TOGETHER 67 YEARS—Mr. and Mrs. C. T. Mills observed their 67th wedding anniversary Oct. 29. Married in Brown Coun-

ty in 1894, Mr. and Mrs. Mills moved to the Bronte area in 1909. They are parents of five children.

Mr. and Mrs. C. T. Mills Have Wedding Anniversary Oct. 29

Mr. and Mrs. C. T. Mills of Bronte observed their 67th wedding anniversary Sunday, Oct. 29. No special celebration was held because Mrs. Mills is confined to bed due to ill health. Mr. and Mrs. Mills have resided in this area since 1909, moving here from Brown County.

Charles Theophles Mills and Martha Roberts were married Oct. 29, 1894. The wedding ceremony was performed about six miles northwest of May at the home of the bride's parents. The Rev. Jim

Funeral Rites Held For Mack Powell

Funeral rites were held at the First Baptist Church in Bronte Tuesday morning for George McCutchen (Mack) Powell, 47. Mr. Powell, a rancher, died at 3:30 a. m. Monday in St. John's Hospital in San Angelo following surgery.

Rev. C. R. Blake, former Bronte pastor, conducted the funeral services. He was assisted by the Rev. Lester Vinson, pastor of the church.

Burial was in Fairview Cemetery under direction of Clift Funeral Home. Pallbearers were W. W. Ivey, B. D. Snead, W. O. Eubanks, Sam Gray, T. F. Sims and C. R. Smith, all of Bronte; S. E. Adams of Robert Lee, and Berle McKee of San Angelo.

Mr. Powell was born in Bronte May 12, 1914, the son of the late Minnie McCutchen Powell and Sam Powell. His mother died when he was a child and he made his home with his grandparents, the late Mr. and Mrs. J. B. McCutchen. He graduated from the Bronte High School in 1931 and attended Texas Tech in Lubbock. On Jan. 7, 1933, he and Miss Ernestine Herndon were married.

For a number of years Mr. Powell was active in community affairs. He served on various church committees and was a member of the Bronte School Board for 12 years, serving as president of the group for some time. He had made his home in San Angelo the last eight years, but retained his ranching interests in Bronte. He was a member of the Baptist Church.

Survivors include two daughters, Mrs. C. N. Webb Jr. of Bronte and Mrs. Stanley Daulong of Fort Worth; one granddaughter; and two aunts, Mrs. Annie Wilkins of Bronte and Mrs. Lula Hines of San Angelo.

Crucial Grid Test Saturday Puts Longhorns Up Against Trent II

The game this weekend between Bronte Longhorns and Trent Gorillas is the big game of the season for both teams, and in all probability, the winner will also wind up in first place in District 6-B competition.

The Gorillas go into the game with a better record than the Longhorns, having won all three

of their conference games, while the Longhorns have won two and tied one.

Hermleigh is also still a contender for the district title, having the same conference record as the Longhorns. The Cardinals play Roby this weekend and will meet Trent in the final game of

the season.

Game To Be Played Saturday

The Bronte-Trent game will be played on Saturday night instead of the usual Friday. Reason for the change in the day is because Saturday is Trent's homecoming and the game with the Longhorns will be part of their homecoming attractions.

Because of the homecoming event, because Trent has never won a district championship, and because the Gorillas have a fine ball club, they will be gunning for the Longhorns and the local lads know they have their work cut out for them Saturday night.

Downtown Pep Rally Saturday

Fans are invited to attend a big pep rally in downtown Bronte Saturday afternoon at 4:30 o'clock. They are also advised that the distance to Trent is 60 miles, so they will want to leave Bronte in plenty of time to make the 7:30 kickoff.

In addition to buses which regularly make all out of town games, another bus will carry student to the Trent game, providing enough of them make arrangements by Thursday with High School Principal Joe Simpson. Only students in grades 4-12 will be allowed to go on the special bus. If it runs, it will leave here at 5:15, as will the band bus. Football squad members will leave at 5.

In other District 6-B games this weekend, Loraine will play at Robert Lee and Hermleigh will play at Roby.

Last Week's Results

Bronte 16, Roby 6; Trent 14, Robert Lee 0; Hermleigh 16, Loraine 14.

School Audit In This Paper

Attention of readers of The Enterprise is invited to an audit which appears elsewhere in this issue for Bronte Independent School District.

The top table shows a summary of receipts and expenditures while the bottom table shows information pertaining to the bonded indebtedness of the school district.

The receipts and expenditures table shows sources of all money received by the district and where the money was spent. Readers will note that the school had a balance on August 31, 1961, of \$22,813.18 less accounts which were current amounting to \$1,183.73.

Supt. C. B. Barbee said he thought patrons and others would be interested to know that the operating debt which the school had a few years ago had been completely paid off and the school is now operating on current funds. He pointed out, however, that the school district does not have any money left for permanent improvements after paying normal operating and maintenance expenses. Barbee said he is hopeful the school will become eligible for more state money in the near future. Only \$31,479.48 was received from the state in 1961. Local sources contributed \$169,073.19 toward the school's operation.

The bond table shows that the school still owes \$137,000.00 on the \$250,000.00 bond issue of 1954. This means that \$113,000.00 of the principal has been retired in seven years: Payment on the principal

Brutons Celebrate 15th Anniversary At White Store

Mr. and Mrs. C. E. Bruton wound up 15 years of operation of the White Auto Store in Bronte on Nov. 1. The Brutons carry a large line of hardware, household needs, and auto parts and accessories in their store.

Prior to entering their present business, Bruton was engaged in the service station business at the location where Lester Webb now operates a station.

In an ad in this issue of The Enterprise Mr. and Mrs. Bruton are announcing their 15th anniversary and are offering special inducements to customers all during the month of November.

The Brutons are active in work with the Church of Christ here and he is also a member of Bronte Lions Club. He has served several terms on the Bronte City Council and is presently a member of that group. Bruton is also a former justice of the peace for this precinct.

Post Office May Be Moving Soon

Word has been received from area postal authorities that personnel to move post office equipment and set up the new office will probably be in Bronte in the next few days.

Noah Pruitt Jr., Bronte postmaster, said he is expecting the moving personnel in the near future and that the Bronte post office should be in its new home soon.

Morrison, a Baptist minister, performed the wedding rites.

The young couple bought a farm and Mr. Mills built their first home out of logs which he cut from the land. They farmed and he said he worked out for 50 cents a day to raise a little cash.

In 1909 they moved to the Brookshire community and farmed there until 1932 when they moved to the farm north of Bronte owned by their son-in-law, Mayor J. A. Stephenson. They farmed this place until 1938, when they moved into town.

Mr. Mills, who is 86, is still in good health and is able to get around much better than many people years younger than he is. Mrs. Mills, who is 88, has been in ill health the past ten years and is confined to bed most of the time. Mr. Mills said he is able to do all the cooking and house-keeping since his wife is not able to do them.

Mr. and Mrs. Mills have five living children. They are O. V. Mills of San Angelo, Mrs. J. A. (Orie) Stephenson, J. G. (Gard) Mills, Mrs. J. T. (Cordie) Liles, and Miss Winnie Mills, all of Bronte. They had one son who died at birth. The couple also boasts seven grandchildren and 13 great-grandchildren.

4 Per Cent Loans Are Available For Home Building in Bronte

Bronte residents will be interested to know that requirements to borrow money for home construction, remodeling and additions have been relaxed considerably by the Farmers Home Administration. The changes were announced recently by Chester L. Sinclair, the agency's supervisor for Coke and Nolan counties.

Main change in regulations for borrowing money from the FHA is that the borrower does not have to be engaged in farming to qualify. The money is now available to any resident of Bronte who can fulfill the other requirements, regardless of whether or not he is engaged in farming or ranching.

An exceedingly low interest rate of only 4 per cent is charged for money borrowed and the borrower may take up to 33 years to pay back the loan. Loans up to \$15,000 are being made.

Persons interested in securing a loan from FHA may secure information at First National Bank in Bronte. The bank has literature telling about loan requirements and giving all needed information. They also have application blanks and will assist prospective borrowers in filling out the forms and making application. Interested persons may also see Mr. Sinclair who is in Robert Lee at the courthouse each Thursday afternoon from 1 until 2:30 o'clock.

"This program is an important new tool in promoting the development of rural areas," Sinclair said. "Rural housing loans will not only help families obtain better homes but will put more carpenters, plumbers, and electricians to work, and will increase the sales in lumber yards and building supply firms."

Housing loans are made for the

construction, repair, and remodeling of dwellings and essential farm buildings and to provide water for farmstead and household use.

In addition to major construction, funds are available to modernize homes — add bathrooms, central heating, modern kitchens, and other home improvements, as well as to enlarge and remodel farm service buildings and put in related facilities such as paved feedlots, yard fences, and driveways.

Rural housing loans may also be used for the construction of fall-out and storm shelters.

The interest rate is 4 percent per year on the unpaid balance of the loan. Loans may be scheduled for repayment over periods up to 33 years.

The proposed housing must be

UNCLE HUIE from HOG CREEK says

DEAR MISTER EDITOR:

My old lady has already started doing her Christmas shopping.

She allowed as how, if she'd followed her "intuition," she would've started in August afore everthing got picked over.

I always keep quiet when my old lady gits a "intuition." I recollect asking her about it right after we was married and she said wives couldn't git the truth out of husbands by questioning 'em, so they had to develop "intuition." When you come up agin a situation like that, Mister Editor, the thing to do is let the situation alone and that's what I been doing fer 40 year with my old lady's "intuition."

It looks to me like Americans has lost all respect fer the calendar anyhow. It used to be Christmas started about the middle of December but now they start shopping fer it in August and git the mistletoe and decorations strung up along about Labor Day. People is paying last year's bills, driving this year's automobile, and spending next year's income. And I reckon ain't more'n half of 'em got a calendar in the house.

I tried to git this problem on the agenda at the store Saturday night, but everybody was too busy discussing plans fer fallout shelters. One of the fellers has got a big basement at his place and he said his old lady was already gitting it cleaned out and making plans to stock it with water and food to last fer several weeks. We told him he better git his old lady to fill half the basement with throwin'size rocks. One guy said he was reading a item the other day where rocks would be the only thing left for preserving law and order after World War III.

Some of the fellers said they has even noted the young generation is gitting worried and serious about the future. Somebody pointed out, fer instant, that this was the first Fall in several year he ain't read nothing in the papers

A new plan for brucellosis recertification has been instituted. The program makes it possible for a county to qualify for recertification without retesting. The plan is called the trace back or back tag plan. You will hear more about it as time passes.

We will have a general meeting on the trace back plan in the County Courtroom next Tuesday night, November 7, at 7 p. m. Dr. John UpChurch, or other representatives assigned to brucellosis control, will be on hand to conduct the meeting. We invite and encourage all cattle owners to attend the meeting and hear Dr. UpChurch. Also, a film will be shown on the subject and a question and answer session held to help everyone better understand the program.

A national marketing quota of 15,714,000 bales and a national acreage allotment of 18,101,718 acres have been announced by the United States Department of Agriculture for the 1962 upland cotton crop. The acreage allotment includes 100,000 acres to take care of minimum farm allotments. Cotton producers will vote on December 12 on whether or not to continue marketing quotas for 1962.

Cotton root rot along with the bollweevils took its toll of our cotton crop this year. The following is a program that worked very well at the McGregor station this year in controlling root rot.

1. Grow non-susceptible crops in a 3 year rotation with cotton.

The Bronte Enterprise

November 2, 1961

2. Plow 6-10 inches deep ahead of the cotton crop. This should be done early.

3. Prepare a good seed bed — complete at least a month before planting.

4. Plant cotton as early as weather conditions permit.

5. Use early season insect control.

You might try the plan on the parts that will adapt to your situation.

One pair of horseflies and their offspring, if all survived, could produce 191 quintillion youngsters in a single season. These would

weigh nearly 10 trillion tons and make a pile of over 110 quadrillion cubic feet.

Mr. and Mrs. J. L. Keeney spent the weekend in Lubbock visiting Mr. and Mrs. Jimmy Irwin and Andrea.

LETTERS TO THE EDITOR

Dear Ben,

It seems to be a strange reversal of American history which has taken place the last 25 years in that the voices that have been raised to remind the citizens of this country of their priceless heritage are those of the military, the business men, the public school officials and teachers and the ministers of the Gospel. These voices almost alone have pointed out our freedom and liberty which we enjoy under constitutional government of, by and for the people.

Why has it that "the hand that rocks the cradle rock the world" seemed old fashioned and out of date? The home should be the place where such ideals of life, liberty and the pursuit of happiness are bred into the very nerve and fiber of every child who opens his eyes to the light of day in this land of the free-born individual and human dignity. The child should have a living example in both parents of respect for constitutional law, trial by jury, free speech, free press, right to bear arms and certainly, freedom to worship God. How many parents express contempt for law? How many adults excuse themselves from jury duty? How many parents have the courage and fortitude to speak out against injustice, immorality, and every other evil?

Do we truly want freedom from the deadening decay of socialism and materialism? Do we really desire liberty to live our lives with a minimum of governmental interference or control? Or, are we all looking for the cradle to the grave subsidy of life itself?

For more than 275 years we have been known as "the land of the free and the home of the brave," yet today if any person shows enough bravery to speak out against godless communism, or any of a multitude of enemies within our own country and government, a large number of people will say, "Is he some kind of nut or something?" Such labels as "Chauvinist," "bigot," or "flag-waving fanatic" are immediately applied to these patriots by the left-wingers and so called "liberals." By this method of suppres-

sion of the individual the pattern of international subversion is extended just a bit further.

Let's think about our own community for a moment. These West Texas plains were conquered by men and women who were ready and willing to stand for principles of moral honesty and against the enemies of drouth, disease, out-laws and other brands of discouragement. Their homes and their children meant a great deal to them. They had no governmental subsidy or guarantee. They were not limited in their horizon. Many of their sons, fathers, uncles and others sleep in a warrior's grave in France or North Africa, or Guadalcanal and even Korea. We are not cowards. Many are the wounds and scars that we bear. We simply face a new kind of enemy and we must rise to throw it off.

Now—at a time when belligerent, atheistic, power-crazed materialists are contemplating our destruction from within as well as without; when they say to our faces that they will "bury" us; or "it's either Red or dead," it seems that we hardly stir in our boots.

Is it true that the fight has gone out of us? Is "life so dear or peace so sweet as to be purchased at the price of slavery?" Do we chase the phantom of material security and social prestige rather than knowing the sweetness of a vital faith in God? Do we deeply desire to experience the release from fear of the creeping paralysis of socialism, materialism and dependency on governmental guarantees and controls?

If we truly love our families we will teach them by example and precept of the ways of freedom that have characterized West Texas and much of our national life. If we care what is implanted in the minds of our children we will examine the textbooks they study, we will support good administration and good teaching faculties and we will decline federal aid which engenders federal control. If we have proven to ourselves that the free enterprise with a free market works, we will elect men and women to public office whom we know are of such moral integrity and fiber as will enact legislation or rescind existing legislation, which ever is needed, to return this country to a sound economic basis wherein the bureau-

cratic spread of government is reduced to a service for the people and not a master of the people.

Lastly, but certainly not in any sense of least concern, if we covet the blessings and benediction of Almighty God and the privilege of freedom to worship Him from the dictates of our own conscience we must accept the terms set forth in God's Word. In II Chronicles 7:14, "If my people which are called by my name, shall humble themselves and pray, and seek my face, and turn from their wicked ways, then will I hear from heaven, and will forgive their sin and will heal their land."

Let us then accept God's way and rise to the challenge that is before us. It can be our finest hour. If we fail to do so, it could be our last.

Sincerely,
Lester L. Vinson

Highway Improvements Scheduled

The Texas Highway Commission today approved the expenditure of \$48,000 for highway safety and betterment in Coke County during 1962, announced District Highway Engineer J. A. Snell of San Angelo.

He said a total of 4.1 highway miles (in sections) in the county will be involved. The work, located on State Highway 158 between Bronte and the Runnels County line, will be under the supervision of G. G. Lackey Sr., Resident Engineer of San Angelo.

This work, which will widen bridge structures, is part of the 1962 State Highway Safety and Betterment Program just authorized by the Highway Commission.

Under this program, a total of 2,433 miles of U. S. and State highways will be improved. Work will be done on 378 projects in 156 counties.

Purpose of the annual program

is to continue the improvement and modernization of U. S. and State highways for increased safety and convenience of travel.

Highways are due for improvements such as surface widening, bridge widening and replacement, base strengthening, and rebuilding of shoulders.

District Engineer J. A. Snell said a total of 46.4 miles in this highway district would be involved, at a total cost of \$585,000.

Officials Meet to Discuss Dams

Construction of flood control dams on the Kickapoo Creeks in the Bronte area is becoming nearer to reality all the time as officers of the Kickapoo Water Control and Improvement District, Soil Conservation Service officials, city and county officials work out details for the project.

A meeting was held here Oct. 26 to get some of the problems worked out.

Attending the meeting were the following persons from the Soil Conservation Service: Ray Bodine, Glen M. McKenzie and D. G. Symmank, all of Temple; J. L. (Cy) Richmond of San Angelo, W. E. Jacoby of Robert Lee, and J. P. Curtis, now working at Coleman.

Members of the Kickapoo board attending the meeting were F. S. Higginbotham, D. K. Glenn, J. A. Percifull, Preston Davis and Norman R. Kiker. Representatives of the City of Bronte included Mayor J. A. Stephenson and Councilmen Matthew Caperton, C. E. Bruton, Joe McCutchen, Royce Fancher and Cecil Kemp.

State SCS men are expected back in Bronte next week and it is hoped by local officials that they will have completed necessary paper work, so that a date may be set for calling for bids on some of the dams.

Longhorns Down Roby Lions 16-6

Bronte Longhorns took a 16-6 victory from the Roby Lions in a District 6-B game here last Friday night. The Lions were able to make the first mark on the scoreboard, but the Longhorns then held them and blasted back with two touchdowns and two conversions. Roby and Bronte both scored in the second quarter and the Longhorns made the only other counter of the game in the third period.

A brisk south breeze failed to cool the footballers, but lots of fans were shivering by the game's end.

Hodges kicked off for the Lions and Buddy Walker and Dee Arrott made good yardage, going for one first down and almost making another before they had to give up the ball to the Lions. When they took over they seemed to know where they were going, for they made five first downs and went over the double stripe for their lone counter. The conversion carry failed and shortly after the beginning of the second quarter the Lions were ahead 6-0.

Hodges' kick was taken by Arrott and returned to the 32. On three carries Arrott went for a 1st down on his own 48. He and Walker then carried once each for another 1st on the Lion 40. On the next play Walker got loose for 17 yards and another 1st on the visitors' 23. At this point the Longhorn drive bogged down and the local lads had to give up the ball on the 21 yard line.

The Lions were assessed a 15 yard penalty for holding during the next series of downs and were unable to overcome the loss. They punted, but it was short, going out on their own 33 yard line.

Walker went for 10 yards and a 1st, then Arrott sidestepped the Lion defenders all the way to the goal line and made a TD for Bronte. Arrott carried the conversion over, making the score 8-6.

Tommy Boecking's kickoff went into the end zone, so Roby took the ball with a 1st and 10 on their own 20. The Lions were able to make two 1st downs and gain midfield before the gun sounded ending the half.

Second Half

Boecking kicked to Stewart who returned the ball to the 31 yard line before Eddie Spiller and Jack Corley brought him down. Good defensive playing by Tommie Lee, Russell Brown and Walker held the Lions to less than 10 yards, so they punted to the Bronte 25 yard line.

Walker and Arrott carried the ball to their 42 yard line in three carries. On the next play Rudy Olivas dashed 30 yards on a reverse handoff. Going to the Lion

28, Olivas made it 1st and 10 to go. Taking the full four downs of the series, Arrott and Walker made 10 yards for a 1st on the Lions 18. Olivas, Arrott and Walker all carried the next three downs for a 1st on the 9. Walker made 3 and Arrott made 5, putting the ball on the 1 yard line. Then Walker tried the middle, but came up inches short of the double stripe. On the fourth down try, he was successful and crossed into pay dirt. Arrott shot a pass to Eddie Glenn for the extra two points. Score: Roby 6, Bronte 16.

Boecking's kick was a beauty and Daniel got started off to add some run back yards, when Leslie Brice nailed him hard on the 19 yard line. Roby made short yardage, but couldn't make the needed 10. Randolph punted, but it was short and bounced in favor of the Longhorns for a 1st down on the Lion 35.

Charles Lee threw a pass to Eddie Spiller for a 1st on the 25. Olivas pulled his famous reverse for 9 yards, and Lee made 5 more for a 1st down on the Lion 11. On the next series, the Longhorns overused Olivas' reverse by running it twice and the Lions defended it into losses. Part of the lost yardage was regained on a pass from Lee to Spiller, and Arrott came in and tried a pass to Glenn, but it was no good, so Roby took over on their 19. Henry made 2 yards in 2 tries, so Randolph dropped back for a pass, but Tommie Lee and Rudy Phillips smothered him before he could get rid of the ball. Roby kicked and Bronte got possession of the ball on their own 33 yard line.

Walker carried the ball three times for 12 yards and a 1st on his own 45. Then Charles Lee carried three times for 10 yards and another 1st on Roby's 45. Four yards were picked up on a pass from Lee to Glenn. On the next play, the Lions couldn't cope with Olivas' run around his left side. He went all the way to the 8 before they got him down. A couple of tries on the ground netted 2 yards and a couple of passes were incomplete; so the ball went over to the Lions. They ran three plays and had to punt. It went to their 46 and Bronte was able to get off one play before the game ended.

NATURE'S FIRST LAW

The planets that circle high up in the sky
Are kept in their orbits for some reason why;
And some power unseen, yet plainly we know,
Keeps them in their place and makes them all go.
And some power unseen, has set up a plan,
Called nature's laws, for the guidance of man.
Preservation is nature's first law, they say,
And you must save, if this law you obey.
THE FIRST NATIONAL BANK can teach you no more
Than nature has taught many times before.

Miss Carole Hooper and Lt. Postelwaite Wed In Double Ring Rites

Carole Lynn Hooper became the bride of Ralph Aldean Postelwait in a double ring ceremony read October 7 by M. F. McKnight of the Fifth and Highland Church of Christ in the home of the bride's mother, Mrs. Thelma Hooper, 1950 South 3rd St., Abilene, Texas.

The bridegroom is the son of Mr. and Mrs. Austin Ralph Postelwait of Randlett, Oklahoma.

Jan Cothran, soloist, presented nuptial music.

The bride wore a dress of

candlelight brocade fashioned with a bell skirt. The bodice, which was topped by fitted jacket, had a V-neckline, both front and back with flat bows on the narrow shoulders. Her shoulder-length veil of illusion was held by a small hat of candlelight brocade. She carried an arrangement of coral roses and English Ivy.

Karen Hooper, who was her sister's maid of honor, wore an emerald green wool sheath dress and carried a colonial bouquet of coral carnations.

Lynn Postelwait of Randlett, Oklahoma was his brother's best man.

The reception was held in the Hooper home where Kathy Hooper, sister of the bride, and Mrs. Kenneth Ellis of Wichita Falls, sister of the bridegroom served.

Mrs. Bill Merkel registered guests.

The couple left on a wedding trip to San Antonio.

The bride was graduated from Abilene High School and Abilene Christian College where she was a member of Zeta Rho. She has been employed as a home demonstration agent for Coke County.

The bridegroom is a graduate of Randlett High School, Cameron College in Oklahoma and Oklahoma State University. He is a Lieutenant in the U. S. Navy, presently assigned to the Naval Air Station, Norfolk, Virginia.

Attending the Texas-Rice football game in Austin Saturday night were C. O. Richards and Brian and Royce Lee and Royce.

Mr. and Mrs. Dwayne Walker of Oklahoma City visited last weekend with Mrs. Mary Walker and Buddy.

Rudd Re-Elected President of Game Ass'n.

At the Coke County Game Management Association's annual barbecue meeting that was held in the County Park at Bronte Saturday night, J. O. Rudd of Robert Lee was re-elected president of the organization for the year of 1961-62 by the members attending the affair.

Other officers elected Saturday night were Aubrey Denman of Bronte, 1st vice president and J. E. Quisenberry of Robert Lee, secretary-treasurer.

Directors that were elected for the coming year are James Arrott, Tuney Glenn, Finnell Simth and Curtis Walker.

Sterling Lindsey, master of ceremonies for the occasion, introduced special guests who included Henry Burkett, San Angelo District Supervisor of the Texas Game and Fish Commission; Bill Moore, Texas State Representative of Ballinger; Dorsey Hardeman, Texas State Senator of San Angelo; Dean Chenoweth, editor San Angelo Standard Times; Jim White and Carl Runge of San Angelo.

Noel Wallace, Texas Game and Fish Information and Education Service Officer of San Angelo presented three motion pictures on the value of conserving wildlife to the 125 association members and guests attending the meeting.

Wallace told the group that his office would be happy to assist civic organizations, schools and church groups in presenting a program on the conservation of wildlife in Texas whenever the occasion called for this type of program.

The Game Management members were commended by Wallace for their work in increasing the game and birds in Coke County. Gerald Allen invited the associa-

tion to meet in Robert Lee next year. The invitation was accepted by the members.

The Bronte Lions Club had charge of the preparation and serving of the barbecue meal.

D. K. Glenn, president of the Bronte Lions Club, recognized Aubrey Denman, Pat Johnson and Jesse Parker for doing a good job in preparing the meal for the meeting.
