Precincts Buy Motor Grader And 2 Trucks

Coke County Commissioners Court last Monday purchased a new motor grader for Precinct 1 and new trucks for road work in Precincts 2 and 3.

Plains Machinery Co. of Abilene filed the low bid of \$17,850.00 for a Galion 118 tandem drive motor grader, which included the trade-in of an Adams 610 tandem grader.

The new grader will have an International diesel engine of 125 horse power, 10 ply tires front and rear, 13-foot slideshift moldboard, cab and heater.

Abilene Equipment's bid to furnish a similar machine made by Allis-Chalmers was \$18,500. Treanor Equipment Co. offered a Caterpillar grader for \$18,700 in addition to the Adams trade-in.

Time warrants to be paid off over a 4-year period and drawing 4% interest will be issued to pay for the new grader. The warrants will be handled by Robert Lee State Bank.

A 1959 model F-600 2-ton Ford 6-cylinder truck was purchased from Ivey Motor Co. on a bid of \$2,597.59 and a 1952 model truck as a trade-in.

The truck is for use of Precinct 3 and payment will be made in cash from county road funds allotted to the precinct.

Vaughan Chevrolet Co. bid \$2,635 on a similar Chevrolet truck, and another bidder was Western Equipment Co. of San Angelo.

Caperton Chevrolet Co. sold a 2-ton six-cylinder Chevrolet truck on its bid of \$3,420, taking in a used 1954 dump truck.

Bronte Motor Co. bid \$3,472 to furnish a similar truck made by Ford and a bid was also submitted by Western Equipment Co. This truck is for use in Precinct 2. Time warrants will be issued and sold to First National Bank of Bronte.

AD-LIB-BEN

If we had a vote coming in the Precinct 1 bond issue which comes up Saturday, we would most assuredly cast it in favor of the matter. Purpose of the election is to authorize bonds to pave streets in Robert Lee. Needless to say, we folks here at Bronte have had some experience in this matter, and we believe that 90 per cent of the people of precinct 2 would tell you that it is the best money they ever spent. It hasn't cost much in taxes and we benefit from the paving every day — most of us many times every day. If we could advise the people of precinct 1, we'll tell 'em "Vote For."

other a unit of Boy Scouts. 169 Scout units are expected to participate in the show.

A spokesman for the Bronte Cub Scouts asked that all cubs and their mothers meet at the main entrance of the Coliseum in San Angelo at 1:30 p. m. on that day. The Cubs will march in the grand entry in full uniform and then take part in the circus program. They will be dressed as cowboys and indians.

Fess Parker, who became famous in the David Crockett films, will open the SCOUT-O-RAMA. Parker, who was a member of San Angelo's Troop 2, will be in full Scout uniform. 5,000 Cub and Boy Scouts and their leaders will be on the arena floor in the San Angelo Coliseum with Fess Parker for the opening ceremonies.

The afternoon show will open at 2:30 p. m. and the night show at 7:00 p. m.

Fourth Graders Tour Bronte

Twenty-seven fourth graders, their teacher and seven room mothers made a tour last Friday of several places in Bronte and enjoyed a picnic at noon at the county park here.

Among the places visited by the youngsters were the city's water filtering plant, the Santa Fe depot, the building of General Telephone Co. housing the dial equipment, The Bronte Enterprise, the First National Bank and the post office.

Miss Nannie Marie Pearson, teacher of the group, said the group got a great deal out of the tour, as no single student in the room had been to all the places visited.

ROBERT LEE FORFEITS

Robert Lee forfeited a softball game to the Bronte team last Friday. Both the grade school and high school softball teams will play in the district meet at Miles Wednesday, May 6.

Announcement Made of School Teachers Elected

Announcement was made this week of teachers in the Bronte School whose contracts have been renewed for the 1959-60 school term. Teachers who have been notified of new contracts include: Mrs. George Tomas, second grade teacher; Miss Nannie Marie Pearson, fourth grade teacher; Mrs. J. T. Henry, sixth grade teacher; Mrs. R. C. Lasswell, seventh grade; Mrs. C. C. Glenn, eighth grade; Miss Mary Helen Campbell, band director; Mrs. Royce Fancher, homemaking; C. B. Campbell, commercial subjects; and J. T. Henry, vocational agriculture.

Teachers whose contracts were not renewed were: Mrs. Homer Phillips, fifth grade; Mrs. R. E. Johnson, third grade; Miss Ona Parker, first grade; and Mrs. Iva Underwood, English.

High school principal Joe Simpson was re-elected earlier.

Teachers who have resigned are Norman Porter, grade school principal and head coach; Douglas Whitenberg, science teacher; and Supt. Garland Black.

Supt. Black said this week some questions have arisen concerning a story in The Enterprise last week concerning the discontinuing of the school nurse position. The story last week stated that the position pays \$3200 per year, and the actual figure is \$3112.50, Black reported.

A revised estimate by school board members on the amount of the operating deficit at the end of the current school term has lowered the amount to \$27,599. Earlier in the year, it was estimated that the deficit would reach \$35,000 by the end of the school term. The deficit has been caused by a cut-down in state money, a teacher pay raise and by a decrease in tax valuations in the school district. A tax increase voted last month is designed to put the school budget in the black, as well as to retire the present deficiency.

Hearing Postponed On Kickapoo Dams

The hearing scheduled for last Saturday in Robert Lee to air the pros and cons on forming a water control and improvement district in the area on the Kickapoo watershed was postponed until Saturday, May 2.

County Attorney Frank C. Dickey, Sr., contested the legality of the procedure being used for the establishment of the water district. Carl Runge, who is attorney for the committee who is trying to organize the district, agree to a reexamination of some points of law regarding the matter.

About ten men from Bronte were present for the hearing along with Commissioners Howard Brock, Fern Havins and Ed Hickman and County Judge W. W. (Bud) Thetford.

It was brought out in the course of the discussion that practically all of the persons present were under the impression that the

hearing was called for the purpose of determining if an election should be called to form the water district.

However, both Attorneys Runge and Dickey brought out that there was no mention of an election in the legal notice which was run in The Enterprise calling the hearing. They agreed that the hearing was for the purpose of the Commissioners Court's determining if the water district should be formed. According to the procedure which was followed, the Commissioners Court had the authority to create or turn down the district.

Even the Commissioners themselves, when questioned by Dickey, said they were under the impression that an election was to be called to determine whether or not the district would be formed.

During the discussion the three commissioners present, as Judge Thetford, left the impression with this writer, that they were opposed to taking on the responsibility of forming the district without a vote to determine if the people in the Bronte area who would be involved, are in favor of it.

Dickey told the men present that they would have to go through the State Board of Water Engineers for a permit before the district could be formed, inasmuch as its purpose would duplicate some of the authority already given to a group already in existence in this area, the Upper Colorado River Authority.

Much interest in the matter has been evident in Bronte this week and a large crowd is expected at the hearing a week from this coming Saturday.

UNCLE HUIE from HOG CREEK says

DEAR MISTER EDITOR:
I've got a problem on my hands right now that's more or less personal and I ain't so certain that a feller ought to be worrying over his own small private affairs when everybody is supposed to be engulfed in big international situations and worldwide movements. But onct in a while it seems to me that a feller should take time off and attend to his own private worrying. Even the President takes time off from global affairs occasionally to worry about the next election.

Anyhow, I would like to git your opinion on the cattle market, as I figure your opinion on the cattle market is worth as much as your opinion on the cotton market or the United Nations or who caused the high prices.

I got a Jersey cow out here which I reckon I ought to sell, at least she's quit giving milk and don't seem to git the same nourishment she used to git out

of the Johnson grass hay I been giving her all these years. But I can't make up my mind if it would be economically sound to do it. Should I sell her now while prices is high, or depend on Russia to git serious and hold on to her until the next war when things go on even higher?

As I see it, every farm ought to have at least one cow, but changing cows is a serious undertaking, the same as changing wives or churches. You take my cow, fer instant, she has sorter got used to the place in the last ten year, knows my fences as well as I do, in fact, it ain't really a fence in some places, just a piece of baling wire, but my cow has sorter give up ambition and greener pastures don't appeal to her much no more. And while I don't git much use out of her, it's a big satisfaction to know I can depend on her to stay at home. And a new cow wouldn't stay at home and by the time I got through paying fer new
