'Western Days' begin

Miss Hart to be chosen tonight

HONORED PIONEERS—Myrt Loman, left, and Martha Bauman will be featured in Saturday's "Western Days" parade as Hart's honored pioneers. Dressed in their authentic outfits, Loman, who moved to Hart in 1942, and Bauman, who has lived there since 1931, will ride in an antique automobile.

'Disaster' status sought

The Castro County Emergency Board Committee requested Monday that the county be declared a "natural disaster area" because of the combined crop losses caused by the extreme hot weather during June and July and the hail storms which hit the county earlier in the summer.

A five-man board, composed of ASCS Director Charley Hill, County Extension Agent Charles Hotel, Farmers Home Administration Member William T. Wadkins, FmHA Emergency Loan Supervisor Ronald W. Hardin and County Judge M. L. Simpson estimated a total crop loss of \$15,400,000 and

said yields of some crops would be down as much as 50 percent as a result of the weather.

Judge Simpson said the board estimated the economic loss could reach as high as 25 percent.

The emergency board has written the Texas coordinator of disaster programs in the governor's office, and it is hoped the county will then be declared a natural disaster area, Simpson said.

In the Natural Disaster Damage Assessment Report compiled by the board, the Farmers Home Administration said it anticipated 450 loans and \$20 million in

economic loss to the county. The ASCS office estimated it would distribute \$2,500,000 in disaster payments.

Every acre of cropland in Castro County was listed as damaged by the heat and hail, including 105,000 acres of corn and 85,000 acres of wheat.

The board anticipates a 50 percent yield loss on soybeans, a 40 percent loss on wheat, a 35 percent loss on corn, a 25 percent loss on grain sorghum and 20 percent losses on cotton, sugar beets and sunflowers.

Of the 1,030 farmers in Castro County, all have suffered production losses as

a result of the heat and hail. In the damage assessment report, five farmers listed 90 to 99 percent losses; 10 listed 80 to 89 percent losses; 50 listed 70 to 79 percent losses; 150 listed 60 to 69 percent losses and 150 listed 50 to 59 percent losses.

Also, 200 listed 40 to 49 percent losses, 350 listed 30 to 39 percent losses; 110 listed 20 to 29 percent losses and five listed losses of less than 20 percent.

328,000 acres — the total number of acres planted in Castro County — are damaged, according to the report.

'Harvest Days' plans finalized

Castro County's "Harvest Days" have been set for Sept. 4-6 and groups and organizations from around the county are finalizing plans for the annual parade, county fair, rodeo and selection of the 1980 Harvest Days Queen.

The activities start Thursday, Sept. 5, when fair entries will be accepted from 3 to 6 p.m. in the county exposition building. Categories include baking, clothing, canned fruit and vegetables, crafts, horticulture, farm products, garden products and photography.

Both commercial and non-profit organization booths will set up during this time and will be on display throughout the three-day festival.

Exhibitors in the fair must be county residents and those 18 and younger will be classified in the youth division. Adults over 18 will be judged in their own division. An entry must not have been judged in a previous county fair.

Judging will begin at 6:30 p.m. that same day and entries will remain on exhibit until 6 p.m. Saturday, Sept. 6. Awards will be presented at 5 p.m. Saturday.

The Rodeo will be held nightly at 8 p.m. at the rodeo arena. Books open Saturday, Aug. 30 from 9 a.m. to 7 p.m. and Sunday, Aug. 31 from 9 a.m. to 4 p.m. at the arena.

Competition includes calf roping, team roping, barrels, bull riding, saddle bronc riding and bareback bronc riding. Entry fee is \$35 per person, per event.

All local clubs, organizations or business persons are encouraged to sponsor a candidate for Harvest Days Queen. The entry fee is \$25 per girl and entrants must be 14 to 19 years old. All girls must submit a 5x7" picture and information sheet.

A tea will be held Tuesday, Sept. 2 at Rhoads Memorial Library where candidates will meet informally with the out-of-town judges. The Harvest Days Queen will be selected following the tea.

For further information, contact Luan Martin at 647-3618 or 647-4197.

Saturday, Sept. 6, will feature something for almost everyone. The fair exhibits will be on display from 9 a.m. to 6 p.m. and a baby animal zoo will be featured outside the exposition building. All interested persons with baby animals are urged to contact Neal Tindol at 647-4115.

A pet show will be held at 9:30 a.m. on the courthouse lawn and will be judged by Dr. W. J. Hill. Ribbons will be awarded in several categories and all county residents are encouraged to bring their favorite pets.

The parade lineup will begin at 10:30 a.m. at the exposition building and the parade will get underway at 11 a.m. All civic organizations and clubs from across the county are urged to enter floats in the parade, using the "Harvest Days" theme. Interested groups can contact Charles Richard at 647-5589

TFWU asks election

The Texas Farm Workers Union, which picketed county onion fields last week, have asked a U.S. District Judge to order elections to determine whether the union represents a majority of the farm workers.

TFWU also filed a motion in federal court in Amarillo Monday charging 17 growers and shippers in Castro and Deaf Smith counties with conspiracy to deny the union and farm workers the right to freedom of speech and assembly.

According to a spokesperson for TFWU, the growers have claimed the union violated Texas statutes by picketing against the growers while not

representing the majority of the workers.

There has been no strike activity or picketing in Castro County since July 12, but union members have moved their activity to Deaf Smith County.

The union is calling for \$6 per hour, time and a half for overtime, seniority rights, paid holidays, an arbitration committee to discuss complaints and wages and a medical plan for the worker and his or her family.

They also ask that no worker be fired without justification and an insurance plan for workers.

The election request was presented before U.S. District Judge Mary Lou Robinson.

County registration termed 'uneventful'

County Post Offices estimate 67 young men have registered so far with the Selective Service System.

The registration, which began Monday for men born in 1960, has been running "real fine" according to Dimmitt postal worker Gene Broadstreet.

Broadstreet reported that 46 men had signed up on Monday and Tuesday, with more expected.

The registration at Hart was termed "uneventful" by Betty Sanders, postal worker, who estimated about 15 men having signed up.

Kathy Birkenfeld, postmistress at the Nazareth Post Office, said that only six men

had registered, but she doesn't know how many more to expect or when they will register.

No women have signed up in any of the post offices, although they would not be denied registration if they wanted to do so.

The post offices suggest that men born in January-February-March register on Monday; those born in April-May-June register on Tuesday; those born in July-August-September register on Wednesday; and those born in October-November-December register on Thursday.

Miss Hart and Little Miss Hart for 1980 will be selected tonight (Thursday) at 8 p.m. in Hart's grade school gymnasium, and the winners will reign over Hart's Western Days this weekend.

Fourteen are entered in the Miss Hart contest with 13 competing for the Little Miss Hart title. Richard Franks will be master of ceremonies and Leslie Reed will emcee the Little Miss contest. Cynthia George and friends will perform "Mustache, Cane, Derby and Cap," as entertainment during the pageant.

Admission is \$1 for adults and 50 cents for children under 12. Proceeds will be given to the Hart Senior Class of 1981.

Contestants in the 1980 Miss Hart contest and their sponsors are Cindy Brooks, Chi Psi Sorority; Tamera Bowden, Tide Products; Lori Barnes, Zi Mu Iota; Suzahn Rowland, West Texas Oil; Diane Davis, Zealot Club; Penny Pierce, Farmers State Bank; Donna Reyna, H and S Produce and Laury Franks, Lions Club.

Also competing are Robin Bowden, Butterfly Boutique; LaGlenda Wilson, Jaycees; Diane Martinez, Ed Harris Lumber; Melissa Kittrell, Pro Family; Debra Davis, Kittrell Electronics and Anna Irma Montemayor, Latin-American Organization.

Little Miss Hart contestants are Eloisa Reyna, Audria Johnson, Christy Nienest, Cynthia Carrasco, Shelly Smith, J. J. Ward, Leticia Centno, Shelly Knox, Tanya Lee, Christina Diaz, Angelica Diaz, Virginia Lee Triana, Pamela Robinson and Monica Alcocer.

Hart's Western Days activities will begin Wednesday night with a carnival featuring games and rides from Great Southwest Shows. The carnival will continue nightly through Saturday.

Flatland Bluegrass, a musical group based in Lubbock, will be in concert Friday at 7:30 p.m. in the high school football field.

All interested musicians and listeners are invited to remain at the field following the concert for a music jamboree. Residents are encouraged to bring their instruments and join in the fun.

Saturday's parade will feature Hart's Honored Pioneers, Martha Bauman and Myrt Loman, and the newly-chosen Miss Hart and Little Miss Hart. The parade begins at 10 a.m. and will follow last year's route, beginning at Ave. A and proceeding downtown.

R. G. Henderson is this year's parade marshal and will be assisted by Ricky Black. The Charros Riding Club from Plainview are entered, as well as floats, bicycle and auto entries from across the county.

Chi Psi will sponsor a beard contest and the Good Neighbor Club will offer refreshments for the Old Settlers in the Farmers State Bank community room. They will also hold a bake sale throughout the day.

A merchants drawing will be held again this year. To be eligible, entrants must place their names in boxes located in each Hart business. Prizes donated by the businesses will be given at the drawing.

The Everett Brothers Band from Earth will give a concert from 11 a.m. to noon Saturday at the carnival grounds. The concert is free to the public.

A new and unusual feature in this year's "Western Days" is a hot air balloon, with rides available for \$5 each. Bill Anderson of Miller Flying Service in Plainview will pilot the balloon, weather permitting, and will bring an additional two balloons for display.

Booths will be sponsored by Hart organizations and clubs and will be alongside the carnival. Hart Lions will sell hamburgers between the post office and West Texas Gas.

A square dance is set for Saturday night in downtown Hart. Sid Perkins will call the dances.

Also Saturday, a teen dance is set for 8 p.m. in the elementary gymnasium. A disc jockey from radio station Z-93 in Amarillo will provide music for the dance. Cost is \$2.50 per person.

BR tourney becomes battle for survival

Hereford and Plainview advanced to the semifinals at the expense of Castro County and Lamesa, and Granbury stayed alive by eliminating Top o' Texas in the second round of the West Texas Babe Ruth State Tournament here Tuesday.

Hereford downed Castro County 18-7, Plainview topped Lamesa 9-4 and Granbury downed Top o' Texas 14-13.

Going into Wednesday's action, Hereford and Plainview were the only teams still unbeaten in the seven-team, double-elimination tourney, with Lamesa, Granbury, Morton and Castro County fighting for survival in the loser's bracket.

Wednesday's schedule called for Castro County to face Morton at 3 p.m., Lamesa to play Granbury at 5:30, and Plainview to meet Hereford at 8. (Game times are being revised to accommodate the more distant teams.)

In the only game on tap tonight (Thursday), the Castro County-Morton winner will face the Lamesa-Granbury winner at 8 o'clock.

Wednesday night's Plainview-Hereford winner advances directly to the championship game at 3 p.m. Saturday, while the loser goes

Football will begin Aug. 6

All boys planning to participate in high school football this fall must have their physicals by Aug. 6, Coach Wayne Garner said.

Here's the schedule:

Aug. 6 — Issue socks and shoes, 6-8 p.m.

Aug. 11 — Two-a-day workouts begin, 8 to 10 a.m. and 6 to 8 p.m.

Aug. 15 — "Bobcat Night" with ice cream supper and introduction of all players, sponsored by the Booster Club.

Aug. 22 — First scrimmage, Abernathy there.

Aug. 29 — Scrimmage Plains, there.

Sept. 5 — First game: Floydada, here.

Junior high boys won't start workouts until after classes begin, but need their physicals before school starts, Garner said.

Dimmitt's Board of Aldermen spent more than half their Monday night meeting in executive session, to reportedly discuss the annual auditor's report and the possibility of a lawsuit being filed by Larry and Cheryl Caldwell, owners of a kennel which was found to be in violation of city zoning ordinances.

The Caldwells were originally granted a zoning permit from police chief Ron Mitchell, who understood they planned to keep only a few puppies "temporarily." When the Caldwells decided later to open the kennel, the board ruled their permit invalid, claiming that it violated existing city ordinances.

An attorney retained by the Caldwells told the board they would file suit unless a sum totaling \$2,600 is reimbursed for expenses incurred in the closing of the kennel. The board tabled discussion on the matter until additional word is received from the Caldwells or their lawyer.

Also Monday night, the board met with representatives from Brown, Graham and Co., the firm that prepared this year's city audit. After the lengthy private session with the auditors, Mayor Elmer Youts said, "We discussed the internal control of city finances and now have a better understanding of the internal affairs of collections and expenses so that we can better advise people."

The board also heard a request for an increase in salary from Judge L. G. "Shorty" Manning. The salary was not adjusted with the salaries of other city employees in May because he was classified as an elected official. The aldermen decided in executive session to adjust the Judge's salary, since the board had always set the salary.

The salary is presently at \$7,200 a year, and will be increased to \$8,700 a year, as of May 1, 1980 when all other salaries were fixed.

Judge Manning has collected \$43,971.75 in fines and fees this past year, Mayor Youts said. In regular session, city attorney Jack Edwards reported on the Census Bureau's latest estimates for the City of Dimmitt. He said that the labor camp had been included in the original figure of almost 4,900.

"The biggest problem is in the 266 'no responses' that the Bureau reported. They have actual addresses for these homes, and they are either vacant or didn't respond. This is abnormally high and way above average according to the Bureau estimates. Probably more than half of this number just didn't respond," Edwards said.

He said that the Bureau will re-work this area and try to get more response on the second time out. The board suggested that a Dimmitt resident go with the representative from the Census Bureau to help increase the response.

Edwards predicted that if half of the 266 households respond, 300 people could be added to the original totals. In other action, the city board:

— Awarded the roofing contract to Henderson Foundations of Dimmitt, with a total estimate for the city hall, warehouse and fire station of \$10,659.40.

— Approved a bid of \$5,200 for land fill work from Ray Mandrells Dirt Work of Hereford.

— Opened bids for a tractor-lawn mower for the city, but tabled the matter until City Manager Garnett Holland checks into the feasibility of putting the work under contract. The area includes the city park, the baseball fields and the city hall area.

— Approved a resolution that deals with the travel expenses of city employees. The policy will now be a \$75 [See ALDERMEN, Page 16]

Tax increase hearing set

A public hearing on the proposed county tax increase will be held Monday night at 5 p.m. in the county courtroom at the Castro County Courthouse.

The proposed increase will raise the county ad valorem tax by 22.4 percent and increase the county road tax by 87.5 percent.

County commissioners will be at the session to answer questions from county residents and to hear their views on the proposal.

Yugoslavian girl is second AFS student

Maja Martinec of Zagreb, Yugoslavia is Dimmitt's second American Field Service Exchange student for 1980-81 and will live with host family Jim, Ellen and Debbie Hrbal. The 18-year-old will arrive in Dimmitt during the third week in August.

Maja's father, Martin, is a self-employed shoemaker and her mother, Manja, is a homemaker. She has two older brothers — Tomislav, 36, and Uresimir, 33 — and a sister, Zdenka, 41. They are married and have their own families.

Having studied Croatian, her native language, as well as English, German and Swedish, Maja hopes to continue studying languages after her year in Dimmitt.

Although her family has never participated in the AFS program, Maja spent two months in Sweden in 1978.

Her favorite hobbies are playing team sports, painting/drawing/sculpting and visiting museums. She also enjoys listening to popular music, gardening, reading, horseback riding, hiking and swimming.

She is very athletic and plays basketball on her school team.

Maja's home town of Zagreb, with a population of 1,117,000, is the administrative, cultural and industrial center of Yugoslavia. It has a very strong cultural heritage, dating back to the 11th century. The town houses many art galleries, libraries,

and will be increased to \$8,700 a year, as of May 1, 1980 when all other salaries were fixed.

Judge Manning has collected \$43,971.75 in fines and fees this past year, Mayor Youts said.

In her application letter to AFS, Maja describes herself: "Friendship and meeting new people to exchange ideas and feelings are very important to me," she said.

"Also a very important stage in my life is my schooling, as I want to have a career. I want to study languages and am an independent person. My relationship with my family is very good. I can always trust and rely on them," she added.

"I am the class delegate at students' organization and play basketball for my school. I would like to learn as much as possible," she said.

Maja is described as a very diligent girl with lots of friends. The principal of her school said she likes helping people and is very responsible.

Parties held for Barbara, Toni Wheat

THE SHEFFY BERAL HANCE
Barbara Wheat and daughter Toni are moving to Albuquerque, July 28, where Barbara will be working with the law firm of Moses, Beckley, Dunn, Espinosa and Tulhinn. She has been with Burkett, Ross and Edwards for several years. There have been several farewell parties given for the Wheat's, like the Eastern Star hosted one Saturday evening. The First Christian Church had a supper and talkfest Sunday evening. Patti Cartwright took Barbara and friends out for dinner at Hereford and Valeria Davis was hostess at a K-Bob's dinner. The Legal Secretaries had a party one evening and Wannie Stevens, Barbara's mom, and Toni had a big garage sale and gave her the money to use on the move to New Mexico. We wish you well, girls.

Oh, yes, Toni spent four weeks at Brush Hill Ranch, a girls camp at Terrero, N.M. The First Christian Church youth gave her a farewell party.

Butch and Bessie Strickland were in Fort Worth recently visiting her brother Joe and Betty Thornton and a sister Leota and Adron Bobs of Springtown. She says it is hot and dry there, as it is all over Texas.

I want to say thank you to everyone for the cards, flowers and good wishes. I had a cataract removed from my eye last week in Amarillo. Seems to be doing fine.

Belle McAfee is home from a two-week visit with her son Ronnie and Pat and children at Albany, near Abilene. Then on to McAlister to see her sister Lottie and Eddie Hewer. Then next to Ft. Griffin Park for the Mayhew family reunion. Also going from here were Earnest and Ann Mayhew, daughter Peggy and son Kirk Adams, and Bobbie's twins and Monte Jouett. Probably 40 people attended that visiting get together.

Danny and Sharla Vaughan of Earth have a new baby girl.

She came July 14 and weighed 8 pounds, 3/2 ounces and I hear is very pretty. Her name is Amber Denece. The grandparents are Loyd and Dorothy Vaughan and Reeford and Betty Burrous.

Ray and Debbie White have a baby boy. His name is Cody Ray. He was born July 15. Some of his grands are Jo and Tommy Fowler and the greats are W. T. and Edith Autry. Didn't get the other names.

Lee Cole, my young friend of a few years ago, is a Church of Christ youth minister. The bulletin says he spent a few years serving the Cactus Drive Church in Leveland and is now moving to San Angelo to the Johnson Street Church of Christ. Lee lived in Dimmitt with his parents, the L. V. Coles.

Rex and Dorothy Sheffy and son Brett and Dorothy's sister Eula Fay and Doyle Martin of Altus went by camper and car to Ruidoso for a few days vacation. The other son Scott, who has been with the Irons combine harvesting crew from Hart, will come home this week from their last place in Nebraska. They plan to see some of the country en route home.

Robert and Frances Duke have had company, his sister and family Bob and LaVerne Gunderson of Umpqua, Ore., and Bill, Betty and Larry Fillmin from Avoca.

Gary and Linda Langford had a short vacation with the children at an Amarillo motel, swam, saw a show, then home to rest. Gary is a lab technician at Amstar and made a business trip to Dallas. Linda is secretary at the Methodist Church.

Herb and Irene Boswell of Lubbock have been here for a few days visit with aunt Josie Bradford and cousin James. Seems they sent them home with fresh potatoes, onions, squash, and all that good garden stuff. The Bradford gals, Susie, Josie, Mildred and, Ginnie Rietzer are freezing cooked potatoes for next winter.

Betty Cartwright was hostess to the Friday bridge players at the Senior Citizens Center. Jessie and the girls served a good beef dinner to Polly Manning, who was high scorer, Johnnie Vannoy, who came in second, Elizabeth Huckabay, Tina Rawlings, Opal Bearden, Retta Cluck, Faun Welker. Betty served a good fruit-filled cake and coffee too.

And Thursday at the Senior Citizens Center Oleda Schumacher was hostess to a group playing bridge with dinner there. Guests were Susie Reeves, Elizabeth Huckabay, Jewell Scott, Betty Cartwright, Faun Welker, Rosalie Markley, Johnnie Vannoy, Tina Rawlings, Polly, Faun and Tina went to Hereford to play with Duplicate group Monday.

Rochelle Oldham and son Kable and daughter Kendy are home from a recent ten-day visit with parents Bob and Elinor Johnston at Belton. They went to the lakes thereabouts, had big July 4th picnics and fireworks

displays. Kable couldn't believe his mother could water ski and all those fun things. Rochelle's sister Tommie Johnston Hardt and husband have a new baby girl. Her name is Benee Mishile. Had a good time visiting kin, including brothers Ray and Robert and their families. So hot and dry there also.

Rex and Darlene Wooten were in Lubbock Saturday to visit Rex's sister, Mrs. Bobbie Hill, who was injured in a car wreck June 26. Bobbie is in room 377 East in Methodist Hospital. She will be there three weeks more. She and her husband, Bob, live in Hart.

Debbie Dennis, oldest daughter of Edgar and Betty, received as a graduation gift — a trip to Europe — from her aunt, Decimae Dennis. Decimae met her at Frankfurt, Germany and they immediately began their trip, which covered eight countries.

She said the countryside in Austria, Switzerland and Holland were beautiful. The houses had window boxes of flowers and large containers of flowers. Other countries they traveled in are France, Belgium, Italy and Luxembourg.

Debbie said the highlight of the trip was seeing the Passion Play in Oberammergau, Germany which is presented each decade. Decimae has taught high school in Germany the past

two years, but has accepted a job in Midland for this year.

A bridal shower for Cindy Dyer will be Thursday, July 24, in the home of Shirley Wise, south of town on Front Street. Cindy, daughter of Streetman and Carole Dyer, is the bride-elect of Bernie Ford. Hours are from 10 to 11:30 a.m.

Cindy Dobbs' shower will be on Saturday, July 26 in the George Sides home seven miles west of Dimmitt from 10 to 11:30 a.m. The bridegroom to-be is D. Jay Lewis of Amarillo.

Elvis and Jenny Burch, former longtime residents of Castro County, celebrated their 50th wedding anniversary recently in Salida, Colo. Bertha Mae Thompson of Lubbock was there and she said they had over 200 people come in. It was a come and go affair, but everyone came and stayed. Bertha Mae came by Dimmitt and stayed all night with her daughter, Sandra Nelson and Norman and children.

Do you know of another town that got so much hail damage as Dimmitt did May 28? If you drive around town you will see dozens of new roofs finished, and workmen on several other houses.

The insurance companies have been repaying us for all those insurance payments we made through the years — that is what an insurance man in Dimmitt told me. And if your car was not in the garage that afternoon — you got hail

on it also. Soon our town will have new roofs on all the houses.

Gene and Connie Ivey have had company. Joe and Thelma Dunn of Big Spring and Newt and Alma Dunn of Taft, Calif., have been here. The Duns are Connie's brothers. Also, Rayneal and Gene Perry and children have been here to visit their parents.

Their home is at Tonkawa, Okla. where he is pastor of First Baptist Church. 18-month-old Rebekah is staying in Dimmitt with Connie and Gene while all the Perrys have gone to Gunnison, Colo. And I think they plan to ride the train from Chama, N.M. before they go to Glorieta for a week.

Houston and Doris Lust, Tommye Sue and Homer Nisbett and Judge and Mrs. M. L. Simpson, Jr. were at Conchas for the weekend.

Dr. George Worrell, his wife Betty and three of their children spent the weekend with Dr. Charles Vandiver and Esta. Betty is the daughter of the late Mrs.

Leola Haberer. They also visited her brothers at Earth and attended the First Baptist Church Sunday. Dr. Worrell is State Director of Missions of Missouri and they live at Jefferson City. Edie, Dawn and Stephanie were with them. Their other two children are in college.

What Does It Take To Build A Church?

Perhaps you glance at the church on the corner once in a while and wonder what it would be like to visit during a service. What is it that draws those people to that particular building every week? What built that church?

The only possible answer is — the love of God. Their love of God prompted them to sacrifice and give so that the sanctuary might be built. The love of God compels them to meet there with others who serve Him. Their love of God compels them to "go, and tell others".

We pray that you will be drawn to such a church this week and that you will align yourself with it. You can help build it into something even better.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His loving for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Social Security in Castro County

By JANICE B. ULMER

The heat wave that we have been experiencing for almost a month now has served to slow many activities. Especially affected is the urge to get out of an air conditioned building to conduct necessary business in the heat of the afternoon. At Social Security we are trying to help this situation by providing as many services as possible by phone.

We have specialized our services to a large extent and as a result we have three numbers with which to serve you.

Our local number, 293-4371 (residents of Castro County may call us station-to-station collect), can be used to apply for social security or supplemental security income. We can also help you apply for Medicare or complete the Medicare claim forms. Of course, if you have recently filed an application for benefits and have not received any type of award letter this is the number to call. We will gladly follow-up on your claim.

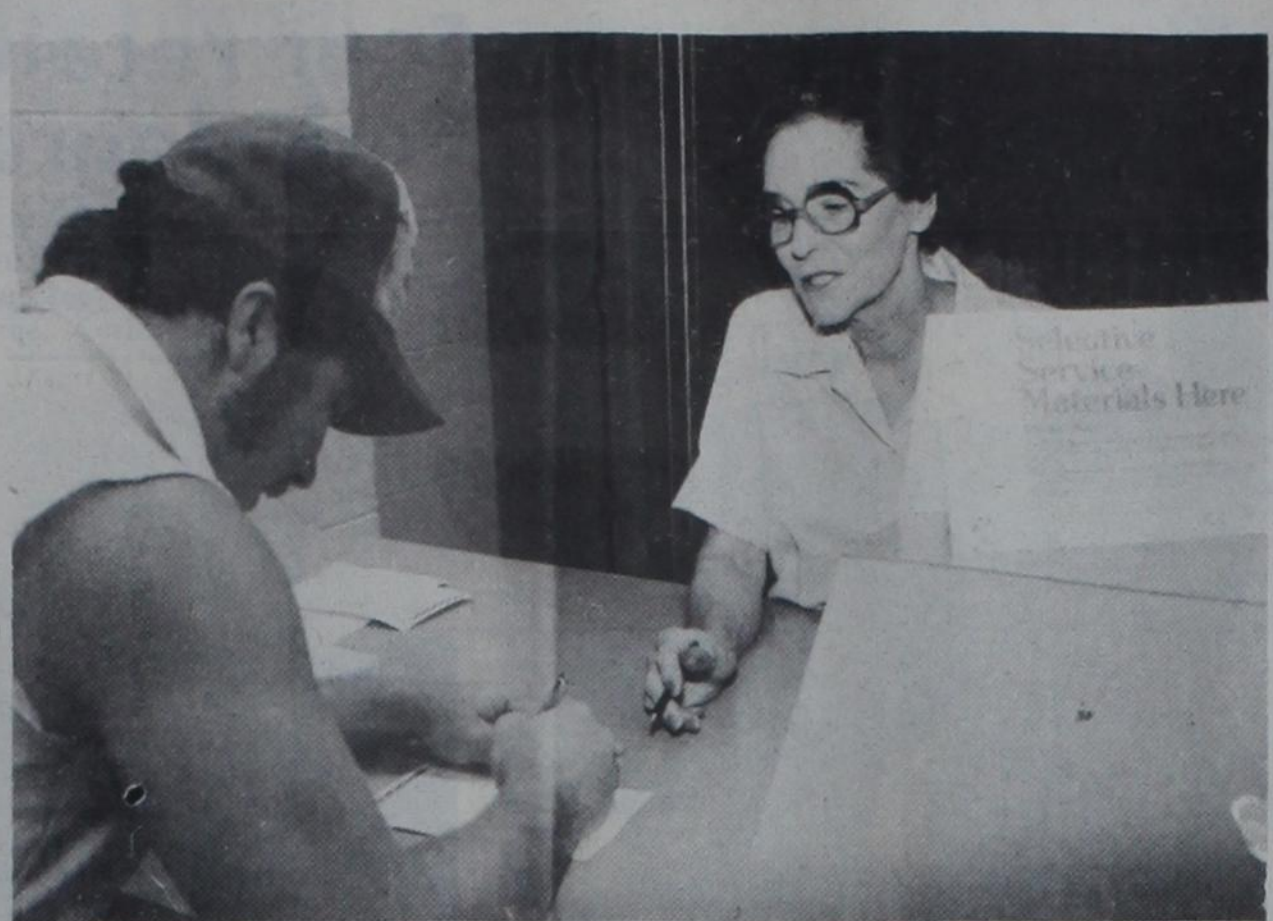

The best time to call Social Security is after the middle of the month. This is because the first week or so is usually

very busy and we might have to return your call. Of course, if a person has urgent business, he should call at any time.

If you have a general question or need to report a change that would affect a check you are already receiving, call our toll-free number, 1-800-392-1603. The operators who answer these calls are specifically trained to help you change a name or address on social security records, process reports of changes in marital status, and changes of address. You may also report lost or stolen checks or delayed payment in addition to changes in your work status.

Our other toll-free number deals strictly with Medicare. 1-800-442-2620 provides information concerning Medicare claims that have already been filed. It usually takes the insurance company 4 to 6 weeks to process claims for Medicare. However, if you have not received any word after 6 weeks, this number provides the fastest follow-up service.

The local office is located at 1401-B W. 5th Street in Plainview.

SIGNING UP—Tommy Kenworthy, left, was the first young man from Dimmitt to register with the selective service system. Postal employee Dorothy Cook explains the process to Kenworthy. Registration, which began Monday morning at post offices across the nation, will continue this week for those born in 1960. Men born in 1961 will begin registration Monday and continue through Aug. 1.

Your name is your label

What's in a name? "Everything," says Dorothy Taylor, a family life education specialist with the Texas Agricultural Extension Service.

"A name is a person's label, and hopefully it gives an insight of what is inside," she explains. People who are happy with their names usually approve of the kind of person they are, personality studies indicate.

In addition, people who dislike their names tend to be dissatisfied with themselves or have low self-esteem. Men particularly prefer common names, while women show a preference for distinctive, uncommon names that have a pleasing sound.

Women also prefer names that indicate they are someone special. "Parents tend to name

children after relatives. This practice is more common for boys than for girls.

"Often times, extremely unusual names are inherited in this manner," Ms. Taylor points out.

Children and their social acceptance are often related to their label or name. Popular children are usually the ones with popular names. Children with bizarre and unusual names are often regarded as different, strange or peculiar.

Many adults find it difficult to call in-laws by name.

"It's not that they don't like to acknowledge in-laws as human beings — it's just easier to evade the issue by not calling them anything," Ms. Taylor contends.

"A name is a name is a name — a person by any other label probably would not be the same."

Heck earns A&M honor

Charles L. Heck of Nazareth, spring nuclear engineering graduate, has earned "Distinguished Student" ranking at Texas A&M University.

The undergraduate honor is awarded to students who excel academically.

Recipients of the Distinguished Student honor must earn at least a 3.25 grade point ratio out of a possible 4.0 during the most recent grading period.

Heck is the son of Mr. and Mrs. Charles Heck of Nazareth.

VETERAN'S SERVICES

By BEDFORD W. SMITH
County Veteran Service Officer

The following news, dated July 11, has been received from the Veteran Land Board in Austin:

The Veterans Land Board, June 30, 1980, sold 66 million dollars in bonds, permitting resumption of the land program. July 11, 1980, the Board set the interest on loans at seven (7%) percent, effective immediately. The interest rate for transfers of existing loans to non-veterans has been set at eight and one-half (8½%) percent.

The Board will resume the mailing of application materials by July 18.

To apply, a fee of \$10 must be sent to secure the application materials. Upon receipt of the material, the Texas Veteran has 90 days to complete the arrangement to purchase an approved minimum of 10 acres of Texas land.

This is a one-time benefit for Texas Veterans or a veteran who has lived in Texas for the preceding five years. Come to our office for details or phone William H. Banks, Veteran Consultant at (512) 475-4704 in Austin.

Students speak to support system of free enterprise

COLLEGE STATION — Led by the only Rhodes Scholar from a Texas college or university this year, 18 Texas A&M University students are involved in an unusual experiment — speaking out in defense of the free enterprise system.

Under the sponsorship of the Texas A&M Center for Education and Research in Free Enterprise, an economic think-tank, the students have made presentations to civic and business groups throughout Texas.

In addition to their speaking engagements, members of the group are also writing a series of essays which they plan to compile into a book discussing the morality of free enterprise, inflation, the minimum wage and other economic topics.

The group is headed by William Altman, a graduate last fall from Texas A&M in electrical engineering who received a Rhodes Scholarship and will begin study in September at Oxford University in Cambridge, England.

HIGGINBOTHAM-BARTLETT CO.

SIGNING PROCLAMATION—Castro County Judge M. L. Simpson Tuesday designated July 25-31 as Farm and Ranch Safety week in the county. Gale Sadler, left, director of the Farm Bureau who helps sponsor the safety week nation-wide, looks on.

National Farm Safety Week emphasizes personal safety

National Farm Safety Week, co-sponsored by the National Safety Council and the U.S. Department of Agriculture, begins Friday and will continue through July 31. The emphasis of this year's week-long observance is on personal safety, through the use of protective equipment such as hardhats, protective eyewear and gloves.

According to the National Safety Council, protective clothing and equipment can be the first line of defense or protection against costly, disabling accidents. Nearly half of the reported injuries involves the head, hands, eyes or feet, the council reports.

Gov. Bill Clements has also proclaimed the week as Texas Farm and Ranch Safety Week. Urging all who live

and work on Texas farms and ranches to make accident prevention a part of every activity, Gov. Clements authorized the campaign to make safety the "conscious concern of all who work to produce Texas' and America's great agricultural abundance."

"Modern farming is a complex and highly skilled profession. It is also a hazardous one," Clements said. He noted figures which reveal that more than 200 fatal accidents occur on Texas farms and ranches each year. In addition, about 10,000 people suffer some type of disabling injury.

"Accidents can be prevented by using safe procedures in combination with safe equipment designs," Clements said. "Conscious

attention must be given to the way we do things and how things are made or constructed so as to best reduce the risk of accidents," he added.

The cost of farm and ranch accidents, both monetarily and in time lost from production is enormous, Dr. Gary S. Nelson, safety engineer with Texas A&M University, said. Texas losses due to agricultural accidents could be as

high as \$10 million a year, Nelson said.

Protective gear such as hardhats or lighter weight "bump caps," protective eyewear, gloves, filter masks and respirators and safety shoes are all designed to provide maximum protection and minimum inconvenience.

Wearing this type of equipment can often mean the difference between successful completion of a routine job and a time-consuming delay for medical treatment, Nelson said.

"All farmers and ranchers are encouraged to evaluate current safety procedures and to initiate safer work practices," he added.

County towns get rebates

Dimmitt received \$6021.99 in city sales tax payments for June while Nazareth was rebated \$714.04 and Hart received \$710.01. Hart and Nazareth followed the trend in most Texas cities, receiving more in this month's payments than last year at the same time. Dimmitt's payments dropped slightly from \$6116.33.

Dimmitt has received \$67,727.83 so far this year while Nazareth has received \$7,696.41 and Hart \$8,114.37.

According to state comptroller Bob Bullock, city sales tax payments to Texas cities for the first seven months of 1980 are running about 20 percent more than payments during the same period in 1979.

Sales tax payments are just slightly ahead of the inflation rate for the first six months which the federal government has set at about 13 percent, Bullock said.

The optional one percent city sales tax is collected with the state sales tax by merchants and businesses and rebated on a monthly basis by the comptroller's office to the cities where it is collected.

SINGLE-PARENT household numbers will continue to move upward until there is a reduction in separation, divorce and pre-marital child-bearing.

Zimmatic Low Pressure waters down overhead

Cutting overhead is one of the keys to profitable irrigation. With a Zimmatic Low Pressure System over your crop you can unlock the door to big savings. Start by cutting horsepower requirements by as much as one-third and keep saving because your system will likely be more efficient and use less water.

And choosing Zimmatic Low Pressure gives you more than an economical center pivot. You get the company that pioneered low pressure in center pivot irrigation. Lindsay developed Zimmatic Low Pressure to cut horsepower without cutting performance. Your pivot is still 100% Zimmatic with all the dependable features and top-quality material that Lindsay is known for.

If you're considering center pivot irrigation, consider Zimmatic Low Pressure—the pioneer. Come in soon and find out how to water down your overhead while you pump up your profits.

Safety is A Good Investment

National Farm Safety Week
July 25-31

Safety is the prime factor in the success of modern farming, for accidents can prove more costly than maintenance. Your farm can be a showplace of progress and efficiency if you keep tools and equipment in top condition, check buildings for cleanliness, soundness. Keeping everything in apple-pie order eliminates many fire hazards. Practice good safety habits and prosper!

View from the Library

By BRICK AUTRY
This is an article on the library trade journal. I was thumbing through the newest one and thought you'd

like to hear about it. First there is a so-so article on Canadian librarians. Then there's a huge Xerox ad. Next comes the news. The news is national in scope. The new scoop is that Cleveland, Ohio has voted a library tax. It will keep all of the librarians in Cleveland on the job. They can breathe easy. The rest of us librarians can turn green with envy. On the next page is another large Xerox ad. Next to the Xerox ad is another news scoop. The Governor of Alabama proposed that the state library budget be cut by five percent but the legislators gave Alabama libraries 12 percent increases instead. I always like the Personnel section. It tells who is protesting being fired. After the main feature, a fine exciting article about mini computers and their use in the small library, there is another large conspicuous ad

from Xerox. (Do you ever wonder what Xerox does with all its profits? In a library trade journal, you read them.) Although the library world and the new information industry do not get along well with one another... What's that? It's like this. Libraries give their business away for free and the industry works for a profit. For some odd reason the libraries consider profits on information something akin to usury. There is a fine article on how libraries will be using new technology in the future and then, yes, you guessed it, a greetings from Xerox.

After still another article on computers in libraries, (and another Xerox ad) comes my favorite feature—the Buyer's Guide. They always have new neat stuff. Today is a spot on a cordless telephone.

The rest of the journal is taken up by book reviews. That's what we librarians read. Besides the things I've highlighted there are also things like Letters to the Editor, catchy ads, an advice column—in short, it is very much like all the rest of the professional journals that come out. Believe it or not, it is very much like a little known magazine that I saw down at the hospital called "The Southern Pig Lover's Digest." But I highly feel that the Library Journal people and staff will admit to that.

So there you have it. That's how we librarians get the Word. We get the Word not from the Library profession, oddly enough, but from Xerox.

RON RICKENBRODE prepares to dive homeward in an attempt to stretch a right-field single into an error-assisted home run in the third inning of Monday night's game between Castro County and Granbury in the West Texas Babe Ruth State Tournament.

SAFE!—Rickenbrode slides safely into home plate to complete a round trip that capitalized on two Granbury errors—a bobbled fielding attempt and an overthrow at third. Granbury catcher Jack Fallon is the victim of a throwing

error here, too, as the ball goes past him—but it's too late, anyway. Rickenbrode's run gave CC a 7-1 lead; the locals went on to win the opening nightcap game by 16-1.

CC wins big in first round

Castro County's All-Stars banged out a 16-1 victory over Granbury Monday night in the opening-round nightcap of the West Texas Babe Ruth State Tournament here.

The victory set up Castro County's second-round showdown Tuesday night against Hereford, 14-1 victor over Top o' Texas in the lead-off round.

The only close game in the opening round was the curtain-raiser, in which Lamesa needed an extra inning to overcome Morton, 4-3.

Castro County used its big bats, Roy Tijerina's mound magic and Granbury miscues to run up its lopsided victory—coming from behind to do it.

Granbury's lead-off hitter, second baseman John Rager,

clouted a double and was driven home on a single by David Swaim to open the game. But that was to be the visitors' only run of the night as Tijerina settled down to spin a four-hitter.

Dimmitt's first four batters scored in the bottom of the first before Granbury could get anybody out. Fermin Gonzales walked, then scored on an error, and Jeff Watts tripled to drive Ruben Casas and Tijerina home. Watts scored when a Granbury fielder bobbled a short fly by Steve Martinez, and later Martinez and Rodney Schulte scored on a sacrifice by David Ogas and another Granbury miscue.

When the first-inning smoke cleared, Castro County held a 6-1 lead.

Ron Rickenbrode led off the CC third by stretching a right-field fly to an error-assisted home run as Granbury committed two miscues in fielding and throwing. Martinez and Schulte picked up another run apiece, and Ogas scored the inning's fourth run to hike CC's lead to 10-1.

CC added three more runs in the fourth—by Rickenbrode, Schulte and Johnny Gonzales. In the fifth, Tijerina singled, Watts doubled and Johnny Schmucker walked, then all three scored on Granbury errors.

Tijerina capped the game when he hurled his seventh strike-out for the final out in the top of the seventh.

Every player on Castro County's roster saw action as the locals tagged Granbury pitchers John Rager and Kevin Dameron for 13 hits. Granbury was charged with seven errors while Castro County committed only one.

The lead-off game Monday was a cliff-hanger as Lamesa and Morton played 3½ scoreless innings before Lamesa got a run in the bottom of the fourth. After Morton scored a run in the fifth and two in the sixth to take a 3-2 lead, Lamesa got a do-or-die run in

the bottom of the seventh to force the game into overtime. Lamesa held Morton at bay in the top of the eighth, then got its winning run in the bottom of the extra inning.

The powerful Hereford team did what it was expected to do by blasting Top o' Texas

14-1 in the second opening-night game. Hereford had two home runs in the game—one by Rod Simon in the fourth and a three-run round-tripper by Ricky McCracken in the seventh. Simon was the winning pitcher, while Stephen Bracken took the loss.

Wilhelm wins scholarship

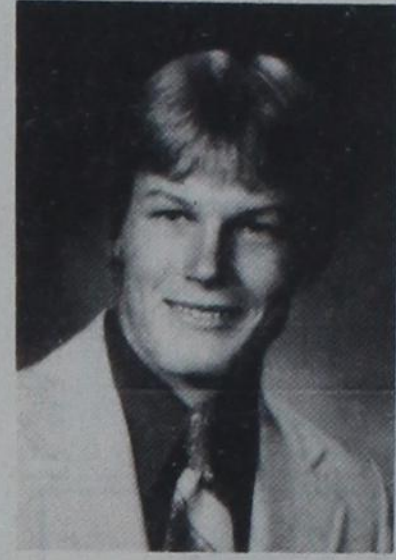

Dale Wilhelm, son of Mr. and Mrs. James Wilhelm of Nazareth, was the recipient of a \$6,000 scholarship at the State FFA Convention held in Houston, July 9-11.

The scholarship was given by the Houston Livestock Show and Rodeo. Wilhelm won the scholarship after being considered on the basis of the projects he had completed and his leadership roles.

A 1980 graduate of Nazareth High School, Wilhelm was FFA chapter president his senior year and was a member of the FFA leadership team for four years.

He plans to attend West Texas State University where

he will major in ag business and economics.

MARKETING:

What Is Your Responsibility?

Now that your crop is up and growing, think a minute about your most important responsibility as a grain producer.

How are you going to market your grain?

How can you maximize the returns on your investment? If you are a competitive businessman, you want to have control over the pricing of your crop. You want to choose a marketing program that fits your individual operation. Confidence and trust in the merchandisers with whom you do business is important. The ideas of mass marketing and farmers having a voice in the marketplace appeal to you.

These reasons are why area producers are taking their marketing responsibility seriously, participating in the pool marketing program at Dimmitt Agri Industries, Inc.

Call or come by today. Find out why grain producers are looking to their cooperative to expand markets and increase profits through pool marketing. Dimmitt Agri Industries, Inc., is working for you and your responsibilities.

Don't Bet the Farm on Safety

The odds are high that costly and tragic losses will roll your way...unless you safeguard your property against potential accidents. Check machines for unsafe operating conditions. Repair faulty wiring. Fill dangerous field depressions. Mend broken fencing. Be certain your pond is safe. Adding all these preventive measures pays off with profits.

Nothing in Texas touches DU-TER FUNGICIDE

When it comes to effective leafspot control in sugar beets, nothing touches DU-TER for control or convenience.

- CLEAN AND EASY**—Just open the outer bag and the water-soluble inner bag drops into the tank, leaving no bulky containers to dispose of. Dissolves quickly, sprays easily.
- ECONOMICAL**—In Texas field trials, DU-TER plots produced the highest sugar yields. Yet, DU-TER spraying costs were lowest!
- DEPENDABLE**—In more than 10 years of use, leafspot has shown no known resistance to DU-TER. Ask your farm chemical supplier today for DU-TER fungicide. Nothing in Texas touches it.

One of the greatest problems our farmers face is of their own making. They have done their jobs too well. They are super producers. Super farmers. American farmers and ranchers have been efficient enough to cut the required farm population to just over 4 million... for every farmer there are 56 other Americans. All are consumers. Therein lies the problem. Do politicians want one vote or 56? All of us who want a healthy agricultural economy should do our part to make clear that these two groups... consumers and farmers... are not opposed. Efficiency of our producers makes possible the world's best foods at the lowest prices (as a portion of spendable income). There's only one reason that situation might change. We'll look at that situation next week.

Youths named Lone Star Farmers

Seven members of the Nazareth FFA received the Lone Star Farmer Degree at the State FFA Convention held recently in Houston.

Those receiving awards were Jeff Schmucker, Norman Gerber, Dale Wilhelm, Leon Huseman, Rodney Kleman,

Randy Huseman and Val Steffens.

The Nazareth Chapter received a Superior Chapter rating at the convention.

Dale Wilhelm was awarded a \$6,000 scholarship from the Houston Rodeo and Livestock Association.

The Talent Team, which included Greg Birkenfeld, Ivon Schacher, Rodney Kleman and Joe Kleman, represented Area I in the competition against nine other teams.

Others attending the convention included chapter advisor David Bownds; members George Hochstein, Pierce Brockman, Leland Hoelting, Dick Steffens and Dale Hoelting. Mrs. James Wilhelm, Mrs. John Schacher and Mrs. Alvin Kleman also attended the convention.

AWARD WINNER—Morris Cole, right, was one of 17 Santa Fe scholarship and achievement award recipients during the state FFA convention held July 10 in Houston. R. E. Burks, formerly of Dimmitt and currently assistant to the manager in

agricultural development for Santa Fe in Amarillo, also presents achievement awards to [from left] Joe Dawson of Dickens and Rafe Foreman of Idalou.

Lions host New Zealanders

By VIRGIE GERBER

Allison and Roy Beaver and their children Andrea, Susan and Richard were luncheon guests of the Nazareth Lions Club on Thursday. The Beavers are from New Zealand and have been visiting the Henry Rossi family in Tulia for the past 12 days. Andrea was a former Foreign Exchange Student in Tulia, the year of 1976-1977 and lived with the Rossi family during this time. Andrea spoke at several places in Nazareth when she was here as an exchange student, and we were all pleased to see her again.

Warren and Dianna Norris and family of Dallas were here for the Hoelting reunion July 12. Warren and his son Jeff drove back to Dallas on Sunday after the reunion.

Dianna and the twins stayed here to visit her mother, Mrs. Ella Hoelting. On Tuesday, Ella and Leonard Hoelting, Dianna Norris and her twins enjoyed dinner in Amarillo with Florence and Hilda Heiman. On Thursday, the Cecil Hoeltings, Dickie Hoeltings, Ronnie Hoeltings, Ella Hoelting, Dianna and the twins enjoyed supper with Estelle Keys in Plainview. On Friday Estelle took Dianna and the twins to Lubbock and they flew back to Dallas.

Mrs. Vincent Guggemos is recuperating at home after having had surgery in an Amarillo hospital. She is doing fine.

Raymond Annen has been transferred from Roswell to Fort Worth, where he is having intensive therapy at a rehabilitation center. Cecelia is in Fort Worth also with her daughter, Ruby Hubbard.

Charley and Bev Hill and family, Jim and Sandee Hoelting and boys and the Roger Schilling family enjoyed several days camping out at Lake McClellan.

Joe and Elaine Sullivan, sons Kevin and Kieran of Algonquin, Ill., Dom and Dottie Doherty and son David of Chicago, Jack and Jean Kennevan, Shannon and Sean of Cincinnati, Ohio have all been visiting with their mother Mrs. Dora Albracht and other relatives here since the Hoelting reunion. This weekend they will be going to Houston for the marriage of their brother Art Albracht and Karen Speir July 26.

The Ronnie Hoelting family, the Dickie Hoelting family and Leonard Hoelting enjoyed supper at the home of Cecil and Norita Hoelting on Wednesday night to celebrate the 77th birthday of their

mother, Mrs. Ella Hoelting. The Joe Drerups and Cecil Hoeltings hosted a swimming party for the Rangers Little League ballteam, followed with hot dogs, ice cream and cookies for lunch.

Joe, Wade and Tracy Drerup, Jerome and Margaret Ann Brockman, Cyril Brockman, James and Chunky Wilhelm drove to Girlstown on Sunday to bring them sausage, corn, onions, potatoes, squash, cucumbers and cash donations. Because of their limited budget, the only meat these girls have to eat is donated to them.

County ASCS officials attend state conference

Local ASCS officials are attending the 1980 Texas State ASCS Conference with ends today (Thursday) in Lubbock's Memorial Civic Center. Attending are County Committeemen Melvin Barton, John Gilbreath and

Roy Lilley; County Executive Director Charley Hill and Field Specialist Albert Hartman.

They will join the Texas State staff members and personnel from the 235 county offices in Texas that serve the Texas farmers and ranchers with programs administered by the Agricultural Stabilization and Conservation Service. The two-day conference will enable them to converse with the Washington, D. C. ASCS representatives on a one-to-one basis, Barton said. They will also participate in scheduled panel meetings to cover each specific program administered

by the Castro County Office.

The local ASCS office will remain open during the conference period. The conference will be hosted by members of the Texas ASC Committee: John D. Smith, Chairperson, of Sudan, and members Joe E. Chapa of Linn, Edward L. Lehman, Jr. of Vernon, Max B. Rotholz of Wharton and G. Ray Sawyer of Hillsboro. Stephen J. Pringle, the State Executive Director, said 1,650 people have registered for the conference. The conferees include personnel from other areas of agriculture and representatives from Texas commodity groups.

Orientation session held

Mark Summers, son of Mr. and Mrs. Bill Summers, recently attended an orientation session at University of Kansas, in Lawrence, Kansas.

The program was planned to acquaint new students and their parents with the university. Summers will be playing basketball at the University of Kansas during the 1980-81 school year on scholarship.

When Rosetta Bellinghausen returned to New York from her trip to Italy, she had missed the flight to Texas. She said the airline furnished motel accommodations for all of those who were Texas bound. When she arrived at the Dallas-Fort Worth airport, her son David met her and brought her to Dimmitt.

Beverly Seiple and daughters, Barbara and Sheila of Medina, Ohio have been visiting her sister, Jean and Ted Robb and also her parents, the Wade Mills at Hart.

Rosetta Bellinghausen has returned from a trip to Italy where she visited her mother, Mrs. Colomba Donnarumma and her sisters, Mrs. Vittoria Petraccone in Pompei and Carlo Cascillo in Salerno. The weather was cool and very pleasant and Rosetta said flowers were in full bloom everywhere. Before she went to Italy she and her husband, William went to Arlington for the graduation from medical school of David's wife, Melody. David is a coach and teacher at Cedar Hills High School.

Going to Taos the past weekend were Carolyn Jones, Brenda Andrews, Dorothy Hopson, Cheryl Glidewell and Bettye Huckabay. They played tennis and bridge. I understand Brenda was the champion bridge player and Carolyn was the champion tennis player.

Baptist church slates revival

The First Baptist Church of Dimmitt will hold its revival July 27 through August 1, with services daily at noon and 7:30 p.m.

The evangelist for the event will be Dr. David Ray of Abilene, and Lonnie Parsons of San Antonio will lead the music.

Dr. Ray is the former pastor of First Baptist Church of Lubbock and has served as the assistant vice-president for development at Hardin-Simmons University. He is a graduate of Hardin-Simmons University and Southwestern Baptist Theological Seminary, with a master of divinity and a doctor of theology.

Parsons was an attorney in Kerrville before entering the field of evangelistic music.

THE BOTTLE TREE—R. C. and Lewella Sullivan stand by their Bottle Tree, one of many interesting things in the yard at their home at Front St. and Belsher. The Sullivans are collectors of all things, including rocks, furniture and license plates.

Couple converts 'junk' into outdoor art objects

"I guess you would call me a 'junkard,' kind of like a drunkard except that I collect things and never throw them away," says Mrs. Lewella Sullivan. She and her husband R. C. Sullivan, live at the corner of Front Street and Belsher in an older house with a lot of "junk" in the yard. The Bottle Tree is the most noticeable to passers-by on the street, but there is also a Coffee Pot Tree, a Rock Well and a cactus garden. "I saw the idea for the Bottle Tree when I was in Ruidoso many years ago and thought that I would like to have one too," said Mrs. Sullivan.

The bottles on the leafless tree are blue milk of magnesia bottles collected for many years by the woman. She says that she has lost a few bottles from them being blown off and broken, but she has never lost any because of vandals. "I bought all 14 of the coffee pots from a junk dealer in Truth or Consequences, New Mexico. He sold them to me for a dime a piece, and he also sold me the teakettle that sits on top of the tree. I think a few of them got knocked off by the hail too," she said. "I built the Rock Well with my rocks that I have collected in the past years. The most recent additions are the license plates and the bucket," she added. The cactus garden was planted by Mrs. Sullivan because it is "pretty" and because she likes to make cactus jelly every year. "Some people think that the house is haunted. Especially at Halloween, the little kids are afraid to come up to the door," said Mrs. Sullivan.

Petrified wood, agate and cornealia are among their favorites, and they also like turquoise. Mr. Sullivan makes belt buckles, bolo ties and paper weights from the rocks they have picked up and polished. They travel annually to New Mexico where they gather stones for their collection, which takes up an entire room of their house. Mrs. Sullivan also collects snuff jars, license plates, bottles, old farm equipment, lanterns and furniture. "People sometimes stop and ask me to sell my junk to them, but I never do. It's all too special to me and I couldn't ever part with any of it," Mrs. Sullivan said.

A turkey shoot to raise funds for the Castro County Jr. High and High School trap shooting teams will be held Sunday, July 27 at 1 p.m. at the airport trap range.

Both teams will compete in the Grand American Trap Shoot in Vandalia, Ohio Aug. 20. They qualified for the shoot after capturing the Texas State Amateur Trap Shooting Association titles

last month. Teams from each of the 50 states and from several countries will compete in the Aug. 20 shoot.

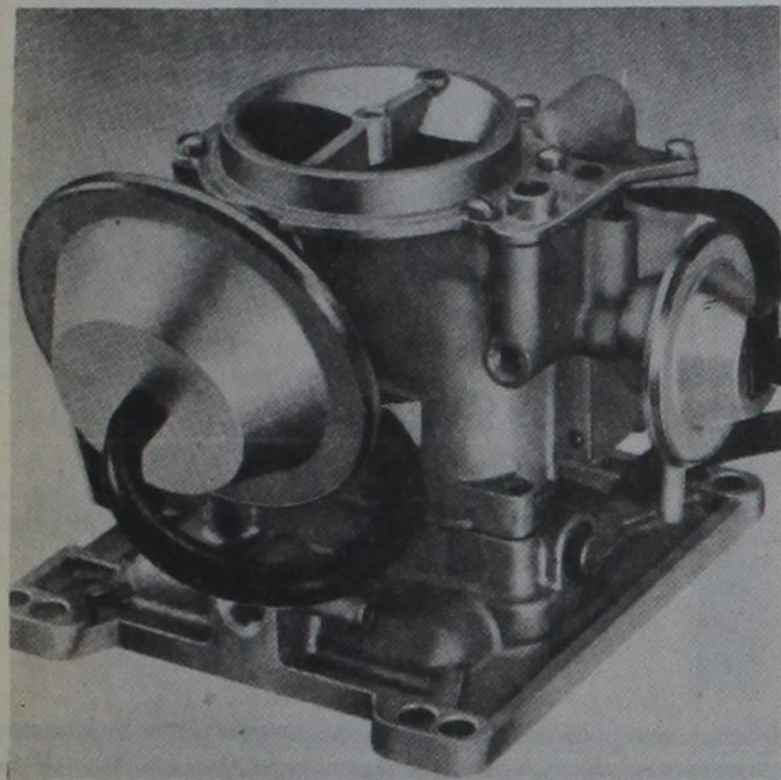

Entry fees vary according to events, according to Coach Ed Standlee. Prizes include bacon, ham and turkey.

The shoot is open to the public.

First there were Carburetors.

Then fuel injection systems. Now there is the **WOODWORTH FUEL-INDUCTION VCCV Fuel-Induction Carburetor**

Together, these principles mean the Woodworth VCCV gives remarkably better engine performance for any gas engine—automotive, marine, farm or industrial.

An increase in gas mileage up to 25%. Your mileage may vary depending upon your car's condition, optional equipment and your driving habits.

The VCCV starts the engine instantly, then requires only seconds to reach full operational efficiency.

The VCCV is independent of any outside pressure changes; maintains its high efficiency at any altitude. The VCCV won't allow stalling on stopping, thanks to an idle circuit that avoids engine loading.

The Woodworth VCCV: Simply said, it's today's most advanced fuel mix/delivery system.

How to be happy cannot be taught

By TERESA L. CRISWELL, CEA

WHAT IS HAPPINESS?

No one is born happy. The habits of happiness are learned much in the same ways we learn to love — through experiences and by modeling those around us.

Few of us are taught what happiness is or how to be happy. Unfortunately we are often taught what happiness is not. This is like always telling a child what he can't do and labeling him a "bad boy" without ever telling him what to do.

Happiness, like beauty, may be in the eyes of the beholder. Happiness is a very individual and personal experience. Often it is what we decide it is. Yet, as with beauty there are some stakes or standards.

Stakes and standards left by others along their journey to personal awareness and happiness include that:

Happiness is celebrating and accentuating the small day into a big day of rich pleasures. Another way to phrase this would be, taking time to stop and smell the roses. Allowing time for tasting, smelling, seeing, feeling, and hearing is important to experiencing and living in the present.

Happiness is a habit that we have learned or can learn. There are several steps to take along this journey. They include reinforcing a positive belief in oneself, developing rational thinking, choosing to believe we have options, and accepting that we can control what happens to us. When we take these steps, we enable ourselves to be well on our way to the happiness habit.

Happiness is measuring and comparing ourselves against our own unique selves. The poet who wrote "Desiderata" says, "If you compare yourself with others, you may become vain and bitter — for always there will be greater and lesser persons than yourself. . . . Instead, then, it is crucial to our happiness to compare our progress and achievements

with our own abilities, standards and desires.

Happiness is believing that we are able to control what happens to us — and not believing that someone or something separate from us is doing the controlling. There is power and strength in believing that we control our thoughts, feelings and ultimately our happiness. If we allow others to influence or control our happiness, we will be frustrated and disappointed.

Happiness is setting and following our own goals — not those of our parents, friends, teachers, or mates. Many of us get stuck in a rut by thinking that what makes other people happy will make us happy. A major cause of unhappiness is accepting other people's expectations and goals as our own, instead of evaluating them to see if they are the same as ours.

Happiness is rationally choosing thoughts, feelings, and experiences which get us what we want.

Happiness is ever growing and changing. We change with time and experience, and so does our happiness and our perception of what happiness is.

Happiness is a point of view or state of mind. It's not a job, house, education, marriage, children, membership in a certain club, or accomplishment. Happiness is within a person not outside of him.

Happiness is believing that we deserve to be happy. Unfortunately, there are individuals who grow up believing that no matter what they do, things will not turn out okay for them. This is a prime example of how a self-fulfilling prophecy works. The reverse of the above works also. If we believe that we will be happy, then we are.

Happiness is asking for what we need. Frustration and unhappiness in relationships often results when we don't ask to have our needs met. Too often we choose to feel bad because others don't "read our minds" and do

what we think they "should" do for us. Their background was different from ours, therefore, we need to initiate the process of sharing what we and they like and working as a team so both can be satisfied, comfortable, and happy. This sharing and growing can be an exciting, joyous, rewarding, and growth producing experience for both individuals.

Happiness is experienced in the present. If we form a habit of looking into the future or reflecting back on the past we make it very difficult to be content, warm and alive right now! The trick is to celebrate and emphasize the present. What is the purpose of today if it isn't to be aware and involved in the present? We cannot change yesterday or do anything about tomorrow until it gets here. So that leaves today, right now, as the only time we can influence or have power over.

We often get caught up in the myth that we will be happy when we get through school, when we get the car paid for, when we get a new house, when our husband gets a better job, when we have more time, or when we accomplish a certain goal. Another myth that some people adhere to is that they

would be happy if they had finished school, if their parents had been better parents, if they hadn't married so young, or if they had more money.

Invariably, those who are looking to the past or future for happiness are disappointed. If happiness is not practiced or experienced in the present, it is not experienced at all!

This is not an all inclusive list of what happiness is. Certainly there are other definitions and facets to happiness. You probably can add some of your own. There is nothing sacred about these, but they give us something to work with and from as we strive for personal maturity and happiness.

Richard to head parade

Charles Richard was named chairman of the committee which will organize and plan the annual parade scheduled for September 6 during Castro County Harvest Days.

Chamber of Commerce manager Delores Golden told Kiwanians Monday that she has already contacted the Shriners Clowns and the Bobcat Band, which plans to march in the parade. She said that she is in touch with other organizations right now in the planning process.

Bob Crozier presented the program, film highlights of Southwest Conference Football in 1979.

Couples should prepare for 'life after baby'

Plan and prepare for parenting to make the transition period smoother and conducive to rapid adjustment, says Diane Welch, a family life education specialist.

"This period involves changes in relationships, roles and lifestyles," she points out.

"Since most first-time parents receive little preparation for their new roles, many are in for a rude awakening when they find that life will never be the same.

"However, there are some factors that can ease and even facilitate the transition into parenthood," Mrs. Welch says.

Here are some suggestions: — Seek information about child development, basic parenting skills and potential changes in family life. Enroll in community courses if available.

— Take advantage of supportive extra help from family and friends. However,

try to avoid social overloads that can occur when family and friends wish to visit after the newborn arrives.

— Seek information about work policies. Check out maternity benefits available for working mothers and paternity leave for fathers.

— Agree on respective roles and responsibilities, as well as division of labor. Added tasks of parenting can overwhelm during the first months after the baby's arrival.

— Discuss feelings about sharing the two-person relationship with three.

Expect a difference in available time spent with just each other.

Hearing Loss Is Not A Sign Of Old Age

Chicago, Ill.—A free offer of special interest to those who hear but do not understand words has been announced by Beltone. A non-operating model of the smallest Beltone aid of its kind will be given absolutely free to anyone requesting it.

True, all hearing problems are not alike... and some cannot be helped by a hearing aid. But audiologists report that many can. So, send for this free model now, and wear it in the privacy of your own home. It is not a real hearing aid, but it will show you how tiny hearing help can be. It's yours to keep, free. The actual aid weighs less than a third of an ounce, and it's all at ear level, in one unit.

These models are free, so we suggest you write for yours now. Again, we repeat, there is no cost, and certainly no obligation. Thousands have already been mailed, so write today to Dept. 42417 Beltone Electronics, 4201 W. Victoria, Chicago, Ill. 60646.
