Pre-Dawn Fire Guts Rent House

A pre-dawn fire last Sunday morning destroyed a rent house belonging to Homer T. Robinson of Ranger. The house was ablaze all over before it was discovered and was heavily damaged.

Bronte Volunteer Firemen arrived at the scene about 4:30 a.m. and quickly brought the fire under control, but the flames had already done their damage.

The house is located on East Main Street and Randall.

A small shower fell about 3:30 Wednesday afternoon. It was not of sufficient quantity to measure and was preceded by large quantities of blowing dust.

Bargain Prices On Enterprise To End Friday

Thursday and Friday are the final days of The Enterprise's annual subscription special. During the remaining two days of July readers may order The Enterprise for 50 cents less than the regular price. This offer is made only during July of each year.

Subscriptions in Coke and adjoining counties may be purchased for \$2.50 per year and those anywhere else are on special for \$3.00.

Regular prices, which go back into effect Saturday, are \$3.00 and \$3.50.

The offer is good for new or renewal orders. If a subscription is not expired, it will be marked up a year from the expiration date.

Orders may be mailed or brought to The Enterprise office, or they will be accepted by any of The Enterprise representatives in outlying communities. They are Mrs. Charles Ragsdale, Blackwell; Mrs. Barney Griffin or Mrs. Tom Green, Tennyson; Mrs. Herbert Holland, Brookshire.

The subscription special during July was started when the present publishers came to Bronte in 1948, and has been an annual practice since that time.

No sales tax is required on yearly subscriptions, since the State of Texas considers a subscription order at 52 transactions, with less than 25 cents involved.

Everyone is invited to take advantage of the savings, according to Ben Oglesby, publisher of The Enterprise.

Robert Lee Man Gets First Bale 1964 Cotton in 7-County Area

Ben A. Boykin of Robert Lee this year got ahead of the cotton farmers of the area east of San Angelo, and came up with the first bale of 1964 cotton in the seven-county area around San Angelo.

Boykin's bale of cotton was gathered from about 35 acres and most of it was ginned Saturday night. However the bale fell a few pounds short of the 450-pound minimum required in competition for first bale in the area. A 450-pound bale is also required for

entry in the auction held by the Tom Green County Farm Bureau at their annual barbecue on Aug. 22 in Christoval Park. First bales usually sell for about \$750.

When the bale came up short, Boykin's hands returned to the field Monday morning for more cotton. The last ginning gave the first bale a weight of 538 pounds from 2640 pounds of seed cotton. Miles Co-op Gen processed the first bale.

Boykin has 400 acres of cotton

and said he expects to gather about a quarter of a bale per acre. He said unless weather conditions change, he will start defoliating about Aug. 15, in preparation for harvesting with mechanical pickers.

Counties which participate in the first bale race each year are Tom Green, Coke, Irion, Schleicher, Sterling, Runnels and Concho counties.

Usually the winner comes from Tom Green or Concho counties.

We are already in the big middle of getting out our big special edition commemorating the 75th Anniversary of Coke County. We need your help!

Do you have any old pictures which you think have real historic value? Do you have any old clippings or stories which you think would be interesting to our other readers? If you do, please bring them in NOW! Several readers have mentioned that they had old pictures but had neglected to bring them in. We will have to make the final selections soon, so we need them in the next few days.

Also, we would appreciate your letting us know if you will want any extra copies of this paper. We are planning to print a number of extra copies, but can make no guarantee that we will be able to fill any orders except those which are spoken for in advance. Extra copies will probably be sold for 25c each. We have spent, and expect to spend many more, hours in gathering information to make this issue as full of history, and as historically accurate, as it is possible to do.

Also we will greatly appreciate your letting us know if you would like to run an ad in this edition if you have not already been contacted. It will provide a fine opportunity to present your business in a form which will be put up and saved for years.

LETTERS TO THE EDITOR

WARD B2, Room 6A
Wilford Hall Hospital
Lackland USAFB, Texas

Dear Ben and Libby:

Thanks so much for the Bronte Enterprise. Sure is good to read the news at home. Austin is now having the cobalt treatments. Will Finish Aug. 4. Then he will be under the care of a special hematology doctor, give the cancer drugs orally, we will get to go home, and have to return here once each month as an outpatient. We think we will probably be home August 6th. Will be good to get home once again, although won't get to stay long at the time. We do appreciate all the prayers, cards, letters, and the Bronte paper so much.

Sincerely,
Mrs. Austin Colline

930 N. Livingston
Indianapolis, Ind.

Hi,

Thought I would get this check in the mail before your special is over. Every week when I read the paper I meant to send one but just never did sit down and do it.

I'm about used to Indianapolis now. When I get lost now it doesn't take me nearly as long

to find my way home as it did at first.

We live only a few blocks from the "500" track so we see quite a bit of the action there. I only I never again have to witness such a disaster as that one this year at the 500 mile race. To just sit there and watch that wall of fire knowing nothing could be done for the drivers was just too tragic for words!

Jim's folks live next door so my life is really a merry-go-round with his two teen age brothers. As you know — with the round of parties, drive-ins, malt shops and root beer stands, there is never a dull moment.

I'm working at a big Sears store down town. There are about 700-800 employees. In the credit department alone there at least 60 full time and another 30 part time. That is about like getting to know a whole town under one roof.

Julie is no longer a baby— she is a little girl now. I would send a snap shot, but I feel reasonably sure there was no one in Bronte that mother missed with hers.

Still enjoy the paper each week. Keep up the good work. Only thing wrong is AD-LIB-BEN just isn't long enough. See you the last of August.

Aletha (Murtishaw) Beyerlein

We enjoy the Enterprise every week — especially the Tennyson news by Mrs. Griffin as my parents lived in the Juniper community. You have a good paper and a good "booster" for Bronte. Mrs. Fred Gifford Christoval, Texas

Mr. and Mrs. Clyde Lee and family are vacationing in Nevada, California and other western states.

Barry Curlee and Charles Coppock were home from Texas Tech in Lubbock last weekend.

Derwood Coalson At Half Back In All-State Aug. 6

(From Robert Lee Observer)

Derwood Coalson is to be leaving today, Thursday, for Fort Worth to work out for the Texas Coaches All Star football match between the North and the South in Texas high school football, August 6, at TCU stadium.

The local star is to play right half back on both offense and defense.

In school at Hardin Simmons the first six weeks of this summer, he remained in Abilene after the term was out to do intensive training for this game. Derwood is one of only two Class B school representatives in the state chosen.

Before graduating from Robert Lee High School this year, he made all-district, all-area, and all-West Texas for two years.

He has signed a scholarship arrangement with H-SU in track and basketball. A knee injury suffered in track workout last spring kept him out of track this year but in former seasons he has run the 120 high hurdles in 14.9, and the 180 low hurdles in 19.8.

He says his knee is pretty well back in shape — not completely, but "will have to do."

From this immediate area, A. Z. Drones, San Angelo all-star, will be playing on his side in the North-South game.

Coalson is six feet tall, weighs 170 pounds. He and his teammates will be coached by Charles Qualls, Mesquite. He expects to major in speech at HSU.

Mrs. Albert Rees, Mrs. Doris Weston, Randy and Daria of Spearman were visitors in the home of Mrs. Robert Knierim and Mr. and Mrs. Wade Rees this week. They were enroute to Center Point to attend the wedding of Mrs. Rees's grandson, David.

WEATHERMAN KEEPING THINGS PLENTY WARM

Weather in this area has been extremely hot and humid the past several days, with only a little teasing from the few likely looking clouds which appeared in the sky.

A small shower was reported early this week west of town, and good rains have fallen south and east of this area. Only a sprinkie has been recorded within the city limits of Bronte.

Scattered showers are still in the forecast, and some cloud banks were building up Wednesday afternoon as The Enterprise went to press.

Mr. and Mrs. Bill Herron and Mike, John Robert and Ann Leathers, all of Odessa, were here last weekend to visit in the home of Mr. and Mrs. R. H. Herron and to attend the Herron family reunion.

All Nine Holes At Golf Course Getting Full Use

Five new holes at the local golf course have been getting plenty of workouts since they were officially opened on July 4. The five new holes give golfers a nine-hole course in Bronte.

Officials of the Coke County Golf Association say that the greens here are in good shape and asked that The Enterprise express the association's thanks to the following persons who contributed toward hiring work done to get them in shape before the July 4 opening: Horace Griggs, Clint Low, Jim Pitts, Doug Snead, Jake Morrow, Howard Brock, John Boyles, Hurlin Lee, Royce Lee, Conda Richards, C. B. Barbee, Cullen Mullin, E. L. Champion, Marvin Landers, Eddie Alexander, James Scott, J. T. Henry, and L. F. McCutchen.

It was announced Tuesday that some of the association's members have donated labor to build a water trap on hole No. 6, making that part of the course more hazardous and challenging. Cement to form the trap was poured Tuesday. Runoff water from the green is expected to keep it full.

SCOTCH FOURSOME SUNDAY

A Scotch Foursome will be held Sunday at 1:30 p.m. at the local golf course. A short business meeting will also be held to name a new secretary to replace Norman Jones, who recently moved to Bastrop.

RETURN FROM EASTERN TRIP

Mrs. Willie Mae Glenn of Bronte, Miss Annie Lee Price of San Angelo and Mr. and Mrs. Norman Mann of Abilene returned Sunday night from a 15-day 5400 mile trip to the eastern United States and Canada. They made the trip in Mrs. Glenn's car.

They went up the east coast to New York where they spent three nights and two days. They spent one day at the World's Fair and the other sightseeing. Of special interest to the Texas group were Greenwich Village, the bowry, 5th Avenue, the Statue of Liberty and others. They also attended a performance of the Broadway musical "Fade Out—Fade In" of which Carolyn Kemp of Bronte is a member of the cast.

They drove on up the eastern seaboard to Provincetown, Mass., where the Pilgrims first landed, then on to Plymouth Rock, where the Pilgrims settled. They visited Hyannis Port, Mass., Niagara Falls, then went on into Canada as far as Toronto in Ontario, where they spent one night. They reported a heat wave in Canada at the time they were there.

Enroute home they came by Detroit, Chicago and Oklahoma City.

CORRECTION

In last week's Enterprise was a story concerning the fire which destroyed the lakeside home of Mr. and Mrs. A. S. Hendry. The story said all that was saved was a suitcase and two guns. We were in error, as only the two guns were saved. The suitcase was destroyed in the fire. We are sorry for the mixup.

PUT A TIGER IN YOUR TANK!

Visit Six Flags Over Texas this summer. More than a hundred acres of fun for everyone. Be sure to include a ride on Humble's "Happy Motoring" Freeway. Even youngsters can safely steer the miniature sports cars. Stop at your Enco dealer's before you go. He has coupons for you, each worth 50¢ on a child's ticket for Six Flags.

NEW HIGH-ENERGY ENCO EXTRA GASOLINE BOOSTS POWER THREE WAYS:

1 Cleaning Power! Dirt can clog even a new carburetor in a few months of normal operation—causing hard starting and rough idling. Your very first tankful of New Enco Extra will start to clear away these deposits—in new engines or old—to improve power and mileage.

2 Firing Power! Spark plug and cylinder deposits can cause misfiring, pre-ignition and hot spots. New Enco Extra neutralizes these harmful deposits—to help your engine fire smoothly, to help preserve the power of new cars and restore lost power to many older cars.

3 Octane Power! New Enco Extra has the high octane that most cars now need for full smooth performance without knocking.

You'll get all these extras with New Power-formula Enco Extra gasoline—it puts a tiger in your tank! *Happy Motoring!*
