Dimmitt Bobbies Win Texas A. A. U. Consolation Honors

Now Is Best Time For Citizens To Build County Hospital

BEAT CHANNING IN FINAL TILT

BOBBIES WHIP HAPPY COWGIRLS AGAIN TO REACH FINALS OF CONSOLATION.

The Dimmitt Bobbies won the Consolation Flight of the State A. A. U. Girls Basketball tournament last Saturday night in a well played game with the Channing sextet. The score was 28 to 19.

The game was marked by splendid guarding by both teams. Dimmitt was more accurate in shooting from the field and the difference spelled victory. The Eagles of Channing played valiantly but missed many fairly easy shots at the basket.

The game was fast and put the crowd in a good mood for the finals of the championship flight which followed.

Dimmitt and Channing started battling for consolation honors with Referee Pickens throwing in to Roberts of Channing. Marlor passed neatly to Waggoner, who dropped in the first quarter for Dimmitt. Collins got too close but Waggoner missed the free throw. Merritt dropped a free throw a moment later.

M. Huff counted first for Channing on a nice overhead loop to the net. Merritt scored for Dimmitt and Ledbetter fouled as she shot. Marlor fouled and Roberts popped in a high one from the foul line. Both teams were being called closely. Each missed a free throw.

Merritt scored from the side to put Dimmitt in the lead 9 to 3 and Marlor added another a moment later. Hughes went in for Ledbetter for Channing. Collins heaved in a nifty goal for Channing and Waggoner duplicated the feat with a long one for Dimmitt. Dobbs replaced Roberts for Channing. The quarter ended Dimmitt 11, Channing 5.

Dimmitt guards were doing a fine job but Collins scored a dandy over their heads from near the center of the floor. Dobbs fouled and Merritt dropped in the charity pitch. Marlor counted from the field for Dimmitt, the Bobbies were going at a breath-taking pace. M. Huff finally evaded the Dimmitt guards and scored one from under the basket. Channing called time out.

Collins scored for Channing and was fouled on the play but missed her gratis toss. L. Huff overguarded but the toss was missed. Collins scored a free pitch and brought Channing within two points of her opponents, 14 to 12. The half ended a few seconds later. Both teams were fighting hard and close guarding made it difficult for either to get a clear shot for the basket.

Parlme went in for M. Huff for Channing and L. Huff went to forward as the third quarter opened. L. Huff shot a nice one from along the right sideline to even the count at 14 all. Marlor put the Bobbies in the lead with one from the field. Merritt scored a long one for Dimmitt. Channing took time out. The game was very fast but both sides were missing several possible shots.

L. Huff erred and Merritt looped the free toss. Merritt scored from

322 More Farms In County Than In 1930

In spite of the fact that since 1930 conditions have been disconcerting to the rural population of the country figures from the Bureau of the Census, Department of Commerce, reveal that within the past five years the number of farms in Castro County has jumped from 751 to 1073, a gain of approximately 40 per cent. This figure was obtained from the preliminary count of the returns of the Supervisor of the 1935 Census of Agriculture, as of January 1, this year.

County Agricultural Agent E. W. Thomas accounts for the increase, in part, due to the fact that in previous counts the census takers in some cases overlooked renters while non-resident owners were not counted.

SATURDAY'S FREE SHOW CONTINUED

THAT MERCHANTS FREE MATINEE HAS BEEN DISCONTINUED IS VERY FALSE RUMOR.

Contrary to false rumors which have been circulated throughout the county which have led some citizens to believe that the Dimmitt Merchant's Free Saturday matinee has been discontinued, The News has been asked to assure every one that such is far from the actual truth and these feature shows are being continued uninterrupted and proving more and more popular with Saturday visitors as the 's pass. The Merchants made clear that there is absolutely no expense attached to these shows as they are presented with the sole purpose of conveying their sincere appreciation to the people of the county for their patronage to this city. Always a clean, wholesome entertaining feature production awaits the Saturday visitors to Dimmitt. You are welcome—come!

the field on a pretty toss. Dimmitt was leading 21 to 14 as Collins fouled out, she was replaced by M. Huff. The quarter ended after a brief volley failed to net either team any more scores.

Roberts went into the game for Dobbs soon after the fourth quarter started. L. Huff dropped in a free throw for the first count of the period though both teams had been battling several minutes. Fine guarding was holding the score low, Waggoner netted a field goal for the Bobbies. Channing was having hard luck with their shots. They were hitting the rim but bouncing out, Merritt scored for Dimmitt.

Roberts fouled and Waggoner sunk the toss. Waggoner swung a long shot through. Esther Roberts replaced Elizabeth. L. Huff tossed in a free throw and the score was 28 to 16 for Dimmitt.

Wright who played a wonderful game for Dimmitt, went out on three personals. Meek went in for Wright and Marlor went to guard. L. Huff scored again from the foul line. Roberts scored a pretty one for the Eagles as the game ended 28 to 19 for Dimmitt.

The Bobbies won a spot in the consolation finals by defeating the Happy Cowgirls 32 to 23 in a game that provided plenty of thrills. Waggoner and Marlor were accurate from the field and were aided by some fine guarding to take the contest.

Sutton, able Happy forward, accounted for eleven of her team's scores and Huckabee also played a nice game at forward for the losers. The game developed into a real thriller early in the third quarter when Happy came from behind a 15 to 8 score to lead Dimmitt 17 to 15. Dimmitt quickly recovered from her momentary lapse, however, and gradually forged ahead through the remainder of the game. The 32 to 23 final count was the widest margin either team had gained during the game.

BOBBIES HONORED BY LIONS CLUB

BASKETBALL TEAM, SPONSOR AND COACH COMPLEMENTED BY LIONS CLUB TUESDAY.

Tribute was paid a gallant group of young ladies, Tuesday noon when the Dimmitt Lions Club feted the A. A. U. consolation championship basketball team, their sponsor and coach at the regular weekly meeting. Inspired by the charming presence of the comely young ladies of the hardwood court the musical talents of the Lions soared into hitherto unknown romantic tempo as they serenaded their guests in the usual sing-song led by that redoubtable and gallant lothario of melody, Lion Ed West.

In the absence of the Boss Lion Ozro Stephens the chair was occupied by Lion Chas. H. Dean with Lion Charles Maples acting as tail twister in the absence of Lion Pete Whitlow.

Following the sumptuous dinner prepared by the ladies of the church, Lion Maples paid tribute to the basketball team as a body for their marvelous record of the season and expressed the pleasure of the club at having the visitors as honor guests.

Lion Chas. Dean introduced little Miss Christine Moore who entertained the gathering with a brilliant piano solo, "Grasshopper".

Lion Maples again claimed the floor and presented each member of the team individually with intimate remarks complimenting each of the following: Misses Mary Alice McLean, Catherine Smith Florette Meeks Ruby Marlor, Pauline Rothwell, Ina Dee Merritt, Sybel Nell Waggoner, Tina Mae Wright and Decimae Ramey, captain. Miss Ramey responded in her charming manner for the team extending thanks for the loyal support given the girls and for the honor luncheon.

Others introduced with due credit for their portion of the teams success were Miss Margaret Coper, sponsor of the team and coach Lion Herman Troutman, who also responded with thanks for the support of the business men and further praise for the noble work of the girls.

Cub Lion Swain Burkett was presented with the Goat medal with due ceremony by Lion Sam Braswell, Jr., just before the meeting was dismissed with the singing of "America."

CORN-HOG APPLICATIONS ARE 246

1934 PROGRAM PAYMENTS BRING TOTAL FOR COUNTY TO DATE TO \$26,815.65.

Tabulation of data on Corn-Hog reduction applications is being completed this week. 246 applications have been received from Castro County and two or three additional applications are expected by the end of the week. Of these 24 are new applications. This number shows a slight increase from last year when 244 applications were received and 240 contract finally signed.

To date \$26,815.65 has been received on the 1934 local reduction program, making up first and second payments. Only four of the second payments remain to be received. The final payment which will amount to approximately \$14,000.00 is expected within the next few weeks.

Texas is the first state in the United States to report as many corn-hog applications signed this year as contracts signed in 1934, according to E. M. Regenbrecht, Extension swine husbandman. Thirty-three thousand applications have been signed to date and more will be signed before the closing date of April 1. Of this number, 3000 of the 1935 signers did not

CHANGES TO BE MADE IN NEWS

APPEARANCE AND READER INTEREST WILL BE IMPROVED WITH NEXT ISSUE.

Next week happens to be the birthday of The Castro County News and in a way of celebration and at the same time as another step in the plan of improvement the management is pleased to announce that with next Thursday's issue The News will come to you in a new size. This change we feel sure will meet with your immediate approval. Heretofore The News has been a six-column page with a rather bulky appearance, but next week it will come to you as a seven-column page. It will give a much neater appearance and at the same time give the subscribers and advertisers a larger and better paper for their money.

The change will necessarily entail expense on the part of the publishers, but we have been so impressed with the warm and friendly reception of our efforts to bring you a better and worthwhile hometown newspaper we feel that the change is justifiable at this time. Without exception the better weekly newspapers of the state and nation are of the seven-column variety and a much neater make-up is possible through this medium.

The News also announces that a number of new and interesting departments will be inaugurated to bring its readers features of various sorts and kinds which will add interest to reading The Castro County News each week. We sincerely hope our efforts for a newspaper which you may be justly proud will meet with the approval of our readers and advertisers.

Miss Margaret Cooper, head of the English and Speech department of Dimmitt High School was called to Lubbock Wednesday to the bedside of her father who had been ill for some time and who passed away at 12:30 p. m. March 27th.

The News joins with the many friends of Miss Cooper in our school and community in extending sympathy to her in her bereavement.

Funeral services will be held in Lubbock at 2:30 today.

DIMMITT PLACES HIGH IN FESTIVAL

TRUETT BARRON WINS FIRST PLACE IN BOYS SOLO DIVISION AT AMARILLO.

Dimmitt fine arts pupils carried off several honors at the annual Panhandle Music Festival at Amarillo last week when the various contests were held.

Truett Barron captured the only first place award for the local entry winning the coveted title in the Boys Solo for ages 16 and under with an average of 89.

James Barron was awarded third place in the Baritone Solo group for entrants 18 years of age and under with an average of 90.

In the Class A Bach Piano Department for 12 years and under Charlene Mapes won third honors with an average of 88.

Completing the winners for Dimmitt Miss Imogene Lees won third place in the Girls Soprano Solo for 18 years and under with a grade of 90.

Little Miss Shirley Womack was awarded blue ribbon in Piano Solo for 9 years of age and under with an average of 90.

These contestants are to be complimented upon their skill as also are the teachers who have directed their talents to the honor places they received in competition with the best artists in the Panhandle.

Keep Chickens Up Is City Ordinance

City officials have received a number of complaints from irate citizens of the community lately regarding the damage being done by chickens from neighboring yards to the young gardens. City Manager Webb has asked The News to point out to these owners of poultry flocks in the city limits that there is a city ordinance compelling these persons to keep their chickens from running loose upon neighboring property.

It is hoped that this warning will be sufficient to save somebody some embarrassment and possible prosecution, as there is hardly anything so disconcerting as to watch vagrant chickens eat up one's young spring garden.

WHEAT PROGRAM TO BE CONTINUED

EXCESS ACREAGE WILL BE ALLOWED THIS YEAR WITH EQUAL REDUCTION IN 1936.

The first intimation of plans for continuing the wheat reduction program through 1936 was received from John R. Edmonds, State Agent for wheat section at the County Agent's office this week. No details of the plans were received, however further information is expected at any time according to the following quotation of a telegram sent out by the wheat section which was as follows:

"Liberalization thirty-five wheat planting contingent on agreement to sign contract and make equivalent reduction thirty-six STOP Additional acreage not over seventy-five per cent of base STOP Contracted acreage still required STOP Limitation on other farms not under contract still holds STOP Second payment thirty-five goes to parties on farm in thirty-six STOP Form and instructions being prepared STOP Imperative producers be given correct information to avoid compliance complications STOP"

According to the interpretation of the county agent this means that in case producers under reduction contract at this time have planted an excess of wheat above the acreage permitted on their contract this acreage may be left for harvest provided the producer signs an agreement to make a corresponding reduction of his 1936 wheat crop.

Measurement of wheat land under contract will be practically completed by the end of the week. Forms for completing compliance work are expected from Washington early in April. Compliance however cannot be completed until a later inspection of all wheat farms sometime prior to harvest.

Mrs. G. W. Brown and daughter were in Plainview Monday.

REV. JOE HAYMES TO PREACH AT METHODIST CHURCH SUN.

Sunday at the Methodist church is to be a little different in its schedule, but a day the church will enjoy, we feel. The pastor will preach at the 11 o'clock hour. Several are making plans to unite with the church and we urge that all who can come at this morning service.

A vesper service is to be held at 5:00 o'clock in the afternoon at which the presiding elder, Rev. Joe Haymes will preach. This service will be followed by a brief session of the quarterly conference. The choir will sing at this twilight service and altogether the hour will be enjoyable. We invite all who will to attend.

age of 90.

These contestants are to be complimented upon their skill as also are the teachers who have directed their talents to the honor places they received in competition with the best artists in the Panhandle.

HOSPITAL MAY BE BUILT HERE

COUNTY COMMISSIONERS A-WAITING WISHES OF THEIR PRECINCT BEFORE ACTION.

Chances for a county hospital for Castro County may not be so remote as some persons believe, and perhaps might become a reality in the near future if co-operation and concerted effort is directed to the project. The Commissioners court has already been contacted upon the probability of such a building and the proposed hospital plan meets with the approval of these gentlemen, but as they are servants of the people of their respective precincts, they feel they are in no position to take the responsibility of inaugurating such a project without the full knowledge and consent of their voting constituents. Their position is absolutely sound and can readily be appreciated, as they were chosen to represent the wishes of their communities with due consideration to the welfare of the county in general. The court therefore is awaiting the pleasure of their respective peoples before deciding upon what course to pursue.

Relief Administrator Wade Dent has placed the stamp of approval upon the project from his office and has even approached the subject to the relief engineer, receiving a preliminary okay from that official on the proposition if carried out as planned. If a PWA loan can be negotiated for the Castro County Hospital project it will immediately solve the major portion of the unemployment problem for the county.

While the need of such an institution has long been felt it is reasonable to expect that the next few years will see even a larger and more pressing need. Dimmitt and Castro County will continue to grow and with them attendant needs will likewise flourish. Now is the time to prepare for the future and at comparatively little expense.

True, the people of this county enjoy at the present time a very moderate rate with neighboring institutions. But—when normal times restore once again to this great country prosperity and good business conditions these same institutions will not and should not be expected to continue this same low rate for our patients. They know that if they can keep a hospital from being built here now, when Federal aid is being given for worthy like projects, there is little fear that such a structure can be financed when prices skyrocket some years hence.

Therefore, the citizens of Castro County are urged to think over the matter carefully and then make it a point to see your Commissioner and tell him what you wish him to do. He will appreciate it.

LIGHT SHOWER BRIGHTENS HOPES

TENTH OF INCH MOISTURE REVIVES WHEAT AND BRINGS HOPES FOR GOOD CROP.

Temporary relief again visited the parched fields of this section Saturday when a light shower fell in Dimmitt and surrounding territory. The fall was heavier towards the north and aided the sections where the moisture was most needed. Wheat fields of the county again took on a greener color and began to sprout from the ground at a rapid rate. Some of the section near the Deaf Smith county line, where the drought has taken its heaviest toll, is even showing signs of life and with additional rains within the near future even this part will make a yield.

HOSPITAL NEWS

Mrs. Harold Wyer of Muleshoe who has been confined to the Dimmitt Hospital since undergoing an operation recently has recovered sufficiently to be dismissed today.

Friends of Mrs. J. M. Jackson will be pleased to learn that she is improving rapidly from her recent operation.

Treatment rendered a Mr. Cates from Muleshoe this week for a broken shoulder. The patient was pronounced okay by local physicians after spending one night under observation here.

HOW HITHER'S POLICY MAY AFFECT THE UNITED STATES

Hitler's recent announcement that Germany will re-arm, contrary to the treaty which ended the World War, undoubtedly creates a tense situation in Europe which will have grave repercussions throughout the world.

We do not go into a discussion of the effect in Europe, where France and Soviet Russia have practically renewed the alliance which was terminated with the execution of the Czar but reborn under pressure of the same circumstances that lead to the former mutually protective agreement. We are more concerned with effects in the Pacific, where American interests arise.

Plunging Europe into an armed camp cannot, with justice, be blamed upon the Germany of today, but Russia, facing Japan in the East, is becoming really alarmed at the growing threat on its western front. As a result Leningrad will tend to "pull in" so far as Siberia is concerned, fearful lest there be an occasion to fight foes on both fronts at the same time.

Much the same result will be observed in the case of Great Britain. Facing the possibility of a new struggle in Europe the English will not likely push too much for her "rights" in the Far East, lest in some future crisis on the continent the wily Jap take advantage of the diversion to his own benefit.

If Russia and Great Britain thus temper their Far Eastern policy the United States will again be in the front, facing the aggressively growing ambitions of the Japanese. So long as peace reigns in Europe there may be no outbreak in the East to involve us but let the dogs of war roam in that war-torn continent and the danger exists that Japan may take advantage of the situation to carry out her own plans, which may be so far-reaching as to clash with vital American policies.

This, then, is the danger to us that we see in European affairs. Not that this country, or its people want war with Japan, or that public opinion here does not prefer reasonable concessions to Japan in the interest of peace in the Pacific, but the danger that, with other big nations involved at home, the Japanese may go so far as to provoke war with us in the belief that alone we are helpless to oppose her further advancement toward world goals.

CHRISTIANITY

I cannot now remember where I read it, and at the time I did not give the statement much consideration, but it has kept bobbing up in my mind ever since. The line which lingers in my memory was something like this: "What the world needs today is good, old-fashioned Christianity."

A lot of folks who know me might figure that I do not have too much of that, and perhaps they are correct, but nevertheless I incline to the belief that the writer of the paragraph uttered vital truth.

Try as I may I cannot get the idea that attendance and the support of the church constitutes complete Christianity for my conception of Christianity is something which can and should be used every waking hour.

Christianity should produce patience, kindness, honesty, charity and tolerance, in business as well as in social intercourse, and a Christianity which falls short of this is not going to make the world any better.

For, after all, Christianity is right living and right thinking. Thus he who lives right and thinks right will exhibit the attributes mentioned above.

I was talking to a business man a few days ago and he said that to his way thinking selfishness was the the outstanding sin of the age and in this I heartily agree. If we could banish selfishness we would go a long way toward reforming the world, and surely selfishness is not Christianity.—Pampa Advocate.

ADVERTISING THAT PAYS

When The Castro County News talks about advertising the average merchant skips the article, feeling that here is propaganda against his shekels.

The exceptional merchant, however, is glad to learn what the newspaper man thinks. He may use the idea, or he may not, but he knows that he will never be hurt by considering anything.

With this introduction let us urge local advertisers to be regular. This idea has nothing to do with the use of large space or the expenditure of more money in our columns. It simply records our conviction that if a merchant is planning to use two hundred inches of advertising in two months that eight advertisements, appearing every week, will do more for his business than one or two large splurges.

Advertising, like everything else, requires foresight. A merchant who expects printer's ink to work miracles is doomed to lose the money that he spent for advertising. He must put some thought into what he is saying before spending his money to say it. That done, and regularly done, will help build any business that is worthy of living.

School of Castro County should encourage all forms of athletic competition between students and forget some of the hokum that children have plenty of opportunities for games outside of school activity.

Without any intention of being nasty may we inquire if any reader of The Castro County News believes all that is printed in the movie magazines and the confession publications?

Incase you have no idea on the subject, may we not mention that classified advertising in The Castro County News is one of the best bargains available in Dimmitt.

If the new bridge rules could have included an extra slam bonus for the housewife who bakes good cake it would be easier to get some husbands to take up the game.

Correct this sentence: "Never mind paying subscription account; The Castro County News has plenty of money to last a few years."

Herr Hitler, it seems, wants to be certain that Germany will be in the next war.

**Castro County
Snapshots**

After driving about the county Saturday and Sunday the writer has concluded that this county is just about the best spot in the entire plains country. To the north of us, to the west and to the south one finds barren stretches of sand and dust covered wastelands which have suffered to a terrific degree. Of course Castro county has a few bald spots which the uncaring winds of the past months have rendered practically valueless, but these sections are comparatively few when one drives further and find a perfect picture of a smooth green carpet of growing wheat Castro county is going to boom this summer and let's all get ready for a taste of old times. Let's keep our heads up and pull together for a grand comeback with old Castro.

And now for few of Winchell's orchids in Coach Herman Troutman's vicinity—congratulations to a successful coach for a job well done in the face of innumerable obstacles. A mentor who takes a group of girls of which only two have had previous experience and whips them together into a machine capable of winning honors in a state tournament certainly deserves the credit and recognition of his townspeople.

And the same goes for Miss Margaret Cooper, capable sponsor of the team.

The writer had read of Miss Florette Meek's honors won at the Plainview tournament as possessing the best figure among the hundreds of contestants, and Tuesday at Lions Club we had a lot of fun by ourself attempting to pick from the whole group of those good looking girls the one which we thought was the pulchritude queen. Not knowing the young ladies and with our usual judgement we picked the wrong one (to ourself). Miss Florette was later introduced and although we see now why Uncle Charlie Mapes spent so much time elaborating over her in his introduction, we are still convinced that the one we had picked out for Miss Meek should have been given a small portion of the honor. The entire team is good looking though and we are afraid The Castro County News is going to become mighty fond of girls basketball from here on.

Tony Billenghausen and daughter, Miss Helen, and Nick Ehly of Nazareth made a trip to Rhineland, Knox county, last week where they assisted Mr. Billenghausen's brother, Hubert, rebuild his home which was destroyed by fire a few weeks ago. Sometime ago, I remember not where or when I heard the following little story but I believe you will agree with me it exemplifies the splendid fighting courage of our own valiant Dimmitt Bobbies:

"It's not the size of the girl in the fight;

But rather the size of the fight in the girl!"

Coach Troutman's lassies entered the Plainview A. A. U. tournament with very little chance and prospect for success, even losing the first game by an overwhelming score but to their everlasting credit and honor they never quit. Hopping right into the consolation game little sextette battled their hearts out against some of the best cage artists in the state, overcoming the darkest odds with sheer grit and determination to bring honor to their town and prove their loyalty to their fans, to win the consolation championship adding another beautiful trophy to the school's collection and miniature silver basketballs to the individual players.

So Dimmitt High School Bobbies, we all congratulate you, and may life's other contests be so sweetened with like success.

Pat Dean tells of his plans to organize two fast softball teams for the summer under the Pontiac standard. That is an excellent move and one which might well be copied by other progressive firms of the city in sponsoring like teams. The writer along with Pat and a number of other business men have participated in the interesting sport in other cities who have had softball leagues during the summer months, and all are of the opinion that the sport would create a lot of excitement and interest in Dimmitt this summer if the movement were started here as it is in most every other town in the Panhandle.

It provides excellent exercise, at little expense, for a large number of participants and affords a world of pleasure for those who prefer to watch the fun from the sidelines.

Pat has started a movement which should be matched by other firms in Dimmitt. Who's next?

Bobby Jones, golf wizard, who scored a grand slam in 1930, is busy practicing for the Augusta tournament, which begins on April 4th. The old master was nominated to win the event at his club last year but he finished in a tie for twelfth. Too much practice, just before the matches is said to have been the reason, although the champion, after a lay-off, had the odds against him, not to mention an outstanding array of seasoned campaigners. This year he will face the stiffest competition but he goes to the post without being handicapped by the "certain to win" dope. Bobby was a popular golfer and a champion liked by the public, who will not mind a bit if he comes through next month.

Max Schmeling did his part to clear up the heavyweight situation when he scored a decisive victory over Steve Hamas, former Penn State gridiron star, in their match at Hamburg. The former champion fought a great battle and had the handsome American helpless when the fight was stopped in the ninth round by the Belgian referee. Hamas was knocked down three times in the sixth round, and from then on it was only a question of time, with many spectators asking the officials to stop the fight.

Auto Plates**

Must be on all cars by midnight of April 1st, 1935 or the owners will be subject to a fine.

Highway officers are instructed to arrest those who have not properly equipped their cars with the new plates.

The plates are ready and may be placed on the cars as soon as they are bought.

We trust that all automobile owners will secure their new plates in ample time to have them up on their cars.

Hints for the Household

When cooking in quantities for a church supper or community party it is usually difficult for the housewife accustomed only to preparing small amounts of food, to judge those amounts for a large number of people. To make it easier I have a table of quantities which I will gladly pass on. Here it is:

Coffee—One pound will make forty cups.

Sugar—One and one-half pounds are sufficient for forty cups of coffee.

Cream—One quart of thin cream is sufficient for forty cups of coffee.

Lemonade—Three to four gallons are sufficient for one hundred servings, depending on the size of the glasses. Sixteen lemons will make one gallon.

Ice Cream—Three gallons will serve one hundred people. Seven or eight slices may be cut from a one quart brick.

Butter—A one pound brick will cut into forty small squares.

A Delightful Menu

Speaking of church suppers, here's a menu that may prove appealing:

- Split pea soup
- Baked ham
- Glazed sweet potatoes
- Corn pudding
- Boston Brown Bread
- Ginger Fruit Salad
- Cookies
- Coffee
- Ice Cream

DO YOU KNOW THAT

1. When baking cake the oven door should never be opened until the cake can be smelled? This will prevent many a fallen cake.

2. A cake may be tested with a broom straw but it should never be pierced directly in the center?

3. Browned, grated coconut makes a delicious decoration for the top of a cake?

4. Hot water makes a "creamier" butter cream icing than cream?

5. It will be easier to blend the ingredients of a mocha frosting if the coffee used is hot?

RECIPES

Fondant

The recipes for fondant are many and varied but I just learned about a new way to make uncooked fondant and will let you have it. It is really delicious and is surprisingly like the commercial mixture.

To make it:
Beat the white of one egg until stiff. Pour in slowly confectioner's sugar until firm enough to handle but not stiff. Flavor with vanilla.

Chocolate fondant may be made the same way by adding cocoa with the sugar.

Date and Pineapple Salad

1 quart of shredded cabbage
1 can of shredded pineapple
1 package of dates
Lettuce and salad dressing
Soak the shredded cabbage in cold water until crisp. Drain thoroughly. Pit the dates and cut into slices. Moisten all ingredients with salad dressing and toss together until blended.
This will serve twelve persons.

The "liquid test"

... it ENDS bowel worries for many people

This is a test that tells you whether the system needs a cathartic change. If you have constant sluggish spells or bilious attacks, and laxatives seem to make things worse, it would be wise to try this:

Stop all use of any laxative that does not encourage variation from a "fixed dose" (which may be entirely too large a dose for your individual need). Use instead, a liquid laxative that you can measure and regulate as to dose. As necessary to repeat, take smaller doses, less and less often, until the bowels are moving without any help at all.

Doctors use liquid laxatives, and a properly prepared liquid laxative, containing natural laxative agents like senna and cascara is a joy and a comfort; a real help in establishing regularity. Ask your doctor about this! (Doctors use liquid laxatives.) You can get Dr. Caldwell's Syrup Pepsin, which is a most dependable liquid laxative, at any drug store.

Truck owners know economy THAT'S WHY THEY BUY CHEVROLET TRUCKS

MEN who study haulage costs know that Chevrolet trucks are as outstanding in economy and durability as they are in price. Chevrolet trucks handle tough hauling jobs day after day at small operating cost, because they are built to Chevrolet's own high standards of quality in every part. The powerful six-cylinder valve-in-head engines are truck motors, especially designed to give sustained pulling power. Features that assure stamina and long life are evident in every detail of the precision-engineered chassis. Chevrolet trucks offer maximum capacity, economy and quality—because Chevrolet is the world's largest builder of trucks.

Well, well, it won't be long till school is out and the cows will be in the meadow chewing the rag, the birds in the trees warbling love songs and the Romeos and Juliets will be out where the west begins holding hands and telling secrets. Now if that isn't just about how things are in the "good ole summer time" I'll take down my sign and go home. Of course there are exceptions to all rules, naturally you wouldn't see a Freshman courting a Senior, not when Seniors are Seniors. Now with all this nonsense finished we will get down to businesses and let spring alone.

I have listed a few things below that I didn't know before.

That the Dimmitt Bobbies have entered the State A. A. U. Basketball tournament five times, of these entries, two times, they have been state champions, once runners-up, once consolation, and once sportsmanship. In this time they have always placed one or more players on all state team, or they have been selected for sportsmanship, personality, best looking or best form.

Florette Meek has two gold basketballs she has brought back from Plainview—I wonder how she became the owner of two—I wonder? From the looks of things around here the Dimmitt Bobbies are changing from basketball to boxing as Mr.

I believe that the Juniors have ordered the books for their play "Where is Grandma" and they expect to work it up good for presentation in the near future. You had all better help the juniors because they may have to buy us seniors something to eat before long.

After this year two prominent seniors, Decimae Ramey and Tina Mae Wright, will put away their basketball career. They have many pleasant memories of the days they were loved and admired by all.

They tell me that Piggy Gibbs, G. I. Jackson and Junior Stephens are getting to be regular track men. Their coach, Miss Cooper says they are doing fine.

The close of school is nearing and the Freshmen are still on the road to success. Some of the Freshmen are failing, but most of them are passing.

All of the freshmen are looking forward to the first of April, which I presume will be Freshman day. "Just wait until then Seniors; wait and see what they do, you will get some of your own medicine.

Spring is here and only two of the Freshmen have the spring fever, and only one is love sick. Those with the spring fever I think will recover, but that girl that is love sick, I don't know what to think about her. Her heart is weak, but her constitution is strong. Maybe she will be able to forget him.

The Freshmen Hall Of Fame

My highest ambition is traveling. I have traveled nearly all of my life. I have seen many beautiful and interesting things.

One day as I was strolling thro' one of the picture studios in Chicago, I was attracted by a huge group of pictures. Of course I wanted to know what they were, so I went over where they were, and to my great surprise I saw the faces of some of the Freshmen class of 1934 and 1935!

The most outstanding one I remember was the picture of Ozro Stephens Jr. He had become one of the most famous comedy stars, and just imagine his "partner" being Truitt Barron. Next I noticed the glittering face of Virgie Shepard. She, too was a noted star. Under her picture there was an announcement which read:

"To night at the Majestic Theatre this beautiful star will play in her latest production "Daughters on Broadway" with Vernon Armstrong and Lucille Kirkpatrick."

Now, I must see that picture!

I looked on and the next picture was that of the great Vernon Armstrong, then came Lucille Kirkpatrick.

Well, that finished the pictures. My, but I was tired! I went to a hotel and tried to rest. But just as I lay down I heard a newspaper boy "holering," "Extra, extra," I called him and bought a paper. Imagine my surprise when I saw the glaring headlines. It was an extra society paper announcing the wedding of Earl Cooper and Ouida Byrnes! I read on down the column and saw that they were giving a garden dinner that evening.

I turned over to the advertising section to see if any of the "smart" Freshmen of '35 were advertising their work.

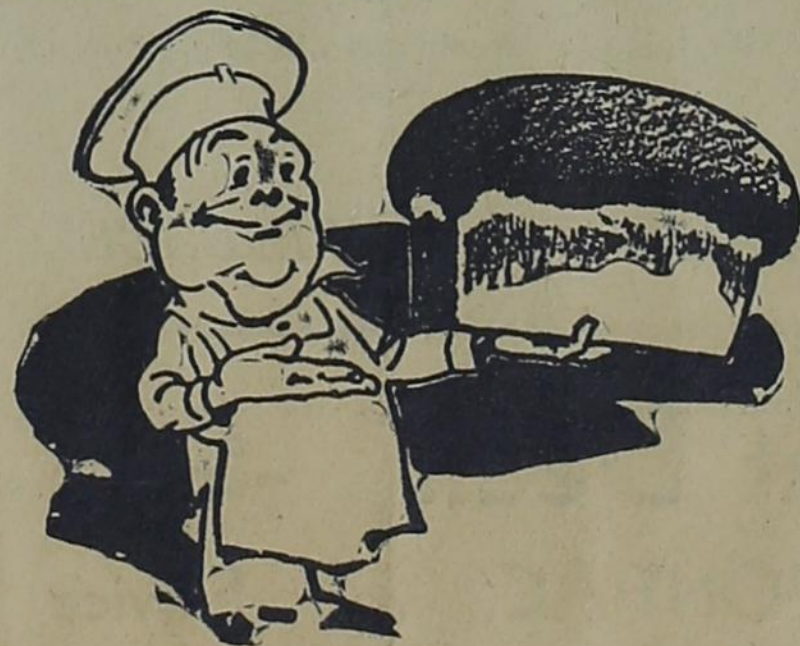

The first thing that caught my eye was this: McMahon Truck Line. I thought I had heard that name before and when I read on I saw that R. V. McMahon was driving trucks for a living! (I wonder if he had turned a truck over yet).

I went to a magazine stand and picked up a Love Story magazine and on the front page I saw the name of a new novel written by Bob Estes. I would never thought he would ever amount to more than an office man. I turned on to another page and saw a beautiful picture. Under it there was the picture of Bernice Duncan, the one who had drawn it.

Just one shock after another— These Freshmen were so mischievous I didn't have any idea that they would amount to much, but in my travels I found out that the Freshmen class of 1934 and '35 did amount to a great deal.

Leon Lile gave a party Friday night. After all the guests arrived many games were played. Then refreshments of delicious ice cream and cake were served. Those present were: Misses Florene Houtchens, Lela Ray Houtchens, Dorothy Maples, Irene Ray, Minola Lile, Ethel Womble, and Ruby Butler. Messers. J. G. Davis Roy Stafford, Jim Elder, Joe Butler, Truxton Ashley, Bryan Houtchens, Willie Butler, Cullen Butler, James Barron, C. G. Maples and the host.

KEY HOLE KELLY

Well the girls showed the state that Dimmitt hasn't blown off the map. They have made a warm place in the hearts of the people of Dimmitt by their good playing and sportsmanship. It makes ol' Dimmitt High proud of them.

If anyone wants to know what time of the year it is just ask Mr. Haas, why man I know that the depression is over because he has a new suit for spring.

THINK! Only seven more weeks till school is out, but tonight James will see Decimae.

You know? I wish someone would write the general motor companies of the country and tell them to enlarge those keyholes so I won't have to get so close to the door handles. Man I am about to lose my eyesight, and another thing, they ought to make these knobs out of soft rubber.

Florette got a gold basketball at the State Tourney, for having the best figure, and man does she display it— Oh! We mean the gold basketball.

Another car door. Does Mr. Byrnes daughter like to ride in the rain?

Girls I hate to say it but its hard to find much for this item when you leave the ol' home town with boys from other towns.

Now if you think any thing in this article is very bad, then please remember—"Nature in the raw is seldom mild."

WONDER WHY

Key Hole Kelley knows so much news.

George Musick is doing so much advertising.

J. G. Davis studies so hard.

SENIORS

By Dell Lantam

Well this old school year is nearly gone. Already the shadow of Caps and Gowns are beginning to show up, and the Seniors are feeling ever so dignified. You hear quite a bit of talk about what college that the different ones are going to. But there is always this phase fastened to the end of the story, "If this wind don't stop blowing I won't go anywhere." But it seems that the plans of most of the class now are to attend a college next year, and this is sure the thing that we ought to want to do if it is at all possible.

Say I've got a feeling that the girl's Basketball team will miss this years seniors when they are gone. Most of the first team are going to graduate this time. So it is going to be up to the rest of the girls to make a team that the state will have to take notice of. Here's power to you. As little as we might think of it the boys are going to miss us in a big way.

The seniors of D. H. S. are rather industrious people at that. We served lunch at the county Interscholastic meet when it was held here. If we

Don't worry if your work is great, And your rewards are few; Remember that the mighty oak Was once a nut like you.

had just had some way of making the people that were here hungry we would have made money in a big way, but in spite of that we made enough to have sufficient money to carry out our plans for this year so I suppose we shouldn't have any kick coming.

The Juniors are going to give a play some time in the near future and the seniors are especially interested in the success of that play. You had need not ask why we are so interested in it, but just watch for the date and then make your plans to attend.

The school paper seems to be a great success, and we are all very glad of that. But looking at it from the senior side of this year and from that the Editor-in-Chief is a great one.

Mr. Haas has done a great deal to be the senior sports editor for the remainder of the year because the class have practically decided that they want to make a trip the latter part of this year and Mr. Haas vows that he might be interested in something like that. For further information we refer him to Mr. Troutman.

Scientists Find Fast Way to Relieve a Cold

Ache and Discomfort Eased Almost Instantly Now

1. Take 2 BAYER Aspirin Tablets. 2. Make sure you get the BAYER Tablets you ask for.

3. Drink a full glass of water. Repeat the treatment in 3 hours.

4. If throat is sore, crush and stir 3 BAYER Aspirin Tablets in a third of a glass of water. Gargle twice. This eases throat soreness almost instantly.

NOTE "DIRECTIONS PICTURES"

The simple method pictured here is the way many doctors now treat colds and the aches and pains colds bring with them!

It is recognized as a safe, sure, QUICK way. For it will relieve an ordinary cold almost as fast as you caught it.

Ask your doctor about this. And when you buy, be sure that you get the real BAYER Aspirin Tablets. They dissolve (disintegrate) almost instantly. And thus work almost instantly when you take them. And for a gargle, Genuine Bayer Aspirin Tablets disintegrate with speed and completeness, leaving no irritating particles or grittiness.

Good Ol' Summer Time In Texas

Tall wheat that sighs and glistens,
and
A cock's hoarse cry, the sudden rasp
Of chain against a well's black mouth,
The Sweep's low, penetrating grasp.
The distant low of cattle, bogged
Knee-deep in stagnant meadow grass,
The panting breaths of reapers that
Swell and subside, pass and repass.
No movement save the quivering heat,
The trembling of a butterfly,
The frail, far piping of a wheat bird,
That beats its wings against the sky.

Sweet, wholesome sounds that make
This state of Texas,
A track for tired, sick city hearts,
And no one knows just where it goes,
Nor cares at all where it starts.
—Nova Lee McKinney.

God's Masterpiece

Oh, away down south in Texas,
By the sleepy Rio Grande
It seems that God was at his best
With His all creative hand.
It seems that he placed his brightest hues
On the meadow and the sky,
And it seems that He formed His masterpiece
In the river rolling by.
Ah, there when the glowing sun has set,
And the evening gone to rest,

Sunnyside Home Demonstration Club

The Sunnyside Home Demonstration club met March 20 in the home of Mrs. Clint Coventry with twelve members and Miss Clark present.

Those present were Mesdames H. A. McClanhan, R. Royce, G. T. Abbott, Preston Sampler, G. Bradley, Ed Duke M. A. Gilmer, J. S. Chism, Clyde Chism, O. B. Winkle, John McClain, Miss Clark and the hostess.

The club meets April 3 in the home of Mrs. Ed Duke.

Mr. and Mrs. Byron Shipley attended the semi-annual Texas-New Mexico Clothing market at Lubbock this week-end and while there purchased a quantity of spring and summer ready-to-wear and other merchandise.

Mr. and Mrs. Ted Woods, accompanied by her parents, Mr. and Mrs. Robert Gollison, and Mr. and Mrs. Buck Woods, made a trip to Lubbock Saturday afternoon where Mrs. Ted Woods underwent a major operation in a Lubbock sanitarium. Last reports indicate she is progressing as nicely as possible.

Anita and Juanita Reynolds have been quite ill for the past week.

'Tis then that Nature blossoms forth
Robed in its gayest, best.

And when twilights purple curtain
Hides the wonder from our sight,
We but ponder on His godness,
On the beauty of His might.

Yes, the magic land of Texas,
And the wonder of God's hand,
Is the sweet and fragrant valley
Of the sleely Rio Grande.
—Buell Ayers.

BIG SQUARE

By Estha Mooty

Singing was well attended Sunday night. We sing every first, third and fourth Sunday nights we invite everyone to be with us at each and every singing.

Mrs. W. M. Cates and son, Raymond are visiting in Oklahoma.

Willis, Thurlow, and Lucille Branscum attended the singing at Kress Sunday.

Mrs. Mick was surprised by the arrival of several friends at her home Saturday night. Refreshments of cake and cocoa was served at a late hour.

Austin and Estha Mooty, Lucille and Ayleen Cates attended the box supper and concert at Sunnyside, Friday night.

Parker Cates had the misfortune of breaking his collar bone Thursday afternoon. He was rushed to the Dimmitt hospital and is recovering rapidly at this writing.

Mr. and Mrs. Geo. Graham spent the week-end at Plainview.

Mr. Joe Hutchinson spent the week-end with home folks.

The recital which was given by Mrs. Pickens and her expression pupils Friday night was enjoyed by all.

LOCAL BOYS RETURN FROM VACATION IN MOUNTAINS

Dan Bruton and Lon Woodburn returned last Monday from Gallop, N. M., where they spent two week vacation. Caught in a raging snow storm the pair hiked twenty-five miles to secure supplies after four days being marooned by the blizzard. They state that was one place where they saw and felt the wind carry something besides sand and dust.
