### Horns Try Rule In Giant Killer

The football contest between Bronte and Rule Friday night has been classed as the Class B battle of the giants by most daily newspaper sports writers. Big Country ratings place Rule in the No. 2 spot and Bronte in the No. 3 spot among area Class B teams.

Coach Cecil Toliver said he has a couple of boys out with low grades and another with a hair-line fracture, but for the most part he feels the Longhorns will be operating at top strength. He said his charges are not going to Rule with the idea of having an easy night of it, but they are planning on winning the ball game.

A report from the school this week on the route to be followed by buses going to Rule probably indicates the best way to go, and is as follows: Travel Highway 277 to the west side of Dyess AFB, then take Farm Road 707 to Anson, get back on 277 to Stamford, then take Highways 380 and 283 to Rule.

School officials also stated it might be wise to take folding chairs or other kinds of seating, since they believe seats on the visitor's side are limited.

#### Last Week's Results

Besides the 41-0 drubbing the Longhorns gave Eden last week, other 7-B schools had the following results: Forsan fell to Roscoe, 36-6; Hawley was smothered by Rochester, 41-0; Loraine tied Sands, 28-28; and Trent was humbled by Roby, 47-0.

### AD-LIB-BEN

Citizens of Bronte will have an opportunity early in October to get the city all shined up before Homecoming on Oct. 25. The Cleanup drive is badly needed and we would like to urge everyone to do his part in making it a success. The cooperation of everyone, particularly in getting junk cars and buildings removed, will give our town a new look.

Another opportunity is waiting for citizens of precincts 2 and 4. It has to do with the proposed nursing home.

We have talked with only one member of the hospital district's board of directors since they met earlier this week, and he told us he would like to have some expressions from citizens on where they would like for the home to be located. It was brought out that the location is a matter of extreme importance and should be decided carefully before planning can be done.

We feel that all of the directors would be most receptive to any suggestions anyone has to make.

Homecoming is only a few weeks off, and those in charge say this is going to be one of the years when they put the little

This week's contests include Bronte at Rule; Forsan at Sands; Jim Ned at Eden; and Loraine will host Roscoe.

### Stars Awarded For Outstanding Performance

Coach Cecil Toliver announced Thursday morning that stars to be worn on helmets will be awarded the Back of the Week, Line-man of the Week and those who intercept passes and recover fumbles.

First Back of the Week award goes to Nicky Arrott, who also gets a second star for his pass interception against the Eden Bulldogs. Roger Graves received the first lineman of the Week Award for his outstanding effort against the Bulldogs.

Dana Sowell also was awarded two stars for his recovery of two Eden fumbles. James Vaughn also received a star for his recovery of a fumble.

Coach Toliver said stars will be awarded each week for outstanding performance in the previous Friday's game. At the end of the season, the Longhorn who has accumulated the most stars will receive a steak dinner, courtesy of his fellow-players.

### Muleshoe Beauty Is Daughter of Former Residents

The daughter of some former Bronte residents recently was chosen Texas Beauty Queen of Epsilon Sigma Alpha Sorority in a statewide contest in Houston. She is Mrs. Eugene (Nonnie) Howard, daughter of Mr. and Mrs. A. G. Taylor of Muleshoe. Mrs. Howard is a niece of Mrs. Olga Whalen of Bronte.

Mrs. Howard won a district contest held earlier at Denver City which qualified her to compete in the state contest. Now she is representative of Texas at the International Congress of ESA which will be held in Los Angeles.

Mrs. Howard is the wife of Eugene Howard of Radio Station KMUL and the mother of three children. She is a member of Llano Estacado, a teacher in the Sunday school of the First United Methodist Church and is incoming president of the Muleshoe Chapter of ESA.

### ROTAN WOMAN DIES OF HEART ATTACK

Mrs. Bertie Burrow, 75, well known ranchwoman from Rotan, was dead on arrival at Bronte Hospital about 7:30 p.m. Sunday after suffering an apparent heart attack.

Funeral services were held on Tuesday at Rotan.

A big Cleanup campaign will begin in Bronte next Wednesday, Oct. 1. The drive will be held

### Denmans Expand White Auto Store

Mr. and Mrs. Aubrey Denman are making major improvements in their White Auto Store this week.

They have built a partition in the building east of the present store and will use it to house appliances, furniture, yard and garden supplies and other large items.

A new lowered ceiling has been installed in the building and wood paneling has been put up at the front and back. They plan to repaint the side walls this week.

A new awning is being installed across the front of both buildings, and their sign will be placed at a center point of the 50 foot front. The entire front will be repainted.

The Denmans aid the additional space in the east building will give them space to display their large items of merchandise to better advantage, and at the same time, give them more room for smaller items in the original building. They said they are anxious to get merchandise moved into the new part, so they will have space to unpack their large selection of Christmas merchandise, which is arriving.

Wednesday, Thursday and Friday of next week, and continue the following Wednesday, Thursday and Friday, Oct. 8, 9 and 10.

Mayor Royce Lee said in addition to usual routine cleaning, the city would like to clear out as many old abandoned cars, buildings and other junk as possible. He said release forms are available at the city hall for owners of such property to sign.

"City officials feel that disposing of all the old abandoned cars in town will add a great deal to its appearance," the mayor said. He added that voluntary signing of releases authorizing the city to dispose of them and old dilapidated buildings will be greatly appreciated, and make the work easier for city employees.

Block captains will be appointed this week and announced in next week's Enterprise. Each block captain will contact all residents of his block to determine what needs to be done in the area.

Mayor Lee said, "We sincerely hope that everyone will cooperate in the cleanup, and when it is finished, we can all say we did a good job. Cooperation of all citizens will do a great deal to improve the appearance and cleanliness of our town."

City officials said suggestions for making the campaign a success will be appreciated and can be left at the city hall, either in person, by writing or by phone.

## Big Plans Being Made For '69 Homecoming

Plans are taking shape for the 1969 Bronte School Homecoming and it promises to be one of the largest ever held here. Date is Oct. 25.

A large number of persons have been working on preparation of a mailing list of ex-students and teachers and invitations will be mailed to all those whose names and addresses are known. Mrs. Marvin Landers is in charge of this part of the work.

Officers of the Bronte Ex-Students Association this year are Mrs. Royce Fancher, president; Billy Joe Luckett, first vice

president; Martin Lee, second vice president; Mrs. Tom Luttrell, secretary; Mrs. Jerry Parker, treasurer.

#### Parade Planned

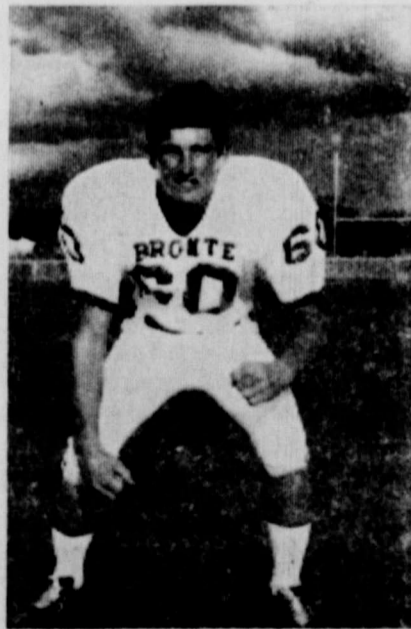

A parade the afternoon of Homecoming is being sponsored by Bronte Noon Lions Club. Lion Noah Pruitt Jr. was named parade marshal and will be in charge of getting floats lined up and seeing that the parade is successfully handled. Organizations and businesses which plan to enter floats are requested to contact him as soon as possible, so he will have an idea about the size of the operation.

The Lions will award prizes of \$15, \$10 and \$5 to the best three floats in the parade.

A Lions Club committee composed of Bronte ministers, Harry K. Morris, Kenneth Whitten and Fred L. Brown, and C. E. Bruton made preliminary plans for the parade and made recommendations to the club.

More details of the Homecoming will be published in The Enterprise as plans are completed.

# 'Horns Top Eden, 41-0 For First 1969 Victory

The Bronte Enterprise

September 26, 1969

Bronte Longhorns rose up last Friday night and trounced the Eden Bulldogs, 41-0. The Longhorns got off to a fast start and scored 20 points in the first quarter, skipped the second period, made 14 more in the third, and wound up the contest with seven points in the last quarter.

Nicky Arrott was the top scorer for the locals with three counters, while one each was scored by Keith McCutchen, Randy Barbee and Bobby Skelton. Willie Zuniga made three extra points with a pass reception and a kick, while Arrott made the other two on a run.

## First Quarter

The Longhorns won the toss and elected to receive the opening kick. Terry Finlay booted the ball to Jerry Graves who was downed on his 33. Arrott carried twice for 17 yards and a 1st on the 50. Barbee then bulled his way through the Eden defenders for 6 and 2, and Arrott went for the 1st on the 35. A pass from McCutchen was good for 9 yards, then McCutchen got another 1st on the 25 on the next play. Skelton picked up 2 yards and a pass to Zuniga was good for a 1st on the 13. Arrott and McCutchen each made 3 yards, and on the 3rd play of the series Arrott went through the line for the first touchdown of the game. A pass from McCutchen to Zuniga was good for 2 and the score was 8-0.

Zuniga teed up the ball and booted a short kick which went out on the Eden 35, to give the Bulldogs a fairly good field position. Burr Agnew, Mike Turner and Finlay all carried the ball, but netted only 2 yards for their efforts, so big Hawley Pfluger punted. He was rushed by the Bronte defense and his kick went almost straight up, going out on the 50.

Starting at midfield, Barbee went for 6, then Bronte was penalized 5 yards. McCutchen then tossed Skelton a short pass. He turned on the speed and went to the Bulldog 12 before he was pulled down. Arrott picked up 5, then McCutchen bootlegged the ball and went around right end for another counter. PAT failed and the score was 14-0.

Billy Sawyer took Zuniga's kick on the goal line and ran back to the 22, but a Longhorn was off-side and the kick had to be tried again. This time it went to Finlay who was pulled down on the 24. A fumble was recovered by Dana Sowell to give the Longhorns the ball on the 25. Faced with a 4th and 7 on the 22, McCutchen tossed a short pass to Arrott who followed Garland Richards and other blockers down the north sideline and across the goal line for the third counter. Try for extras was no good, leaving the scoreboard reading 20-0, with 2:15 left in the quarter.

Zuniga's kick went to Agnew who was tackled on the 29. Finlay went for 5 yards on a couple of runs, but a loss brought up 4th and 7. Pfluger punted to Barbee on the Bronte 35. The big Bronte wingback took off and ran the punt back all the way to the Eden 25 yard line. However, a clipping penalty moved the ball back all the way to the Longhorn 40. Skelton, the fast sophomore, relieved McCutchen of his quarterback duties and got off one play before the quarter ended.

## Second Quarter

The young team had it tough against the Bulldogs and came up with a 4th and 21 situation. This called for a punt and Barbee did the job with a boomer to Finlay on the 2 yard line, Donnie Thomp-

son, Sowell and Roger Graves nailed him on the spot. Another major penalty against the Longhorns moved the ball out to the 25. Finlay went for 2 and a pass to Turner was good for 6. Sawyer then carried the ball to the 41 for a 1st down. Finlay went for 3 and Turner made a yard. The drive bogged down at that point and Pfluger punted to the 26.

Richard Reyes made a couple of yards, then Bronte was penalized 5. Danny Cooper carried twice for 7 yards but it wasn't enough. Barbee punted to the Eden 43. Finlay went for 4, then the Bulldogs tried a pass but Sowell knocked it down. The Longhorns were surprised on 3rd down when the Bulldogs quick kicked to the Bronte 20.

Jerry Graves made 2 runs for 13 yards and a 1st on the 33. Cooper made a couple of nice gains in the next series, but again a 5 yard penalty messed up the drive and Barbee punted. The Bulldogs were unable to move the ball and Pfluger punted. The short kick took a Bronte bounce, but a Longhorn touched it and Eden recovered. Time was running out, however, and the Bulldogs were able to get off a couple of plays before the half ended.

## Third Quarter

Zuniga's kick went into the end zone to give the Bulldogs the ball on their 20. Agnew and Finlay didn't make the needed yards and Pfluger punted to the Eden 45. Barbee took it there and threaded his way through the Bulldog defenders and wound up crossing the double stripe, to give the Longhorns another tally. Arrott went over on the ground for extras, to make the score 28-0.

Zuniga's kick went to Robert Lopez on the 31. Bronte got penalized 15 to move it to the 46. From there Eden began their best drive of the night. Finlay did most of the ball carrying, but had help from Turner and Agnew as they ground out two 1st downs and moved the ball to the Bronte 29 before the Longhorn defenders could stop them.

Taking over at the 29, Graves and Reyes tried the ball carrying chores, but failed to make the needed 10. Barbee kicked a beauty out of bounds on the Eden 36. On the first play from scrimmage the Bulldogs passed the ball and Arrott intercepted, going the distance for another TD. Zuniga's kick for extra point was wide and the score was 34-0.

Zuniga's kickoff was fumbled by Eden and recovered by James Vaughn at the Eden 38. With Skelton calling the signals, Jerry Graves took a hand off and went to the 28 for a 1st. The Longhorns advanced to the 19 as the third quarter ended.

## Fourth Quarter

With a 4th and 1, Zuniga tried a field goal, but it was short and taken by Eden back to the 31. A couple of tries netted a yard, so a quick kick on 3rd down was called. It went to the Bronte 20. Jerry Graves carried three times for good yardage, but a 5 yard fine brought up 3rd and 9. Skelton kept the ball and made a fine run to the Eden 41 for a 1st down. The next series saw Cooper and J. Graves gaining ground, but a fumble was recovered by Ricky Troglin for the Bulldogs on the Eden 35. A couple of plays later an Eden fumble was recovered by Sowell for the Longhorns on the 28. J. Graves moved 3 yards to the 31. From there Skelton kept the ball, went around right end, outrunning his pursuers, and went for the double stripe. A flag was down, however, and the ball was called back, nullifying a beautiful play by the sophomore qb. Willie Sanchez carried for a yard, then J. Graves got loose and almost went to pay dirt. The Bulldogs couldn't see it, though, and pulled him down on their 3 yard line. The next play Skelton kept the ball and made the 6 points which had been wiped out by a penalty a few plays before. Zuniga kicked the EP, and the scoreboard said 41-0.

Zuniga kicked to Finlay who was downed on the 25. Finlay got off a nice run for a 1st on the 37, then shortly a major penalty against the Longhorns moved the ball to the Longhorn 47 for another 1st. Turner, Agnew and Finlay tried for the next 1st, but it wound up a little short and Bronte took over on their 41. J. Graves, Cooper and Skelton all carried for yardage up to the 50, short of a 1st, and the ball went over. The Bulldogs were able to get off three plays before the clock ran out and the ball game was over. Score: 41-0.

Notes show that outstanding defensive work was done by James Vaughn, Roger Graves, Garland Richards, Keith McCutchen, Dana Sowell, Randy Barbee, Donnie Thompson, Nicky Arrott and Willie Zuniga.

## Coke Historians Attend Workshop On Preservation of Historic Sites

By Mrs. Bryan Yarbrough  
Mr. and Mrs. Elton Mims of Water Valley, Mrs. C. E. Arrott of Bronte and Mrs. Bryan Yarbrough of Robert Lee attended the Winedale Workshop, a conference on the principles of architectural preservation and restoration, at the Winedale Inn Complex in Fayette County, Sept. 12 and 13.

A capacity crowd of 200 from all parts of Texas were in attendance. The Coke group represented the Coke County Historical Survey Committee at the meeting.

Winedale Inn and the other buildings in the complex, in the valley of Jack's Creek and about even distances from Giddings, Brenham and La Grange, have produced a striking symbol of much that is important in the history of Texas. The complex is on a homestead established in the Mexican colonial period in the heart of an area which drew settlers even before Stephen F. Austin brought his famous "Old Three Hundred" and made it a part of his first colony.

Center of interest in the Winedale Complex is the Winedale Stagecoach Inn, built by William S. Townsend about 1834 of cedar timbers. It was purchased in 1949 by Samuel K. Lewis and was known as "Sam Lewis' Stopping Place" for many years.

The Winedale Inn was restored in 1964 by Miss Ima Hogg, daughter of Texas Governor Jim Hogg.

Miss Ima had purchased the Winedale properties in September 1963. When she decided to restore the famous landmark at its original site, Wayne Bell, AIA, Architectural Restoration Advisor at the University of Texas, was called in to supervise the restoration. Miss Hogg, an authority in her own right on early American architecture, personally supervised the work and made frequent trips to Winedale from her home in Houston during the nearly three years of the restoration.

Miss Hogg began to visualize the Winedale restoration as a center for study of the history and culture of ethnic groups who migrated to Texas early in the 19th century, and offered to give the properties to the University of Texas.

Since the Inn Properties and area seemed particularly suited to research on the Germanic cultural influences in Texas, Miss

Hogg's concept was recommended to the board of regents of the University of Texas by Chancellor Harry Ransom and approved, with acceptance of the gift of the property and an endowment for its support, early in June of 1965.

On April 8, 1967, the buildings, the 130-acre site on which they stand, and an endowment fund for their maintenance, were dedicated to the University of Texas by Miss Hogg. At that time she expressed her dream that Winedale would become a center for study of the history and the contributions of ethnic groups who settled in Central Texas. In accepting the gift, Chancellor Ransom said, "It is just such focal points in the state that make visible the traditions of Texas and make vital the spirit which informs those traditions."

Persons who visit the complex will realize the truth and importance of statements made by one of the principal speakers at the dedication, who said, "The buildings left to us by earlier generations, which we once took so easily for granted, now command our affection and respect... We know that the real value of these structures doesn't come just from their age, their size, or their elegance, but rather from what these buildings mean; their significance in terms of human experience."

Wayne Bell, now consulting restoration architect with the Texas State Historical Survey Committee, conducted a tour of the Winedale Complex which included an on-site inspection of a structure in the process of being restored. This and a candle-light dinner at the Inn Friday night were highlights.

Another highlight for the Coke County group was Dr. W. C. Holden's report on the plans for and the progress being made at the Ranch Headquarters Complex being developed at Texas Tech University in Lubbock.

Other historical points visited by the Coke group included Bethlehem Lutheran Church which houses a hand-made, cedar pipe organ and was built at Round Top in 1866; Old Independence, the original site of Baylor College; Washington on the Brazos, where Texas independence was signed, and Chapel Hill, with many antique places of interest, including the Methodist Church built in 1851 and an interesting community museum.

Judge Thetford Meets with Other Area Officials

**Area Officials Have Meeting in Abilene To Discuss Tuberculosis in West Texas**

What is possible in TB control in 32 West Texas counties was considered by directors of the Big Country TB-RD Association at their first orientation meeting in Abilene recently.

C. W. Chancellor, Jr. is president of the association which serves Andrews, Coke, Coleman, Concho, Crane, Crockett, Ector, Edwards, Glasscock, Howard, Irion, Jones, Kimble, Loving, Martin, Mason, McCullough, Menard, Midland, Mitchell, Nolan, Reagan, Real, Runnels, Schleicher, Sterling, Sutton, Taylor, Tom Green, Upton, Ward and Winkler Counties.

In describing the meeting, Mr.

Chancellor said that "Directors were not only informed about possibilities of controlling, even eradicating, tuberculosis from the area — but they were given suggestions as to how they could each help his own association and the tax-supported State Department of Health in bringing this about. McKnight State TB Hospital in San Angelo, the oldest of the state's TB hospitals was changed as of September 1 to a center for the mentally retarded, though 70 beds are reserved for TB patients for as long as necessary. McKnight's closing did not occur because TB is no longer a problem in this area of Texas, but because we are now treating TB patients in general hospitals and in clinics. A contract has been made with an Odessa hospital, for instance, and arrangements are being made for inpatient and out-patient chest clinic treatment in Abilene. We must understand new directions in TB-RD treatment."

D. C. Moore is executive director of the Big Country association with headquarters in San Angelo. Mrs. Katherine Rogers, also of San Angelo, longtime TB worker, is his associate.

Mrs. Emily Boyd, Miss Peggy Boyd, and Mrs. Beth Young of the Texas TB-RD Association in Austin, were at the Saturday meeting to speak on the state's program of services for TB-RD control.

Dr. Travis Smith of Abilene and Mrs. Doyle Condra of Talpa, directors of the state association, assisted in answering questions.

The Big Country association was organized April 1 and consolidated the 9 existing county TB-RD associations in addition to serving other neighboring counties.

### Milk

Use nonfat dry milk in cooking or as a beverage — unless fortified fluid milk is a principle source of Vitamin D. For a beverage mix equal amounts of reconstituted nonfat dry milk and fresh whole milk.

Buy nonfat dry milk in as large quantities as possible to store and use without waste.

The United States Department of Agriculture has established grades for nonfat dry milk. The U.S.D.A. grade shield signifies that the product has been packed in a clean, sanitary plant and it meets exacting quality requirements. The highest quality of instant nonfat dry milk is designated U. S. Extra Grade. Look for this on the label.

Fresh dairy products are highly perishable. Keep them clean, cold and tightly covered. Refrigerate fresh milk and milk products as soon as possible after purchase or delivery. Letting milk stand in the sunlight causes loss of riboflavin and may affect flavor. Don't mix new milk with old except for immediate use.

### Make Old Refrigerator Safe

Old discarded refrigerators tempt too many children to use them as a hiding place.

Just because an old refrigerator has a magnetic latch it isn't accident proof. A small child might not be able to push the door open.

Even if the box is on its side or back, older children could open the door but not, perhaps, if he was inside. Fright and weight of the door could prove to be too much.

If you have an old refrigerator around your house, remove the door entirely, face the refrigerator toward a wall, lock the door with a lock and chain and fasten blocks to the door to keep it from closing.

A few minutes of time may save a child's life. In some areas, repairmen will remove a refrigerator door as a public service.

### Velour is Back

Velour, the French term meaning "velvet", is back in force with improved yarns and fabrics that improve drycleanability.

Velour fabrics are made of wool, mohair, cotton or rayon or with blends of synthetic fibers such as polyester. New bright shades make velour more appealing than ever.

Fabric performance depends on construction, colorfast dyes and proper finishing in the textile mill, that is too thin or too short is susceptible to abrasion in wear and drycleaning.

pot in the big one and really have a whing ding. A parade is being planned and every organization in the community should have a float ready to go on Oct. 25. Making floats can run into lots of work, so you should begin before long.

Members of the '69 Study Club are setting a good example for the rest of us in their letter writing campaign in opposition to the insidious activities of Madelyn Murray O'Hair, atheist and plaintiff in a suit which finally led to the Supreme Court's decision to outlaw prescribed religious activities in public schools. Now she is bellyaching about the astronauts' reading from the Bible when they were orbiting around the moon last Christmas. Unfortunately, Mrs. O'Hair has moved to Texas and Texas courts probably can expect her to be a thorn in their side in the future.

The letter writing campaign is being sponsored by the Jaycees in many cities across the state. They want to deluge NASA officials with letters from Texas citizens who will put their stamp of approval on what the astronauts did, and disapproval on Mrs. O'Hair's activities. Undoubtedly, a letter from anyone would be appreciated, and we feel sure '69

Study Club members would be glad to see that it gets to the proper destination.
