J. T. Henry Completes 35 Years Teaching Here

J. T. Henry, Vocational Agriculture Teacher at Bronte High School, will be honored by the Vocational Agriculture Teachers Association of Texas in Dallas, Aug. 4, according to Ray Seale of Shiner, president of the organization.

Henry will be recognized for his 35 years of service to the Vocational Agriculture program of Texas. His 35 years of teaching have all been in the Bronte School.

The award will be presented at the Annual Awards Breakfast of the Association. The breakfast is held during the statewide conference of Vocational Agriculture teachers and the 1971 conference will emphasize the implementation of new approaches to Vocational Agriculture Education.

Leaders in agriculture and education from throughout the state and nation will participate in the four day in-service meeting. Education features of the meeting will be under the direction of J. A. Marshall, Director of Agriculture Education, Texas Education Agency. He will be assisted by C. G. Schoggins, Assistant Director, Agriculture Education, Texas Education Agency; Bill Conner, Executive Secretary, Texas Future Farmers of America, Texas Education Agency; Raymond Holt, Consultant, Vocational Agriculture Education, Texas Education Agency; and Dan Gattis, Executive Secretary, Texas Young Farmer Association, Texas Education Agency. Also assisting will be 11 area supervisors including Hulan H. Harris of Big Spring.

Henry graduated from Sterling City High School; received his B. S. from Texas Tech and M. A. from Sul Ross. The Future Farmers of America have presented him with the Honorary State Farmer Degree.

Bronte FFA members, under Henry's coaching, have participated in many leadership, judging and livestock contests and

Methodists Set Revival Aug. 8-15

A revival meeting is being planned for First United Methodist Church for the week of Aug. 8 through 15.

The Rev. James Mayfield, pastor of the First United Methodist Church in Port Lavaca, will be the preacher. Earl L. Ward of Waco will direct the singing and will work with youth groups. He has been in revivals here several times in the past.

Services will be held Monday through Friday at 7 a.m. and 8 p.m. and at the usual 11 a.m. and 7 p.m. times on Sunday.

Rev. Fred Brown, pastor, invited everyone to make plans to attend as many services as possible.

shows, and have brought many honors back to their school.

Henry has produced 14 Lone Star Farmers and one American Farmer. He is a member of the First United Methodist Church and has served many years as a Sunday School teacher. He also has served on most boards of the church and has been chairman of the administrative board. He is a member of Bronte Masonic Lodge and the Noon Lions Club. An active member of the Coke County Teachers Association, he has also served as president of that group.

He is married to the former Sybil Ellis, who is also a teacher in Bronte Schools. They have one daughter, Mrs. Gary (Linda) Boyer.

Approximately 1500 Vocational Agriculture teachers and friends are expected to attend the Dallas conference and witness the presentation of the awards.

Housing Units Start Next Week

B-F-W Construction Co. of Temple began moving in equipment this week to construct an addition to Bronte's low rent housing project. A. E. Bell Jr., executive director of Bronte Housing Authority, said the contractor expects to start work Monday.

The housing units will be six single bedroom homes, designed especially for elderly persons; two will be regular single bedroom units and four will be two bedroom units.

They will be located on the west half of the block on which the city hall and post office are located.

Norman R. Kiker is clerk of the works for the project.

YEARBOOKS WILL BE DISTRIBUTED SATURDAY

The 1971 yearbooks for Bronte Schools will be here this week and will be distributed Saturday beginning at 9:30 o'clock. Everyone who has purchased one of the annuals should report to the school's Business Department about that time.

Supt. C. B. Barbee said receipts must be brought when students come by for the yearbooks.

TWO BRONTE LADS MAKE LITTLE LEAGUE ALL STARS

Wayne Coalson and Joe Bob Ragdale were picked to play on the Colorado River Little League All Star team following this season's regular schedule. The All Star games were played at Robert Lee and the local lads lost to Winters All Stars.

Robert Lee Cardinals won the Colorado River Little League pennant, followed by Sterling City.

Spotted rains fell in the east side of Coke County Tuesday beginning around 7 a.m. and raining intermittently throughout the day. To the west of town and

Sub Special Ends Saturday Night

Two days remain in the annual Bronte Enterprise subscription special. Beginning Monday, prices will go back to the regular rates.

Today and tomorrow, one year subscriptions in Coke and adjoining counties will be sold for \$3.00 and all others for \$4.00. Monday, prices will be \$3.50 and \$4.50.

Publisher Ben Oglesby invited those who have not already done so to take advantage of the saving during these two remaining days.

51st District Court Convenes Monday

Judge Joe L. Mays will convene 51st District Court in Robert Lee Monday at 10 a.m.

Scheduled for non-jury trial, the following cases appear on the docket:

Lee Roy Scott vs. W. T. Gainer Estate, et al, trespass to try title.

Cooper Chapman, individually and representative of beneficiaries of the will of Mary E. Chapman, Deceased, vs. Kitty Frances Bristow, suit to clear title on real estate.

The Permian Corporation vs. Luttrell Construction Co., pipeline damage.

Vernon Copeland vs. Jo C. Copeland, divorce.

Helen Harris Wilcockson and J. R. Wilcockson vs. Sun Oil Company and Sun Pipeline Company, pipeline construction damages.

Margaret Jewel Brunson vs. James L. Brunson, divorce.

First National Bank of Bronte, Texas vs. I. M. Cumbie, suit on note.

around Robert Lee very little rain was reported.

Largest amount reported to The Enterprise was 2.5 inches at the Rawlings Ranch southwest of town. The Wylie Ranch, northeast of town reported over one inch. Early Tuesday .7 inch was reported in the Maverick community. G. D. Lockett reported a good rain at the old Keeney place west of town.

In gauges over Bronte, varying amounts were reported with 1.5 inches the average. Blackwell received about 1 inch of rain and the Brookshire community received .6 to 1 inch.

Robert Lee and the area to the north received good rains last Friday, and enough water ran into Lake Spence to raise the level 18 inches. No report was made on the number of acre feet of water this rise made.

More rain was in the forecast for the next few days.

Senior All Stars Lose in Area

The Winters Senior Little League All-Stars were knocked out of the area tournament Monday night when they dropped a thrilling 5-3 game to the Weatherford All Stars. The turney is being played this week in Seymour.

Good pitching and outstanding defensive play by both teams highlighted the Monday night game.

To get to the area tournament, the All-Stars defeated Ballinger All Stars last Thursday night, 8-6, at Wingate and came back Saturday night to down the Tye All Stars, 10-9, to take the district tournament.

Boys from Robert Lee, Wingate, Winters and Bronte made up the All Star team. Players from Bronte making the trip included Kim Barrett, Andy Eubanks and Wayne Alexander. Eddie Alexander served as coach for the team. Jim Dan Raughton was also a member of the team, but due to sickness, was unable to play.

Alexander expressed his appreciation to the Evening Lions Club, Noon Lions Club and Woodmen of the World for providing finances to help send the boys to Seymour.

Baseball Meeting Called for Monday

Another meeting of baseball fans, parents and members of teams has been called for next Monday night at 7 o'clock in the City Hall. Included among those who are asked to be present are members of the Men's Softball and Women's Softball teams; also members of the Pee Wees, Little League and Senior Little League teams.

Plans will be made for next year, finances will be discussed and an effort made to secure uniforms for all teams. Upkeep and improvement of the local field will also be discussed. There was small attendance at the meeting this week, so the group decided to have another meeting next week, and everyone is urged to attend.

85% County Horses Vaccinated for VEE

By Sterling Lindsey
County Agricultural Agent

Coke County horse owners have responded to the VEE emergency situation as approximately 85 per cent of the county's horses have been vaccinated.

Approximately 600 head were vaccinated by Doctors Hudman, Miller and Hodges. The three San Angelo veterinarians vaccinated 370 head at Bronte and Robert Lee Saturday morning. During the afternoon an additional 230 head were picked up in various locations over the county.

Previously, Dr. Arledge of Sweetwater, working the Blackwell area, and Dr. Turner of Water Valley, working the southwestern portion of the county, vaccinated an estimated 150 Coke County horses.

Several operators recently vaccinated to prevent Western sleeping sickness. These horses are waiting to receive the VEE vaccine. An estimated 160 head remain to be vaccinated.

Approximately 50 head were taken to area veterinarians prior to Saturday's vaccination program, bringing the county's to-

tal number of horses to an estimated 960 head, a much larger figure than was anticipated.

As an added precaution to help prevent VEE, everyone should take measures to control the mosquito, the chief carrier of Venezuelan Sleeping Sickness. The mosquito is not a host for the disease, but is the primary transporter.

Another Threat

Since the outbreak of VEE in the United States, we have been alerted to another possible threat to the livestock industry, Afri-

Austin — Investigations of stock-loan scandals which have rocked the state for nearly seven months moved forward on three fronts during the past week.

* Travis County District Attorney Robert O. Smith announced plans to present to the grand jury here evidence compiled by Texas Atty. Gen. Crawford C. Martin's staff.

Martin said evidence includes material pertaining to federal Securities and Exchange Commission allegations that large bank loans were extended to high state officials by the Sharpstown State Bank in 1969. Money went to stock purchases by officials at the time Sharpstown bank head Frank Sharp was trying to get deposit insurance legislation passed.

* Sharp was invited to testify within the next three weeks before a House General Investigating Committee.

Committee asked Sharp to talk about bills in which he was in-

terested in 1969 "and other matters that may be pertinent concerning Sharpstown State Bank, the National Bankers Life Insurance Co. and any relationship with public officials."

* Meanwhile, State Insurance Commissioner Clay Cotten turned over to district attorneys in Houston, Dallas and Austin results of his investigation of NBL. Cotten said he feels insurance, embezzlement and conspiracy laws may have been overstepped but preferred to leave it up to prosecuting attorneys to decide if violations occurred. He offered names of five one time NBL officers and directors prominently involved in his report.

Federal court at Houston set hearing this week to determine if a June 14 immunity order protecting Sharp from further prosecution or summons should be modified. Martin and Smith want to force him to testify before the Travis County grand jury hearing.

COURTS SPEAK — An Austin federal district judge upheld the local school district's desegregation plan calling for a minimum of out-of-town pupil busing, holding against a federal government proposal for massive busing. Judge scored the federal government for its uncooperative attitude toward a compromise.

State Supreme Court rejected an appeal of A&M University employees who had paychecks stripped when it was discovered they were serving on the College

Station city council.

In other decisions, High Court:
* Stuck by its original decision holding former president of Sharpstown State Bank was not negligent in failing to investigate bonds offered as security on a \$470,000 loan.

* Turned down the appeal of a Dallas oilman's widow in a lawsuit over his estate brought by the man's five daughters by an earlier marriage.

* Upheld the will of multi-millionaire Robert A. Welch's sister leaving \$300,000 in Texas oil and gas property to the Welch Foundation.

* Held against an Alice woman seeking damages from drug companies which manufactured the anesthetic she claims partially paralyzed her following 1963 surgery.

* Reversed a lower court judgment and concluded the foreclosure of mortgage on the home of a Dallas couple who had paid \$420 more than their schedule called for was void.

* Rejected disputed evidence of a remarriage in Mexico and backed a Nueces County trial court finding that a Corpus Christi man owes nearly \$24,000 in alimony to his former wife in Nevada.

LIVESTOCK DISEASES SPREAD — As sleeping sickness like Venezuelan Equine Encephalomyelitis continued to strike horses and some humans, threat of a new livestock malady loomed.

Outbreak of African hog fever in Cuba alarmed swine owners. Latter is almost invariably fatal, and there is no known vaccine. Ailment does not affect people, as does VEE (which is usually mild in humans).

More than 1,100 Texas horses are believed to have been killed by VEE and 1,500 others stricken. More than 6.6 million acres have been sprayed to kill disease carrying mosquitos.

AG OPINION — Texans under 21 may not serve on juries in Texas despite recent lowering of voting age to 18, Attorney General Martin held.

MEDICINE AID SYSTEM CHANGED — On Sept. 1 State Department of Public Welfare will begin making payments directly to pharmacists for drugs prescribed to Texas welfare recipients.

Under current system, allowance for drugs is included in monthly assistance checks. Legislature this year appropriated \$11.9 million for new vendor drug program.

Welfare authorities believe the new system will provide improved prescribed medicine coverage and delay a cut in overall welfare payments for food, clothing and shelter.

However, some complained of welfare check cuts, since drug allotments no longer go to recipients, and a few who get only payments for drugs will be taken off welfare rolls. Latter will be interviewed by Welfare Department to determine if they should still get cash aid.

Short Snorts

Driver safety responsibility act still applies under some circumstances regardless of federal court decisions against license suspensions where no fault is shown, says Department of Public Safety.

Parks and Wildlife Department moved up game management officer training schedule four months (to Aug. 29).

Governor announced creation of a committee to assist in selecting new power plant locations.

Department of Agriculture Trying To Ease Farmers' Drouth Problems

Cotton farmers who have been hard hit by drouth or other natural disasters this year are being offered greater income protection by the manner in which their cotton yields will be computed for program payment purposes in 1972, Secretary of Agriculture Clifford M. Hardin announced today.

The Secretary also announced several additional changes in program provisions which will offer greater relief to drouth-affected farmers. The changes are based on findings from a recent inspection tour of drouth stricken areas by Under Secretary J. Phil Campbell, during which he met with farmers, ranchers, local agricultural leaders and those administering farm programs to learn directly how various programs were functioning and how they could be improved. A follow-up team from the Department of Agriculture has also just completed an inspection tour.

Today's action on cotton is expected to strengthen income in 1972 and subsequent years for cotton farmers in the drouth areas of the Southwest. An adjustment in the farmer's actual 1971 cotton yield up to 90 per cent of his 1971 payment yield—instead of the previous level of 80 per cent—will be permitted where this year's yield is reduced by adverse natural conditions.

Additional assistance in today's announcement includes:

1. An extension through Dec-31, 1971, of the emergency livestock feed program and hay grazing of land diverted under the cropland adjustment and set-aside programs. They were originally scheduled to end Aug. 31, 1971.

2. A revision of procedures to allow farmers to use their own conveyance as an additional source of transportation, where other means have caused delays, in the delivery of feed grains into drouth areas. Transportation assistance rates have been established for helping farmers meet this additional expense. Orders for feed grains now can be expedited rapidly by the county ASCS office contacting the Kansas City Commodity Office directly instead of routing requests through state ASCS offices. Also, the follow-up on all loading orders has been intensified on deliveries not made within one week from date of order.

3. Cost sharing for emergency tillage practices that have been previously used only on cropland to prevent wind erosion is now available on pasture and rangeland. This will also improve water penetration and

help prevent runoff.

4. Cost sharing assistance, under the Rural Environmental Assistance Program, is provided for use in building livestock water ponds, in order to catch and store water when rains occur. Under the emergency conservation measures these ponds may also be built or rebuilt, in cases of severe drouth, to intercept or hold existing water supplies.

The definition of "crop loss" has been clarified for hog producers in the livestock feed program to include loss of grain or pasture which provided the feed for hog producers' animals and was lost due to the drouth.

Every effort is being made to insure a uniform administration of all emergency programs, and County and State ASC Committees, in following the intent of the law, are investigating any reported discrepancies.

Generally, cotton payment yields for the 1972 program are the average of the 1970 program yield and the actual yields for 1970 and 1971. The Agricultural Act of 1970 provides for participating cotton farmers to receive a set aside payment of at least 15 cents per pound. The payment is computed by multiplying the payment rate per pound times the payment yield established for the farm times the acres planted within the base acreage allotment. The Secretary has authority to make adjustments in the actual yield in any year where the farmer's yield is reduced by drouth, flood, storm or other natural disaster.

Based on today's announcement, farmers who suffered a severe yield reduction as a result of natural disaster in 1971 will receive a higher payment yield for 1972 than they would have under rule previously in effect. This is expected to be helpful not only to farmers in the Southwest but also to farmers who suffered severely from excessive rains early in the growing season elsewhere in the country.

Sew excitingly for fall — sew leather.

Buckskin, suedes and chamois skins are readily available in a variety of colors. And, great new patterns have been planned for leather sewing.

First, make a trial muslin. Remember leather garments cannot be altered; stitching marks remain when threads are removed.

To begin working with the leather, convert each pattern half into a full pattern, then lay the pattern pieces in one direction on the skin underside. Tape pattern pieces to the skin and cut with sharp shears.

Necessary markings can be transferred using wax, chalk or ball point pen.

When ready to stitch, hold seams in place with paper clips or cellophane tape. Core spun silk thread makes a stronger seam. Adjust the machine for 7 to 10 stitches per inch, and loosen the thread tension. Use a size 16 leather needle.

Threads ends should be tied, rather than backstitched, to avoid marring the leather.

Stay seams to keep the leather from stretching. Open seams, apply rubber cement to the underside and pound the seams flat with a wooden mallet. Hems also are cemented and pounded into place.

Jumpers, jackets, shorts, skirts and all types of accessories can be made with leather. Add a special touch to your leather sewing to get the fashionable—hand crafted look—tool it, stencil it, paint it (use shoe paint) or lace it.

Teach Child to Feel Important
One of the most important things a child learns from his parents is that he is an individual and valuable person.

When a child feels his family accepts him as an important person, he can accept himself.

How do parents teach their child to answer the question, "Who am I?" Here are some suggestions.

Teach him his full name, address and phone number.

Call him by his name.

Include him in family activities and talks.

Encourage him to draw pictures of himself and others.

Give him a place at home to call his own—maybe a room or just a corner. Teach him to take care of his clothing and toys. Ask him to do things he can do best and praise him for what he does well.

What's New

At least one chair company is out to win friends among homemakers. Its line of upholstered furniture has removable covers that are machine washable, dryable and no-iron. The polyester fabric is used in both sofas and chairs.

Get steaming hot water, up to 190 degrees F, from a special dispenser easily installed on kitchen sink or adjacent counter. The small unit is a new idea for speeding cooking and clean-up. Takes the place of the old standby teakettle for preparing instant foods and hot drinks; gets the cook off to a fast start on many menu delights. A little detergent and really hot water soaks pots and pans for quick wash up. The thermostatically controlled hot water dispenser is a handy helper with many timesaving uses.

Now there's something between shoes and slippers. It's washable footwear comfortable enough for lounging, smart looking and

durable enough for casual wear. The wide range of styles features fabrics from canvas to velvet and patterns from polka dots to bold or dainty prints. Every pair is completely washable which makes it easy to keep foot-fresh and new looking.

For well groomed hair, there's a new electric brush that both brushes and massages in a single operation. Two sets of washable snap-in brushes offer a choice of gentle massage or more vigorous action.

Throw away toothbrushes are handy grooming helps for travelers. Dental cream in the bristles is activated by holding the brush under cold water. Each nylon bristled brush is sealed in a transparent package for cleanliness.

The latest in vertical blinds features "embroidered" peasant motifs. For use as window coverings and room dividers, the blinds come in washable vinyls and fabrics. Choose custom designs, colors and textures, any length, in louvre widths of 5-7 inches.

A cake of soap makes a convenient "pin cushion" for small nails, tacks and brads. The soap also lubricates the points, making them easier to drive.

Greasy dirty dishes and pans attract pests to the kitchen. These containers should be washed with hot suds as soon as possible after use.

Miss Vidette Kay Brown, Charles Allan Sallee Wed

Miss Vidette Kay Brown and Charles Allan Sallee were married in the Calvary Baptist Church in Ozona Friday, July 23. The Rev. Eddie Martin officiated at the ceremony at 7:30 p.m.

Parents of the couple are Mr. and Mrs. Charles Ray Brown of Ozona and Mr. and Mrs. Russell Sallee of Eldorado.

Wedding attendants were Miss Velda Brown, sister of the bride, as maid of honor, and James Davis of Eldorado, best man.

Mrs. Sallee is a 1971 graduate of Ozona High School.

Mr. Sallee graduated in 1969 from Eldorado High School and also attended Hardin-Simmons University in Abilene.

Mr. and Mrs. Charlie Brown of the Brookshire community are grandparents of the bride and attended the wedding.

1964 CLASS REUNION SATURDAY NIGHT

Members of the Bronte Senior Class of 1964 will meet for a reunion Saturday night at 6:30 in the Bronte County Park. They will have a covered dish supper. All former class members, sponsors, families and friends are invited to attend.

PERSONALS

Mrs. Bill Butler and son, Rhett, of Corpus Christi were here this week visiting her parents, Mr. and Mrs. Leslie Rolls.

Visiting Mr. and Mrs. Garland Black this week were Col. (Ret.) and Mrs. Glen Veazey of Schertz. He is a retired Air Force colonel and served some eight years as president of the Shertz-Cibola School board. During part of this time Mr. Black served as superintendent of the school, which is outside Randolph Air Force Base, east of San Antonio.

Mr. and Mrs. L. L. Wilkins and Joy Lynn spent last weekend in Lubbock visiting their son and his family, Mr. and Mrs. Roy Wilkins and children. They all went to Palo Duro Canyon and saw the outdoor musical history play, "Texas." The Wilkins also recently visited another son and family, Mr. and Mrs. Kenneth Wilkins and children in Fort Worth. While there they visited the Log Cabin Village.

Mr. and Mrs. Harold McCutchen and children of Denver City are here visiting this week with his parents, Mr. and Mrs. Luther McCutchen.

Mrs. Ronney G. Roberts

Miss Judith Tucker, Ronney Roberts Exchange Vows In Ceremony July 10 in Oak Hill Baptist Church

Miss Judith Tucker became the bride of Ronney G. Roberts in a double ring ceremony Saturday, July 10, at the Oak Hill Baptist Church in Gilmer. The Rev. Paul Knight, uncle of the bridegroom, officiated.

Parents of the couple are Mr. and Mrs. W. Duane Tucker and Mr. and Mrs. Gerald D. Roberts, all of Bettie. The bride is the grand daughter of Mr. and Mrs. John B. Clark, formerly of Tenynson.

Altar decorations were an arch formed of tapered candelabra flanked by baskets of white gladioli.

Miss Kathy Stevens of Gilmer was maid of honor. Bridesmaids were Meredith Garrett of Denison, cousin of the bride, and Janet Tucker, sister of the bride. They wore empire floor length dresses of royal blue satin trimmed with white lace at the waistband. They carried a pair of white daisies.

Wedding music was furnished by Maeva Poole, pianist, and Melonee Tucker of DeRidder, La., cousin of the bride, soloist.

Rickey Roberts of Bettie was his brother's best man. Ushers and groomsmen were Sammie Tucker of Bettie, brother of the bride, Tommy Stracener, Danny Paul Wallace and Robert Richards, all of Bettie.

Given in marriage by her father, the bride wore a floor length empire gown designed

with long sleeves of white peau de soie overlaid with miramist. Wide cuffs were closed with pearl buttons. Lace roses with seed pearls were appliqued to the skirt and floor length veil. Tiny seed pearls encircled the waist. Her bouquet was white carnations centered with two cymbidium orchids. She wore a pale blue lace garter, and borrowed a gold necklace from her cousin, Meredith Garrett. For something old, she wore an heirloom gold pin which belonged to her great grandmother, worn also by her mother in her wedding.

A reception followed in the home of Mr. and Mrs. Gerald Roberts. The table was laid with a white lace cloth over royal blue satin. A four tiered bride's cake, topped with white wedding bells, was served by Lana Knight and blue punch was served by Melonee Tucker. The bridegroom's cake was served by Vicki Tucker, cousin of the bride, of Gilmer. Blue and white mints and mixed nuts completed the refreshments.

When the couple left on a brief wedding trip, the bride wore a navy blue knit dress with blue and white knit vest and a corsage from her bridal bouquet.

They will live in Alaska where he is stationed with the Army.

The bride graduated from Gilmer High School and Mr. Roberts from Union Hill High School. Both attended Stephen

The bride was honored at three prenuptial courtesies, a miscellaneous shower in the home of Mrs. Odell Turner; a lingerie shower in the home of Miss Cathy Stevens and a kitchen shower at the home of Miss Stephanie Jones.

Terry M. Barrett Married to Miss Cynthia Kay Lewis In Double Ring Ceremony in Presbyterian Church

By Mrs. Rocky Thompson

In a ceremony read at 4 p.m. Saturday, July 24, in St. Andrew's Presbyterian Church in Denton, Miss Cynthia Kay Lewis was married to Terry M. (Tom) Barrett. The Rev. Fred Cassell officiated for the double ring vows.

Parents of the couple are O.L. and Mrs. Theodore S. Lewis of Houston and Mr. and Mrs. Terry Barrett of Blackwell.

The ceremony was performed before a double arched candelabra holding blue tapers and flanked by baskets of daisies and chrysanthemums. Family pews were marked with greenery and white stepanotis.

David Petrash of Denton, organist, played nuptial selections and accompanied Roger Barrett of Dallas, soloist.

Given in marriage by her father, the bride wore a floor length gown of white silk organza, fashioned with a fitted bodice of venetia lace, organza sleeves and chapel length train. Marking the waistline was an ice blue satin bow which matched the blue satin buttons down the front of the bodice. A headpiece of embroidered lace medallions, a family heirloom, held her finger tip veil or silk illusion. Her flowers were an arrangement of butterfly orchids and callium leaves.

Matron of honor was Mrs. Steven McLaren of Denton. Bridesmaids were Mrs. Ron Grumme, sister of the bride, Miss Ronda Roberts and Mrs. Jeff Ingram, sister of the groom. They wore carpet length empire styled gowns of pale blue dimity fashioned with bishop sleeves and Italian lace bibs. They carried French arrangements of daisies and roses.

Darren W. Grumme, nephew of the bride, was ringbearer. He carried a satin and lace pillow designed and made by the bride's grandmother.

Best man was Steven McLaren. Groomsmen and candlelighters were Ronnie Armes, Fort Worth, Scott R. Steenson, Dallas, and Jeff Ingram.

A reception in the Denton Country Club followed the ceremony. The bride's table was laid with a white satin cloth and centered with an arrangement of daisies and spider mums. Silver and crystal appointments were used to serve a three tiered white cake and champagne punch.

The groom's table featured a German chocolate cake and coffee. Serving were Georgia Lalande, Sandra Driscoll, Judy Killen, Rita Sunderman, Kitty Harris and Rosari Piccola.

When the couple left on a wedding trip to the Bahama Islands, the bride wore a brown and white dress with yellow accessories. After Aug. 1, they will live in Oklahoma City.

Mrs. Barrett is a graduate of Warner Robins High School in Warner Robins, Ga. She received her degree in interior design from North Texas State University, where she was a member of Chi Omega Sorority, Angel Flight and was a varsity cheer leader.

Mr. Barrett is a graduate of Blackwell High School and North Texas State University, where he received a degree in business administration with a major in banking and finance. He was a member of Sigma Epsilon Fraternity, Talons and was also a varsity cheerleader. He is employed by the U. S. Treasury Dept. as a bank examiner.

The rehearsal dinner at the Denton Country Club was hosted by the parents of the bridegroom. The bride's mother hosted a bridesmaid luncheon at the S&S Tea Room.

can Swine Fever. Coke County is not known as a swine producing county, but the severity of the disease has everyone concerned. I recently received the following release regarding this disease:

The possibility of an outbreak of African Swine Fever in the United States is on the mind of every swine producer. This is due to a recent outbreak of the disease in Cuba. The disease has taken its toll in swine producing areas of East and South Africa and in Southern Europe. Due to modern methods of transportation, it is a threat to all swine production areas.

African Swine Fever is a highly contagious disease caused by a very stable virus. The mortality rate is very high and lesions resemble those of Acute Hog Cholera. It has been reported that the virus will survive in blood stored in a cold, dark room for six years and in blood stored at room temperature for several weeks. Field experience in areas where African Swine Fever is a problem has led to the recommendation that a three month period between depopulation of a diseased herd and restocking of the farm is necessary. When infected blood was mixed in garden soil and maintained at cool temperatures, sim-

ilar to our winter conditions, it remained infectious for 120 days.

A majority of the infection is produced by direct contact with infected animals. Some infection is due to exposure to infected premises and the ingestion of contaminated food and water. Uncooked garbage also serves as a source of the virus.

Domestic and wild swine are the only animals known to be susceptible to African Swine Fever. There is no vaccination program for the control of this disease. Its eradication, should it invade the borders of the United States, would be on a seek, destroy and quarantine program similar to that currently being used to eradicate Hog Cholera.
