Mr. and Mrs. Bob Lanier Celebrate 74th Wedding Anniversary August 3

Mr. and Mrs. Bob Lanier of Blackwell had an unusual thing occur on Aug. 3 when they observed their 74th wedding anniversary. The couple observed the day quietly and received many congratulations from friends and relatives.

Mr. Lanier, who is 95, was born

AD-LIB-BEN

Citizens of Bronte should be very proud of the outstanding job which has been done during the past year by their school superintendent, C. B. Barbee. In addition to doing his always-efficient job of running the Bronte Schools, he has headed the Texas Small Schools Association. As the leader for all small schools in Texas during 1971-72, he served with distinction and struck a blow every time possible to enhance in the minds of citizens of Texas the importance of some of the best schools in the state—like Bronte—even though they are small.

The boss of Bronte schools was the presiding officer at the recent annual meeting and workshop of the association, and all the reports we have indicate that he served with decision and aggressiveness which hasn't been seen in the association's meetings in recent years.

We believe all these reports on C. B. Barbee because we know he believes in small schools and the fine education they offer to students who attend them. He is a great believer in a good solid program in his school; but it must never be so strict and rigid that it cannot be bent to accommodate to the needs of each and every individual student. The Bronte School's program can be bent to help the gifted child as well as the child who needs

Rains Average 1½ Inches Here

Good rains covered the Bronte area Wednesday and Thursday, bringing cooler weather and badly needed moisture to the farm and ranch country. Most rain gauges in the city measured 1.5 inches.

Some other rain reports included: Oak Creek Lake 1.7 inches; Ed Cumble, north of town, 1.2; Wylie Ranch, northeast of town, .9; A. Z. Denman, northwest, 1.5; Albert and Joe Rawlings, southwest, 1.2; Joe McCutchen, west, 2.5; Tennyson, 3.1.

Cool, cloudy weather continued Thursday as The Enterprise prepared to go to press.

Simses Move Back To the Country

Mr. and Mrs. Glenn Sims have moved back to Bronte and he has already started active participation with his parents in the operation of Sims Food Store.

The young couple have been living in Waco since their marriage. They indicated the main reason for making their move was to get out of the city and back to the less rapid pace of life in a small town.

Sims is a 1968 graduate of Baylor University and his wife graduated from the school in 1969. After getting his degree in business Sims was employed for two and one-half years in the sales division of Texaco. Since leaving Texaco he has been working for a real estate firm in Waco.

Sims said in addition to working in the store, he will be associated with Martin Lee in the real estate business.

Mrs. Sims (Lavonne) is a native of Clifton. The couple are living in one of D. K. Glenn's rent house on Highway 277. They are making plans to build a new home here.

STUDENTS SHOULD PICK UP ENROLLMENT CARDS FRIDAY

High school students who have preregistered should pick up their enrollment cards Friday, Aug. 11, during regular office hours. Prin. James L. Golson said he would be in his office during regular office hours and students could come by anytime.

One Indictment Returned Monday

One indictment was returned by the Grand Jury when Judge Joe L. Mays convened 51st District Court in Robert Lee.

Gilbert F. Castorena of Muleshoe was indicted for murder with a motor vehicle. The charge grew out of a death in an accident on the highway between Water Valley and Broome in southwest Coke County.

Three divorces were granted as follows:

Nancy Trimble Roach vs. William Huby Roach.

John Richards vs. Gertrude Bramlett Richards.

Sondra Kay Elam Hampton vs. Edgar Curtis Hampton Jr.

Jury cases will come up Monday, Aug. 21.

Things should start humming at Bronte Schools Monday when teachers will report for work, football workouts will start and the Bronte Longhorn Band will begin practice sessions.

After spending Monday making plans and getting things lined up, teachers will go to Robert Lee Tuesday, Wednesday and Thursday for an inservice training session, which will be attended by approximately 225 teachers from this area. Friday of next week will be another work day, and school will open Monday, Aug. 21.

Football Practice

Coaches Gerald Sandusky and Bob Shields will get the Bronte Longhorn football team prospects to going Monday at 5:30 p.m. Sandusky said he expects about 20 boys out, but possibly there will be more. The coach said that any boy who wants to buy new football shoes should contact him before Saturday.

Band Practice

Louis Thornton, Bronte Longhorn Band director, has announced that band practice also will begin Monday. Students who wish to be members of the band and who want to march in the half-time show at the first football game must attend the rehearsals.

Rehearsal time will be 6 p.m. for Monday, Tuesday and Thursday and will end at approximately 9 p.m. Wednesday rehearsal will begin at 4:30 p.m. and end about 6 p.m. Time for Friday practice will be announced later next week.

There will also be section rehearsals and try-outs as follows: Monday at 5 p.m., drums; Tuesday at 5 p.m., flutes and saxes; Wednesday at 3:30 p.m., clarinets; Thursday at 5 p.m., cornets; and Friday, one hour before rehearsal, low brass.

Thornton said that he would appreciate cooperation of all the band students in making this year's band the best one ever.

Glenda Caudle, II, Fighting Leukemia

Glenda Caudle, 11-year-old daughter of Mr. and Mrs. John W. Caudle of Bronte, is hospitalized in Galveston and taking treatment for leukemia. She became ill last week and was hospitalized in San Angelo.

After her ailment was diagnosed, she was taken Sunday to John Sealy Hospital in Galveston.

Gabbert to Open New Steak House

O. T. Gabbert, owner of City Cafe in Bronte, announced this week that he will close the eating place Sunday. He plans to open a steak house in the near future.

Gabbert is running an ad in this week's Enterprise offering the City Cafe for sale or for lease.

He said the new steak house will be located at Webb's Place on Highway 277 just across the county line in Tom Green County. He said he hopes to have the new business in operation about Sept. 15.

According to information received here from her parents, Glenda will have to stay in the hospital for at least 30 days. Her mother will stay with her.

Local friends have started a drive to raise money to help pay for the long expensive treatments she will have to receive. An account is being set up at First National Bank and containers have been placed in business firms in town. Persons wishing to contribute to Glenda's treatment may drop their money in one of the containers or take it to the bank.

Already, Glenda has had two blood transfusions, and local friends said she probably will have to have many more. Consequently, donations of blood are being sought also. Anyone who would like to donate blood may go to the Blood Bank in San Angelo and it will be credited to Glenda's account, wherever she is being treated.

Austin — A recent statewide survey shows 22 per cent of Texans, or 2.5 million, are poor compared to a nationwide rate of 13 per cent.

Further, Texas accounts for nearly 10 per cent of the nation's poor.

Texas Office of Economic Opportunity submitted the 300 page report to Gov. Preston Smith, terming it the most comprehensive study ever undertaken among the Texas poor.

The Rio Grande Valley area was shown as having the highest incidence of poverty in the state — 42.2 per cent of the population. East Texas was next with 29 per cent poverty rate.

The East Texas and Lower Rio Grande Valley areas also have the smallest proportion of persons completing high school.

About 55 per cent of the heads of poor households are employed, and 70 per cent of those have fulltime permanent jobs, according to the study.

However, low income levels make it difficult for these persons to bring their families out

of poverty. Guidelines for the report set poverty level for a family of four at an annual income of \$3,800.

More than one third of the Texas poor are children under 15, and four out of five are black or Mexican-American.

George P. Taylor, TOEO director, said the report will be the basis of programs to alleviate poverty in the state. Recommendations include bringing in new industry to decrease unemployment, housing expansion and better health care and food programs.

A proposed four year anti-poverty plan for Texas would seek \$6.3 million in aid from national and regional OEO.

REFORM SESSION STUDIED — Governor Smith disclosed he is putting together a "full package" of insurance reform proposals in case he decides to call a special session this year.

Reports indicated the governor was serious when he said he may call such a session on insurance matters. Smith himself continued to lash out at the insurance

regulatory board. When members ordered a rate cut for auto insurance averaging 11 per cent statewide, Smith said a 21 per cent reduction was in order.

Smith said he must work closely with legislative leadership to achieve anything in a special session, but Lt. Gov. Ben Barnes and House Speaker Rayford Price said he hasn't said a word to them about his plans.

If Smith calls the session, apparently he will propose wholesale reorganization of the board and a controlled competitive rate system for property and auto insurance.

ELECTION BILLS PAID — The state ran out of money before it paid 1972 primary election expenses and fell about \$325,000 short of meeting all its bills.

The last \$117,000 available was sent to county officials last week. A lot of election workers, printers and suppliers have not been paid for their work.

The money was disbursed on a pro rata basis, amounting to 26.66 per cent of bills still outstanding in the counties. Remaining expenses will have to go uncompensated until the 1973 Legislature can make appropriations. An appropriation of \$2.1 million was set aside by the Legislature last spring for the 1973 primaries.

"I can find no other source of funds available at this time," said Secretary of State Bob Bullock. "When we have paid all the county chairmen, we will not have one cent remaining of the \$2.1 million appropriated."

AG OPINIONS — Death penalties may be commuted to life sentences at any stage between jury verdict and granting of a new trial, Atty. Gen. Crawford C. Martin held.

In other recent opinions, Martin concluded:

* One convicted of a felony may have rights of citizenship restored and become eligible to hold public office.

* A county clerk may record marks or brands given the same name if the marks or brands are themselves different.

* Parks and Wildlife Department officers have duty to preserve the peace and disperse riots.

COURT MERGER URGED — Merger of the Texas Supreme Court and Court of Criminal Appeals, elimination of municipal and justice of the peace courts and non-partisan election of judges were proposed by the Chief Justices Task Force for Court Improvement.

A series of seminars are being scheduled over the state to hear comments on the proposed revisions.

Under the recommendations, courts of civil appeals would become courts of appeals handling both criminal and civil cases.

The Legislature would be directed to create a system of county courts at law to perform the judicial functions now performed by all courts below the district level.

UNEMPLOYMENT JUMPS — A jump in the unemployment rate last month was spurred largely by new graduates and summer job seekers, according to Texas Employment Commission.

The jobless rate reached 4.6 per cent statewide, but this was less than the 5.3 per cent rate of June 1971.

LIVESTOCK moving from Texas, Oklahoma, Puerto Rico and parts of Arizona, California and New Mexico must be inspected and certified free of screwworms before being moved interstate.

The regulations will be in effect through Nov. 30 of this year, and from April 15 through Nov. 30 in future years until the present screwworm infestation is overcome.

State and federal veterinarians, state and federal livestock inspectors and accredited veterinarians are authorized to make the necessary inspections, supervise pesticide applications and issue shipping certificates.

TEXAS stocks of grain in all positions as of July 1 are estimated at 190 million bushels. This compares with 141 million bushels a year ago. The largest increase is in sorghum stocks followed by wheat, corn and rye. Stocks of oats, barley and soybeans are down from a year ago.

Sorghum stocks are estimated at 129 million bushels compared with 86.9 million bushels in 1971.

the same quarter in 1971.

WOOL production in Texas for 1972 is estimated at 29,765,000 pounds, according to the Texas Crop and Livestock Reporting Service. This is down two per cent from last year's production of 30,397,000 pounds.

EARLY destruction of cotton stalks in the Lower Rio Grande Valley as well as throughout all of the state is urged. Mandatory deadline is Aug. 31 in the Lower Rio Grande Valley counties of Cameron, Willacy and certain portions of Hidalgo and Starr counties under the pink bollworm act.

Early destruction of stalks will help prevent build-ups of pink bollworms and other cotton insects for the 1973 crop.

HOG CHOLERA outbreaks in Texas and throughout the nation continue to hamper efforts in the final stage of hog cholera eradication.

Fifty cases have been reported in Texas since late last year. Federal quarantines are now in effect in all of seven Texas counties—Dawson, Harris, Jim Wells, Moore, Nueces, Terry and Webb—and parts of Bexar, Mitchell and Nolan counties.

PECAN producers in Texas will vote this fall on a proposed referendum being conducted by the Texas Pecan Growers Association. Proposed assessment will not exceed 50c per 100 pounds of pecans. Money will be used to finance a program of production, marketing and use of pecans.

LETTERS TO THE EDITOR

I hardly know how to head this unless I call it cross bred. You know there is a lot of cross breeding going on in the country now days in the livestock industry but the one I mention is a different kind. It is a political problem. I mention one who has been honored twice by the Democratic Party of Texas to the highest office and then getting cross-bred into a Republican. To my best recollection the name is John Connally.

In my school days we called it double cross. I could understand it better if he was in need of financial help for some legitimate reason but surely the man is not in that category. So what else could you call it but a double cross? I can recall only one other instance of such a nature. It was back when John Kennedy was running against Nixon when Allen Shivers tried the same trick under the same circumstances and he is a dead duck politically. I have a feeling Connally will end up the same way.

If you print this I will say thank you.

Respectfully,
E. C. Seay

WASHINGTON
 "As it looks
 from here"
OMAR BURLESON
 Congressman
 17th District

Washington — There's an old saying (if it isn't an old saying, we'll start one) that "give me the power to select a Congress and you can have the Presidency."

Actually, this has been repeated many times over the years by those with political wisdom and knowledge of the governing processes. Even a few members of Congress — enough to provide a needed majority — can, at any

given time, change the trend of things.

After all, it is the Congress which passes the laws and holds the purse strings. The President and his appointees administer the laws and spend the money. True enough he has the power of veto over actions of the Congress but the veto can also be overridden.

It is, of course, a matter of the electorate's judgment as to the makeup of the Congress and we differ in our opinions as to what constitutes proper qualifications for the office. Primarily it is assumed that the Congressman's stand on issues is determining. Quite naturally, we differ on basic philosophies of government, which direct the course of our nation. We can all agree that any member of Congress should be able to read and write but beyond that, differences of opinion set in as to other qualifying attributes. Descriptive words such as "intelligence, dedication and integrity" and so forth, have meaning but are sometimes difficult to define. Like the zeal of Saul, it depends on the direction these attributes may take. A dedication of purpose can be anywhere around the 360 degrees of the compass. The fact remains that there are obvious truths which, at this time and place in our history, need to be critically observed. It seems that number one should be the re-establishment of complete integrity of our dollar's value. Many other issues are related to this rather simple proposition — inflation, the erosion of people's savings, investments, pensions or whatever. It relates to the crime rate, which absorbs the issue of law and order. It relates to our national defense and our standing with other nations of the world.

Given a Congress which is deeply conscious and thoroughly dedicated to preserving a government which can serve the need of its people and at the same time preserve its integrity, then the Presidency is not the most vital office. It is, of course, the highest office and has tremendous authority in making appointments to the Cabinet and the various posts under it. The President has the veto power and the authority to withhold funds appropriated by Congress. But it remains the duty and responsibility of the Congress to enact laws and appropriate money for their administration and execution.

The President of the United States cannot veto what is known as "line items" as the governor of our state is permitted to do. He either vetoes all of an appropriation measure or none. He cannot lift out certain items to which he objects. On the other hand, he can order the impoundment of funds appropriated for a specific purpose. This is an old controversy and one unresolved. In truth it will never be resolved but only complained about as has been the case throughout the years. The real answer is for the Congress not to appropriate money to the President for things not needed or in excess of that which is absolutely necessary. This is the real rub and accounts for the conclusion in the minds of many that of the two it is more important to elect a highly responsible Congress than to elect a President of the United States.

special help because of his lack of knowledge and ability to comprehend.

It's a sad thing, but this is not the way it is in larger schools. True, they have a more varied curriculum which has been adopted to help every class of student encountered. But it seems it still has to be unpersonalized and unbending and can only go so far and stay within the bounds of whatever program is funding it. But that's not the way it is in Bronte and in many other small schools in Texas. Most of us believe strongly in the fine school we have here, and we would do well to let Mr. Barbee know that we appreciate his representing us and all the small schools of the state in a dignified and efficient manner.

Gene Walker is one of "our boys" here at The Enterprise office. He graduated from Bronte High School in 1957—15 years ago. He sent us word the other day through his mother, Mrs. Mary Walker, that he will be a candidate for a Bachelor of Business Administration degree at the August commencement at Texas Christian University in Fort Worth.

He stated that everybody in Bronte has an invitation to attend his graduation exercises. He will graduate with a concentration

in management and personnel. Gene has traveled a long and tortuous road the last 15 years. He started to college at SAC, but has completed most of his work by going to school at night at TCU.

Gene now has a fine position with Bell Telephone Co., but he made his living for many years with the trade he learned here at The Enterprise. He worked at the All-Church Press in Fort Worth for many years.

Often during the last 15 years, I have gone home to find Gene there talking to Libby, for he visited us many of the times when he came back to Bronte. He has always liked to tell us about his work and family. He is one of our boys and we congratulate him on his accomplishments.

FORMER RESIDENT HELPS IN MURDER INVESTIGATION

A clipping from a recent issue of the Dallas Times-Herald has a picture of Texas Ranger Roy Scott helping to investigate the murder of two teen agers at Paris in East Texas.

Scott is the son of Mr. and Mrs. Leroy Scott of Ozona, former Bronte residents. He has a large number of relatives who still live here.

Craig Lee has returned home after an extended visit with his brother, Ronnie Lee, and family at Arlington.
