PROUD FAMILY — Mr. and Mrs. Joe Rawlings and their children, left to right, Nancy, Jimmy and Patti Lou, posed for this picture after the dinner and presentation last Thursday. Rawlings received a plaque and

\$2,000 in checks for being the most efficient sheep producer in the U. S. He turned the checks over to agriculture leaders for establishment of a sheep breeding program for young people of Coke County.

Joe Rawlings Honored For Sheep Production

Joe Rawlings of Bronte was honored last Thursday night at a dinner at the Log Cabin Steak House in San Angelo for his selection as one of the "world's most efficient farmers."

Rawlings won top honors in the sheep raising division of an awards program conducted by the Ford Almanac. He was one of 15 farmers across the nation, and the only one from Texas, to be named a winner in the fourth annual

Ford Farm Efficiency Awards program.

J. L. McNabb, vice president and general manager of the Stewart Co., Dallas-based distributor of Ford farm equipment in Texas, in a short speech following the dinner, said, "In recognizing Mr. Rawlings as the most efficient sheep producer in the United States, I think we would be safe in saying that he is the most efficient sheep producer in the world."

Rawlings is a graduate of Bronte High School and of Texas A & M College. He is a veteran of World War II. Active in community affairs, he is president of the local school board of trustees and a member of the official board of the Methodist Church. His wife, Pat, in an active girls 4-H club leader in this area.

In addition to a plaque, Rawling was presented three checks totaling \$2,000 by Paul Peters, advertising and training manager for the Stewart Co. Rawlings, in turn, called J. T. Henry, Bronte vocational agriculture teacher, Bob Cox, Robert Lee vocational agriculture teacher, and Sterling Lindsey, county agricultural agent, to the front, and presented the checks to them. The money will be used to set up a commercial fine wool sheep program for the youth of Coke County. Details on the actual workings of the program can be found in Lindsey's weekly column in this issue of The Enterprise.

Mrs. Rawlings was presented a miniature Ford tractor, which was promptly taken over by their son, Jimmy, who offered to carry it for his mother.

Sterling Lindsey was also presented a plaque at the dinner for his outstanding work in promoting all phases of better farming and ranching in Coke County.

Special guests at the dinner, in addition to Rawlings, included his wife, and three children, Patti Lou, Nancy and Jimmy; also his parents, Mr. and Mrs. A. N. Rawlings, in partnership with whom the younger man operates their ranch southwest of Bronte. Other guests were FFA and 4-H leaders, representatives of the press, Ford dealers, and other personnel of the Stewart Company.

Rawlings farms almost 5,000 acres in Coke County in part-

Rains Give New Life To Pastures and Crops

A real gully washer rain fell in the Bronte area Sunday right after noon, followed by a good shower early Monday morning. Total precipitation in both rains totaled almost three inches in town. The rainfall was lighter south and west of here and heavier to the northwest.

Ranchmen were happy about the moisture as it gave new growth to pastures which got off to a good start in the spring. Farmers were also greatly benefited on row crops. A small amount of hail fell with the Sunday afternoon rain, but no one was complaining about it, since the benefits outweighed the damage.

The rain cloud Sunday afternoon started gathering to the north and west and hit here with a strong blow of wind. The rain fell in

sheets for about 30 minutes, and the horizontal angle made accurate measurement difficult. Little wind damage was reported in spite of the high velocity of the moving air.

Rainfall was light south of the river, but west of Bronte up to five inches was reported.

Some measurements reported to the Enterprise:

Noah Pruitt place northeast of town, 1.8 with some hail damage.

O. R. McQueen place west of town, 3 inches, light hail.

Vic Haselden, northwest of Bronte, 2½ inches, very light hail.

C. E. Arrott, south of river, .6 inch; on the Ash place west of town, Arrott reported 2.4 inches.

Clifford Clark, east of Bronte, 1.6 inches.

Jim Mackey, northeast of town, 1.9 inches.

Edward Cumble, north of town, 1.9 inches.

J. D. Huffaker, south of Bronte, .5 inch.

Sid Evans, east of town, 1.75 inches.

Osmo Black, east of town, 1.5 inches.

Tom Williams, south of town, .5 inch.

Truman Parker, north of Bronte, 2.7 inches.

Mack Eubanks, on north edge of town, 2.1.

Louis Galloway, who farms northeast of town, is reported to have received almost five inches of rain, along with some water damage to crops and improvements.

More Rain Here Wednesday A.M.

Another rain measuring .8 inch here in Bronte fell about 1:30 Wednesday morning. Like Sunday's downpour, it was accompanied by strong winds and an electrical display.

This last rain brings the total for much of this area up to 3½ to 4 inches since Sunday.

Revival Planned At Central Baptist

A revival meeting is scheduled to begin Sunday at Central Baptist Church in Bronte. The Rev. James Edge of Sulphur Springs will be the evangelist for the special services.

Services will be held each morning from 9:30 to 10:30 and in the evening prayer service will begin at 7:30, with preaching service beginning at 8 o'clock.

Noah Pruitt Jr. will be in charge of the singing during the meeting.

The Rev. Wayne N. Stout, pastor of the church, said that everyone in this area is welcome to attend any or all of the services. "We welcome every person to the services, and hope you will attend all of them," he said.

The Rev. Mr. Edge is known to many Bronte residents as he conducted a revival at Central Baptist Church last year.

Rites Held Here For Ed Hickman, Former Resident

Funeral rites were held at the First Baptist Church Monday for Ed Hickman of Robert Lee, and former resident of Bronte. Mr. Hickman, who was 76, died at his home about 4 p.m. Saturday, apparently from a heart attack.

Conducting the last rites were the Rev. Jimmy Rogers, pastor of Pecan Baptist Church in the Edith community; the Rev. Dempsey Salter, Robert Lee Methodist pastor; and Foy L. Moore, minister of the Bronte Church of Christ.

Mr. Hickman had done some plowing Saturday morning, rested after lunch and was feeling as well as usual, relatives said, when he was stricken.

Serving as Commissioner of Precinct 3 of Coke County from 1952 through 1960, Mr. Hickman held the job during this county's big improvement period. During his tenure the new court house, the county parks and much new

Francis Pruitt To New Position

Donald F. (Francis) Pruitt, son of Mr. and Mrs. Noah Pruitt, Sr. of Bronte, has resigned as pastor of the Bryan St. Baptist Church at Lamesa to assume the position of Corresponding Secretary of the Baptist Missionary Association of Texas. Headquarters for the new post is in Dallas.

Pruitt is a native of Bronte and a graduate of Bronte High school. He served as a flight engineer in the Air Force in the European Theater of war during World War II, and was recalled to active duty during the Korean crisis in 1950, serving in San Antonio.

After his return he attended and graduated from Jacksonville College in 1954 and later received his BA degree, with high honors, from Howard Payne College at Brownwood. He has done graduate work at Texas Tech in Lubbock and has also attended the North American Theological Seminary.

He has pastored churches at Percilla, Santa Anna, Jacksonville, and Port Arthur, before going to Lamesa.

His wife is the former Noragene Taylor and they have three daughters: Diane, 16; Janice, 15; and Cindy, 4. Mrs. Pruitt is also a graduate of Jacksonville College and Stephen F. Austin. She served as vice president of the national WMA for two years.

BAPTIST BIBLE SCHOOL TO BE HELD NEXT WEEK

Annual vacation Bible school at First Baptist church will begin Monday, June 24, and continue through June 28. Classes will be held from 8:30 until 11:30 each morning.

A pre-registration period will be held this Saturday, June 22, from 10 until 11:30 a.m. All children, ages 4 through 16 are invited to attend.

Church of Christ To Have Meeting

Melvin Placke, former minister of the Bronte Church of Christ, will return here to begin a gospel meeting beginning Monday evening. Foy L. Moore, present minister of the church, announced this week that the services will continue through Sunday, June 30. Services will be held only in the evening and will begin at 8 o'clock. Sunday services will be at the usual times of 10 a.m. and 6 p.m.

Horace Taylor will be in charge of singing during the meeting.

Mr. Placke is now minister of a church at Mission. He served the Bronte church for several years before making the move to the southern part of the state.

Mr. Moore stated that a warm welcome awaits everyone who comes to the services.

MELVIN PLACKE

AD-LIB-BEN

This week we extend our congratulations to Joe Rawlings, who was selected as the most efficient sheep producer in the United States by the Ford Almanac. In this era of big business, it is heartening to see such an award go to a relatively small operator. Many sheep ranchmen operate many times the acres as do the Rawlings, but none of them was selected to receive this award, because they do not produce with the efficiency of the local man.

We think the program which Joe is setting up with the \$2,000 he received is a fine thing and should result in a better sheep industry in this county in the years ahead.

Congratulations are also in order this week to Francis Pruitt, another Bronte native who is making good. He has resigned his position as pastor of a church at Lamesa to take over as corresponding secretary of the Baptist Missionary Association of Texas. It was only 11 years ago that Francis started out to be a preacher. During that time, he has received his bachelor's degree (with high honors), has done graduate work, and has served a number of churches as pastor, his last being the Lamesa charge, which is one of the larger churches in the Plains Baptist Association.

UNCLE HUIE from HOG CREEK says

DEAR MISTER EDITOR:

I see by the papers where a feller named Edward Harriman that has charge of such matters fer the Post Office Department has give permission to manufacturers to come out with some new models fer rural mail boxes. He recommends the new models open from the back side so's the younguns can fetch the mail without gitting hit by cars. He didn't say how the rural mail carrier was going to stuff the mail in from the backside, but I reckon one of them government agencies will solve this problem just as soon as they git a couple million "research" appropriation from the Congress fer this purpose.

Brother Harriman says the Government ain't setting no price standards on the new boxes and if a feller wants to git hisself some "status" in the community, he can have one made special, maybe gold-plated and costing \$1,000 or more. Personal, I'd rather have a barrel mounted on four cedar posts and opening from the bottom so's I could run the wheelbarrow under it and handle my literature from them Government agencies all in one operation. I aim to write my congressman a letter along these lines.

I been trying to figger out, Mister Editor, how much tax relief I'm going to git out of President Kennedy's plan fer cutting taxes. About the best I can figger right

now is that it'll be like dropping a lump of sugar in a barrel of coffee. I ain't going to git enough relief to taste it. I saw where one feller said we ain't had no real tax relief in this country in 200 year, since our ancestors give the Boston Tea Party, and we ain't liable to git no more till the voters has a Washington Tea Party.

Well, Mister Editor, I hate to report it but the fellers at the session in town Saturday come out fer this social medicine business. My neighbor said if you take the long view of the thing, they ain't no way around it. Folks has got to have more medical care so's they can work longer fer tax purposes. Farthermore, he claims the kid of today is going to have to last a heap longer than his Pa did and be a heap stronger and able to pay more taxes.

Even our Republican friend said he'd have to go along with this item. He figgers the doctors is all strong agin the social medicine program, but he allows as how the doctors is going to have a hard time paying off the national debt by theirselves.

Personal, Mister Editor, I voted agin the resolution. I'm agin social medicine or social anything. Ever time the Government gits into one of them social deals we have to send \$2 to Washington to git \$1 back. I'd even be agin social mail boxes, would rather buy my own barrel.

Yours truly,
Uncle Huie

County Agents News Column

By STERLING LINDSEY

A grant of \$2000 has been made available to Coke County youths for the establishment of a fine wool range ewe program. The Robert Lee and Bronte FFA chapter members, the Coke County 4-H club members, through the generosity of Joe Rawlings, of the Lometa community, and the Ford Motor Company, have an opportunity to get a start in the fine wool sheep business.

Mr. Rawlings was selected the 1963 Ford Almanac Efficiency Award winner for sheep production. His award included a \$2,000 grant for education or research. Joe recommended and the Ford representatives wholeheartedly endorsed the range ewe program. The youth groups are deeply indebted to both for the opportunities their selection has made available.

The program will be administered by a steering committee composed of Bob Cox, Robert Lee vocational agriculture teacher; J. T. Henry, Bronte vocational agriculture teacher; James A. Gray, Extension Service Sheep Specialist

San Angelo; Bill Allen, Robert Lee banker and rancher; Cumble Ivey Sr., Ford dealer and rancher and Sterling Lindsey, county agricultural agent.

Worthy youngsters with qualifying records will be assisted in selecting and purchasing fine wool ewe lambs. They will show the lambs, and over a given period return from their ewes enough product to keep the program perpetuated. The money in the grant will then be made available to other qualifying members of the youth groups.

The exact amount each qualifying member will receive has not been determined at this writing.

The program will be kept flexible to allow for adjustments if needed. No set number of grants will be made each year, nor will each participating group be awarded the same number each year. The number of members qualifying will determine the number of grants made in a given year.

The steering committee hopes to complete the program details and institute the program in the near future.

The screwworm activity, statewide, is down slightly from last week. But, in our area there has been an increase. Mitchell County had several cases reported last week.

Coke County had one case that I have received a report on. Jay Evans submitted a sample last Thursday, the report came back Friday and also, Mr. Forrest Smith made arrangements for the fly drop Friday afternoon.

Again, we are reminded of the importance of submitting samples. Since we are above the buffer zone, at present the only way we will receive flies is through the hot-spot treating of infested areas above the buffer zone.

I plan to be on vacation the coming two weeks. I will be back at work on Monday, July 8.

Mr. and Mrs. J. L. Pope of Denton spent the weekend with their son-in-law and daughter, Mr. and Mrs. Joe Rawlings and family. Mrs. Rawlings and children returned home with them for a two weeks visit.

JERRY MAC DEAN AND CYNTHIA MARY HALE MARRIED IN CLARKSVILLE CHURCH RITES

A ceremony at McKenzie Methodist Church in Clarksville united in marriage Miss Cynthia Mary Hale to Jerry Mac Dean. The Rev. W. H. Vail, great-uncle of the bride, assisted by the Rev. Morris Smith, pastor, officiated.

Mr. and Mrs. George M. Hale of Clarksville are parents of the bride. The bridegroom is the son of Mrs. Lucille Dean and the late Judge Jeff Dean of Robert Lee.

Wedding music was provided by Don Weathers of Robert Lee, soloist, and Mrs. Joe Garland of Clarksville, organist.

Escorted by her father, the bride wore a gown of Alencon lace over taffeta, fashioned with an empire bodice and a modified Sabrina neckline. Her veil of silk illusion and lace was caught to a crown of sequins and pearls, and she carried a cascade of carnations and stephanotis in an heirloom sterling holder.

Mrs. Richard Jackson of Paris, was matron of honor, and Miss Della Katherine Dean of Robert Lee, sister of the bridegroom, served as bridesmaid.

Tony Dean of Robert Lee was best man for his brother, Guy and Joe Hale of Clarksville, brothers of the bride, were groomsmen. Candles were lighted by Mark and Kent Smith of Clarksville.

Both Mr. and Mrs. Dean are 1963 graduates of McMurry College in Abilene. Her major was mathematics and his was music education. Both were members of the McMurry Band and Alpha Chi and were listed in Who's Who in American Colleges and Universities. Mr. Dean is a graduate of Robert Lee high school.

After a wedding trip, the couple will live in Robert Lee this summer and will enter graduate school at Texas University in Austin in the fall. Both have graduate assistantships for the coming year.

HIGHLIGHTS AND SIDELIGHTS FROM THE STATE CAPITAL

By Vern Sanford
Texas Press Association

AUSTIN, Tex. — On July 1 every article of outer clothing that costs less than \$10 will go up two per cent.

That is the date the extended state sales tax goes into effect. All outer clothing now exempt will become taxable.

Smart shoppers will take advantage of the last days of June to stock up on clothing for the family. Buying of school togs may take place earlier than ever before.

Legislature made many changes in the sales tax law. Most changes affect reporting procedures of merchants. An important one, however, raises the state sales tax on automobiles from 1½ to 2 per cent.

As of July 1, if you buy a new car costing \$3,000, for example, you will pay a state tax of \$60.

If you trade in an old car the salesman will deduct the trade-in amount from the total, then figure your tax on the difference. In other words, if your trade-in came to \$1,000 toward a \$3,000 car, you would pay two per cent — or \$40 — on the difference.

"LAYAWAY PLAN" — At the last minute Gov. John Connally signed the \$3,000,000,000 state budget bill. He criticized the bill for emphasizing "bricks rather than brains". But he knocked out \$12,400,000 worth of "bricks" — i.e. construction items — before he affixed his signature.

Connally said he would guard the \$12,400,000 as a "layaway plan" for higher education.

Hopes that his decision on the 1964-65 appropriations bill would decide the special session question fell through. He said he does not want to call a special session, but will not hesitate to do so if he becomes convinced that excellence in higher education is threatened by a shortage of funds for teaching salaries, research and libraries.

VETOES — When the governor's deadline for signing bills arrived, he inked into law most of the 554 measures passed by the Legislature.

But he vetoed a few, including:

Senate Bill 270, revising the antiquated 1856 Code of Criminal Procedure. Connally nixed the controversial code revision, after learning that the copy sent him for signature was not the one passed by the Legislature.

House Bill 769, exempting from jury service "all owners or operators of milk-producing farms where this operation is the exclusive means of earning a living." Connally said, "I believe the dairy farmers occupy an important role in our society and can serve a valuable function as jurors."

House Bill 1053, providing for election of directors of the Upper Guadalupe River Authority, rather than appointment by the governor. Connally said he vetoed this since there was a technical conflict in its legal language which might jeopardize the district.

House Bill 975, repealing the requirement that the Angleton Drainage District get approval of the Texas Water Commission before spending bond money for improvements. He said Water Commission approval would assure uniformity of improvements in all water districts.

MURRAY FILE — Income tax reports made by William J. Murray from 1946 to 1962 have been studied by Atty. Gen. Waggoner Carr. Murray resigned in April as a member of the Railroad Commission, following a conflict-of-interest charge.

After noting that Murray's taxable income from oil, gas and allied operations during those 17 years exceeded \$1,700,000, Carr stated, "This report does raise

a serious question of a conflict-of-interest between the official duties of Mr. Murray and his private interests."

Carr recommended a Legislative Council study for an improved Code of Ethics for State officials.

Such a code, co-authored by Reps. Jim Nugent of Kerrville, Bob Eckhardt of Houston and Travis Peeler of Corpus Christi, passed the House during the legislative session but was killed in the Senate.

Study of Murray's finances was made for a Travis County Grand Jury, which will attempt to determine whether Murray violated any laws.

SCREWORM PROGRESS PROMISED — Up to now, estimates of state and federal animal health authorities that the 1½ year-old screwworm eradication program has resulted in anywhere from a 75 to 95 per cent decline in the disease have been pure guess work.

But the joint report of the Tex-

as Animal Health Commission and the U. S. Department of Agriculture for the five-week period ending June 1 confirmed a 93 per cent decline as compared to the same weeks in 1962.

The clear comparison picture was the result of reporting cooperation on the part of livestock producers.

Animal health reports showed that during the period April 28 to June 1, 1963, research workers confirmed 480 samples as screwworm infestations and 1,281 as non-screwworm. In the same period in 1962 there were 7,013 screwworm cases confirmed and 597 termed non-screwworm.

PROGRAM IN JEOPARDY? — Members of the Texas Screwworm Eradication Committee considered Governor Connally's veto of a \$300,000 appropriation for the eradication program a matter of "serious concern."

They said more than 100,000 livestock producers raised \$1,000,000 toward its \$3,000,000 goal this spring in a 30-day period on the governor's word that the State would carry its share of the \$12,000,000 program.

School Board Meets, Works on Varied Agenda

Bronte School's board of trustees in a meeting Tuesday night discussed various matters pertaining to school business. One of the main items under consideration was setting up the school calendar for the 1963-64 school year.

Some of the matters discussed and acted upon were:

— Agreed to purchase a small tractor-type lawn mower for use on school property.

— Approved student insurance program for 1963-64 school year. The program will be very similar to last year's program, with the total cost amounting to \$3.60 per student. The student will pay \$2.50 and the school pays \$1.10. One notable change, mentioned by Supt. C. B. Barbee is that only professional school employees may be covered by the insurance.

and it will not cover bus drivers, lunch room workers, custodians, etc.

— Entered into a contract with Thos. R. Pickett Co., valuation engineers of Dallas, for use of the firm's services next year in setting tax valuations on oil, gas and utilities properties in the district. Cost of the service is three cents per \$100 valuation on property on which they set the value.

— Changed time of school board meetings during the two remaining summer months from Tuesday night to Thursday night.

— Reviewed the preliminary budget for the 1963-64 school year.

— Agreed on revising Student Handbook and appointed Supt. Barbee to work out the necessary revisions.

— Approved painting a portion of the exterior of the Elementary school building.

Mrs. Loyce McConnell left Tuesday for a visit with relatives in Oklahoma City.

Insurance Rate Drops Here

At least some of Bronte's property owners will benefit from a cut in the key insurance rate of the city which went into effect last week. The key rate was dropped nine cents per \$100, from 90 cents to 81 cents. Cause of the drop is recognition of Bronte's Volunteer Fire Department by the State Insurance Commission.

E. F. Glenn, local insurance agent, said the rate drop will not affect residential, as the rate decrease will have to go down to 76 cents before residences will benefit.

Bronte's firemen have put in many hours of hard work at practice and at raising money for equipment in order to get the rate cut.

Other conditions as set forth by the insurance commission will have to be met before a further decrease in insurance rates can be expected, said a letter from George C. Hawley, chief engineer with the commission, to Mayor Norman R. Kiker.

Teen Agers Win Games From Blackwell, Winters

Bronte's Teen Age Baseball club took two wins the past week, defeating Blackwell 10 to 0 and Winters 9 to 3.

The Blackwell contest Saturday night saw Jim Morrow on the mound for the locals. He gave no hits to the opponents and to give good measure on the night's work hit the only home run of the contest. The local lads got 11 hits with their 10 runs. Tommy Hipp and Courtney King took care of the pitching chores for Blackwell.

The Monday night game with Winters, with the 9-3 score, had Robert Verden pitching for Bronte. He held them to two hits and struck out 15. Simpson of Winters allowed the Bronte lads 10 hits and struck out six.

Upcoming contests for the Teen Agers include games with Blackwell and Wingate. Both contests will be played on the opposition's fields.

Manager Clyde Lee said Tuesday that if Bronte wins this league the local team will be in the regional playoff with winner of the league pennant in Midland. The playoff contest will be played here some time in the latter part of July. The Bronte boys are presently tied with Wingate for first place and have five more games to play.

Bronte Post Office Get ZIP Number

"Our five-digit ZIP Code is 76933." Postmaster Noah Pruitt Jr. announced today.

"Everyone in Bronte will use this ZIP Code on all their correspondence to speed mail deliveries and reduce the chance of mis-sent mail," the postmaster said.

ZIP Code, the Post Office Department's revolutionary new system of improved mail dispatch and delivery, goes into effect nationally on July 1.

Pruitt stressed the importance of all citizens learning this city's ZIP Code and using it in their return address on all correspondence. In answering mail, he said, ZIP Codes taken from return addresses on incoming mail should be used.

The ZIP Code is literally the last word in mail addressing," Pruitt said. "It should follow the city and state in addresses."

He cited this example of the proper use of ZIP Code:

Your Name
Postmaster,
U. S. Post Office,
Bronte, Texas, 76933

The new ZIP Code plan, Pruitt said, for the first time will permit the Post Office Department to short-cut repeated address reading.

"The address on mail must often be read as many as eight or ten times by postal employees, to get it to the proper destination," he said. "Each handling slows the process of mail dispatch and adds to the opportunity for human error."

With ZIP Code, a clerk needs only to glance at the code to know immediately to what national area, state and post office the letter is destined, and to speed it on its way, cutting up to 24 hours

off the time between deposit and delivery, the postmaster stated.

When ZIP Code is in full swing, the United States will have the "most modern system of mail distribution and delivery in existence, according to the postmaster."

Golf Club Members Should Pay Dues Now

Ramrods of the Coke County Golf Association say they are in dire need of collecting some dues, since some payments which were due June 10 have not been paid.

Payments of the green mower, cups and flags must be made this month, they said, and members are requested to hand their dues to Clint Low, John Boyles or Marvin Bryant.

Boyles said some interest in a tournament has been indicated. Persons who are interested in participating are requested to leave their names at The Enterprise office. The tourney will be played at Ballinger or Winters, if the course can be secured.

Mrs. James D. Sanker and daughters left Bronte Wednesday to join Sgt. Sanker on Okinawa. They drove to California and were to make the rest of the trip by air.

Council to Meet Tonight, Will Discuss Pay for Curb

Bronte City Council will meet tonight with a San Angelo attorney to discuss methods of collecting \$2,097 from property owners who live along State Street (highway 277) for curbing.

The curb was constructed when the new highway was built and most of it has been paid for, but the city still has to collect for part of it. Efforts have been made in the past, but so far have been unsuccessful.

Mayor Norman R. Kiker said the figure was reduced substantially this week when one of the owners came in and paid his part of the money.

CLARK WILL HEAD METHODIST BOARD

Clifford Clark was elected chairman of the official board of the Methodist church at a meeting on Wednesday night of last week. Clark had been chairman of the board of trustees of the church.

Other officers elected for the coming year include: Elmer L. Hurley, vice-chairman; and Mrs. H. M. Kirkland, secretary.

Retiring officers of the board are C. O. Richards, chairman, D. K. Glenn, vice-chairman and Mrs. Vera Thomas, secretary.

GENERAL TELEPHONE TOWNS ON THE MOVE

How
Community
Spirit
Built
Perryton

Population figures more than double . . . 30 new industries added . . . all since 1950! That is the miraculous record of Perryton in the Texas Panhandle wheat growing area.

When oil was discovered in the early 50's, an aggressive, long-range program was launched by the Chamber of Commerce. An 84-acre industrial tract was secured and plotted; its streets were paved and a railroad spur was built.

So successful was this community development that today a second industrial tract has been acquired and plot-

ted. Perryton, former population 4417, is now known as The Oil Center of the Anardarko Basin, with 9400 citizens. It is another reason we say big things are happening in General Telephone towns.

These towns are on the move. Community improvements are under way, local resources are being developed, new businesses, new industries are coming in. If your town seeks additional information about expansion perhaps we can help. Just write our Community Development Department, Box 1001, San Angelo, Texas.

Meeting Held in Robert Lee To Discuss Hospital District

A public meeting was held at the courthouse in Robert Lee Tuesday night for the purpose of discussing the creation of a hospital district out of precincts 1 and 3.

Present for the meeting were Gordon Charlton, who has been financial advisor of Coke County in selling bonds issued by the county in recent years, and Bill Myers, an architect with Wyatt C. Hedrick. Judge W. W. Thetford presided.

Charlton explained to the group the meaning of the bill recently passed by the legislature authorizing creation of the district. Myers talked on possible plans for enlarging the county hospital and about problems which will be encountered in such an operation.

Following the talks by the two visitors, the audience was asked for questions and discussion. A

road construction were completed. Hickman Field, baseball field in the county park in Robert Lee, is named in his honor.

He had been in the ranching business many years, and continued to operate a place southwest of Robert Lee after he and Mrs. Hickman moved into town a few years ago.

Mr. Hickman was born Oct. 21, 1886, in Llano County, the son of the late Mr. and Mrs. John F. Hickman. He moved with his parents to Bronte at the age of 11. He was married at Bronte Nov. 26, 1905, to Miss Melindy Herron. The couple lived here until 1915, when they moved to the Edith community for two years. Returning here, they made their home in Bronte until 1933 when they again moved to Edith, where they lived until they moved to Robert Lee a few years ago.

Survivors include his wife; three sons, Ed Hickman of Killeen, Johnny Mack Hickman of Leveland and Freddy Hickman of O-zona; four daughters, Mrs. Austin Sandusky of Bronte, Mrs. W. P. Harner of Artesia, N. M., Mrs. Curtis Trimble and Mrs. Hadley Richards of Robert Lee; one sister, Mrs. Sallie Long of Eunice, N. M.; 14 grandchildren and 16 great grandchildren.

Burial was in Fairview cemetery under direction of Clift Funeral Home. Pallbearers were Ralph Garvin, Pete McDonald, Roy Casey, Bob Field, Fred McCabe, Jr. Sloan Boone, J. B. Robertson and Elbert Davidson.

Mr. Hickman was a brother of the late R. E. Hickman, pioneer Bronte merchant and ranchman, and the late Will Hickman, former Coke County sheriff.

The annual Ford farm award is based on efficiency rather than record yields. Cost and profit goals for the program were established by the Ford Almanac staff and other farm experts.

Detailed records of Rawlings' operation are contained in the 1963 edition of the almanac.

Jerry Tidmore Inks Contract to Build Home Here

Jerry J. Tidmore of Athens signed a contract last Thursday to build a Golden Age home in Bronte. The agreement calls for him to start work on the structure within six months after he receives a deed and clear title to the property on which the home will be located.

A site for the home, located in the new addition in south Bronte and facing on Highway 277, has been secured from Mrs. Annie Wilkins.

If the contract is not fulfilled, the land will revert to its former owner, who will have to return the purchase price to the buyers, Bronte Lions Club Industrial Development Committee. L. T. Youngblood is trustee for the committee.

Tidmore told the Lions committee that he was ready to start on the structure as soon as he secures approval from the state and arranges financing. He said he should be able to begin work in a few weeks.

lively session brought out that the main purpose for creating the hospital district is to make it possible to add on to the hospital. Opinions seem to be that a county wide election to issue bonds for such a purpose would have a poor chance of carrying.

Members of the hospital board and the commissioners court were present and some of them spoke in favor of creating the proposed district. An election will be necessary, and it may be called by the commissioners court on its own motion or after a petition signed by at least 50 qualified voters who reside in the district has been presented. Another election will be necessary to vote bonds if an addition is built on to the hospital.

Residents of precincts 1 and 3 will be the only eligible voters in either election, if called. Residents of the two east precincts have no vote in either case.

MRS. JAMES F. KAHLIG

NORMA JEAN GALLOWAY BECOMES BRIDE OF JAMES F. KAHLIG IN CHURCH CEREMONY

The marriage of Miss Norma Jean Galloway to Mr. James F. Kahlig of Van Court took place Friday, June 14, at 7:30 p.m. in St. Ambrose Catholic Church at Wall.

The bride is the daughter of Mr. and Mrs. Louis Galloway of Bronte and the bridegroom is the son of Mr. and Mrs. L. J. Kahlig of Vancourt.

Escorted by her father, the bride wore a floor-length gown of bridal satin, styled with a fitted bodice of French lace over satin and featuring a bateau neckline and bridal point sleeves. The full skirt was appliqued with French lace at the hem.

Her shoulder length veil of tulle was caught to a crown of pearls. She carried a sunburst arrangement of carnations.

Miss Sharon Chlapek of San Angelo was maid of honor and the bridesmaids were Mrs. Don Hunt, of San Angelo, cousin of the bridegroom, and Miss Janet Kahlig, sister of the bridegroom, of Van Court.

Best man was Weldon Barron of San Angelo, and groomsmen were Don Hunt of San Angelo and Robert Galloway, brother of the bride, of Bronte.

Bobby Havalak and James Kadacek, both of Wall, were ushers.

Wedding music was furnished by Mrs. Floria Schwartz at the organ and Miss Annette Grogross, soloist.

A reception followed the ceremony in the Parish Hall at the church.

The couple left for a wedding trip to San Antonio and were expected to be at home at 514 Preusser in San Angelo this week.

Both Mr. and Mrs. Kahlig are graduates of Wall high school. She attended San Angelo Business College and is employed at Martin-Glover Co. in San Angelo. Mr. Kahlig attended San Angelo College and is employed with Alco of Texas, Inc.

The bridegroom's parents hosted the rehearsal dinner Thursday evening at Zentner's Steak House.

The bride was honored with a miscellaneous shower June 6 in the home of Mrs. Weldon Barron. Hostesses were Mmes. Barron, James Badgett, Don Hunt and Miss Sharon Chlapek. About 35 guests were registered.

Mr. and Mrs. K. M. Cook and two children of Odessa returned home Sunday after a visit with her parents, Mr. and Mrs. M. G. Gilreath.

GRANDSON GRADUATES FROM MEDICAL SCHOOL

Mrs. J. D. Leonard has received announcement of the graduation of her grandson, Charles D. Leonard, from Washington University School of Medicine in St. Louis, Missouri. He will receive the top awards in internal medicine and psychology.

He is the son of Mr. and Mrs. Woodrow Leonard of Denver, Colorado. After graduation from high school in Denver, he attended Southern Methodist University in Dallas where he graduated with high honors.

He and his wife, Phyllis, will reside in Seattle, Wash., where he begins an internship June 25.

FORMER RESIDENT DIES

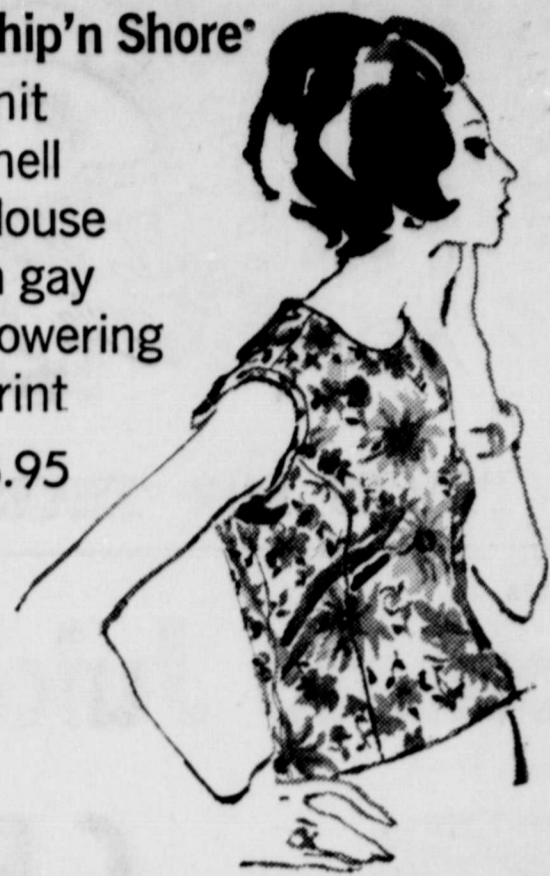

Funeral services were held on Monday, June 10 in Austin for J. B. Perry. Mr. Perry, an Austin resident, died Saturday, June 8. He was the son-in-law of the late W. A. Robbins of Bronte and was a former Bronte resident.

Local residents who attended were Mrs. W. G. Cresap, Mr. and Mrs. J. W. Labenske and Mr. and Mrs. Billy Dan Labenske and family of Snyder.

TWICE AS MUCH COOLING

With the patented features of Paramount Coolers

Yes! This famous Paramount 3000 c.f.m. evaporative cooler gives you up to twice as much cooling because of these patented features:

— Many coolers lose as much as 70% of cooling efficiency because dust, dirt and salts clog the filters. Patented No-Clog Sta-Fresh Filters are guaranteed clog-proof, assuring 100% cooling efficiency all summer long.

— Filters saturated with water become heavy and often sag and settle from the top, drawing hot, unfiltered, uncooled air into the cooler which may create as much as a 70% cooling loss. Patented Grip-Lock Filter Holders are guaranteed to prevent sagging and settling of filters assuring 100% cool, clean, filtered air.

— Without correct water trough adjustment, sections of the filters remain dry, resulting in substantial cooling loss and costly service expense. Patented Free-Flo Visible Water Troughs with external adjustment assure 100% saturation, and 100% cooling for the entire life of the cooler.

— Added feature — Patented Window Closing Attachment lets you close and lock your window. Eliminates entry of dust, rain and drafts into your home.
