Bus Suspension Being Protested by Bronte

Mayor Martin Lee said Thursday morning that the city has submitted a letter of protest to the Railroad Commission on the suspension of bus service in Bronte.

The mayor said protests also are being sent in by San Angelo, Sweetwater and Lubbock, as well as by a number of local business firms.

Lee said he was told records in Austin show that the city was notified back in the summer of

the intention to suspend service here, but he added that nobody knows anything about the notification.

He said officials in Austin told him that if enough evidence is presented to warrant it, the matter will have to be reopened and reconsidered.

"We may be doing some good," Mayor Lee said, "but we'll just have to wait and see how things shape up in Austin."

Lee said as far as he can determine, the first time anybody in Bronte knew about the suspension of service was when local agent, H. T. Key, was notified Aug. 27.

One bus a day from the north and one from the south have been operated through here by Texas, New Mexico & Oklahoma Coaches for many years.

The Bronte Longhorns will open their 1970 football season Friday night when they meet the Forsan Buffaloes at Forsan. Game time is 8 p.m.

Longhorn fans have been loud in their praise of the way the team has shown up in two scrimmages, one with Lakeview Junior Varsity and one with Clyde, a 2-A school.

A pep rally will be held in the gym Friday at 2:30 p.m. The pep rallies will be broadcast again this year over Radio Station KRUN, Ballinger, at 3:30 each Friday during football season.

New Head Coach Gerald Sandusky said Thursday that he believes his boys can outdo the Buffs. "If they will play as well as they are capable of playing,"

he said, "we'll have a good chance to win." Forsan and Robby are doped to be the powers in District 5-B.

The coach added that members of the team are in good physical condition and have suffered no injuries. He also was well pleased with the mental attitude of the 1970 Longhorns.

Probable starters against Forsan include:

Eugene Scott, center; Danny Cooper, strong side guard; Steve Clark, strong side tackle; Lynn Lawhon, strong side end; Dana Swell, quick side guard; Larry McKown, quick side tackle; Kim Barrett, split end; Bobby Skelton, quarterback; Mike Arrott, halfback; Jerry Graves, fullback; Danny Thompson, wingback.

Band Director Louis Thornton said the Longhorn Band will be ready with a halftime show which promises to be tops. The band, as well as the football team, has been working out regularly for several weeks in preparation for the football season.

The tickets will be on sale in the office of the superintendent.

Red Raider Corley Ready

(Editor's note: The following story was written by Walt McAlexander of the Lubbock Avalanche-Journal sports staff. The story is about Davis Corley, son of Mr. and Mr. Jack Corley of Bronte. It is a success story.)

Davis Corley was the happiest Red Raider of 'em all Monday afternoon when Texas Tech took the practice field.

He was back in the swing of things after an unscheduled 10-day vacation due to a pulled groin muscle.

Corley's forte is defensive end, and the Bronte native is slated for a starting berth despite his sophomore status.

However, Corley expressed concern for his starting berth following Saturday's scrimmage. "If I don't get back into action pretty soon, I may not even be

in the two-deep because the defense looked real impressive out there today."

Corley Still No. 1

However, Jim Carlen told the touring SWC sports newsmen Monday that Corley was still No. 1 at his position despite the lay-off, but that he didn't know whether the redshirt soph could maintain that status with stiff competition from junior Harold Hurst and sophomore Gaines Baty.

"He shouldn't have any trouble with the injury," reported football trainer Bob Bissell, "if he warms up properly. Taking licks shouldn't bother him."

Corley, who underwent a hernia operation at the start of the 1969 season and played five weeks on the redshirt team, is happy with his new responsibili-

ties under the Carlen regime.

Tech's new system has the defensive end responsible for pass rush and not pass coverage. "The toughest place to play," says Carlen, "is defensive end. He has to put force on the passer and he can't do this if he's back covering a potential receiver."

Goals Outlined

Corley, who has been playing defensive end for almost seven years now, says he likes the idea of "just going with the ball."

Corley, who had only three workouts in pads before the injury bug struck, says he feels no pressure because of his sophomore status. "My goals are simply to start and help Tech win every game we play. There's

Austin — A veteran state tax bill author predicts that the Legislature will be levying more new taxes on Texans next year than the king-sized \$348.6 million revenue bill of 1969.

Forecast was offered by Rep. Ben Atwell of Dallas, chairman of the House Revenue and Taxation Committee and head of the Committee on State and Local Tax Policy.

Boosting Atwell statistically was James W. McGrew, research director of Texas Research League, who acknowledged that his original estimate of a \$400 million tax bill "looks smaller all the time."

LA Gov. Ben Barnes frankly concedes that a "major" tax bill is looming—unless the federal government agrees to some form

of unrestricted revenue sharing with the states or picks up the entire tab for welfare aid. Barnes further acknowledged that he is not optimistic about prospects for a federal rescue in the nick of time.

Although Barnes and Atwell did not appear far apart in their estimates of revenue need, they were speaking a different language as to sources.

Atwell, who declined recommendations at this point, told newsmen he thinks an increase in the sales tax rate is likely and that the Legislature properly should look to broad-based taxation in 1971.

While going along with the possibility of a sales tax boost, the Lieutenant Governor said flatly that the Senate would insist on balancing any revenue bill with a corresponding tax on business.

Difference in viewpoints illustrates to some extent the divergence in House and Senate philosophies.

But, once more in harmony, Barnes and Atwell agreed that Texans will be facing state corporate and personal income taxes sometime during this decade.

INSURANCE HIKE DELAYED — Further delay in a public hearing on auto insurance rates or investment income makes any rate increase this year even more unlikely than ever.

State Board of Insurance changed to Oct. 19 the Sept. 9 hearing on whether to consider

insurance company investment income in determining insurance rates.

A three-way hearing on auto insurance rates, manual rules and policy forms will be held at a still later date to be announced in the future.

Investment income hearing originally had been slated for July 14 and the rate hearing Aug. 17. One delay already had been ordered.

Companies had hoped to put any new rate increases into effect by Sept. 1, but the delayed meetings made that impossible.

CRIME RATE UP — Major crime rate in Texas rose 19.9 per cent for the first half of 1970, Col. Wilson E. Speir, Texas Department of Public Safety director, reports.

Latest statewide report reflects a major crime was committed every minute from January through June. Sheriffs and local police chiefs furnish the information.

Increase actually is 20.9 per cent in urban areas and 10.5 in rural territory.

Robbery shows the biggest jump—40.2 per cent. Rape increased 28.7 per cent, murder 28.1 per cent, theft 21.6 per cent, burglaries 17.9 per cent, auto thefts 16.5 per cent and aggravated assaults 10 per cent.

Speir said an estimated 233,599 major criminal offenses occurred during the January-June period. Comparison-wise, it was 4,404 per 100,000 population. Crime clearances (solutions) declined from 27 per cent during the first half of 1969 to 26 per cent for 1970, but the clearance rate for murder and robbery increased slightly.

ATTORNEY GENERAL OPINIONS — Attorney General, on request of the Air Control Board, can take action based on violation of Board rules, but local government can take action to institute legal proceedings without Board approval, says Atty. Gen. Crawford C. Martin.

In other recent opinions, Martin concluded that:

* Any person receiving probation for driving while intoxicated who refuses to take a chemical breath test for DWI is subject to administrative proceedings to revoke his license.

* Neither the State Commissioner of Education nor the State Board of Education has power to determine unliquidated damages on appeal by a teacher dismissed without cause by a school district.

WOMEN WANT RECOGNITION — Representatives of an Equal Opportunity for Women's group ask that the Governor's Commission on Status of Women be made a permanent, legally-constituted agency with \$100,000 biennial budget.

Commission members also requested governor to direct state agencies to make all appointments to jobs without regard to sex and to appoint a significant number of women as regents and on the Coordinating Board, Texas College and University System.

Short Snorts

Texas Highway Commission approved a \$50.4 million safety and betterment program for highways and farm to market roads for next year.

Deadline for cotton stalk plow-up in Willacy and Cameron Counties and southern halves of Hidalgo and Starr Counties has been extended to Sept. 15 in the pink bollworm fight.

An Austin district judge cancelled 40,000 insurance policies following the bankruptcy filing of Texas Consumer Finance, a loan chain.

Texas Fine Arts Commission approved federal grants of \$51,263 to 17 cultural groups and organizations.

Now all your U.S. Savings Bonds pay higher interest.

Now it's official.

Now one of the safest investments in the world brings you new and higher returns.

Now your U.S. Savings Bonds pay the highest interest in history: a full 5 per cent when held to maturity of 5 years and 10 months. (4% the first year; 5.20% thereafter to maturity.) Previously, these Bonds earned you only 4 1/4% if you held them for seven years.

The new interest began June 1, 1969. So all of the Bonds you own, no matter when you bought them, have been collecting higher interest since that time.

Those Bonds are still replaced if lost, stolen or burned.

You can still buy them through Payroll Savings or the Bond-a-Month

plan.

Regardless of your other investments, can you think of any easier, better, or safer way to build a nest egg for yourself?

It's nice to know that you are doing a little something for Uncle Sam, too. The \$52 billion in U.S. Savings Bonds now outstanding in the hands of millions of Americans go a long way toward keeping your country financially strong.

There never was a better time to take stock in America.

There's a man at the place where you work who can start you on the Payroll Savings Plan right now.

Bonds are safe. If lost, stolen, or destroyed, we replace them. When needed, they can be cashed at your bank. Tax may be deferred until redemption. And always remember, Bonds are a proud way to save.

The bride carried a bouquet of shredded mums surrounding a white orchid on a white Bible.

Barbara Firreno of Mesquite, the bride's cousin, was maid of honor. Bridesmaids were Deana Carter of Amarillo, the bridegroom's cousin, Peggy Pence and Mrs. Skip Rauss, both of Omaha, Nebr. The ceremony was performed before an archway of greenery, pink and white mums, flanked by candelabra and baskets of white gladiolas and pink mums.

Vickie Vanderburg, soloist, was accompanied by Mrs. Harold Pitts, organist.

A reception was held in the fellowship hall of the church. Elizabeth Geis of Tulsa, Okla., cousin of the bride, registered the guests. Mary Hensen of Omaha, Nebr., served the wedding cake and Vickie Vanderburg

and Mrs. Larry Page presided at the punch bowl.

The bride's mother and the bridegroom's mother wore pink gladiola corsages.

The couple will live in McKinney where the bridegroom is a teacher. The bride attended John Robert Powers Modeling School in Dallas and the bridegroom is a graduate of Bronte High School and East Texas State University where he was a member of Kappa Alpha Order.

Coke County Farmers to Cast Ballots For ASC Community Committeemen

Coke County farmers are now receiving mail ballots for election of ASC Community committeemen, announced Frank Percifull, chairman of the County Agricultural Stabilization and Conservation (ASC) Committee. Marked ballots are to be put back in the mail or returned to the county ASCS office by Sept. 11. In each of the three ASC Communities in the county, eligible farm voters will elect three committeemen and two alternate committeemen to serve for one year. ASC Community committeemen aid the county ASC committee in administering government farm programs. The community committeemen also elect members and choose officers for the county ASC Committee.

In the community committee elections, voters may vote for up to three persons. The ASC chairman said it is important that farmers know that they are to vote for only three because in the past they have voted for five candidates.

Voters may select from the candidates listed on the ballot or may write in choices. Percifull said that the elections are by secret ballot. He said, "When a voter has marked his ballot, he should fold it and seal it inside the plain envelope he received along with the ballot. He should put the plain envelope inside the envelope addressed to the county ASCS office and seal that envelope."

"Then he should sign and date that outer envelope on the back. This is very important because his ballot cannot be counted unless he has signed and dated the outer envelope."

Percifull explained, "This dual envelope system is for the voters' protection. The plain envelope guarantees a secret ballot. The outer envelope insures that only eligible voters vote. Be-

fore the votes are counted, the plain envelopes are removed from the outer envelopes and shuffled to make it impossible to identify any individual ballot," he added.

When ballot envelopes are received in the county ASCS office Percifull said, they remain sealed and are deposited in a sealed ballot box immediately, and remain there until the county ASC committee publicly counts the ballots Sept. 14 at 10 a.m. at the ASCS office.

Any farm owner, tenant, or sharecropper who is of legal age may vote if he has an interest in a farm and is eligible to participate in an ASCS program offered in this community. Spouses of eligible voters also are eligible to vote.

Any person who believes he is an eligible voter but who has not received a ballot should immediately get in touch with the Coke County ASCS Office at Box 27 Robert Lee, Texas 76945, in order to obtain a ballot.

Barbecued Chicken

As summer's heat starts to decrease, you'll probably want to enjoy your barbecue grill before winter gets here.

A patio dinner of barbecued chicken can be a special delight during cooler weather, but you can still enjoy the tastiness of barbecued chicken even after it gets cold. Now is a particularly good time to do so, because the U. S. Department of Agriculture reports broiler-fryers plentiful.

The possibility of barbecued chicken is often overlooked after cold weather arrives. To barbecue in the range broiler, arrange the chicken skin side down, in the bottom of the boiler pan without rack. Brush chicken with seasoned butter or barbecue sauce and broil 7 to 9 inches from the heat. Turn chicken every 10 minutes, brushing it with the butter or sauce each time. Broil it until it is fork tender, nicely browned and crisp, or from 5 to 60 minutes.

For a quick barbecue sauce for chicken, try one of these sauce recipes.

Barbecue Sauce

- 1/2 cup ketchup
- 2 tablespoons Worcestershire sauce
- 2 tablespoons vinegar
- 1 clove garlic, minced
- 1/2 tablespoons brown sugar
- 1/4 teaspoon dry mustard
- Dash of Tabasco sauce

Salt, pepper to taste

Combine ingredients. Brush on surface of meat and repeat every five to ten minutes during cooking time.

My favorite Barbecue Sauce is: 1 lb. butter or 1/2 oleo or butter and 1/2 shortening, 1 tablespoon prepared mustard, black red pepper and salt to taste.

Melt fat, add seasonings. Heat vinegar, to fill a quart jar. Shake until well mixed. Makes enough for 8 chickens (Freeze unused portion.)

Try some of these other appetizing chicken dishes.

Quick Herb-Baked Chicken

- 3 chicken breasts and thighs or 1 cut-up broiler fryer
- 1 cup sour cream
- 1 teaspoon salt
- 1/2 teaspoon pepper
- 1 cup crushed packaged herb-seasoned bread stuffing mix
- 1 10 1/2 oz. can condensed cream of chicken soup

Marinate chicken pieces in sour cream in refrigerator overnight. Drain off sour cream; reserve for sauce. Season chicken with salt and pepper. Roll in stuffing mix. Place on greased shallow baking pan, skin side down. Bake at 350° F. for 30 minutes. Turn and bake about 30 minutes longer, or until fork tender. Combine sour cream and soup. Heat gently and serve over chicken. Makes four servings.

Sizes of Eggs

Have you ever looked at the different sizes of eggs in the store and wondered which size was the best buy? For example, if Large Grade A eggs are sell-

ing for 60 cents a dozen and Medium Grade A for 54 cents a dozen which size should you buy?

Here's how an expert selects the best bargains.

When you shop for the family groceries, follow this rule of thumb for buying eggs: If there is LESS than a 7-cent price spread per dozen eggs between one size and the next smaller size of the SAME GRADE, you will get more for your money by buying the larger size. Thus Large eggs at 60 cents a dozen would be a better buy than Medium eggs at 54 cents.

Conversely, when the price spread is GREATER than 7 cents, the smaller size is the more economical. For example, if U. S. Grade A Medium eggs are selling at 54 cents a dozen and U. S. Grade A Smalls at 46 cents, you would get more for your money buying the smaller size.

Some people don't realize that although eggs are sold by the dozen, you really buy them by weight, just as you do meat and other products. There is a 3-ounce difference between each size. A dozen Large eggs must

weigh at least 24 ounces. Mediums must weigh at least 21 ounces and Smalls at least 18. A 7 cent price spread between sizes will give you an approximately equivalent price for any size.

When you shop, make it a habit to check the price difference between sizes in the same grade so you'll be able to spot the bargains when they're available.

Robert Lee P. O. Loot Is Found

The July 30 burglary of the Robert Lee post office may be no nearer to solving than it has been, but at least most of the loot taken has been found.

Kenneth Mitchell, Robert Lee School band director, discovered most of the items taken from the post office when he was on an outing at Lake Spence Sunday.

Among the items found at the lake were: three cash drawers; the postage stamps, which were taken in an undetermined amount; the money order making machine, which had been smashed to pieces. Apparently all these items had been thrown off a high cliff.

The stolen goods which were not recovered included money order blanks; the money order limit stamps; and the metal box which was taken from the safe.

Sheriff Melvin Childress pointed out that a couple of rains have fallen in the area since the burglary, and the items recovered were pretty well strung out.

some rivalry at my position because Baty's a sophomore and Hurst is a junior, but we all help each other and there's no resentment."

Coaching plans loom in Corley's future. "I'd like to stay in Texas, of course, and coach at a fairly large high school. I guess it's just natural for me to want to coach at a large high school since I came from a small one."

But Bronte was small in name only when Corley and Doug McCutchen, now Corley's roommate and another redshirt sophomore, were playing for the Class B Longhorns.

The duo helped put away a pair of Regional trophies in the school's hardware case.

Davis said he didn't have too much time to workout during the early part of the season because he and McCutchen were working 12-14 hours a day down by Shreveport, La., rebuilding pressure valves for a gas plant.

However, at the beginning of August he and McCutchen returned to their hometown and began daily drills for the upcoming season.

Football tradition runs in Corley's family as three cousins played at Baylor and an older brother at SMU. But Davis' ambition is to be the best of the clan.

Coke County Farm Bureau had a called meeting of the executive committee Aug. 31. President Wayne Arrott presided and gave a report of the meeting which was held shortly before in Brownwood for officers from over the state.

In other business it was decided by the executive committee that the county convention will be held Oct. 25 in Robert Lee.

Further business was brought up about the matter of a county service agent. District Sales Manager Mel Austin of Midland was present and discussed the

importance of this position among county members. Wayne Arrott was elected to fill the position, to replace Dolan Mackey who has had the job.

In order to accept the position, Arrott had to resign as president of the Coke County Farm Bureau. The committee agreed that Vice President Fred McCabe Jr. should fill out the unexpired term until the county convention in October, when new officers will be elected.
