## Mother's March Scheduled Here for January 26th

Sunday, Jan. 26, is the date set for the annual Mothers March of Dimes, according to Mrs. Joe B. Simpson, who is in charge of the drive. Bronte PTA is sponsoring the March.

Mrs. Simpson issued a plea for

## AD-LIB-BEN

Our expose last week on effects of the cigarette smoking report has brought a good many comments and we wish to reveal a few more choice bits of information to our readers.

Clint Low and Bobby Bingham tell us that they have been having the weirdest dreams since they dropped their last cigarette butt in the ash tray. N. M. Curlee said he is on cigars now; started smoking about three a day, but at last report had worked it up to five.

It's kinda like Clyde Lee said when we asked him if he was going to trade his cigarettes for cigars: "Gosh, no, I've already got one bad habit so why work up another one?"

Saw Bob Wilson, former Bronte barber last Saturday. He hadn't smoked a cigarette since the government report came out. Was somewhat worried, though, said his tongue was so sore from smoking a pipe, and he might be getting cancer of the tongue.

This stopping or slowing down or changing smoking habits has become so popular that Tommy Glenn Sims is running a survey for his Science Fair project on how the changes have affected the persons indulging. We might get some interesting information there later on.

Bronte businessmen are facing a serious problem and if something isn't done about it soon, things may be too far gone to correct it.

We are writing of the appearance of the business buildings on Main Street. Nearly all of them are in serious need of repair and remodeling, and sidewalks need fixing.

Some business men we have talked with don't feel that they can afford to spend the money necessary to do the needed work but most of them talk favorably toward spending some money on this project, IF owners of unoccupied buildings could be prevailed upon to do some work on their property.

We don't know about the economics of paying for fixing up from increased earnings which more attractive places would bring.

But there is one thing we feel sure we do know about and that is: Unless we do something to improve the appearance of our places of business, business is NOT going to pick up, but gradually become less and less.

WE don't know the answer to this problem, but there must be one. A cooperative effort can work wonders with everybody pushing in one direction for a common cause.

The picture of the Junior High girls basketball team that won their own tournament recently was meant to be blown up to two columns. Somehow our signals with the engravers got mixed up and they made it exactly the size of the picture we sent.

everyone to give generously to the March of Dimes when the mothers of Bronte call at homes here.

Mrs. John Boyles is in charge of canvassing the business district of Bronte and this week placed coin containers in business houses.

The March of Dimes finances 44 centers for the victims of birth defects. It also supports 25 treatment centers for the benefit of arthritis and rheumatism sufferers, plus giving continued assistance to long term polio patients.

The March of Dimes in years past has financed the research which developed vaccines for polio, and is now directing its full strength to relieving those who suffer from birth defects, rheumatism and arthritis.

## L. T. Youngblood Succeeded by Allen As UCRA Head

L. T. Youngblood, chairman of the Upper Colorado River Authority for more than 15 years, stepped down Tuesday when the river authority's board of directors met in San Angelo. Elected as new chairman was Gerald C. Allen, Robert Lee banker.

Mr. Youngblood was praised by the board in a unanimously adopted resolution for his leadership of the UCRA. During his time as chairman, adequate supplies of water have been provided for Robert Lee, Bronte, San Angelo, Christoval and Carlsbad.

Business taken up at the meeting included some discussions of the North Concho Lake near San Angelo and of a possible dam on the Colorado River in this vicinity.

Other new officers include Dale Leddy of San Angelo, secretary-treasurer, and Everett Grindstaff of Ballinger was named vice chairman.

## Barbee's Contract Extended a Year

The contract of Supt. C. B. Barbee was extended a year in a meeting of the Bronte school board of trustees Thursday night, Jan. 16.

Barbee had a three year contract at the beginning of the current school year, and this latest action will give him three years, starting with the 1964-65 school term.

President of the board, Joe Rawlings said Wednesday that it is a board policy to vote on the superintendent's contract in January and take up hiring of principals in February. Teachers contracts will be considered at the March meeting.

## IMPORTANT GOLF MEETING

A meeting of the Coke County Golf Association will be held at 7 p.m. next Monday night in the City Hall. A spokesman said the meeting is important and all members urged to be present.

## Deputy Here Friday & Saturday To Sell 1964 Poll Tax Receipts

A deputy from the county tax assessor-collector's office will be in Bronte Friday and Saturday, Jan. 24-25, for the purpose of selling poll taxes. The temporary tax office will be set up at Bronte city hall, from 8 a.m. to 5 p.m. Bronte's Jaycee Chapter is sponsoring a drive to encourage persons of this area to obtain the \$1.75 poll tax, which is required to vote in all elections.

Tax Assessor-Collector O. B. Jacobs said Wednesday that his records show that 474 receipts had been issued up to that time.

Jacobs said he had no way of knowing how many persons would spend the \$1.75 to be eligible to vote, but he would guess 1100-1200.

Perhaps the election this year of most interest will be for president and vice president of the United States. Also on the ballot this year will be candidates for governor, lieutenant governor, attorney general, and other state officials. Also to be elected are a Congressman from this district and a United States Senator. State representative and state senator from this district come up for election this year, also.

### H D Agent's News Dept.

By FAY C. ROE

The Education, Exhibit, and Expansion committee of the Home Demonstration Council will meet at 1:30 p.m., Thursday, Jan. 30, in my office, to formulate plans for this year. The chairman, Mrs. Curtis Walker will preside. Members are Mmes. Jahew Jameson, Sloan Boone, Floyd Crunk, and William R. Moody.

Plan to put chicken on the table often during February. It tops the U. S. Department of Agriculture's list of plentiful foods for the month.

Also featured are pecans, which are in record supply this year. The 1963 crop report indicates production at 290 million pounds.

Add to this the other plentifuls — beef, pork, canned corn, potatoes, canned ripe olives, and you have lots of good, inexpensive eating during February.

The array of meat items is broad and generous. USDA statisticians say that 10 percent more broiler-fryers will be marketed in February than a year ago, and at that time prices were at a record low for the month. Beef supplies, they say, will also be 10 percent above year earlier levels and will continue large for the next few months.

Also look for record supplies of pork — chops, roast, hams.

With this selection of red meats and poultry, homemakers will have no trouble with menu planning during February. To round out their meals, there are the always plentiful potatoes. As of December 1, potato stocks totaled 2 million hundredweight, second only to the record large supplies on hand two years ago.

Supplies of canned corn, on the plentiful food list for the past several months, remain at record levels. Prices at retail are favorable. So now is a good time to serve corn often and to stock the pantry shelves.

And for an extra touch to your menu, serve canned ripe olives. Stocks from last year, plus this year's supply, should reach 3.5 million cases — record large. Prices should be reasonable.

### ACT Exams to Be Given February 15

Waco, Texas — High school seniors in Bronte have until Saturday, Jan. 25 to register for the American College Testing Program (ACT) exams scheduled for Feb. 15, they were reminded by Dr. Alton B. Lee, Baylor University Registrar.

Dr. Lee serves as state coordinator for ACT.

Seniors may obtain test-center information and registration forms from their high school counselor or principal. The February test date is one of four during the school year a student may choose.

The ACT battery is used in admission by 75 colleges in Texas, by 83 per cent of those in this region and by 820 colleges in the U. S.

Results are used by colleges in admission, placement, counseling granting of scholarships, class sectioning and for other purposes.

ACT compiles scores, high school grades and other predictive data, providing a basis for the student to select a college suited to his educational goals. The non-profit agency reports this and other research information to colleges without charge. Scores are also reported to students and to high schools.

Mr. and Mrs. Clifford Hart are in Houston to attend the funeral for his father, T. T. Hart, who died Monday.

From Robert Lee Observer

The champion fine wool lamb shown at the Coke County Stock Show last week brought Wiley Waldrop a \$150.00 premium donated by Nathan's Jewelers, Ace Builders Supply, and Coca Cola Bottling Company, all of San Angelo.

In this auction sale, the young people are allowed to keep their animals. The bidding as a formality in which merchants and others of the area pitch in to GIVE, not actually BUY, as an encouragement to the FFA and 4-H Club youth.

Robert Massie Furniture Company, Bill's Man Shop, Ace Builders Supply, and Nathans Jewelers of San Angelo went in together to give the \$100.00 prize to Jimmy Varnadore for the best medium woolled lamb.

All together, 78 individuals and firms joined in the \$3,165 that went to the 4-H and FFA young people of Coke County that afternoon as a reward for their diligence and skill in feeding and caring for 50 head of livestock, including market and breeding swine and sheep, and beef calves.

Oscar Renshaw this week authorized The Enterprise to announce his candidacy for re-election as Constable of Precinct 2 of Coke County. Renshaw has held the job the last four years, and will run for re-election in the forthcoming Democratic Primary.

A resident of the Bronte community for the last 17 years, Renshaw moved here with his family from Runnels County in 1947. He had lived in Runnels County since 1906, moving there with his parents.

Mr. Renshaw is married to the former Essie Pearl Eads, who was raised in the Bronte community. They have one daughter, Jessie Pearl, who graduated last spring from Bronte High School.

January 23, 1964

In announcing that he would seek re-election, Renshaw made the following statement:

"During the past four years as your constable, I have done my best to serve you and to do the job as you want it done. Along with my job as nightwatchman for the city of Bronte, I have tried to do my part in making law enforce-

ment here a cooperative effort between city and county officials.

"If you folks of this precinct feel that I have done a creditable job and think I deserve a second term, I will appreciate your vote, and I promise that if elected I will continue to serve you in the very best manner that I know. Thanks for your consideration."
