## Bronte School Homecoming Planned for Next Weekend

School officials student council members and several ex-students of Bronte High School are busy completing plans for the annual Homecoming set for November 4 in connection with the Bronte-Trent football game.

Homecoming activities will begin at 5 p. m. with a coffee in the school cafeteria. The coffee will

## AD-LIB-BEN

Less than two weeks remains before the Nov. 8 General Election. As both candidates have reiterated on many occasions, this will probably be one of the most important elections we will be called upon to decide during our years as voters in this country.

As most of our readers have probably discerned by this time, The Enterprise is backing the Democratic ticket all the way from the Courthouse to the White House.

The Democratic Party is traditionally the party of the average American citizen. Historically, it is easy to see that the average man does better under Democratic administrations. It is undoubtedly true that profits of large corporations increase under Republican rule, but then most of us do not have stock in these giants of industry.

Our feeling that Democratic party government is more in favor of ordinary citizens, is not our only reason for backing the Democratic Party this year. It is our opinion that there is no comparison in the the two candidates. To us Senator John F. Kennedy is a symbol of something new and up to date for the United States. On the other hand, Vice President Richard Nixon seems symbolic of the past eight years of Republican administration. He represents a group that has led our nation to its lowest ebb in world prestige since this country became a major power. Diplomatic blunders have been the rule rather than happening only occasionally. We believe that Mr. Nixon's presence in the White House the next four years would do little or nothing to improve this sad state of affairs.

On the other hand, we believe that Sen. Kennedy will bring brilliant young leadership, a leadership that this country sorely needs.

Then, too, Texas' own Lyndon Johnson's name on the ballot enhances the Democratic ticket for us. The Senator from Texas has proven his unexcelled leadership during his years as Senate Majority Leader, and we cannot help but believe that his dynamic leadership and personality will give an important part in the formulating policy if the Democrats win Nov. 8

We need the new leadership offered by the Democrats in 1960.

We have been running some ads sponsored by the "Texas Democrats for Nixon and Lodge", under the sponsorship of former Governor Allan Shivers. We're glad to have genuine Republican advertising, but it seems to us this group is badly misnamed. It reminds us a little of the name "Grape-Nuts", a product whose name leaves some doubt in the reader's mind about its origin, but he knows for sure they are neither grapes nor nuts!

be concluded to plenty of time for exes to get to the ball game.

The Bronte Longhorn Football Sweetheart will be crowned before the ball game. She is elected by the football squad. The Homecoming Sweetheart, who is elected by the entire student body, will be crowned at the half.

No written invitations have been sent out for the Homecoming. Those in charge of the affair have asked that all local residents invite relatives and friends to attend.

The student council of Bronte High School is in charge of most of the arrangements. They are being assisted by teachers and some ex-students.

## More Users Sign Up for Sewer Service

No new developments on construction of Bronte's new sewer system were reported this week. The contract for the system was let last Tuesday to Clyde Construction Co. of Odessa for \$129,527.

The city is still taking deposits for service and up to Wednesday had 183 users signed up.

The contract was let subject to approval of the State Health Department. This approval is expected in the next few days and construction is expected to begin within three or four weeks from the date of the contract.

Persons who intend to use the city council to put up their \$25 sewer service are urged by the deposits as soon as possible.

## SHORTHORN FOOTBALL

The Shorthorn team will play their last football game on home grounds next Tuesday, Nov. 1, against Loraine. A game set for last Tuesday, October 25, with Robert Lee, was cancelled.

## B TEAM FOOTBALL

The B team will play a football game Saturday morning at 9 a. m. at the local field. Opponents will be from Sacred Heart School in San Angelo.

## New Tax Exemptions

Mr. and Mrs. Jerrell W. Walker of Wingate are parents of a new daughter, Diannea Jill. She was born Oct. 17 in the Bronte Hospital.

## Rites Held Here Wednesday for Mrs. Hayley, 86

Funeral rites were conducted at 2 p. m. Wednesday for Mrs. Gertrude Hayley, former Bronte and Robert Lee resident. Mrs. Hayley was 86 years old. The funeral was conducted at the First Baptist Church of Bronte, with the Rev. C. R. Blake, former pastor of the church, the Rev. L. L. Vinson, present pastor, and the Rev. Bob Grimes, Bronte Methodist minister, in charge. Burial followed in the Fairview cemetery in Bronte.

Pall bearers were Billy Jack Gentry of Bay City, Clarence Pietsch of Lubbock, Bobby Clark of Abilene, T. F. Sims, D. K. Glenn, J. B. Mackey, J. T. Henry and Noah Pruitt, Sr., all of Bronte.

Mrs. Hayley died in a San Angelo hospital at 9 p. m. Monday. She had been ill for an extended time, and had been cared for in a San Angelo rest home. She became critically ill a few days ago and was moved to Shannon Hospital.

Mrs. Hayley, the former Gertrude Davis, was born Dec. 27, 1874, in Bryan. She attended school there, and on May 17, 1896 she was married at Silver Valley to the late R. L. Hayley. She formerly taught school at Bronte and Robert Lee, and had made her home in Bronte from 1900 to 1956, when she moved to San Angelo.

Her late husband was in the insurance business. She was a member of the Eastern Star and First Baptist Church of Bronte, where she was active in Sunday School work.

Survivors include four sons, Leland Hayley of Flagstaff, Ariz., Richard Hayley of San Lorenzo, Calif., Davis Hayley of Central Valley, Calif., and Royce Hayley of San Angelo; two daughters, Mrs. Clifford Clark of Bronte and Mrs. Jack Morrison of San Angelo; one brother, Walter Davis of Jaydon; ten grandchildren and 15 great-grandchildren.

## Scout Drive Said Lagging

Only \$30 has been turned in to Vernon Glenn, assistant drive chairman for the Boy Scout campaign in the Bronte area.

Bill Thomas, who is in charge of the drive, urged this week that all workers make their contacts, and turn in their money as soon as possible.

More workers are needed, and volunteers may see Thomas or call at The Enterprise office.

Mrs. E. W. Sorell of San Antonio was here for a weekend visit in the home of her daughter, Mrs. Bob Grimes, and family.

## Longhorns and Roby Tangle Friday Night

The Bronte Longhorns will travel to Roby Friday night to play the Roby Lions in a District 6-B football game. The Longhorns have a better season record than

the Lions, but the two teams are tied in district play, with a 1-1 record. Roby has lost to Trent and won over Robert Lee, while the Longhorns have lost to Hermleigh and won over Loraine. Season-wise, Roby has won 5, and lost 2 and the Longhorns have won 5, lost 1 and tied 1.

In other games last week, Hermleigh defeated Robert Lee 20-6, and Trent beat Roby, 12-6.

This Friday, Loraine travels to Hermleigh and Trent will visit Robert Lee.

As usual movies will be made of the Bronte-Roby tilt. They will be shown Monday night at a meeting of the Bronte Longhorn Club. Bob Wilson, president of the club, said everyone is invited to come out and see the movies.

## Storm Scare Tuesday Night

Bronte residents were alerted to tornado danger Tuesday night when employees of the Lone Star Producing Co. plant northeast of town sighted a twister in that vicinity about 9 p. m.

The big wind was sighted by Ralph Dunklin, Al Bangs and Jr. Andrews, all on the evening tower at the plant. Dunklin called his wife and she drove out on Highway 277 north of town and also was able to sight the tornado. It was reported that the Joe Hester family also sighted the twister.

The alert was sounded in Bronte and many local residents took refuge in storm cellars until the cloud moved on to the east of this area.

## 2 Construction Jobs Underway

Work is progressing well on two commercial construction jobs in Bronte. A new Cactus service station is being built in the north part of town on Highway 277, and remodeling of the old City Cafe building is now underway on the highway a block south of Main street.

The cafe building was damaged by fire several months ago. It is owned by O. D. Dillingham of Abilene. In addition to remodeling and repairing the inside, brick facing is being laid on the east and south sides of the building. It is understood that Mrs. Wilson Sharp plans to move Nita's Cafe into the new building. Mr. and Mrs. T. E. Tidwell plan to reopen their cafe in the building now occupied by Nita's.

The new service station is being built on land owned by R. H. Sims by G. T. Trusler of San Angelo. Col Tex products will be handled.

## Mrs. D. J. Walker Killed in Wreck

From Robert Lee Observer

Mrs. D. J. Walker Sr., 63, well known Robert Lee resident, was killed Sunday morning in a two-car collision near the north city limits of Snyder.

She and her husband were enroute to Lubbock to visit their daughter, Mrs. Duane Conger and family. They left Robert Lee about 9 a. m. and planned to make a day or two stay.

Mrs. Walker was killed instantaneously. Mr. Walker was taken to Cogdell Memorial Hospital in Snyder suffering from chest bruises. He was on the floor board of the car when rescuers arrived.

Later in the day he was removed to Shannon hospital in San Angelo in the Clift ambulance.

Driver of the other car was treated at the hospital and released. His father, V. M. Leatherwood, 65, is hospitalized with bruises and possible chest injuries.

Mrs. Walker's body was brought to Robert Lee Sunday afternoon in the Clift funeral coach.

Services were held at 3 p. m. Tuesday at the Robert Lee Baptist Church. Officiating were Rev. Fred Blake of Roby and Rev. Taylor Henley of San Angelo, both former pastors here. Burial under direction of Clift Funeral

## Bronte Longhorns Defeat Loraine Team 50-8

The Bronte Longhorns trampled an outclassed Loraine team 50-8 in a district 6-B football game held here last Friday night. The Longhorns led the Bulldogs in every department and had control of the game from the start.

Bronte made touchdowns in each quarter: 7 points in the 1st; 19 in the 2nd; 18 in the 3rd; and 6 in the 4th. Loraine's only tally came in the last quarter when Lorenzo Moreno raced 20 yards on the last play of the ball game.

Larry Robinson scampered 55 yards for the 1st quarter counter and Mike Luttrell kicked the extra point. Robinson also scored

from close in in the second and third quarters. Both plays were made by Robinson's tough through the line plunges.

Dee Arrott scored in the second period on a five yard run and his pass to Tommy Boecking also was good for a TD. The latter play covered 65 yards.

Coach Bob Howard's second stringers got a good workout in this game and showed up well. Charles Lee connected with Jerry McCutchen for a touchdown and Lee also went over from the seven yard line to climax a 32 yard march by the Longhorns.

Other good offensive play was

turned in by Buddy Walker, Rudy Olivas, Don Spiller and Eddy Spiller. In the line Rudy Phillips, Mike Luttrell, Kenneth Shaver, Jerry McCutchen and Douglas Rogers did their part to stop the Bulldogs.

Statistics showed the following figures on the game:

Loraine		Bronte
7	First Downs	14
142	Yards gained rushing	270
13	Yards gained passing	128
2-4	Passes Completed	4-8
0	Passes Intercepted	0

UNCLE HUIE from HOG CREEK says

DEAR MISTER EDITOR:

Our country has grown strong and prosperous on two opposite sets of facts — Democrat and Republican. Judging from what I read in the papers and hear on the radio, both parties is making up the business statistics as they go along, sorter bending history

to suit the campaign. To hear the Democrats tell it, if they win in November the farmers is going to have so much prosperity they'll be using white sidewall tires on their tractors. If the Republicans git in, they're going to put some penicillin and cholofill in our gasoline fer us.

The various candidates says so little and expresses it so elegant that I stay confused. Frankly, I ain't expecting too much from either side. I just want folks to be well-off to live without borrowing, and pore enough not to git too uppity. I'll be happy if we git enough out of the November elections to make both ends meet. At one time, when I was young and had more faith, I lived for the day when the ends would overlap a little bit, but I've give up that goal. I'm supporting both sides and pushing hard down the middle and hoping fer the best. That's about as "right" as a voter can git and I figger if they pass out any pie I ought to git some.

I see where one Congressman wants to change the imigration laws so's we can take more foreiners into this country. That's pritty smart thinking. It'll be a heap cheaper to take care of them if we git 'em over here with us. This feller ain't from my Congressional District but I think I'll give him a write-in vote anyhow.

Well, Mister Editor, you can look fer politics to git plenty hot in the next couple weeks. I come to town Saturday, stuck out my hand to make a left turn and two campaign workers shook it afore I could git around the corner.

I was reading Sunday where one of them column writers said 85 cents of ever dollar spent is this country was spent by wimmen. I was mighty glad to git them statistics and went right away and ask my old lady what she'd been doing with my 15 cents change all these years.

Yours truly,  
Uncle Huie

### 3 Top Texas Officials Urge Election Of Senators Kennedy and Johnson

Three of Texas' top officials — Governor Price Daniel, U. S. Senator Ralph Yarborough, and Attorney General Will Wilson — are urging the election of Senators John Kennedy and Lyndon Johnson, the Democratic nominees for president and vice president.

These three, along with other elected state officials and the state's Democratic congressmen, are stumping the state, appearing on television and radio and on films.

Daniel says that he has served in the federal government with all of the nominees who are on the tickets this year. "And from personal experience and observation, I believe the Democratic nominees offer the strongest leadership for maintaining the national defense and keeping communism away from our shores. Whatever the Republicans may say about national defense and international affairs the fact remains that Khrushchev has a bosom pal and a communist base in Cuba — 90 miles away from our shores."

The Texas governor says Texas farmers and ranchers have suffered under the Republican farm program and the Republican administration's policy of high interest rates.

"All too often," Daniel says, under Republican policy, there has been more interest in the welfare of the foreign countries than has been shown in the interest of our own domestic economy."

Daniel also scores the Republicans for failure to curb excessive foreign oil imports which made it necessary for Texas to reduce its production to eight days out 30.

Daniel says: "I shall vote Nov. 8 for the Democratic ticket. And I believe that Texas and the Nation will be served best by the success of that ticket on Nov. 8."

Attorney General Wilson, who styles himself a "states' rights Democrat," says those who share his philosophy will find their cause best served by the Democratic Party.

Wilson says he has had some experience with the "dominant or ascendant part of the Republican Party — the Dewey-Brownell-Rogers wing of the party."

The attorney general said he was referring to the tidelands case. Wilson said after the Democratic congress approved the tidelands bill, a group in the Republican Party brought suit to take away from Texas its tidelands beyond three miles.

"We won that suit — a Republican suit brought by a Republican administration. They threw every thing they had into it and they went all out to take the tidelands away from Texas. But we beat them. . . if we have a Republican administration we will continue to see such things as their efforts to take the tidelands away from us," Wilson says.

Senator Yarborough said he knew Senator Kennedy personally. "I have been right there at his side, side by side on the Senate Labor and Public Welfare committee for over two years.

"I have worked very closely with John F. Kennedy. He's a brilliant, brave, decent, honest American, devoted to the high ideals of our country. . . Once more it is time for greatness. I earnestly believe John F. Kennedy has it."

The Texas senator says the Democratic Party's goals for the nation's elder citizens are "meaningful and realistic."

Speaking on another subject dear to him — education, Yarborough said:

"Recognizing that the destiny of the world is being shaped in America's and Russia's classrooms, we know that America must make a stronger educational effort. This means a financial crisis that must be met at all and every level of government capable of helping. This crisis calls for teamwork — teamwork at the local, at the county, at the state and at the federal levels — to get the job done as quickly and as effectively as possible.

"We must build more public schools and college classrooms. We must pay our teachers and our professors better. And at all times, we can and must keep absolute control of our public schools in the hands of local authorities.

### JFK and LBJ Ahead, Polls Say

A statewide poll just completed by a national polling agency shows the Kennedy-Johnson forces pulling substantially ahead in Texas.

Gerald Mann, Texas Democratic Campaign Chairman, said the poll was completed within the past few days by Lou Harris Associates, New York polling organization relied on by the Kennedy organization before Kennedy's nomination. It shows the following, taken from 1,000 interviews:

- For Kennedy-Johnson — 46%
- For Nixon-Lodge — 39%
- Undecided — 15%

Mann said the Lou Harris methods for sampling public opinion have been found accurate and reliable. The firm has been in business for the past 16 years. It was this organization that correctly called the election in 1958 in California when Pat Brown was elected governor, and the upset victory of Governor Ed Muskie in Maine.

## BACK THE PARTY OF THE PEOPLE

# Vote Democratic!

The challenges of the Sixties demand the leadership of men who will face our problems and do something about them. Men like Senator John F. Kennedy as President and Senator Lyndon B. Johnson as Vice President.

Abroad America is in danger of falling behind Russia in the struggle for mankind's allegiance. And here in America, urgent problems cry out for attention.

The great challenges to be tackled in the 1960's call for the new American leadership which these two offer.

# Progressive Business and Civic-Minded People of San Angelo and Vicinity

This department has been worked up largely as a reflection of public opinion. No person has written about themselves or their business. All articles have been compiled by a representative of The Bronte Enterprise as he saw conditions. These people are all leaders in their various lines of endeavor and the co-operation of those citizens of San Angelo who helped make this department possible is sincerely appreciated.

## WILLIAM C. WILSON JR.

There are many men in their chosen fields who have gained recognition for the progressive manner in which they have conducted their business and accepted their civic responsibilities but who will not permit much to be said of their achievements.

But in reviewing a group of such citizens we should include William C. Wilson Jr., well known and completely reliable licensed land surveyor, whose office is located at 1514 West Beauregard, for he is a man who has always done his work effectively even though it has been accomplished in an unobtrusive manner.

Mr. Wilson, busy as he is, always manages somehow or other to do his bit in any movement calculated to benefit the community as a whole. His modesty, however, will not permit him to say the things about himself which are said by his friends, who do so because of a personal knowledge of his activities.

We do not hesitate to recommend William C. Wilson Jr., to our readers as a citizen who continues at all times to work to the advantage of the people of this entire district.

## VALTON V. CHAPPELL

One of the more progressive business men of San Angelo, and a man who deserves the respect and good will of a great many residents of the city is capable, friendly, Valton V. Chappell of the City Refrigeration & Appliance, located at 427 South Oakes, whose wide experience in the industrial, commercial and residential refrigeration, air conditioning, heating and cooling business has raised him into a position of prominence in his line.

It is because of this that the City Refrigeration & Appliance has earned a reputation for reliability—second to none.

Mr. Chappell is also civic-minded and has always been ready and willing to contribute his time and energy to any plan which promises to benefit this entire district. And the people of San Angelo may regard with particular satisfaction the many services which he has performed for the community in the interest of progress and civic betterment.

We urge our readers to look to Valton Chappell as a progressive business man of whom we may well be proud. His devotion to the city has been constant and his achievements well merited. We wish for him further success.

## H. M. CHASTAIN & FRANCES CHENAULT

H. M. Chastain and Frances D. Chenault of the San Angelo Transfer Co., located at 116 West 4th, agent for North American Van Lines, are two of those progressive type citizens upon whom the community depends a great deal for leadership in business or other matters. They are also civic-minded and have, in the past, and no doubt will continue in the future to give more of their time and energy for the welfare of others than themselves.

They are the kind of people who make friends, and friendships once

formed by them are never broken by an unfriendly act on their part, and they spare no efforts in order that their services to the surrounding area shall be more dependable.

Mr. Chastain and Miss Chenault have never been known to inject themselves into a situation for the mere purpose of gaining publicity. However, they proceed in a calm and unostentatious manner, and accomplish their objectives with a quiet dignity. We do not hesitate to recommend Frances Chenault and H. M. Chastain to our readers as good examples of the more progressive type of business people who have aided in the growth and development of San Angelo and the surrounding country.

## MAYME K. DANIEL

Having a well-earned reputation for honesty, dependable judgment, and a complete knowledge of the oil property and leasing far above the average, Mayme K. Daniel, whose office is located in the McBurnett Building, merits a brief tribute in this San Angelo review.

Without assumption, or seeking public acclaim, she has filled her place in the community as one of its solid citizens, performing her duties of citizenship quietly, yet efficiently.

As a leading and progressive business woman, Mrs. Daniel holds a high position in the esteem of the public generally.

It is not only as a practical executive whose sound judgment and far-sighted planning have brought such fine things to herself, but it is because of her inspiring optimism and loyal friendship that Mayme Daniel is held in such high regard by the people of this entire district.

We gladly praise the record of this dependable San Angelo business woman.

## CLIFFORD THETFORD AND H. M. HARRELL

Clifford Thetford and H. M. Harrell of the Jennings Garage, located at 2218 North Chadbourne, are two of those progressive business men who have always done their bit to maintain the prestige of the city of San Angelo as the leading trading center for this section of the state. They have always worked for the development of the city, and their many services are worthy of sincere appreciation.

Their well earned success as business men is easily understood, knowing as the people do their widespread reputation for the honesty which characterizes all of their business dealings. And it is a combination of technical knowledge, mechanical skill and business ability which have elevated Mr. Thetford and Mr. Harrell to positions of leadership in the automotive repair and maintenance business.

They are completely aware of their civic responsibilities, and are wide awake to the many opportunities for service, and are always ready and willing to lend their support to any project which promises to benefit the community as a whole.

We compliment H. M. Harrell and Clifford Thetford on their accomplishments, and wish for them continued success.

## BONNIE WATTS

A city grows and prospers by reason of the public-spirited men and women who take an active interest in its development. San Angelo has its share of these progressive and civic-minded people, and one who is deserving of recognition is friendly, likeable, Bonnie Watts of Bonnie Watts Ceramics, located at 1525 Preusser.

Her business ability, coupled with a sense of obligation to the public have been major factors in maintaining Bonnie Watts Ceramics in a position of leadership throughout this entire area. She not only in her business activities but also in her attention to civic duty, assumed an active part in community affairs.

Mrs. Watts has always been ready and willing to contribute her time and energy to the promotion of any project promising to benefit the community as a whole. She has often sacrificed personal interests to be of assistance to the city, and her efforts are deserving of commendation and support.

We congratulate Bonnie Watts on her past achievements, which, in our opinion, indicate a similar successful career in the years ahead.

## BILLIE HANKS

San Angelo has attained a prominent position in the business and civic life of this section of West Texas because of the foresight of those men who had the ability to envision the possibilities of the community, and the trade area it serves. And a wide awake progressive man who justly should be included in this category is Billie Hanks of Billie Hanks Enterprises, located at 715 Rust.

Such men have, many times over, proven their worth to the community, both as business men and as active workers in the civic betterment and progress of the city. Mr. Hanks has earned the good will and respect of his fellow citizens for contributing his bit to the promotion and development of the Fort Concho Museum, located at 714 Burgess.

It is our duty to include Billie Hanks in that group of progressive and civic-minded men who have done so much for San Angelo and to express the wish that he will continue for many years to forge ahead with the success which he has enjoyed in the past.

## GRANT RICHARDS

In paying tribute to some of the more progressive business and professional men of San Angelo, we would remiss in our duty should we fail to include Grant Richards of the Texas Garage, located at 108 Hardeman Pass, whose unusual ability is no greater than the "know-how" and mechanical skill which has contributed to his well-earned success in the automotive repair and maintenance business.

He has also contributed generously to the welfare of the city and the community for miles around. And his civic spirit is evidenced by the many services which he has performed, and will continue to perform in the interest of the people as a whole.

Mr. Richards is a man of wide acquaintance, whose many friends admire and respect in him those

virtues which inspire confidence and promote good feeling. And his upright business methods are a credit to his inherent sense of fair play.

We congratulate Grant Richards on his splendid record of service, and trust he shall continue to assist us for many years to come.

## JAMES R. PETTY

Recognized as one of the more progressive business men of San Angelo, James R. Petty of Petty's Honey, located at 4005 Christoval Road, performs a real service for the people of his city, and his contributions to civic betterment are too well known to require repetition in these columns. His personal success has been achieved, in large measure, because he never misses an opportunity to further the service he renders to the public. A policy which has and continues to build up good will for Petty's Honey throughout this entire district.

Mr. Petty is deserving of praise, and this small tribute is but a just recognition for the many services which he has performed in the way of both business and civic activities. Also his reputation for the successful conduct of his business affairs is no greater than his reputation for the honest practices which characterize his every transaction.

We congratulate James Petty on his splendid record, and trust he shall continue to serve the people of San Angelo and vicinity.

## JACK BATES

It isn't the size or volume of a man's business which determines its value to the community in which he lives. But rather by the manner in which it is conducted. Which, to a greater or lesser degree, reflects the personality and character of the individual. The value of Jack Bates' business to his city is a reflection of his progressiveness and a determination to render the utmost in service, a policy which has caused the Jack Bates Ranch Store, located on the Big Spring Highway, to be so well thought of, and so widely patronized by the people of San Angelo and the surrounding area.

That same progressiveness and ability which has made him so successful in his own business has also fitted Mr. Bates to be of assistance on community projects and public drives. Moreover, he does so cheerfully and with a friendly spirit of cooperation that is always more than welcome.

It is a pleasure to include Jack Bates in this San Angelo review and to wish him further success in his field of endeavor.

## EMMETT EDDY

The city of San Angelo has assumed its place of importance in this section of Texas because of the efforts of farseeing business men who have helped in developing industry, or in some manner, extended the trade advantages of the locality. One of the men who has taken an important part in many progressive movements is Emmett Eddy of Arrow Plastics located at 2822 North Randolph.

Mr. Eddy has devoted his share of time and energy to the growth and development of San Angelo and this district, and it is fitting at this time that we attempt to express in a small way, our appreciation for his unselfish contributions to the general welfare of the community.

He is a man of wide acquaintance whose many friends admire and respect in him those virtues which inspire confidence and promote good feeling. His upright business methods are but an outward reflection of his inherent appreciation for fair practices. We congratulate Emmett Eddy on his splendid record of service, and wish him continued success.

## JAMES L. BURNS

In all business and professional pursuits there are men who have met with success because they have honestly deserved it, and such a man is James L. Burns of the Penguin Body Shop, located at 34 East Concho, who well deserves the reputation he has earned for being one of San Angelo's more progressive business men. His thorough knowledge of everything pertaining to the automotive body repair and painting business is exemplified by the manner in which he fulfills each and every demand made upon him in line with his business.

Moreover, such experience as Mr. Burns has gained in the successful management of his business has been turned to the advantage of his fellow citizens by applying the same principles to the promotion of those civic projects to which he has been called upon to lend his able assistance. Thus his success in business has further enhanced his value to the city.

We appreciate the opportunity of including James Burns in this group of progressive and civic-minded men who are actively taking part in the evolution of the business and civic life of San Angelo.

## COY W. TOLBERT

In singling out some of the more dependable business men of San Angelo, we would be censured should we fail to include Coy W. Tolbert of Tolbert's Limb & Brace Shop, located at 524 West Beauregard. He is a man who never spared himself in his participation in both the business and commercial activities of the city.

Mr. Tolbert has always been conscious of his civic responsibilities, and is ever ready and willing to meet in every detail those opportunities which come to his attention to further civic enterprise. He may well be proud of his achievements along these lines.

Coy Tolbert deserves a great deal of credit for the honest and successful manner in which he has conducted his business affairs. He is a friendly and likeable personality, whose sincere desire to be of service has gained him a host of friends and acquaintances in and around San Angelo who would, if given the opportunity join us in wishing him many more years of continued success.

## HUBERT AND LILLIAN CRAIN

We wish in this edition to pay tribute to Hubert A. and Lillian Crain of Stanley Home Products, located at 1122 West Beauregard, for their many services to the city of San Angelo, and their splendid records of achievements in the business life of the city.

Mr. and Mrs. Crain probably have as wide a circle of friends as any other two we could name, because they are just naturally the kind of folks that make friends with almost everyone, and always conduct themselves in such a manner as to deserve the respect and good will of all who know them. San Angelo is fortunate in being able to number, among its more progressive business people, citizens of this type.

They are always ready and willing to lend their support to the promotion of any project which promises to benefit this entire district.

They may be depended upon, and their service to this entire area are too many in number to be described here. It may be sufficient to say that we consider Lillian and Hubert Crain as assets to the community, and progressive business people of whom their city may be proud.

## DONALD L. HUMPHREYS

We desire in this San Angelo review to call the attention of our readers to the well-earned position which Donald L. Humphreys has reached in the business life of this section. During the comparatively short time he has been operating Humphreys El Paso-Dixie Service, located at 902 North Chadbourne, formerly Stanleys, he has made many personal friends as well as having earned the good will of his associates for the straightforward manner in which he has conducted his business affairs.

Mr. Humphreys has worked hard to deserve the confidence which the people of the community have in him, and he continues to work hard to maintain in every way, that high standard which he has set, not only for himself, but for the operation and management of his El-Paso-Dixie Service Station as well.

He has also shown a willingness to assist in every manner at his disposal in the growth and development of San Angelo, and is always ready to lend his support to civic projects. Donald Humphreys deserves our heartiest congratulations on his splendid record he has already established, and we sincerely hope for his continued success.

## CLYDE R. FARTHING

It is fitting in this review of progressive San Angelo business men that we acquaint our readers with the man to be credited with having maintained the Underwood Office Equipment Corporation, located at 1310 West Beauregard in the enviable position it holds in the business and commercial life of this area. That personality is Clyde R. Farthing, the manager, whose genius for organization and for converting new ideas into actual deeds has played a vital part in the distinctive reputation which this reliable firm now enjoys throughout this entire district.

Mr. Farthing has found time, in addition to his business interests, to give thought and energy to community projects. He is a citizen whose talents have been steadfastly devoted to the best interests of the city. He has been successful in his own business, and in the promotion of the general welfare of the community.

We are glad to pay this brief tribute to him, and to say that his district owes much to the many benefits which Clyde Farthing and the Underwood Office Equipment Corporation have rendered to the people.

## J. H. MITCHELL

In bestowing credit upon some of those progressive business men of San Angelo, who in one way or another, have contributed their bit to improve both civic and business conditions, we wish to publish a few words about J. H. Mitchell of the Franklin Furniture Store, located at 810 East 19th, a dependable dealer in the purchase and sales of good used furniture.

Mr. Mitchell has set a standard for himself and the operation of his business that, under present existing conditions, has been very difficult to maintain. However, that he has done so is proved by the large volume of business which the Franklin Furniture Store continues to handle, much of which is due to his unceasing attention to detail and his ability to cope with new and unexpected problems.

J. H. Mitchell is also civic minded and has, when asked, cheerfully cooperated on those civic activities to which he has been able to lend assistance. He more than deserves the respect and good will which he has earned, and we and his friends are confident that he will continue to maintain his usual integrity and high standards.

## GEORGE AND FRANCES GANN

George and Frances Gann are two of the more successful restaurant operators of San Angelo who, by maintaining a constant standard of service and high quality foods have made Gann's Drive-Inn, located at 3401 N. Chadbourne, and What-A-Burger, 2216 Sherwood Way, two of the more popular eating places in the community. We are glad to give them credit for their well-earned success in a field which is so highly competitive.

It is also a pleasure to give them credit for taking part in community affairs, and lending their assistance to various activities and public projects. When to take part in such matters they always do so without ostentation, but in a quiet manner which lends dignity to their cheerful acceptance of their share of the civic load. It is a pleasure to be associated with two such people as the Gann's.

This review of progressive and civic minded citizens of San Angelo would not be complete were we fail to include Frances and George Gann. Theirs is the kind of success which deserves recognition, and we wish them many more years of the same.

## JOHN I. MOORE

We take pleasure in this San Angelo review to call the attention of our readers to one of the more progressive oil producers of this district. That personality is John I. Moore, whose office is located at 515 West Beauregard, who is rendering a valuable service to the oil producers of the state.

The production of petroleum in this section has been one of the greatest single factors in the growth and progress of San Angelo and this district, and Mr. Moore is a man who has taken an important part in many phases of oil field activities.

He is a resident of San Angelo, and has a large circle of personal friends throughout this entire district. He is also a man who has considered his civic responsibilities in a serious manner, and is always ready and willing to help in the promotion of any project which promises to benefit the city and this district.

We congratulate John Moore for the part he is playing in the development of the petroleum resources in this part of Texas, and we wish him many more years of successful operations.

## H. B. SMITH

There are a number of business and professional men in San Angelo who have gained recognition for their progressiveness, and a well-known life insurance counselor who belongs in this category is H. B. Smith of the Universal Life Insurance Company, located at 305 North Randolph, whose fair dealings with many of our readers has earned him a host of friends and policy holders throughout this area.

He is well established in the forefront of the business and civic life of the city. And the ethical manner in which he has conducted his business affairs is but one of the reasons for his out-standing success.

In addition to his insurance activities, Mr. Smith has also accepted his share of responsibility in aiding civic projects. As a result of the combined efforts of men like him, San Angelo is firmly established in the minds of the people as the logical business center for this section of the state.

We congratulate H. B. Smith for his success in business and civic affairs, and trust he will continue for many years to enjoy that success which he has so justly earned.

## BOB L. CASON

To serve the public honestly, efficiently, and cheerfully is the basic foundation many progressive business men of San Angelo have found to be the shortest route to success. In making this statement, the man we have in mind is Bob L. Cason of Cason Enterprises, located at 1123 South Oakes. The popularity and patronage enjoyed by his many services accentuates the ideals of courtesy and efficiency which he has consistently applied in the management of his business, and in the servicing of its patrons.

The conduct of such a business, and the men who operate them have done much to make San Angelo the business center for many miles around, and it is fitting that we give credit where credit is due to such men as Mr. Cason for his part in the onward progress of the city. In doing so, we are merely putting into words the opinions of those who know him.

Bob Cason has earned his success by the method in which he has served the public, and accepted both civic and business responsibilities, and we wish him every success in the future.

## The Bronte Enterprise

### PAULINE MEEK

A drive-in restaurant operator of San Angelo who has based her success upon the belief that the public will appreciate good food, well prepared and appetizingly served, is Pauline Meek of the Gooder Burger, located at 1504 Pulliam, whose many friends and customers by their daily patronage of this popular eating place, attest to the soundness of her policy.

It is not only because of the successful management of the business that Mrs. Meek has come to be recognized as an asset to the community; but it is also because of her policy of "looking ahead," and endeavoring to sponsor or take part in those community activities which will, in some manner, benefit the city of San Angelo and the people as a whole. She is another of those citizens who has shown her appreciation for her success by a willingness to contribute of her time and efforts to the promotion of community projects.

It is such women as Pauline Meek whom we are privileged to include in this review, and to publicly give her due credit for her success in business and civic affairs.

### MACK ALLISON

Mack Allison, the manager of the Texas Consumer Finance, located at 422 North Bell, has won the universal respect and good will of the people of San Angelo and the surrounding country for the progressive manner in which he has kept this dependable finance firm in the forefront of the business and industrial life of this entire district. Also for the efficient and friendly willingness he has displayed in accepting his share of responsibility in aiding civic projects.

Mr. Allison is not the kind of man who makes himself conspicuous by the manner in which he conducts himself, either in business or other matters. Yet his quiet reserve and air of confidence mark him as a man of sound judgment whose opinions and advice are sought after and listened to with respect.

We compliment Mack Allison for the successful management of the Texas Consumer Finance, and also for his constructive advice and help on those civic affairs in which he has found time to interest himself. He is a man whom many are proud to call friend.

A little moisture can change the complexion of the country side in a hurry. I was driving down the Water Valley road late the other afternoon and the young oats were a pretty sight in the setting sun. The morning before I was up early and saw a couple of fields at sun rise saturated with dew. That was a nice view, too.

Nothing positive has been given us at this writing on the starting of testing for brucellosis in the county. Apparently, the wet weather has delayed completion of the work in Tom Green County. Possibly one or two crews will start here by the time this is off the press. However, since they did not move their headquarters to Coke County during the past weekend, I think it will be Monday, the 31st, before the whole testing unit will be in operation in the county.

The three calves exhibited by 4-H club members at the State Fair captured two ribbons. Kathy Preslar's 950 pound, middle weight angus steer placed sixth in its class. Kathy's steer sold for 34c per pound. Gaylon Pitcock's 930 pound hereford steer placed 18th in the middle weight hereford steer class and brought Gaylon 32.25c per pound. Jo Alice Evans' calf, a middle weight hereford weighing 900 lbs., met with tough luck and was sifted. We were shocked to see her steer cut out because he failed to walk normally. He sold for 25.25c per pound.

Plants of the sorghum family being grazed can cause trouble at this time of the year particularly after frost.

Frost time has not arrived yet, but it probably is not far down the road. Since we have received some moisture to produce some growth, be careful in grazing sudan, johnson grass and sorghums. Prussic acid poisoning can be severe some years in some fields following frost. After the plants have completely dried, they are safe to graze.

Miss Hooper and I are in College Station this week to attend the State Extension Service Conference. Our organization normally meets annually to "give us a shot in the arm." I should be back in the County Friday night.

Home was in Robert Lee cemetery. Nephews were pallbearers. Ada Loreta Millican was born south of Edith Aug. 29, 1897, the youngest daughter of Mr. and Mrs. D. T. Millican, early Coke County settlers.

She grew up in the Edith locality and married Dee J. Walker of Silver May 27, 1917. The ceremony was performed by Rev. W. K. Simpson in Robert Lee.

The couple farmed in the Silver locality for a number of years before moving to Robert Lee in 1935. They built their present home at the north city limits in 1941.

Surviving are her husband, three daughters and two sons. The children include Mrs. Edna Varnadore of Amarillo, Mrs. Duane (Edith) Conger of Lubbock, Mrs. Bill (Agnes) Hardin of Amarillo, and D. J. Walker Jr. and Ralph Walker of Robert Lee. There are ten grandchildren.

She is also survived by three brothers, W. M. Millican, P. W. Millican and C. C. Millican, all of Robert Lee, and two sisters, Mrs. Lon Linney and Mrs. Henry Burk of San Angelo. Preceding her in death were a sister, Miss Josie Millican, and a brother, Charlie Millican.

**PERSONALS**

Mr. and Mrs. Vernon Kirkland and children of Lubbock were Sunday guests of Mr. and Mrs. H. M. Kirkland and family. They all went to San Angelo Sunday afternoon where they visited Mrs. Pamela Reed, a sister of H. M. Kirkland. On their return they came by Robert Lee and visited Mrs. Ed Roane and Mr. and Mrs. Lowell Roane. Vernon Kirkland is a nephew of H. M. Kirkland.

W. W. Millikin went to Sabinal last weekend where he attended a school reunion.

**Who's going to help the farmers?**

America's farmers are having a rough time in the midst of Republican "prosperity." Low prices—high costs. Big overhead—small profit. Costly investment—staggering bills and debts.

Who's to blame? It isn't just Ezra Taft Benson. The Republican administration that appointed Benson and for eight years praised his policies is equally to blame. The "experienced" Mr. Nixon has called Benson "one of the greatest Secretaries of Agriculture in our history."

The best way to get sympathetic action for farmers' problems is to elect Democratic leadership to the White House.
