NUMBER 18

Water Problems Are Enormous Tarwater Says

By A. B. Tarwater Representative, 120th Dist

Sept. 4.—From reports of the Texas Relief Commission just received by the Legislature it appears that the water problem in the counties out of the 254 in the state have been placed in the same area where Federal officials are recognizing the situation as being serious. This report also shows the magnitude of the huge sum of \$44,390,000 from all sources for relief of the distressed in our State for the period from August 1, 1933 to August 31, 1934. It is estimated that \$44,390,000 will be necessary to take care of the distressed in our State for the next year.

The drought situation the same as that which has grown to, and also the idea of the problems ahead caused by the prolonged drought, the Legislature realizes the necessity of determining what the needs of our citizens, what the money will be necessary for the distressed, and how the money can be made available in the most economical and practicable manner. There is a limit beyond which we cannot go in the expenditure of State funds for relief of the distressed in our State.

The important matter shown in the relief commission report is the need of administrative expense in such county. This cost runs from 80 per cent with an average of the counties of 18 per cent of the counties of the 120th District. The Administrative expenses range from 19 to 42 per cent.

Government Cow Buying Program Under Way Here

The cow buying program is well under way in the county. Dr. F. R. Palmer and J. K. Cunningham are in charge. Palmer and Castro countering three days of each county. The program is hampered by the limited number of cattle under purchase. Only 450 head of live cattle can be purchased in each county per week, however there is a shortage on the cattle that may be purchased. Approximately 200 head of cattle have made application for purchase, and under the present program it will take several weeks to reach all who wish to purchase. To date 1,300 head of cattle have been bought in the county and 835 head condemned and destroyed.

MAN WHO KILLED A. P. BERGER WAS SPEAKER HERE

Huey, who is charged with the murder of the famous founder of the city of Berger, was a speaker in Dimmitt a few days before the first primary in behalf of the candidacy of Tom Hunter for Governor, according to Will Wright, speaking was from a sound on the courthouse lawn one morning.

Ray between Huey and Berger, which in Berger's death and the attention through the territory.

Two More Days After Today! Saturday Night at 8 o'Clock Closes The Big Event

When the old town clock strikes 8 o'clock Saturday night, the Castro County News Campaign will be brought to a close, the seals on the ballot box will be broken, and the judges will begin immediately their final count of the votes.

Because of the work that has been done in this campaign and because of the many enthusiastic workers who have lent their unceasing efforts to making the event such an outstanding success, the winners will be provided for as follows:

First place—A New 1934 Chevrolet Coach worth \$642.99
Second Prize—\$100 in cash,
Third—\$50 in Cash,
And all other active contestants will receive 10 per cent on all receipts turned in by them.

The judges will be:
J. W. WEBB, City Manager,
E. F. HARMAN, County Democratic Chairman,
ANDREW ACKER, Commissioner-Elect, Precinct 4,
THANKS TO CANDIDATES AND FRIENDS

The Castro County News and the Campaign Department take this method of thanking each candidate in the campaign for their time and untiring efforts in making this drive the success that it is. We also wish to thank their many friends and curs, for such loyal support and interest as has been exhibited. We regret very much that it is impossible for us to award an automobile to every candidate; however, there are several nice cash prizes, and a guarantee of ten per cent commission to all other non-prize winners.

The winner of the 1934 Chevrolet Coach may call for the car as soon as the decision of the judges has been announced. Checks covering all cash prizes and cash commissions will be available immediately also.
May the best candidate win!

Precinct 1 Votes Down Beer While No. 4 To Drink Suds

Voters in Precinct No. 1 were decidedly opposed to the sale of 3.2 beer in last Saturday's election when Commissioners Precincts Nos. 1 and 4 voted on the issue.

In Precinct 4, the issue was carried by a majority of 21 votes.

Business houses in the city of Dimmitt north of the square and east of the alley adjoining Halle's drug store will be permitted to sell the brew.

The vote in Precinct 1 was 185 against beer and 82 for.

In Precinct No. 4 the vote was 97 for the sale of beer and 76 against.

Legal sale was expected to begin in Dimmitt one day next week, depending upon the necessary details to be compiled with such as issuance of licenses, etc.

The City Commission passed an ordinance levying the city tax at a meeting Tuesday.

The vote by boxes in Saturday's election follows:

Precinct No. 1	
For	Against
N. E. Dimmitt	19
South Nazareth	39
Hart	10
Cleo	2
Sunnyside	12
Totals	82
185	

Precinct No. 4	
For	Against
N. E. Dimmitt	28
Arney	11
North Nazareth	37
Jumbo	21
Totals	97
76	

DIMMITT M. E. CIRCUIT

We closed our last meeting Sunday night at Flagg.

We had a wonderful meeting with 12 conversions and reformations. With 15 additions to the church.

And two young men surrendered to preach the gospel of Christ. And I feel that the spiritual state of the church was built up.

We do not claim any praise or glory, but give God the glory. It is only through him we can do all things who, strengthen us.—E. C. Armstrong, Pastor.

Mrs. Leonard Lankford and little daughter are expected to arrive for a visit with her mother Mrs. W. B. Kimball and family. Mr. Lankford has been transferred from Houston to the new oil field at Midland.

Mr. and Mrs. Geo. Schwartz visited in Tulsa last week-end.

Farm Editor

Here is Mrs. Minnie Fisher Cunningham, new Editor for the Farm Extension Service, Texas A. and M. college, succeeding W. H. Darrow who has been loaned to the A.A.A. by the Extension Service. Mrs. Cunningham is the first woman to hold the ranking position of Editor in Extension work. She has been very active in Texas civic, agricultural and governmental affairs, once running for U. S. Senate, and leading the cause of woman suffrage. (Texas News Photos.)

Federation Meets Tuesday in City

Castro County Federation meets September 11, at Dimmitt in the home of Mrs. Wayne Thomas. Each member is urged to be present and to bring a covered dish for the noon luncheon.

The following program will be given:
Songs,
Roll call answered with favorite recipe or household hint.

President's message to the Club.
Plans for the year's work.
Business.

Noon.
High points of Interest in My Summer's Travels by Mrs. Mark Cowsett.

Most Interesting Thing I Saw on My Vacation—by each club member.

Cotton Board Has Task On Each Allotment

Applications for bale tags under the Bankhead Act are being completed this week by the County Committee and are expected to go forward to the State Board at College Station next week. Applications have been filed for approximately twice the number of bales which are allowed under the County Allotment and the allotment will have to be prorated on the basis of 50 per cent or less of the number applied for on applications.

Mr. and Mrs. M. C. Cone were in Amarillo Tuesday.

Hundreds of Telegrams for "Jimmie"

James V. "Jimmie" Allred, Texas' governor-elect, is pictured at his home in Wichita Falls receiving great stacks of congratulatory messages which flooded in when it became known that he had carried the state to gain the Democratic nomination, the equivalent of election in Texas.

Large Gains Shown In Local School Enrollment

U. S. Stamp Is Needed to Hunt Ducks & Geese

Under a new Federal law all hunters of migratory waterfowl, ducks and geese must purchase a Federal Stamp which costs \$1.00 before being permitted to hunt. These stamps can be had at the post office.

This stamp is in addition to the regular state license requirements. The stamps will be sold for \$1.00 each and the proceeds will be used in the important program of waterfowl restoration.

Stamps are on sale annually on and after July 1. They expire on June 30. They must be affixed to the State hunting license.

Hunting waterfowl without a stamp is unlawful and is punishable by a fine of not more than \$500 or by imprisonment for not more than six months, or by both fine and imprisonment.

The stamp does not exempt the hunter from complying with State laws and Federal regulations. It is not transferable. It must be on the person of the hunter while hunting waterfowl. It must be exhibited for inspection on request of any officer or employee of the U. S. Department of Agriculture or of any officer of a State or local government authorized to enforce the game laws.

Wheat Acreage Reduction Only 10 Per Cent Now

According to official information received from the Department of Agriculture at Washington by the County Agent's office, the acreage reduction requirement for those who signed contracts will be 10 per cent this year instead of 15 as was the case last year.

The parity payment will be approximately the same as last year.

REVIVAL AT FLAGG

Elder Ira Lee Sanders of Plainview is conducting a revival for the Church of Christ at Flagg this week. The crowds are large with good interest manifest. Many members of the Church of Christ of Dimmitt are attending. The public is invited to hear these gospel services from time to time.

LADIES NIGHT FOR LIONS

Members of the local Lions club were hosts to their ladies last Tuesday evening at the Methodist church. An impromptu program was the entertainment feature as scheduled speakers from other cities failed to arrive.

Dust Storm From North Brings Cooler Weather

The weather in this part of Texas was somewhat varied this week, with the first approach of Winter being indicated late last Sunday afternoon when the first norther came in on the heels of the year's worst sandstorm. The huge clouds of dirt struck Dimmitt about 6:30 Sunday afternoon driven by a 45-mile an hour wind. This was the first sandstorm to come from the north in many years, some old-timers said. The sandstorm extended over the width of the Panhandle and into New Mexico. No damage was reported in this county.

The weather was warm Tuesday and Wednesday but early Thursday temperatures dropped considerably, with a threat of rain Thursday morning which failed to develop.

Dimmitt schools were off to flying start Monday of this week and by mid-week had settled down to regular routine work and extra-curricular activities.

Supt. B. C. Barron said Wednesday that all school officials and the faculty were well pleased with the start that had been made.

Enrollment in both the high school and grade school was far above that of last year.

In the high school 130 were enrolled this week as compared to 80 at this time last year.

This increase is accounted for in part by the fact that Sunnyside and Flagg are this year sending their high school pupils to Dimmitt.

In the grade school the increase was proportionately as large, there being 225 this week as compared to 180 last year.

"The only way we can account for this increase is that there are just more folks in Dimmitt this year than last."

The complete faculty for the year is as follows:

High School—B. C. Barron, Supt., History; H. G. Troutman, Principal of High school, Science, Girls Coach; Miss Margaret Cooper, English and Speech; B. O. Hass, Commercial subjects and boy's coach; Robert Parker, Math, Spanish; Miss Manetta Mounts, Home Economics.

Grade School—H. H. Colley, Elementary Principal; Clarence Howell, sixth grade; Miss Annie Phillips, Fifth Grade; Mrs. Elizabeth Stephenson, Fourth Grade; Miss Myrtle Woodfin, Third Grade; Miss Elva Garrison, Second Grade; Mrs. A. L. Stringer, Primary.

New Teachers on Staff

Mr. B. O. Hass has been secured to organize and direct the new commercial department. He comes well recommended and is taking up his duties in an excellent way.

Mr. Hass will also direct the boys athletics beginning with football. Football practice started the first day of school with an enthusiastic squad of boys.

Miss Margaret Cooper is taking the English and Speech department this year, as her training was taken under the same instructors as was Miss Hilma Bartlett's, we are anticipating the work in this department to continue on the same high plane as in previous years.

Miss Manetta Mounts comes to us from Hale Center. She is a graduate of the Home Economics Department of the Texas Technological College. We are expecting her to uphold the high ideals and the reputation of "Tech."

The other new teacher is not new to Dimmitt, as she was employed in the local schools prior to the darkest days of the depression and has now come back due to an insistent demand of the patrons who knew of her previous work. Her name is Miss Myrtle Woodfin.

Mr. and Mrs. Frank Murphy and daughter of Graham, and Mr. and Mrs. Andrew Murphy of Muleshoe were week-end visitors of their father and family, W. A. Murphy.

FLAGG SCHOOL OPENS WITH ENROLLMENT OF 68

The Flagg school opened Monday with an enrollment of 68 pupils in the seven grades, according to the new Supt., Wilburn Edelman. There are three teachers and high school work is not being taught this year, the pupils in these grades being sent to Dimmitt.

Prospects are excellent for a highly successful year.

BLANTON BETTER

George Blanton who was seriously injured a few weeks ago is reported to be improving. He has been removed from the hospital to the home of Mrs. Kimbell.

ONLY 2 MORE DAYS After Today

And the Race for the Chevrolet Coach and Cash Is Over

THE LAST PUBLISHED STANDINGS

Special Notice

According to the rules of the campaign, the ballot box in the Castro County News "Everybody Wins" Campaign has been locked and sealed and is placed in the News' office between the hours of 9:00 a. m. and 3:30 p. m., where it will remain until Saturday evening, September 8. Candidates and their friends are to drop their votes and subscriptions in the sealed Ballot Box from now until the close.

The standing of every candidate as it appears today includes every subscription and every vote up to and including Monday night, August 27. The votes as they appear today will remain unchanged from this time on until the final count by the judges, except in the case of any error that may exist.

IF THIS STANDING IS NOT CORRECT, ACCORDING TO YOUR FIGURES, BE SURE AND CHECK WITH THE CAMPAIGN MANAGER.

Not Later Than FRIDAY NIGHT

The Judges will accept these figures as absolutely correct.

Candidates Read This

Some of the candidates the past few days seemingly are not taking an active part in the campaign. Accordingly with the rules those candidates failing to make a cash report in the ballot box this week will have their names dropped and will forfeit all right to a prize or a commission.

TAKE WARNING DO NOT COMPLAIN IF YOU FAIL

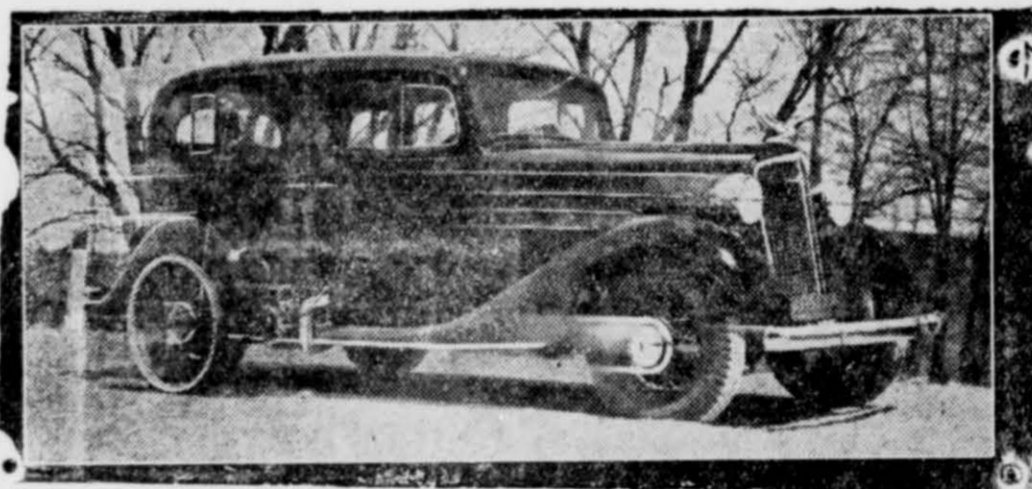

WARNING

Every candidate is urged to compare her vote totals with the records of The Castro County News. If The News' count is not correct, according to your figures and records, notify the Campaign manager immediately so that the proper correction can be made before the close of the campaign. No corrections will be made after Friday, September 7. Every Candidate MUST verify and attest to the correctness of her count as absolute and final.

THIRD PRIZE \$50.00 IN CASH

May The Best Candidate Win! Castro County News

NOTICE to CONTESTANT

The Castro County News Ballot Box, locked and sealed by the key held by Banker Bruce McLean, is located in the Castro County News office from 9:00 a. m. to 3:00 p. m. where all ballots cast during the last week of the campaign are to be deposited. The climax comes Saturday, September 8th.

Six weeks of enthusiastic work and hustle on the part of the candidates in this great campaign will terminate in the closing scene Saturday night at 8 o'clock. The names of the valuable prizes will be announced in The Castro County News of next Thursday, Sept. 12. The prizes include Chevrolet Standard Six Coach and the two big Cash awards. In addition to this a cash prize equal to 10 per cent of all votes that she has turned in will be paid to each contestant. Never before in the history of this section has there been a distribution of costly awards, and never before such a biting battle to land them.

Absolute Fairness

In order to maintain the strictest accuracy to the number of subscriptions turned in by individual candidate during the last few days of the race, the contest is being brought to a close in a sealed ballot box.

No subscriptions whatever are being accepted through the campaign department this week but instead, final collections are being placed in the box—locked and sealed—located in the Castro County News office. By so doing, no one, not even the campaign manager, can possibly know the true strength of the respective candidates, as precludes any possibility of favoritism insures fairness to the minutest degree.

Locked and sealed the ballot box is now ready where it will remain until the closing hour of the contest—8 o'clock Saturday night, Sept. 8th.

Most Successful Campaign

When the final hour arrives the count will be declared closed. The Judges will then seal the box, and immediately after or as soon as the votes contained therein the last count will be started.

Each of the leading candidates has turned in hundreds of subscriptions, and the enthusiasm of the candidates has been augmented by heavy response the people have made to their petitions.

The final week will give the total vote of a campaign a big boost. Each contestant devoting every minute of her time to getting as many votes as possible before the closing hour. Enthusiasm boosting on the part of their friends proving an important factor in the race. Among the prizes will be the greatest event of kind in the history of this section, and interest deepening on excitement will prevail from now on until the closing hour—next Saturday night, Sept. 8 at 8:00 o'clock.

THE JUDGES
J. W. WEBB, City Manager
ERNEST HARMAN, County Chairman
ANDREW ACKER, Commissioner
All three of these gentlemen are well known to everyone in Castro and adjoining counties, the final results as determined and given out to them will be beyond dispute.

WHOLESALE

Results of Short Course at A & M

(Continued from last week)

the machine or on your fingers. Monday evening they divided the monstrous crowd into seven groups and took us on our tour through the buildings with plenty of entertainment furnished by the different departments.

Tuesday morning Mrs. Jess Lilley and Mrs. Richardson shyly and backwardly went and had their dresses judged with numbers of others. There was a lecture on Farm Home Makers Market and the other part of our group attended that and learned that you can standardize anything on the farm to be sold at the market.

Friday afternoon Mrs. Clyde Chism and Mrs. Jack Baker learned how to organize and sponsor girls clubs. At 6:30 Dr. J. W. Mills of Beaumont gave an address from the President's lawn.

At 7:15 we all saw a horse show at the Stadium and many a side asked from hearty laughter that night.

Wednesday Mrs. Jones and Mrs. McLean learned how to dine indoors and out. You know always before we just ate in doors and gobbled down what we had out. Now just ask them, they know how to eat correct both places and at what times and what to eat.

Poor Mrs. Duke had to teach a class of dumb ladies, like us or similar everyday, telling them over and over how to make tufted bed spreads and you know what—Miss Horton felt so sorry for her at the end of the week she paid her because she said she looked had and knew she would need a Doctor.

We could all have looked sick for a little pay. But no, just Lady Duke was all that worked, so we heard.

Mrs. Lilly worked hard every day on making hooked rugs and mats and she can tell you how to use your old worn out hose, underwear and torn up shirts and dresses.

Mrs. Albert Springer and Mrs. Jack Baker know how to get to be delegates and if they haven't forgotten they can tell you how to vote a secret ballot.

Wednesday night we looked at some more of these buildings and we tramped on and on touring the grounds until we were footsore.

Thursday we learned how to live in the yard under a shade tree. If you don't have a tree plant one. We found out what kind of pictures to put in the home. "Don't put six pictures in a boy's room, put masculine pictures in there," said C. C. Clock of Dallas.

We all went to see Key Cottage. It is an ideal farm home or city home either and of course everybody wanted to see it at one time but we got to go through all of us and they never hurried or rushed us out.

During all these days the girls were learning to be smaller, the

girls to be larger and all of them were learning to be better children and they had a swell blowout for them one night and no one was allowed to go but the boys and girls and their chap pi goos—Oh! Excuse the mistake—chaperones. We can't tell what they did because they would not tell only say, "We had a grand time. Oh boy." Guess that was ok though.

Where the men went can't be proven because we never followed them and saw them only when it was time to eat.

Thursday evening a band concert was given at the stadium and the presentation of 4-H club pins were Friday the last day of the short course. Mrs. Baker caught the San Saba school bus along with 22 other people and went to Galveston and returned that night at 10 p. m. Ask her if she had a good time, not us.

Mrs. Lilly and Mrs. Richardson were in the wardrobe style show and brantly and shakily marched across the stage at the assembly hall and showed their pretty dresses that night.

The President's lawn was the center of attraction that afternoon as Iced punch and molasses cookies were served, but they called it a tea, we don't want you to misunderstand us.

The announcement of contest winners and a band concert was our entertainment that night.

Now dear readers this is just a brief outline of a few of the classes we attended and a very few things we learned but we can't begin to write all that we learned and not any of our mischievousness, but we have tried to bring to you.

(Our trip home will be in next week's issue.)

W M S ANNOUNCEMENTS

The Elizabeth Ruth circle of the Baptist Church met in the home of Mrs. C. G. Maples Monday, September 3, with eighteen members present.

Talks were given by Chairman of standing committees on their work for the coming year.

A beautiful duet, the Shepherd of Love" was sung by Mmes. Stephens and Whitlow.

The circle will meet at the church September 10 at two-thirty p. m.

—Mrs. Stephens, Chmn.

The Hannah Salloe met in the home of Mrs. T. A. Singer Monday, September 3rd, with fourteen members and one visitor present.

The devotion was given by Mrs. Sparkman.

Each chairman gave a talk on their work for the coming year. All enjoyed a social hour, then were adjourned to meet September 10th at the church.

—Mrs. Singer, Chairman.

Mrs. W. D. Durce was hostess to the "Elsie Clark" circle Monday, September 3rd.

There were twelve members and two visitors present. Devotion was given by Mrs. Gunnells.

Refreshments were served and

JUMBO NEWS

Mr. and Mrs. Fjola Jennings and little son of Maleshoe visited in the Ullman Hunter home Wednesday.

Mr and Mrs M L Hardy were dinner guests of Mr. and Mrs. W. L. Hall Saturday.

Mr and Mrs C. Andrew and children spent Sunday afternoon with Mr. and Mrs. Noel Andrew of Hereford.

Miss Loree Sullivan of Hereford spent the week-end with Miss Pauline Boyd.

Grandmother Krjng has returned home from a visit with Mrs. Cone south of Dimmitt.

Mr and Mrs L. E. Beck and children were dinner guests of their sister Mrs. W. B. Marlar at Flag Sunday. They also attended the Methodist Revival there.

School opened Monday morning with an enrollment of about 49. The members of the faculty are Mr. Charles King, Principal; Mrs. Mildred Bailey, High school and home economics; Mr. Jones, Intermediate Grades; and Miss Louise Guate, primary. A large number of patrons were present for the opening exercises.

Mr. and Mrs. Chris Wagner of Easter visited Mr. and Mrs. Ovid Pinckert Sunday afternoon.

C I Beck has accepted a position with the News Globe publishing Company at Amarillo and began his work there Monday.

His family expects to move to Amarillo this week, where the children will enter school.

Miss Pauline Matthews had as her guests Sunday, Miss Aljce Wallace and a number of friends of Canyon.

A very large number from this community attended the funeral services of Mr. C O Lee at Hereford Saturday.

Mr. Lee had been our very efficient mail carrier ever since the route was established some ten years ago. His death was occasion for deep sorrow in this community.

Mr. and Mrs. J. J. Wilder and children were dinner guests of Mr. and Mrs. C D Gilliam Sunday.

R H Thomas spent the week-end with his family in Clarendon. He verifies the newspaper reports of a 10 inch rain last Saturday at Clarendon.

Mrs. N H Witt and Betty were in Hereford a few days last week with her niece who was quite ill.

Mrs. Ellen Carter left Monday for an extended visit with her son, Jim, in Oklahoma City.

NOTICE

All borrowers knowing that they have not met payments with the Federal Land Bank when due must see me and make application for an extension. B. D. WOODLEE, Secy., Treas., Dimmitt National Farm Loan Association.

Mr and Mrs I B Brooks of Hereford were visitors in the J H Flanagan home last week-end.

Misses Daisy and Ruth Crump of Mobeetie visited friends here the past week-end.

Mr. and Mrs. E. Pendley and children left last week for Ellis county where they will make the home.

Water "Shipped" Down the River on Order!

Water from Lake Brownwood, Brownwood, Texas, is shown above starting a 480-mile trip to the drought-stricken rice fields of Matagorda and Wharton counties in a unique experiment. The Gulf Coast Water Co., Bay City, bought 4,732,000 gallons of water from the Brown County Water Improvement District No. 1 for \$31,000. Flood gates of the dam were opened to allow 14,000 acre-feet of water to flow into Peasah Bayou, then into the Colorado River and thence to the stricken area, where huge pumps will pick it up. It is estimated that 20% of the water will reach its destination after a 12-day journey. The price was cheap at that—4.74 gallons of water for one cent! (Texas News Photos.)

Water from Lake Brownwood, Brownwood, Texas, is shown above starting a 480-mile trip to the drought-stricken rice fields of Matagorda and Wharton counties in a unique experiment. The Gulf Coast Water Co., Bay City, bought 4,732,000 gallons of water from the Brown County Water Improvement District No. 1 for \$31,000. Flood gates of the dam were opened to allow 14,000 acre-feet of water to flow into Peasah Bayou, then into the Colorado River and thence to the stricken area, where huge pumps will pick it up. It is estimated that 20% of the water will reach its destination after a 12-day journey. The price was cheap at that—4.74 gallons of water for one cent! (Texas News Photos.)

NOTICE OF SALE OF REAL ESTATE

THE STATE OF TEXAS COUNTY OF CASTRO

By virtue of an order of sale issued out of the United States District Court for the Northern District of Texas, at Lubbock, on a judgment rendered in said court on the 21st day of June, 1934, in favor of Federal Reserve Bank of Dallas, and against the said J. M. Scott, J. H. Scott and Frank D. Howell, in the case of Federal Reserve Bank of Dallas vs. J. M. Scott, et al, No. 83 in Equity in said Court and which said judgment has been transferred, sold and ment has been transferred, sold and assigned unto Frank A. Blankenbecker, Receiver of the Plainview National Bank, of Plainview, Texas, I did, on the 31st day of August, 1934, at ten o'clock A. M. levy upon the following described tracts and parcels of land, situated in the County of Castro, State of Texas, as the property of the said J. M. Scott, to-wit:

That certain lot or parcel of land situated in Castro County, Texas, being the South One-Half of Section 9, Block S-3, containing 326 acres of land, together with all improvements thereon;

And on the 2nd day of October, 1934, being the first Tuesday in said month, between the hours of ten o'clock A. M. and four o'clock P. M. on said day, at the Court House door of said county, I will offer for sale and sell at public auction, for cash, all the right, title and interest of the said J. M. Scott in and to said property.

Dated at Amarillo, Texas, this 31st day of August, A. D. 1934.
 J. R. WRIGHT,
 United States Marshal
 By W. F. LAMPE,
 Deputy

Have You Ever Stopped To Think What Electric Service Means

It safe guards the lives and property of citizens from evil doers through municipal and private lighting systems—thieves and cut throats do not like to work in the light.

It provides power for industries which are the life of any city.

It makes possible the use of electrical appliances for home and office which add to your comfort and make easy the performance of numerous tasks.

If you think further, you will find many other benefits derived from electric service.
