COMPLETE COURSE — Seven of the nine ladies who recently completed a Beginners Sewing Workshop are seated at their work table. From left, they are Kathleen Aguerra, Beatrice Basquez, Mary Montez, Torivia Minjarez, Mrs. Mike Gonzales, Mary Reyes and Olivia Basquez. Alice Gal-

van and Fannie Rivera took the course but were not present for the picture. The women took the course at night, from 7 until 9 p.m., until they completed 24 hours of total work time. The course was taught by Mrs. Royce Fancher, homemaking teacher at Bronte High School.

Everything Ready For School Opening

Bronte School faculty is complete and are busy preparing for the opening of school Monday, Aug. 23.

Registration for kindergarten through 12th grade will be next Thursday and Friday, Aug. 19 and 20. This registration period is for students who will be attending Bronte School for the first time and for former students who haven't already regis-

tered. New students should bring report cards from previous schools. Birth certificates and all official immunization records are required of all students. Students who do not have official certification of having received required inoculations will be required to take them after the school term begins.

Supt. C. B. Barbee said that officials expect an increase in enrollment this year. He also said lunches will be served on the opening day of school and will be 40 cents for all students, with 5 cents extra for any extra milk.

Football Practice

All high school boys who are interested in playing football this year should report to the high school athletic equipment room at 7 o'clock Friday night. Practice will get underway Monday, under the supervision of Coaches Gerald Sandusky and Bob Shields.

Band Practice Starts

Bronte Longhorn Band will begin practice next Monday, Aug. 16. Practice sessions Monday through Wednesday will be at 5:30 to 8:30 p.m. and Thursday and Friday sessions will be from 8:30 to 11:30 a.m. Band Director Louis Thornton said that all students who are interested in being in the performing band should be present for the meeting next week. Band parents will meet Monday, Aug. 23, at 7 p.m. in the band hall.

Bronte teachers will be at Angelo State University next Monday, Tuesday and Wednesday to attend a small schools in-service training workshop. Thursday and Friday will be spent as work days here.

Much remodeling, refinishing and other maintenance jobs have been done during the summer and Barbee said he felt everything was ready for school to start.

Methodist Revival Underway Here

A revival is in progress this week at First United Methodist Church and will continue through Sunday, Aug. 15.

The Rev. James Mayfield of Port Lavaca is preaching and Earl Ward of Waco is leading the singing. Services will be held tonight, Friday and Saturday at 8 p.m. and Sunday services will be at 11 a.m. and 8 p.m. Morning services have been held at 7 a.m.

The pastor, the Rev. Fred Brown, said everyone is invited to attend the remaining services.

Borger Man Hurt In Car Accident

A one auto accident between 8 and 9 a.m. Wednesday injured a Borger man, James Weldon Bailey. It is theorized that his 1968 Volkswagen hit wet pavement and turned over. He was taken to a San Angelo hospital where he reportedly received treatment for a fractured shoulder. His wife was also in the car but escaped injury. The accident occurred about four miles north of Robert Lee.

The car was badly damaged. The accident was investigated by Highway Patrolman Bobby Hart and Sheriff Melvin Childress.

Blackwell Schools Start Aug. 23

Blackwell Schools will begin the 1971-72 school year on Monday, Aug. 23, at 8:30 a.m. Teachers will participate in a workshop next Monday, Aug. 16, continuing through Friday, Aug. 20.

A regular day's schedule is planned on the first day of school. Buses will run the same routes, at the same time, as last year.

James Hibbs is superintendent of Blackwell Schools.

First Game Sept. 10

First football game for Blackwell Hornets will be Sept. 10. The schedule is as follows:

Sept. 10: Water Valley, here
Sept. 17: Christoval, here
Sept. 24: Nowice, there
Oct. 2: Ira, here (homecoming)
Oct. 8: Trent, there
Oct. 15: Highland, here
Oct. 22: Hobbs, here
Oct. 29: Fluvanna, there
Nov. 5: McCaulley, here
Nov. 12: Hermleigh, there.

Games through Oct. 2 will be at 8 p.m. Games following will begin at 7:30 p.m.

Coaches are Edward Poeht and Bill Cathey. This year's cheerleaders are Mary Beth Johnson, Jan McNeill and Debra Thompson. Debra Hibbs and Vickie Edwards are twirlers. Miss Brenda Robertson will sponsor the pep squad.

District games begin Oct. 2.

ATTEND GRADUATION

Mr. and Mrs. Leslie Rolls, Paula Landers and Mrs. E. A. Bell attended graduation exercises at James Connally Technical Institute in Waco last Thursday. Otis Rolls was one of the 460 graduates and was recognized for being in the 84 with 3.5 averages or above. He is employed by Safeway in Waco. The local group returned Friday, and Mr. and Mrs. Rolls went to Sinton, where his mother, Mrs. C. B. Rolls, is seriously ill.

Crop and range prospects continue to improve with the addition of 2-4 inches of rainfall over the area. Most places got up to an inch in showers Tuesday and a downpour Wednesday morning added more moisture.

The soaking rains Thursday began before daylight with a real downpour about 6 a.m. Light rain continued to fall through the morning and until almost press time, when it was still cloudy and cool.

Rainfall reports were difficult to gather because of the spotted nature of the rains. Royce Fancher reported 2 inches on his place north of town; Joe Rawlings, southwest of town, had a two day total of 3.3 inches. Aubrey Denman, west of town, had a total of 2.9 inches early Thursday before the rains were over. Four inches were received on the Sid Evans place east of Bronte.

Rain gauges here in town included: D. K. Glenn, 3.75 in two days; J. O. Hageman, 2.6 early Thursday before the rains stopped.

A report Thursday afternoon 1.20 to 2.10 had fallen in the Hayrick area.

A report from Blackwell indicated 1½ inches in town, and 1-2½ inches around the area. Oak Creek Lake was receiving water from the runoff, the report said.

Kickapoo Creeks were running briskly at noon Thursday. More rain was in the forecast.

Rev. Fred Blake

Tennyson Baptists To Have Meeting

Rev. Fred Blake of Levelland will be the preacher for revival services next week at Tennyson Baptist Church. Rev. Reuben Blake, his brother and pastor of the church, invited everyone in the area to any or all of the services. Rev. Fred Blake is a former Robert Lee pastor.

Revival dates are Aug. 15 through Aug. 22 with services at 10 a.m. and 7 p.m. daily.

Blake has been pastor of Trinity Baptist Church at Levelland the past eight years. He also has served churches at Bell Plain, Brownwood and Roby. He is a graduate of Howard Payne College. The Blakes have four daughters, Barbara, Karen, Fredine and Atha, and one son, Carl Vance.

Edwin Forehand of Bronte will lead the singing and Susan Cumble, also of Bronte, will be pianist for the revival.

District Court Session Planned Monday Morning

A petit jury panel of 42 persons has been called for Monday morning to hear cases in 51st District Court. Judge Joe L. Mays will preside.

The August term of court began Aug. 2 with several non-jury cases on the docket.

Cases which are expected to come before the jury next week include:

Frances Middleton, individually and as guardian of Dana Sue Middleton, a minor, vs. Lillian Williams Middleton, et al, suit to enforce contract. A pre-trial hearing was held earlier in the month.

Ray V. Roberts vs. Texas General Indemnity Co., compensation insurance suit.

H. L. Autry, et ux, vs. Willie D. Breeding, auto collision suit. A pre-trial hearing was held earlier this month and the case was transferred to the jury docket.

Non-Jury Cases

Cases heard week before last by Judge Mays included:

Cooper Chapman, individually and in a representative capacity on behalf of the beneficiaries of will of Mary E. Chapman, deceased, vs. Kitty Frances Bristow, suit to clear title on real estate. A judgment was rendered by agreement.

Helen Harris Willcockson and J. R. Willcockson vs. Sun Oil Co. and Sun Pipeline Co., pipeline construction damage, is in the process of settlement.

Charges Dropped

The criminal docket of the court shows that charges of burglary have been dropped against Robert Franklin Wade and Norman Curtis Mounce, both of Sweetwater. The charges were dropped on motion of the state's attorney.

Austin — An Austin district court decision invalidating the 1971 House of Representatives redistricting act handed state attorneys and legislative leaders a mountain of unanswered questions.

Atty. Gen. Crawford C. Martin is in the process of appealing to the Texas Supreme Court the lower court's decision that the bill's "splitting" 29 counties into separate districts is unconstitutional. Martin said the appeal is in line with a long standing policy of his office to advocate the validity of a legislative act until the state's highest court rules on it.

Many high placed state attorneys feel that if the Supreme Court upholds the Aug. 2 district court finding, the chore of re-doing the job will fall to a five member Constitutional Board (composed of lieutenant governor, House speaker, attorney general, land commissioner and comptroller).

Constitution says the Board will reapportion when the Legislature fails to do so in the first regular session after publication of each U. S. decennial census.

Lawyers hope the High Court will provide guidelines, however, for they are confronted with these questions:

* Board is directed to meet within 90 days after the Legis-

lature adjourns (before the end of August) and to come up with a redistricting bill within 60 more days (by the end of October). What happens if there is no Supreme Court ruling by this constitutional deadline?

* Since the House tried to redistrict and its act was knocked out, would reapportionment then be expected in a special session of the Legislature? Constitution says the Board will reapportion if the Legislature fails to act, but the Legislature did "act" in the case of the House plan, only to have a district court declare its work invalid. No Senate reapportionment bill was passed by the Legislature, so that job automatically falls to the Board.

* Since the 1970 census (on which lawmakers base their reapportionment) was published while the 1971 Legislature was meeting, could redistricting really wait until 1973 when the 63rd Legislature convenes?

AG OPINIONS — Attorney General Martin held that new law requiring certain county officials to report to the county money they receive from operating private business on public property is unconstitutional.

In other recent opinions, Martin concluded:

* Use of automated machines for check cashing at banking houses would not violate Texas

laws against branch banking.
* Education code does not entitle a retired school teacher to return to the classroom and have additional years of teaching service thereafter used in calculating retirement benefits.

SOME AUTO INSURANCE COSTS CUT — State Insurance Board ordered a 50 per cent reduction in premiums of standard property damage auto liability policy where \$250 deductible is accepted.

Board further directed a 12 per cent cut in basic bodily injury premiums for \$250 deductible coverage, up to \$500 per accident.

New deductibles authorized by the Legislature this year go into effect Aug. 30. New rates take effect Sept. 1. A statewide increase in liability rates of 2.2 per cent already has been recommended with old deductibles. Basic liability coverage is \$10,000 per person for bodily injury, up to \$20,000 for several victims of one accident and \$5,000 for property damage. Company can pay the amount of the total claim and collect the deductible later from the policyholder.

TOURISM STRONG — Tight money and the drought failed to halt "a strong upward surge" of tourism during the first half of this year, according to Texas Tourist Development Agency.

Agency found business up 11 per cent for the January-June period. Thirty-five main Texas attractions, public and private, reported 17.3 million visitors, compared to 15.6 million in the same period of 1970.

Live Steam Museum at Alamo said business was up 97 per cent, and Confederate Air Force Flying Museum at Harlingen reported 63 per cent increase in visitors. Big Bend National Park visits were up 32 per cent; East Texas national forests, 22 per cent; Six Flags Over Texas, 18 per cent and Padre Island National Seashore, 16 per cent. Two-thirds of the visitors were Texans, a third from other states.

HIGHWAY FUND HEARING ASKED — Gov. Preston Smith seeks a formal hearing before the U. S. Transportation Department to prevent a threatened cut in federal highway aid for 1973.

Failure of the 62nd Legislature to enact legislation to comply with the 1965 highway beautification act (billboard advertising controls and junk yard screening) will bring a cut in federal allocation, Transportation Secretary John A. Volpe has warned.

Absence of such legislation means a 10 per cent federal aid reduction for highway construction.

Smith wrote Volpe that evidence can be offered by Texas to warrant a stay of final determination. He asked a formal hearing to present the state appeal.

SCHOOL APPEAL WATCHED — Federal appeal of an Austin U. S. district court decision upholding limited busing to achieve racial balance in public schools met sharp criticism and is being closely watched by other school districts with similar problems to those of the capital city.

Only alternative to the moderate plan, maintained Austin school officials, is forced busing on an even larger scale. President Nixon's statements on the subject, in effect condoning the 11th hour appeal though he opposes busing, were hit by U. S. Sen. John Tower and other Texas Republicans as inappropriate and displaying a lack of understanding.

PROBE DELAYED — Travis County grand jury investigation of profits by state officials in National Bankers Life Insurance Co. stock has been delayed

until Aug. 17. Frank W. Sharp, former head of NBL and Sharpstown State Bank (from which officials got loans to buy stock) has been called to testify at that time. Jury couldn't find Joseph Novotny, former Sharpstown president.

John Osorto, former NBL president, told newsmen he came up with idea for two controversial bank deposit insurance bills in 1969 and there was no connection between the stock deals and passage of legislation.

Short Snorts

Investigation is on of valuable historical documents stolen from State Archives and Austin area libraries.

Program to vaccinate all horses against VEE in a six state area will end Aug. 15 with nearly 1.1 million vaccinated.

Revenue from cigarette smoking last month increased \$1.2 million over the 1970 figure for July—to \$17.6 million, reports the

State Comptroller.

Personal income of Texans rose decisively in June, according to University of Texas Bureau of Business Research. (Editor's note: This is interesting information we never would have known without reading it here.)

Texas Parks Department says restoration is under way on five Texas frontier forts — McKavett, Griffin, Lancaster, Richardson and Leaton.

Washington — It sounds a little strange and certainly unchamber of commerce when a town decides it does not want more people.

This seems to be the case in quite a few places. One Florida resort area spent a lot of money printing color brochures... advertising "the good life" but now they say that is the trouble.

The "good life" is evidently slipping away in a good many places. When a town becomes bumper to bumper, filled curb to curb with traffic, it is hardly a place for a pleasant drive.

When the wonderland advertised is filled with carbon monoxide, bridges over waterways often clogged two miles back, some places are a little worried about attracting people.

Some city leaders are talking about a "selective growth." How that is to be arranged is something else. An organization even in Arizona is recommending zero growth because the Colorado River just can't furnish much more water for more people.

Southern California is considered a tragedy in a good many places because the slopes of old Baldy can't be seen many mornings because of the smog.

More recently, the governor of Delaware has signed into law a bill passed by the legislature banning new chemical plants, oil refineries, steel and paper mills from the whole Delaware coast. This is what every city has been after to make it grow and prosper. It seems the "bigger and better" and "the more the merrier" time has passed. That time was probably created in the days of the old West when merchants, saloon keepers and the gamblers counted the wagon trains leaving town and coming to town as a way to count their blessings.

Much attention is now being given by the planners in developing towns and cities that will preserve and restore the pleasantness of living. The good living was supposed to have been furnished when blocks and blocks of close together public housing was built in the cities. Here in Washington, for instance, it has been found that most, if not all, those concentrated projects become slums faster than the slums they were supposed to have cleaned out. It is felt that people occupying great projects thrown together, do not create any community of interest, hardly anyone takes any collective pride in upkeep and soon they have as many rats as were there when older buildings were replaced.

There is something wrong about all this. In Europe and in other older countries, old houses which have been there two centuries still appear neat clean and are well kept.

The development of suburbs with miles of houses jammed as tightly as the traffic will bear lay flat some of the prettiest hills and trees to be found any place—still this is progress.

For the well heeled, there are whole communities being built around club houses, golf courses and swimming pools. For those a little less better off, new towns are being built where kids can walk to school and ride their bicycles with safety but the old parts of inner cities are the cores of what is left and the

problems not only continue but become worse.

There seems to be a lot of engineering in everything except people. Instead of the "bigger and better" and "the more the merrier," the problem is what is to be done with people, of which there are going to be plenty for a long time. The question is the quality of life and how to preserve that quality instead of quantity, that no one has yet come up with a very satisfying answer.

Since Congress is going into a recess for the remainder of August, Congressman Burleson's column will not appear again until September.

Enroute to the Pacific Coast they visited the Painted Desert, Petrified Forest, Grand Canyon and stopped in Salt Lake City to tour the capitol and the Mormon Temple. They returned by way of Mt. Rushmore and Yellowstone Park.

Rate Change on Long Distance Set

Long distance telephone rate changes that benefit customers who dial their own long distance calls within Texas and take advantage of special calling periods have been announced by General Telephone Company of the Southwest.

At the same time, operator assisted calls within the state will cost more in the adjustment of rates that go into effect Sept. 1.

General Telephone President L. Gray Beck explained the lower rates for direct dialed station to station calls parallel the national trend to increase the cost of calls that require operator assistance while giving an incentive to customers who complete calls themselves.

Another change in the calling structure will establish rate periods for day, evening, night and weekend calls within the state which are the same as those now in effect for calls going outside Texas. Also two holidays, Labor Day and July 4, were added to New Year's Day, Thanksgiving Day and Christmas Day when reduced rates apply all day for direct dialed calls.

Another change will establish a one minute initial rate period between 11 p.m. and 8 a.m. rather than the usual three minute initial rate period. Additional charges are made for each minute following the initial rate period.

"In other words," Beck said, "if you call any time other than between 11 p.m. and 8 a.m., you will be charged for three minutes, regardless of whether you talk one, two or three minutes. You are also charged for each additional minute after the first three."

He explained that under present rates, an evening rate call for a distance of 300 miles costs 85 cents. The same call under the new customer dialed rate and for those without DDD who provide the Area Code and complete number for the operator will be 66 cents. The same call placed by a customer who can dial the number himself but prefers to place his call with the operator will cost \$1.25, regardless of the time of day.

"So we are placing the increase where it belongs, and giving a savings to the customer who dials the call himself," Beck explained.

RUNNELS WORKERS CONFERENCE MONDAY

Runnels Baptist Association Workers Conference will be held next Monday night, Aug. 16, at Robert Lee Baptist Church. Board and WMU meetings will be held at 5:30 p.m. followed by a supper at 6:30 p.m.

Labels on Detergents

Caution labels against possible eye and skin irritation and other injuries are now required on 25 brands of laundry and dishwashing detergents.

The labels, required by the Food and Drug Administration, warn consumers of possible eye and skin irritation, and of internal injury if the product is swallowed.

FDA authorities passed the ruling as a result of government testing on detergents. The test included a sampling of nationally marketed non-phosphate and low phosphate brands, as well as regular phosphate based detergents.

So when you reach for detergent at the market, check for these warning and caution labels for your own health and safety. Follow directions for use and keep the product out of the reach of children.

The FDA can require warning and caution labels, but only you can read that label and put it to proper use.

Meats for Barbecuing

Outdoor grill roasting is the summer favorite for adding a dash of fun to meal time. This versatile cooking method adapts well to many cuts and varieties of meats.

The all time favorite, of course is steak — T-bone, porterhouse, sirloin, rib, club, delmonico or filet mignon.

Chuck steaks, when cut near the rib and properly tenderized, are increasingly in demand for outdoor cooking. Chuck is less expensive than other kinds of steak so it can be served more frequently. Another reason is based on simple facts of supply. Just so many steaks are available from each steer; using chuck cuts is a way to increase the supply.

Other good choices are rib or

Join pork chops. Pork, however, should be cooked to the well done stage.

Chicken halves and pieces, as well as whole chickens cooked on the rotisserie, are popular and economical. Although relatively newcomers to the outdoor grill, turkey parts are good, too.

Canadian bacon, spareribs, ham slices and sausage patties make attractive meals from the grill.

And, remember the two old favorite, hamburgers and hot dogs.

Vegetable Color and Acid

It's either acid, or the lack of acid, that causes most vegetables to lose their natural color when cooked.

The color of green vegetables is destroyed by acid while acid is needed to "set" the color of red vegetables and prevent the yellowing of white vegetables. Yellow vegetables are not affected by acids or alkali.

This is the reason for cooking quickly before the acid has time to fade the vegetables. Overcooking causes the acid to change the bright green color to a faded olive green.

Soda should not be used to save the green color under any circumstances. Soda destroys vitamins and gives a disagreeable flavor and texture. Also, avoid adding either lemon juice or vinegar to green vegetables while they are cooking; they are both acids.

Red vegetables, such as beets and red cabbage, lose their color readily in water. Here acid helps to "set" the color. It is recommended that adding a tablespoon of lemon juice or vinegar to each quart of water. Cooking beets with their skin and stem ends left on also helps to prevent loss of color.

The pigment of white vegetables turns yellow with long cooking or if the water used is very hard or alkaline. To correct this, one-half teaspoon of lemon juice or vinegar can be added to each cup of cooking liquid.

Over cooking vegetables, including both the strong flavored ones such as white cabbage, cauliflower and onions and the mild flavored such as Irish potatoes, causes an ugly color and a strong unpleasant flavor.

Color in yellow vegetables — carrots, corn, squash, sweet potatoes and pumpkins — is not affected by water, heat acids or alkali. But, as in all vegetable cookery, a method of cooking should be chosen to retain the most food value.

Visiting Mr. and Mrs. James Holland Wednesday were Mr. and Mrs. Claude Cooke of Austin, Mrs. Dee Foster and Mrs. Gussy Bledson of Big Spring and Dee Roby Gartman of Houston. Mrs. Holland and Mrs. Joel Morgan went to Austin Thursday to be with their daughter and daughter-in-law, Mrs. Tony Holland, who underwent surgery Friday. Other recent guests in the Holland home were Ron Mitchell and Bill Jenkins of Dallas.

Mr. and Mrs. Vernie Smith went to San Angelo Sunday to visit Joe Ray Lummus. They all had lunch with Mr. and Mrs. Lee Brown.

Mr. and Mrs. Tom Sissell of Junction visited Sunday with Mr. and Mrs. Horace Sikes. They also visited their parents, Mr. and Mrs. Herman Smith in Miles and helped Mrs. Smith celebrate her 79th birthday.

Mr. and Mrs. Herbert Holland went to Big Spring Friday to visit Homer Clark. He came home with them for a visit. They also visited Mrs. Thelma Thomas in Coahoma.

Visiting Mr. and Mrs. Bill Ogilvy and Mr. and Mrs. Bob Weatherby during the weekend were Mr. and Mrs. Floyd Spence, and Mr. and Mrs. Joe T. Mayfield, all of Del Rio. The Ogilvys recently visited friends in Houston.

Mrs. Vernie Smith attended the HD camp at Robert Lee Friday. The Smiths visited Mr. and Mrs. Slim Cross and Mr. and Mrs. Herbert Hoelscher in San Angelo Sunday. Monday they went to Sterling City to attend a 6th birthday party for their grandson, Mike Saunders.

Mr. and Mrs. Vernie Smith hosted the domino party Friday night. The group played 88 and the women beat the men three games to one. Watermelon, cookies and cold drinks were served to Messrs. and Mmes. Willard Caudle, Charlie Brown, Herbert Holland and Smith. The next meeting will be with the Browns.

Mrs. Ethel Morgan was an overnight guest Friday in the home of her son, Sammy Morgan, in San Angelo.

Jimmy Lee of San Angelo was out at his place Monday. The Lees are about ready to start building a new home.

Charlie Brown killed a big rattle snake on his place one day last week. He said it had 12 rattles and looked like some could have been broken off. He said this was about 17 rattlers he has killed this year.

Cap Holland was honored July 27 with a birthday supper. Attending were Messrs. and Mmes. Tony Holland of Austin, Joel Morgan, Cap Holland and David Canfil, all of San Angelo, Herbert Holland and James Holland, and Ron Mitchell of Dallas.

Jack Huggins visited his uncle in Coleman last week. He spent Sunday with Mrs. Huggins, who is hospitalized in Big Spring.

OIL NEWS

Texas Railroad Commission, Oil & Gas Division, has announced field designation for a Coke County field.

It is the I. A. B. (lower Harris) Field, opened July 12 with dual completion of Humble Oil & Refining Co. No. 31 R. H. Harris Estate, Harris sand producer nine miles northwest of Robert Lee.

It was finalized for 144 barrels of 42.8 gravity oil, no water, with gas-oil ratio of 1,125-1, through a 5-32 inch choke and perforations at 5,356-364 feet.

Location is 2,000 feet from the southeast and 7,046 feet from the southwest lines of J. Valdez No. 506.

Fifth producer and a ½ mile extension was indicated in the Millican, West (Pennsylvanian) Field with the recovery of 800 feet of oil on a drillstem test at J. Frank Stringer, San Angelo, No. 1 Lena Foster, et al, in 228-2-H&TC, 15 miles southwest of Robert Lee. Gas surfaced in 11 minutes on the two hour test taken at 7,000-43 feet.

The project, slated as a 7,100 foot wildcat, was bottomed at 7,146 feet in lime and shale.

Humble Oil & Refining Co. filed application to plug back to 4,375 feet to recomplete a pro-

ject two miles southwest of Bronte in the Bronte Field.

It is the No. 53 Bronte (Palo Pinto) Unit, located 2,310 feet from the north and west lines of Section 453, Block 1-A, H&TC Survey.

The project was originally drilled to a total depth of 5,858 feet as the No. 6 Bronte (Goen) Unit.

J. Frank Stringer plugged at 6,700 feet his No. 1 Hooper, wildcat, 11 miles southwest of Robert Lee and a southeast offset to the depleted re-opener of the Edita (Canyon) Field.

Recovery was 5,800 feet of salt water on a drillstem test at 6,630-656 feet.

Location is 1,980 feet from the north and 1,550 feet from the west lines of 239-2-H&TC.

Pearson-Sibert Oil Co. No. 1 McDonald was also plugged. It is 467 feet from the northeast and southwest lines of Alfred Dorsey Survey 474, wildcat 8½ miles north of Bronte, total depth 5,540 feet.

Kevin and Eric Martin of Fort Worth spent last week in the home of their grandparents, Mr. and Mrs. J. W. Martin. Mrs. Martin, accompanied by Sandy Lee, returned them to their home last Saturday. In Arlington they visited the Doyle Thompsons and Ronnie Lees and in Fort Worth with Gary Martin.

Homecoming Set Sunday at Edith

The 37th annual Edith Homecoming will be held next Sunday, Aug. 15, in the Green Mountain Community Center.

Everyone is invited to attend and bring a basket lunch. The Homecoming Association will furnish the drinks, ice and sugar, dishes and silverware.

Dave King is president of the association and Finis Harmon is the secretary-treasurer.

All former residents of the community are given a special invitation to attend.

Mr. and Mrs. D. A. Morris and daughter, Joan Welch, and her daughter, Laura Michille, and the Morris' son, Shawn, and their granddaughter, Nicole Young, all of San Antonio, are here visiting his brother, Rev Harry Morris and family.
