## Teen Agers Win 11-10 Over Wingate for Championship

The Bronte Teen Age Baseball team squeaked by Wingate last Saturday night, 11-10, to win the league championship. The game was a thriller and makes the local club the representative of the league in a regional playoff to be held June 29.

Bronte will meet the winner of the Midland league in a best two out of three encounter and the

winner of the series will go to Fort Worth to represent the region in state playoffs. R. E. Patton of Blackwell will be in charge of the regional contest.

Managers Clyde Lee and Jake Morrow will be allowed to add three players to their battery from the other three teams in the league. Selections had not been announced at press time Wednesday, but it is expected that the additions will add considerably to the Bronte pitcher-catcher strength, for the big game with the Midland winner.

The Bronte winners will go up against an all-star team to be picked from the Wingate, Winters and Blackwell clubs in a practice game Friday at 8 p.m. at Wingate. Next week the lads will enter a double elimination tournament for 15 and 16 year olds at Abilene. A large number of West Texas teams is expected and play will continue all week.

Opening game of the regional playoff will be unreeled here on Monday, July 29, with a second game scheduled for Tuesday. Lee said that the third game, if necessary, will be played on Thursday night.

In the game with Wingate Saturday night, the visitors drew first blood with a run in the top of the first, only to have the Bronte boys come back with four runs in the bottom of the opener. Royce Lee poled the ball over the fence to bring in two runs and make one himself.

Terry Thetford started on the mound for Bronte and went four innings. He was relieved in the fifth by Jim Morrow, who finished for Wingate and was assisted in the pitcher's box later in the battle by Ronnie Poehls and Dennie Aldridge. Thetford and Morrow each gave up two hits, while the Wingate trio allowed the locals ten safe hits.

Home run hitters for the Bronte team besides Lee's in the first stanza were Morrow and Rusty Dodson. Dodson's swat over the fence gave him a nearly perfect record with a home run in every game of the season except the first. Aldridge and Jimmy Adams

## C. O. Toliver New Assistant Coach

C. O. TOLIVER

C. O. Toliver, who has taught in the public schools at Alpine the past two years, has been elected assistant football and track coach and head basketball coach for the Bronte Schools next year.

Toliver is a graduate of Sul Ross State College at Alpine and graduated from Haskell High School. Both Mr. and Mrs. Toliver call Merkel their home town. Mrs. Toliver is also a graduate of Sul Ross and a qualified teacher.

In his two years at Alpine, Toliver has served as head basketball coach and B team football coach.

In addition to his coaching duties, the new teacher will do classroom work in the science department.

The Tollivers have one son, Stevie, age 2½. They are members of the Baptist Church, and he is a veteran of service with the armed forces. They have rented the Carlisle house on Washington street, and will move to Bronte in the latter part of July.

Supt. C. B. Barbee said an interesting side light on the Tollivers is that Mrs. Toliver is a former pupil of Hervey Latham when he taught at Noodle. Mr. Latham, Bronte native, is now teaching in San Angelo and is a former superintendent of Robert Lee schools.

Barbee said that Toliver was selected by the board for his new position from a list of 48 inquiries.

## Approval Secured for Golden Age Home

Approval from state authorities has been secured to build the proposed Golden Age Home in Bronte. This information was revealed to Matthew Caperton, chairman of the Lions Club Industrial Development Committee, this week when he talked with Jerry J. Tidmore

of Athens. Tidmore has signed a contract to build the home here.

Caperton said that Tidmore told him he is ready to proceed with the project as soon as some details have been worked out to clear the title to the site where the home will be built.

The project is being sponsored by Bronte Lions Club, with the club furnishing the site. All other expense will be borne by Tidmore, who will own and operate the home.

A community effort was required to obtain money to buy the site, with a large number of individuals and practically all business firms of Bronte helping. The land, located in the new addition to the south side of Bronte, was purchased from Mrs. Annie Wilkins, who reduced her asking price considerably because it was to be used for the home.

Completion of the home will add a great deal to the economy of Bronte, Caperton said. The operator plans to buy all supplies here if possible, and registered vocational nurses required to supervise the residents will be hired locally.

## 4-H Dress Revue To Be Held Here Friday at 8 P. M.

Skirts, blouses, shift dresses and best dresses will be on parade in the County 4-H Dress Revue on Friday evening, July 12. The Revue will be held in the Bronte School auditorium, beginning at 8 p.m.

Ribbons will be awarded to over 20 girls who have constructed garments under the guidance of adult leaders.

The public is invited to attend the Dress Revue. Miss Betty Tinkler of Robert Lee will be commentator for the Revue.

Garments and 4-H records will be judged on Wednesday, July 10, beginning at 9:30 a.m., in the County Court Room. Judges of garments will be Mrs. Joyce Drake and Mrs. Alvin Spreen of Baillinger, and trained adult leaders with Mrs. Willis Wayne Smith, chairman. Record books will be judged by Misses Daphne Roe, Ida Lee Parker and Betty Hughes, senior 4-H girls.

## TIME FOR SERVICES CHANGED AT FIRST BAPTIST

A change of time of services has been announced for the next two weeks at First Baptist Church in Bronte. The changes will be effective only for July 14 and 21.

Morning worship on both Sundays will be at 10 a.m., followed by Sunday School at 11 a.m. Evening worship on July 14 will be at 6 p.m., followed by Training Union at 7 p.m.

The time changes are being made because the pastor, the Rev. Murrell Johns, will be in revival services at Tennyson on the two dates listed.

## Bob Wilson Sells His Barber Shop To John Boyles

Announcement is being made in this week's Enterprise that Bob Wilson has sold his barber shop to John Boyles. The transaction was announced Tuesday and becomes effective Thursday, when Boyles takes over operation of the shop.

The Wilsons have lived in Bronte for the past 12½ years. During this time they have been active in community and church affairs. They are members of the Methodist Church, and both have served on the official board at various times. He has served as a member of the Bronte School Board for three years and on the city council four years. They have two children, Nancy, 16, and Robby, 11.

The Boyles family came to Bronte two years ago and he has been assistant coach and a teacher in the Bronte High School during that time. Mrs. Boyle's operates Mari-Ann's Beauty Shop, located on Main Street in Bronte. Boyles is a graduate of Hardin-Simmons University in Abilene and of West Texas Barber College at Amarillo. He had several years experience in the barber business before coming to Bronte. The Boyles' three children are Chris-ame, 6, Kelly, 8, and Johnna, 2.

The Wilsons plan to move to Abilene as soon as they can dispose of their home here. He has been attending the Stenographic Institute of Texas for the past 2½ years, going to classes each Monday. He plans to spend more time on the course he is taking when they move to Abilene. The course Wilson is taking is designed to equip him to be a court reporter. Mrs. Wilson operated a beauty shop here for several years, and was employed at The Enterprise office until the end of the past school year.

Bob Franklin arrived Sunday for a week's vacation with his mother, Mrs. Pete Nutter, Mr. Nutter and other local relatives. He is on the sports staff of the Delaware County Times in Chester, Pa.

## Subscribe Now, Save 50 Cents

Annual bargain month at the Bronte Enterprise is going into its second week with subscriptions coming in steadily. A 50c reduction on a year's subscription to the paper is offered to all readers during July and the special offer will not be repeated again this year.

A year's subscription to the Enterprise is on sale now in Coke and adjoining counties for \$2.50 and anywhere else for \$3.00, 50c off the usual price of \$3.00 and \$3.50. New, renewal or extension subscriptions are invited at the special rate.

Community correspondents for this news paper are authorized to take subscriptions. They are Mrs. Charles Ragsdale, Blackwell; Mrs. Herbert Holland, Brookshire; Mrs. Barney Griffin and Mrs. Tom Green, Tennyson.

Subscriptions may be mailed to The Enterprise or brought by the office. Persons with regular charge accounts may telephone their subscriptions to 473-2001 and have them put on account, to be billed the first of August.

Sample copies of this week's Enterprise are being sent to box-holders in the Bronte, Tennyson and Blackwell communities and on all routes out from these post offices. Non-subscribers as well as regular subscribers will receive the paper this week only.

## AD-LIB-BEN

The weather has been a little warm the past week and everybody is wishing for a rain. We are predicting that it will rain at least a half inch between now and Sunday night. What fools we mortals be.

Bronte city hall has a nice big paved parking lot behind it now. Even the alley leading to the parking lot is paved to keep you out of the mud we've predicted for the weekend. There's plenty of room for everyone to park out back. So, unless you just need to park in front of the fire trucks, there is no necessity for you to do so. The work was done by Commissioner Howard Brock and his road maintenance men, with some help from volunteer firemen. Everybody should express thanks to them for this favor to the city.

We wish to welcome John Boyles to the downtown club. He's taking over Bob Wilson's barber shop this morning. We wish him the best of luck and much prosperity in his new venture. It's with no pleas-

UNCLE HUIE from HOG CREEK says

DEAR MISTER EDITOR:

I see by the papers where one Congressman is complaining about they got four full time plumbers on the White House payroll. He reports they got 20 bathrooms and if they don't all break down at the same time, one full time plumber would be a plenty. What this pore Congressman don't know is that we got certain standard stockpiling percedures fer Government workers as well as fer supplies. The chances are 10 to 1 they got enough plumbing materials stored in the White House basement to build 40 bathrooms from scratch. So they figger that materials fer 40 bathrooms calls fer four plumbers. That's what is knowed, I see by the papers, as Government "logistics." I fergit this Congressman's name, but the odds is good that this is his first term in the Congress.

Things is gitting more and more complicated in the Pentagon Building, according to the piece I got here. It says the Pentagon boys has just put on another "assistant" that's got 33 words to his title. It says here he is "The Assistant to the Deputy Special Assistant to the Assistant for Space Office, Deputy Director, Research and Engineering (Tactical Warfare Programs) of the Defense Department's Tripartite Corporation Program, Sub-Group M, Military Space Research." When that feller writes a letter, Mister Editor, I reckon he has to put the letter on one page and use another sheet fer his title.

It's a great pity, Mister Editor, we can't git some folks in Washington that appreciates the simple things in life. Fer instant, take that Mayor of a little town in Alabama named Newton. I was reading where they built a new town hall and put a brick planter across the front. The Mayor put turnip greens in it, claimed he didn't know nothing that needed less care and looked so pretty. Furthermore, he aims to put buttermilk in the water cooler and is going to rig up a vending machine where the town workers can git a nickel's worth of cornbread. It would be a great blessing to the country if we had a few fellers like the Mayor of Newton in the Pentagon Building.

I have took note through the years that country editors tells about things in simple words the folks can understand, and in a pinch I reckon they ain't no part of America the people has got more confidence in than the grass-roots press. (Editor's note: Now Unk, I'm not going to pay you for writing this stuff, so you might as well cut out the bouquets.)

Even here at home things git more complicated ever day. My old lady went to town last week to git a gallon of kerosene. In the old days the feller at the store would stick an Irish potater over the spout, but now he fills the can with kerosene fer 20 cent and, to hear him tell it, would have to git another 10 cent fer the potater to break even.

County Agents News Column

By STERLING LINDSEY

The Extension Service entomologist, John Thomas, of College Station will be in the County next Tuesday morning to help with cotton insect control work.

We planned two field meetings to make best use of his time. One stop will be made on Frank Percifull's place in the Valley View community; the other check will be made in James Allen's cotton on the Rosser place north of Bronte.

We plan to be at Percifull's about 8:30 a.m. We should start in Allen's about 10 a.m. You are welcome to meet with us and ask questions as well as observe and hear any comments Mr. Thomas may have to offer.

The brucellosis and TB retesting programs have made good progress the past two weeks. Numerous operators have tested or made plans to retest in the near future. In fact, we have already met our requirements for the TB program. To date, we have about half the herds required to recertify for

brucellosis — provided, of course, that we meet the recertification standards.

If you would like to have your cattle retested, let us know and we will make the necessary arrangements. If possible, Mr. Gruben, the tester, will come on the day you prefer.

Ask your neighbor if he would like to retest, also. We would like to be rid of the disease as well as be recertified.

The past few days have been free of screwworms, but the two weeks prior saw our county's number triple. Six new cases were reported, most of which were across the north end of the county as has been the case previously.

New cases were found by Henry Tyler, west of Hayrick Mountain; Nolan Pentecost, on his home place west of Sanco; Joe Davis, southwest of Blackwell; C. C. Millican, at the north end of Graham Valley; Mrs. Amanda Runion, just north of Robert Lee, and Wayne McCabe, on the county line north of Silver.

To date, Texas has had 439

cases. We have had 14 of them. The state has had 5.3% as many cases as last year.

From all indications, authorities are seeding the north end of our county heavily at the present time. A number of operators report finding the fly boxes and, too, no new cases have been reported the last five days.

The foundation authorities continue to remind us to make regular inspections for worms, send in samples on any cases found and to spray all livestock to control insects.

Employing these measures will insure the success of the program; on the other hand, cases left unattended could set the program back. Now that the fly plant has been enlarged, and with your help, they hope to avoid a fall build-up like we had last year.

# On Civil Rights . . .

The civil rights problem is a little hard for us here in Coke County or even in Texas to understand fully. Parts of East Texas have large Negro populations, but for the most part we do not have the problem brought home to us as it is in many places.

Integration in Texas has made tremendous strides in recent years, without the benefit of any great effort by sit-downers, freedom riders, etc. We like to feel that most Texans have seen the justice of integrating public facilities and business firms which serve the public. Apparently that is the case, for to date not many serious threats have come, even from the NAACP, an organization for which we have little admiration.

Many Negroes as well as many white people in this country need more opportunity, more freedom from ignorance, hunger and discrimination to live their lives to the fullest extent both for themselves and for this country. Administrations in Washington have seen this need for many years and much has been done to improve the lot of vast numbers of our citizens. No political party can take the credit (or blame, if you wish) for these changes. They have occurred in both the Demo-

cratic and Republican administrations.

The Negro of the United States, no one can deny, has been a second class citizen since he first landed on these shores in a Yankee slave ship and was sold to a Southern planter. He was emancipated a hundred years ago, and is working determinedly and angrily in 1963 to be emancipated again. The Negroes have set their course, and it would be difficult for them to turn back now. They have got the ball rolling their way and would be fools not to make use of the advantages gained in the last few months.

The President of the United States has presented a civil rights package of legislation to the Congress, some of which we do not like, believing that securing rights for one group by trampling roughshod over the rights of another group is not the kind of solution we want. Such basic rights as the ownership of property and the freedom to do with it as one wishes, the choosing of one's neighbors and associates, and others, are at stake in the decision which Congress is asked to make.

It may be true that additional laws are needed to insure equal rights for colored people, but the real need is for education and opportunity so the Negro can pull himself up to a higher standard and thereby earn the good will of his fellow citizens. This matter of education is not a one sided thing either. Whites over the entire nation need to change their attitude toward their black brother. They need to do some soul searching and come to realize the pedestal of racial superiority they have been preaching is built on a hollow foundation of egotism and self-righteousness.

Our hope is that the Congress will be able to withstand the onslaught of radicals on both sides of the racial question, do some honest to goodness statesman-like thinking, and come up with civil rights legislation that will not violate our constitution and will provide justice for all. We believe a majority of the House and Senate members are capable of doing this kind of thinking, if they only will, on this one occasion, forget politics and do the best job they can for the whole country.

### Farm Home Loans Top Half Million In Two Counties

Sweetwater Farmers Home Administration, serving Nolan and Coke counties, loaned a total of \$619,460 for fiscal year ending July 1, 1963.

Of this amount, \$314,110.00 went to purchase and improve 4,443 acres of land for 12 families. The major portion of this type loan was made under the insured loan program.

Construction and remodeling of homes in small towns and rural areas accounted for \$66,800.

New operating loans totaled \$74,040 and were made to families for refinancing or purchasing capital goods including livestock and needed operating and living costs.

Subsequent operating loans totalling \$164,510 were made to 49 families. Included in the operating loans were \$9,770 used to control cotton insects on 2,446 acres of cotton which average yield was 163 pounds lint per acre, including damage from a major wind and hail storm in the Champion area last summer.

During the last fiscal year six families repaid their loans in full and are operating without FHA assistance.

A spokesman for the FHA said, "Without the help and service received locally from other agencies of U.S.D.A., and especially lending agencies, it would not have been possible to make many of these loans."

"In many cases a bank helped the applicants with loans needed for down payments."

County committeemen who certified the eligibility of applicants and the maximum amount of each loan during the past year were James Arrott, Tennyson; Finnell E. Smith and Oscar E. Kresta of Robert Lee.

#### KEY FAMILY REUNION

The families of Mr. and Mrs. R. I. Key Sr. held their family reunion in the home of Mr. and Mrs. Joe Key in San Angelo. Mr. and Mrs. R. I. Key formerly lived in the Grape Creek community and were stock farmers. Mrs. Key was Mary Jane Fowler before her marriage. The couple had nine children, three of whom are dead. They were Mrs. Chester (Ruby) Boyd; Mrs. Claude (Ethel) Dittmore and Aaron Key. Mr. Key died in 1920 and Mrs. Key in 1952.

Present for the reunion were Mr. and Mrs. Jim Wells, Stephenville; Mr. and Mrs. Doug Dittmore, Bronte; Mrs. Georgia Eddleman and Miles, Lingleville; H. T. Key, Lamesa; Mrs. G. L. (Ruth) Avant, Atascosa; Mrs. Bertha L. Ritter, Miles; Mrs. Bessie Smith, Kerrville; Mr. and Mrs. Jimmy Lane, Mike and Mitch, Paint Rock; Mr. and Mrs. Elton McGinnes, Wayne and Jim, Eldorado; Mr. and Mrs. Hollis J. Key, Jeff and Cindy, Goldthwaite.

Also Mr. and Mrs. Kenneth Key Sr. and boys, Mr. and Mrs. Tommy (Jewel) Sanders, G. B. Neill, Mr. and Mrs. Robert Gordon and Jud; Earl Key, Mr. and Mrs. Ardie K. Key, Mr. and Mrs. R. I. Keye and Ralph, Mr. and Mrs. Sam Edd Skipworth, Mr. and Mrs. Joe Key, all of San Angelo.

#### BRAVES TO PLAY MILES

Bronte Braves have a game scheduled for Sunday against a team from Miles. Benny Corley is to be on the mound for the locals. Everyone is invited to attend the game on the local field.

J. B. Glenn and family of Abilene and Mason and Elaine Glenn of Amarillo visited Bronte relatives over the July 4th holiday. The Glenn family enjoyed an ice cream party Friday night.

#### MAYHEW FAMILY REUNION HELD IN LUBBOCK

F. E. Harwood was elected president of the Mayhew Family Reunion at the annual meeting on July 4th in Mackenzie State Park in Lubbock. Other officers are Brady Mills, Bronte, vice-president; Rev. Lonnie Eakle, Lubbock, secretary-treasurer and Wayne Peeier, Lubbock, reporter.

Approximately 58 persons attended from Lubbock, Bronte, Lamesa, Fort Worth, Winters, Hale Center, San Angelo and Plainview.

Those attending from this area were Mr. and Mrs. Brady Mills, Martha and Glenda, Bronte; and Mr. and Mrs. A. B. Horn, San Angelo.

It was decided that the reunion will be held again next July 4th at the same location.

Mr. and Mrs. N. M. Curlee spent the holiday weekend in Temple with relatives. Their son, Craig, who has been visiting there returned home with them as did Mr. Curlee's mother, Mrs. Edith Curlee.

REV. MURRELL JOHNS

### Rev. Murrell Johns To Hold Meeting At Tennyson

An eight-day revival meeting is scheduled to start Sunday at Tennyson Baptist Church. The Rev. Murrell Johns, pastor of First Baptist Church in Bronte, will be the visiting preacher for the series of services. The meeting will be concluded Sunday night, July 21.

The Rev. Robert B. Ritchie, pastor at Tennyson, issued the following statement regarding the meeting: "If you will come we are sure you will enjoy and want to take part in the good song services. You will profit from the preaching of our guest minister, Rev. Johns. You will be blessed by having fellowship with the people of Tennyson. So accept our invitation, and come our way for our revival services, beginning this coming Sunday."

Morning services will begin at 11 o'clock and evening services will be at 8 p.m.

### For Headache Sufferers . . .

Thousands of people are suffering from headaches. Some of them for many years have fought this annoying and painful hurting. Headache sufferers are continually treating the effect rather than trying to determine the cause of the trouble.

The human body can be healthy only if there is an uninterrupted nerve flow to all the tissue cells and organs. However, spinal sub-

luxations (misalignments) may cause pressure on nerves, thereby interfering with the normal flow to the various parts of the body. This nerve interference is the cause of such symptoms as headaches.

If you are one of the vast multitude who suffers from headaches you will save time and money and misery by using the services offered by your Doctor of Chiropractic. Remember, once the cause of your headache is corrected, normal health, other things being equal, will be yours.

HIGHLIGHTS AND SIDELIGHTS FROM THE STATE CAPITAL

By VERN SANFORD Texas Press Association

AUSTIN, TEX. — County tax assessor-collectors are meeting here trying to untangle the poll tax puzzle.

It seems that the Legislature created a snarl which will hit the county tax assessor-collectors about October 1. That's the date when people begin paying poll taxes and getting exemption certificates.

In a special election on November 9, voters will decide whether or not they want to repeal the poll tax as a prerequisite to voting. If they repeal it, a new law will go into effect, setting up a 25c registration fee.

To make matters more complicated, the Nov. 9 vote really would not repeal the poll tax. In theory it still would be due and payable. But not many are expected to pay the tax if the voting privilege is removed from it.

If the tax assessor-collectors solve their problem this fall, by waiting until after November 9 to fill out and mail poll tax receipts, they may face another crisis in the spring. This because 36 states already have passed a proposed amendment to the U. S. Constitution outlawing the poll tax as a requirement for voting for president, vice president, U. S. senators and congressmen.

In January, Arizona and South Dakota legislatures will meet and if they pass the amendment, it could be carried to law. In that event, a provision by the Texas Legislature would set up a system by which voters would apply to their harrassed county tax assessor-collectors for special registration certificates — at no charge — to vote on races involving only federal offices.

POOL HALLS GET NEW STATUS — Townspeople who have had trouble in the past trying to set curfews on pool halls, because the pool parlors were illegal, can look to one bright side of a law that will become effective on August 23.

City governments then will be able to set curfews because on that date pool halls will become legal operations in Texas.

CITIZENS COMMITTEES TO END — A legislative "ricker" in the 1964-65 state budget bill prohibits payment of travel expenses to members of the citizens' advisory committee which meets with the State Board of Education.

This has caused the board to bid goodbye to the system which Herbert O. Willborn of Amarillo calls "one of the strengths of this administration."

Rider approved expenses of advisory committees on textbooks and teacher examiners, but cut out all others.

Commissioner of Education J. W. Edgar remarked that the practice of using "grassroots" committees of citizens interested in education "has been the lifeblood of this agency." But he discouraged suggestions that volunteer help be used if committeemen were willing to pay their own travel expenses. He said such a practice would go against the Legislature's intent and cause committees to be dominated by special-interest groups.

Riders on appropriations bills are written at the bottom of budgets for individual state agencies. It is not unusual for such riders to go unnoticed, by the lawmakers, especially when voting on bulky budget bills.

VETERANS LAND BRINGS \$\$\$ — Land Commissioner Jerry Sadler said the sale of 82 tracts of forfeited veterans land (totaling 2,223 acres) was "gratifying", since it brought in more than the state's original investment plus taxes paid since forfeiture.

TIGHT LITTLE ISLAND — State Highway Department has discovered an island of Mexico in the heart of El Paso.

Highway department claims that there is a quarter-mile section on U. S. Highway 80 in El Paso where you can drive through Texas and see Old Mexico with one eye and New Mexico with the other eye.

Department says Cordova Island became a Mexican oasis in the Texas city of El Paso under the Guadalupe Hidalgo Treaty of 1848. Treaty provided that artificial changes in the Rio Grande's course would not affect Cordova Island's boundary. Now that the meandering river has changed its course the Island is surrounded by American soil.

ATTEND GA CAMP

Four girls and two adult sponsors are attending a GA camp this week at Lake Brownwood. The girls, Dana Lee, Janet Lee, Brenda Johns and Susan Cumble, were accompanied to Brownwood by Mmes. James Lee and Clyde Lee.

They left Monday morning and will return Thursday.

OUR WASHINGTON NEWSLETTER

By Congressman O. C. Fisher

While the sponsors of rigid civil rights legislation are basing much of their appeal on unemployment among negroes, that argument is not valid in government employment. According to the 1960 Census, negroes represented about 11 per cent of our population. In June, 1962, negroes held 13 per cent of all federal jobs—9.1 per cent of all "white collar" jobs and 15.1 per cent of all postal jobs. Here in Washington, negroes held 22.8 per cent of all government jobs.

The 1963 Fiscal Year, which ended last week, resulted in another deficit year to the tune of \$8 billion. Indications are that during the current Fiscal Year the deficit will be even higher. Despite

this fact, pressures are mounting on Capitol Hill for Congress to increase spending for expanded welfare and other similar purposes.

The civil rights contest is supposed to trigger a massive negro march on Washington in August. The latest reports here are that up to 300,000 demonstrators will participate. Some of the leaders have indicated they plan to strong-arm their way into the Very Floors of the House and Senate while they are in Washington. Spearheaded by Martin Luther King and A. Philip Randolph, these agitators are calling this one an "emancipation march." They are also encouraged by Congressman Adam Clayton Powell who has boasted that the colored people now have the white people in this country "on the run!"

The big battles in Congress during this session are yet to be fought. An intensified drive for socialized medicine, a half billion dollar mass transportation aid plan for the big cities, federal aid to education, a domestic Peace Corps, an expanded WPA program, and a multitude of others, are on tap, yet to be debated and be disposed of.

The big battle, however, will probably be over civil rights proposals, almost sure to provoke a filibuster in the Senate.

The Administration has now moved from tax legislation to civil rights as the number one nation's problem. In any event, it looks as if the Congress will be in session until long after frost this fall.

FAMILY NIGHT CHANGED

Family nights at Bronte swimming pool, which was recently set for Monday nights, has been changed to Tuesday nights. The pool will open at 7:30 p.m. for approximately 1½ hours, in order to give family groups time to enjoy swimming together. Aubrey Denman said everyone is invited to use the pool at that time, but family groups are especially invited.

KIRKLAND FAMILY REUNION

Descendants of the late Mr. and Mrs. G. P. Kirkland had a family reunion at Bronte County Park Sunday. A picnic lunch was served at noon to the 72 persons present. Members of the family were present from Virginia, Clovis and Deming, N. M., Wichita Falls, San Antonio, Lubbock, Blackwell, Midland, San Angelo and Bronte.

hit homers for the Wingate team. Things were pretty tense as the the Bronte lads came in to bat in the bottom of the seventh inning. They had allowed Wingate to tie up the score 10 and 10, and had to get a run or have the game go an extra inning. Lynn White got a hit and in the course of things got down to second. David Prince came up to bat and slugged the ball for a double, bringing White on around to cross home plate and score the winning run. The score, 11-10.

BRONTE LITTLE LEAGUERS ON ALL-STAR TEAM

David Denman and Larry Butler have been selected to play with the Colorado River All-Star team, in the Little League playoffs. The All-Star team is chosen from members of the various teams in this district. This year most of them are from the Robert Lee Cardinal and Indian teams, who won first and second places in the league.

The Colorado River All-Stars will meet an All-Star team from the Winters league Thursday night of next week, July 18, on the Robert Lee diamond. Game time is 8 p.m.

JUNE ACCIDENT SUMMARY

Ten traffic accidents were reported for the month of June in Coke County. Five persons were injured and property damage amounted to \$6,395.00. No fatalities were reported. The report is made monthly for the San Angelo Sub-District of the Texas Department of Public Safety.

For the six county area, total accidents numbered 50, with three death, 14 injuries and property damage of \$25,769.00. Coke was second highest in the amount of property damage. Tom Green County led the list with \$10,065.00.

## Phebe Casey Married To P. E. Heffernan in Fort Worth Ceremony

Mr. and Mrs. P. E. (Rocky) Heffernan are presently at home in Fort Worth following their marriage, June 30, in the home of her sister and brother-in-law, Mr. and Mrs. B. N. Chesney, 7300 Culver, Fort Worth.

The bride is the former Phebe Pearl Casey, daughter of Mr. and Mrs. Turney Casey, Robert Lee. The groom is the son of Mrs. John Heffernan and the late Mr. Heffernan, of Denison, Iowa.

The bride, given in marriage by her father, was attired in a street length dress of white brocade-faille, with fitted bodice and full skirt. Her hat was a matching pill box style, with short veil.

She carried a white Bible, gift of her grandparents, topped with a corsage of white gardenias, with long, white streamers.

Mrs. Chesney was matron of honor for her sister, while Mr. Melvin Freeman served as best man. Mrs. J. M. Sheffield performed the double ring ceremony.

A reception followed, also in the home of Mr. and Mrs. Chesney.

The bride graduated from Robert Lee High school in 1962 as valedictorian of her class. She received other high school honors as Miss RLHS, Miss Citizenship, and commercial award. She attended San Angelo College one semester and has just completed a course in Air Lines Career Training at Brantley-Draughn College in Fort Worth.

The groom graduated from Denison High School, Denison, Iowa, in 1956, soon after entering the

Corvair 700 Club Coupe

## The hardest part about parking a Corvair is finding a nickel

That may be a slight overstatement, but such jauntiness comes easily when you're a Corvair owner.

And you can usually back it up—as easily as you can back up a Corvair. You'll find yourself doing that occasionally, if only to adjust the brakes—they're self-adjusting. That's all there is to it, and that's a good example of how delightfully easy Corvair is to own, drive and maintain.

But since we began by talking about driving, let's stick with that awhile. A large factor in the fun of driving a Corvair is the location of its engine in

the rear. Why the rear? It gives Corvair extra traction on any road surface. It provides a nearly flat floor for more useable interior space. Best of all, it produces steering so light, so responsive, you wonder why no other American-made car thought of it.

Corvair's engine is also air cooled, we might add, which means there's no anti-freeze or water for you to add. Ever.

All that pleasure from something so practical almost makes you think Corvair is unique among American cars. Which isn't surprising, because it is!
