**VFW NEWS**

By MARY EDNA HENDRIX  
Darrell McClung is becoming a weekly visitor at the library. Last week he came over and brought his mother-in-law, Mrs. Tyline Perry.

★  
LAST WEEK was exciting but just a little hectic at times!! Some more furniture came in for the library and as they were moving it in the children started coming in for Children's Story Hour. Verletta Witt told several stories to 20 children with Pat Day helping.

Just as the children left, the women started bringing their arrangements for the Dimmitt Garden Club Flower Show. The theme for this show was "Floral Tribute to Books". Each arrangement had its own theme and a book was used with each flower arrangement. Some of the interesting ones were:

"War and Peace" — Black and white flowers.  
"Where the Red Fern Grows" — red fern.  
"The Ivy Tree" — Flowers and ivy.

"Wings in the Meadow" — driftwood with flowers and a butterfly.

"WILD HORSE Mesa" — desert scene with a horse.

"Deep Summer" — brown driftwood with gold marigolds.

"This Land We Hold" — arrangement of corn and leaves.

"Thoreau's World" — dried arrangement in a tobacco can.

★  
IN THE children's department some of the arrangements were:

"Cat in the Hat" — cat figurine with white flowers.

"Little Miss Muffet" — arrangement with a little girl, a big black spider and flowers.

"Pennsylvania Dutch Stuff" — table setting with ivy and coles.

"Lone Star" — gold flowers to form a star with flags of Texas.

"Owl" — Big arrangement of owls and green leaves.

Esta Vandiver was chairman, with Myrtle Shelly, Mrs. Bill Behrens and Mrs. David Behrens helping.

We hope this show will encourage several to start using the library!!

## Producers face new rules in same game as costs and prices rise

"Who's on first, what's on second?"

"SOME FARMERS and ranchers may be in a quandary over the present state of affairs, but the ball game hasn't changed — just the rules," says Cecil Parker, economist with the Texas Agricultural Extension Service.

"For the first time in a long while, agricultural producers find themselves in a situation

where both costs and prices are rising. In recent years, production costs have risen while prices received for agricultural products remained generally stable. But now prices are also moving up and producers are finally seeing the outcome of the ball game in a different light."

The economist points out that farm prices, costs and demands for farm products have reached a new plateau during the first half of 1973. Put how long will this situation continue?

Parker expects present conditions in the farm economics picture to continue until at least 1975. "Record crops are expected this year and in 1974 and there should be no drastic change in domestic and foreign demands for agricultural commodities during the next two years."

According to the economist, US farmers could realize a gross income of about \$85 billion this year. This would be a 23 percent, or \$19.5 billion, increase over 1972. Of course, production expenses have also shown a record increase and could be up about \$12 billion by the end of the year.

**DURING THE first six months of 1973, costs of farm-originated production inputs — feed, seed and feeder cattle — averaged 35 percent above the first half of 1972.** At the same time, production inputs of non-farm origin — fertilizer, fuel, equipment — increased only 7 percent during the first half of 1973 compared to the same period last year.

What do the coming months hold as far as farm costs are concerned?

"Record crops this fall should lower feed costs somewhat," believes Parker. "However, the prices of those input items not originating on the farm will continue at a high level and may even increase due to increased production costs."

## New rights carry responsibilities

Among the legal rights Texas' 18-year-olds recently received is the right to sign legally binding contracts.

"ALTHOUGH this right received less publicity than some others, it seriously affects older teens," Mrs. Doris Myers, with the Texas Agricultural Extension Service, noted.

"Those in the 18-21 year-old age groups will face increased pressure to buy items on installment or time-payment plans."

"College seniors have long been subjected to strong sales pitches for pots and pans, silver, china, life insurance and other trappings of 'adult life.' Now the pressure shifts to underclassmen and high school seniors."

Before Aug. 27, when someone under 21 signed a contract to purchase an item, the contract wasn't legally enforceable, the specialist continued.

"NOW, 18-year-olds will be held responsible as adults."

"Married teenagers, on the other hand, have been considered adults — regardless of age — for some time in Texas."

Mrs. Myers advised young adults to think carefully before signing contracts for home furnishings, insurance, new or used cars, and items on installment plans.

Remember — rental leases are also binding, she added.

"ALWAYS READ — and understand — a contract before signing it. Ask questions if any part isn't clear."

"It's extremely important to know the total cost of an item, including credit — annual percentage rate and dollar cost."

"Also, determine penalty charges for late payments and whether repossession for non-payment is a possibility."

"Never sign a contract with blank spaces — or one filled out in pencil," the specialist emphasized.

**BEFORE SIGNING** any contract, consider how much money you have, as well as how much is spent for other things on a regular basis. Be sure some is left over for emergencies.

"In contracts — as in voting and other majority-age privileges — legal rights carry responsibilities."

**KNOW WHERE** the home's main gas and water valves are located — and how to close them. If you think you smell gas, close the valve, open the windows and call the gas company immediately, says Patricia A. Bradshaw, housing and home furnishings specialist, Texas Agricultural Extension Service.

## Which Way Patriotism?

"What shocks us most is that the United States has become so weak that it has to shock us. We find not only that the dollar is flabby but more basically, there is inflation, reduction in your labor production and in the quality of the goods we buy from you."

The underlined part should be shocking to every American, for this was said by Yasuhiro Nakasone, Japan's Minister of Interior, Trade and Industry. It is rather a wry comment, too, because prior to World War II Japanese goods were known for their inferior quality, but in their postwar reconstruction period the country went for quality.

As is known, a major problem facing this nation is the trade deficit, largely due to the fact that the United States is not competitive enough in world markets. This logically leads to reflections on what constitutes true patriotism.

Further reflection along this line leads to the conclusion that many American labor leaders are in a most paradoxical position. While they supported the Vietnam war as a fine patriotic gesture, they have refrained from preaching another form of patriotism, and that is pride in production, and craftsmanship.

It is well and good to support the American military posture, but all patriotism is not expressed in terms of uniforms, battle flags flying, and shot and shell bursting in air.

## Retail grocers to meet Friday

Discussions on food marketing and distribution will highlight the Second Annual Retail Grocers Seminar at Texas A&M University tomorrow (Friday).

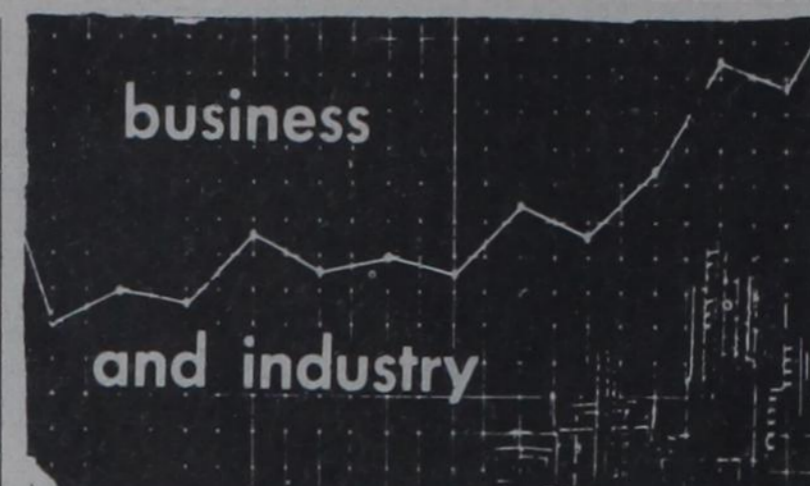

**THE SEMINAR** will begin with registration at 8 a.m. at the Holiday Inn No. 2 in College Station.

The morning session will begin with a welcome address by Dr. John E. Hurchison, director of the Texas Agricultural Extension Service.

Featured speakers at the session will include Dr. William Vastine, Extension economist in marketing and food distribution; Dr. Harold Kicker, marketing specialist for the U.S. Department of Agriculture; Herman Wainwright, with the Texas Retail Grocers Association; and Mrs. Barbara Bancroft, consumer specialist for Lewis and Coker Supermarkets.

Vastine will discuss "Food Industry Trends and Prospects." Ricker will present an update on "Food Distribution Research." Wainwright will direct his remarks to "Training Needs," and Mrs. Bancroft will discuss "Consumer News and Views."

**THE AFTERNOON** program will feature discussions on "Boxed Beef." Advantages and disadvantages at the retail and packer levels will be discussed by Dr. Zerle Carpenter, professor of animal science at Texas A&M, and Maury Kreiger with

## Triticale will be vital to help avert mass starvation in world

Triticale, a man-made cereal grain hybrid of wheat and rye, will be vital to help avert mass starvation in the world, and its appearance on the stage of history is indeed providential, according to Elliott Haynes, executive vice president of Business International, New York.

"TECHNOLOGY alone cannot rescue human situations. People's attitudes must also change. The usual experience is that a problem arises, the technology to solve it develops, but this technology is not applied for a generation or more because of absence of will and residual outmoded attitudes," said Haynes.

"The producers of triticale are caught up in a grand enterprise," Haynes told the group. "In pursuit of their goal of bringing more and better nutrition to the world's natives, they will of necessity become increasingly involved in social change in trade and monetary policy, in economic development and in the creation of new international institutions and concepts surrounding these subjects. They will be challenged to recognize the practical meaning of economic interdependence among nations, to seek, not the national interest of the US, but the common interest of all countries," said Haynes.

If North America and a few other areas of the world will have to supply triticale to the world, then the first obstacle to be overcome is that of trade barriers, Haynes said.

Haynes reported that triticale advocates should be pushing for policies which will rationalize trade in temperate farm products and permit freer international trade in them.

**THE US** and other developed countries should aid underdeveloped countries in creating exports and earning capital and building their own agricultural development to meet more

are the best "Crop Insurance" you can buy!

Save up to 90% of downed crops with a Hesston Row Harvester. In fields considered lost to conventional harvesting methods, the Hesston Row Harvester has demonstrated that it can "save" downed crops. It can pay for itself many times over in just a single drought-lodged field, or one leaning or even flattened by storm.

In normal harvesting conditions the Hesston Row Harvester eliminates reel shatter and "slobber." Experience in the heavy sorghum areas shows that you get more grain with the Row Harvester than you get with straight combining...enough in fact, to more than pay for one quickly.

## Birthday dinner honors residents

A dinner was held Sunday at Odd Fellows Hall to celebrate the birthdays of Corby Moore, Omega Johnson and J. B. Moore.

Other guests included Mr. and Mrs. Gene Johnson and family of Dimmitt, Russell Johnson of Lubbock and Mr. and Mrs. Ray Wilbank of Lubbock.

Those attending the event included J. B. and Thelma Moore, Mr. and Mrs. Douglas Moke and family of Amarillo, Mr. and Mrs. Don Moke and family of Dimmitt, Colleen Byrd and girls of Muleshoe and Arthur and Christell Wilcox of Dimmitt.

Also, R. C. and Christeen Davis and Mr. and Mrs. Bobby Wilcox and family, all of Dimmitt, Mr. and Mrs. Stanley Wilcox and family of Hereford, Mr. and Mrs. C. J. Johnson, Mr. and Mrs. Don Dennis and family of Friona, and Mr. and Mrs. Keith Johnson and family of Plainview.

After washing is completed, turn off the faucets regulating the water supply to the washer. This takes pressure off the hoses, explains Lynn Bourland, home management specialist, Texas Agricultural Extension Service.

## Food buying tips aid to homemakers

By IRENE KEATING  
Homemakers must really be financial wizards to manage their money today. Here are some tips when buying food. To buy intelligently, today's shopper must understand the numerous terms relating to grocery items. Many food stuffs now come in several different forms — often with quite a difference in costs. One example is oatmeal — a dehydrated cereal that comes "Regular," "Minute" and "Instant."

It takes five minutes to prepare regular oatmeal, 60 seconds to cook minute oatmeal and only the time needed to heat water to prepare instant oatmeal. "Regular" and "Minute" varieties in the familiar round box cost the same. The savings in cooking time is approximately four minutes.

Instant oatmeal however is packaged individually with eight servings to a box — and costs several cents more than the medium-sized round box which contains some 20 servings.

Consumers "buy time" when purchasing convenience foods. If the difference is great between the amount of time it takes to prepare the regular item and the convenience item we may be making a wise choice.

If the two items are close together in preparation time we need to take another look at our purchase. Many convenience items are worth their cost in certain situations. Some — such as instant coffee — cost less than the regular variety. Often however we pay far more for the convenience than our time is worth.

HERE IS something that will probably interest most of you. Retirement by age 38 may be commonplace by the year 2000 according to some forecasters. "Leisure will become America's greatest natural resource if this and other predictions develop" Nelson Barksdale recreation specialist with the Texas Agricultural Extension Service Texas A&M University System noted.

Other predictions include "normal, healthy life to age 90 or 95 with the advancement of

medicine and the four-day work week," he said. "Leisure, rather than work, has already become the dominant human factor which integrates life's meanings." He admitted that there is some question as to whether we will accept our leisure as seriously as we do our work. Today most Americans work in order to enjoy more leisure — which has become an end in itself and a status symbol of the first order. The fulfilling quality of our work has declined — partially due to automation and technology. With increasing numbers of the American population living in urban areas, many people have routine jobs and live in a relatively ugly, sterile and monotonous environment which generally lacks the physical and social diversity that is necessary for the developmental needs.

Turning to leisure itself, the specialist pronounced too much leisure a problem creator — facing many people with a great emptiness. They are people who find themselves released from the necessity of long hours of work — but who haven't been educated for the proper use of leisure time.

"We're required to shift to new ways of studying and understanding, with leisure being the overall major product of this age of technology," said Mr. Barksdale.

## GARLAND NARROW ROW COTTON STRIPPERS

AT **HAYS IMPLEMENT CO.**

Ronald Golden shows the Oxwall tools that are available at just \$1.19 each at Higginbotham-Bartlett's "Bargain Center." He's holding a mason's trowel and a hex-wrench set, and in the "bargain box" are dozens of other hand tools and building aids that are good enough for many fix-it jobs around the home—and all are just \$1.19 per tool or set. If you want the finest quality, long life tools

from well-known makers, Higginbotham-Bartlett Co. has them. But if you only want an inexpensive hand-tool that you'll use occasionally around the house, you'll find that at Higginbotham-Bartlett Co., too. Supplying tools for all jobs and price ranges is part of Higginbotham-Bartlett's "complete line" policy.

## DON'T NEED A HIGH-PRICED HAND TOOL? THEN PAY JUST \$1.19 AT HIGGINBOTHAM'S

Do you shy away from buying any new hand-tools because of the price of things these days?

If so, you haven't been looking in the right place. Check the "Do-It-Yourself Bargain Center" at Higginbotham-Bartlett Co. This center is stocked with all types of tools and building aids—and they cost you only \$1.19 each.

If you aren't a professional carpenter, why spend \$10 or \$15 for a professional quality hammer, if a \$1.19 Oxwall claw hammer will do the job for you?

Higginbotham-Bartlett's "Bargain Center" also includes rubber mallets, coping saw and blade sets, steel squares, socket wrenches, large packs of sandpaper and sanding discs, pegboard hooks, insulated screwdrivers, open-end wrench sets, adjustable wrenches, pry-bars, all-purpose tape packs, putty knives and trowels, rope, wire hand siphon pumps, multi-purpose nail assortments . . .

They're all good utility tools and aids, and they all carry the same price tag per tool or set—just \$1.19.

These Oxwall tools are plenty good for the home handyman (or handywoman) to use in occasional jobs around the home. And you'd probably pay more than the \$1.19 price to un-botch a job that you botched by trying to use the wrong tool as a substitute.

In hand-tools, of course, you get what you pay for. If you need a good or professional-quality tool, you'll find the best brands at Higginbotham-Bartlett Co., too—such famous brands as Stanley Handyman, Stanley professional, P&C, Thorsen, Fuller, Disston, True Temper and Crescent—in a wide range of prices.

No matter what tool you need, or what price you want to pay, go to Higginbotham-Bartlett Co., where they have all the lines in stock, and where they KNOW about tools.

# Longhorns hook Steers

By PAT STEIERT

The Hart Longhorns met Farwell's Steers in a free-scoring game and came out on top 38-24 Friday night at Hart. Jimmy Brown led the Horns offensively as he scored on runs of two, three, 53 and 65 yards. Barry George and Terry Hill also added a touchdown each.

**FARWELL HALFBACK** Mike Woods scored on runs of three and 99 yards, fullback Winfred Long scored on a 24 yard run and Steer quarterback Kevin Hargrove hit on a 12 yard field goal for Farwell's scores.

After returning the opening kickoff to the 45, Farwell went to work with their pass attack. On first down Kevin Hargrove passed to end Carl Kirkland at the 25 of Hart. Hargrove tried to pass again on second down but James McLain intercepted the pass at the 10 and the Horns took over.

The fired-up Steer defense held Hart punted to the Farwell 31, but the Steers were also unable to move the ball and punted back to Hart. The Horns drove to their own 47 before they were forced to punt and sophomore end Randy Finch downed the ball on the Farwell one.

On first down Mike Woods

broke through the Hart defense and raced 99 yards for Farwell's first score. The kick for extras came and the Steers led 7-0 with 5:07 left in the first period.

**BARRY GEORGE** fell on the ball at the Hart 37 following the Farwell kickoff and the Horns then mounted a 63 yard scoring drive. Brown raced in from three yards out for the score. The try for extras failed and the score stood at Farwell 7, Hart 6 with 1:14 remaining in the first period.

Following an exchange of punts Farwell drove to the Hart 24, and from there fullback Winfred Long galloped 24 yards to score with 8:32 left in the half. The kick for extras was good and Farwell led 14-6.

Barry George returned the Farwell kickoff to the Hart 47, and on first down, Jimmy Brown got the call and raced 53 yards to padirt for Hart's second score. The try for extras failed and with 8:16 remaining the half, Farwell still led 14-12.

Farwell returned the Hart kickoff to the 33 and on first down Kevin Hargrove attempted a pass, but Horn linebacker Kent Irons intercepted and returned the ball to the Farwell

19, dragging would-be tacklers with him.

**JAMES McLAIN** ran to the Farwell 7 on fourth down to keep the Hart drive alive and two plays later Brown scored from three yards out. James McLain ran for two and with five minutes left in the half the Horns led 20-14.

In the closing seconds of the half Farwell drove to the Hart 8 after Jimmy Brown fumbled a Farwell punt at the 20. On third down Kevin Hargrove boot ed a 12 yard field goal to make the halftime score 20-17.

Farwell recovered an onside kick at the 50 as the third period began, but the Horns got a big break when the Steers fumbled on their own 41 and Hart recovered. The Horns drove to the Farwell 20, and from there James McLain tossed a screen pass to Barry George, who went in for the score. The try for extras failed and the Horns led 26-17 with nine minutes remaining in the third period.

Midway in the fourth period Hart drove to the Farwell 27, but penalties set the Horns back to the 40. On third down McLain passed incomplete to Randy Finch at the 13, but pass interference was called on the Steers and the Horns had a first down at the 13. Brown carried to the three, and hard-running fullback Terry Hill went the final yards for the score. The extras failed and with 4:54 left in the game Hart led 32-17.

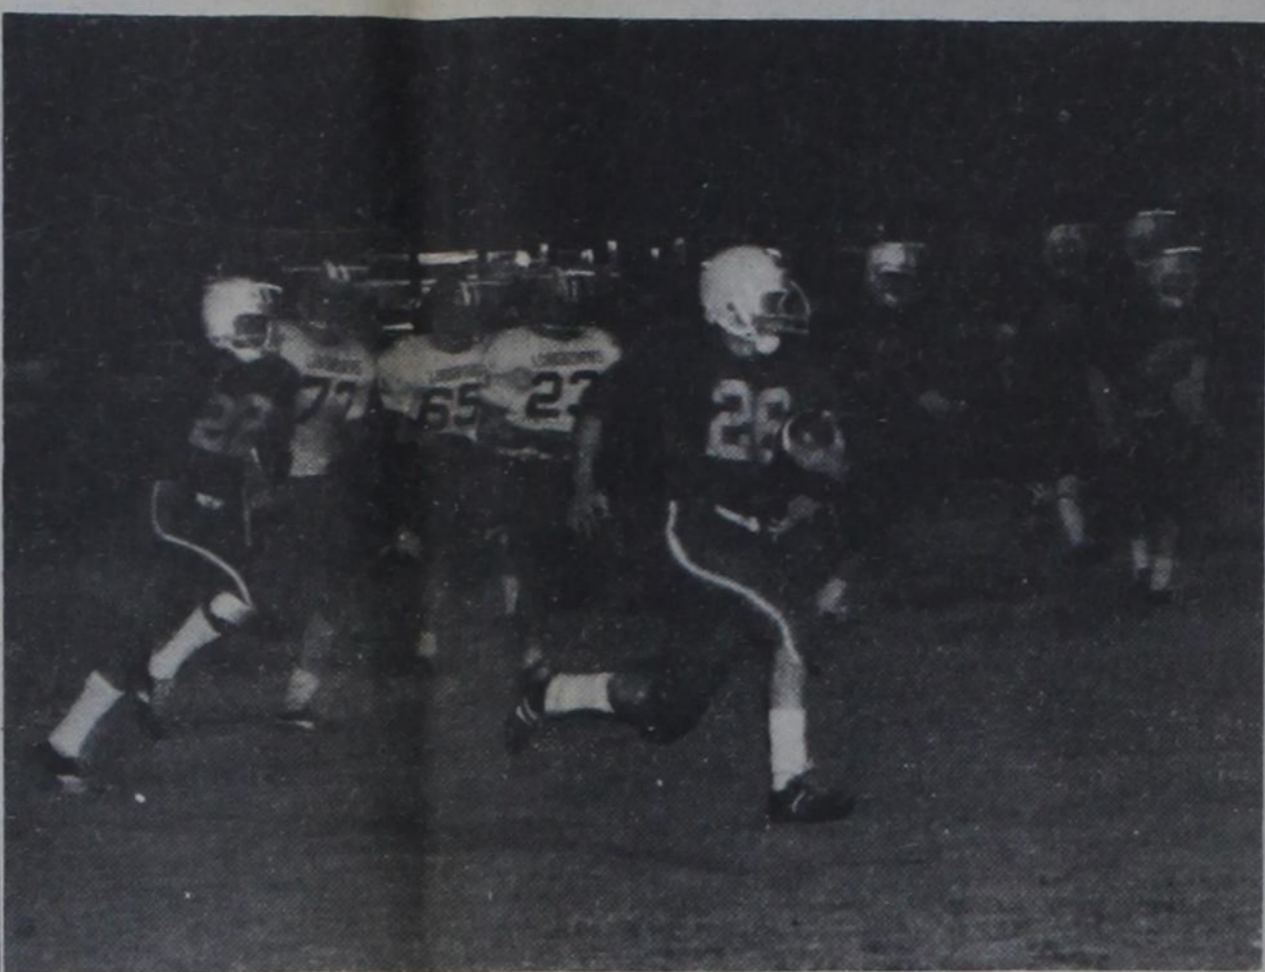

**THE "MAROON GANG"** defense forced Farwell to punt following the kickoff and Hart got the ball on its 49. The Horns lost 12 yards on a fumble but recovered and on second down Jimmy Brown ran toward the sidelines, then cut back against the grain and outran the Steer defense for a 63 yard touchdown. The extras failed, and with 2:44 remaining in the game the Horns led 38-17.

The Steers refused to be held scoreless in the fourth period as Carl Kirkland found a large hole in the Hart defense and raced from the Farwell 25 to the Hart 3, following Hart's kickoff. Mike Woods went the final three on the next play. The kick for extras was good and with 2:10 remaining the Horns led 38-24.

The Horns drove to the Farwell 15 but could not score as the game ended.

**HART WILL** host the Kress Kangaroos tomorrow (Friday) night as the Longhorns celebrate Homecoming.

The Horns will be out to avenge a last year's penetrations loss to the Kangaroos.

**SWIFT WINGBACK** Charles Heck, 26, breaks a long gainer against Lazbuddie's Longhorns in Nazareth's Homecoming tilt Friday night. Tailback Junior Joiner, 22, follows the play as a host of Lazbuddie tacklers close in. Heck scored for Nazareth on a six yard run in the first quarter and

Joiner galloped for a 70 yard touchdown in the third period, but his run was nullified by a clipping penalty. Although the Swifts moved effectively against the Longhorns, they came out on the short end of the 12-6 score.

## Swift Homecoming spoiled by Lazbuddie

By MARTHA CATOE

The Nazareth Swifts suffered a disappointing defeat at the hands of the Lazbuddie Longhorns as Lazbuddie spoiled Homecoming for the Swifts by the tune of 12-6.

**BOTH TEAMS** were in des-

perate need of a win as they went into the game as Nazareth had a 1-4 record and Lazbuddie stood at 0-5 for the season. The Swifts came close to pulling the game out of the fire but a fine drive stalled out at the four yard line and victory eluded them.

The Longhorns put the first points on the scoreboard early in the first quarter. Kent Winers returned the kickoff to the Nazareth 30 for a 40 yard return. Longhorn quarterback Jimmy Robinson completed an 18 yard pass to halfback David Beuntello for the score. The two point conversion attempt failed.

The Swifts came right back to score on a 62 yard drive. Wingback Charles Heck scored in a six yard run as he eluded defenders and scampered into the corner of the end zone. The kick for the extra point was wide.

Early in the second period Longhorn quarterback Jimmy Robinson raced 25 yards for a touchdown to cap a 70 yard drive. The try for two was unsuccessful.

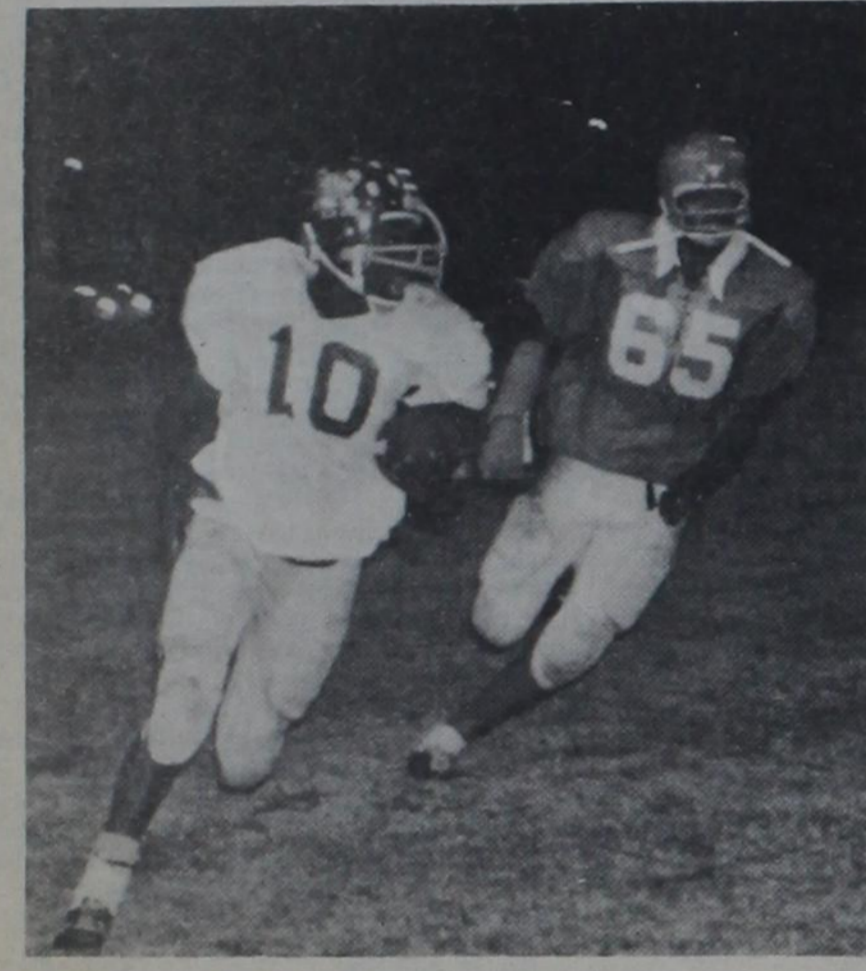

**THE SECOND** half proved to be a defensive battle as neither team scored. The Swifts moved the ball well offensively, but their efforts met with frustra-

tion. Swift tailback Junior Joiner raced 70 yards for an apparent touchdown in the third period, but the run was wiped out when the Swifts were called for clipping.

With four minutes remaining in the game, Swift quarterback Bernie Huseman completed a 31 yard pass to end Rex Ramackers on the Lazbuddie nine. The Swifts penetrated to the Longhorn 4, but to the disappointment of the partisan Homecoming crowd they were unable to go in for the score, and the game ended with the Longhorns going home with a 12-6 victory, their first of the year.

Jack and Myrna Cowser flew to San Francisco on business and for a visit with friends.

**GIVING HIM THE SLIP**—Hart tailback Jimmy Brown, 10, eludes a Farwell tackler as he sets sail on a 63 yard touchdown jaunt in Friday night's game against Farwell. Brown came to the right sideline where the traffic was heavy, then cut back against the grain and eluded tacklers on route to the touchdown. He also scored on runs of two, three, and 53 yards to retain his lead as the region's top scorer.

### Jimmie George is wisest Booster here's this week's contest list

It wasn't luck, it was skill and perseverance that put Jimmie George at the top of the crowd in last week's Booster Club Football Contest. He picked the winners in 14 of the 15 contest games of the week.

**ELEVEN** others tied for second place by picking 13 winners. They were Johnny Hucks, Bullet Adams, Jerry Cartwright, Sue Broderson, Libby Cleveland, John Lantz, Bill Sanders, Edna Follis, Bobby Adams, Johnnie Wilson and Carol Lantz.

In the overall season standings, Bobby Adams still leads the Grand Prize race with 66 correct guesses so far. Tied for second place in the season standings are Geneva Schaefer and Bullet Adams with 64 apiece.

**SINCE THERE'S** no football booster page this issue (open date for the Bobcats Friday), the weekly contest list appears below. Circle the teams you think will win, sign your name and address, clip out and take to the Castro County News office, 108 W. Redford St., before 5 p.m. Friday. # Stunned Cats lose fight by one time-out

By JIMMIE CHAPMAN

The fighting Dimmitt Bobcats outgained, outran, outpassed and outpunted the Littlefield Wildcats there Friday night, leading in first downs, 22 to 15. And they had the ball on the Littlefield 9-yard line — but time ran out on them, and the powerful Wildcats escaped with a hard-earned 18-15 District 3-AA victory.

WITH 25 seconds left and Dimmitt thinking it had a time out left, Robert Mayberry rammed into the center of the line to set the ball on the 9 to give Ricky Wright a shot at a field goal.

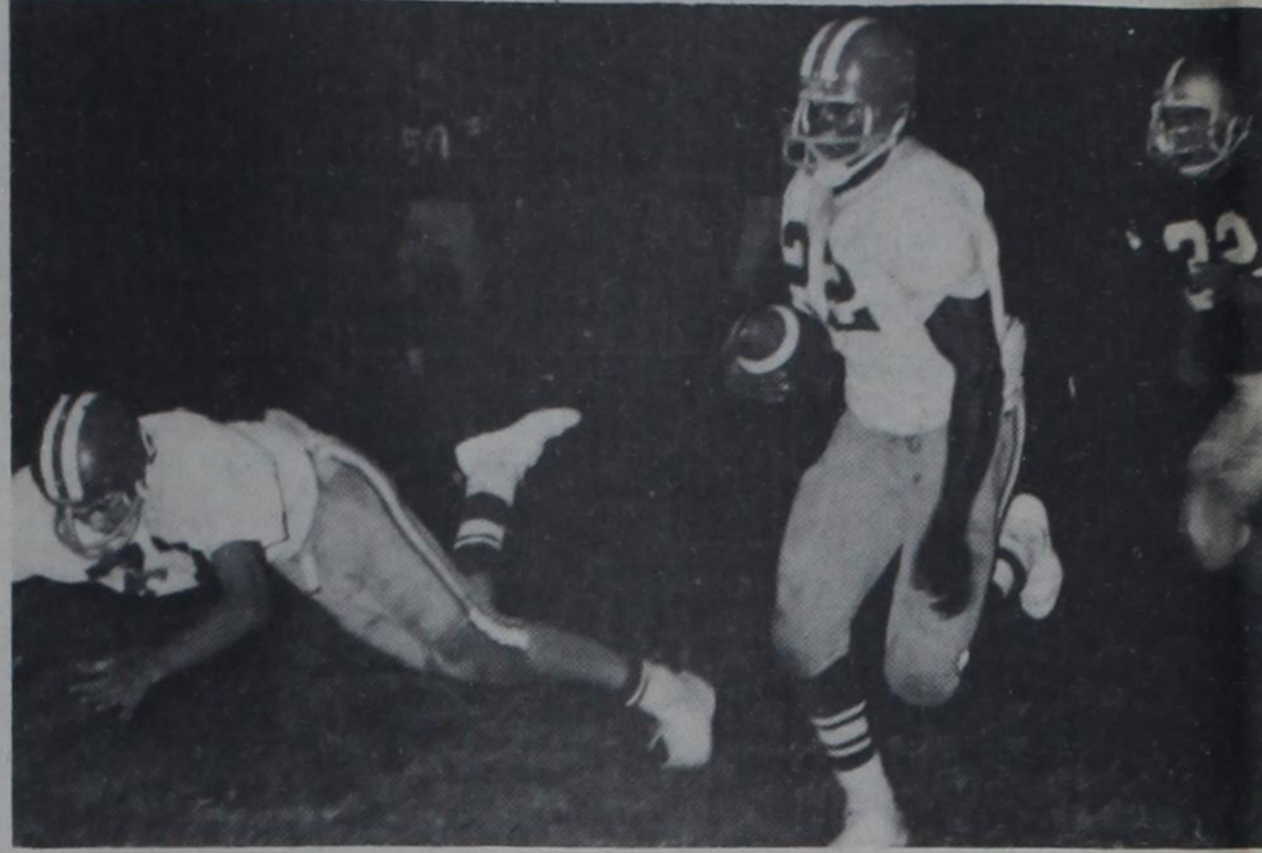

But the officials ruled that the Bobcats had used their last time-out earlier when Mayberry was knocked out of bounds at the Littlefield 18-yard line, and the clock ran out before Wright could get his chance at a tying field goal. Penetrations were tied at four each, with Dimmitt leading in all other statistics except points.

Quarterback Ronnie Lawson tried a quick desperation pass to Mayberry in the corner to stop the clock, but the entire Bobcat team was in motion. And when Littlefield declined the penalty, the game was suddenly over for the heartbroken Bobcats.

LITTLEFIELD, plainly more confident at first, built a 12-0 halftime lead and extended it to 18-0 before the Bobcats rallied in the second half.

Littlefield got its first chance to score after the Bobcats were stopped for five yards on their third plays and were forced to punt. Jimmy Furr got off a punt that was good for 45 yards, but end Bill Turner ran it back 10 yards to give Littlefield possession on the Bobcat 36. Pat Henderson and Terry Bryson alternated at pushing the ball to the Dimmitt 13-yard line. On third down and needing 11 yards for a first, fullback Randy Cook blasted through the line and went the distance for the first touchdown of the game.

Florence Acevedo broke through and wrapped up Bryson before he could even spot the ball for the extra-point kick, and the score stood at 6-0 with

**TOUCHDOWN!**—Robert Mayberry sprints toward the end zone for Dimmitt's second touchdown against Littlefield Friday night as teammate Jeff Lantz clears the way with a key block. With this play, the Bobcats converted a desperate fourth-and-five situation into a 14-yard touchdown strike as quarterback Ronnie Lawson sailed a pass to Mayberry inside the Littlefield 10-yard

line. Mayberry also ran the two-point conversion to bring the Bobcats within three points of their hosts at 15-18, with 5:05 remaining in the game. But this was to be the final score of the night. Moments later the Bobcats put together a brilliant drive but time ran out as they reached the Littlefield 9-yard line.

8:12 left in the first quarter.

**PLAYING WITHOUT** their leading rusher, Robert Mayberry, on offense the Bobcats got a good drive going on their next possession. Quarterback Brad Sanders hit Steve Nutt with a 10-yard pass from the Dimmitt 20-yard line, then hit end Travis Hampton with another aerial that was good for 11 yards before they settled back to their running game. But Littlefield finally held and Jimmy Furr got off another good punt that was good for 43 yards. Furr did an outstanding job at booting the ball all night, punting four times for a total of 168 yards, a 42-yard average.

Dimmitt drew a 15-yard penalty — one of two for the night — that moved the ball up to the Littlefield 34-yard line, then Henderson, Cook and Bryson pushed the Wildcats to the mid-field stripe by the time the first period ended with Littlefield leading 6-0.

Dimmitt held the Wildcats on this series and took over on the Dimmitt 39. Gary Wise, playing his best game of the season, and Acevedo started blasting the line and moved to the Littlefield 15-yard line with a first down. But Wise and Gene Veals managed to gain only five yards in the next three plays, and this set up a try by Wright for a field goal. Wright's kick was high and Dimmitt thought it was good, but the officials ruled that it was a little to the left.

LITTLEFIELD got its chance to score again late in the second period when Acevedo tried to lateral to Veals and Gary Lichte caught the ball in the air to give the Wildcats possession at the Dimmitt 32-yard line with 1:57 left on the clock in the first half.

Henderson and Bryson gained eight yards on two carries and Kenny Owens picked up five for a first down, then Henderson went around right end from the 19-yard line for the score with 1:01 left in the half. A pass from Bryson to Henderson was no good, and Littlefield led 12-0 when the half ended.

On their first possession in

the third period, the hard-driving Wildcats moved from their own 28 to the Bobcat 21, but Dimmitt stopped them when Acevedo recovered a Bryson fumble on the Bobcat 19. Mayberry was inserted into the Bobcat backfield at this point and gained three yards on his first try. Then Veals gained six and Wise picked up a first down, but on the next play Craig Ralliff intercepted a pitchout from Sanders that was intended for Mayberry, and the Wildcats had the ball on the Dimmitt 24.

IT TOOK the Wildcats five plays to move the ball to the

## Happy Helpers are interviewed

In honor of "4-H Club Week" the Happy Helpers 4-H Club of Easter were guests of the library program over local radio station KDHN recently.

MRS. MARTIN Young, one of the adult leaders, was interviewed and gave a brief history of the club. Each member was then given a chance to tell some of their experiences and accomplishments. Those attending were Ramonda Young, Jim Feldman, Willie Salazar, Kylene Behrends, Sandie Harkins, Pat Salazar, Tammy Behrends, Sonia Markley, Terri Harkins, Royce Thomason and Annette Thomason.

Also present were Meses Roger Feldman, W. O. Markley, Clarence Behrends, Earl Harkins, D. L. Thomason and Shelly Frye.

Following the radio program the club toured the new library.

THE LARGEST farms in the U.S. are in Esmeralda County, Nevada, where in the 1969 Census of Agriculture a total of 19 ranches averaging over 131,000 acres per ranch were counted. Fresno County, California topped all other counties in value of farm products sold—\$377 million, an average of \$61,540 for the 6,127 commercial farms in the county.

Bobcat 6-yard line and from there Henderson went over the right side of his line for the touchdown. Rendy Cook, 205-lb. senior back, tried to smash over the center for two extra points, but the hard-fighting Bobcat line stopped him at the 2-yard line and the score was 18-0 with 3:22 left in the third quarter.

Jimmy Furr returned the kickoff from the 10-yard line to the 36. Lawson threw an incomplete pass. Wise gained seven yards and a penalty moved the ball to the 46. Then Mayberry took a handoff from Lawson, broke over the right side of the line and raced 52 yards to paydirt for the Bobcat's first score. Wright kicked the extra point and Littlefield's lead was cut to 18-7 with 2:21 left in the third period.

The Bobcats held Littlefield and took over at their own 31-yard line early in the final quarter. Determined not to give up, the Bobcats put on the finest drive that most Dimmitt fans had ever witnessed. From their own 1, with Lawson calling signals, the Bobcats never let the word "punt" enter their minds, and four times in a row went for it on fourth down. Gary Wise got the call mostly on the fourth down tries, and the hard-running fullback was not to be denied as he hit the center of the Wildcat line and consistently got the necessary yardage.

THE BOBCATS eventually found themselves on the Littlefield 12-yard line, facing fourth down and needing six yards. That's when Lawson hit May-

## Student art show is scheduled for March

The Plains Art Association's Student Art Show has been scheduled for March 22, 1974.

THE SHOW will include work done by students in grades 6 through 12.

Area art students are reminded to begin saving their best works to enter in the contest. Approximately 30 prizes will be awarded.

berry at the left corner and Mayberry went in for his second score of the night. With only 5:05 left in the game, the Cats gambled for the two-point conversion and Mayberry got it through the line, cutting Littlefield's lead to 18-15.

Dimmitt tried an onside kick on the ensuing kickoff, but Littlefield recovered in good field position with the ball at the Wildcat 49-yard line. Henderson, Bryson and Buddy Jungman all tried to gain the first down and eat up the clock, but the Dimmitt defense allowed them only six yards and they had to punt. Dimmitt got the ball at its 21-yard line with 3:38 left on the clock.

The Bobcats started their offense with Acevedo and Veals gaining the yardage until it was fourth down time, then it was big Gary Wise who would get the call, and he came through each time. From Dimmitt's 46, Lawson hit Mayberry on a pass that was good for 18 yards, and Littlefield drew a 15-yard penalty for hitting out of bounds that moved the ball to the Littlefield 21. Lawson again passed to Mayberry, good for five yards to the Littlefield 16. This play got the Bobcats their fourth penetration of the night — the same number as Littlefield had — and meant that if they could get the three points needed to tie the score, Dimmitt would have been declared the winner on first downs, 22 to 15, if the two teams were still tied for the district title at the end of the season.

MAYBERRY pushed it to the 9-yard line with 25 seconds left, and the Bobcats — thinking that they had another time out — simply handed the ball off to Mayberry who set it up on the 10-yard line in the center of the field, anticipating the next play to be a field goal for the tying points by Wright. But when the Bobcats called for time out, the official told them they had no time-outs remaining. With the clock ticking off and no chance to get Wright into the game in time, Lance Loudder centered the ball to Lawson who tried to pass to Mayberry in the corner of the end zone. Flags signaled illegal procedure by Dimmitt, and when Lawson's pass fell incomplete in the end zone, the game was over.

Littlefield declined the penalty, of course, and the Bobcats and their fans stood in silence, stunned that the 30-yard drive had been stopped by the officials and not by the Littlefield Wildcats.

This 1973 Vega was written off by the insurance company as a total loss after sustaining a 50-mph rear-end impact. The frame was bent, the rear end was crushed and the left quarter-panel was buckled. The Vega is one of the most difficult cars to rebuild because of its frame design.

This is the same "totaled-out" Vega after we rebuilt it at J&R Paint & Body Shop. With our new Hagerty "Pow'r Post" floor-pull system, we were able to straighten the frame back to exactly its original shape and tolerance. The car is now back in service in Dallas, and its owner is proud of it.

**WITH THIS NEW MACHINE,  
WE CAN EVEN  
REBUILD A 'TOTAL' WRECK**

Here's our new Hagerty Pow'r Post at work

**WHETHER YOUR VEHICLE  
IS 'TOTALED' OR NOT,  
WE CAN MAKE IT  
LIKE NEW AGAIN!**

This is our current rebuilding project—a '72 Vega that was wrecked in Dallas and "totaled out" by the insurance company. The car had been hit in the left front and had rolled over after impact. Both front wheels were jammed back into the firewall, the floor over the transmission was buckled, the entire left side and roof were crumpled and the right body skin was rippled.

The HAGERTY POW'R POST, newest thing in body-shop frame equipment, is pulling the frame, floor, etc., back to their original shape by applying opposite force at the same angle as the original impact. The Pow'r Post incorporates a post and pulley, chains, 18 tie-downs that are sunk at equal intervals in our concrete floor, and air-over-

hydraulic pressure to apply specific force at specific points, with the post and vehicle both "tied down." With a foot-pedal control, the machine can vary pressure from five to 20 tons within a minute. It's so precise it can work to exact tolerances, and is so powerful it can pull a car in two.

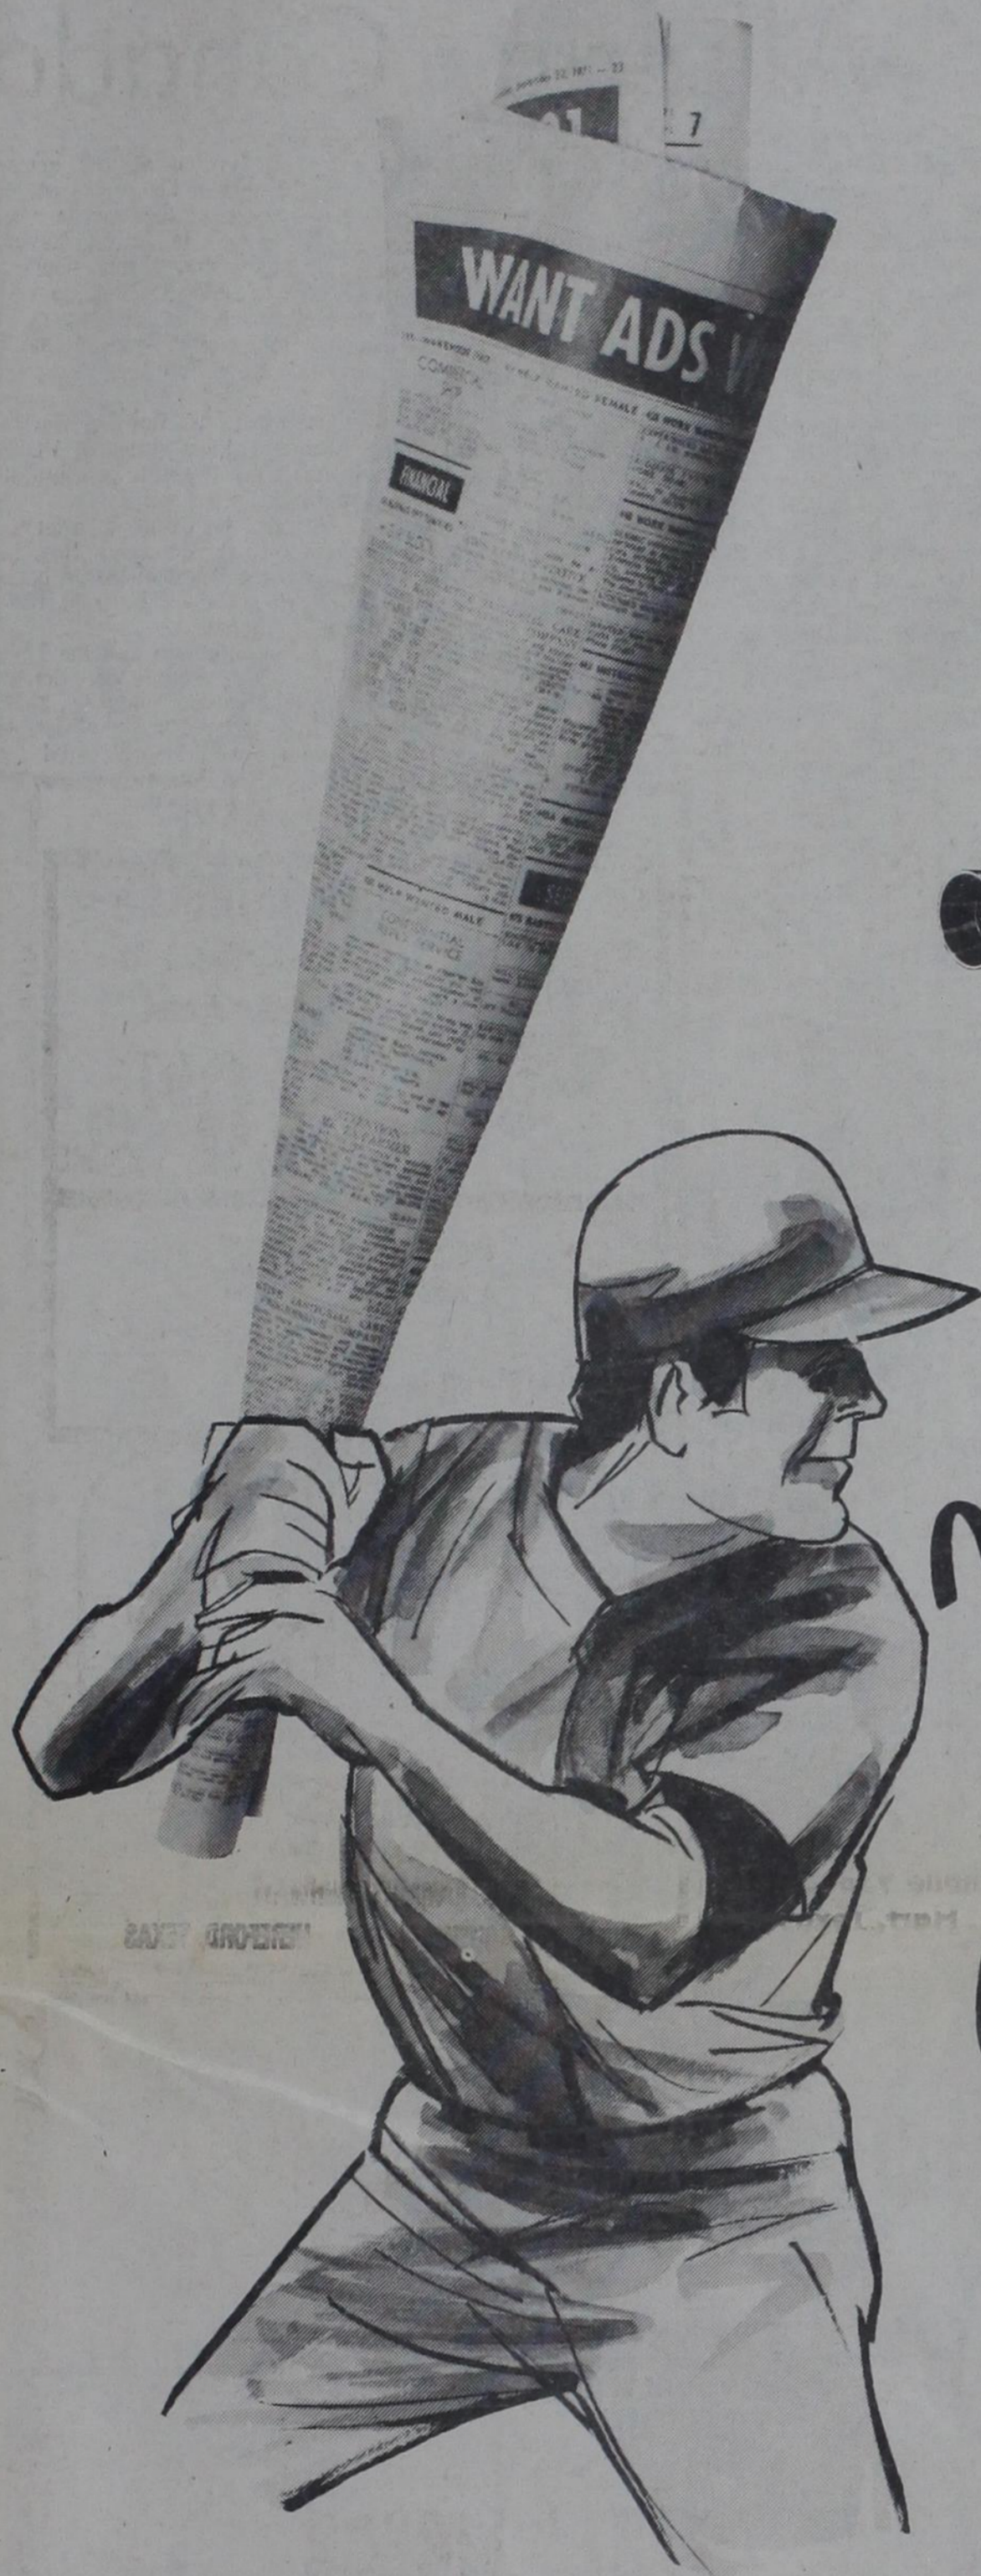

The Hagerty Pow'r Post at J&R Paint & Body Shop is an amazing machine, and is the ONLY ONE in this area. It makes many more services available to you in automotive body repair. If we can rebuild the mangled frame of a totaled-out car with this machine, you KNOW we can do a complete, accurate job of putting your car "back in shape" after any kind of mishap!

Come by and see the progress we're making on this '72 Vega.
