Marine Charged With Burglary Of RL Post Office

Noel Bradford Delmore of El Toro Marine Base in California has been arrested and charged with the July 30 burglary of the Robert Lee post office.

Information received by the office of Sheriff Melvin Childress from L. H. Powell of Fort Worth, Post Offices Department inspector, stated that Delmore was questioned in California and confessed to burglarizing the post office.

Delmore lived in Robert Lee for a short time and had been AWOL from the Marine Corps since last January.

A copy of the signed statement stated that Delmore committed the burglary on Friday night and, after throwing part of the loot off a bluff into Lake Spence, left Saturday night for California.

The communication received by Sheriff Childress from the Post Office Department stated that Delmore will be brought back to San Angelo where he will be tried in federal court as charged for burglarizing the post office at Robert Lee and theft of government funds and property.

BROTHER OF MRS. SEAY DIES IN NEW MEXICO

Jack Malone, 53, died Friday in Gady, N. M. Funeral services were held Monday in Tucumcari, with burial in Wheatland Cemetery. He was a brother of Mrs. E. C. Seay of Bronte.

Mr. Malone is survived by his wife, two sons, three daughters, and seven sisters.

First Baptist Church of Bronte will host the annual meeting of the Runnels Baptist Association on Monday, Oct. 19, at the local church. The meeting will begin at 2:30 p.m. with a business session.

Main speaker during the afternoon meeting will be Jay L. Skaggs, comptroller and assistant treasurer for the Baptist General Convention of Texas. Skaggs has held this position since 1964, and is scheduled to become Convention treasurer in the near future.

Following Skaggs' talk, association WMU officers will be installed at 5:20 p.m. Supper will be served by women of the Bronte church and the meeting will reconvene at 7 p.m.

Local pastor, the Rev. Harry Morris, is moderator of the association and will preside at the sessions.

The annual sermon will be given by the Rev. Robert Gauer, pastor of Seventh Street Baptist Church in Ballinger.

Morris said he and members of the Bronte church are happy to have representatives from all the churches in the association attend the meeting in Bronte, and extended a warm welcome to each of them.

CHURCH OF CHRIST LECTURES END TONIGHT

A lectureship at Bronte Church of Christ will be concluded Friday night when Lloyd Ash of Abilene will speak on "Today's Christian and the Bible."

The special meetings started last Sunday and a different speaker has been here each night.

Everyone has an invitation to attend the remaining program.

WAR VICTIM HONORED

Spec. 4 Gary Spieker who was killed in action in Vietnam May 29, was awarded posthumous honors last Saturday afternoon in the Ballinger National Guard Armory.

Receiving the awards were Spieker's parents, Mr. and Mrs. Fritz Spieker, and their son, Donald Spieker, all of Ballinger. The family was given the Bronze Star, the Army Commendation Medal, Purple Heart and Good Conduct Medal, which Spieker earned for "distinguished, efficient, honorable and exceptionally meritorious service in Vietnam from Nov. 1969 until his death."

The young soldier was a nephew of Mrs. Louis Galloway and Mrs. Hattie Culp, both of Bronte.

Bronte Homecoming has been set for Friday, Oct. 23, the day of the Bronte-Hawley football game. All ex-students and former teachers in Bronte School are invited to attend the gathering and enjoy visiting with their former associates.

This is not the year for a "big" homecoming, which are staged every three years. There will be no dinner nor parade this year, but there will be refreshments and plenty of time allotted for visiting.

Registration will start at 6 p.m. in the school lunchroom. The hour from 6 to 7 will be used for visiting and refreshments will be served during the entire period. At 7, a business meeting and election of officers will be held.

Time for the kickoff at the ball game is 7:30 p.m. During halftime, Homecoming Queen Jolene Vaughn, along with Band Sweetheart Melissa Lee and Football Sweetheart Susan Cumbie, will be crowned. They are the daughters of Mr. and Mrs. Bobby Vaughn, Mr. and Mrs. Royce Lee and Mr. and Mrs. Edward Cumbie, respectively.

Flower girls will be Camille Badgett, daughter of Mr. and Mrs. James Badgett; Lisa Lee, daughter of Mr. and Mrs. Martin Lee; and Lindy Butler, daughter of Mr. and Mrs. Elroy Butler.

Crown bearers will be Bruce James, son of Mr. and Mrs. Buck James; Bill Grant, son of Mr. and Mrs. Bill Grant; and Jeff Waldrop, son of Mr. and Mrs. Lyndon Waldrop.

Billy Joe Luckett, president of the Ex - Students Association, urged everyone here in town, as well as those from away, to attend the homecoming festivities. He said that the lunchroom will remain open during the ball game for use of those who do not wish to attend. Everyone is invited to return to the lunchroom after the game for a social hour and more refreshments.

Other officers of the association are Martin Lee, first vice president; Delbert Coalson, second vice president; Mrs. Mike Luttrell, secretary; Mrs. Jerry Parker, treasurer.

Members of this year's nominating committee include Noah Pruitt Jr., chairman, Mrs. LeDrew Arrott and J. B. Mackey.

Horns to Meet Rule Cats Friday

Bronte fans will have an opportunity to take a little trip Friday night, when the Longhorns play at Rule. The Bobcats are operating in District 2-B and have a 3-2-0 season behind them, a trifle better than the 2-2-1 record of the Horns.

Last year the Horns bruised the Cats to the tune of 22-0, so they won't be above seeking a little revenge for that loss.

The Rule bunch has stacked up 112 points to their opponents' 37, also somewhat better than Bronte's 70 to their opponents' 55.

The Horns will not be operating at best advantage Friday, as ailing men include Dana Sowell, Rance Brunson and Gary Skelton. A couple more Horns will be out on account of grades.

The game with the Bobcats will wind up non-district play for

the Horns, as they will host Hawley next week in a Homecoming game.

Last Week's Results

District 6-B teams last week fared like this: Bronte downed Lake View JV, 26-0; Wall slaughtered Eden, 49-6; Jim Ned took Roby, 28-8; and Hawley suffered defeat from Loraine, 28-0.

This Week's Schedule

Games for district members this week include Bronte at Rule; Hawley will host Blanket; Jim Ned will go to Santa Anna; Wall will host Loraine.

SCOTCH TOURNAMENT SUNDAY

A Scotch tournament is scheduled for 1:30 p.m. Sunday at Singing Winds Golf Course. All area golfers are invited to take part.

Four Burglaries Solved As Five Are Arrested

Four burglaries on the east side of Coke County have been cleared up the last several days with the arrest of three adults and two juveniles. Charges against the five have been filed and the two juveniles will appear later this month in juvenile court, while the three adults have been released on bond and bound over to the next grand jury which convenes in the county.

Places which were burglarized include two times at the ranch home of George Beard, seven miles northeast of Bronte; the place of Dr. Cecil French near Tennyson; and Caperton Chevrolet Co. at Bronte.

Besides the two juveniles, those arrested and charged were Curtis Hampton of Ballinger, Danny Parker of Bronte, and

Wayne Caulder, also of Bronte. All of them are charged with being connected with part or all of the burglaries.

Hampton, Parker and Caulder were arraigned before Justice of the Peace Roy P. Ross of Robert Lee. They all waived examining trial, bond was set at \$1,000 for each, and they were all released after approval of bond.

A great deal of loot was taken in the burglaries and most of it was recovered at a residence in Robert Lee, at Hampton's home in Ballinger and under a railroad bridge north of Bronte.

The burglaries were cracked by the office of Sheriff Melvin Childress, and included work by the sheriff and Deputy Grady Coulter. The sheriff said he had fine cooperation from the Runnels County Sheriff's Depart-

ment and from Charlie Martin, investigator with the district attorney's office in San Angelo. He said the cooperation of George Beard, one of the victims, was really what got the whole thing to unraveling.

The sheriff said that most of the loot has been recovered. However, he is continuing to work on this angle of the case and hopes to recover at least part of the stolen goods which is still missing. Still missing are a radio and rod and reel belonging to Beard, and a .410 gauge shotgun and seven-inch power saw belonging to Dr. French.

The sheriff added that there have been several other burglaries committed in the county in recent months. He said they apparently have no connection with these four and work will continue on trying to solve them.

Joe Rawlings Resigns Place On School Board

Joe Rawlings submitted his resignation as a member of the Bronte School's board of trustees when the group met last Thursday night. Rawlings was president of the board and had served as a member for many years.

Vice President Wayne Arrott took Rawlings' place at the head of the board. The matter of appointing a successor will be taken up at the next meeting of the trustees.

Rawlings' reason for resigning, he said, was purely personal and there was no conflict between him and other board members or the school administration. He told The Enterprise that his lone reason was that his wife wanted to be eligible to serve as a substitute teacher, if the opportunity ever came around, and he felt she could be considered only if he were not a member of the board.

His letter stated the following, in part:

"My wife, Pat Rawlings, desires to be used as a substitute teacher in Bronte School System. There is a possibility that I would be in violation of the so-called nepotism statute (Texas Penal Code, Article 432) if she is used as a substitute teacher. I believe this action is for the best interest of the school district.

"I have enjoyed working with

Austin — State employees want a 17 per cent raise within the next two years. They served notice of their desire at the annual meeting of the Texas Employees Association.

TPEA's legislative program for 1971 seeks a three-step (10.2 per cent) raise effective next September; and a two-step (6.8 per cent) hike the following September; plus a 3.4 per cent merit raise for half of the employees.

Also requested are "career incentive" benefits—a \$10 a month automatic raise after three years of service, ranging up to a \$60 a month supplement for employees with 30 years' service.

Substantial pension benefits also were included in TPEA's far-reaching legislative package which would give retired employees with 30 years' service 50 per cent of their base pay.

State employees also want their travel allotments boosted to \$16 a day per diem and 12 cents a mile.

SOCIAL WELFARE CHANGES—Continuing growth of welfare rolls will bring changes in basic operating methods of the State Department of Public Welfare after Jan. 2.

Welfare Commissioner Burton G. Hackney says that the key procedural change would require welfare applicants to fill out their own "declaration forms." This would replace face-to-face interviews with over-worked caseworkers. This method already has been tested in

Corpus Christi, Austin and Nacogdoches regions.

Another change would reduce social services to that which can be quickly provided and for which specific goals can be defined.

Hackney predicts that legislators will be called on for \$96 million annually in state funds, just to keep the financial assistance programs at present levels. This is \$16 million above the constitutional ceiling. Some \$291 million in federal funds would match the state outlay.

INSURANCE LAWS PUSHED — State Insurance Board is pushing four new laws to protect both the policy holders and the ailing insurance industry.

Insurance Board told the House probing committee that it is becoming increasingly difficult to get home and auto protection in disaster-hit areas. Therefore, it will advocate these changes in the law:

Stiff regulation of holding companies, assessment of all companies to protect citizens against insolvencies, a mandatory pool to provide fire and windstorm insurance in areas subject to catastrophes and provision for identifying and segregating company assets.

Board members said they are unanimously opposed to the "no-fault" auto insurance plan now before Congress and in effect in Massachusetts.

DRILLERS WARNED—Three deaths in a new water well near

Queen City in Cass County brought warning to water well drillers in Northeast Texas, Arkansas and Louisiana to beware of escaping nitrogen gas.

Texas Water Development Board issued a warning that a high concentration of nitrogen gas and a lack of oxygen were found in a Cass County well. Most likely source was found to be a natural condition caused by denitrification of organic matter in sub-surface strata, with entrapment in small reservoirs. A similar condition was found in Marion County.

COURTS SPEAK — Interest on debts after the death of the borrower may not be deducted in computing the net taxable value of an estate, says the Texas Supreme Court.

In other recent opinions the Supreme Court decided:

* Kentucky Fried Chicken distributors don't have to pay Texas' chain store tax.

* An Odessa woman is entitled to \$3,750 damages due to a fall at a drive-in grocery store.

* Distributorships of a Florida-based cosmetic firm are not subject to state securities registration because investors must work for profits.

* Voters signing a petition to get a new party nominee on the general election ballot are entitled to know who the candidate is in advance of signing. Decision was in a case where the High Court ruled La Riza Unida candidates off the ballot in Dimmit, LaSalle and Zavala Counties.

* Appeal of a Ward County attorney to prevent the county's participation in a retirement system for employees was dismissed for want of jurisdiction.

AG OPINIONS—Mobile homes or trailers owned by non-resident servicemen are not subject to ad valorem taxation, Atty Gen. Crawford Martin has held.

In other recent opinions, Martin concluded that:

* A minor's driving license automatically is suspended when finally convicted for driving while intoxicated.

* County Commissioners Court can order publication of information relating to redistricting of the county into voting precincts in addition to the minimum publication required by the election code.

* It is not a violation for a motorist to make a left hand turn off a four-lane highway across a double stripe into an alley, a private road or a driveway.

* Nursing home administrators must pass an examination

by the Texas Board for Licensure for Nursing Home Administrator in order to get a license. However, the Board may not establish additional training requirements for those with sufficient experience.

DRINK PASSAGE PREDICTED — Sen. Joe Christie of El Paso, head of the committee campaigning for passage of the local option liquor-by-the-drink amendment, predicts its passage

at the election on Nov. 3.

Christie says that sponsors of the amendment hope to dry up bogus private clubs in areas which vote against liquor-by-the-drink. "Hypocrisy" of present liquor laws, argued Christie, contributes to the "generation gap" and promotes disrespect for all laws.

Opponents contend that passage would increase liquor consumption.

Your 'Right To Know' Didn't Come Easily In This Country

By George Speers,
Chairman, Dept. of Journalism,
Northeastern University

Boston, Mass. (NNW)—Newspaper journalism began in this country just 280 years ago.

But there were no celebrations, speeches, proclamations, or any special occasions to mark the auspicious event.

As a matter of fact when PUBLICK OCCURRENCES BOTH FOREIGN AND DOMESTICK, the nation's first newspaper, "hit the streets" in the town of Boston on the morning of Sept. 25, 1690, there was considerable apprehension and a feeling of foreboding.

To be sure, the little four-page newspaper was eagerly accepted by the local residents. As a matter of fact, every copy was snatched up. The demand far exceeded the supply.

And the little paper carried a wide variety of news stories never before produced in the Colonies. There were stories about a smallpox epidemic in Boston, a kidnapping of two children by Indians, a suicide by a depressed old man, who recently lost his wife, a big fire that destroyed 20 homes, a report of the labor shortage and the difficulty of harvesting the crops, an account of skirmishes among the French, Indians, and English troops, and even a story that shocked some concerning the amours of King Louis XIV of France.

There was no doubt about it, editor Benjamin Harris had published an exciting little paper.

But the trouble was he had committed a crime by publishing his newspaper. And it was a serious crime at that. It could mean a jail sentence.

The law of that time, as Ben Harris knew very well, was that a license must be obtained be-

fore any printing was done, and most certainly if the printing contained public information or information about governmental activities.

But Harris took a long chance and waited. He didn't have to wait very long.

He was summoned before the Colonial Governor and Council to explain why he had violated the Regulation of Printing and Licensing Act of 1662. Why, he was asked, didn't he first obtain a license before putting out the newspaper as required under the Act?

Harris, of course, really couldn't answer the question. He knew very well, however, that a license meant prior approval by the government of the contents and that meant a dull, uninteresting, not-too-informative publication. That is not what Harris had in mind.

The fact that Harris put out an interesting newspaper that was extremely popular, probably saved him from a jail sentence. The law was violated, of course, but even the stern Colonial authorities were loath to press too far against the new popularity of editor Harris.

Harris was never jailed. He was prevented from ever publishing again in the American Colonies. His one issue of PUBLICK OCCURRENCES was all that the Governor and Council would tolerate.

In the proclamation issued by the Governor and Council, the official position about publishing newspapers without a license was made very clear in the following words:

"The Governor and Council having had the perusal of said pamphlet, and finding that therein is contained reflections of a very high nature: As also sundry doubtful and uncertain re-

LIFE'S LIKE THAT....

ports, do hereby manifest and declare their high resentment and disallowance of said pamphlet, and order that the same be suppressed and called in; strictly forbidding any person or persons for the future to set forth anything in print without License first obtained from those that are or shall be appointed by the Government to grant the same."

The point was made and the lesson was learned about publishing newspapers without permission.

It took 14 years before someone else was able to muster enough courage to try again. In 1704, Boston Postmaster John Campbell did try again, but he made sure he had a license to publish. He published his safe but dull newspaper "by Authority" for the next 20 years.

Another Bostonian in August of 1721 decided to publish a newspaper without a license. He tried it and he got away with it despite the Regulation of Printing and Licensing Act still very much "on the books."

His name was James Franklin, older brother of Benjamin Franklin.

Brother James Franklin was most unlike younger brother Ben in temperament and personality. Ben had all the qualities necessary to get along very well with people. Throughout his life he was considered diplomatic and personable. James was an opposite.

One thing James Franklin did possess, however, was a talent to publish a very interesting and readable newspaper. Right from the beginning his unlicensed newspaper, The New England Courant, "caught on." Everyone in Boston seemed to read it. The reputation of the newspaper spread throughout the colonies.

Why was he allowed to print without a license?

For one thing, the authorities were quick to recognize that the New England Courant was extremely popular. And who enjoys opposing popularity?

For another thing the Courant eschewed the government news. Instead, the Courant concentrated, in the beginning at least, on items about people, witty and entertaining essays, poems, letters, and criticisms of the established church.

Since the church was the one power block that the Governor

and Council feared, the governmental authorities were happy to have Franklin oppose the church as much as possible. The longer this went on, the more popular and powerful the New England Courant became.

It wasn't until James Franklin decided to criticize governmental authorities (for laxity of law enforcement) did the Governor begin to object to Franklin's unlicensed newspaper. By now it was too late to invoke the Licensing Act. The authorities had to object on other grounds. The charge: sedition.

Franklin was jailed for a month for the crime of sedition (criticizing the law enforcement policies of the Governor) but the Courant survived.

The New England Courant survived for 5½ years and James was again tried for sedition. The punishment the second time prevented Franklin from owning or publishing the newspaper unless it first be censored by the authorities. Since he refused to do this he was not allowed to keep the newspaper.

His way out of the dilemma was to put the newspaper in brother Ben's name, which, of course, was perfectly legal.

As a fighting force The New England Courant was now finished. Benjamin Franklin soon left for Philadelphia to start a new career and James went to Rhode Island.

But James Franklin and the Courant had won the "war."

Licensing of the press in the Colonies as a viable, workable concept was done. No longer could authorities insist on a license or permit to publish or print under the Regulation of Printing and Licensing Act.

The shackle that had controlled the press since Gutenberg's time in the mid 1400's was finally broken, thanks to James Franklin.

BIG RATTLER ON PORCH

Dale and Dinnie Thompson killed a huge rattlesnake recently on the porch of their home in the Maverick community.

The big snake was found coiled up against the screen door leading into the house. It was 55 inches long, seven inches in circumference and had 14 rattles.

Absentee Voting Now in Progress

Any qualified Texas voter eligible to cast an absentee ballot may now make application to his county clerk for an absentee ballot for the Nov. 3 general election.

In order to vote absentee by mail in this election, a voter must: (1) be unable to appear Nov. 3 at the polling place because of sickness or physical disability; or (2) expect to be absent from his county of residence on Nov. 3 and during the county clerk's office hours throughout the period Oct. 14-Oct. 30, inclusive.

All applications for absentee ballots must be received in the county clerk's office not later than Oct. 30.

Details as to absentee voting procedure may be obtained from a voter's county clerk. Generally, these provisions apply:

A voter applying for an absentee ballot by reason of sickness or physical disability must mail his application to the county clerk. It should be accompanied by the voter's registration certificate, and by a certificate of a duly licensed physician, chiropractor or accredited Christian Science practitioner certifying to the voter's illness or physical disability.

A voter desiring to vote absentee by reason of absence from the county may deliver or mail his application to the county clerk. In the application, the voter must state that he expects to be absent from the county on election day and during the clerk's regular office hours for the entire period of personal appearance absentee voting (Oct. 14-Oct. 30). The absentee ballot then must be mailed to the voter at an address outside his county of residence. Also, the envelope in which the voter returns the ballot must be post-marked from a point outside his county of residence.

Persons who will be out of the county on election day and wish to vote absentee may appear at the county clerk's office any time during regular office hours through Oct. 30.

Voter registration in Texas this year is at an all-time high with 4,150,645. On Nov. 3, voters will express their preference in state, district and local races, as well as on seven proposed constitutional amendments.

PUBLICK OCCURRENCES

Both FOREIGN and DOMESTICK.
Boston, Thursday Sep. 25th. 1690.

It is desired, that the Country shall be furnished with a weekly (or if any Glass of Occurrences happen, oftener,) with an Account of such considerable things as have attended our Affairs.

In order hereunto, the Publisher will take what pains he can to obtain a Faithful Relation of all such things, and will particularly make himself acquainted to such Persons in Boston, whom he knows to have been for their own sakes the diligent Observers of such matters.

That which is herein proposed, is, First, That reasonable Occurrences of Divine Providence may not be neglected or forgotten, as they too often are. Secondly, That private every where may be made manifest, and the Circumstances of Publick Affairs, both abroad and at home, which may not only enlighten their Thoughts at all times, but also some times afford their Ballances and Negotiations.

Thirdly, That some things may be done towards the curing, or at least the Charming of that Sickness of Lying, which prevails amongst us, who too far waving shall be charged, but those we have reason to believe is true, repairing to the best foundation for our Information. And when there appears any material mistake in any thing that is published, it shall be corrected in the next.

Moreover, the Publisher of these Occurrences is willing to engage, that whatever, there are made up false Reports, maliciously made, and spread among us, if any well-minded person will be at the pains to send any such false Report, so far as to find out and Convey the first Raiser of it, he shall be rewarded with the Name of such person, or a malicious Raiser of a false Report.

It is desired, that more will dislike the Proposal, but such as pretend to be guilty of so villainous a Crime.

THE Christianized Indians in some parts of Plymouth, have newly appointed a day of Thanksgiving to God for his Mercy in supplying their extreme and pinching Necessities under their late want of Corn. It for his giving them now a prospect of a very comfortable Harvest. These examples may be worth mentioning. It is observed by the Husbandmen, that about the 15th day of Oct. a bright

from them, as what is in the Forces lately gone for Canada, made them think it almost impossible for them to get well through the Affairs of their Husbandry at this time of the year, yet the Season has been so unusually favourable that they scarce find any want of the many hundreds of hands, that are gone from them; which is looked upon as a Merciful Providence.

While the barbarous Indians were lurking about Chelmsford, there were riding about the beginning of this with a couple of Children belonging to a man of that Town, one of them aged about eleven, the other near about nine years, both of them supposed to be fallen into the hands of the Indians.

A very Tragical Accident happened at Water-Town, the beginning of this Month, in Old Man, that was of somewhat a Sileer and Morose Temper, but one that had long enjoyed the reputation of a Siler and a Siler Man, having newly buried his Wife, the Devil, took advantage of the Melancholly which he thereupon fell into, his Wives distraction and industry had long been the support of his Family, and he seemed burthened with an impertinent fear that he should be come to want before he dyed, though he had very careful friends to look after him who kept a first eye upon him, lest he should do himself any harm. But one evening, from from them into the Cow-house, they there quickly followed him, found him hanging by a Rope, which they had used to tie their Cattle with, he was dead with his feet near touching the Ground.

Epidemical Fevers had these days grow very common, in some parts of the Country, whereof, tho' many dye, yet they are so sorely unfitted for their employments; but in some parts a more malignant Fever seems to prevail in such sort, that it usually gets thro' a Family where it comes, and proves mortal unto many.

The Snake which has been rising in Boston, after a manner very Extraordinary, is now very scarce, but it is thought that for more has been taken of it then formerly, and which, when it is raised, is much to be feared, especially if it has not been well worn, nevertheless it has not been seen since the 15th day of Oct. it has been seen

Since the church was the one power block that the Governor

First Quarter

Dannie Cooper took the short kickoff and was downed on the 39. The Horns were unable to move on the initial series and had to punt. The Braves couldn't make a 1st down either and punted to Bobby Skelton on his 40 with a run back to the LV 41. Skelton carried for 5, Mike Arrott added 4 and Skelton went for the 1st on the 30. On 4th down the Horns were faced with a 4th and 10 near the 31, so they decided not to punt. Cooper tossed to ball to Arrott, who in turn passed it back to Cooper who went to the 11 yard line for a 1st. Donnie Thompson made 3 yards and a pass to Joe Basquez was good for a long 7 and a 1st on the 1 foot line. A fumble was recovered but lost 2 yards and the Braves' line tightened to hold the Horns and they recovered another fumble in the end zone.

Lake View took the ball on the 20 and proceeded to make a 1st on the 37 with the help of a 15 yard fine. They then marched to their 48 for another 1st, and then made it to the Bronte 47 where they had a 4th and 4.

Second Quarter

A bad snap from center was capitalized on by Arrott, Lynn Lawhon and Willie Sanchez, as they tacled Jennings on his 43 and Bronte took the ball. Cooper carried twice for a 1st on the 31. Arrott picked up another 1st on two carries to the 17. Then Arrott went around right end for the TD, covering 16 yards. Conversion try failed and the score was 6-0.

The Braves took the kickoff to the 35 and then couldn't get past the 38. Their kick went to the Bronte 38. On the 1st down, Cooper tossed a long one to Basquez who outran his pursuers to cover 62 yards and make another 6 points. Conversion failed and the scoreboard said 12-0.

The Braves took the kickoff to their 33 and then bogged down. Basquez took their punt and returned 25 yards to the LV 37. Arrott carried a couple of times for 12 yards and a 1st on the 25. Then he went 12 yards for another 1st on the 13. Cooper made 3 yards and then the Lake View boys did some good defense work as they intercepted a pass in the end zone and took over the ball on their 20.

They made 2 yards on three carries and punted to Basquez who was downed on the LV 43. Arrott went for 6, Skelton added 3 and then Cooper got off a nice run for a 1st on the 23. A Bronte pass was completed on the next play but was fumbled and Lake View recovered as the half ended.

Third Quarter

Cooper kicked to the goal line to Rosenthal who came out to his 12. The Braves made a 1st on the 22, then moved to the 34 for another. The next series couldn't go, however, and they

punted to Basquez who was throttled on his 31. Arrott went 19 yards for a 1st at mid-field. A pass hit Basquez for 9 and a penalty gave the Horns a 1st on the LV 36. The Horns had tough luck and had to punt. Arrott placed it down perfectly on the LV 2 yard line. The Braves then fumbled and Bronte recovered on the 6. Thompson went over the middle for another TD and Skelton kicked the conversion to make the score 19-0.

The Braves got back to their 36 with the kickoff. Johnny Hirst made 8 yards in two carries, then Benny Jimmerson almost got away to make the best run of the night for the Braves. He was finally pulled down by Thompson and Bobby Skelton on the Bronte 9 yard line. The Braves made it to the 3 in three carries as the third quarter ended.

Fourth Quarter

An incomplete 4th down pass play gave the ball to the Horns on the 3. Arrott quick kicked on 3rd down. It was short but the Braves couldn't capitalize on it and the Horns got the ball again on their 23. But the locals couldn't move either, so Arrott punted to the 44 of Lake View. The Braves were unable to move the ball to the Bronte 27 before they had to give it up. The Horns couldn't go, so Arrott punted to the LV 47, and four plays later Bronte recovered a fumble on their 35.

Cooper made 4 and Arrott made the 1st on the 50. Arrott then picked up 31 yards to the 19 for another 1st down. After three unsuccessful plays, Cooper threw a 4th down pass into the end zone to Lawhon for the final TD of the night. Skelton's kick was good and the score was 26-0. Cooper kicked off and a pass was intercepted by Thompson as the game ended.

Shorthorns Dump Wall Lads, 30-18; Have 3-0-1 Record

The Bronte Shorthorns took a 30-18 win last Thursday night when they went to Wall. The game was played in brisk, cool weather with a good wind blowing.

Things looked a little rugged at first, as the Wall lads took the ball on first play from scrimmage after the kickoff and ran 55 yards for a TD.

However, the Bronte boys headed back up field after the kickoff and, aided by 35 yards of penalties, went to the 15. From there Alan Barbee tossed a pass to Jim Dan Raughton, which carried all the way, and Barbee ran the conversion to make the score 8-6.

On the next kickoff, the Wall lads returned to the 45, and from the same marker as before, ran another 55 yard TD play. The next counter came from the Shorthorns when Marvin Ensor went over from the 2. A 25 yard pass to David Chapman set up the play. Score: 16-12.

In the second quarter, Raughton made a one-handed catch to go 70 yards for another TD. Barbee ran the conversion. Score was 24-12.

The final Bronte touchdown came on a 4 yard run by Barbee after the play was set up by a 20 yard pass from Barbee to Chapman.

The Wall lads made the final score of the night when they took the second half kickoff and went 96 yards for a TD. That made the score 30-18, which was final.

The Shorthorns now have a 3-0-1 season record. They are idle this Thursday night and will play Roscoe here Oct. 22.

Boys who were credited with good effort, in addition to those already mentioned included Mike Gonzales, Kit Carlton, Wayne Alexander, Tim Scott, Nelson Coulter, Chris Ward, Wayne Coalson, Joe Rivera, Kerwin Denton and Mark Lee.

It was strictly an offensive battle, as both teams crossed the double stripe almost at will to amass a combined 99 points.

Danny Pate, Hornet standout, had a big night as he made seven touchdowns. He went for 3 TD's in the first quarter, two in the second and one in each of the last two periods.

The Hornets have an open date next week and plan to use the extra time getting ready for district play which begins Oct. 23 with Hobbs.

Crushed Patents

Crushed patents, a favorite fabric for rain garments and sportswear, requires special techniques for sewing.

A pattern with few seams makes it easier to manipulate the vinyl-type fabric. Raglan or kimono sleeves are easiest, but some of the crushed patents are soft and pliable enough to sew set-in sleeves.

The pattern should be altered to fit before the garment is cut. Seams cannot be let out without damage to the fabric.

When fastening the pattern to the fabric, place pins in seam allowances only or tape the pattern to the fabric. Cut with sharp shears.

Mark darts, seamlines and other construction details with chalk or a pencil on the wrong side of the fabric. Use a grease pencil when making markings on the right side. These can easily be wiped off.

A medium-sized machine needle and 10 to 12 stitches per inch are satisfactory for top stitching on crushed patents. A piece of tissue paper placed between the shiny or right side of the fabric and the feed-dog of the machine prevents damage to the fabric when stitching. The tissue paper can easily be torn away when stitching is completed.

Finger press seams and darts, unless the label on the bolt or roll of crushed patents states that the fabric can be pressed with steam or warm iron.

Both zippers and buttonholes can be used on crushed patents. The centered application makes a flat zipper closing.

Hems can be top stitched or slip stitched in place to the backing of the fabric.

Follow the fabric manufacturer's care recommendation for cleaning. Some vinyl-like fabrics can be hand washed, while others need to be wiped clean with a damp cloth. If linings are used in the garment, they should require the same care as the outer fabric.

If you would like further information on sewing with this and other new fabrics, please call, drop by or write me. The information is free.

Teen Snacks

Establishing good food patterns during adolescence is tremendously important for health and well-being of both boys and girls.

During the years of rapid growth when the body has great need for all nutrients, the adolescent may consume large quantities of foods yet be lacking in such nutrients as calcium, vitamin A, vitamin C, thiamine, riboflavin and iron. This deficiency in nutrients results when food choices are heavily loaded with cookies, cakes, doughnuts and sodas.

Snack foods that furnish some of the body needs include milk, milk drinks, fruit juices and crisp raw vegetables.
