CAPERTON INVITES BRONTE TO SEE NEW CHEVROLETS

Matthew Caperton, who is now associated with Mustang Chevrolet Co. in San Angelo, said this week that he would be glad to see all his Bronte friends and customers next Tuesday when the new 1971 model cars go on display.

In an ad in this week's Enterprise he issued an invitation to everyone in the area to come by to see him and the new cars.

ASC Committees Named for County

Farmers and ranchers of Coke County have elected a total of 15 ASC community committeemen and alternates in a mail election conducted earlier this month, according to Frank Percifull, chairman of the County Agricultural Stabilization and Conservation (ASC) Committee.

ASC community committees assist the County ASC Committee in administering farm programs in Coke County, such as wheat and cotton acreages allotments, feed grain bases and agricultural conservation cost-sharing measures. They also keep local producers informed of farm program provisions and regulations.

In addition, the newly elected community committees have an important responsibility in the near future of filling vacancies on the County ASC Committee and determining the chairman and vice chairman for the coming year, Percifull said.

The new ASC community committeemen will convene Sept. 25 at 1 p.m. at the ASCS office in a meeting open to the public. They will elect one county committeeman to serve a three-year term and two alternates to serve one-year terms.

After the vacancies are filled, the community committeemen will determine which of the three regular members of the County ASC Committee will be chairman and vice chairman.

Each of the three ASC communities are made up of three members and two alternates who serve for a one-year period. The candidate in each ASC community who received the largest number of votes is the committee chairman. Second highest is vice chairman; third is regular committee member; fourth and fifth received first and second alternates.

Following are the newly-elected.

Grand Master Here to Dedicate Local Masonic Hall

A crowd estimated at 160 to 200 persons was present Monday night when Bronte's remodeled and redecorated Masonic Hall was dedicated. Hal Burnett of Alpine, Grand Master of the Grand Lodge of Texas, was here to preside over the dedication ceremony.

Assisting the Grand Master in the dedication were 14 past masters of Lodge No. 962 of Bronte.

Burnett spoke to the crowd, using the subject, "Dedication." His purpose in coming to Bronte was for the dedication of the Masonic building, but he told his audience the important things which needed to be dedicated were their hearts, souls and lives to making the world a better place.

Lodge Secretary H. O. Whitt said the talk was inspiring and thoroughly enjoyed by those present.

The dedication was open to the public.

The Masonic Hall is located in the building formerly occupied by the Santa Fe depot in Bronte.

JOHN CLARKS TO HAVE AUCTION SALE SATURDAY

Mr. and Mrs. John Clark will hold an auction sale Saturday to sell off some antiques as well as some late model items. The sale will be at their place two miles east of Tennyson, beginning at 10 a.m.

Antique collectors may be interested in such items as an old churn, 100 year old piano, three legged bean pot, and other things listed on the sale circular.

Mr. and Mrs. Clark plan to move to Gilmer in the near future. They were honored at a singing and social last Wednesday night at Tennyson Baptist Church. Members presented them with a farewell gift.

Bronte football fans will have their first chance of the season Friday night to see the Longhorns in action on the home field. The Horns have played two games on foreign soil and lost both of them. They are hoping to be able to put together a victory on their home field.

The Longhorns will host the Roby team with kickoff time set for 8 p.m.

Pioneer Day Set For Friday in RL

Coke County Historical Survey Committee will host its annual observance of "Pioneer or Senior Citizens' Day" from 2 to 4 p.m. Friday, Sept. 25, in the Conference Room of the Coke County Courthouse in Robert Lee.

"All senior citizens are urged to come participate and enjoy the fellowship," said Mrs. Bryan Yarbrough, chairman of the committee.

The Survey Committee is not putting an age limit on those invited. Everyone who is interested in his county's heritage is cordially invited to attend. Mrs. Yarbrough said anyone who can is invited for the whole two hours, but anyone who can't stay is invited to come and stay five or 10 minutes, "or however long you can stay."

She added, "Come by, register, greet the visitors and have refreshments. Let the senior citizens know that you still appreciate them."

RETURNS TO DUTY

Merritt Scott, son of Mr. and Mrs. Joe Ed Scott, left last Thursday for Fort Ord, Calif., after spending a 21 day convalescent leave here with his parents. He returned to the hospital for further treatment of a leg injury received in basic training, and when released will attend clerk's school. Visiting in the Scott home while he was here were Mr. and Mrs. Steve Hines of Houston, Mr. and Mrs. Daniel Scott of Dallas and Ralph Scott of Waco.

Coach Gerald Sandusky announced some changes in his lineup this week. He has two new players on the roster: Joe Basquez, who will play end, and Arthur Martinez, who is listed as a center.

Sandusky expects to have Danny Cooper replacing Bobby Skelton as quarterback, and Skelton replacing Jerry Graves in a running back slot. Graves is listed this week as a guard and fullback.

Last Week's Results

In addition to the 32-0 defeat of the Longhorns last Friday by the Robert Lee Steers, other teams in District 6-B didn't fare too well. Wall was the only winner, defeating Menard, 11-6. Rochester downed Hawley, 12-6, and Baird took Jim Ned, 20-6.

This Week's Games

This week games involving teams of the district look like this: Jim Ned will host Eden; Wall will be at home for a game with Forsan; and the Longhorns will have their first home game with the Roby Lions.

Week's Rain Hits Five-Inch Mark

Some places in the area have received up to five inches of rain during the past week. The big spill came last Friday afternoon when better than four inches fell in the Maverick community, and rain gauges in Bronte read 2.4 to 2.8 inches.

Russell Carlton of Maverick said his gauge showed better than four inches. Renza Lee reported five inches.

W. H. Thomas of Tennyson measured a total of 1.2 inches in three different showers. Joe Rawlings, who ranches southwest of Bronte, had only .2 in the Friday rain. No report was received from him on later showers.

Edward Cumbie had 1.25 inches at his place north of town in two separate showers.

Some parts of the country still need rain, but as a whole, it is pretty wet right now.

Vaughan to Show New Chevrolets

Vaughan Chevrolet Co. of Robert Lee is planning on some big doings next Tuesday when they will show the new 1971 Chevrolets. Showing of the 1971 models will coincide with the 60th anniversary of the Chevrolet Motor Division.

Robert Vaughan and Ben Besent, owners of the agency, will have a number of the new cars on their floor for visitors to inspect. They will serve free refreshments throughout the day and will have free gifts for everybody who comes by to look at the new cars.

They issued a cordial invitation to everyone in Coke County and surrounding area to come by to visit with them.

Vaughan said, "Our new cars reflect Chevrolet's intention to keep pace with the changing needs and preferences of American buyers."

He added, "From the most

Luxury abounds in

1971 Chevrolet Caprice Coupe

The 1971 regular Chevrolets are the most luxurious the division has ever built. There is greater glass area for improved visibility. Glass and body contours are more rounded. Flush lift-up door handles add to body smoothness. The Caprice gets added distinction with a special large grid grille, deep ribbed wheel covers and standard rear fender skirts. Wheelbase of regular Chevrolet is extended 2.5 inches for added riding comfort and increased rear leg room. The body has a new flow-through ventilation system and greater strength double-panel roof construction. The new chassis and suspension system give improved ride and handling. A power disc/drum brake system is standard. New Chevrolets go on sale Tuesday, September 29.

Austin — State Republican and Democratic parties have put their appeals to Texas voters in writing—via the platforms drafted at their separate conventions last week.

Democrats, party veterans said repeatedly, "wrote the most progressive planks ever."

Republicans put the emphasis on attacking crime, campus disorders and drug use.

Highlights of the Democratic statement of party goals include:

- * A far reaching vocational-technical education program, repeal of annual voter registration requirements and substitution of "registration by voting" every four years, opposition to a tax on groceries, a minimum foundation program for policemen with state standards of qualification and pay, state civil service, expansion of unemployment insurance benefits.

- * Increase in workmen's compensation benefits, creation of a public utilities regulatory commission, establishment of an office of consumer protection, elimination of the \$80 million a year welfare outlay ceiling, an increase in minimum wage, sweeping insurance reforms and creation of a state management research commission to promote governmental efficiency.

Republican platform highlights are:

- * Legislation to end discrimination in state governmental employment and to insure equal pay for equal work, creation of sin-

gle-member legislative districts, realistic technical and vocational courses commencing at junior high school level and offered in nearly all high schools, condemnation of forced busing of students to achieve racial balance;

- * Opposition to a tax on groceries, later voter registration deadlines, inclusion of all insurance company income in calculating auto insurance rates, admission of oral confessions in trials, and life sentence without parole for murdering a policeman.

AFL-CIO "BACKS" DEMOS—Following the conventions, Texas AFL-CIO leaders "urged" support by labor of all statewide candidates of the Democratic party in the general election.

Decision, AFL-CIO President H. S. (Hank) Brown explained, left union members free to do as they pleased, since there was no formal "endorsement" carrying monetary support or mandatory vote.

Big labor's hang-up was in the U. S. Senate race. Some union spokesmen were reluctant to back Democrat Lloyd Bentsen but were likewise unenthusiastic about Republican candidate George Bush.

Committee of Political Education (COPE) gave "special recognition" to Gov. Preston Smith, Lt. Gov. Ben Barnes, Agriculture Commissioner John White and Land Commissioner nominee Bob Armstrong.

MIXED DRINK STUDY URG-

ED—Alcoholic Beverage Commission directed its staff to study liquor-by-the-drink laws before the mixed drink constitutional amendment is voted on Nov. 3.

ABC officials expressed concern that the liquor-by-the-drink law, if approved by the voters and Legislature, be tightly enforced.

Meanwhile, "Texans for Enforceable Liquor Laws," sponsors of the liquor-by-the-drink amendment, announced a statewide publicity and advertising campaign to put over its amendment.

"Texans Who Care" organization will conduct an opposition campaign.

OIL ALLOWABLE UP—Texas Railroad Commission bumped the state oil allowable for October to 87 per cent of potential.

This would be the highest since January 1949. Increase was granted on the understanding of strict compliance with the order directing record allowable.

Order provides for no violation of the no-flare regulations, no gasoline plant processing casinghead gas to flare gas in October, and a curb on excessive brine production.

UNEMPLOYMENT PROGRAM CHANGED — Texas Employment Commission has called attention to a new federal law which will result in the biggest single increase in worker coverage since the federal-state program began.

An estimated 400,000 Texas workers will be covered, and 100,000 more employers will be liable of unemployment insurance tax beginning Jan. 1, 1972.

Federal law provides for payment of extended unemployment insurance up to a maximum of 13 weeks in times of high unemployment. Federal government will pay half the extended benefits—once regular benefits are exhausted.

Bill also makes more jobholders eligible for benefits, makes more employers subject to insurance tax and increases the federal unemployment insurance tax paid by employers who already are covered by the law. About 100,000 jobs in non-profit organizations are added to the coverage in Texas. These organizations employ four or more in 20 weeks of the current or preceding calendar year, and have the option of paying taxes or reimbursing the state for benefits paid.

ATTORNEY GENERAL RULES—A person whose photograph is taken for speed enforcement or traffic surveying purposes has no actionable invasion of privacy rights, Atty. Gen. Crawford Martin has held.

TEXTBOOKS REJECTED — State textbook committee rejected four of six proposed literature textbooks written for minority group students in high school.

Committee chairman expressed disappointment that only one of five books recommended for 11th and 12th grades was specially written to appeal to minorities.

One committee member complained of language used in one of the controversial texts.

There's just one ironic aspect of modern kitchen equipment. It's so easy to keep clean we often abuse it by taking it for granted! Too often spills and splashes aren't cleaned off right away or they are tackled with damaging abrasives. The stains and scratches that result can be avoided if you know just a little bit more about those wonderfully easy-to-keep clean surfaces.

For example, take porcelain enamel—actually a highly durable glass fused on metal—used for such varied equipment as range tops and sides, refrigerator linings, laundry equipment surfaces and sinks. Its surface is smooth yet porous, and acid-resistant, but NOT acid-proof. Translating this bit of "theory" into practice means that it's vital to wipe up any acidic spills such as vinegar, milk or fruit juice immediately. Such stains cause permanent dull spots. Then when the surface is cool, wash with sudsy water using a cloth or sponge, followed by a rinse. If eternal vigilance fails, never turn to an abrasive, because this can damage the glazed finish. Instead, use plastic or other non-abrasive scrubber. Warm water and chlorine or perborate bleach diluted according to package instructions may help remove stubborn stains. In addition to such first aid measures, porcelain enamel surfaces require regular washing with plenty of warm soap or detergent suds and rinses to keep them hygienically clean.

Another popular surfacing material is colorful laminated plastic, which often features such

intriguing flora and fauna as leaves and butterflies beneath the surface. These plastics make charming room dividers, counter and table tops, and wall paneling. They are durable, resistant to stains, and also resistant to heat, but only up to a point. So play safe by placing a pad or hot plate between laminates and a hot object, by never using abrasives to clean them, and by not exposing them to bleaching products. Instead, treat them to daily wipings with a well lathered sponge or cloth to keep them spotless at all times.

Remember that a clean kitchen is as important to your family's health as it is to your prestige as a tidy homemaker.

MISCELLANY

Ponchos Leave Fashion World Punchy

The poncho does not seem to know its place. In town or on the beach; over gowns or pants; made of terry, cotton, nylon or wool; it is part of every wardrobe, fall or winter, summer or spring. Big and little girls wear them, and there's no telling when the opposite sex will discover its comfort and free-swinging style.

Let Soap Banish Bugs From House Plants

Add house plants to the list of things which should be washed with soap and water. According to one entomologist, washing with soapy water and a soft brush or cloth may be all that's needed to remove aphids, mealybugs, and scale insects from broad-leaved plants.

Shirtings That Look and Feel Like Silk

If the men in your life are ready to relegate the white shirts to the Smithsonian you'll be pleased by a new idea in men's fashion. The latest shirtings in peacock colors and textures like fine silks and tapes-

tries are as sudsy as the plain whites. Their secret: the new fabrics are blends of polyester and rayon or cotton fibers which duplicate the "Hand," color intensity, and richness of silk. And all are safely washable.

Some of the patterns for more casual wear feature geometrics, Renaissance figures, or boldness copied from American Indian designs. For the more cautious, there are richly-hued stripes and solids coordinated to work together in shirt and scarf duos.

HISTORICAL APPRECIATION OBSERVANCES IN PROGRESS

The Coke County Historical Survey Committee is this week observing the second phase of their "Historical Appreciation" observances for 1969-1970.

The programs began last Sunday at 3 p.m. in Sterling City where the P. D. Coulson historical grave marker was dedicated. The ceremonies were held in Sterling City's First United Methodist Church and Montvale Cemetery, three miles east of Sterling City. More than 50 persons attended the dedication program.

The first phase of the annual appreciation programs was held last spring when the committee members made their annual drive for historical books for the Robert Lee and Bronte Schools. The gift books were presented to Robert Lee School Library at special ceremonies when the new school building was dedicated on March 3. Books for the Bronte School were presented later in the spring.

Steers Rout Longhorns In Annual Grid Battle

Water on the field, a slick football, penalties and the Robert Lee Steers all ganged up on the Bronte Longhorns last Friday to put them down to a 32-0 defeat.

The defense still looked good in spite of the big score by the Steers. Like Coach Gerald Sandusky said, "The defense looked good, they just had to play too much of the ball game." Fumbles of the wet football gave the Steers possession too many times with excellent field position several times.

First Quarter

James Fields kicked off to Donnie Thompson who got an excellent runback to the Steer 47 yard line. Bobby Skelton kept the ball for a nice 8 yards and Mike Arrott made it a 1st on the 37. Then the disaster struck as James Hood recovered a fumble on the 37.

The Horns held and the Steers punted from their 42 to Kim Barrett. A personal foul penalty moved the ball back to the 14. A quick kick on 3rd down gave the ball to the Steers on Bronte's 45, and again the defense held and Fields had to punt. Bronte took the ball but couldn't move it enough for a 1st. The punt went to Mike Mumford who brought it all the way back to the Horn 31. A couple of carries and a couple of major penalties gave the Steers a 1st on the 7. Three plays later Mumford went in for the first TD of the night. EP try failed. Score: 6-0.

The kickoff went to the Longhorn 30 and after one play a fumble gave the ball back to

Robert Lee on the Bronte 26. Marshall Millican carried twice for a 1st on the 12. Then he went to the 4, and on 2nd down went over for another counter. Extras failed and score was 12-0.

Barrett took the kickoff back to the 40, but a clip was called and Bronte took the ball on the 25. Another fumble gave the Steers the ball on Bronte's 15 to end the quarter.

Second Quarter

The Longhorn defense held and Fields tried a field goal but Mike Arrott got in its way. The Horns had the ball but they couldn't go, so Arrott punted to the 50. After three downs the Steers punted but the Horns lost the ball on their 36 by the fumble route. Then the Steers fumbled and Eugene Scott recovered. Four plays later Arrott had to punt and Mumford brought it back to the Bronte 35. The Steers couldn't move and a punt was necessary. Arrott made 3 yards from the 19 and Thompson went 12 yards for a 1st as the half ended.

Third Quarter

Mumford took Danny Cooper's kick on the 15 and rambled to the 37. The Horns held and Fields kicked to Barrett who was downed on the 26. On 3rd down the Horns fumbled again and Bobby Mumford recovered on the Bronte 30. On the next series Cooper recovered a Robert Lee fumble on the 26, but the Horns couldn't make their 1st, so Arrott punted to the RL 46.

The Steers got a good drive

going and with the help of a major penalty got three 1st downs, moving the ball to the Bronte 12. The Horns tightened up and held the Steers to 3 yards in four tries. They took over on the 9, but had to punt after three tries. The short kick gave the Steers the ball on the 26. W. Millican made a big 24 yard gainer for a 1st at the 2. Percifull went over center for a TD, and extra point try failed. Score: 18-0.

Fields kicked off and the Horns got off three plays before the end of the third period.

Fourth Quarter

Arrott got a bad snap from center on the punt try and couldn't get it off. The Steers took over on the Bronte 25. Nice gains by Percifull and Edwin Wright moved the ball to the 4, and Mumford went around left end for another TD. Percifull ran 2 extras and the score was 26-0.

The Horns set up business on the 31 after the kickoff. On 2nd down, M. Millican intercepted a pass on the 35 and went all the way for another counter. Extras failed and the score was 32-0.

The rest of the game was strictly defensive, with neither team making any sensational gains and the wet lads wound up with the 32-0 score.

Outstanding defense work was turned in by Dana Sowell, Billy Fowler, Scott, Gary Skelton, Bobby Skelton, Thompson, Cooper, Arrott, Graves, Barrett, Richard Scott, Lawhon and Steve Clark.

Now all your U.S. Savings Bonds pay higher interest.

Now it's official.

Now one of the safest investments in the world brings you new and higher returns.

Now your U.S. Savings Bonds pay the highest interest in history: a full 5 per cent when held to maturity of 5 years and 10 months. (4% the first year; 5.20% thereafter to maturity.) Previously, these Bonds earned you only 4 1/4% if you held them for seven years.

The new interest began June 1, 1969. So all of the Bonds you own, no matter when you bought them, have been collecting higher interest since that time.

Those Bonds are still replaced if lost, stolen or burned.

You can still buy them through Payroll Savings or the Bond-a-Month

plan.

Regardless of your other investments, can you think of any easier, better, or safer way to build a nest egg for yourself?

It's nice to know that you are doing a little something for Uncle Sam, too. The \$52 billion in U.S. Savings Bonds now outstanding in the hands of millions of Americans go a long way toward keeping your country financially strong.

There never was a better time to take stock in America.

There's a man at the place where you work who can start you on the Payroll Savings Plan right now.

Bonds are safe. If lost, stolen, or destroyed, we replace them. When needed, they can be cashed at your bank. Tax may be deferred until redemption. And always remember, Bonds are a proud way to save.

Mrs. David Key Canfil

Miss Vicki Holland and David Key Canfil Are Married In Double Ring Ceremony in Miles Methodist Church

Miss Vicki Holland and David Key Canfil were married Saturday, Sept. 19, at 8 p.m. in Miles Methodist Church. The Rev. Herb Robbins, assistant pastor of First Methodist Church of San Angelo, officiated at the double ring ceremony.

Mr. and Mrs. James Holland of Brookshire community are parents of the bride, and the bridegroom is the son of the late Dr. and Mrs. A. W. Canfil of Rotan.

Mrs. John Preston provided wedding music for the ceremony.

The bride was given in marriage by her father. She wore a formal gown of peau de soie, fashioned with empire bodice, high neckline and full sleeves, all trimmed with scalloped lace and sequins. Scalloped lace formed a double panel to the hem and edged the hem of the attached train. A seed pearl headpiece centered with a crystal teardrop held her veil of illusion.

The bride carried a bouquet of shredded purple asters surrounded by white daisies and streamers of purple ribbon.

Miss Tracey Emmert of Winters, Miss Debbie Douglas of

Lubbock and Mrs. L. M. Sanders of Houston were bridesmaids. They wore formal gowns of purple satin and carried hand bouquets of shredded purple asters surrounded by white daisies.

Mike Rushing of Rotan was best man. Cap Holland and Tony Holland, both of San Angelo, the bride's brothers, were ushers. Groomsmen were John Preston of Wall and Tony Holland.

The wedding was performed before an archway of greenery, purple asters and white daisies, flanked by candelabra and baskets of white daisies and purple asters.

Sandy Preston, soloist, was accompanied on the guitar by David Braden, a student at Sul Ross, Alpine.

A reception was held in the fellowship hall of the church. Registering guests was June Haden. Phyllis Conar of Evant and Mrs. Cap Holland of San Angelo presided at the punchbowl. Margaret Zike and Mary Bore served at the bridegroom's table.

The mother and grandmother of the bride wore white and purple congages.

The bride is a graduate of Big Spring High School and is a senior at Angelo State University. Her husband is a graduate of Rotan High School and ASU.

After a wedding trip to Europe they will live in San Angelo where they will continue to attend ASU.

Mr. and Mrs. James Holland were hosts at the rehearsal dinner.

JR. 4-H CLUB MEETS

The Bronte Jr. 4-H Club met Tuesday morning at the school. The meeting was called to order by Shelen Tidwell and officers were elected as follows: Shelen Tidwell, president; Karen Arrott, vice president; Tanya Skelton, secretary; Lana Webb, reporter.

The girls announced they need help from some of the women of the community. Anyone who would like to help them with their 4-H work is invited to contact Mrs. Fay C. Roe, county home demonstration agent, at Robert Lee.

Mr. and Mrs. Jimmy Irwin of Lubbock spent last weekend with her mother, Mrs. Myrtle Keeney.

Heart Association Active in County

The American Heart Association, Texas Affiliate, Inc., held its Annual Assembly in Dallas Sept. 18-20. Attending as a delegate from Coke County was Mrs. Kenneth Lackey, president of the local division. Delegates participated in workshops and heard reports on state-wide activities of the association.

New officers elected at the assembly included Dr. John R. Derrick of Galveston, president, and Jerome K. Harris Jr. of San Antonio, chairman of the board. Mrs. Cleo Wilson, R. N., San Angelo, E. Y. Murphy, San Angelo, and Dr. James Webster, Abilene, were elected Representative Board of Director Members from Region 5.

It was reported that \$1,340,000 was raised in the 1970 Heart Fund Drive. This money will be used to support additional activities in the areas of research, education and community service to the people of Texas.

Lt. Gov. Ben Barnes, Heart Fund chairman for 1970, announced the acceptance of Coach Darrell Royal of Texas to be the 1971 Heart Fund chairman.

Of special interest at the meeting was the presentation of an award to Sterling County for the highest per capita giving in the

1970 campaign. Brought out at the meeting was the unfortunate fact that the fight against cardiovascular disease has not been won and "we must continue this battle against the No. 1 Killer." Everyone is asked to continue support of this cause.

A public education project of the local Heart Association was the distribution of "What to Do in the Case of a Heart Attack" at the Robert Lee-Bronte football game last Friday night. "More programs and projects are being planned to help you help your heart," Mrs. Lackey said.

NO FIRE DAMAGE

No damage was reported at Luttrell Construction Co. when fire broke out about 9 a.m. Monday. Bronte Volunteer firemen arrived quickly at the blaze and it was extinguished before any damage occurred.

Mr. and Mrs. Matthew Caperton and family spent last weekend in Big Spring with their son-in-law and daughter, Mr. and Mrs. Byron Hedges. Hedges is an agronomist with the soil testing station at Big Spring.

NEW CHEVROLETS —

Continued from Page 1

luxurious full sized Chevrolet ever built to our new Vega 2300 economy car, we have a 1971 automobile to match each customer's life style.

The regular Chevrolet and full size Chevrolet station wagons have the biggest change of any year in recent history. Chevelle has a new front end treatment, Monte Carlo gets added distinction, Nova has a larger base engine and there are refinements for the popular Camaro and Corvette models.

Chevrolet also offers an unparalleled choice of station wagons for 1971—three sizes of wagons, each with a different type tailgate.

Each of the eight car lines has special emphasis upon emissions control.

A large variety of power plants is available, suitable for each of the models and the customer's preference.

New mechanical and safety features combine with new slick styling and real good looks to make the 1971 line the best we have ever had, Bessent said.

Plans are complete for the field day to be held at the Soil Conservation Service plant materials center at Knox City Wednesday, Sept. 30, it was announced today by the Coke County SCS office.

D. K. Glenn, Joe Rawlings and Rex Brand are among those who plan to attend from the Coke County area.

W. E. Jacoby, SCS District Conservationist of Robert Lee, said guided tours are planned through the 60-acre center starting at 9 a.m. Bus trips will run continually until about 3 p.m.

To get to the center, Jacoby said, you go north of Knox City on Highway 283 about two miles then turn left on FM 1292 for 2½ miles. There are signs at both the turn-off and the center, he said.

Knox City has a new 3,200 foot all weather runway near the center for those who want to fly in. Transportation from the airport will be furnished by the Knox City Chamber of Commerce.

Grass seed dealers, seed growers, conservation district directors, research workers, wildlife enthusiasts, livestock producers and others interested in the search for better plants are invited to attend. The center serves both Texas and Oklahoma and a large crowd from both states is expected.

Approximately 185 teachers and education officials were present in Bronte Monday for an in-service workshop for Region XV of the Texas Small Schools Association.

Teachers came from Robert Lee, Water Valley, Grape Creek, Veribest, Santa Anna, Talpa, Melvin, Eola, Carlsbad, Mozelle, Novice, Paint Rock and Bronte.

Supt. W. D. Stephens of Eola presided at the meeting. He is chairman of Region XV, TSSA. Supt. C. B. Barbee of Bronte welcomed the visitors and greeted them as president-elect of the Texas Small Schools Association.

Charles T. Bitters and Clyde Warren, both with the Education Center in San Angelo, spoke to the group in its general session during the first part of the morning.

Following a coffee break at 10:30, the teachers divided into elementary and secondary teacher groups. Warren was speaker for the elementary group, while Charlie Booz of Clyde, district manager for Encyclopaedia Britannica, gave a demonstration for the secondary group. The speakers reversed their audiences in the afternoon in another session from 1 to 2 p.m.

Lunch was served at noon in the school cafeteria. Following a coffee break at 2

an evaluation period lasted from 2:15 to 3:30, when the meeting adjourned.

Superintendent Barbee said he felt the day was highly successful and profitable to all who attended.
