Special Offer Made To New Subscribers

A special effort is being made this week to induce new subscribers to take advantage of The Enterprise's July subscription special. "There are not too many people around here who don't take The Enterprise," said Publisher Ben Oglesby, "but we would like to have every household in the Bronte area receive the paper."

A complimentary copy of this week's paper is being sent to all boxholders in the Bronte area who are not now receiving the paper. As a special inducement, new subscribers only will be given absolutely free a new Biv ball point pen if they order a year's subscription to the paper on Friday or Saturday of this week. This offer not good for renewals or extensions.

In addition to the new pen offer, new subscribers will be allowed to take advantage of the 50 cent reduction which is be-

ing offered to everyone during July. This will allow them a double savings on their papers.

The offer of a 50 cents reduction in the regular price is still good for everyone, the publisher said, and both new and old subscribers are invited to take advantage of the offer at any time during July.

Regular subscriptions in Coke and adjoining counties which usually cost \$3.00 may be purchased for \$2.50. The regular price of \$3.50 anywhere else in the country is reduced to \$3.00.

Orders for the paper may be mailed in or brought by The Enterprise office. Persons in outlying communities may subscribe through their local representatives who are: Tennyson, Mrs. Jack Corley and Mrs. W. T. Green Blackwell, Mrs. Rocky Thompson; Brookshire, Mrs. Herbert Holland. Persons who run regular charge accounts with The Enterprise may charge their subscriptions and be billed later, if they wish.

4-H STYLE SHOW SCHEDULED FOR FRIDAY NIGHT

A style show featuring 4-H club girls who have made garments this summer will be held Friday, July 16, at 8 p.m. in the Community Center in Robert Lee.

Skirts, shifts, blouses and dresses will be modeled by the 4-H club members.

Judging will be done Wednesday. Awards will be presented Friday evening at the close of the Revue.

The public is invited to attend.

Meeting Called to Organize Coke County Riding Club

All young people in Coke County who are interested in belonging to a riding club are invited to bring their parents and come to a meeting Tuesday, July 20, at 6 p.m. at Bronte School.

A spokesman for the riders said that so many teenagers have shown an interest in the club that plans are being considered to make it a 4-H Riding Club.

County Agent Sterling Lindsey will be present at the meeting with manuals containing rules and regulations and will help the young people set up the organization.

All interested parents and young people are invited.

Graveside Services Held For Todd Edward Mullican

Graveside services for Todd Edward Mullican, infant son of Mr. and Mrs. Lee Mullican of Shreveport, La., were held Tuesday afternoon at Big Spring. He was born Thursday, July 8 in a Shreveport hospital and had undergone surgery soon after birth. He died July 12. Services were also held in Shreveport Monday.

The mother is the former Jean Moore of Bronte and the father is a former resident of Silver.

Survivors include the parents and grandparents, Mr. and Mrs. Foy Moore of Overton, former residents of Bronte, and Mr. and Mrs. Frank Mullican of Big Spring, former residents of Silver.

HOME PLATE UMP — Norman R. (Wink) Kiker was home plate umpire for most of the Lions-Jaycees ball game last Friday night. However, the pressure got so great he had to be relieved by Marvin Corley in the closing innings of the game. Rumors have it that Kiker and Lion Manager may have been guilty of collusion on some of the calls, as Lee was seen to approach Kiker on one occasion with a roll of bills in his hand.

JAYCEE AND LIONS WIND UP BIG GRUDGE BATTLE WITH 7-7 TIE

The baseball battle last Friday night between Bronte Lions Club and Jaycees ended up in a rather indecisive tie, 7-7. Frankly, the representative of The Enterprise who covered the game was a little disappointed that the battle didn't get any worse than it did.

It was expected that Williams Ambulance Service and Bronte Hospital would benefit at least to some degree from the contest, but to date only a few sales of liniment have been reported as benefitting the commercial activity of the city.

On one occasion Lion Manager Royce Lee and Jaycee Catcher George Latimer engaged in a dirt kicking round, and the crowd expectantly waited for something further to develop. They both chickened out however, with nothing but a shoeful of loose dirt.

Judge J. T. Liles, third base umpire, made an ideal game offi-

cial. The judge wears a hearing aid, and when a gang of Jaycees descended on him protesting a decision, he very calmly reached inside his shirt, pulled out his amplifier and turned the volume down. He just let them rave and wasn't even concerned with their protests.

James Wells, first base umpire, and T. O. Spiller, second base umpire, also had a few threats, but nothing serious came of them. Jaycee Manager Hurlin Lee and Lion Lee engaged in a number of disputes; and each pitched to the other on one occasion.

The large crowd of spectators, as well as the players, had a lot of fun at the game, and the Little League baseballers were the beneficiaries of a collection that was taken up during the game.

Linda Spoons of Abilene visited this week with her grandparents, Mr. and Mrs. C. E. Bruton.

3 Coke Farm Bureau Members Touring Midwest Farm Belt

Edward Cumbie, Dolan Mackey and LeDrew Arrott left July 11 on a week-long Farm Bureau-sponsored bus tour of five mid-western states to observe operations of county Farm Bureaus in those states.

They joined approximately 175 other county Farm Bureau leaders from all over Texas in the seven-day tour through Oklahoma, Kansas, Missouri, Iowa, and Illinois. This "Institute on Wheels" is designed to give a first-hand look at programs carried on by effective Farm Bureaus in some of the most important farming areas of the U.S. It replaces the annual Texas Farm Bureau Institute which has been held each summer since 1949.

Four, and possibly five chartered buses are being used — departing from Houston, San Antonio and Lubbock. They were

joined in Oklahoma City by other buses carrying county FB leaders from Oklahoma.

After leaving Oklahoma, the caravan of buses divided into four groups, each one taking a slightly different route to visit not only county FB offices but also farms, feedlots and other outstanding agricultural facilities in the five states on the itinerary.

The county FB leaders held a big rally Wednesday evening, July 14, at the headquarters of the state Farm Bureau in Bloomington, Ill. There they were to be joined by another bus group from Arkansas to hear an address by Charles B. Shuman, president of the American Farm Bureau Federation. Presidents of the three southwestern states, including C. H. DeVaney of the Texas Farm Bureau, were in attendance.

Enroute home, the group will

Teenagers Have Perfect Season

Bronte's Teen Age Baseball club completed its regular season of play Monday night with a perfect 10 wins and no losses.

The perfect record entitles the local team to participate in the regional tournament which will be played at Brownwood. The boys are hopeful they will continue their winning streak there and they will be eligible to participate in the state tournament which will be held in San Angelo.

A couple of post season games have been scheduled with the Coleman All Stars. The first will be played at Coleman Thursday,

July 15, at 8 p.m. and the second will be played here Saturday, July 17, at 8 p.m.

In a game played here last Saturday night, the Bronte boys downed Wingate 9-6. The local battery was made up of Doug McCutchen and Davis Corley. McCutchen was the big hitter of the night, with four straight safe hits. One of them was a three-run homer. Boys who got one hit in the game were David Glenn, Keith McCutchen, Jim Bob Arrott, Steve Williams and Monico Flores.

In the game Monday night, played at Winters with the Mets, Bronte's battery was made up of Flores, Keith McCutchen and Doug McCutchen. Flores was the winning pitcher. Final score in the one-sided affair was 25-6 in favor of the locals. Bronte got 14 runs in the first inning before the Winters boys were able to get an out on the local team.

The squad is made up of Ricky Wheat, Davis Corley, David Glenn, Doug McCutchen, Keith McCutchen, Don Hageman, Victor Brock, Randy Barbee, Steve Williams, Jim Bob Arrott and Monico Flores.

Coach Cecil Toliver is manager of the perfect-record team.

LITTLE LEAGUE PLAYOFFS SET NEXT WEEKEND

A couple of Little League All-Star games will be played July 22 and 23 at the baseball park in Bronte. The All Stars from this league will compete with Ballinger All Stars Thursday night, July 22, and the winner of that contest will meet the Winters All Stars Friday night, July 23.

Members of the Colorado River Little League All Star team are: Mike Arrott, Joe Basquez, Tommy Grace and Tipton Masterson, all of the Yankee squad; Barry Day, Buz Wojtek, James Hood and Danny Percifull, members of Indian team; Mark Tillman, James Fields and Doyle McCabe, all of the Cardinal team; Danny Parker, Wesley Ash and Jessie Florez, all members of the Giants. Neal Caulder is an alternate for the All Stars.

In charge of the All Star team will be J. B. Arrott of Bronte and Richard Day of Robert Lee.

If the Coke County boys are able to win both the games at Bronte, they will advance to a contest to be held July 24 at Colorado City.

Everyone in this area is invited to attend the games next Thursday and Friday. The boys and their managers promise some heads-up baseball.

Pee Wees Finish 1965 Season in a Blaze of Glory

Bronte Pee Wees wound up their season in a blaze of glory last Thursday evening when they won their first contest against the Pee Wees of Robert Lee. Score was 13-10 in favor of the local boys.

The Bronte Pee Wees have played six games with Robert Lee and this game was their first victory.

Pee Wee players this year were Noah Minjarez, Danny Henry, Wayne Alexander, Alan Barbee, Jim Dan Raughton, Tony Mackey, Andy Eubanks, Marvin Ensor, Luis Martinez, Steve Sims, Dennis Latimer, Bill Holley, Mark Lee, Jim Dunnam, Kerwin Denton, Mark Lindsay, and Billy Ren Lee.

Manager Eddie Alexander asked that all members of the squad turn in their suits to him as soon as possible.

Church of Christ Having Meeting

A Gospel meeting is in progress this week at Bronte Church of Christ. Abe Lincoln, Fort Worth evangelist, is doing the preaching for the special services. Cecil Cox, minister of the local church, is in charge of the singing during the meeting.

Services are being held each night this week at 7:30 p.m. However, Sunday services will be held at the usual 6 o'clock hour.

Mr. Cox said that everyone has a cordial invitation to attend the remaining services.

Marla Lou Rees has returned home from a visit at LBJ Lake, formerly Granite Shoals, where she visited with her cousins, Mr. and Mrs. Carroll Petty, and daughter, Michelle. She also visited them at their San Antonio home.

PERSONALS

Mrs. Thompson Rites at Blackwell

By Mrs. Rockey Thompson

Graveside services for Mrs. Artie Mae Thompson, 72, of Grand Prairie were held in Blackwell cemetery Saturday at 10 a.m. The Rev. Wayne Stout, pastor of Central Baptist Church at Bronte, officiated. Arrangements were made by Williams Funeral Home of Bronte.

She was born Artie Mae Pate May 27, 1893 at Bryan in Brazos County and came to Nolan County with her parents, the late Mr. and Mrs. E. E. Pate in 1906. They lived in the Olga community until 1908 when they moved eight miles north of Blackwell.

She married Will Allen Thompson Dec. 25, 1915 in Blackwell. They later moved to Ardmore, Okla., until Mr. Thompson's death Dec. 26, 1926, then she and her four children moved back to Blackwell. In 1941 she moved to Dallas and later to Grand Prairie.

Mrs. Thompson joined the Rebecca Lodge of Blackwell in 1927 and served as secretary for 15 years. She was a member of the Grand Prairie Rebecca Lodge and services were held for her in the chapel there at 2 p.m. Friday.

Survivors are two sons, Maurice Allen Thompson of Corona, N. M., J. T. Thompson of Snyder; two daughters, Mrs. Ruby Scott of the Grand Prairie home and Mrs. Opal McMullins of Santa Cruz, Calif.; two brothers, W. R. Pate of Snyder and Grady Pate of Corona, N. M.; seven grandchildren and one great-grandchild.

Among those from out of town here for the funeral were Mr. and Mrs. Gene Pate, Mr. and Mrs. Tommy Pate, Mrs. George Morton, Mr. and Mrs. Bird, Mr. and Mrs. J. B. Patterson, Rev. White, all of Snyder; Mr. and Mrs. Melvin Slater and Mr. and Mrs. A. C. Morton, Sweetwater.

FIREMEN ANSWER 2 CALLS

Bronte volunteer firemen have answered two calls this week. A grass fire was reported Monday along the railroad right of way in the Juniper vicinity. A truck burned between Orient and Tennyson Tuesday morning, but it was reported the trailer was saved.

Mr. and Mrs. E. L. Caperton, accompanied by Mr. and Mrs. Roscoe Fort of Lubbock returned Friday from a short vacation at Leakey and Garner State Park. Visitors in their home on the weekend were Mr. and Mrs. Bob Coleman and Stevie Ray of Big Spring, Mr. and Mrs. Jack Belcher and family of Andrews, Mr. and Mrs. Leslie Dean Caperton and family and Mr. and Mrs. R. T. Caperton and family of Coleman and Mrs. Kenneth Henderson of Cleveland, Ohio.

Rev. and Mrs. Wayne N. Stout returned last week from a vacation trip. They attended a Stout family reunion at Lake McClellan near Clendon, on July 2nd and 3rd and went on to Red River, New Mexico for a few days. They returned through Lubbock where they visited their daughter, Mrs. A. L. Sandefur, and family. Brad Sandefur came on home with them and stayed until Saturday when Mr. and Mrs. Sandefur and Scott came for him and spent the day in the Stout home.

Visitors last Friday in the home of Mr. and Mrs. W. L. Morley were Staff Sergeant and Mrs. Harry Pruitt, Eddie Wayne, Rhonda and Margaret. The family has just returned to the U.S. from Munich, Germany, where Pruitt was stationed two years with the armed forces. The family will be stationed at Abilene now. Mrs. Pruitt is the Morleys' granddaughter.

Mr. and Mrs. Joe A. Smith returned home last Saturday after spending some of their vacation at Lake Texhoma. They attended a family reunion held at Oklahoma State Park near the lake. Their visitors this week include Mr. and Mrs. R. L. Hosford and children of Gardena, Calif. and Mr. and Mrs. L. M. Harrison of Madisonville.

Intermediate Swim Course Is Planned

A course in intermediate swimming will start Monday, July 26, announced Aubrey Denman, manager of the Bronte County Park and Pool. Anyone who has completed the beginners course and wishes to take the intermediate course should see Denman before the opening date. The course will be taught by Ann Harris.

Beginners To Finish

A large group of beginners will complete a course this week. It was also taught by Miss Harris. Boys and girls who are taking one of the beginner courses are:

Sandra Moody, Eddie Sue Collins, Lita Kay Bradberry, Randy Nelson, Cliff Holley, Ricky Lattimer, Brenda Lindsey, Glenda Caudle, Bill Ensor, Kathy Reyes, Judy Hallmark, Joe Bob Ragsdale.

Also Tammy Nelson, Andy Eubanks, Sharon Moody, Roy Hallmark, Kerwin Denton, Becky Morris, Billy Lee, Sue Ann Lee, Sandra Lee, Susan Herrin, Brenda Herrin, Betty Herrin, Thomas Loyd, Joe Loyd and Laura Glenn.

A women's class will also be completed this week. Those in this class are Miss Diane Sissom, Mrs. James Tidwell, Mrs. James Wells, Mrs. Martin Lee, Mrs. J. W. Caudle and Mrs. Tommy Lee.

USERS OF SWIMMING POOL ARE SUPPOSED TO PAY

Aubrey Denman, manager of the County Swimming Pool here, said this week that some swimmers, particularly early in the morning, have been using the pool without paying the admission price of 15 and 35 cents each time he uses the pool.

He asked the cooperation of everyone in taking care of this matter.

Mr. and Mrs. Tommy Lee have moved here from Winnie and are living in the rent house of Mrs. George Thomas next door to the Methodist Church. He is working for West Texas Utilities at the Oak Creek plant.

New Tax Exemptions

William Hollis is the new son of Mr. and Mrs. R. J. Millikin of Blooming Grove. He was born July 9 in a Corsicana hospital and weighed 8 pounds, 15 ounces. He has a brother, Jim, and a sister, La Crisia. Grandparents are Mrs. Willie B. Millikin of Bronte and Mrs. Flora Bell Hudson of Nederland. Mrs. J. W. Anderson of Bronte is a great grandmother.

Mr. and Mrs. J. W. Spurlock of Athens visited in Bronte Sunday and Monday with friends.

BE PROUD OF THEM

Our children should be our most valuable possession. When they are happy, we are proud of them; when they are well, they are happy. See to it that they receive proper attention when they complain about headaches, upset stomach or other discomforts. A prompt diagnosis and proper medication by your physician may correct any ailment and keep them healthy. If we may be of service, we would appreciate the opportunity to serve you—their health is our business.

We have a supply of Federal gasoline tax refund forms. If you have a claim due and did not receive the form from the Revenue Service, we can furnish you with a copy.

The qualifying period is July 1, 1964, through June 30, 1965. You may apply for the refund during July and August.

Sterling County continues to be bothered with screwworms. But the number has been reduced considerably. Our last report lists two cases from Sterling County and twelve from the state. The previous report showed 39 cases in the state that week.

The hot, dry weather should help keep screwworm numbers down. Nevertheless, we need to keep on guard for possible cases in Coke County.

The Coke County 4-H Club Rally Day will be held at the Bronte Park on Friday, July 23. Every club member in the county is invited to be present to participate in the recreation, craft work and planned program. The day will end with an evening program and vesper service.

The hot and dry weather has changed our pastures rather drastically. But, possibly the same conditions have helped the cotton farmers. To date the cotton insect situation has been favorable. Had the rains continued this might not have been true. We sure would like to see a good rain, but it could bring on a build-up in cotton insects.

National Farm Safety Week this year runs from July 25-31. This is the 21st year the week has been observed. The Texas Farm and Ranch Safety Council urges everyone to observe safety week and to "stay alive in '65."

If you move your farm implements on main highways, there's a new reflectorized - fluorescent emblem you can buy to warn high speed motorists to slow down for you. It's good day, dusk, or night and in most kinds of weather.

Many accidents are caused simply because the ordinary motorist often does not realize that the object on the road ahead is moving as slowly as it is until it's too late to avoid hitting it. That object could be you. The National Safety Council says that accidents could be reduced substantially if the SMV emblem were used by slow-moving vehicle operators and recognized by motorists nationwide.

The new triangle-shaped emblem, designed by Ohio State University agricultural specialists, can be easily mounted on most farm equipment. Highway maintenance and construction machines can use it too. It's to be used ONLY on vehicles designed to travel 25 miles per hour or less.

The center of the SMV emblem is fluorescent yellow-orange and the outside border is reflective red material. It's inexpensive, durable, available, and movable and does not interfere with your operation of the equipment.

The Coke County Farm Bureau plans to encourage operators to use the new emblem on all slow moving vehicles.

Recent visitors of Mrs. S. M. Mackey were Mrs. O. H. Smith of Dallas and Mrs. Lyda Moore of Kermit. Both ladies are old friends of Mrs. Mackey.

Miss Daisy Ann Hickman from Pierre, South Dakota is visiting her father, Robert Hickman. She came to Texas with Mr. and Mrs. W. A. Hickman and family who are visiting Mrs. Hickman's parents, Mr. and Mrs. Bob Jordan, at Blackwell.

LETTERS TO THE EDITOR

You will find enclosed three dollars to renew my Bronte Enterprise for one year. The writer used to live there and I see names of lots of people I knew, so really enjoy the good paper.

Your friend,
Mrs. W. R. Traweck,
Rt. 2, Tahoka, Texas.

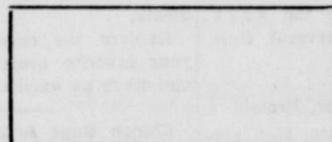

Miss Hettye Clark of San Antonio has been visiting here in the home of her sister, Mrs. Robert Knierim and with her brother, W. C. Clark. She returned to her home Tuesday.

Mrs. Vernon Glenn of Amarillo, formerly of Bronte, underwent medical treatment last week in Ballinger Hospital and after her release visited a few days here with relatives. She returned to her home Tuesday.

Mrs. F. S. Higginbotham has returned from a five day visit in San Antonio with her daughter, Mrs. H. A. Fitzhugh. She was accompanied by her granddaughter, Miss Patsy Sayner.

Take a Look at the Ads.
A little time spent in reading them is time well spent.

The Big Inch

The ruled box above is a one-inch ad. It measures one column wide by one inch deep. It costs advertisers 60c.

It looks kinda lonesome by itself.

But look at it this way.

What you get when you buy a one inch ad in the Enterprise is not just a single inch of space in the paper, but one inch multiplied by 900 copies weekly.

So you are really buying 900 inches, which at 80 inches a page would be more than 11 full pages of printed newsprint.

That's a mighty big chunk of space for a cost of only 60c. And that price includes delivery to the reader. Just imagine the cost of reaching all those Enterprise families by postcard. It would amount to \$36.00 just for the postage. But the Enterprise does it for a mere 60c.

So you can see that a little one-inch ad is really a pretty BIG inch when it's advertising space in the Enterprise. And the figures show that it's the most effective and economical way possible to let people in this area know that you have wares and services they could use.

Call 473-2001 and let us show you how a little Big inch can wake up sales for you.

Going fishing? Here are some helpful hints from the Salt Institute of Chicago, Ill., on how to preserve your catch.

Fish can be kept in good condition for as long as 24 hours without refrigeration if they are bled, cleaned, washed and salted as caught. Use a fine grade of pure salt, mixing in a tablespoon of pepper for each cup of salt. Rub the salt into the flesh, using about one tablespoon to three-quarters of a pound of fish. Dust some salt onto the skin as well.

Place the salted fish in a box or basket loosely packed with green leaves. Then cover the container with several thicknesses of burlap. Keep the burlap damp. Rinse the fish well before cooking.

To keep fish as long as a week or ten days, roll them in salt and pack away with as much salt as will cling. Before cooking them, soak the fish in water for about 10 hours to remove the salt. Change the water several times during the soaking.

You don't have to waste any part of the cheese you buy. Cut off only as much as you need each time you use it. Store the rest of the cheese tightly wrapped in paper or a clean cloth.

Use promptly before the cheese dries out. Cheese may mold without spoiling. If it does, scrape off the mold and use the rest.

A knowledge of cheese is a handy thing to have. Distinct groups of cheeses number about eighteen. Don't be alarmed by the fact that there are 400 varieties of cheese in these groups. Many of the same or similar varieties are known by different local names.

When cooking cheese, go easy with the heat. Cheese melts completely and spreads its good flavor through the whole dish when cooked over low heat. Cooked too quickly, cheese gets tough and stringy.

To speed up the melting and blending of cheese, cut it into small pieces before you heat it by breaking, grating, slicing or shaving it thin. Whenever possible, mix the cheese into a sauce before adding it to other ingredients.

Explore the cheese counter in your favorite grocery store soon, and have an exciting adventure.

Chinch Bugs Active in Lawns
If homeowners notice yellow or brown patches in their St. Augustine grass lawns, they should check for chinch bug infestation. Many severe cases of lawn damage by chinch bugs have been reported in Texas this year. Chinch bug damage is usually caused by nymphs (young) which congregate on sheaths of lower leaves and suck juices from grass plants. This results in wilting and eventual death of the grass.

Adult chinch bugs are one sixth of an inch long, have black bodies, reddish yellow legs and fully developed wings. Newly hatched nymphs are bright red with a whitish band across the back.

If chinch bugs are present in sufficient numbers to cause yellow or brown patches to appear, they can usually be found by parting grass in damaged areas and making close observations. They will appear as small black or red

bugs with white marking on their backs.

A gallon can with both ends removed can be used as a sure detection for chinch bugs. This is done by forcing one end of the can two or three inches into the ground and filling it with water. Any chinch bugs present will float to the surface within five minutes. The can should be placed at the edge of the damaged area.

Control measures should be started immediately if chinch bugs are found. Ethion, Trithion and Diazinon are among several insecticides which may be applied either as a spray or dry granular form. Lawns should be wet when sprays are applied. Granular forms do not require lawns to be wet when applied, but they should be washed into the turf mat after application.

The entire lawn should be treated thoroughly, giving particular attention to areas obviously infested. Continued observation for chinch bugs should be made because one insecticidal treatment rarely prevents damage for a whole season.

The adult human body contains approximately fifteen gallons of water and requires two gallons of water daily to maintain it.

There is strong evidence that continued exposure to sun weathers and ages the skin. Other than the psychological uplift of sporting a good tan, the primary benefit of sunlight is the formation of Vitamin D which is already supplied in ample amounts by the daily American diet.

It is estimated that the average person consumes approximately ten tablespoons of fat in the daily diet.

Are you interested in something different for your barbecue meals? You should enjoy this recipe for Barbecued Spiced Bananas.

Peel one or two bananas per person. Cut foil large enough to wrap the bananas in and lay the bananas on them. Brush with lemon juice and sprinkle with brown sugar. Dot with butter. Throw in a dash of cinnamon or nutmeg if you desire. Wrap bananas. Lay in coals for five minutes.

On days when the heat is unbearable, people go to the lakes or beaches to be cool and comfortable. The cool breeze of the lake or sea shore is air in motion that has been cooled by the process of water evaporation. This same process is created by a Paramount Evaporative Cooler. The large squirrel cage blower continuously pulls outside air through wet redwood filters thereby lowering the temperature through evaporation of water in the filters. This cool, fresh, filtered air is then directed into the area to be cooled.

Some of the advantages of a Paramount Cooler are:

- Low cost of equipment, operation and maintenance
- Quick and easy installation
- Maximum comfort at all times
- 100% fresh, cooled, filtered air
- Fresh air ventilation, without cooling, for spring and fall—just turn off the water

See the Paramount DeVille evaporative cooler at your WTU Showroom.

COMMUNICATIONS — Your Tool for Progress

**In case of fire,
this telephone rings the alarm**

In many of our towns, fire protection comes from a volunteer fire department. An effective communications system summons these volunteers by ringing all members' telephones at the same time. What's more, it is a distinctive ring which means "FIRE!" and brings firemen on the run. Here is another example of how Communications becomes a Tool for Progress—a communications service of great value to every town with a volunteer fire department.
