Annice Gartman Wins Gold Star Award With Home and Livestock Projects

"4-H Foods, Clothing, gardening, food preservation and livestock demonstrations have kept me pretty

ANNICE GARTMAN

AD-LIB-BEN

After the fine reception the two Thanksgivings have received, we are backing a movement for three Christmases. To say the least, we could add to the confusion which already clouds most of our befuddled minds. How about it? Or do you think a holiday of such importance as Christmas deserves a whole week off?

According to a recent survey, the six sweetest sentences in English are these:

"I love you. Dinner is served. All is forgiven. Sleep till noon. Keep the change. Here's that five."

To these an enterprising editor we read about, added his six, to make it an even dozen. They were:

"It won't cost a cent. You're elected. We won. You wonderful man. You beautiful thing. You certainly don't look your age."

Looking directly across from The Enterprise office brings to mind a joke we read the other day. It went like this:

The one-armed stranger winced as the barber nicked him again. But the man with the razor chatted on unnoticed. "Haven't I shaved you before?" he said.

"No," replied the stranger, glowering. "I lost my arm in a hunting accident."

BASKETBALL SEASON OPENS

The Bronte boys will open the basketball season with two games tonight, Friday, at the gym. They play the Ballinger B team at 7 o'clock and the A team at 8 o'clock.

The girls play host to Blackwell A and B teams here next Tuesday night. The B team game will begin at 7 and the A team game will follow at 8 p.m.

CLINIC BEING REMODELED

The John Harris Clinic is undergoing a remodeling this week. The building was repainted outside earlier in the week. Interior decoration is expected to be completed by the weekend. The interior has been repainted and tile is being laid on the floors.

Mrs. C. C. Glenn visited Mrs. J. T. Gray in Abilene Sunday afternoon.

busy, but I still have time for playing in the school band and for church and community activities," said Annice Gartman following the winning of the Coke County Gold Star Award. The award was presented at the Annual 4-H Achievement supper held last week in Robert Lee.

Annice is in her 8th year as a member of the Robert Lee 4-H Clubs and is a sophomore in high school. She is the daughter of Mr. and Mrs. Bryan Gartman of the Sanco Community.

A turkey project took most of her time in 1950. She raised 25 and showed them in Abilene and won a 1st and 3rd and in Dallas she won 2nd and 3rd. She realized a nice profit from this project.

Clothing work began in 1951 when Annice made a simple gathered skirt. She has made a dress each year since to wear in the Dress Revue. She has won a second and a third place in County Contests.

Gardening and Food Preservation has always been important to Annice as she helps her mother with the garden, canning and freezing so that the family can be well fed. Her yield has not been very good due to drought conditions, but the amount grown has been of benefit to the family and Annice has learned many things about gardening and food preservation. She was awarded the Frozen Foods Award in 1955 for her record in the work.

Food preparation is of special interest to Annice. She began early in her club work by making breads, muffins, and cookies. Now Annice can do a "woman size" meal anyday. She has taken part in the County Food Contests two years. She and Leslie Nell Wink won 1st in the County Vegetable preparation in 1955, but the mumps prevented Annice taking part in the District Contest. In 1956 Annice and Mary Beth Schooler won County Dairy Foods and 2nd in District.

Annice has received a year pin each year since 1951. She attended District Camp in 1955 and was a Recreation leader in the County Camp. Annice has held a number of club offices including Reporter, secretary, Council Delegate, Recreation leader.

During the current year Annice has carried a livestock demonstration under the supervision of Jack Waide, Co. Agri. Agent. She has fed a Hereford steer, bred by Douglas Gartman, and exhibited the steer at several shows. First the steer was exhibited at the Coke County Stock Show where it won reserve champion. Then the steer was shown at the San Antonio Livestock Exposition where it took first place in the light weight open class. Going on down the show circuit, Annice's steer took ninth place at Abilene, eleventh place at Houston, first place at San Angelo, and twelfth place at the Heart 'O' Texas Fair in Waco. Finally the steer was exhibited at the State Fair of Texas in Dallas where it took fourth place. Annice sold her eleven hundred pound steer named "Pumkin" at Dallas for 36 cents a pound.

She likes sports of all kinds and plays the Saxophone in the High School band. She is also active in the Sanco Community Organization and church affairs.

Other 4-H girls who have won the Gold Star award in recent years are: Mary Frances Wylie, Mary Beth Schooler, Leslie Nell Wink, Bennie Wyatt, Joyce King Walker.

Beth Ivey's Condition Still Good; Will Go to Gonzales Monday

Condition of Beth Ivey, 9-year-old polio victim, remained good this week at Shannon Hospital in San Angelo. Her mother, Mrs. W. W. Ivey, told the Enterprise that Beth will be taken to Gonzales on Monday, December 3, for admittance to the Warm Springs Foundation Hospital there. She will be transferred by ambulance and Mr. and Mrs. Ivey will accompany her to the hospital.

Beth was stricken with the disease November 7 and has been in the polio ward in the San Angelo hospital since that time. Paralysis seems to have affected her legs. Mrs. Ivey said doctors had given them no indication as to how long she will remain at Gonzales.

Meanwhile, according to Mrs. Ivey, doctors and officials from the National Foundation for Infantile Paralysis have started a study of the case, which is believed to be the first case of paralytic polio, in which the patient had received all three inoculations of the Salk polio vaccine.

Changes in Drouth Hay Program

By JACK WAIDE
County Agent

County Judges were recently given the authority to issue certificates entitling ranchers to a 50% reduction in freight rates on all hay purchased to feed to livestock. Apparently the only eligibility requirement is that the hay not be purchased for resale. The local FHA committee has done this in the past. This committee still issues the certificates for the \$7.50 payment on roughage and the \$15.00 payment on grain. Old eligibility requirements must still be met for these payments. Those men operating feedlots are the main ones who will now be eligible for the freight reduction; however, there have been cases in this county where hay was ordered in carload lots and ranchers had to pay all of the freight on a portion of the load because old regulations did not permit them to get reductions on all of the load. Certificates are available at Judge Dean's office and at the county agent's office.

News stories have told of outbreaks of rabies in Tom Green County and in the city of Odessa in the last week. Let me remind you once again that if an animal should bite your child, make every effort to see that the animal is placed under observation for at least ten days. The outbreaks of rabies in this part of the state is undoubtedly caused by the recent increase in varmints. Different areas have used different methods in an effort to bring a rabies outbreak under control. A little planning now might save valuable time later if control measures become necessary in this county.

Dr. Koberg will be in the county Monday, Dec. 3. Those who want their cows tested for bangs and T. B. should leave word at the county agent's office and keep your cows up Monday.

Mrs. Floyd Collins has resigned as secretary for the local school system and has accepted employment with First National Bank. Mrs. Garland Black is helping out in the local school office until a new secretary is named.

Two Men Charged After Auto Wreck Injures Three Persons

Two men are in jail at Robert Lee after being found guilty of drunkenness and parking their car on the highway.

William N. Stanford, about 35, and James A. Ray, about 30, both of whom gave their addresses as Waco were picked up last Friday night by Deputy Sheriff Frank Keesee after a two car collision about a mile west of here on the

Robert Lee highway. The accident occurred about 9 o'clock.

In the other car were George Head and his family of Midland.

Members of the Head family sustained injuries and were in the Bronte Hospital several days. They were released Wednesday.

Keesee said that Stanford and Ray parked their car in the middle of the highway and turned off their lights. The car driven by Head ran into the rear end of the vehicle.

Stanford was charged with drunkenness and parking a car on the highway, while Ray was charged with drunkenness. Justice of the Peace C. E. Bruton fined the two men a total of \$148.50. So far the fine has not been paid.

Sick Fox Killed East of Town

R. E. Cumbie reported this week that he killed a fox on his farm east of town that was obviously sick. He said he thought the matter should be made public in view of the many cases of rabies which have been reported recently in West Texas.

Mr. Cumbie said the fox was lying down when he approached it. The animal got up and tried to run off, but apparently was sick and could not get very far. The local man picked up a stick and gave chase to the animal, overtook it and knocked it in the head.

He said he had no idea about whether the fox had rabies, but thought it wise that local residents be on the lookout for the disease.

WTU to Have Open House Tuesday, Dec. 4

H. A. Springer, local manager of West Texas Utilities Co., announced this week that the firm will have open house Tuesday, Dec. 3, from 10 a. m. until 2 p. m. Purpose of the affair is to have a public showing of new Frigidaire appliances which have recently been received.

Mrs. Ruth Clampit and Miss Abbie Andrews, home economists of Ballinger will be hostesses and will explain improvements in the new appliances.

Springer issued an invitation for everyone to come by during the open house. Refreshments will be served to everyone.

C. E. Bruton to Build Home in South Bronte

C. E. Bruton announced this week that he will begin construction next week on a new home in the new edition in the south edge of Bronte. The new house, which will be 32 feet by 67 feet, will have five rooms, two baths and seven closets. The space will also include a double garage and large storage room.

Mr. Bruton said he will buy the materials himself, but will take bids for the labor on the new structure. It will have a redwood front with brick trim and the other outside walls will be finished with asbestos or wood siding. It will be situated on three lots.

Mr. Bruton bought 17 lots several months ago and has sold two besides the three he has reserved for his own use, leaving 12 more for sale.

The new home will be modern in every respect, including central heating and vented evaporative air conditioning.

Church of Christ Adding 6 Rooms For Study Groups

Construction is well underway on building six new class rooms at the Bronte Church of Christ. The rooms will be used by various Bible study classes of the church.

Foundation and floors have been completed and the walls were up about four feet Wednesday afternoon. The walls are being constructed of concrete tile and will probably be sealed with a natural color material.

Growth of the Bronte Church of Christ in the past several years made the addition necessary in to carry out the program of the church, a spokesman said. He said that the church now has approximately 100 members and attendance frequently exceeds that number.

Owen Cosgrove is minister of the church. He is a graduate of Abilene Christian College. He and his wife and little son reside at the residence owned by the church and located next door to it.

FOOTBALL BANQUET

Four films of various football games were shown to the 1956 football squad, their fathers and school trustees Tuesday night at the annual football banquet. A menu consisting of turkey and dressing with all the trimming was served.

Kenneth Scott described the action of the Tarleton and San Angelo Ram game last year. The banquet was held in the school lunchroom.

The Longhorns have just completed a successful football season, having six win and four losses. Best game of the season, local say, was the Bronte-Robert Lee tilt.

Safetygram

The Texas Safety Association reminds us that there are about 7,500 school buses in Texas. These buses make thousands of stops each day, loading and unloading students. The Texas law requires motorists to come to a full stop when a school bus has stopped to load or unload passengers. This applies, when meeting or overtaking. We ask you to remember this regulation when you drive.

JANE POWELL

what's what by whatley

Here it is just 21 shopping days until Christmas. Since we have gotten the two Thanksgivings over with—now we can concentrate on Santa Claus. I hope that no one gets any wild ideas about there being two dates for Christmas. My little son celebrated both Thursdays in his school and I certainly got a feed both days.

But the celebrating of Christmas is a little different from Thanksgiving, with all of giving of gifts: I hardly think that I could hold up under the buying of gifts for two dates.

Along with the little son, I have made out my list and have started the usual hinting. My mother is visiting me and I thought that if the husband did not take the hint, maybe she would. There is nothing like trying. The little son is 11 years old and I felt that he was getting too old for toys, but he seems to think that it would be sheer torture for anyone to give him clothes. I told him to start thinking of something in the line of clothes that he would like. After giving me a disgusted look, he finally said, "Ah, just give me some T-shirts."

I noticed in the Ad-Lib-Ben column the other day that he was giving nothing but drain pipe at his house. I want him to know that the only thing I know that I can use drain pipes for is to wrap around his neck, so he had better be careful what he gives me.

I want to mention something about the recipe that I ran last week about the Hershey Bar cake.... If yours falls way back in the pan, that is the way it is supposed to do. That is the secret of the good cake of this type.

For this week I am bringing you a recipe that Ben's sister, Mrs. John Portwood, of Brown-

Miss Jane Powell and C. N. Webb, Jr. to Wed Saturday, Dec. 22

Mrs. Ernestine Powell is announcing the engagement and approaching marriage of her daughter, Jane, to C. N. (Junie) Webb, son of Mr. and Mrs. C. N. Webb, Sr., of Tennyson.

The wedding will take place Saturday, Dec. 22, at First Baptist Church in Bronte.

Miss Powell, a 1956 graduate of Bronte High School, is employed by the General Telephone Company in San Angelo. Webb, also a Bronte High school graduate and former student of San Angelo College, is employed as a surveyor for Ed Handley at Rock Springs.

field sent to me. It's time to make fruit cakes now and Mrs. Portwood has made and sold many of these. She gave the O's one last Christmas, which I happened to "get in on" and it was really delicious. It's called:

Lemon Fruit Cake

2 cups white sugar
1 cup brown sugar
4 cups flour (sifted)
1 lb. butter or oleo
8 eggs
1 lb. pecans, chopped
1 lb. candied cherries, cut in fourths
1 lb. candied pineapple, cut in small pieces
2 tsp. baking powder
1 2-oz. bottle of lemon extract.
Combine cherries, pineapple and 1 cup of flour. Add baking powder to remaining 3 cups of flour. Cream butter and sugar together. Add eggs, flour and lemon extract. Then add fruit-flour mixture and pecans. Fill greased and floured pans 2/3 full and cook at 200 degrees F. until done when tested with toothpick—4 to 5 1/2 hours, according to size of pans.

Mrs. Buddy Millican, sister of the bride, was matron of honor, and Buddy Millican, the bride's brother-in-law, was best man.

The bride wore a white faille suit with black accessories and was given in marriage by her father, Turney Casey. The bride carried a white Bible topped by a corsage of white carnations. The something old and borrowed was the white Bible, belonging to her

sister, Mrs. Millican. For something blue she wore a garter. The earrings she wore were new and a gift from the bride's mother.

The matron of honor wore a cream colored faille dress with black accessories. She also wore a white carnation corsage.

The bride is the daughter of Mr. and Mrs. B. D. Snead of Bronte. She graduated from Bronte high school and resides in San Angelo where she is a secretary at the City Hall.

The bridegroom is the son of Mr. and Mrs. Lenn Roberts of Robert Lee. He graduated from Robert Lee high school and is a student at San Angelo College where he has been outstanding in football.

The couple reside at 1318 South Van Buren, San Angelo.

Mr. Casey, Mrs. Wright and Mrs. Rippetoe.

Misses Carolyn Childress and Sandra Baker served cake, punch, and mints to the guests from a table laid with a white lace cloth. The centerpiece was pink carnations interlaid with a wedding bell and two pink candles. The favors were cards with wedding bells with "Dian and Grady" in silver ink.

Gifts were on display and were shown to about twenty guests who attended. Hostesses were Mrs. J. M. Rippetoe, Misses Carolyn Childress, Sandra Baker, Wanda Kirkland, Frances Wylie, Nettie Bob Bell, Kenny Sawyer, Juanita Wrinkle, and Linda Smith.

It's that new V8 in the '57 Chevrolet.

It's as quiet as a contented cat and as smooth as cream . . . and it's cat-quick in response when you call for action!

No household tabby sitting in a sunny window ever purred more softly than Chevy's new V8 engine. You can scarcely tell when it's idling.

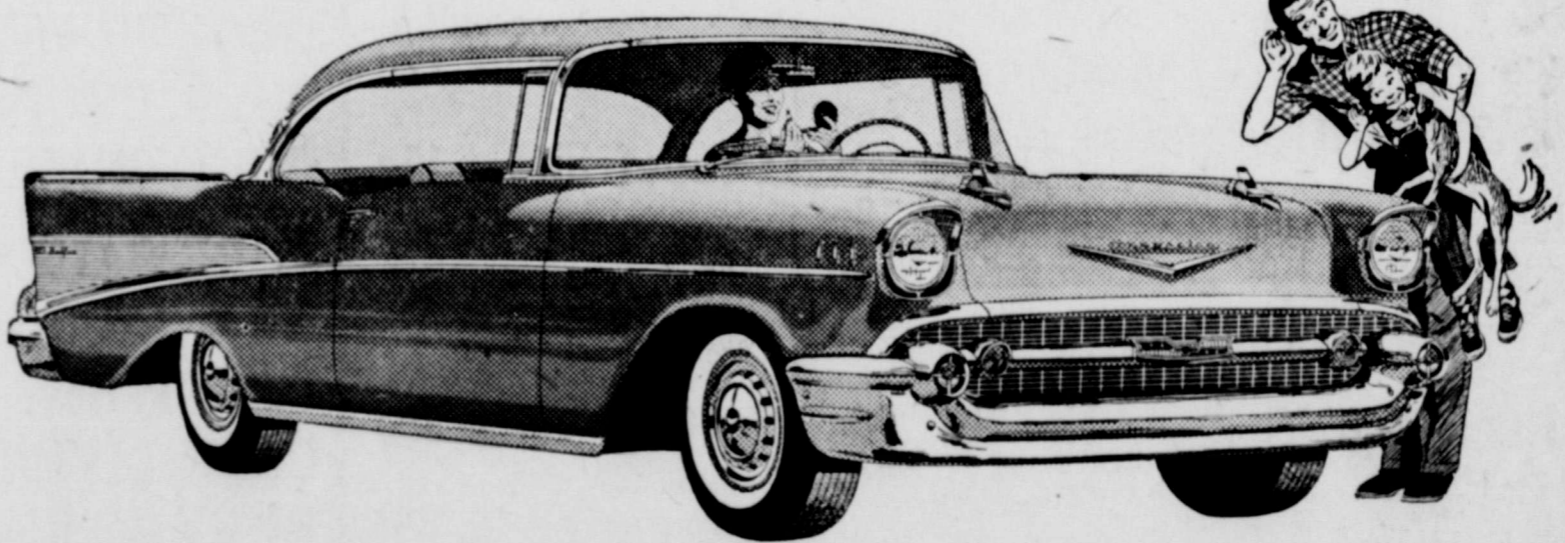

But when you nudge the accelerator, you know it's there, all right! Its right-now response keeps you out of highway emergencies. It overpowers steep hills with such ease they seem like level landscape.

This new Chevrolet V8 puts up to 245 high-compression horsepower* under your command! It's sassy, sure—but as tame to your touch as a purring pussycat. Come try the smoothest V8 you ever put a toe to.

*270-h.p. V8 also available at extra cost. Also Ramjet fuel injection engines with up to 283 h.p.
