Nursing Home Fate Decided

McCutchen Is Top QB; 3 Others on All-State

Texas sportswriters voted this week that Keith McCutchen was the best Class B quarterback in the state, when they named him to the all-important position on the Texas All-State football team. James Vaughn and Randy Barbee were voted slots on the All-State second team and Nicky Arrott won a slot on the third team of best in the state.

McCutchen's passing record seemed to be the big factor in his election as All-State quarterback. His amazing record of 37 touchdown passes during the past

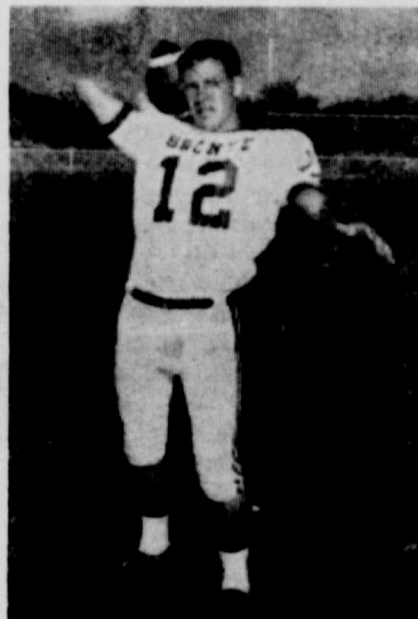

two seasons and his record as a defensive player were mentioned. During the 1969 season he completed 67 of 139 passes with 20 of them going for touchdowns. McCutchen is the son of Mr. and Mrs. Luther McCutchen.

Vaughn's place on the mythical second team was at an offensive guard spot. He is the son of Mr. and Mrs. Bobby Vaughn. Barbee, the son of Mr. and Mrs. C. B. Barbee, was selected for the second team fullback slot. Arrott,

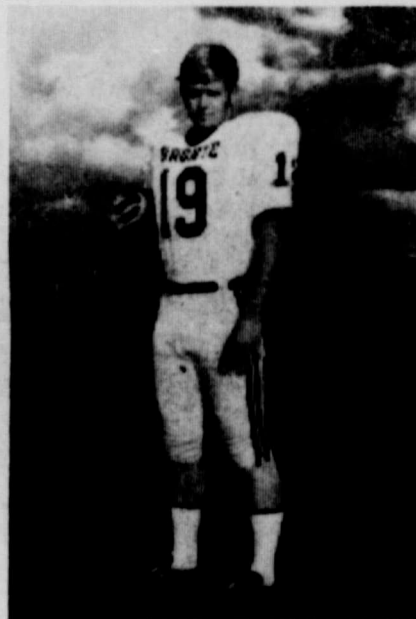

who was the leading scorer in this part of the country, was named as third team halfback. He is the son of Mr. and Mrs. LeDrew Arrott.

Football honors are nothing new to the four Longhorns, as they were all picked as members of the 7-B All-District teams. In addition, Arrott and McCutchen were named to the All-Area 11 by the Abilene Reporter-News.

All four of the honored Longhorns are seniors.

Boys Win Over Forsan, G-City

Bronte High School boys have had a good week of basketball but the girls have lost three games during the past week of play.

The Longhorns remain undefeated in district play with wins over Forsan and Garden City. In the game last Friday night at Forsan, the locals took their host by a 52-40 score. Willie Zuniga was leading point maker with 15, and Keith McCutchen was a close second with 14. David Scott sank 10; Randy Barbee 8; Danny Cooper 3 and Donnie Thompson 2.

The Horns swamped Garden City, 73-47, in a game played there Tuesday night. McCutchen was high pointer with 20; Zuniga had 17; Cooper 12; Barbee 11; Scott 6; Gary Skelton, Lynn Lawhon and Mike Arrott 2 each; and Thompson 1.

The Forsan crew downed the local girls 73-56 last Friday. Linda Carlton was leading scorer for Bronte with 19; Jolene Vaughn made 17; Norma Pruitt 14; and Dana Lee 6.

The girls played a closer game with Garden City Tuesday night but wound up on the short end of a 53-48 score. Pruitt sank a big 29 for leading scoring honors. Carlton had 12; Kathy Kiker 4; and Vaughn 3.

Games on tap for the A teams during the coming week include hosting Blackwell Friday night and traveling to Water Valley Tuesday night. There will also be a B boys game with Blackwell.

B Team Tourney

Both boys and girls B teams will enter a three-day tournament this weekend at Robert Lee. First round of play will find the girls playing Roscoe Thursday at 5 p.m. and the boys will play Robert Lee at 6:15 p.m.

Second round of play will begin Friday at 2:15 p.m. and continue into Saturday morning. Finals on both ends of the bracket will be played later Saturday, with the championship game scheduled for 9 p.m.

Bronte will have approximately 100 new street signs in the next few months, thanks to the efforts of the Sorosis Study Club and other interested groups who are helping with the project.

The project was started and is being sponsored by the Sorosis Club but committee members who are working on the signs pointed out they could never have carried through on it without the help of the other organizations.

Helping the club members with financing or work are the City of

Bronte, Bronte Noon Lions Club, Bronte Evening Lions Club, the Diversity Club, '69 Study Club and Bronte School.

The signs will have a white background with four inch maroon letters. The lettering will be beaded reflectorized material so it can be seen at night. They will be double faced so they can be read from both sides. The signs will be mounted on steel pipe.

Sorosis committee members

Voters of precincts 2 and 4 were active Thursday as they went to the polls to vote on a \$250,000 bond issue which, if carries, will be used to finance a 32-bed nursing home. The election is being conducted by East Coke County Hospital District which has the same boundaries as the two commissioner precincts. At press time Thursday afternoon a total of 140 voters had cast their ballots. Royce Fancher was serving as presiding judge for the election. Polls will remain open Thursday until 7 p.m.

All qualified voters were being

permitted to vote in the election, with two boxes set up: one for voters who have rendered property for taxation and one for those who have made no property rendition.

Tentative plans for the proposed nursing home call for 32 patient beds, along with other facilities to make a first class home. Included in the auxiliary facilities are kitchen and dining area; recreation area; storage space; business offices, lobby, sitting rooms, nurses station; medical examination and treatment rooms, and other necessary space and equipment.

Estimated cost of the structure is \$175,000. Other cost estimates include: paving, curbing and sidewalks, \$10,000; kitchen equipment, \$6,000; professional services, \$20,500; furniture and furnishings \$22,400; landscaping and site work, \$9,500; reserve for contingencies, \$5,900.

East Coke County Hospital District is governed by a board of directors made up of C. R. Blake, president; Matthew Caperton, vice president; Wayman Percifull, secretary; E. F. Glenn, treasurer; and LeDrew Arrott, member.

Court Defines Justice Precincts

Coke County commissioners court met Monday to determine boundaries of justice of the peace precincts since lines of the commissioners precincts were changed.

The court decided that the county would continue to have only two justice precincts, as in the past. The area of the justice precinct 1 will cover all of commissioner precincts 1 and 3, and justice precinct 2 will cover the area of commissioner precincts 2 and 4.

Robert Lee incumbent Roy P. Ross announced a couple of weeks ago for reelection in precinct 1 and Earl D. Nutter is announcing this week that he will seek reelection in precinct 2.

Runnels Baptist Assn. To Meet in Bronte

Runnels Baptist Association will hold a meeting Monday evening at First Baptist Church in Bronte. Representatives from the member churches will gather in late afternoon for a board meeting, and meeting of the WMU and GAs at 5:30.

Ladies of the church will serve a salad supper to the visitors at 6:30 p.m. and a program on "Evangelism" will follow at 7:15.

A youth rally for the association also will be held here Saturday beginning at 7:30 p.m. A group from Wayland Baptist College at Plainview will present the program.

Mrs. S. A. Kiker was reported to be somewhat improved early this week in Shannon Hospital in San Angelo.

Junior Hi Tourney Set Next Weekend

Bronte's annual Junior High Basketball Tournament has been scheduled for Jan. 22, 23 and 24 in the local gymnasium. Eight boys and eight girls teams will enter the competition.

Teams on the brackets include boys and girls from Roscoe, Mertzon, Robert Lee, Wall, Bronte, Water Valley, Highland and Miles.

The games will start next Thursday at 3 p.m. with a game between Roscoe and Mertzon girls. Other girls games in the first round include Robert Lee and Wall at 5 p.m.; Bronte and Water Valley at 7 p.m. and Highland and Miles at 3 p.m. on Friday.

First boys game will see Roscoe go against Mertzon at 4 p.m. Thursday, followed by Robert Lee and Wall at 6 p.m.; Bronte and Water Valley at 8 p.m. and Highland and Miles at 4 p.m. Friday.

Second round games will get underway Friday at 5 p.m. and continue through a contest starting at 12 noon Saturday.

Boys game for third and fourth places will start at 4 p.m. followed by third and fourth place competition for girls at 5 p.m.

Girls consolation finals will be at 6 p.m. and boys at 7. Girls championship game will be at 8 and the boys will play for the top two places at 9.

Team trophies will be awarded to first, second, third and consolation winners. Ten boys and 12 girls individual awards will be presented.

Admission prices to the tournament will be 25 cents for students and 50 cents for adults for each session.

Austin — Texas' increasing narcotics problem is getting a multiple-front attack at the state level.

State Board of Education endorsed two test projects to find the best ways of teaching young Texans about crime, drugs and driving. Latter will be offered in grades five through 12 under a new state law. A two-year study of driver education methods was assigned to the Texas A&M Transportation Institute.

Gov. Preston Smith, Lt. Gov. Ben Barnes and Atty. Gen. Crawford Martin joined in a pledge to declare an "all-out war on drug abuse."

Smith called a meeting of state agency heads and set Feb. 1 as deadline for reports on their plans to fight the use of narcotics and to decide what else can be done.

Agencies represented included State Health Department, Public Welfare Department, College Coordinating Board, Texas Education Agency, University of Texas, Department of Public Safety and Department of Mental Health and Mental Retardation.

Governor Smith called the drug use "one of the most serious problems that confront the people of this state today."

Barnes urged local grand juries to conduct their own investigations and to bring such cases to a prompt trial.

A 24-month project will develop teaching materials for a public school course on crime and narcotics.

Initial training of 2000 teachers will begin in February. Model programs will be tested in public schools, 1971-72. Universities, schools, regional education centers and community groups will help with course development work.

VOTERS SIGNING UP — About 1,347,040 Texans had registered to vote in the 12 most-populous counties by January 1, State Democratic Executive Committee reports.

SDEC says the medium-metropolitan counties have shown only a slight increase in registrations during the last 30 days. This group of 23 counties enrolled 282,851 or 35.9 per cent of a potential of 676,680. Same counties a month ago had signed up 230,764.

Some SDEC statistics bore out, some contradicted the warning of U. S. Senator Ralph Yarborough that registration is greatest in Republican and conservative counties.

Greatest percentage of registration in any big county, said SDEC, is Jefferson, a liberal Democratic stronghold where 79.55 per cent of a possible 90,609 already have enrolled. Sign-up

in liberal Bexar County is 62.8 per cent of the quota, but conservative Dallas register 70 per cent and Harris 69.9 per cent.

Medland County in medium bracket has 73.7 per cent registration, Brazoria 90.2 per cent. Midland is key conservative area.

SDEC, through its "Operation: Everybody" is offering awards to counties which meet registration quotas.

WELFARE ROLLS GROW — Assistance payments totalling \$364,673,953 went to Texans on public welfare rolls during fiscal 1969, Department of Public Welfare reports.

About 25 per cent of this, or \$90.4 million, medical aid payments \$147.9 million, aid to blind \$36.3 million and aid to permanently and totally disabled \$13.4 million.

More than 161.7 pounds of commodities valued at \$45.8 million went to 1.4 million participants, and \$7 million worth of food stamps were issued.

Average Texas old age assistance payment is \$59.25 a month, 15th from lowest in nation. Average monthly aid to needy families comes to \$76.20, compared with top (New Jersey) of \$266.50. Texas AFDC is fifth lowest among states.

ECONOMY STRONG — Year-end reports by state agencies boast of strong economy and record breaking industrial development during 1969.

Texas Employment Commission says the labor force continues to grow rapidly. Employment went up four per cent from 1968, and the unemployment rate (averaging 2.6 per cent) was lower than for any period recorded by TEC.

Industrial development reached a new high. But what happened in 1969 was just "drop in bucket" to what can be expected in the future, reported Texas Industrial Commission Executive Director James Harwell.

TIC reports an estimated 350 new plants located in Texas last year, compared with 291 in 1968. About 465 plants reported expansions of facilities. Most of the activity was in the chemical, metal and transportation industries.

PROGRESSIVE CLUB MEETS WITH MRS. SMITH IN RL

Spring Fashions

SPRING 1970 IS... a commentary on prettiness, naturalness and individualism. Colors are clear and fresh. Fabrics stress softness, flow and texture. Designs offer a completely unique variety of looks. The combination of all these ingredients results in one of the most appealing seasons ever.

THE COLORS ARE... WATER COLORS... soft tones with a lightness and whiteness. As a group, these colors will be applied to every fabric type. Mauve-Pink, Coral-Melon and turquoise will probably be the favorites. Often paler versions will be used in specific fabrics like crepe, linen and wool... or in tonal combination.

SUN SIGNS... more vibrant in tone than the Water Colors, with a sundrenched quality. They appear as accent, sport-type and warm climate tones. Here, the exciting new hues are... Marigold, Jade, Periwinkle, Petunia, Coral.

NEUTRALIZERS... and for Spring '70 they truly are! The range of neutrals begins with white and off-white as a total story by itself; progresses to pale Willow and cool Taupe; offers a new look with Skin and Butterscotch tones. The interesting trend in this group is the underlying color in each shade.

TRANSPARENCIES... Summer's sizzlers. Navy, Beet, Red Pepper, Spruce, Bark... are the most popular shades. The emphasis is on the "how to" of combining these crisp, clear Darks with Whites or with Neutralizers plus a bright color accent. They lend a dramatic feeling to the new prints and wovens, and

will be especially effective for striking Summer looks.

THE DESIGNS ARE... Larger... in size and diversified in technique... open grounds, moving patterns, abstract forms and linear detail. PATCH PRINTS... become a major look, and utilize Dots, Geometrics, Paisleys, Tiles and Florals. Coordinates are any part of the pattern translated into an all-over design.

DOTS... come in all sizes and abstracted shapes... look newest when they form the pattern of a print... keep appearing unexpectedly and constantly. GEOMETRICS... tiny and refined or large and bold are a strong Spring trend. CONTINUING... influences of Bandana, Gypsy and Oriental styling. BORDERS... grow in popularity.

THE FABRICS ARE... SURFACE... influenced by subtle shine, by natural textures, by dimensional weaves. Glace Finishes — Yarn Effects — Raised Patterns — Plushy Naps.

OPEN... via transparent Sheers and novelty weaves. Voiles — Lenos — Crochet Looks — Dimities — Burnouts.

SOFT — Moving and body conscious, lightweight knits Drapable Crepes — Slinky Silk types.

NATURAL... looks with their

own respective personalities. Denims — Canvas — Linens — Raw Silks — Rustics.

Home Economics Briefs

If home remodeling is on your mind, consider including a "back-door bathroom" in the plans. For families with young children, this can be a real work saver for mother. How often youngsters come in, wet and muddy, to use the bathroom, get a drink, or wash their hands! Of course, this bathroom needs a frequent suds-scrubbing — including floor, wall areas, and fixtures — to keep it clean and sanitary. But it certainly saves wear and tear on the rest of the house — and mother's nerves!

Be Creative With Windows

Easy upkeep and good looks go hand in hand and homemakers are insisting on this. Window shades are a case in point. Gone are the dreary, though functional, shades and blinds. And gone with them are the hours of struggling and scrubbing. Most cloth shades are coated with washable vinyl which also makes them colorfast. When colors dull a bit, just whip out a bucket of suds and a sponge and have them sparkling again in no time.

In addition to washing ease, shades now have a definite deco-

The Bronte Enterprise

January 16, 1970

orative value. So when redoing a room give some thought to really being creative with windows. Home Fashion magazines and window shade departments abound with ideas and help. There's a world of high-key colors as well as the neutral and pastel tones from which to choose. And easy upkeep doesn't rely on smooth surfaces. Select any of the wide range of textures — as long as they boast sudsy ease-of-care.

Make Spreads of Terrycloth

For a new idea in decorating, how about a bedspread made of bright colorful towels, sewn together, then quilted to washable fill and lining? Bedspreads for twin beds can be made from face cloths. The patchwork design is limited only by your imagination and skill. These terrycloth bedspreads are easy to launder and come out of the dryer fluffy and fresh.

Interlining Features Washability

At last, there's a flexible interlining for use in waistbands and hems of women's clothing. With Armoflexxx (with three x's) curling and wrinkling that are unsightly and uncomfortable,

become a thing of the past. The interlining is made of cotton warp and a filling of Vylor nylon filament. Among its many virtues is complete washability. Look for it when shopping. At present, it is being used primarily in women's skirts, slacks, and shorts.

Earl D. Nutter Seeks JP Office

Earl D. (Pete) Nutter this week authorized The Enterprise to announce his candidacy for reelection as justice of the peace for precinct 2. Justice precinct 2 includes commissioners precincts 2 and 4 and its boundaries were determined this week by the commissioners court.

Nutter has served as justice of the peace for the past 2½ years, being appointed in 1967 to succeed the late J. T. Liles. This will be the first time he has asked for a full four year term.

In making his announcement for reelection, Nutter issued the following statement:

"First of all, I want to thank all the people of this area for the many courtesies and cooperation shown since I became your justice of the peace. I have done my very best to perform the duties of the office efficiently and fairly, and without prejudice toward anyone who has come before the court.

"I realize that the office of justice of the peace is an important one, and if you see fit to reelect me to the office, I will continue to give the job my best efforts.

"I will greatly appreciate your vote and support in the Democratic primary in May."

During the 2½ years Nutter has served as justice of the peace he has handled approximately 650 cases.

A resident of Bronte since the end of World War II, Nutter is a veteran of three years service in the armed forces. He and his wife, Inez, have operated the Cactus Cafe since he came here at the end of the war. He is a member of the Masonic Lodge and American Legion.

Livestock Assn. Thanks Buyers

The Coke County Livestock Association and exhibitors in the 1970 stock show are expressing their appreciation this week in an ad which lists all the persons, firms and groups that purchased animals Monday of last week at the annual county sale.

Some 115 names are listed among the buyers, which represents a slight increase over last year's buyers.

The sale was held Monday, Jan. 6, following the annual Coke County Livestock Show. Edward Cumbie served as auctioneer and sold 57 animals including eight of the champion and reserve winners at an unlimited price and 49 animals at a preset price.

TO HAVE OPEN HOUSE

Contractors Wayne Mashburn and C. R. Reed are sponsoring an open house Sunday at the new home of Mr. and Mrs. Frank Hearn in Robert Lee. The public is invited to attend and inspect the new structure. Hours for the open house are from 3 to 5 p.m.

MRS. LUTTRELL HOSTESS FOR SOROSIS CLUB MEETING

The Sorosis Club met last Thursday night, Jan. 9, in the home of Mrs. Margaret Luttrell. Mrs. Noah Pruitt Jr. was in charge of a program on "Safety" and showed a film.

The group voted to order the street signs that will be erected in town during the next few months.

Mrs. T. F. Sims Jr. was a guest and the following members were present: Mmes. C. C. Boecking, C. O. Richards, Royce Lee, Royce Fancher, Clyde Lee, R. T. Caperton, Clark Glenn, E. F. Glenn, C. B. Barbee, Pruitt and Luttrell.

Mrs. Arrott Has 91st Birthday

Mrs. Nora M. Arrott of San Angelo was honored Sunday with a birthday party held at the Arrott cabin south of Bronte. Mrs. Arrott's 91st birthday was Jan. 8. Forty-three persons were present for the dinner and celebration.

Mrs. Arrott is the mother of 11 children, nine sons and two daughters. One son and one daughter are deceased. She also has 26 grandchildren and 56 great grandchildren.

Present for the dinner were Mr. and Mrs. C. E. Arrott and Mr. and Mrs. LeDrew Arrott, Nicky, Mike, Kim and Alisa, all of Bronte; Mr. and Mrs. James Arrott of Tennyson; Mr. and Mrs. J. B. Arrott, Jim Bob, Timmy Don and Diana, all of Ballinger; Mr. and Mrs. Monroe Arrott and Mrs. A. V. Kiker and Glenn Reelected Water District Directors

D. K. Glenn and Norman R. Kiker were reelected directors of the Coke County Kickapoo Water Control and Improvement District in an election held Tuesday. Each of them received 24 votes. No other candidates were listed on the ballot.

Glenn has been serving as the president and Kiker as secretary of the water district. Other members of the board who have another year to serve are Royce Fancher, Preston Davis and Wayman Percifull.

Noah Pruitt Sr. held the election.

JUNIOR BASKETBALL

Elementary school basketball teams hosted teams from Miles last Thursday night. The junior high boys won their game, 39-23, with Tony Mackey taking the scoring honors with 13. The Pee Wees lost to the visitors, 42-8. Wayne Coalson was high pointer for his team with 3.

The junior high girls played also, losing their game, but results were not available at press time Thursday.

The junior high teams will host Wingate in the local gym next Monday night.

Historical Group's Goals Announced

By Mrs. Bryan Yarbrough

The Coke County Historical Survey Committee will hold the first meeting of the new year at 3:30 p.m., Friday, in the conference room at the county courthouse. All members are urged to be present to help complete outlining the program of work for the fiscal year, which actually started Oct. 1, 1969.

Outline of requirements for 1970 were dated Dec. 30 and mailed to the county chairman on Dec. 31. Requirements are much the same as for 1969, with one additional requirement.

The committee must again secure four historical markers or spend as much as \$600 for markers; present at least six historical programs; sponsor or assist in three historical tours; hold one history appreciation observance; hold at least four regular meetings; accomplish one phase of historical preservation; secure a minimum of \$300 in the 1970 budget and a minimum of \$200 investments in the Texas Historical Foundation.

The additional requirement asks that the committee publish a County Committee Newsletter at least four times during the competition year or have a regularly scheduled column in the local paper about the work of the committee.

Minimum Foundation (membership) dues are \$5.00; sustaining members pay \$25.00 and the Texian members pay \$100 or more. The Survey Committee appreciates every helpful effort for the betterment of Coke County and thank everyone who helped in any way.

Coke to Host Area Officials

Coke County commissioners court and the county attorney will host a conference of officials of surrounding counties Jan. 24. Purpose of the meeting is to hear a program on the tort claims act which went into effect Jan. 1.

A panel of lawyers will discuss the new law and answer questions on the meaning and effect of its provisions, as they apply to political subdivisions.

On the panel will be County Judge E. B. Keyes of San Angelo; District Attorney Royal Hart of San Angelo; Attorney Curt Steib of San Angelo; Attorney Worth B. Durham of Sterling City and Attorney Charles A. Griggs of Sweetwater.

Persons invited to the conference include representatives of area commissioners courts, county attorney offices and municipalities.

The main provision of the tort claims act makes a city, county or other political subdivision liable for damages caused by officials and employees in the discharge of their official duties.

The meeting will get underway at 1 p.m. at the courthouse in Robert Lee. Any county, city or other official who wishes to attend is invited.

BITTER CRITTER — The Litter Critter, the Texas Highway Department's faithful sidekick in the battle against highway litter, now is making his appearance on colorful 17x22-inch posters. Litter pickup costs the Department \$2 million a year. Schools, garden clubs and other organizations concerned about litter may obtain the posters from Highway Department District Offices, Tourist Information Bureaus or the Travel and Information Division, Texas Highway Department, Austin (78703). — TEXAS HIGHWAY DEPARTMENT PHOTO 12/69.

Great Plains Conservation Program Extended 10 Years by U. S. Congress

The 10-year extension and broadening of the Great Plains Conservation Program in legislation recently enacted by Congress can mean a doubling of the needed soil and water conservation work on Texas farm and ranch lands, State Conservationist Clyde W. Graham of the USDA Conservation Service said recently.

The law extending the program, which was launched in 1967 to give landowners in the Great Plains help in building greater stability in farming and ranching enterprises, was signed by the President on November 18, 1969. The program had been scheduled to end December 31, 1971 but has now been extended to 1981.

The legislation authorizes an additional \$150 million in Federal funds for the cost-sharing of conservation measures.

In addition to cost-sharing regular soil and water conservation work, the broadened program will provide for the enhancement of fish, wildlife and recreational resources on farms and ranches where it will improve the economic condition of landowners. It will also provide assistance on agriculture-related pollution problems in keeping with the program's overall objectives.

It also authorizes the Secretary of Agriculture to enter into contracts on land not generally considered to be agricultural but where erosion is so serious that conservation work is needed to protect farm or ranch holdings.

Graham pointed out that the law brings the responsibility of soil and water conservation districts more sharply into focus, stipulating that "approved conservation plans developed in cooperation with the soil and water conservation district in which their lands are situated shall

form a basis for contracts."

In Texas, 10,908 farmers and ranchers have signed contracts covering 13.7 million acres and obligating \$37 million in cost-share funds. Nearly 1,200 Texas farmers and ranchers have applications on file to take part in the program.

The seeding of unsuitable cropland to grass, development of water resources, reduction of the soil erosion hazard through various conservation techniques, control of invading brush on rangeland, improvement of irrigation systems to use available water most efficiently, and better grassland management are among steps taken by landowners in the program to create resistance to drought and other emergencies and reduce suffering and financial stress once common in the Plains. Plains farmers and ranchers have returned nearly 2 million acres of hazardous cropland to grassland use in the program.

Graham said that although the program in Texas has reduced dust storms on the Plains, the job is far from complete. He said a recent survey showed that only 15 percent of all needed conservation work on the Plains has been done.

Coke County Soil and Water District, which was designated originally as a part of the Great Plains Area, will continue to receive benefits from this program of cost share to farmers and ranchers. Some 80 land owners and operators have participated in this program on approximately 100,000 acres since 1958, according to W. E. Jacoby, District Conservationist. Practices carried out locally are primarily range seeding, brush control, rotation and deferment of grazing pastureland, and terracing of cropland.

Impala.

It's got more re-sale value because it's got more to re-sell.

One of the nicest things about buying an Impala is selling it. That's because selling it traditionally brings back more of what people put into it in the first place. Money. Where does Impala keep getting its higher resale value? From features like those you see below. Features which explain why America's most popular car for the last nine years will undoubtedly make it ten in a row.

Voter Registration Deadline Jan. 31

The period for voters to register is becoming short, according to County Tax Assessor-Collector O. B. Jacobs. Deadline to register so as to be able to vote in all elections during the coming year is Jan. 31. The voting year begins March 1, 1970, and ends Feb. 28, 1971.

Everyone who wants to vote must register, as there is no automatic exemption because of age. Back when a poll tax was required, persons over 65 were automatically qualified to vote, if they met other voting requirements. However, that is not the case now, as everyone must register.

A person may go to the tax office in person and register, or he may request an application by mail.

Registration, for the most part, must be done by the voter himself. However, a husband, wife, father, mother, son or daughter of a voter may act as the voter's agent and applying for registration if the relative is a qualified voter of the same county.

Qualifications to be eligible to register to vote are:

1. Citizen of the United States.
2. Over 21 years of age on the day of election.
3. Resident of the state for at least one year immediately preceding election day.
4. Resident of the county for

at least six months immediately preceding election day. This is required for voting in local elections but not required for voting in statewide elections. Residence in a city for six months is required for voting in city elections.

Persons who will be 21 years of age by Jan. 31 must register by that date and cannot register afterward. Persons who will become 21 after Jan. 31 may register during the regular registration period but also may register any time afterward. However, he must have been registered at least 30 days before he can vote in any election.
