Rain Breaks Long Dry Spell

Life giving rains fell in this area Tuesday afternoon and night and Wednesday morning, relieving a long period of drouth that has greatly damaged grain and cotton crops, as well as pastures. Farmers and stockmen were smiling Wednesday morning following the rainfall.

FARM BUREAU QUEEN CONTEST HERE TONIGHT

Eleven Coke County girls will participate in three divisions of the Farm Bureau contest in the Bronte school auditorium tonight at 8 p.m.

Competing in the senior division will be Dawn Boykin, Peggy Corley, Jo Alice Evans, Penney McCarley, Ida Lee Parker and Charlotte Smith. The queen chosen from this division will be eligible to enter the district contest to be held Aug. 30 in Lamesa. The district winner will compete on a state wide level later this year.

Entered in the Intermediate division will be Barbara Blaylock and Kay Roberts.

Jolene Vaughn, Dixie Versyp and Connie Blaylock will be the contestants in the junior class of the event. Winners in the junior and intermediate contests do not compete on the district level.

Queens chosen will be crowned by the last Coke County Farm Bureau Queen, Miss Deannie Allen, now a student at Abilene Christian College. Kim Arrott and Barbara Versyp will be crown bearers.

Bob McGarvey of Ballinger radio station KRUN will be master of ceremonies. Contest judges will include Dawson Coleman, Mrs. Dawson Coleman and Fred Sallingo, all of Miles.

The public is invited to attend the contest and are reminded that the auditorium is air conditioned and will be comfortable.

the area was by John Clark, who lives near Tennyson, with 3.4 inches. The C. H. Wylie ranch, northeast of town, reported three inches. Collins Sayner of Tennyson also had three inches.

B. D. Mackey, Bronte water works superintendent, said Wednesday morning that Oak Creek Lake had risen five to six inches, and Mrs. Elmer Jordan of Blackwell reported that their ranch back up in the lake's watershed had a heavy downpour which should result in a good runoff into the lake. Two inches was reported at the WTU power plant.

The rain was a little late for quite a bit of the row crops in this area, but it is expected it will help the cotton. Ranchmen said enough warm weather is still in store for the moisture to help make some new grass.

An isolated incident of wind damage was reported by Conda Richards on the Wylie ranch. The roof of one of the buildings which was a part of old Fort Chadbourne was blown off. He said the wind appeared to be straight, but was blowing at a terrific speed.

Some additional measurements reported Wednesday morning to The Enterprise included: Clifford Clark, east of Bronte, 1.6 inches; F. S. Higginbotham, north of town, 1 inch; Albert Rawlings, southwest of town across the river, 2 inches; Clyde Lee, who has the Powell place on the Ballinger highway leased, got 2.4 inches; Mrs. W. H. Thomas of Tennyson, who has a government gauge, reported early Wednesday morning that it read 2.35 inches; Joe Ed Scott, north of town, received only .7 inch; Austin Sandusky, who lives west of Bronte, had 1 inch; Claude Ditmore, who lives between here and Tennyson, had 2.7 inches.

Enthusiastic Plans Made For '63 Football Season

Football prospects for the 1963 edition of the Bronte Longhorns look somewhat better than they did last year, according to a report given by Coach N. M. Curlee at a meeting Monday night of the Bronte Longhorn Club.

The coach stated that he has 13 lettermen returning this season, with nine of them being starters on last season's team. However, only one of the returning lettermen has earned a letter two years. The other 12 are one-year lettermen.

Workouts start at 6 a.m. next Monday, Aug. 19. Two sessions will be held each day, Curlee said, from 6 a.m. until 7:30 a.m. and from 6:30 p.m. until 8 p.m.

The coach pointed out that any boy who wishes to participate in football must have a form signed by a physician and his parents before he will be issued a uniform.

The blank forms may be picked up from Curlee or High School Principal Joe B. Simpson.

Cecil O. Tolliver, new assistant coach, also made a short talk at the Longhorn Club meeting, and told the crowd of fans and boys that some rough conditioning is in store for those who come out for football this year. He explained that thorough physical conditioning is necessary to develop a winning team. It was the new coach's first opportunity to meet many of the boys and fans.

Coach Curlee said he expects to have 26 to 28 boys out for football this season. Included are seven seniors, seven juniors, six sophomores, and the rest are freshmen.

Below are listed the boys who are expected out for practice Monday morning. Their weight, probable position and classifica-

tion are given, and the last year's starters are indicated by an asterisk.

*Tommy Glenn Sims, senior, back, 180.
*Barry Curlee, senior, back, 150.
*Jimmy Wells, senior, end, 170.

AD-LIB-BEN

The rain Tuesday and Wednesday was no surprise to this writer. We have been predicting it for almost a month and a half. We were a little discouraged last week when we decided to give the weather man until Sept. 1 to produce this rain. Now we are willing to take credit for predicting it, and will give two weeks back. How's that for hitting the nail on the head?

We hope water keeps dripping off the Oak Creek Lake watershed for several days and brings the level of the lake up some more. We were up that way Sunday and the lake looked pretty bad. The five to six inches which it had risen Wednesday morning will add considerably to the amount of water in the reservoir.

From the Mt. Adams (Wash.) Sun: "We are in receipt of this testimonial from an advertiser: 'Your ads sure bring results. My lost dog has been returned—with four pups.'"

Next Saturday, our neighbors in precincts 1 and 3 will vote on changing Coke County Memorial Hospital over to a district institution. If the balloting is favorable toward the proposition, a hospital

UNCLE HUIE from HOG CREEK says

DEAR MISTER EDITOR:

I got front page news for your paper this week, fact is you might want to git out a extra edition about it. Our community is fixing to git a airport special fer helicopters. The details was worked out by the fellers in our session in town last week.

You will recollect about the U. S. Department of Agriculture setting up a program here a while back to loan farmers money fer branching out from growing so much stuff. It was called the Agriculture Act of 1962, and it was aimed to encourage farmers to take crop land out of production and use it fer other things. Well, Secretary Freeman has announced the first 10 loans.

The first one was to a farmer in North Carolina. He had 135 acres and told the Department of Agriculture that if they'd loan him \$32,000 he would take 80 acres out of production and build a golf course and take 6 acres and build a picnic ground and swimming pool. The officials in Washington figgered this would be a sound proposition, so they let him have the money.

Now my neighbor announced last week that he's got 10 acres laying as level as a floor that would be ideal fer a airport fer helicopters. The fellers was helping him work out the details and advised him to remind them Agriculture officials that the Defense Department was building more and more helicopters and his airport could come in mighty handy fer emergency land-

ings. That way, they claimed, it could be tied up with the national defense program and it was hard to tell how much my neighbor could borrow, maybe \$75,000.

The good parson that joins us sometimes allowed as how he had his doubts about the project, saying they wasn't enough helicopters flying around to need this special airport. My neighbor claimed this wasn't no argument, and we was all agreed that the parson's thinking was in conflict with our national stockpiling percedures sound fiscal policy, and preparedness fer the future. Furthermore, he argued, a country that's got enough canned hamburger stored away fer its Navy to last 59 years and 2 months would be strong in favor of having a few spare airports scattered around fer helicopters.

My neighbor said our Government always took the long view about perviding fer the future, sorta like a merchant friend over in town. He said this friend didn't drink no whiskey but always kept a bottle on the pantry shelf on account of him not knowing when a snake might crawl in the kitchen and pop him one. Same way with helicopters, he argued, the Department of Agriculture never knowed when one might want to set down on his airport. Personal, Mister Editor, I see one drawback. My neighbor is a Abe Lincoln Republican and the New Frontier is allergic to them fellers.

Yours truly,
Uncle Huie

\$ 27 MILLION

... has been spent recently for commercial construction in our service area.

Recently published figures of industrial expansion in our service area reached a huge \$28 million.

Add to that another vast expansion figure and you have an even more impressive total.

\$27,000,000 was spent on new commercial construction and for expansion of existing businesses in the same time period, in the same WTU service area. This is why we say "The Center of the Southwest" is one of the Nation's fastest growing regions.

Such industrial and commercial expansion, plus civic and other improvements, strengthen our conviction that this region faces growth unlimited.

This week young people are considering the question: "Should I return to high school or college this fall?" "Or should I continue working?" There is overwhelming evidence that every young person should obtain all the education his interest, capability and financial resources will permit. Parents and youth should think through facts concerning: expenses, quality of training in chosen field, faculty time available for students assistance, availability of living quarters, type of student life, and adult supervision. Young ladies should be particularly careful to make housing arrangements at their chosen college at least 15 to 18 months ahead of planned enrollment date.

Youth and parents can find needed information in their Career selection in their local library, from colleges and trained consultants.

Home Demonstration Club members will hold their annual camp this week in the Robert Lee Park. Crafts will be under the direction of Mrs. Lowell Roane and Mrs. R. W. Smith.

Guests during the past two weeks in the B. E. Modgling home have been all of their children. They are Mr. and Mrs. Elmer Modgling and Gary of Weatherford, Winston Modgling of Tatum, New Mex., Mrs. Leonard Jagt, Jimmy and Sandra of Lodi, New Jersey, and Thomas (Bobby) Modgling of Washington, D. C. Mrs. Thomas Modgling spent their vacation time visiting her parents in Red River, New Mexico.

James Wells Head Of Longhorn Club

James Wells was elected president of the 1963 Longhorn Club at a meeting Tuesday night at Bronte County Park. Jack Corley was elected vice president and John Boyles is new secretary of the football booster organization.

Royce Lee, 1962 club president, opened the meeting and an invocation was given by Foy L. Moore, Church of Christ minister. Those present were then treated to a watermelon feast.

Lee presided during election of officers and then turned the chair over to Wells.

The group voted to film all football games played this year, insofar as finances will allow. Supt. C. B. Barbee spoke on the value of the films, not only in providing information to current players following each game, but as a means of securing athletic scholarships for Bronte players. He said that coaches from colleges and universities want to see films of boys in whom they are interested before they even talk with the player involved. "I feel that our films have paid for themselves many times in the thousands of dollars worth of scholarships which have been awarded to Bronte football players," the superintendent said.

A large group of players, fathers and other fans were present for the meeting. It was voted to have a working party clean up around the football field at 4 p.m., Friday, Aug. 23. Monday night at 7 o'clock was voted as regular meeting time for the club.

Wells told the men present that they will have to work at selling memberships if enough money is raised to film all of this year's games. He urged everyone to purchase a membership card. Price will be \$4 for an individual, or \$5 for a man and his wife.

Coaches N. M. Curlee and Cecil O. Tolliver spoke briefly on plans and prospects for the coming season.

NEW CHECK LAW EXPLAINED BY COUNTY ATTORNEY DICKEY

(Editor's note: The following article was written by County Attorney Frank C. Dickey as a matter of public information in order to acquaint readers with a new check law which goes into effect Aug. 24)

By FRANK C. DICKEY

Concerning Worthless Checks

The Legislatures of the several States have devoted much time and effort to the enactment of laws defining and prescribing punishment for the issuing and passing of worthless checks. Texas has contributed her share of legislative effort. A very short Bill of Rights (Art. 1 Sec. 18) included in the Constitution of 1876: "No person shall ever be imprisoned for debt" limits the scope of operation to no small degree. The question as to whether the giving and passing of a worthless check constitutes a crime or a debt is difficult at its best.

In the beginning the criminal laws regulating fraudulent transactions were relied upon as regulatory of the passing of worthless checks; and, the remedy provided by the old fraud statutes is thought by some jurists to be superior to the prevailing remedy. Our rules of criminal procedure such as burden and degree of proof, character and sufficiency of evidence, presumption of innocence and many other safe-guards, which "we the people" have established, render prosecution for special offenses as worthless checking difficult and tedious.

Writing laws that would send a seventeen year old boy to the penitentiary for writing a third worthless check for the amount of twenty-five cents is a shocking example of commercial influence reflected in such a criminal law; yet, we have had for the past several years such a law in our penal code. On the 24th day of this month a further statute of recent vintage, will be activated which, when construed with the provisions of Art. 61 of our Penal Code, will allow a seventeen year old boy to be sent to the penitentiary for a period of thirty years, if it be shown that he has been two or more times previously convicted for issuing a worthless check for any amount.

Whatever the inequities of the new law, it does put the offense of issuing a worthless check definitely in the category of crimes; and, in doing so, it obviates the necessity of observing the laws relating to the instigation of prosecution.

It has long been a matter of common knowledge that an officer is prohibited by law from accepting restitution for property stolen or wrongfully disposed of as satisfaction for a penal offense. Such an

offense under the law requires the removal of the officer from office and subjects him to a heavy penalty. The fundamental principle of law involved being that the right to restitution is a civil right and the injured party's recourse is by civil action. The violation of a penal statute is an offense against the State and the injured party has no special right in an action for enforcement.

Under the new law, a party damaged by receiving a worthless check; as far as collecting is concerned, must look to his civil remedy. Peace officers and prosecutors are prohibited from engaging in the process.

Prosecutors are required to take complaints for such offenses as constitute violations of the penal laws. All such worthless check offense complaints must be processed in the courts having jurisdiction the same as other offenses of like gravity.

Article 380a Penal Code makes it an offense for any Justice of the Peace, Sheriff, Constable or Peace Officer to receive for collection or undertake the collection of any claim for debt for others except by authority or writ or process of law, and fixes the punishment for a violation at a fine from two hundred to five hundred dollars and the removal from office.

The prohibition, under penalty, of complainants and prosecuting witness from influencing or attempting to influence withdrawals of complaints or dismissal of prosecution is in keeping with the principle that the criminal laws must not be resorted to for the purpose of collecting a debt. (Art. 567b Sec. 6, P. C.)

Some of the precautions recommended to keep down losses from accepting worthless checks as cash are:

1. Know the drawer of the check or obtain an endorsement by a reliable person before acceptance.
2. A check signed "John Doe by Richard Roe" will rarely ever support a prosecution.
3. A post-dated check or a pre-dated check will not support a prosecution.
4. A check given in payment of a debt will not support a prosecution. (The Statute provides a seeming exception in the case of a check given for the performance of labor or personal service; however the law has been held inoperative where the check was given in compliance with a promise to pay.)
5. The check must be presented to the drawee in due course. (An exception seems to lie where proof is made that the check would not have been honored had it been presented in due course.)
6. The full address of the draw-

er should be written on the check.

7. When a check is returned on account of insufficient funds, a written notice should be sent to the drawer by registered mail to "the address written on the check" advising him that the check has been returned for lack of funds. The check should be immediately sent back to the drawee.

8. A study of the Worthless Check Law keeping in mind that public officers have been completely taken out of the field of collections, should be of benefit.

9. After complying with suggestion "7", if one wishes to prosecute, let him appear before the County or District Attorney in the County in which the check is given and make complaint.

10. If the offense complained of constitutes a misdemeanor, the County Attorney may institute prosecution on complaint and information; or, he may refer the matter to the Grand Jury.

11. If an offense is of the grade of a felony, the complaint may be made before a Justice of the Peace and referred to the Grand Jury. Felonies can only be prosecuted on an indictment and the prosecution must be conducted by the District Attorney.

Sec. "6" of the Penal Statute should be very carefully observed by complainants, peace officers and prosecutors. It should be kept in mind that criminal actions and civil actions are very definitely separated. The enforcement of the provisions of Art. 576b will be extremely difficult because of their inapplicability to our fixed rules of evidence, burden of proof and procedures; however, prosecutions may be aided materially by the exercise of care and caution in the acceptance of checks.

When a worthless check has been issued in violation of the law the injured party or any credible witness has the right to file a complaint or appear before a Grand Jury. When a complaint

has been made or information furnished, dismissals are neither to be sought nor requested of the prosecutors or judges. All prosecutions for issuing worthless checks lie either in the County or District Court. The costs are heavy and where not collectable from the accused, they are paid by the tax-payers. All cases are now appealable to the Court of Criminal Appeals. It is possible for a prosecution for the passing of a worthless check, drawn for the amount of twenty-five cents to cost the County and State more than one thousand dollars.

GENERAL TELEPHONE TOWNS ON THE MOVE

Wylie prepares for more growth

As it was.

After facelisting.

When Wylie, Texas planned civic improvements, its progressive citizens went all the way. Showing a population increase of 34% over 1960 census figures of 1804, Wylie set out to prepare for even more growth.

They launched a street paving program, downtown business modernization, construction of a new school, new bank building, new residences and a new post office.

This combination of public and private improvement is well under way today,

as shown in the "before and after" facelisting photos above. The Wylie story is another reason we say big things are happening in General Telephone towns.

These towns are on the move. Community improvements are under way, local resources are being developed, new businesses, new industries are coming in. PUBLIC NOTICE

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 9, 1963.

SENATE JOINT RESOLUTION NO. 16 proposing an amendment to Section 49-b, Article III of the Constitution of Texas so as to authorize an increase in the total amount of bonds or obligations that may be issued by the Veterans' Land Board to Three Hundred Fifty Million Dollars (\$350,000,000.00); providing for the issuance of said bonds or obligations and the conditions relating thereto and the use of the Veterans' Land Fund; and providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 49-b, Article III of the Constitution of Texas, be amended so the same will hereafter read as follows:

"Section 49-b. By virtue of prior Amendments to this Constitution, there has been created a governmental agency of the State of Texas performing governmental duties which has been designated the Veterans' Land Board. Said Board shall continue to function for the purposes specified in all of the prior Constitutional Amendments except as modified herein. Said Board shall be composed of the Commissioner of the General Land Office and two (2) citizens of the State of Texas, one (1) of whom shall be well versed in veterans' affairs and one (1) of whom shall be well versed in finances. One (1) such citizen member shall, with the advice and consent of the Senate, be appointed biennially by the Governor to serve for a term of four (4) years; but the members serving on said Board on the date of adoption hereof shall complete the terms to which they were appointed. In the event of the resignation or death of any such citizen member, the Governor shall appoint a replacement to serve for the unexpired portion of the term to which the deceased or resigning member had been appointed. The compensation for said citizen members shall be as is now or may hereafter be fixed by the Legislature; and each shall make bond in such amount as is now or may hereafter be prescribed by the Legislature.

"The Commissioner of the General Land Office shall act as Chairman of said Board and shall be the administrator of the Veterans' Land Program under such terms and restrictions as are now or may hereafter be provided by law. In the absence or illness of said Commissioner, the Chief Clerk of the General Land Office shall be the Acting Chairman of said Board with the same duties and powers that said Commissioner would have if present.

"The Veterans' Land Board may provide for, issue and sell not to exceed Three Hundred Fifty Million Dollars (\$350,000,000.00) in bonds or obligations of the State of Texas for the purpose of creating a fund to be known as the Veterans' Land Fund, Two Hundred Million Dollars (\$200,000,000.00) of which have heretofore been issued and sold. Such bonds or obligations shall be sold for not less than par value and accrued interest; shall be issued in such forms, denominations, and upon such terms as are now or may hereafter be provided by law; shall be issued and sold at such times, at such places, and in such installments as may be determined by said Board; and shall bear a rate or rates of interest as may be fixed by said Board but the weighted average annual interest rate, as that phrase is commonly and ordinarily used and understood in the municipal bond market, of all the bonds issued and sold in any installment of any bonds may not exceed four and one-half percent (4½%). All bonds or obligations issued and sold hereunder shall, after execution by the Board, approval by the Attorney General of Texas, registration by the Comptroller of Public Accounts of the State of Texas, and delivery to the purchaser or pur-

chasers, be incontestable and shall constitute general obligations of the State of Texas under the Constitution of Texas; and all bonds heretofore issued and sold by said Board are hereby in all respects validated and declared to be general obligations of the State of Texas. In order to prevent default in the payment of principal or interest on any such bonds, the Legislature shall appropriate a sufficient amount to pay the same.

"In the sale of any such bonds or obligations, a preferential right of purchase shall be given to the administrators of the various Teacher Retirement Funds, the Permanent University Funds, and the Permanent School Funds.

"Said Veterans' Land Fund shall consist of any lands heretofore or hereafter purchased by said Board, until the sale price therefor, together with any interest and penalties due, have been received by said Board (although nothing herein shall be construed to prevent said Board from accepting full payment for a portion of any tract), and of the moneys attributable to any bonds heretofore or hereafter issued and sold by said Board which moneys so attributable shall include but shall not be limited to the proceeds from the issuance and sale of such bonds; the moneys received from the sale or resale of any lands, or rights therein, purchased with such proceeds; the moneys received from the sale or resale of any lands, or rights therein, purchased with other moneys attributable to such bonds; the interest and penalties received from the sale or resale of such lands, or rights therein; the bonuses, income, rents, royalties, and any other pecuniary benefit received by said Board from any such lands; sums received by way of indemnity or forfeiture for the purchase of any such bonds to comply with his bid and accept and pay for such bonds or for the failure of any bidder for the purchase of any lands comprising a part of said Fund to comply with his bid and accept and pay for any such lands; and interest received from investments of any such moneys. The principal and interest on the bonds heretofore and hereafter issued by said Board shall be paid out of the moneys of said Fund in conformance with the Constitutional provisions authorizing such bonds; but the moneys of said Fund which are not immediately committed to the payment of principal and interest on such bonds, the purchase of lands as herein provided, or the payment of expenses as herein provided may be invested in bonds or obligations of the United States until such funds are needed for such purposes.

"All moneys comprising a part of said Fund and not expended for the purposes herein provided shall be a part of said Fund until there are sufficient moneys therein to retire fully all of the bonds heretofore or hereafter issued and sold by said Board, at which time all such moneys remaining in said Fund, except such portion thereof as may be necessary to retire all such bonds which portion shall be set aside and retained in said Fund for the purpose of retiring all such bonds, shall be deposited to the credit of the General Revenue Fund to be appropriated to such purposes as may be prescribed by law. All moneys becoming a part of said Fund hereafter shall, likewise be deposited to the credit of the General Revenue Fund.

"When a Division of said Fund (each Division consisting of the moneys attributable to the bonds issued and sold pursuant to a single Constitutional authorization and the lands purchased therewith) contains sufficient moneys to retire all of the bonds secured by such Division, the moneys thereof, except such portion as may be needed to retire all of the bonds secured by such Division which portion shall be set aside and remain a part of such Division for the purpose of retiring all such bonds, may be used for the purpose of paying the

principal and the interest thereon.

together with the expenses herein authorized, of any other bonds heretofore or hereafter issued and sold by said Board. Such use shall be a matter for the discretion and direction of said Board; but there may be no such use of any such moneys contrary to the rights of any holder of any of the bonds issued and sold by said Board or violative of any contract to which said Board is a party.

"The Veterans' Land Fund shall be used by said Board for the purpose of purchasing lands situated in the State of Texas owned by the United States or any governmental agency thereof, owned by the Texas Prison System or any other governmental agency of the State of Texas, or owned by any person, firm, or corporation. All lands thus purchased shall be held for governmental purposes, although the individual purchasers thereof shall be subject to taxation to the same extent and in the same manner as are purchasers of lands dedicated to the Permanent Free Public School Fund.

"The lands of the Veterans' Land Fund shall be sold by said Board in such quantities, on such terms, at such prices, at such rates of interest and under such rules and regulations as are now or may hereafter be provided by law to Texas veterans who served not less than ninety (90) continuous days, unless sooner discharged by reason of a service-connected disability, on active duty in the Army, Navy, Air Force, Coast Guard or Marine Corps of the United States between September 16, 1940, and March 31, 1955, and who upon the date of filing his or her application to purchase any such land is a citizen of the United States, is a bona fide resident of the State of Texas, and has not been dishonorably discharged from any branch of the Armed Forces above-named and who at the time of his or her enlistment, induction, commissioning, or drafting was a bona fide resident of the State of Texas. The foregoing notwithstanding, any lands in the Veterans' Land Fund which have been first offered for sale to veterans and which have not been sold may be sold or resold to such purchasers, in such quantities, and on such terms, and at such prices and rates of interest, and under such rules and regulations as are now or may hereafter be provided by law.

"Said Veterans' Land Fund, to the extent of the moneys attributable to any bonds heretofore issued and sold by said Board may be used by said Board, as is now or may hereafter be provided by law, for the purpose of paying the expenses of surveying, monumenting, road construction, legal fees, recordation fees, advertising and other like costs necessary or incidental to the purchase and sale, or resale, of any lands purchased with any of the moneys attributable to such additional bonds, such expenses to be added to the price of such lands when sold, or resold, by said Board; for the purpose of paying the expenses of issuing, selling, and delivering any such additional bonds; and for the purpose of meeting the expenses of paying the interest or principal due or to become due on any such additional bonds.

"All moneys attributable to the bonds issued and sold pursuant to the Constitutional Amendment adopted on November 6, 1956, shall be credited to said Veterans' Land Fund and may be used for the purpose of purchasing additional lands, to be sold as provided herein, until December 1, 1965; provided, however, that so much of such moneys as may be necessary to pay interest on such bonds shall be set aside for that purpose. After December 1, 1965, all moneys attributable to such bonds shall be set aside for the retirement of such bonds and to pay interest thereon; and when there are sufficient moneys to retire all of such

bonds, all of such moneys then remaining or thereafter becoming a part of said Veterans' Land Fund shall be governed as elsewhere provided herein.

"All of the moneys attributable to any series of bonds hereafter issued and sold by said Board (a 'series of bonds' being all of the bonds issued and sold in a single transaction as a single installment of bonds) may be used for the purchase of lands as herein provided, to be sold as herein provided, for a period ending eight (8) years after the date of sale of such series of bonds; provided, however, that so much of such moneys as may be necessary to pay interest on bonds hereafter issued and sold shall be set aside for that purpose in accordance with the resolution adopted by said Board authorizing the issuance and sale of such series of bonds. After such eight (8) year period, all of such moneys shall be set aside for the retirement of any bonds hereafter issued and sold and to pay interest thereon, together with any expenses as provided herein, in accordance with the resolution or resolutions authorizing the issuance and sale of such additional bonds, until there are sufficient moneys to retire all of the bonds hereafter issued and sold, at which time all such moneys then remaining a part of said Veterans' Land Fund and thereafter becoming a part of said Fund shall be governed as elsewhere provided herein.

"This Amendment being intended only to establish a basic framework and not to be a comprehensive treatment of the Veterans' Land Program, there is hereby reposed in the Legislature full power to implement and effectuate the design and objects of this Amendment, including the power to delegate such duties, responsibilities, functions, and authority to the Veterans' Land Board as it believes necessary.

"Should the Legislature enact any enabling laws in anticipation of this Amendment, no such law shall be void by reason of its anticipatory nature.

"This Amendment shall become effective upon its adoption."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Saturday after the first Monday in November, 1963, at which election all ballots shall have printed thereon the following:

"FOR the Amendment to Section 49-b of Article III of the Constitution of Texas to increase the Veterans' Land Fund by \$150,000,000.00; said Fund to be used for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the Armed Services of the United States between September 16, 1940, and March 31, 1955; such funds to be expended in accordance with instructions and requirements that may be provided by law"; and

"AGAINST the Amendment to Section 49-b of Article III of the Constitution of Texas to increase the Veterans' Land Fund by \$150,000,000.00; said Fund to be used for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the Armed Services of the United States between September 16, 1940, and March 31, 1955; such funds to be expended in accordance with instructions and requirements that may be provided by law."

If it appears from the returns of said election that a majority of the votes cast were in favor of same Amendment, the same shall become a part of the State Constitution and be effective from the date set forth in said Amendment, and the Governor shall issue a proclamation in keeping therewith.

Section 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and shall have the same published as required by the Constitution and Laws of this state.
