Reverend L. L. Vinson, pastor of First Baptist Church here, announced his resignation Sunday to be effective Sunday, April 1. He became pastor of the church February 9, 1959. Reverend and Mrs. Vinson are

AD-LIB-BEN

During the three years Coach Bob Howard has been mentor of the Bronte Longhorns, there has been a tremendous change in the attitude of local fans toward football. He has been able to develop good teams, and has also been able to make his enthusiasm for good football contagious.

We realize that he has had some mighty fine material, and that he has received a lot of fine support from the Longhorn Club and other fans; but his will to win and play a good game have gone a long way in making good players out of good material and instilling enthusiasm in the fans.

The wholehearted support of a community for its football team is a good thing. Not just for the team, but this coming together for a common purpose by so many persons of the community, knits the group closer together in other undertakings.

We think Bob Howard has done a good job here in Bronte. We admit we have seen times when we thought the president of the ladies aid society could have done better, but after the heat of the

They will work with churches and associations in the two-state area in providing programs which may be used by the groups when harvest season brings the migratory workers into their area.

Also included in the Vinsons' work will be to conduct vacation Bible schools, help set up home-making classes, kindergartens and other work.

The Vinsons will make their home in Abilene until housing accommodations can be found in Fort Worth.

Rev. Vinson has served as moderator and clerk in the Runnels Baptist Association and as a Board member of District 16. Mrs. Vinson has served as church pianist and G. A. director in the local church.

During the time that Rev. Vinson was pastor, local church records show that there have been 123 additions to the church, 46 of these by baptism. Several physical changes have been made in the church plant and new equipment bought.

Ralph Byers of Ballinger is the preacher for the services, and Foy L. Moore, minister of Robert Lee Church of Christ, is song director.

Bob Howard Resigns to Take Position at Marfa

Head Football Coach Bob Howard has submitted his resignation to Bronte School's Board of Trustees. He is resigning to accept a position as head football coach and athletic director of Marfa High School.

During his three years as football coach at Bronte, Howard has produced teams which have won two district championships, and wound up second one year. The Longhorns copped the district crown in 1959, lost it to Hermleigh in 1960, and took it again in 1961. The season records for the three years were 10-1, 8-1-1 and 6-4-2.

Marfa played in class double A last season but will drop down to Class A next fall.

Coach Howard came to Bronte from Cisco Junior College. Prior to that he coached high school football at Comyn, Boyd and Bynum.

Howard, his wife and their three children, Tommy, Joe and Cindy, have been active in community activities during their stay in Bronte. They are members of the Methodist Church, where he is Sunday School superintendent.

Supt. C. B. Barbee said in Howard's letter of resignation he said "The three years I have been at Bronte have been the most productive and enjoyable I ever spent."

Youth Revival Set At Baptist Church

A youth weekend revival is set for this weekend at the First Baptist Church. Five young people, representing the Life Service Band of Howard Payne College, Brownwood will lead in the services, to be held March 23, 24 and 25.

Services will begin each evening at 7:30 and a fellowship meeting will be held at the close of the Friday and Saturday services. Young people of the church will take an active part in the programs, Rev. Lester L. Vinson, pastor, said.

Rev. Vinson said that everyone in the community is invited to attend the services. A special invitation is given to young people.

Rogers Services Held Thursday

Funeral services for John J. Rogers, 67, were held last Thursday at 3 p.m. at the Kickapoo Baptist Church. The Rev. R. W. Blackmon officiated, assisted by the Rev. Lester L. Vinson, pastor of First Baptist Church. Burial followed in Fairview cemetery here under direction of Clift Funeral Home of Bronte.

Mr. Rogers was found dead Wednesday afternoon near his home three miles north of Bronte. Death by natural causes was ruled by Justice of the Peace J. T. Liles.

Mr. Rogers was born June 24, 1894, in Bronte. He was a member of the Woodmen of the World. He was engaged in farming and livestock raising.

He is survived by his mother, Mrs. Ida Rogers, with whom he made his home; one brother, Henry Rogers, and two sisters, Mrs. Lula DuBose and Mrs. Ara Scott, all of Bronte.

EASTERN STAR MEMBERS TO ATTEND CHURCH AS UNIT

Members of the Bronte Chapter, Order of the Eastern Star, will attend First Methodist Church in a group here next Sunday, March 25. Their husbands and families are requested to attend and sit with them. If the weather is inclement they are to meet in the church parlors.

Mrs. Pearl Hall, Grand Worthy Matron of the Eastern Star, has requested that the members of each chapter in Texas go to church together once during her year in office. Local members voted to attend the church to which their Worthy Matron, Mrs. R. W. Rees, belongs.

The only vacancy in next year's lineup of teachers at this time is the head football coach position. Supt. C. B. Barbee said Wednesday morning that a number of applications have been submitted for the job.

Teachers re-elected include: Mrs. C. B. Barbee, first grade; Mrs. George Thomas, second grade; Mrs. R. C. Lasswell, fourth grade; Mrs. W. G. Murphy, fifth grade; Mrs. J. T. Henry, sixth grade; John Boyles, assistant coach and science; Clint Low, science and math; Mrs. LaRue Broussard, Spanish and Librarian; John Hartzell, English and speech; Mrs. Billy Joe Luckett, commercial and English; Bobby Bingham, band and music; J. T. Henry, vocational agriculture; and Mrs. Royce Fancher, homemaking. Work in the seventh and eighth grades, as well as the four high school grades, is departmentalized, and teachers are not designated to teach those grades.

At an earlier meeting of the board, Supt. Barbee, Elementary Principal James L. Golson and High School Principal Joe B. Simpson had their contracts extended.

Jack D. Ivey Hurt in Wreck

Jack D. Ivey was seriously injured last Saturday night in a one-car accident. The mishap occurred just this side of the river bridge when Ivey went to sleep and lost control of his pickup. The vehicle ran into a culvert and into the ditch. Force of the impact threw him through the windshield.

Ivey suffered severe face lacerations. He was reported Wednesday morning to be "getting along fine," and was expecting to be dismissed from the hospital the latter part of the week.

His pickup was demolished.

UNCLE HUIE from HOG CREEK says

DEAR MISTER EDITOR:

I see by the papers where them science fellers is claiming that people on earth will gradually squeeze theirselves to death. They figger the population of the world is increasing by 46 million a year and it's a simple matter of figgers, that in due time they won't be no standing room left.

I ain't no Einstein on science and figgers but I recollect when me and my old lady got married the nearest neighbors we had cut here lived three mile away. Right now we got two neighbors that lives less than a mile away and I can see how we could git squeezed to death if this trend keeps up another few hunnerd years.

We was discussing this item at the store Saturday and one of the fellers allowed as how he aimed to take shelter in the stable with his mule when the population explosion gets to the squeezing point. He says his old mule won't let nobody but him in the barn and as a extra precaution against any undue squeezing from his neighbors, he'll keep the mule's heels aimed at the door.

Some of the fellers claimed the population problem had its good

points if it could be stopped at the right time. One of my buddies reported that, according to the latest per capita figgers, his part of the national debt was now \$4.165. He says if they can hold off payment on the national debt till the population is about to explode, his per capita part could be reduced to around \$150 and he'd give the Government a white face cow in full payment.

Another feller was predicting that the time is coming when all debts will be cancelled and everybody will start over getting in debt. He said Franklin Roosevelt claimed the national debt was just something we owed to each other. If the New Frontier will go along with his idea, he allows, he'll consider the matter closed on the \$4.165 he owes.

Saturday one of the boys was lamenting how style in worrying changes from one generation to another. Fer instant, this bird says when he was a boy he was always worrying about getting run down and killed by a mule with a shuck collar on and today we have to worry about bedding down with the mule to keep from getting squeezed to death. He claims they ain't much future to a situation where we ain't got but two choices, bomb explosion or population explosion.

This is a mighty bad time, Mister Editor, fer this feller McNamara to come out and say the folks back home is "worrying unduly" about the world situation. It would seem to me that a heap would depend on how much worrying he calls duly.

Yours truly, Uncle Huie

Taxpayers Role In Education Told

Supt. C. B. Barbee, speaking before the Sorosis Study Club, said the taxpayer is the most important individual in education today. He discussed the taxpayer's role in paying the bill for education, as well as keeping informed on educational needs and trends. He supported his talk with mimeographed sheets of information containing figures on bonded indebtedness, enrollment, and average daily attendance, cost of education per child and other items, both on a local and state level.

Following his talk, a discussion period was held which concerned present trends in education at the local level, and other items of interest to the women present.

The club met in the home of Mrs. John Harris last Friday night. A salad plate and iced tea were

served to three guests: Supt. and Mrs. Barbee and Mrs. Charlie Boecking and the following members: Mmes. Bill Clark, Royce Fancher, Clark Glenn, E. F. Glenn, Clyde Lee, Royce Lee, W. D. McDonald, Jacob Morrow, Ben Oglesby, C. O. Richards, David Crockett, Don Furr, and the hostess.

Sunday visitors in the Jay Jones home were Mr. and Mrs. E. H. Briggs and Jo Ann of Lamesa.

County Agents News Column

By STERLING LINDSEY

Operators considering participating in the 1962 Feed Grain Program must declare their intentions by March 31. The County ASC office can give you the details of the program and explain the alternatives to you if you desire additional information on the program before making your decision.

The question has been asked many times — which kind of 2,4-D or 2,4,5-T should I use for weed and brush control? The following may help you to determine which would be best for you.

The Amine forms are made with a salt base. They do not vaporize readily and are generally safer to use near susceptible crops.

The ester forms have alcohol bases and come as high volatile esters. The high volatile esters volatilize readily even at low temperatures and are dangerous to use in warm weather.

The low volatile esters are more stable and will remain in the liquid form even in high temperatures. They are much safer to use than high volatile esters, particularly next to susceptible crops and/or during warm weather.

I received 5 gallons of 2,4,5-T this week for use in brush control demonstrations. This is the third year that trials have been conducted through our program building committee. Most of them have been mesquite control trials employing the basal method of application. D. K. Glenn, Tom Rives, Pat Havins, and Robert Walker conducted the demonstrations in 1961.

The screw worm control program is still the most discussed subject in many quarters. The Foundation is making rapid progress and the board of directors should be commended for their unselfish devotion to the job. There is still no guarantee that Coke County will be screw worm free, but the Foundation board of directors and others concerned are making a valiant effort to keep screw worms out of Texas.

Should you find a case of worms or maggots, we again remind you to let us send them in for analysis. If they prove to be screw worms, the foundation has promised to pull all stops to avoid their spreading to other areas.

To date about \$1.6 million of the needed 3 million has been secured. The Foundation will continue requesting funds as the Federal allocation to the program must be matched by local funds.

Coke County operators have now contributed \$8055.00 to the movement. Slightly less than 50% of the County — 184 — have contributed.

Bronte Enterprise

Letter to The Editor

March 19, 1962

Bronte Enterprise,
Bronte, Texas
Gentlemen:

Having just authorized the withdrawal of my name as a candidate for the office of State Representative of the 64th Representative District, I want the people of the District to know that it is with sincere regrets that this decision is made due to health reasons and some additional responsibilities in connection with my personal business, and my farming and ranching operations. I now know that it will be impossible for me to devote the required time to the duties of the office that the people of the district are entitled to. Therefore, I am withdrawing at this time, thus relieving Mr. Ben Barnes of De Leon, Texas, of a strenuous campaign. I want to recommend Mr. Barnes to the people of the District. I have had the pleasure of serving with him during the last sessions of the Legislature, and am convinced that he will represent the district with dignity and honor.

To all the people of the old 77th district, made up of Coke, Coleman, Concho and Runnels Counties, I want to express my sincere appreciation for the honor and the privilege of serving you in this capacity and to state that I do not believe any official could have a finer group of constituents to serve, nor a more loyal group of people to help me render the type of service you deserve, so that we may have economical operation of our government. I promise to continue to be deeply concerned about the affairs of our government in this district and will devote my time to the affairs of this district until my present term expires.

To the good people of the Counties of Brown and Comanche, which are now a part of the newly created 64th Representative District, composed of Brown, Coleman, Comanche and Runnels, I want to state that I very much regret the situation that causes me to withdraw from the race, for it is sincerely believed that I would most certainly enjoy being your Representative, and do what I could to help you in keeping our government on a sound economic basis.

Any time I can be of any assistance to the people of the old or the new District, it will be appreciated if you will contact me as I will be most happy to try to help in any way I can.

Yours very truly,
J. W. (Bill) Moore

Mr. and Mrs. Ben Oglesby and girls visited friends and relatives in Levelland and Lubbock last weekend.

4-H Club girls are busy now getting ready for County contest. Girls are working on Dairy Foods, Vegetable preparation, Public speaking and Share the Fun. Both seniors and juniors are entering these contests.

The County contests are planned for April 14 and District contests will be April 28. County winners go to District. Ribbons are given in each contest.

4-H leaders are assisting the girls to plan and practice the demonstrations. These contests are valuable to the development of 4-H girls as they teach techniques in food preparation, nutritive value of foods, an attractive service and to be able to speak before groups.

If there are any girls who are not enrolled in 4-H work, who would like to enter in the contests, let me know. I will be glad to help any girl get started in a demonstration.

Plans have been made for a leader training for H. D. Clubs Saturday, March 24. The ladies will be taught "Seed Picture Making" by Mrs. Jahew Jameson of Silver. Two ladies from each of the six Home Demonstration Clubs will attend the all day training Saturday in the Court house. The meeting begins at 9 a. m.

Here's a beauty hint — when you prepare sudsy water to soak your hands before a manicure, add a few drops of hydrogen peroxide. This will help to bleach under and around your fingernails.

Thursday — Bronte Jr. H. D., Clothing
Friday — Office
Saturday — H. D. Leaders Training, 9 a. m., Courthouse.

Coke and Nolan Farmers Receive \$238,840 in Loans

In 1961 Farmers Home Administration advanced a record \$502 million in loans to farm and non-farm families living in rural areas to provide the resources for needed farm adjustments, better rural housing, and soil and water conservation and development. Secretary of Agriculture Freeman announced recently. This was a 47 per cent increase over the amount loaned in 1960.

Farmers Home Administration activities last year were a major factor in the Department's drive to promote rural areas development throughout the nation.

Credit for basic farm adjustments, new housing, community water systems, and soil and water conservation had a direct and immediate impact on the economy of entire rural communities. Purchasing power of FHA borrowers was increased, construction and other business activity stimulated, and areas made more attractive for industry development as a result of the agency's nearly one-half billion dollar program.

In Nolan and Coke counties borrowers came in for a fair share of the funds disbursed or obligated for 1961. A total of \$238,840 was loaned for farm ownership purchases, rural housing, operating loans and emergency credit according to Chester L. Sinclair, County Supervisor. During the same period a total of \$235,681 principal and interest was collected.

There are ample funds available under the Farm Tenant Purchase program, which funds are being furnished by private lenders and insured by this agency, according to Sinclair.
