Labor Day Celebration Plans Completed

Recreation Funds Available

Federal funds to match local funds are available, according to a report this week from County Judge W. W. Thetford. The judge contacted Mayor Royce Lee and requested that he call a meeting

JP Busy with Two Wrecks and Other Matters Past Week

Precinct 2 Justice of the Peace J. T. Liles has been busy the past week taking care of charges which grew out of two automobile accidents and other matters.

An accident at the intersection of Randall and the park road late last Thursday afternoon damaged two automobiles, but no one was injured. A Cadillac belonging to Dr. John R. Harris and being driven by Jake Henry Jr. collided at the intersection with a Chevrolet driven by Mrs. Janie Hammond. Judge Liles assessed \$16.50 fines against both parties. Henry was fined for failure to yield right of way and Mrs. Hammond was fined for not having a valid drivers license.

Another accident occurred Saturday morning at the corner of Main Street and East Railroad. Involved were automobiles driven by W. D. McAdams of Robert Lee and Roy Barrett of Roscoe. McAdams was attempting to pass Barrett and before the McAdams car was around, Barrett started making a left turn, forcing McAdams off the road. His car came to rest against a power line pole at the corner of the intersection. McAdams was fined \$16.50 for passing within 100 feet of an intersection and Barrett was fined \$16.50 for not signaling a turn.

Other fines were assessed during the past week against the following individuals for the charge indicated:

Charles Cox, Waco, \$16.50 for running a stop sign.

Henry Garvin, Abilene, \$16.50, for speeding.

Robert Hugh Sims, Bronte, \$23.50 for assault and battery.

Billie Joe Insall, Lampasas, \$16.50, for running a stop sign.

Edgar Opal Wittie, Abilene, \$16.50 for operating an overwidth vehicle.

Warner H. Badger, Snyder, \$16.50 for running a stop sign.

to decide on what improvements are needed at the local county park, since the county has some \$30,000 available for this purpose.

The meeting was held Monday night in the city hall and the good sized crowd present voted to ask for a community center and stock show barn.

The mayor and E. F. Glenn, chairman of the park board, met with Judge Thetford Tuesday morning and an application was worked up setting forth Bronte's request.

It was reported that a meeting was held Tuesday afternoon in Robert Lee and it was decided the best way to handle the matter would be for a Coke County delegation to go to Austin and confer in person with the chairman of the Texas Park and Wildlife Commission. Purpose of the meeting would be to work out a long range program for park and recreation in the county.

Council Meets, Too

Following the meeting Monday night of interested citizens, the city council held a short meeting. Raymond Sanchez was hired to collect garbage for the city, succeeding J. G. Mills, who resigned effective Sept. 1. The council also discussed prices for water which is sold for oil well drilling, but deferred action until a later meeting.

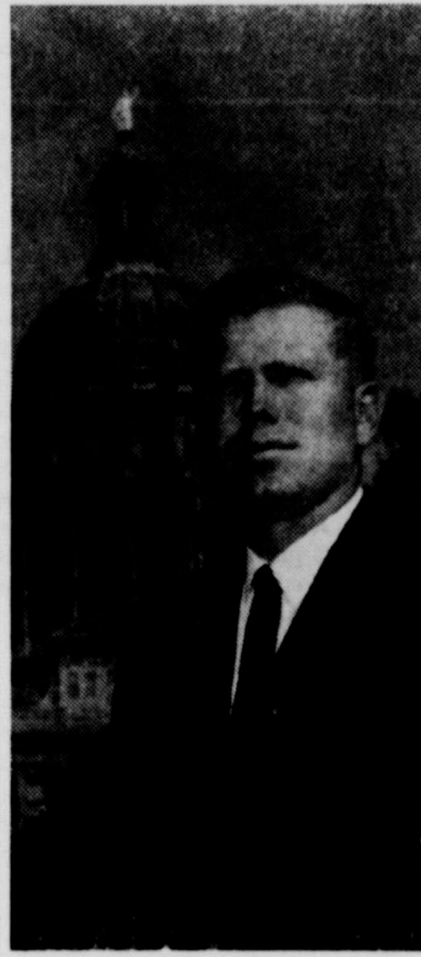

The council voted to charge \$5 per transport load and \$3 per bob-tail ruck load for water sold out of the overhead storage here in town. Any water used to fill a tank of less than 35 gallons will cost five cents per barrel.

The council specified that only garbage which is placed in a barrel will be picked up. Members urged that all residents secure a barrel if they do not have one. Anyone having tree limbs, lumber scraps, and other bulky or heavy material which they wish hauled off will have to make special arrangements with the garbage collector and pay for the hauling.

ROBERT LEE BARBECUE

The annual Football Barbecue sponsored by the Robert Lee Quarterback Club will be held Saturday night, Sept. 4, beginning at 6 p.m. The feed will be held at the football field.

Bronte residents are invited.

BEN BARNES

Longhorns Rated Second in District By Daily Paper

A page long feature on District 8-B football prospects in Tuesday morning's Abilene Reporter-News gave Bronte Longhorns second place rating in district competition for 1965.

Fans will have an opportunity to see the Longhorns in action again tonight, when they travel to May for a return match with the Bulldogs. The May squad visited here last Thursday night, and the action looked good for the Longhorns. The scrimmage tonight will start at 6 p.m.

First official competition will be next Friday night, Sept. 10, when the locals will travel to Ozona for a battle against the Lions. First home game will be Sept. 17 when Eden comes here.

Coaches Cecil Toliver and James Raughton have been putting the boys through some leather popping sessions this week, and say they will try to have them in good condition by time for the season opener.

At least 1,000 persons are expected Monday at Bronte's annual Labor Day barbecue and program. The annual affair has grown each year since it started. High point of the evening, at least besides the supper, will be a talk by the Hon. Ben Barnes, speaker of the Texas House of Representatives.

Food for the affair will be furnished by Bronte businessmen, organizations and individuals. Everyone in the area is invited to attend.

Aubrey Denman, caretaker for Bronte County Park, is in overall charge of the Labor Day celebration. He will be assisted by the Bronte Jaycees, who will be in charge of preparing salad and slicing meat; Bronte Lions, who will take care of tables and placing of food on them; Bronte Fire-

men, who will be in charge of parking automobiles; and E. F. Glenn, who will be in charge of desserts. Women of the area are requested to bring desserts. All other food will be furnished.

The program will get underway at 5:45 p.m. with Edward M. Cumbie serving as master of ceremonies. Boy Scouts will be in charge of a colors presentation ceremony and Bronte School Band will play the National Anthem. Mayor Royce Lee will give a short welcome address. The invocation will be given by Cecil Cox, Bronte Church of Christ minister. Serving of the meal will be next item on the program.

A program, beginning at 7 p.m. will feature a song by Janet Lee and Bennie Carol Oglesby, followed by acknowledgements and recognition of visitors. Another song, by Jerry Den Holcombe and Margi Oglesby, will be given. The Mayor will introduce Speaker Barnes, who will then address the crowd. A gift of appreciation will be presented Barnes by L. T. Youngblood. The benediction will be given by the Rev. Harry Morris, pastor of First Baptist Church.

Outstanding Speaker

Speaker Barnes, who is only 27 years old, provided dynamic leadership for the past session of the Texas House of Representatives. He was born April 17, 1938, in Eastland County. He graduated from DeLeon High School and attended Texas Christian University, Tarleton State College and the University of Texas. He graduated from Texas, studying business administration and law.

Barnes entered his first political race in 1960 at the age of 22. He was elected representative of the 64th district, composed of Brown, Coleman, Comanche and Runnels counties. In his third term in the House, he was unanimously elected speaker, the youngest man to assume the Speaker's chair since 1870.

Speaker Barnes will make a talk Monday morning in Dallas, then fly to San Angelo, where he will be met by a delegation from Bronte. He will return to Austin Monday night, since he has a committee meeting early Tuesday. Plans are for Mrs. Barnes to accompany her husband here.

Local citizens who know the Speaker say that Bronte is exceedingly fortunate in securing him for a speaker for this year's Labor Day celebration.

Brian Richards to Get Eagle Award At Court of Honor

An Eagle Scout Court of Honor will be held at 12:30 p.m. Thursday (today), honoring Brian Richards, son of Mr. and Mrs. C. O. Richards. The court will be held in the sanctuary of First Methodist Church.

The conferring of the Eagle award on young Richards will be held in conjunction with a regular meeting of Bronte Lions Club, sponsor of the local boy scout troop.

Elmer Hurley, president of the club, urged that all Lions be present for the luncheon which will be held prior to the court of honor. A number of out of town visitors are expected, Hurley said.

The Eagle award, which goes to a small percentage of Boy Scouts because of the rigid requirements, is the highest rank which can be attained in the Boy Scouts of America program.

JAYCEES TO MEET

Bronte Jaycees will meet for a regular meeting Tuesday, Sept. 7, at 8 p.m. in the City Hall.

Jaycee president George Latimer said that all members are urged to attend as a new slate of officers will be selected or nominated. The election will be held at the Sept. 21 meeting.

All dues must be paid before the Sept. 7 meeting, Latimer said. They should be paid to him or to James Carroll.

489,000 Acre Foot RL Lake Approved

The permit to build a 489,000 acre-foot lake on the Colorado River above Robert Lee was approved Wednesday morning by the Texas Water Rights Commission, after many months of discussion and legal fencing between the Colorado River Municipal Water District and opponents of the permit. Main objector to approval of the permit was the Lower Colorado River Authority. Vote to approve the permit was unanimous.

Approval of the Robert Lee dam permit was the first official action taken by the new Texas Water Rights Commission. The Texas water agency has been known for years as the Texas Water Commission and assumed the new name and started operating under

new regulations Sept. 1. Had the permit been acted upon Tuesday under the old setup, the losing side would have had 120 days to appeal the decision. However, since the permit was approved after Sept. 1, LCRA has only 30 days to appeal the decision of the commission.

Hearings on the permit began in December 1964 and lasted until after the new year. A number of delays have been granted to allow LCRA to prepare objections to the permit, and much dickering has taken place in an effort to reach an agreement by CRMWD and LCRA. The negotiations continued through the summer and last Monday the water commission mailed copies of the proposed permit to all parties in-

terested. Aug. 27 was set as the deadline for filing objections to the permit.

Actually the approval of the Robert Lee Dam Wednesday amounted to okaying a change in a permit which already had been granted to CRMWD. The West Texas water organization had a permit to build a dam in southern Mitchell County and sought to have it amended to move the location to a site above Robert Lee and to increase the size of the lake to be impounded.

Some figures on the big lake show that its storage capacity would be 489,000 acre feet. A rule of thumb is three acre feet to a million gallons, which would allow storage of 163 billion gallons of water. The lake would cover 14,950 acres when filled, have a

maximum width of 19,000 feet, and an average width of 6,873 feet.

At capacity the lake would have an average depth of 32.7 feet, and the maximum depth at the dam would be 104 feet. About two dozen oil wells will have to be put in the dry and eight miles of Highway 158 will have to be relocated.

The dam would be 20,400 feet long, 784 feet wide at the base and 20 feet wide at the top. It would have a trench through the base to solid, impervious material and have a clay core through the center of the dam. It would contain 9,208,000 cubic yards of earth and would be of rolled earthen embankment type, with gated morning concrete spillway with

control gates for the top 20 feet. The service outlet, which would go through the base of the dam, would be 10 feet in diameter.

Cost of the project would be nearly \$13,000,000. This does not include cost of the pipeline to the West Texas cities which would be served by the lake. Plans call for developing the pipeline in stages as the need arises. Pipeline costs may reach \$22,500,000.

By way of comparison on the size of the lake it would not be as large as Lake Buchanan (992,000 acre feet), Possum Kingdom Lake (724,000 acre feet) or Three River Lake (600,000 acre feet). It would be larger than Lake J. B. Thomas (203,600 acre feet), North Concho Lake (396,000 acre feet), Lake Nasworthy (12,390 acre feet),

Non-Stick Utensils Easy to Use

The newest cookware utensils have a slippery, non-stick plastic surface which makes them a joy for the homemaker to use and wash.

Except for the tubed cake pan, all non-stick utensils should be conditioned the first time they are used by wiping with cooking oil or shortening. An occasional oiling thereafter will improve their use when they appear dry.

The use of fat in cooking is optional in top-of-range utensils. Eggs will cook without the addition of fat, but the appearance and flavor is improved when the non-stick skillet is very lightly greased.

Most meat has enough fat in itself for flavor and browning and requires no additional fat when it is cooked in a non-stick pan. Muffins lift right out of non-stick muffin cups. With cupcakes, however, it is necessary to grease the cups first.

Tender products with high sugar content, such as butter cakes, have a tendency to stick and tear unless the pans are greased first. Yeast breads and quick breads release from an ungreased non-stick pan, but the pan has to be greased to bake a butter cake or a layer cake.

Angel food, sponge and chiffon cakes bake to the same light volume in a non-stick pan as in an uncoated one. The cake is inverted to cool and has to be loosened with a rubber spatula in the same way as in an ordinary pan.

Do not grease the pan for cookies which contain shortening, but grease will be needed for meringue cookies which contain no shortening. The egg poacher cups will have to be greased lightly to insure easy removal of the eggs.

The non-stick coated casseroles, waffle and grid irons offer great advantages when it comes to cleaning. Hot foods seem to release better from non-stick pans than cold ones.

Remember to use nylon coated, rubber, wood, all non-stick and plastic coated metal spoons and spatulas with your non-stick coated cookware.

Food's Still A Bargain

Food prices have risen less than prices of most basic family needs, although overall, families are eating better now than ever before.

Since 1947-49, the retail price of food has gone up only 15 per cent, whereas non-food costs have climbed 35 percent across the board.

Why is food such a bargain? It's because one farmer can now produce enough to feed and clothe 31 other people, compared to 15 people in the 1947-49 period.

Because a more efficient food marketing system turns out nearly one-third more marketing services per worker than it did 15 years ago, food today is economical. Increased efficiency throughout means less rise in marketing costs.

We spend a lower percentage of our take-home pay than ever before for food — 18.5 percent compared with 26 percent 15 years ago.

We can buy higher quality food with more built-in convenience than ever before. And this is just what busy consumers demand.

Fall Gardens Provide Exercise

An enjoyable outdoor season still remains for those who desire exercise, fresh air and good crisp vegetable. And they can all be obtained from the same project.

Referring to fall gardens, growth of most vegetables is not slowed by autumn's temperatures. In fact, many vegetables thrive in cooler surroundings.

With proper planning, gardeners can produce beans, cucumbers, squash, tomatoes, cabbage, radishes, broccoli, carrots, watermelons, cauliflower, turnips, spinach, peppers, onions and collards until the first heavy frost.

The first step in planning a fall garden is to decide which plants grow best in the particular locality. Proper planting and transplanting dates and the amount of each vegetable to be planted are also important factors.

Tomatoes, broccoli, cauliflower, cabbage and pepper plants should be transplanted by about Sept. 1. Cantaloupe and watermelons need relatively high temperatures for ripening and should be planted according to local climates.

Onions should be seeded in early September and thinned for use in the green stage. Plants left over can be grown throughout winter for mature bulbs. Other fall garden vegetables should also be planted by early September.

Three hills of squash will usually supply an average family. A half dozen tomato plants, staked and cared for properly, are sufficient. Turnips, mustard and spinach can be planted in small plots at various intervals for a continuous supply throughout the season. A dozen plants each of cabbage, broccoli and cauliflower, and a 6-foot row of radishes should meet a family's needs.

A 30-foot row of beans is enough unless excess canning or freezing is planned. These can also be "staggered" to produce a continuous supply.

Food Marketing Ideas

At many supermarkets, large and medium size eggs are about equal in value this week. For greatest satisfaction, buy Grade AA and Grade A quality eggs and keep them cool to preserve their quality.

Prices of fryers are about the same as those of last week, making them among the best protein values. For top quality, look for the USDA Grade A shield on the label. Poultry of this grade must be well-fleshed, meaty, well finished and the appearance must be attractive.

Beef costs have eased downward a bit and more declines are expected by some forecasters. Limited supplies of pork cause prices to continue upward, but don't let current high prices on bacon, sausage, and some other pork items cause you to feel that all prices are following this trend.

On an average, about 25 percent of the food dollar goes for red meats, with an additional eight percent or so for poultry items. As a result, price changes on meats and poultry are of real significance and make an impression on the food shopper.

Careful shopping with a look to the various "specials" provided by retailers will reveal a number of current "good buys" in meats. Among these include steaks, ground beef and popular chuck roasts and steaks, round cold cuts.

New crop apples are now coming to market. These are mostly tart apples, excellent for making apple sauce or apple pie. Italian prunes, Santa Rosa plums, seedless white grapes, cantaloupes and watermelons are good fruit choices. Nectarines, lemons and limes are also good.

Fresh vegetables are plentiful for this season of the year. Among the best are eggplant, blackeye peas, crowder peas, green beans, okra, corn, squash, sweet potatoes and cabbage.

Permits Required For Employment Of Those Under 16

Austin. — Charles H. King, Jr., Commissioner of the Bureau of Labor Statistics, reminded Texas business men that if they expected to employ any child under the age of 16 during the approaching school term, it will be necessary for them to comply with the laws of Texas concerning the employment of Children.

King said that the "Child Labor Law" requires that any person who employs a child under 16 from Sept. 1 to June 1 must keep posted on his premises a "Child Work Permit." These permits are procured from the local County Judge who generally requires before issuing such permit proof of the child's age; that the child has completed the 7th grade in a public school; a physician's certificate that the child's health is good or adequate; and facts to show that the child's parents are in economic stress.

The 58th Legislature amended the laws of Texas concerning the employment of children prohibiting employment of any child under the age of 14 from September 1 to June 1 of each year and removed the exemption to the law previously given children hired in agriculture, thus bringing children hired on farms, ranches, or dairies under the provisions of the law, unless such child is working for his parents on their own farm.

Rev. Glayron Rees of Webb City, Mo., recently spent several days in the home of his brother, Wade Rees, and also visited in the home of Mrs. Robert Knierim.

Mr. and Mrs. Earl Box and Edna Earle, accompanied by Mr. and Mrs. Johnny Dyer of San Angelo, made a trip to the coast the weekend of Aug. 20. They went to San Antonio and Houston and visited Mr. Box's sister and husband, Mr. and Mrs. Clyde Bryant at Giddings. They also visited Mr. and Mrs. Joe Box at Lott.

CARD OF THANKS

At a time such as this, words seem empty and meaningless when I try to express my thanks to everyone who was so nice to me while I was sick in the Shannon and Bronte hospitals. I especially want to thank Dr. Harris and the entire hospital staff for taking such good care of me. I want to thank the ones that called to see me and the ones that called at the house, the ones that sent flowers, gifts, and cards, and the ones that sent food to my family; also the ladies that cleaned my house. God bless and keep you. Irene Keesee.

ELECTION OF ASC COMMITTEE NOW IN PROGRESS

Ballots have been mailed to all eligible voters on record for the election of 1965 committeemen. Voted ballots should be mailed or returned to the ASCS office in person not later than Wednesday, Sept. 8. The ASCS office is in Robert Lee.

Ballots will be tabulated by the County ASC Committee at the ASCS office in the courthouse Sept. 10. The public is invited to be present for the counting of the ballots at 10 a.m.

Committeemen from three sections of the district will be elected.

Eligible voters who lost their ballots or failed to receive one, may get one at the ASCS office.

The nominee receiving the highest number of votes will be elected chairman of the community committee.

The County convention that annually elects the County Committee will be held Sept. 22 at 1 p.m. at the court house.

Mr. and Mrs. J. Robert Knierim of San Angelo visited Saturday with his mother, Mrs. Robert Knierim.

Mr. and Mrs. O. R. McQueen honored their grandson, John McGuire of Ballinger, on his sixth birthday with a family dinner at the McQueen home last Sunday. He is the son of Mr. and Mrs. Paul McGuire.

Amendment Election Set For Tuesday Sept. 7

A statewide election will be held next Tuesday, Sept. 7, to vote on amendment to the Texas constitution.

Regular voting boxes throughout Coke County will be open so residents may cast their ballots.

The ballot lists the proposition as FOR or AGAINST the Constitutional Amendment increasing the membership of the State Senate from 31 to 39 members, retaining the present membership of the House of Representatives, requiring apportionment of the Senate according to population, and deleting the limitation that no single county is entitled to more than one Senator.

In the Horace Grigg home last week visitors included her mother, Mrs. Gladys Pulis of Berino, N. M., and the Jack Bailey family of Perryton.
