## Scouts Work, Play At Summer Camp

Bronte Boy Scouts attended camp at Camp Sol Mayer near Menard last week. They were accompanied by Scoutmaster Dewain Smith who stayed until Wednesday. James Lee went to camp then and stayed with the troop until they returned home Saturday.

Robert Teschendorf earned merit badges in lifesaving, rowing and archery and did advancement work toward becoming a First Class Scout. He also earned a patch for the mile swim.

Joe Bob Ragsdale earned a merit badge in swimming and advanced to Second Class.

Brett Broom earned a merit badge in swimming.

Mark Lee got merit badges in lifesaving, rowing and archery and also received a patch for the mile swim.

John Heaner completed requirement and attained the rank of Second Class.

The troop won first in the Senior Patrol Leader bakeout. They took third place in the waterfront relay with Broom running, Lee rowing and Ragsdale swimming.

While at camp the boys put on a skit, "Betsy the Donkey." Scout leaders said it was a good skit, performed well.

Scouts are already looking forward and planning for next year's camp. They have already been assigned the best campsite at Sol Mayer.

Scout leaders said they all had a good camp, a good time and good chow. Sol Mayer commissioners were well qualified to

### CHURCH OF CHRIST MEETING ENDS TONIGHT

The special series of services that have been conducted at the Church of Christ will conclude at the end of the service tonight (Friday). J. B. Hudson of Pecos has been doing the preaching and everyone is invited to the final services at 7:30 p.m.

Members of the Coke County Commissioners' Court voted at their Monday meeting to advertise for bids to carry out the paving repair and maintenance program for which a \$200,000 bond issue was voted several months ago. Also included is a small amount of new pavement in the county. The advertisement is being published in this newspaper and readers are invited to read it.

Harvey W. Schmidt, consulting engineer for the project, of Amarillo, presented estimates of the cost which totaled \$131,800.00. Actual estimate of cost of the work amounted to \$124,379.40, while Schmidt's 6 per cent fee amounted to \$7,420.60, to arrive at the total figure.

Largest expense of the project would be the aggregate needed to re-top the streets of Robert Lee and Bronte and on county maintained rural roads which was figured at \$42,143. Next highest item was for an estimated 195,

600 gallons of asphalt which should cost about \$38,142.

Cost of new paving was estimated to cost in the neighborhood of \$26,074.40.

Other items included in the es-

timate included stockpiled aggregate, asphalt pre-mix, cleaning ditches, revising grades and existing dips and widening existing pavement, all of which made up the remainder of the estimated cost.

## Pierce Is New Bank Employee

Mickey Pierce will begin employment at First National Bank next Monday. He will serve as Security Officer, Insurance Officer and in other capacities.

Pierce is a graduate of Angelo State University where he was a member of the varsity basketball team. His home was formerly in West Virginia.

Pierce and his wife, the former Frances Glenn, also a graduate of ASU, taught school in San Antonio last year.

They are making their home in the house owned by Mrs. L. T. Youngblood, formerly occupied by Mr. and Mrs. Charlie Boeckling.

Also at the bank, Douglas Snead has announced plans to retire by Jan. 1, 1973. Executive vice president at the present time, Snead has been employed at First National Bank since 1941. He has served as cashier, vice president and in his present position.

He has also served as tax assessor-collector for Bronte Independent School District for many years and plans to retire from that job, also.

**Bridge Work Paid**  
Also included in the bond issue was money for building four bridges in the rural areas of Coke County. This work has been completed and the commissioners voted Monday to make final payment to Ferrier Bros. Bridge Co., who was the successful bidder on the project.

Final payment made the cost

(Editor's Note: A number of U. S. newspapermen and columnists were invited to Mexico City last week for briefings on the current visit to the United States of Mexico President Luis Echeverria Alvarez. Echeverria dedicated a Mexican Cultural Institute in San Antonio June 19, also visited Washington, D. C., New York and Los Angeles.)

Mexico City — Mexico opened an institution of higher learning

in the United States this week—in San Antonio, Texas. Why?

The answer to that question lies in the personality, leadership and goals of Mexico President Luis Echeverria Alvarez. The new dynamic President of Mexico is visiting the U. S. this week to discuss a couple of major problem areas between Mexico and this country.

If his track record here comes close to his achievements in Mexico since his inauguration Dec. 1, 1970, he will go back home with some commitments about the Mexican laborers in California and the salinity problems of the Mexicali Valley caused by the Colorado River water.

His visit to Texas gave this state a clue to his major goals in Mexico. He dedicated the San Antonio Mexican Cultural Institute—located in Hemisfair's Mexico pavilion. It is symbolic of the principal changes Echeverria is attempting in Mexico's way of life.

His enthusiasm and determination to solve Mexico's problems has become contagious among all government leaders in his country.

His common workday is 12 to 14 hours—with no complaints from Mexico's government leaders and their staffs.

There is no "siesta" in Mexican governmental circles these days. The new leadership in Mexico is determined also to get rid of the "manana" image—and turn it to "today and tomorrow."

They recognize internal problems—and have programs to do something about them.

"Most of Mexico's problems can be solved by education," Eche-

verria believes.

His program for educational reform in Mexico points out the fact that he means what he says.

Echeverria anticipated the country's educational problems before he started his six year term as president (a president may not succeed himself in that country).

"President Echeverria studied the country's population statistics and discovered that 500,000 children per year will be entering the elementary education program," states Mexico's Secretary of Education Victor Bravo Ahuja.

"Mexico has a population of 50,000,000—half of which is in the rural areas. One-fourth of the population is between six and 14 years of age. There were no schools for 150,000 students wanting to enter elementary school," the secretary said.

Here are some other facts and figures given to newsmen by the Mexico Secretary of Education.

\*27% of the national budget (up 23% from last year) goes into education.

\*66% of the people on Mexico's federal government payroll work in education.

\*88% of education in Mexico is financed now by the Federal government.

With all this interest on education—it is easy to see why President Echeverria wanted to open a Mexican educational institution in San Antonio.

More buildings will be added later, classrooms, labs and a library. The Institute will feature classes in Spanish for four levels, also anthropology, literature and Mexican history.

Exhibits of Mexican arts and crafts, Mexican paintings and excavations of ancient temples will be featured also.

Austin — Legislative leaders are predicting a quick end to their long dreaded special session which began last Wednesday.

Gov. Preston Smith caught nearly everybody by surprise when he announced he has discovered an additional \$125 million in federal funds which can be applied to welfare.

The federal windfall for social services to the needy was Smith's secret weapon to finance 1973 state operations without need for any new taxes.

Most lawmakers had concluded he would recommend an eight months' budget for welfare to make it possible to avoid another tax bill before he leaves office.

The governor proposed a \$4.1 billion budget for 1973 (\$818 million from general revenue).

Lt. Gov. Ben Barnes and House Speaker Rayford Price say they are optimistic about chances of finishing the budget writing job in two to three weeks.

Submission of other matters would keep the special session going longer, although Smith has indicated he is reluctant to broaden the call. A proposed new code of ethics has been drafted and there will be pressure on the governor to submit it.

Welfare Commissioner Raymond Vowell told the joint finance committee he fully expects to get written confirmation from Health, Education and Welfare officials next week that the additional welfare funds will be available.

**DEMOCRATS CONVENE** — George Wallace and George McGovern were high point winners in Texas delegate strength for presidential nomination at last week's stormy, marathon state Democratic convention.

Democrats milled around for more than 15 hours before they could agree on the slate of 130 Texas delegates who will attend the party's national presidential nominating convention.

Wallace got 42 of the delegates. McGovern 34, Hubert Humphrey 21, and 33 are uncommitted.

Washington — Fifteen years ago, when then Chairman of the House Administration Committee of the Congress, I inaugurated a study of how paper work in government could be reduced.

Then, and now, paper work, much of it absolutely nonessential, threatens to bury us, choke business and slow the processes of getting a job done.

Every governmental agency issues forms to carry out regulations it has established. It was found during the investigation that more than 30,000 forms throughout the federal government were issued each day. Heads of departments and agencies were brought before the Subcommittee on House Administration and queried about the necessity of issuing so many forms to be filled out by individuals and businesses. In most instances an attempt was made to justify all their paper work but much of it was unconvincing.

Regulations, which demand so much paper work and so many copies, are reducing the freedom of the individual citizen. The tremendous cost of filling out forms and reports by business is costly and in the end must be paid for by the taxpayer.

Presently a subcommittee of the U. S. Senate is studying the same thing and has come up with an estimate that all the paper work of federal, state and local

governments is costing the taxpayers, individuals and businessmen, \$36 billion a year.

With the rise of the many new programs inaugurated by the Congress in recent years, such as the various consumer programs, environmental protection, health and welfare, occupational safety, not to mention income tax forms, paper work has increased many times over. Each agency issues its regulations with all sorts of forms and reports for compliance. Some businesses have to employ people to do nothing else but fill out papers. For example, just a few years ago, plans for airport construction were presented to the government with four or five copies. Today a minimum of 45 copies of plans are required. Overlapping agencies must all be provided with a certain number of copies to determine if their regulations are met. Washington is bulging at the seams with stored papers.

The study of government paper work reveals that this flood of required reports and applications figures out to ten forms for every man, woman and child in the nation. In some instances, people have simply gone out of business by not being able to comply. One report shows that a small businessman intended to hire a college student to help him with his paper work. In fact, he hired three parttime students but when he found out it took a bundle of paper work just to hire the students, he decided to do the work himself rather than to employ the students.

The owners of a small hospital, who serve their community well, found they had to report to 23 separate agencies of government. They say they are simply unable to meet such a task and are threatening to close down.

Certainly proper and necessary information must be had to protect the government's interest, which means the taxpayer's interest, but a vast amount of it is nonproductive, contributes to the cost, and slows performance. Indications are, however, that this flood of paper work will continue to increase.

It all adds up to the conclusion that there is simply too much government. Unfortunately, much of it is demanded by all of us and we are getting it. It visibly demonstrates the increased regimentation of our people and proliferation of government bureaus and agencies.

The study 15 years ago, referred to in the beginning, identified the problem and may have had some temporary effect but it really found no way to place restraints on unnecessary paper work of the myriad of agencies and bureaus cranking out all their forms. A report on the study is somewhere in the storage bins here in Washington. It is hoped the Senate study now going on may have better results.

**Plans Being Made  
 For County Fair  
 In September**

A committee met Thursday to plan the first County Fair to be held in Coke County. The fair will be held in September and will be open to all people in the county to exhibit and to attend.

A definite date will be set soon as well as divisions and committees will be named.

In order for people to begin to prepare it was decided definitely that ribbons and/or awards would be given in each division. Some of the divisions planned were canned fruits, vegetables, pickles, relishes, jams, jellies, preserves, adult and youth bread, cakes, cookies, candies, clothing, art, and field crops. Other divisions will include clothing, paintings, arts and crafts, horticulture, and gift ideas.

All businesses, schools, clubs and other groups will be contacted and invited to set up booths.

More information will be forthcoming on the fair in the near future.

Attending the committee meeting were Mrs. Earl Bradley, Mrs. C. E. Arrott, Mr. and Mrs. T. K. Whiteside and local County Extension Agents Mrs. Fay C. Roe and Sterling Lindsey.

## OIL NEWS

The west part of the Fort Chadbourne multipay field, in Coke County, gained its current fourth Gardner producer and a 1,900 foot extension to the northwest to that pay. Humble No. 86-E Sallie Odom has been finished for a daily pumping potential of 14 barrels of 43.4 gravity oil, plus 8.4 barrels of water, with gas-oil ratio of 1,738-1.

The well was originally completed as an Odom lime producer and later as a Gray sand producer. It is located seven miles southeast of Blackwell.

Latest production was through perforations at 5,280-295 feet, which had been acidized with 506 gallons.

Top of the Gardner lime was 5,280 feet and the Gray sand was 5,454 feet on kelly bushing elevation of 1,995 feet.

The well was completed Dec. 31, 1953, from the Odom lime for 252.93 barrels of 45.9 gravity oil, plus six-tenths of 1 per cent water, through a 16-64 inch choke and open hole at 5,448-5,482 feet.

It was recompleted Aug. 8, 1963, as the Gray sand opener in the field to pump 53.8 barrels of 47.2 gravity oil, with gas-oil ratio of 14,008-1, through a 12-64 inch choke and perforations at 5,334-341 feet.

Mrs. Curtis DeWayne Blair

### Miss Marsha Lynn Duncan, Curtis DeWayne Blair Exchange Marriage Vows in Plainview Church Rites

The First United Methodist Church in Plainview was the scene for the Saturday wedding of Miss Marsha Lynn Duncan to Curtis DeWayne Blair. Dr. Mark Williams, pastor, officiated.

Parents of the couple are Mr. and Mrs. Lynn W. Duncan of Bronte and Mr. and Mrs. Eddie Blair of Plainview.

Wedding music was furnished by Mrs. Bill Stanford, organist, and Mrs. Gayland Patterson, soloist, both of Plainview.

Given in marriage by her father, the bride wore a floor length white cotton lace Regency dress, of empire styling with a high ring neckline marked with satin ribbon edged in lace ruffling. The long slim sleeves with pouf tops were also banded in satin insert and double puffing. The skirt was gently eased at the sides and back to fall straight in graduating bands of satin ribbon and lace ruffling. Satin ribbon encircled the waistline with a back bow and long streamers. Her bouffant veiling formed her chapel train and was caught to a matching capulet of white lace and ribbons which was highlighted in seed pearls.

Maid of honor was a cousin of the bride, Miss Pamela Sue Thomas of Springfield, Mo. Bridesmaids were Misses Karen Stanford and Charlotte Bramlet, both of Plainview. They were gowned alike in yellow flocked organza, printed in white and green. The Juliet styling featured a decollete neckline and brief pouf sleeves, which were cuffed in yellow ribbon and white venise lace. Their softly shirred dimple skirts were marked at the waistline with cumberbunds of the ribbon-run lace. They wore matching floppy brimmed picture hats of mint green.

Randy Warrick of Plainview was best man. Groomsmen were Allan Hale of Plainview and Dale Mouser of Lubbock. Mark Duncan of Bronte, brother of the bride, and Bobby Blair of Plainview,

brother of the bridegroom, were ushers.

A reception followed the wedding in the parlor at the church, hosted by Mr. and Mrs. Duncan.

Following a wedding trip to Denver, Colo., the couple will be at home in Lubbock after July 1. Mrs. Blair is a graduate of Plainview High School and attended West Texas State University at Canyon, with a major in home economics.

Her husband is also a graduate of Plainview High School and attended WTSU, with a business administration major. He is employed by a tire company in Plainview.

Both Mr. and Mrs. Blair plan to attend Texas Tech University in Lubbock this fall.

Mr. and Mrs. Eddie Blair hosted the rehearsal dinner at the Far East Restaurant in Plainview.

### BAPTIST GIRLS ATTEND CAMP AT BROWNWOOD

A large number of girls from First Baptist Church attended the Heart of Texas Baptist Encampment at Lake Brownwood last week. Adult sponsors were Mmes. Bill Clark, C. B. Barbee, J. W. Caudle, Harry Morris and Clifford Barrett.

Girls attending were Karen Arrott, Melinda Barrett, Donna Wrinkle, Gina Deans, Glenda Caudle, Connie and Sharon Littlefield, Carolina and Rosa Sanchez, Carolyn English, Tanya Skelton, Kelley Lawhon, Shelley Cumbie, Leah Barbee, Laura Glenn, Kim Caperton, Susie Collins, Becky Morris and Marian Clark.

### Meeting June 24

There will be a meeting Saturday, June 24, at First Baptist Church in Winters to train witnesses in connection with the JOY Crusade. The Crusade will be held in the football stadium in Ballinger July 16-20.

The Winters meeting will be from 9:30 a.m. until 3:30 p.m. and everyone will bring a sack lunch.

## Ninety Attend Reunion Here

The family of Mrs. T. O. Spiller met in the Spiller home here June 17 and 18. They were the sons and daughters of the late Mr. and Mrs. E. E. Broadus. There are 10 living children from the family of 12 and all were present for the gathering.

## Wedding Set for July 29

Mrs. Jeff Harris has announced the engagement of her daughter, Sallye Jayne, to Thomas Carl Lyles, son of Mr. and Mrs. C. O. Lyles of Floydada.

The bride-elect is a graduate of Norton High School and Texas Tech University and is employed as a teacher in the Floydada schools.

Her fiancé is a graduate of Floydada High School, attended West Texas State University and served in the U. S. Navy.

The wedding is planned for July 29 in First Baptist Church in Ballinger.

Mr. and Mrs. Jerry Rumsel, Lois Stoner and Larry Martin, all of Sweetwater, were weekend guests of Mrs. Rumsel's parents, Mr. and Mrs. Bill Ogilvy.

Mrs. James Holland had a surprise party and barbecue supper for her husband Friday night at their home. The group went on a hay ride around the ranch and

then the supper was served to about 50 guests. Visiting the Hollands on Sunday, James Holland's birthday, were Mr. and Mrs. David Canfil and Mr. and Mrs. Cap Holland, all of San Angelo, Mr. and Mrs. Herbert Holland and Mr. and Mrs. Tony Holland. They had a birthday dinner at noon and ice cream and cake in the afternoon.

Mr. and Mrs. Charlie Brown left Sunday to visit their daughter and family, Mr. and Mrs. Homer Flanagan and girls in Tyler.

Mr. and Mrs. Leland Carlton killed a large snake with 16 rattles in the yard at the Gene Beard home.

Mr. and Mrs. Willard Caudle, Luther Nixon and Mrs. Alice Smith visited in Petersburg Wednesday and Thursday with their cousins, Mr. and Mrs. Nolan Fred and L. C. and their grandson, Lonnie. Other visitors in the Fred home were Mr. and Mrs. Felix Fred of Morton and Mr. and Mrs. Frank Akin of Petersburg. The Caudles visited Saturday in San Angelo with their daughter and son-in-law, Mr. and Mrs. Verlin Oates. They were Sunday dinner guests of Mrs. Alice Smith in Ballinger and they attended a 50th wedding anniversary open house for Mr. and Mrs. Harry Paschal.

Mr. and Mrs. Glen Burke of San Angelo were guests Friday of Mr. and Mrs. Herbert Holland. The Burkes left Sunday for Austin where they will spend the summer.

**Know Your Neighbor Club**  
Mrs. Charlie Brown was hostess for the Know Your Neighbor Club Thursday. Dominoes and 42 were played. A refreshment plate, cold drinks and coffee were served to Mes. Vernie Smith, Herbert Holland, Bomar Horton and Brown. The July meeting will be in the home of Mrs. Horton.

Mrs. Robert Feil and children of Fort Stockton visited recently with Mr. and Mrs. Bill Feil and Mrs. Leon McCarty. Nancy McCarty went home with them for a week's visit and they brought her home last weekend.

Mr. and Mrs. Vernie Smith entertained with a fish supper at their home Friday night. After supper, the group played 88 with the ladies winning more games than the men. Attending were Messrs. and Mes. Earl Lawhon of Miles, Herbert Holland and

Mrs. Ted Herrin of Fort Stockton spent the weekend with her mother, Mrs. Ethel Morgan who returned home with her. They left for a two weeks' vacation in California.

Mrs. Carl Lewis is staying with Mr. and Mrs. George Coleman in Miles and helping Mrs. Coleman while she recuperates from an illness.

**Domino Club**  
Mr. and Mrs. Charlie Brown were hosts to the domino club Tuesday night of last week. Progressive dominoes were played with the Vernie Smiths winning the most and the Herbert Hollands losing the most games. Refreshments were served to Messrs. and Mes. Willard Caudle, Smith, Holland and Brown. The Caudles will host the group June 27.

Brent Thompson, son of Mrs. Doyle Thompson of Arlington, returned home with Billy Ren Lee for a two weeks' visit with his grandmother, Mrs. Barbara Lee. Randal Underwood of Winters spent the weekend with Billy Ren.

## Thetford, Ridge Going to Capital

Coke County Judge W. W. Thetford, president of the Concho Valley Council of Governments, and Jim Ridge, executive director of the CVCOG, will leave Sunday for Washington, D. C., to attend a meeting of the National Association of Councils of Government.

A number of meetings and seminars are scheduled for representatives from over the United States to attend.

Judge Thetford said he was particularly pleased that the COG meeting was being held at the same time as a national convention of county officials. He said he hoped to be able to attend some of the sessions of that convention, also.

In addition to attending the meetings held during the convention, Judge Thetford and Ridge plan to contact the two senators from Texas as well as members of the House of Representatives from this area in regard to problems of the CVCOG.

Judge Thetford said he was especially proud to announce that the CVCOG will be sponsor for a probation program for the entire state of Texas. Five seminars are planned for various areas of the state, with the first one to be held in San Angelo. Financing for the project is coming from Austin through the Criminal Justice Council.

The Concho Valley COG is made up of political subdivisions in this area which work together to promote the programs needed by the entire area as individual members of the organizations.

Sealed Bids, addressed to W. W. Thetford, County Judge, Coke County, Robert Lee, Texas 76945, will be receive at the offices of the County Judge, County Auditor and/or The Commissioners Court until 1:00 P.M., July 3, 1972, for furnishing all plant, labor, materials and equipment and performing all work required for Pavement-Maintenance and Construction, consisting of Asphalt Seal Coat, New Pavement, etc. in Coke County, Texas.

All proposals shall be accompanied by cashier's or certified check upon a National or State Bank in the amount of 5% of the total maximum bid price payable without recourse to the Commissioners' Court of Coke County, Texas, or a bid bond in the same amount from a reliable surety company, as a guarantee that the bidder will enter into contract and execute Performance and Payment Bonds within ten (10) days after notice of award of Contract to him. The notice of award of contract shall be given by the Owner within ten (10) days following the opening of bids.

The successful Bidder must furnish Performance and Payment Bonds upon the forms provided in the amount of 100% of the contract price from an approved surety company holding a permit from the State of Texas to act as surety.

The right is reserved, as the interest of the Owner may require, to reject any and all bids, and to waive informality in bids received.

Plans, specifications and bidding documents may be secured from the office of Harvey W. Schmidt, Consulting Engineer, 221 Paramount Building, Amarillo, Texas 79101.

The minimum wages to be paid on the work included in the proposal, as set by the Coke County Commissioners' Court, shall not be less than the minimum wages required by the Texas Highway Department for similar work in this area.

Bidders shall inspect the site of the work and fully inform themselves as to all conditions and matters which can in any way affect the work or the costs thereof.

BY: WELDON FIKES  
COUNTY AUDITOR

Crop prospects for most of the state are now rated as fair by the Texas Crop and Livestock Reporting Service. The coastal bend areas and south Texas sections as well as a portion of the Panhandle have good prospects.

Pasture conditions over the state is rated at 77 per cent of normal, compared with 52 per cent last year.

TEXAS WHEAT production is now estimated at 40,700,000 bushels. This is 30 per cent above the 1971 production of 31,416,000 bushels. Yield now is expected to average 22 bushels per acre, up one bushel from last year's average.

Wheat harvest is now more than 25 per cent complete; in the major wheat producing area of the northern high plains, main harvest is now underway.

Cotton is making good progress in most sections of the state, but heavy fleahopper and boll weevil infestation is reported from the Blacklands to the Lower Rio Grande Valley. Grain sorghum is heading out as far north as the Blacklands. Early stands of soybeans are making good progress on the High Plains.

A MEETING will be held June 27 in Austin on the newly created Rural Development Commission of Texas. Staff has been appointed and offices are located in the Texas Department of Agriculture.

The commission is composed of 25 members plus about 80 "resource people" to assist in rural development.

Primary thrust of the commission will be in these areas: economic development, rural natural resources, human resources, general government, transportation, health, housing and education.

Roy Davis of Lubbock is commission chairman. Ray Previtt, formerly with Texas A&M University, is director, and Jim McAlister is assistant director.

WATERMELON forecast for the state is now set at 630,000,000 pounds. This is 21 per cent above the 1971 crop. Harvesting will be underway soon in Central Texas and in East Texas in early July.

THE 1971-72 citrus crop is estimated at 15 million boxes. This is eight per cent below the 16.3 million boxes produced during the 1970-71 season. Grapefruit production at 9.2 million boxes is nine per cent below the 10.1 million boxes of the previous season.

Early and midseason oranges totaled 3.8 million boxes, five per cent below 1970-71 while Valencia oranges at two million boxes were down 9 per cent.

Harvest of the 1971-72 grapefruit and Valencia orange crop in the Lower Rio Grande Valley is complete.

Most growers report fruit set for the 1972-73 crop is good to excellent.

THE HIGHEST cotton acreage since 1965 was planted on the High Plains in 1971. The 177,300 acres planted but not harvested represented an abandonment of slightly more than seven per cent, which is near normal but above the 4.5 per cent abandoned in 1970.

Production was from 2,322,000 harvested acres for an average yield of only 264.4 pounds per acre; average per acre production on the Plains for a 13 year period since 1958 is 453.6 pounds.

## What you don't see is what you get.

We all know the old paycheck disappearing act: now you see it—now you don't. Somehow, all the money gets spent before you get a chance to stash away some savings. But there is a way to beat this—with U.S. Savings Bonds. When you join the Payroll Savings Plan, the money you want to save is set aside from your paycheck and put into U.S. Savings Bonds, before you can get your hands on it. That way, the money's out of sight—and out of mind—until you need it.

And now there's a bonus interest rate on all U.S. Savings Bonds—for E Bonds, 5½% when held to maturity of 5 years, 10 months (4% the first year). That extra ½%, payable as a bonus at maturity, applies to all

Bonds issued since June 1, 1970 . . . with a comparable improvement for all older Bonds. That means your savings will grow faster than ever before.

Join the Payroll Savings Plan. The money deducted from your paycheck is what you don't see—but what you're getting is a healthy nest egg of Savings Bonds—and that's a lot.

Bonds are safe. If lost, stolen, or destroyed, we replace them. When needed, they can be cashed at your bank. Tax may be deferred until redemption. And always remember, Bonds are a proud way to save.

Take stock in America.  
Now Bonds pay a bonus at maturity.

**Fifth Screwworm Case in County**

Coke County had its fifth case of screwworms during 1972. The report, received Thursday, reported a case on Wübern Millikan's place 13 miles west of Robert Lee and two miles northwest of the Pecan Baptist Church. This is the largest number of reported cases in Coke County since the year the control program was instituted in 1962.

Every operator is urged to remain vigilant in respect to the screwworm control program. Its value to the state of Texas is tremendous, said County Agent Sterling Lindsey. One uncontrolled case could seriously hurt the statewide program at this stage, he said. Control processes are spread out and delayed several days now that the case load is in the hundreds each day.

Any protective measures local operators can take along with close and frequent observation of animals will give assurance in this area of the state, Lindsey concluded.

**PICTURE PACKETS HERE**
