PAINTERS ALL—Young Bronte citizens have been busy lately fixing up and redecorating the second floor of the bank building for a youth center. Top left Craig Lee ascends to new

heights with a bucket and brush. Right, Kim Caperton and Sherrie Coalson spread it on around a window. Lower picture is of LaDonna Scott and Debbie Hurely, also painters.

Progress Made On 'Upper Room'

"The Upper Room," Bronte youth center, is rapidly getting ready to open on the second floor of First National Bank building. Opening date has not been confirmed yet but Louis Thornton, one of the sponsors, said that it will open as soon as work is finished. Young people are busy painting and putting the finishing touches on the building as is indicated in pictures in this issue of The Enterprise.

Membership cards are available

from Teen Council members. Cards will be issued for \$3.00 per year. Membership in the group is open to youths from the seventh grade up to 21 years of age. Rules and enforcement of rules are in the hands of the members. Thornton said some items are

still needed, such as window air conditioners, folding chairs and couches. Anyone wishing to donate such items, or anything else the center can use, may contact him, Bob Shields, another sponsor, or any of the young people involved in the project.

First National Bank has donated use of the space and \$500 cash and will pay the utilities bills of the center. Other Bronte residents have contributed many other items.

Ladies are also urged to be present to help clean the concession stand and prepare it for the first game.

1700 Registered To Vote in Coke

Voter registration in Coke County is up to 1700 at the present time, up from 1485 who registered by the deadline last year.

However, O. B. Jacobs, Coke County tax assessor-collector, said that some of these 1700 registered voters will not be eligible to vote in the city, school and hospital district elections April 1, since they were not registered 30 days before the elections, as present state election laws require.

It was also pointed out that to be eligible to vote in the Democratic Primary on May 6, persons must be registered by April 5.

Registration applications are available at the tax assessor's office in the courthouse in Robert Lee and at the Bronte Enterprise office in Bronte. Registration is free but all citizens must be registered in order to vote.

She Makes Pretty Things

Home Resident Continues Hobby

MAKER OF NICE THINGS — Mrs. Dora Jordan, 84, a resident of Bronte Nursing Home, was proud to have her picture

made with all the artistic articles she makes. Mrs. Jordan's abilities are encouraged in every way possible at the home.

A very pert and pretty great-grandmother who lives in Bronte Nursing Home is still creating very pert and pretty things in her spare time—and she has plenty of it.

Mrs. Dora Jordan, who is 84 years old, is a creator of pretty decorative things which can be used in homes anywhere. Her dolls, decorative pillows, stuffed animals and other items would not feel out of place in the most elegant home in West Texas.

Mrs. Jordan had the natural talent to create these lovely things long before she became a resident of Bronte Nursing Home, but the policy of the local haven for those who need nursing care has enabled her to continue to develop her abilities.

Bronte Nursing Home has an unbending policy of encouraging

Austin — Texas voters will get a chance to express themselves at the May 6 polls on the explosive issue of forced busing to achieve racial balance in public schools.

Both Democratic and Republican executive committees decided to put a busing referendum on the ballot to encourage voter turnout and demonstrate Texas sentiments to federal authorities. Both ballot items ask Texans to state whether they want a federal constitutional amendment to outlaw forced busing.

Neither party went along with Gov. Preston Smith's suggestion to submit to voters a presidential preference referendum. There isn't much choice for the Republicans, and Democrats dropped the presidential choice poll (which would have had no binding effect anyway) in a scrap over party rules.

Republicans adopted their required new rules routinely, but reform regulations went down hard for the Democrats.

SDEC finally adopted rules largely identical with the moderate reform proposals of William R. Anderson Jr. of Corpus Christi. They are designed to assure a form of proportional representation of minorities, youth and women on convention delegations and to reflect delegates' choices of presidential candidates. Internal operating procedures for parties are also set out.

Loudest opposition to the compromise Democratic rules draft

came from Young Democrats who wanted three seats on the senior party's executive committee. Instead, two seats went to SDEC's youth advisory council officers. Young Democrats vowed to keep trying for reconsideration on the point.

The busing referendum may have played a part in Alabama Gov. George Wallace's decision to liven up the conventions by openly seeking Democratic presidential delegate votes in Texas. The issue helped Wallace win in Florida.

VERDICT SHAKES POLITICOS — Conviction of House Speaker Gus Mutscher and two aides on bribery conspiracy charges left many political figures wondering about effect of fallout on their own futures.

Sharpstown Bank stock-loan scandals already were a major issue in some campaigns. Conviction of Mutscher is expected to increase the chorus of I-told-you-so's, and some incumbent officials fear ousteries may increase for removal of everybody who had anything to do with the Sharpstown Bang bills of 1969.

First direct political effect of the trial likely will be felt in the House of Representatives soon. Heading the order of business there—if Mutscher declines to yield his office voluntarily—will be choice of a replacement speaker.

Other speakership candidates except Rep. Rayford Price of Palestine appear ready to join in a move for election of an interim

speaker (possibly veteran Rep. L. Dewitt Hale of Corpus Christi) who will agree not to seek the job next year. Price, who claims a majority of House votes, wants the speakership himself at the first opportunity. He doesn't care to turn it over to somebody else for safekeeping.

Meanwhile, the Sharpstown issue continues to figure prominently in at least four statewide races as well as legislative contests — governor, lieutenant governor, attorney general and treasurer.

OIL PRODUCTION WIDE OPEN — For the first time since 1948, the Railroad Commission has pulled the throttle wide open on Texas oil production.

A 100 per cent allowable was approved at the Commission's annual state-of-the-industry meeting in El Paso. Major buyers of crude requested 3,544,966 barrels of oil daily next month, a sharp increase over the big 86 per cent allowable in March.

Rising demands for energy forced the "sad" order, Commission Chairman Byron Tunnell said. Oilmen said imports would have to make up the deficiency of domestic oil in 1972.

AG OPINIONS — Retired judges are eligible to receive the benefit of limited state participation in payment of insurance premiums under state group programs, Atty. Gen. Crawford Martin held.

In other recent opinions, the Attorney General concluded:

* Blood donors between 18 and 21 can receive no compensation or blood bank credit.

* A Housing Authority tenant is prohibited from serving as a commissioner of that authority.

COURTS SPEAK — Constitutionality of the death penalty has been upheld by the Texas Court of Criminal Appeals.

Judge Truman Roberts concluded in the divided opinion that execution for a crime is not cruel or unusual punishment forbidden by the U. S. Constitution. The issue is now before the U. S. Supreme Court.

Texas Supreme Court blocked a last effort by the University of Texas at Austin to obtain an Austin house deeded to it by a late professor. Lower courts found "undue influence" had been used by UT officials on the aged professor to get his property.

SCHOOL ASSIGNMENT SET — State Board of Education set \$265 million as local school districts' share of the Texas public school program cost for the next school year.

This is calculated at about 20 per cent of a district's total operating outlays.

The Board also adopted an economic index determining just how much each district contributes. The state's system of financing public school education already has been found illegal by a federal court — but the legislature has been given one more chance to come up with a formula suitable to the court.

"POVERTY" COUNTIES IDENTIFIED — Thirteen Texas counties with the lowest family income as reflected by the 1970 census were designated under the Hill-Burton hospital aid program as poverty areas.

Counties designated were Starr, Zapata, Kinney, Jim Hogg, LaSalle, Dimmit, Willacy, Presidio, Brooks, Real, San Jacinto, Houston and Duval.

Short Shorts

* First draft call for 500 to 600 young Texans under a new uniform national procedure has been received — for April and May — by Texas Selective Service headquarters.

* The state earned \$15.2 million from its funds on deposit with Texas banks last year, Treasurer Jesse James reported.

Deadline Near for Predator Vote

Austin — Commissioner of Agriculture John C. White reminded sheep and goat raisers in 73 West Texas counties to vote before midnight March 28 on a proposed predator control program.

Voting is by mail and is being conducted by the Texas Sheep and Goat Raisers Association. Commissioner White authorized the referendum under provisions of the Texas Commodity Referendum Law.

Voters will decide whether or not to allow deductions of 20 cents a head for sheep and 10 cents a head for goats to be used in the predator control program. Nine members of a board to administer the fund also will be elected.

"It is important for sheep and goat raisers to make known their wishes on whether or not to conduct a predator control program," Commissioner White said.

Mother Pleads With Parents

The following article is from the "letters to the editor" in Warsaw, Indiana.

"While staying in the vicinity of Leesburg for a much needed rest I'd like to send this message—to send this message to everyone who will read it.

"Three months ago I sat in a court room and heard a judge say '20 years.' He was pronouncing sentence on my 21-year-old son, a punishment for drinking, gambling and robbery which ended in the shooting and near-death of a man.

"The sentence might have been less but my son took a sneering, defiant attitude all through court, ridiculing every law officer who spoke to him. But the crowning, shocking climax came when the judge sternly asked, 'Young man, don't you believe in God?' He laughed long and loud as he said, 'God? Who's that?' Every eye in the court room turned to look at me.

"I went to Sunday School when I was small and learned all about God. After I was married I decided to go again and take my children. I could not persuade my husband to go, but the children and I went regularly for a year. Then I skipped a Sunday. Soon I skipped two or three, then we went only on special days.

"Soon I joined a bowling team that competed on Sunday afternoons. I could not go to church and get ready to leave in time to bowl, and the bowling was such fun.

"If only I had those years to live over. Night after night I've paced the floor with the words, 'God, Who's that,' echoing in my ears.

"My son was 13 the Sunday the police came as I was leaving with my bowling bag. I waited impa-

tiently while he told me my son had been caught breaking a window the night before. I practically forgot about it and went on my merry way. By now church was a thing of the past. The years went by—to end up in a court room.

"When I think of the wasted years of 'having fun' instead of meeting God at His appointed place, I am sick with shame. I'm trying to make restitution by urging others to go.

"So many say they do not believe in making a child go to church if he does not want to, but how many would go to school if they weren't made to go? Ask any child that question."—copied

from church bulletin, First Baptist Church, Electra, Texas.

so, when you want a refreshing hot weather drink. Or, think perky cranberries for dessert.

The bright red sparkle of cranberry sauce or tangy cranberry juice is a wise choice when you wish to add zest to any occasion. It's especially wise these days when canned supplies of both cranberry sauce and juice cocktail are so huge. The U. S. Department of Agriculture reminds us that all forms of processed cranberry products are in March and April lists of plentiful foods.

CRANBERRY SUNDAE is aptly named for Easter Sunday. Whole cranberry sauce spooned over vanilla ice cream and topped with cinnamon-brown sugar mixture is sure to please the family. About 1 to 2 teaspoons cinnamon and 1/2 cup of brown sugar is a good ratio for the topping.

CRANBERRY RICE is another delightful springtime dessert idea. To prepare, combine 1 cup cooked, cooled rice with 1 cup whole cranberry sauce. (Use a 1 pound can of whole cranberry sauce, reserving the rest for topping.) Fold in 1/2 cup powdered sugar. Refrigerate until serving time, then fold in 1 cup whipped cream and pile gaily into crystal serving dishes. Top with a generous spoonful of the remaining cranberry sauce and you have a color-perfect, flavor-packed dessert.

CRANBERRY FRITTERS is a tasty way to add the cranberry touch to spring breakfasts. Jellyed cranberry sauce has a wonderful ability of holding its shape during cooking. Thus, cranberry fritters are easily done. Simply cut the canned sauce into tiny cubes and fold into your fritter batter.

Tangy cranberry juice may seem like a fairly new addition to our repertoire of hot weather thirst quenchers, but cranberries have been used in beverages since ancient times.

Here's **CRANBERRY IRISH TEA** you may want to prepare and serve. Take 4 cups (1 quart) cranberry juice cocktail, chilled; 1 1/2 cups strong tea, chilled; and lemon soda, chilled. Combine cranberry juice and tea. Pour mixture into tall glasses, 3/4 full. Add 2 or 3 ice cubes. Fill glasses with lemon soda. Serves 6.

Or, **CRANBERRY SPRINGER** supplies an unusual flavor in a refreshing drink suggested by the folks who grow and process cranberries.

4 cups (1 qt.) cranberry juice
2 tablespoons light molasses
Juice of 1 lemon
4 cups ginger ale, chilled

Combine cranberry juice, molasses and lemon. Just before serving, add ginger ale. Pour into tall glasses. Add ice cubes. Suggested garnish: lemon slices. Serves 8.

Now in Progress

"Do you know a handicapped person who needs help and isn't getting it?" is the question being asked by Judge W. W. Thetford who is Coke County's Easter Seal representative, and the person to contact for services from the Easter Seal Society for Crippled Children and Adults of Texas.

The Easter Seal Society offers rehabilitation services to help disabled persons and their families to find and make the most effective use of resources which will be helpful to them in developing their abilities and living more purposeful lives, Judge Thetford said.

This is accomplished through direct treatments, services, education, research and cooperative efforts with all other health agencies, private, state and federal. The Easter Seal Society does not duplicate services, but strives to fill all unmet needs of the disabled, he said.

The Easter Seal Society is carrying out its 42nd annual Easter Seal Appeal from Feb. 28 to April 2, to finance a program of rehabilitation services for crippled children and adults. The Texas Easter Seal Society helps support 19 treatment facilities where children and adults are treated regardless of ability to pay. Physical therapy and speech and hearing programs are offered to help the disabled make their lives fuller, despite their handicaps.

Judge Thetford urged persons in Coke County to increase their support of the Texas Easter Seal Society and its programs of services to the crippled children and adults of Texas.

RUDD NAMED WAGON BOSS FOR BOYS RANCH ROUNDUP

Buck Owens, 1972 Roundup chairman for West Texas Boys Ranch, has announced that J. O. Rudd has been appointed Wagon Boss for Coke County. Owens said, "We are very fortunate to have a man like Hoggy Rudd working for the Ranch in Coke County."

"West Texas Boys Ranch is presently caring for 72 boys who need our help. That's why we are so pleased to have Mr. Rudd working with us on the Annual Roundup," Owens stated. West Texas Boys Ranch has served over 700 boys since it was organized in 1947. One of that number has been a boy from Coke County.

West Texas Boys Ranch is supported entirely by tax-deductible donations by the public and Annual Roundup is one of the most important money raising events undertaken by volunteers for the Ranch. All proceeds from the Roundup go into general operating funds to purchase, bread and butter, shoes and socks, and to meet the operating expenses of the Ranch. Through Roundup livestockmen are invited to donate livestock or cash to help maintain the Ranch as a home for the dependent and neglected boys of West Texas. The spring phase of Roundup was kicked off at a Wagon Boss meeting held in San Angelo March 11.

Arrangements to haul donated livestock will be made by local Wagon Bosses or the Roundup chairman. Most area livestock commission companies do not charge commission on livestock donated to West Texas Boys Ranch.

WASHINGTON

"As it looks from here"

OMAR BURLESON

Congressman
17th District

Washington — Last year our government published a map showing the countries of the world most heavily engaged in narcotic traffic.

The map showed that various states in the Middle East and the Orient were the principal sources of illegal drugs but strangely enough Communist China was not mentioned. Over many, many years it has been no secret that mainland China was one of the greatest drug producers in the world. When officials of this Administration were questioned on the subject, they replied that Red China decided to stop pushing heroin back 10 or 12 years ago. Supposedly it is not exporting any at this time.

This does match up with extensive investigation by recognized experts who have carefully looked into the matter.

For the past year and a half or so, our government has been making a big to-do about cracking down on drug traffic and has focused attention on those nations which have been reported to be the big suppliers. We have even subsidized Turkish farmers to take out of cultivation the poppy plant from which the raw drug is made. We supposedly have an elaborate setup with the French government to clamp down on illicit narcotic plants in France which are a source of the finished drug for shipment to the United States.

There is little doubt that Turkey and Iran, with the cooperation of the drug refineries in France, have been a problem for us in trying to control drug traffic into this country but, the fact remains that according to what appear to be reliable accounts, Communist China is the largest

supplier of hard addictive drugs in the world today.

In years past, the subject has been brought to the official notice of the United Nations by the American government. Former U. S. Narcotic Commissioner, Harry Anslinger, has written extensively on Red China's "cultivation, manufacture, export, distribution and sale of opium, morphine and heroin" as a means of raising money and snaring recruits for revolutionary purposes. The writer, Stanton Evans, recently called attention to Mr. Anslinger's book entitled "The Murderers," published in 1961. In the book the author cites chapter and verse on narcotics smuggled into the U. S. in all sorts of ways from the China mainland.

The Communists use crews of merchant ships, passengers and crews of aircraft, as well as their own couriers and agents for smuggling narcotics into this country. Mr. Anslinger, recognized authority on this subject, says that over the years the Los Angeles area alone probably received more than 40 per cent of the smuggled contraband from China's heroin and morphine plants.

Another authority, Professor Possony of the Hoover Institution, notes a disclosure of a high official in the Egyptian government that Chou En-Lai related to the then Egyptian President Nasser that the "Communists planted the best kind of opium for the American soldiers in Vietnam."

This opinion and calculation is supported by District Attorney John Steinberg of Philadelphia, who conducted a thorough study of drug problems in Vietnam. Attorney Steinberg noted that heroin was sold in Vietnam at prices far lower than the market rate, indicating a more sinister purpose than just the profit motive. It was, of course, for the demoralization of our troops and in some places in South Vietnam and Cambodia it has had that effect. These findings indicate the scheme reportedly revealed by Chou En-Lai.

Another authoritative source, Dr. Robert Baird, asserts that Peking is planning a major narcotic offensive against America proper. Dr. Baird alleges that our nation is being misled that Turkey, Iran and other sources produce 55 to 60 per cent of the world's hard drugs. He says this is simply not the case insofar as the supply reaching the United States is concerned, and, contrarily, the source is Communist China.

Other researchers on the question have revealed in some detail their investigations into the narcotic trade from Red China into Hong Kong and thence into the U. S. The experts are able to analyze the method of refining drugs and identify their source. They are positive in their conclusion that by far the greatest amount of hard drugs seized coming through Hong Kong and analyzed are obviously from Red China. They can even identify the particular area, down to the state-run farms in China in their identification.

Regardless of improved relations with Red China, if these are real facts, and they appear to be, we are face to face with a situation with Red China that simply staggers the imagination.

Since we are now on speaking terms with Peking, it would seem far better to demand a stop to the filthy drug traffic than to talk about cultural changes.

When are you going to start salting away some of your good intentions?

Everybody wants to save money. Unfortunately, most of us seem to have a rough time actually doing it. We start, then we stop. The money never piles up.

The Payroll Savings Plan is the easy way to start saving; the painless way to keep saving. Your money gets a chance to pile up because the amount you specify is automatically set aside from your paycheck and used to buy U. S. Savings Bonds.

You actually salt away savings, paycheck after paycheck.

And now there's a bonus interest rate on all U. S. Savings Bonds—for E Bonds, 5½% when held to maturity of 5 years, 10 months (4% the first year). That extra ½%, payable as a bonus at maturity, applies to all Bonds issued since June 1, 1970 ... with a comparable improvement for all older Bonds.

Join the Payroll Savings Plan where you work. It's a great way to make today's good intentions pay off tomorrow.

Bonds are safe. If lost, stolen, or destroyed, we replace them. When needed, they can be cashed at your bank. Tax may be deferred until redemption. And always remember, Bonds are a proud way to save.

Take stock in America!

Now Bonds pay a bonus at maturity.

and assisting any of its residents who care to follow their interests in arts, crafts and other pursuits which make their lives more rewarding and productive. Not only are former hobbies and abilities encouraged, the staff members of the home encourage all residents who wish to, to develop new hobbies and other interests.

Physical welfare of the residents, including attractive surroundings, three good meals every day, and attention to everything which will make them more comfortable and happy, is first and foremost in the minds of the staff, according to L. O. Clark, administrator. But the home is concerned with the "whole man" and every effort is made to provide, in addition to the physical comforts, recreational activities, an abundant social life and spiritual needs.

Mrs. Jordan is a good example of the way things go for residents of Bronte Nursing Home, showing the way elderly persons can lead productive and happy lives in the home.

Mrs. Jordan doesn't mind at all to tell anyone that any of the items she has made are for sale and that she would welcome the opportunity to sell them to anyone who would like to have them. "I can always make some more," she said, "and it would be nice to

have Bronte people or anybody to come by and look at the things I make."

For example, she has pin cushion dolls which are lovely for only \$1.25. Hot pads are priced at three for \$1.00. Gorgeous stuffed animals which would lend grace to any room are only \$1.00. Decorative pillows are \$3.00 and her golf pillows which are really exquisite have the selling price of \$3.50. Graceful decorative butterfly pillows are only 50 cents each and basket which she makes out of egg crates are only \$1.00 each.

This writer didn't attempt to get her entire price list, but she has ear screw holders made out of an old bed spring (which, incidentally, she needs some of in order to make more of these items), rag rugs, mock wool pillows and several other items.

Mrs. Jordan was married in 1905 and her husband died 17 years ago, after about 50 years of marriage. Before she moved to Bronte Nursing Home she lived at Portales, N. M.

Mrs. Jordan has two daughters, Mrs. Millie Ekress of Portales and Mrs. Thelma Fry of Blackwell, and one son, Monroe Jordan of Lancaster, N. M. She also has 10 grandchildren, 34 great-grandchildren and 11 great-great-grandchildren.

Mrs. Jordan said she likes very much living in Bronte Nursing Home because she is encouraged and helped so much in pursuing

her hobby. She said she can't see to read very much, but she must have an uncanny sense of touch from the looks of the things she makes.

Bronte Nursing Home Administrator Clark said Mrs. Jordan is only one example of the way residents are encouraged to develop their interests. He said a social worker from Lubbock was amazed at the social and recreational program of the home and intends to make slides on his next visit, which will depict the many opportunities available to residents of the home.

Jean Ann Raughton and Mr. and Mrs. Noah Pruitt Jr. visited the Pruitts' daughter, Norma, a student at Baylor University, last weekend. They all attended the University Sing program on Saturday night.

Mr. and Mrs. Gene Holamicek and John and Joey Luckett went to San Angelo Tuesday night to attend the basketball game of the Harlem Globe Trotters.
