Cong. O. C. Fisher Visits in Bronte

Congressman O. C. Fisher visited briefly in Bronte this week while on a tour of his vast 30 county district during a recess in Congress.

"I'm real proud to have Coke County back in our 21st district," he said. "Coke has always been one of my very favorite counties, and it fits in so well to this farm and ranch area."

Rep. Fisher is well known in Coke County, having been district attorney here before being elected to the Congress. In Washington Fisher is recognized as a spokesman for agriculture — including wool, mohair, livestock, soil and water conservation, and related matters.

He received the coveted Fred T. Earwood Memorial Award from the Sheep and Goat Raisers Association for his outstanding service to the industry.

Now serving on the powerful House Armed Services Committee, he heads its most important subcommittee on National Guard, Reserves, ROTC, and military construction for all of the nation's 375 military installations.

In the Congress, Fisher was chief sponsor of the screwworm eradication program.

Coke County Fair Plans Being Made

The First Annual Coke County Fair will open in Robert Lee on Tuesday, Sept. 22. County Agents Mrs. Fay C. Roe and Sterling Lindsey announced that the fair is expected to be a good one and urge everyone to start making plans to have entries in it.

There will be 12 general categories of entries with various sub-categories in each. They are: women's, food, art, crafts, adults, floriculture, agriculture, antiques, and historical, clothing, youth, pet show and pet parade.

Those who desire to enter any of these divisions must have an entry blank filed in the County Extension office by Sept. 15. There is no entry fee for entering except to firms or individuals who wish to sell or take orders. Particulars concerning the number of entries allowed or any other questions can be answered by going by or calling the Extension Service office.

More details will be run in this newspaper during the weeks between now and the fair date.

urance rates will be discussed and anyone who is interested in becoming a fireman will have a chance to join. Everyone is urged to make plans to be at the fire station at 7 p.m. Monday, Aug. 28.

They are: Jack Lee, fire chief; Bill Thomas, assistant chief; Roy Stout, president; Frank Jackson, vice president; Harry Morris, secretary; C. E. Bruton, treasurer; Steve Badley, chaplain; and Bill Luckett and Marvin Bryant, captains.

Longhorn Booster Meeting Called

Coach Gerald Sandusky has announced a Longhorn Booster Club meeting for Monday at 7:30 p.m. at the school. The help of the community is needed again this year in promoting the Longhorn football program and especially in operating the concession stand. This and other issues concerning the 1972 Longhorns will be discussed.

Looking Good

Sandusky reported that the Longhorns were looking pretty good, especially for this early in the season. His only complaint about the team was that there were too few players and not enough depth.

First chance to see the Longhorns in action will be Friday, Sept. 1, when the Bangs Dragons will travel to Bronte for a scrimmage at 7 p.m. This will be the only scrimmage this season, unless coaches are able to match a contest for tonight. Regular season play begins Friday, Sept. 8 with the first game against Newcastle, played there at 8 p.m.

BAND BOOSTERS TO MEET

All parents of band members and all other interested persons are urged to attend the first meeting of the Band Boosters Club. It will be held at 7 p.m., Tuesday, Aug. 29, in the band hall.

The 1972-73 school term is off to a smooth start this week, according to Supt. C. B. Barbee. There were 314 students registered on the first day of school. This is less than the 335 that were registered at this time last year,

Glenda Caudle Reported Better

Glenda Caudle is reported to be improving in Galveston where she is undergoing hospital treatment. She is reported to have had her best day one day last week when she was out of bed, walking around and playing.

Glenda, the 11 year old daughter of Mr. and Mrs. J. W. Caudle of Bronte, is being treated for leukemia.

Local friends have set up a fund to help pay for the expensive treatment. At press time Thursday the fund had received generous donations amounting to \$1079.39. Also, several pints of blood had been donated and credited to Glenda's account.

Anyone wishing to make a contribution to this fund can do so at the First National Bank or by placing money in one of the containers in many of the businesses in Bronte. Persons wishing to donate blood have to go to the blood bank in San Angelo.

Barbee Named To State Board

Supt. C. B. Barbee was appointed to the position of advisor of the Rural Development Commission Wednesday, Aug. 16, by Gov. Preston Smith. The Rural Development Commission is a newly founded organization for the study and development of all aspects of rural life, such as agriculture, medicine and education.

The commission was appointed by Gov. Preston Smith in April of this year. Raymond Prewett is director of the program and Roy Davis of Lubbock is its chairman. Barbee has been asked to serve on the education committee.

yet it is a good enrollment, the superintendent said.

There are 21 children in kindergarten this year. In the elementary school the figures were as follows: 20 in first grade; 22 in second grade; 28 in third grade; 24 in fourth grade; 19 in fifth grade and 23 in sixth grade. The total enrollment of the kindergarten and elementary school is 160.

In junior high there are 32 students in seventh grade and 23 in eighth, making the total 55.

The ninth grade has 38 students; the 10th has 24; the 11th has 18 and the 12th has 19 students.

Barbee said classes are well underway during this first week and that the football team and Longhorn Band are receiving regular workouts.

Barbee said that construction in the old breezeway between the elementary and high schools is complete and the new offices are being moved into this week. Only part of the project not complete was the drapes and they will be completed and hung in the next few days.

The newly enclosed area includes an office for Supt. Barbee, an office for school secretary, Mrs. Clark Glenn and a work area for her; a meeting room for the school board and storage areas. The addition has been carpeted throughout and central heating and cooling installed.

Cub Scouts Start New Year

A new season for Cub Scout Pack 452 will start Monday, Aug. 28. The boys will begin organizing for the coming year and will meet with scout leaders.

Members of Den 1 will meet with Den Mothers Mrs. Buford James and Mrs. E. J. Halamiczek at 3:15 p.m. Monday. Members of Den 2 will meet with Den Mothers Mrs. James Koenig and Mrs. Bill Grant at 3:30 p.m. Tuesday. Webelos Scouts will meet with Leaders J. P. McClure and Bill Jackson at 6 p.m. Tuesday. These will be regular meeting days and times each week.

All new scouts will be assigned to Den 2 until Dec. 1. Den Mothers will contact parents of all boys eligible. All scouts registered before Sept. 1 will save 50 cents in registration fees.

Regular Pack meetings will be held the last Tuesday of each

month at 7:30 p.m., starting Sept. 26. Purpose of these meetings is to bring scouts, parents and friends together to review the past month's work and make plans for the next month. Highlight of these meetings will be the annual Pinewood Derby.

Cub Scouting is essentially a "home-centered" program, said Cubmaster Bill Grant. The success or failure of the program depends largely upon each parent's interest and participation. "To be successful," he said, "it requires a little time with your son."

The Pack's goal is to expose every boy in the Bronte community, age 8 to 10, to the Scouting program and encourage his and his parents' participation.

A large number of Bronte citizens have worked and plan to continue working with the Cub

program. Grant said they are to be commended for their efforts. Included among the workers are: Mrs. J. W. Caudle who was a Den Mother last year; present Den Mothers are Mmes. E. J. Halamiczek, Buford James, James Koenig and Bill Grant; Webelos Leaders, J. P. McClure and Bill Jackson; Committeemen, Bill Luckett, Dick Cooper, Corkey Collins and Ben Hambricht; Pack Secretary, Mrs. Leon McCarty; and Pack Reporter, Mrs. Bill Jackson.

The following persons also serve in the program at the district level: District Roundtable Commissioner for Cubbing, Mrs. E. J. Halamiczek; Vice Chairman for Camping and Outdoors Activities, Bill Luckett; Neighborhood Commissioner, Bill Jackson.

Pack 452 is sponsored by the Bronte Evening Lions Club.

Austin — For the first time in three years, the number of Texas families with dependent children on welfare rolls declined last month.

There are 1,555 fewer AFDC recipients than a month ago, the State Department of Public Welfare reported.

Welfare Commissioner Raymond W. Vowell attributed the reversal to a number of factors, including tighter controls on AFDC program eligibility, vocational training and expanded day care programs to help mothers get to work.

The decline was the first in AFDC caseload since July 1969. Dropoff was from 447,967 recipients to 446,412.

A steady increase in recent years has been attributed to liberalized eligibility standards as ordered by federal courts and altered federal regulations. In late 1970 and early 1971, AFDC rolls swelled at a rate of 10,000 to 12,000 recipients a month. Growth

slowed significantly in recent months.

Vowell directed caseworkers to return to the practice of holding personal interviews with AFDC applicants and recipients, verifying income, child support, domicile, household composition, and other factors affecting eligibility and the amount of assistance granted.

A massive recertification effort also has been ordered by which AFDC cases are being checked individually to determine whether a family situation has changed so as to affect the monthly assistance payment. A new policy also has been instituted requiring applicants to provide documentary evidence of child eligibility by birth or baptismal certificate or hospital record.

Fraud detection efforts have been stepped up, and 130 of 205 suspected cases have been referred to local prosecutors or grand juries.

HIGHWAY CONTEST FINALISTS NAMED — Five State Highway Department foremen and construction supervisors are finalists for this year's Lady Bird Johnson award for highway beautification work.

They are Milton C. Campbell of Ralls, Cullen Luttrell of Sonora, Herbert H. Smith of Rusk, Melvin E. Bayless of LaGrange and Rinaldo Rivera of Fallsuris.

EDITOR'S NOTE: Cullen Luttrell is formerly of Bronte and was raised here. He is married to the former Pauline Bell, daughter of Mrs. B. A. Bell of Bronte.

Mrs. Johnson will make the awards Oct. 11 at the Lyndon B. Johnson State Park near Stonewall. First place winner will receive a cash award of \$1,000, and

the runnerup will get \$500. An additional award of \$500 will go to the newspaper writer who does the best job on highway beautification coverage, and an identical prize will go to the best radio-television effort.

OFFICERS CREDITED — Additional auto insurance reductions may result from intensive law enforcement efforts that curb accidents, Southwestern Insurance Information Service said recently.

On the other hand, if enforcement efforts slacken and accident frequency rises, benefits of the recent 11 per cent rate cut (effective Sept. 1) will be lost, the association said.

Police chiefs and sheriffs received a special commendation from the insurance groups for efforts to reduce accidents last year—and a request that they continue to concentrate on speeders, drunk drivers and those without proper licenses.

PAY RAISES SOUGHT — Gov. Preston Smith and Sen. John Tower are pressing the federal pay board to approve 6.8 per cent pay raises for state employees Sept. 1 as voted by the legislature.

The pay board voted to retain a 5.5 per cent ceiling on raises, but Smith and Tower claim an exemption for the 67,000 state employees under the "catch up" provision.

GOATS TO RUSSIA — Eighteen hundred Texas Angora goats are being airlifted to Russia Sept. 1 to help upgrade the mohair industry in the Soviet.

A three man Russian team bought the goats in the Brady area where 700 others were sold to Russia in 1936. Sale was handled through federal agencies, industry services, the Texas Department of Agriculture and the Russian Embassy.

RETIRED TEACHERS WANT BREAK — Changes in the teacher retirement system are being requested by retired school personnel who claim their benefits are meager or "token."

The retired teachers want benefits raised to the standard provided in 1971 legislation—based on the best five year average and boosting the percentage factor. An example was cited of a teacher with 29 years' service who gets \$189 a month after retirement seven years ago. A teacher who retired last year with 19 years' service, under the example quoted, draws \$245 a month.

Cotton Production Up... Cattle Production Up... Crop Production Up.

The 1972 cotton crop in Texas is estimated at more than one million bales above 1971, the Texas Crop and Livestock Reporting Service notes.

Production this season is set now at 3,600,000 bales; this is an increase of 1,021,000 bales over production in 1971. Production last year was the smallest since 1946.

Acres for harvest are estimated at 5,125,000 acres compared with 4,700,000 acres in 1971. Abandonment from all causes is expected to total 325,000 acres. Last year 530,000 acres were abandoned.

Yield is expected to average 337 pounds of lint per acre compared with only 263 pounds per acre in 1971.

Nationwide, cotton production is estimated at 13,343,100 bales; this is 27 per cent more than the 1971 total. Acreage for harvest this year is set at 13,200,000, compared to 11,500,000 acres in 1971.

TEXAS continues to be the

number one cattle feeding state in the nation. There were 2,120,000 head of cattle and calves on feed for slaughter as of Aug. 1 in Texas. This is 29 per cent above a year ago, but virtually the same as the number on feed a month ago.

Placements into Texas feedlots during July totaled 370,000 head. These placements are 39 per cent above July 1971 but 18 per cent below the previous month. Marketing of fat cattle during July totaled 369,000 head, which is 14 per cent above July 1971 but two per cent below marketings for June.

In the six major cattle feeding states—Texas, Arizona, California, Colorado, Iowa and Nebraska—cattle on feed total 7,784,000 head. This is 18 per cent above the 6,596,000 head on feed last year at this time, but is a three per cent decrease from a month ago. Iowa is second ranking cattle on feed state with 1,561,000 head.

PRODUCTION of all major crops in Texas this year—with the

exceptions of corn and rice—are expected to exceed production levels of 1971. Increased production in 1972 is expected as a result of an increase in acres for harvest and higher yield prospects over 1971.

Grain sorghum production is forecast at 336,000,000 bushels, up 11 per cent from 1971. Yield is expected to average 60 bushels per acre compared with 52 bushels in 1971. Harvest of the crop is now approaching the half-way mark.

Wheat production is estimated at 44,000,000 bushels, 40 per cent above last year. Yield is expected to average 22 bushels per acre.

Corn production is estimated at 35,000,000 bushels compared with 43,065,000 in 1971.

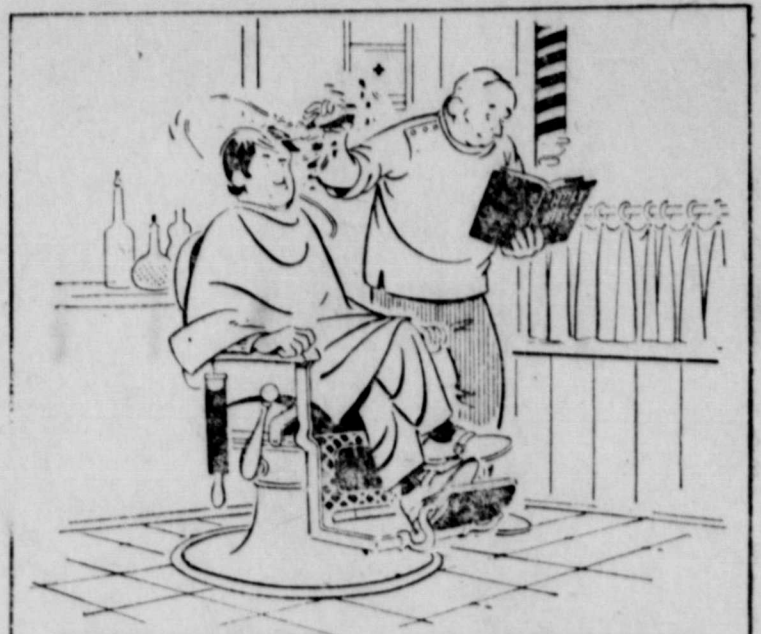

Peanut production is estimated at 434,720,000 pounds compared with 366,795,000 pounds in 1971.

Oat production is estimated at 9,720,000 bushels compared with 5,994,000 bushels in 1971. Yield is expected to average 27 bushels per acre, the same for 1971.

Soybean production is estimated at 5,670,000 bushels in 1972. This compares with 2,781,000 bushels in 1971.

Rice production is forecast at 22,464,000 hundredweight; this compares with 22,932,000 cwt. in 1971.

Range and non-irrigated pasture condition was 76 per cent of normal; this compares with 45 per cent a year ago.

Fred McDonald Gets Scholarship

Fred McDonald, formerly of Robert Lee, has received the Baylor University Law Wives annual \$150 scholarship.

The scholarship was awarded earlier this year on the basis of his contributions to school activities and his wife's participation in the organization for wives of men enrolled in Baylor School of Law.

McDonald, son of Mrs. Thelma Jo Reese of San Angelo, is a 1959 graduate of Robert Lee High School.

McDonald, who graduated from Baylor in May, was secretary-treasurer of the Harvey M. Richey Moot Court Society and the Senior Class, was a member of the board of governors of the Student Bar Association, belonged to Delta Theta and the Order of the Barrister and was on the Dean's List.

He won the American Trial Lawyers Association award in its environmental law section legal essay competition.

McDonald also received the Moot Court Award for being a finalist in freshman moot court competition and made the high score on his appellate brief in freshman moot court.

His wife, Lori, has been recording secretary, social chairman and vice president of Law Wives.

Baylor Law Wives has been a source of social activity and service to the law school for the wives of Baylor law students since its beginning in the late 1940s.

NUMBER 14 ON THE BALLOT (HJR 57)
General Election November 7, 1972

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article VII, Constitution of the State of Texas, be amended by adding a Section 6b, to read as follows:

"Section 6b. Notwithstanding the provisions of Section 6, Article VII, Constitution of the State of Texas, any county, acting through the commissioners court, may reduce the county permanent school fund of that county and may distribute the amount of the reduction to the independent and common school districts of the county on a per scholastic basis to be used solely for the purpose of reducing bonded indebtedness of those districts or for making permanent improvements. pus of the county permanent school fund to pay ad valorem taxes on school lands or royalty interests owned at the time of the distribution. Nothing in this Section affects financial aid to any school district by the state."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in November, 1972, at which election the ballots shall be printed to provide for voting for or against the proposition: "The constitutional amendment to allow a county to reduce its county permanent school fund and distribute the money to independent and common school districts on a per scholastic basis."

WASHINGTON

"As it looks
from here"

OMAR BURLESON

Congressman
17th District

Washington — When plain old common sense prevails in the Congress, it's something to write home about. This occurred a few days ago when both the House of Representatives and the Senate rejected a section in the Foreign Assistance Act of 1972 which would have re-imposed an embargo on chrome ore from Rhodesia.

A brief review of the history of sanctions against Rhodesia may be helpful. (The original policy of our government was discussed in this space on May 22, 1969.)

In 1965 Rhodesia declared itself independent of Great Britain's colonial control. England requested the United Nations to impose economic sanctions against its former colony. A resolution to this effect was adopted in the U. N. in 1966.

By executive order, President Johnson, in early 1967, committed the United States to abide by the U. N. action. All trade between our government and Rhodesia came to a halt.

Since Rhodesia furnished prac-

tically all chromite to us, we had to turn to the next largest source of supply, the Soviet Union.

As we became increasingly dependent on Russian ore, the price rose to over 200 per cent — from \$27 per ton paid Rhodesia to \$80 per ton.

In October of last year the Congress adopted an amendment to the Military Procurement Bill which lifted the embargo on Rhodesian chromium. The Act became effective on Jan. 1 of this year.

In May of this year an effort was made in the U.S. Senate by those who favor the embargo to re-impose sanctions but it was defeated. The House has now acted likewise.

Following the lifting of the embargo in January of this year, Russia's chromium prices dropped to an average of \$55 from \$80 per ton, as a result of breaking the Soviet's monopoly, which we ourselves helped create.

In the meantime, a number of other industrial nations ignored the action of the United Nations and continued to purchase chromium from Rhodesia. Japan, Germany, France and Italy bought chrome ore at prices less than half of that which our producers were forced to pay to the Russians. It also gave these nations a further advantage over the United States in that the consumers in this country were paying a higher price for stainless steel products of all sorts.

(Chrome is a necessary ingredient for all steel products.) The inflated Russian price of chrome is estimated to have cost American steelmakers over \$20 million annually more than they would have spent had they been allowed to purchase at world market prices. These costs are necessarily reflected in the price of U. S. made steel products but not added to foreign produced goods of the same kind. Chromium is also classed as a strategic material and since 1939 has been designated for stockpiling for use in our national defense. All this at a time when we were supposed to be fighting inflation. In addition, such an action contributes to our deficits in the balance of payments.

Not only has Russia exploited her position as a prime supplier but our dependence on the Soviet Union for this critical material creates an adverse effect on our national defense needs.

The embargo on Rhodesian chromium has served the interest of no one except Russia and foreign steel producers.

On May 22, 1969, this column gave the real reason for our complying with the sanctions placed against Rhodesia by the United Nations Resolution. Would anyone suppose that many of the nations which supported this action did so out of any love for Great Britain and its colonial policies? The real reason for the embargo was because of Rhodesia's racial policies, known as apartheid, meaning "separate" or "apart" of the races.

Mrs. Heaner Is "Outstanding Teacher"

Mrs. Russell (Dorothy) Heaner has been elected for listing in the 1972 volume of "Outstanding Elementary Teachers of America." She was nominated by Principal Larry Kiesling of Kenedy where she taught last year. Her biography will be featured in the 1972 edition of the book, along with the other exceptional teachers who have been given this award.

Dr. V. Gilbert Beers, director of the Outstanding Elementary Teachers of America program,

cited them for their service: "The men and women chosen for this high honor have explored new paths, developed new insights, and effectively communicated their knowledge to their students and colleagues. They are exceptional teachers."

Mrs. Heaner besides being an outstanding teacher is a qualified minister in the Methodist Church. She has preached all over the United States in many of the largest churches and at annual conferences. Last month she spoke during a week's meeting at the Methodist assembly grounds in Sacramento, N. M., for the New Mexico Conference of the Methodist Church.

On Sunday, Aug. 13, when her husband, Rev. Russell Heaner, was called away unexpectedly to conduct a funeral in Raymondville, Mrs. Heaner preached in the First United Methodist Church here. Rev. Heaner is pastor of the local church.
