5.

Mr. and Mrs. H. A. Springer will leave tonight for Dallas where they will attend the State Teachers Association meeting.

Today's Sermon

By Leon Sharp

The Nation's Thanksgiving season is here again. Since the founding of our great nation, this season of the year has been set aside by its people for a time of giving thanks to the Creator for the many blessings that its people enjoy. God, in his infinite wisdom, has seen fit to permit our land to prosper and be materially sufficient far above that which our fore-fathers hoped. For this Divine kindness we should be very, very thankful. To remember God once each year with thanksgiving may be enough for a nation, but for the Christian it is a daily observance. If the Christian is what God

would have him to be, he receives each blessing, great or small, with Thanksgiving (I Tim. 4:3,4). The Christian's material blessings are far beyond the numbering. There is no way to calculate his spiritual blessings for they are no less than eternity. Paul says, "Be careful for nothing; but in everything by prayer and supplication with thanksgiving let your requests be made known unto God" (Phil. 4:6). With a humble heart the Christian realizes that God is the giver of every good and perfect gift (James 1:17), and with his mouth he utters to Him a voice of thankfulness.

Thanksgiving 1953

By Rev. J. E. Fuller

Giving thanks to God for his gifts is not new. According to the Bible record, the first families to dwell on the earth brought their offerings and presented them to God as an expression of their gratitude for His goodness and bounty.

Throughout the history of just about all civilizations and peoples of the earth, we find expressions of thankfulness and praise to their God, or gods.

About the year 1608, a few more than one hundred souls in England became dissatisfied with the forms and ceremonies of their church. These people were unpopular because they refused to conform to established customs. They moved to Holland and about twelve years later decided to seek homes in the New World.

In the year 1620, one hundred and two persons crossed the ocean and landed on the shore of what is now Massachusetts. These people cleared land, built homes, and planted crops the following year. When the first harvest was completed, they met together for a season of thanksgiving for the food and for their homes in the wilderness. Thus, Thanksgiving Day, as we know it, had its beginning in the New World.

From that humble beginning, a nation grew in numbers until today we are millions, and are rich and strong.

Sometimes we wonder if many of our people have not lost the real spirit of thanksgiving. We have been accustomed to so much for so long, that we take it all for granted and seem to feel it is only our due. We forget that we are more fortunate than so many millions in other lands. More than half the people in the world never have enough to eat, while we have more than we can use. At the present time, our country has a surplus of food and clothing. We live under a benevolent government and our harvests are always ample. We need to stop now and then, and count our blessings.

BRONTE WINS DISTRICT

Continued from page 1

Scott recovered a Steer fumble on the 7 yard line. Stephenson scored around left end, but the play was called back and the Longhorns were penalized 15 yards for clipping. Again Stephenson carried, this time around right end for the score. The Steers blocked Phillips try for point.

Last Longhorn score came after they took over on downs on the Steer 47. The Bronte boys then mixed quick-opening plays with pass plays to drive to the 8 yard line. Kenneth Scott then hit R. J. Millikin with a pass in the end zone for the score. Scott converted to make the score 39-0.

Steers Score
The Steers only touchdown came after they took the kick off and ran it back to the Longhorn 48. Three plays later Lloyd passed it to Atha Hall, 36 yards down field, for the tally. Davidson's try for point was blocked by a hard charging Longhorn line. The final score ended 39-6.

Steers Cross 20 Only Once
The Longhorns scored at least once in every quarter and were on the Steer's end of the field the biggest part of the game. The Steers crossed the Longhorn 20 yard line only once in the ball

game, this coming on their lone score. They penetrated to the 30 yard line during the second period.

From time to time the Longhorn's line would go through to throw Steer passers for long losses. The Longhorns showed their best offensive play of the season in this game, also. The Bronte boys outclassed the Steers 9-4 in the first down department.
