## Soaking Rains Cover Area

### Tennyson Hail Damage Heavy

(The following account of storm damage at Tennyson was compiled by Zena McCarty, Enterprise correspondent.)

When we returned Sunday afternoon from a weekend in Odessa, the Tennyson community seemed a strange place, for not long before a hailstorm had swept through the area, leaving much damage in its wake. Monday brought still another day of thunder and lightning and hail. This time more damage was done. Almost no one in the community escaped hail damage. Tennyson even appeared on the Channel 8 news Monday night.

Hailstones varying in size from large marbles to baseball size were reported. The Jerry Rowes, who live on the 3J Ranch, reported golf ball size hail covered the ground several inches deep. The Roy Bakers had hailstones the size of hen eggs.

Mrs. Leon McCarty, who was at the Bill Feil residence when the storm hit Sunday, could not get home for a time because hail was knee deep in some places. The Hamp Thomases reported most hail at their place was about the size of hen eggs but some appeared to be as large as baseballs. Their fruit trees were heavily damaged and garden plants destroyed.

The Floyd Gibsons' orchard was heavily damaged by golf ball size hail. The Leslie Reed home was damaged and a windshield broken. The William Carpers had many windows broken and severe roof damage. The W. T. Greens had severe roof damage and the A. D. McCarty's had several windows broken.

The Robert Browns had broken windows and flooded carpets. The Buck Jameses had golf ball size hail during both storms. The E. J. Halamecks reported strange

### Drum Major and Twirlers Named

Kim Caperton was selected as drum major for the Bronte Longhorn Band for 1973-74 in tryouts held April 17. She is the daughter of Mr. and Mrs. R. T. Caperton.

Tryouts were also held for twirlers for next year. Selected were Diane Arrott, daughter of Mr. and Mrs. Wayne Arrott; Dawn Cumbie, daughter of Mr. and Mrs. Edward Cumbie; and Leah Barbee, daughter of Mr. and Mrs. C. B. Barbee.

Visiting from Thursday through Sunday with Mr. and Mrs. Ernest Marshall were Mr. and Mrs. Bill Thomason of Midland, Mr. and Mrs. Willie Nelson of Waco, Col. and Mrs. Glenn Maddox of Friendswood, Mr. and Mrs. Billy Paul Thomason and daughter of Dallas, Joe Blumentritt of Iraan and Mrs. Carol Blumentritt and daughter of League City.

shaped hailstones which varied in size from marbles to about like baseballs, with many shaped like doorknobs and some having circled ridges and sharp tips.

The Ditmores and Williamses reported 2½ inches of rain but not much damage. Throughout the area fields were inundated with the flooding so heavy in some places only the terraces could be seen above the water. Water gaps were washed out from the swollen creeks.

Perhaps the heaviest loss in terms of money was to the small grain crop in the community. The devastating hail ruined hundreds of acres of grain that appeared to be well on the road to making a good crop.

In the aftermath of the storm, there was a freshness to the air and a calmness as if Nature had just swept and mopped everywhere with a sudden fury and had now put everything on the line to dry out.

But, this is not all: over a month ago one of our neighbors who wants to remain anonymous, told Mrs. A. D. McCarty of a dream when the neighbor had had the night before. In the dream, a terrible hailstorm came over Tennyson and did heavy damage, including the very damage which eventually did result to this neighbor's house. You might read anything in the Tennyson news!

Sunday school and church time will come an hour earlier by the sun and everybody will lose an hour of sleeping time.

The lost hour can be regained at 2 a.m. Sunday, Oct. 28, so it won't be lost forever.

### Blackwell Has Sports Banquet

Blackwell High School Sports Banquet was held April 14 in the school cafeteria. The affair was sponsored by the Mothers Club. Ham, scalloped potatoes, green beans, tossed salad, hot rolls, butter, tea, and strawberry sundaes were served to approximately 70 persons.

Brenda Robertson, pep squad sponsor, was given a gift from the pep squad girls and Coach Poehls was presented a gift from all the athletes by Jim Bob Watts. Jackets, letters and patches were presented to athletes and managers who had earned them by the coach.

The room was decorated in a sports theme with flower arrangements in shoes depicting the pep squad and various sports, basketball and football balloons, fold out hornets and streamers. A cartoon sheet of each girl and boy in a typical situation or comment lined the walls of the cafeteria.

Spending the Easter holidays with Mr. and Mrs. L. L. Wilkins and Joy Lynn were Mr. and Mrs. L. L. Wilkins Jr. and children of Pearl and Mr. and Mrs. Kenneth Wilkins and family of Fort Worth.

Heavy rain over this entire area and damaging hail in the Tennyson area have been on the weather menu the past week. Dave Seiboldt reported 3.1 inches at his home here in Bronte. Heaviest rainfall was reported by W. H. Thomas at Tennyson who had 3.1 inches.

### Cemetery Project Is Launched

Sorosis Study Club, with the assistance of the '69 Study Club, is still working on the project to beautify the Fairview Cemetery.

Club members have mailed out letters to lot owners and others, outlining plans for the project and asking for donations.

The first part of the beautification plan is to plant shrubs to form a hedge around three sides of the cemetery.

Along with the beautification project, an effort is being made to reactivate the Bronte Cemetery Association. Dues are \$5 per year.

The club women said anyone who would like to make a contribution to the beautification project or pay dues may mail a check to J. B. Mackey, Secretary-Treasurer, Bronte Cemetery Association, Bronte Texas, or to Fairview Cemetery Account, First National Bank, Bronte, Texas.

### SCOTCH TOURNEY SUNDAY

There will be a Scotch tournament at the local golf course Sunday, starting at 1:30 p.m. All golfers are invited to participate.

Along with the rain the Tennyson area had damaging hail both Sunday and Monday. Some residents of the community said they found hailstones as big as baseballs. Severe hail damage also struck in the west part of the county, covering a strip from Silver, through Sanco and on to the Graham Valley community.

Other rain measurements reported to The Enterprise were: Joe Rawlings, southwest of town, 2.5 inches; C. E. McGuire, to the west, 2.2; J. B. Mackey, northeast, 1.75; Wylie Ranch, northeast, 1.7; E. F. Glenn, south, 3 inches along with some hail threshed grain.

Cool, cloudy weather remained at hand Thursday and more rain was in the forecast.

### 4 Accidents Mar Easter Weekend

Four auto accidents occurred in the county from Saturday afternoon through Tuesday morning. Highway Patrolman Bobby Hart investigated the accidents and reported there were no major injuries to occupants of the vehicles.

A 1969 Chevrolet driven by Julia Lara Torres of Robert Lee and a 1973 Chevrolet pickup driven by Troy Eugene Montgomery collided at 4:45 p.m. Saturday at the intersection of Eighth and Commerce in Robert Lee. There were no injuries, but extensive damage was done to both vehicles.

A Sunday accident which occurred at 12:40 a.m. involved a 1968 Volkswagen driven by Robert Sanchez of Robert Lee. The car rolled over on the north end of Robert Lee Dam. Passengers in the car were Sanchez, Salvador Longoria and David Luna Balderas. All received minor injuries.

A fourth accident occurred in Bronte about 7:50 a.m. Tuesday when a 1966 Ford pickup driven by Brady Mills of Bronte and a 1973 Ford pickup driven by Jack Henderson of Tuscola were in collision. No injuries was reported and the pickups had minor damage.

### DR. HARRIS REENTERS BRONTE HOSPITAL

Dr. John R. Harris reentered Bronte Hospital this week in order to undergo physiotherapy on an injured leg. He fell in late December, breaking his hip.

He told The Enterprise this week, "After a break the lack of exercise reduces the size of muscles of the leg and I feel this treatment will help me recover more rapidly."

Dr. Harris said he will continue to keep regular office hours while having the treatment.

Mrs. Charles Oliphant and boys of Missouri City, Mr. and Mrs. L. W. Mills of Dallas and Mrs. John Bowers of Pampa spent the Easter weekend with Mr. and Mrs. Floyd Modgling.

Austin — "If we go through an intellectual debate on a new Constitution for Texas, and the Legislature turns down our recommendations, we will be trained as competent lecturers for high school civics classes."

That was the rationalization of Wiles Madden, Amarillo attorney, and member of the new 37 member Constitution Revision Commission. He spoke before the Panhandle Press Association on the tedious chore before the Commission, and invited editors and pub-

lishers to attend the first public hearing of the Commission on April 25 in Amarillo.

"We will hold 18 public meetings throughout Texas," Madden told his Amarillo audience, "and we'll be hard pressed for time to get the new draft of the proposed constitution to the Texas Legislature by Nov. 1, 1973."

The Texas Legislature becomes a ConCon in January 1974 and has been charged by the voters to write a new constitution by May 1974.

There will be no changes in the Texas "bill of rights" — Madden pointed out.

Texas Constitution is longest in the nation — five times longer than the U. S. Constitution. Voters have approved 200 amendments (out of 317 submitted) to the document since 1880.

"If the new constitution is not approved," he added, "we predict that we'll have 200 more amendments approved by the year 2000."

Several Texas House members attending the Panhandle Press meeting said they believed that the voters would approve the constitution—as submitted by the Legislature.

Madden predicted that the Speaker of the House of Representatives would be the presiding officer of the ConCon in 1974 because: "the House has more votes than the Senate on the decision."

"It will be a 'peoples' document," he concluded, "a document

BUSY LEGISLATURE — Returning from a four day Easter holiday this week, the Legislature is faced with a hurry up schedule and a mountain of work before its late May adjournment deadline.

The House plodded for days through stacks of mainly foredoomed amendments before passing its \$9.7 billion appropriations bill.

A \$9.5 billion version of the state budget for 1974-75, meanwhile, zipped through the Senate finance committee and was expected to pass quickly and smoothly.

Since both houses were ready to bow to Gov. Dolph Briscoe's demand for a no new taxes appropriations bill, little hangup is seen for budget conferees in closing days of the session.

Main differences in the House and Senate spending bills lie in the area of public welfare, and that is a fast changing field, considering federal funding laws are subject to Washington agency interpretation.

While the budget remains the principal job unfinished, there are numerous other major pieces of legislation awaiting action. They include:

- \* Code of ethics and lobby control strengthening.
\* Election measures.
\* A sweeping variety of environmental bills.
\* Penal code revision.

The newsmen's "shield law" to protect information sources, which is stalled in a conference committee, with conferees at odds over whether courts should be empowered to force disclosure.

\* Overhaul of the school finance system to benefit poor districts—a job which almost certainly will be left to a later legislature.

ALLOWABLE HELD UP—Texas Railroad Commission for the 14th straight month set the May oil allowable at 100 per cent of potential.

Chairman Jim Langdon said gasoline stocks were down 10 per cent from last year—or at 189.5 million barrels as of April 13.

Ten of 14 major crude buyers requested the same output for May as in April. Three requested less and one, more.

HUNTING - FISHING FEES HIKED — Legislation boosting hunting and fishing licenses fees sharply is now near final passage.

The Senate approved with minor amendments the House bill raising hunting licenses from \$3.25 to \$5.25 a year and fishing licenses from \$2.15 to \$4.25. A combination license could be obtained under the bill for \$8.75. The non-resident hunting license would go up from \$25 to \$50.25.

Thoughts

From The Living Bible

Then the angel spoke to the women, "Don't be frightened!" he said. "I know you are looking for Jesus, who was crucified, but he isn't here! For he has come back to life again, just as he said he would. Come in and see where his body was lying . . . And now, go quickly and tell his disciples that he has risen from the dead, and that he is going to Galilee to meet them there. That is my message to them." The women ran from the tomb, badly frightened, but also filled with joy, and rushed to find the disciples to give them the angel's message.

Today's Health News

Published by the American Medical Association

It was "just a scratch," and Tom Hardy, out on a weekend fishing trip, wiped away the blood from his finger, cursing the rusty hook that had poked him. Five days later, Tom was rushed to the hospital, on the verge of death. He was suffering from tetanus, or lockjaw, a disease which kills more than half its victims.

Tom was lucky. Although he had never been immunized with tetanus toxoid, an emergency injection of tetanus antitoxin proved effective. The antitoxin immunity, however, lasts only a few weeks; then the victim must seek protection from the toxoid.

Tetanus spores can infect the body through the tiniest wound—a pin scratch, a bee sting, a small cut. In fact, about one-half of all tetanus cases seen in American hospitals are the result of an injury so trivial as to go unnoticed until symptoms (irritability, restlessness, muscle rigidity) occur. The spores may remain in the body for weeks, even years, without manifestation. Or they may produce poison effects in 5 to 14 days, as in Tom Hardy's case, even though the wound through which they entered had healed.

The only real safeguard against tetanus is through immunization with the tetanus toxoid — before

an accident can happen. When a person is immunized with the toxoid, the body manufactures the antibodies that will fight the tetanus toxin if tetanus spores ever enter the body. A booster is needed every five years and whenever a person is injured. It's the one sure way to fight lockjaw — yet only one in every four Americans has this protection.

More on Vitamin C . . .

Whether Linus Pauling, Ph.D., is right or not about massive dosages of vitamin C warding off the common cold, the results of a study at the University of Toronto, Canada, show that the vitamin does make the patient more comfortable when he gets the familiar runny nose. Some 411 volunteers took one gram of ascorbic acid daily, raising it to four grams when they felt ill. The 407 controls received citric acid.

Although the test group had only slightly fewer colds last winter, they lost nearly a third fewer working days. General symptoms were influenced more strongly than specific ones — the patients just felt better.

After high school, will your kid go to work, or to college?

High school is the end of Free Education.

If your child decides to go on to college it'll take money. Lots of money. Money that you should probably be saving right now.

And there's no better way to start a college savings fund than by joining the Payroll Savings Plan where you work. That way an amount you specify will be set aside from each paycheck and used to buy U. S. Savings Bonds. Before you know it you'll have a nice little college fund on hand.

Now there's a bonus interest rate on all U. S. Savings Bonds—for E Bonds, 5 1/2% when held to maturity of 5 years, 10 months (4% the first year). That extra

3/4%, payable as a bonus at maturity, applies to all Bonds issued since June 1, 1970 . . . with a comparable improvement for all older Bonds.

Join the Payroll Savings Plan. And, if your child keeps studying and you keep saving, you'll both be ready for college.

Bonds are safe. If lost, stolen, or destroyed, we replace them. When needed, they can be cashed at your bank. Tax may be deferred until redemption. And always remember, Bonds are a good way to save.

## L. O. CLARK TO SPEAK AT TENNYSON BAPTIST

L. O. Clark, administrator of Bronte Nursing Home, will be the Sunday speaker at Tennyson Baptist Church for both morning and evening services. His subject at the 11 o'clock services will be "Good Grief."

The pastor, the Rev. C. R. Blake, called attention to the fact that the Sunday services will be held at 11 a.m. and 5 p.m. but Daylight Saving Time will be in effect.

Mr. and Mrs. Lonnie Forman of Kermit and Mr. and Mrs. Jimmy Forman of Burleson spent the Easter holidays here with their parents, Mr. and Mrs. Robert Forman, and other relatives.

# Postal Week Set April 29 - May 5

Postmaster Noah Pruitt Jr. announced plans today for "Postal Week" to be celebrated here April 29 through May 5.

On April 30, the Bronte Post Office will highlight this observance with activities that dramatize the important roles performed by Postal People as they move the mails.

Postmaster General E. T. Klasken said the Postal Week observances are "an appropriate occasion for recognition of the vital responsibilities assigned to the mail service and a valid time to take stock of the challenges which must be jointly met by postal people and by the millions of citizens throughout America who depend upon the mail as an essential part of their personal and business lives."

As part of the observance, the Bronte Post Office will join with the nation's 31,000 other post offices in issuing 10 special stamps honoring postal employees.

The Bronte Post Office will mark the occasion with special First Day Issue observances, simultaneous with similar ceremonies to be held in Washington by the Postmaster General.

The attractive new stamps — the first such comprehensive set specifically honoring postal peo-

ple—will be on sale at the local post office.

"As the Postmaster General said in his message, we need the 'informed understanding, cooperation and support' of every citizen. I think that we have this to an exceptional degree in Bronte, and part of the purpose of Postal Week will be to show our appreciation," Postmaster Pruitt said.

Pruitt added, "We would be happy to have you visit us during this week and observe our operations."

# Seven sensible reasons why you should join the Payroll Savings Plan.

1. You'll save money.
2. It's easy, all you do is sign up once and money is automatically set aside from each paycheck.
3. The money is used to buy U.S. Savings Bonds. There isn't a safer way to save.
4. Bonds now pay the highest interest rate ever. There's a bonus interest rate on all U.S. Savings Bonds—for E Bonds, 5½% when held to maturity of 5 years, 10 months (4% the first year). That extra ½% payable as a bonus at maturity, applies to all Bonds issued since June 1, 1970... with a comparable improvement for all older Bonds.
5. The government replaces it if a Bond is lost, destroyed, or stolen.
6. You never see the money. It's deducted and saved before you can get your ever-spending hands on it.
7. Our seventh reason is really hundreds of reasons. Bad reasons, like you may lose your job someday or a medical emergency might come up. Good reasons, like that trip you always wanted to take, retirement, a home, a college education, a boat, a car or whatever else you may see in your future.

Bonds are safe. If lost, stolen, or destroyed, we replace them. When needed, they can be cashed at your bank. Tax may be deferred until redemption. And always remember, Bonds are a good way to save.

## Take stock in America. Now Bonds pay a bonus at maturity.

By Congressman O. C. Fisher

Rollback of prices was frowned upon by the House last week by a margin of 263 to 139. On an

issue involving price controls on raw agricultural products, the vote was 101 for and 303 against. Differences between the House and Senate versions of a one year extension of wage-price control authority must be resolved by a Senate-House conference committee.

The decisive House action was a victory for producers and manufacturers and also for consumers. Rollbacks can be extremely vicious, particularly unless they are across the board and include wages. The law of supply and demand is a powerful force in our free enterprise system. And the enactment of laws which interfere with it can create more problems than are cured.

In another House action last week, members refused to consider a \$4½ billion job funds program in package form. The mammoth proposal included both good and bad provisions. Included was authority to keep paying state and local governments to hire unemployed workers, a program begun two years ago. But since then unemployment has dropped to 5%, and state and local governments are said to be in better shape than they were two years ago.

President Nixon has proposed to replace the Public Employment Program (PEP) and other manpower programs with manpower revenue sharing, which state and local governments could use to hire the unemployed, if they chose.

In view of the huge federal deficit, the House action seemed to be the responsible course to follow. Any specific legislation on this subject can in the future be examined on the merits of each proposal that is presented.

A necessary extension of the federal highway construction program was approved, and now goes to a Senate-House conference committee to compromise the differences in the two versions.

### "New" Old-Fashioned Chicken Dishes

Old-fashioned chicken dishes, such as "Savory Chicken En Papillote", were favorites in grandma's day and they're still popular with today's generation of cooks. New and easier ways of preparing these all-time favorites are now available in a collection of "Old-Fashioned Chicken Dishes."

"Savory Chicken En Papillote", for instance, takes the old-fashioned French chef's method of cooking en papillote (food deliciously seasoned and oven-braised in a "butterfly" of parchment) and makes it easy for today's homemaker by substituting Alcoa Wrap as the papillote.

With all the recipes in the folder, old-fashioned dishes take on new style and flair. For your copy of the free chicken recipe folder, send a postcard to "Old-Fashioned Chicken Dishes", Wear-Ever Kitchens, Wear-Ever Aluminum, Inc., Chillicothe, Ohio 45601.

#### SAVORY CHICKEN EN PAPILOTE

- |  |   |
|--|---|
| ¼ cup wild rice, raw                     | 4 tablespoons butter or margarine             |
| ¼ cup regular rice, raw                  | 2 whole broiler-fryer chicken breasts, halved |
| 2 cups boiling water                     | ½ cup Rose wine                               |
| 4 chicken bouillon cubes                 | Paprika                                       |
| 1 4-ounce can chopped mushrooms, drained | 4 slices lemon                                |
| Dash pepper                              |   |
| ¼ teaspoon basil leaves                  |   |

Combine wild rice, regular rice, water, bouillon cubes in 2-quart sauce pan; bring to boil; cover; simmer 10 minutes over low heat. Remove pan from heat; remove cover; allow rice to stand at least 5-10 minutes, or until part of liquid has been absorbed. Add mushrooms, pepper, basil; mix thoroughly. Place rice mixture in center of four 12 x 15-inch double thick sheets of heavy duty aluminum foil; dot with butter. Place chicken breasts on top of rice; pour 2 tablespoons wine over each; sprinkle with paprika; top with lemon slice. Close package carefully to avoid spilling wine; use tight double folds over top and each end. Place foil packages on rack in shallow pan. Bake 1¼ hours at 425°F. To serve: Slit foil across top; push down around rice.

Yield: 4 servings
