Richardson, Rowden, Texas.</p> <p>A heavy rain fell at Baird, last Friday, which saved "the ice man."</p>	<p>ROUND HOUSE IMPROVEMENT.</p> <p>We visited the Round House Tuesday and found considerable improvements being made.</p> <p>A new and larger turn-table has been put in. This is the third time in 15 years that they have had to put in a larger turn-table. The old turn-table was too short to handle the larger engines and the new turn-table is 10 feet longer than the old one. The Round House is being enlarged on the south side making it 10 feet larger to accommodate the big engines. When fully completed the Round House will be practical good as new.</p> <p>The cinder-pits are equipped with machinery for loading and men no longer have to work in that disagreeable hole. They also have a coal hoist that loads and unloads coal, a great labor saver.</p> <p>We all hoped the Company would put in a new stone or brick Round House but times really does not justify this now. When we get that big dam we will get it and more.</p>	<p>GOOD ROADS MEETING.</p> <p>A good roads meeting was held at the Court House Tuesday at 2:30 p. m. Judge B. L. Russell was elected Chairman and W. H. Shanks, Secretary. There was a good sized crowd present that argues well for an aroused public sentiment. The object is in this instance to improve the Putnam and Clyde roads in order, if possible to secure the great Auto Highway.</p> <p>It was decided to work two days, beginning next Monday and all subscribers to the good road petition, who cannot go or send a substitute to pay \$4.00. Seventy per cent of the work to be on the Putnam road and 30 per cent on the Clyde road.</p> <p>W. D. Boydston was elected treasurer and authorized to receipt for all money paid in for road work.</p> <p>E. L. Finley, W. A. Hinds and J. I. McWhorter were appointed overseers to take charge of the work. All who have signed the agreement to work are requested to report to W. A. Hinds this week, and to meet at the Beck Crossing on the Mexia, west of the old Virginia Ranch next Monday morning at 8 o'clock, sharp. Bring a grubbing hoe or pick, also bring your dinner. All who cannot work are requested to pay the money \$4.00 each, to W. D. Boydston by next Monday, Sept. 1st, if possible, so we may have the money to hire the work done for those who cannot work in person.</p>	<p>Dr. J. A. Shackelford left last Monday for Thurber, where he has accepted a position as company physician for the Mining Company. We regret to see Dr. Shackelford leave us, but are glad to know that he has secured a good position. Success to you Allen, and may your shadow never grow less.</p>	<p>Mr. and Mrs. Harry Ebert, Mrs. Lunsford Hill, Ed Yarbro and Bob Black returned last Friday from Haskell, where they attended the meeting of the West Texas Leg Rolling Association. Bob Black was elected President of the Association, which will meet in Abilene next year.</p>

CITATION BY PUBLICATION.

The State of Texas,
To the Sheriff or any Constable of Callahan County—Greeting:

You Are Hereby Commanded to summon W. N. Spillers by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 42nd Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 42nd Judicial District, to appear at the next regular term of the District Court of Callahan County, to be held at the Court House thereof, in Baird, Texas on the 2nd Monday in November A. D. 1913, the same being the 10th day of November A. D. 1913, then and there to answer a petition filed in said Court on the 4th day of August A. D. 1913 in a suit, numbered on the docket of said Court No. 1220, wherein Cross Plains Townsite Company, are Plaintiffs, and I. R. Williams and W. N. Spillers, are Defendants, and said petition alleging: Now comes the Cross Plains Townsite Company, a corporation duly incorporated under the laws of the State of Texas, and domiciled at Cross Plains, in Callahan County, Texas, hereinafter called Plaintiff, complaining of I. R. Williams who resides in Eastland County, Texas, and W. N. Spillers, whose residence is unknown, both of whom are hereinafter called defendants; and for cause of action Plaintiff represents to the Court that heretofore, to-wit on or about the 12th day of January A. D. 1911, defendant I. R. Williams made executed and delivered to Plaintiff his certain promissory note for the principal sum of One Hundred Dollars, bearing date on the day and year aforesaid, due on the 12th day of January A. D. 1913, payable to the order of Plaintiff, bearing interest at the rate of 8 per cent per annum from date until paid, with interest paid up to Jan. 12th, 1912, and stipulating for 10 per cent on the amount of principal and interest due thereon as attorney's fees in case suit is brought on same, or if placed in the hands of an attorney for collection, whereby defendant I. R. Williams, became bound and liable to pay said note, and to pay Plaintiff the sum of money in said note specified; that said note is past due and unpaid, and that the defendant and each of them, though often requested, have failed and refused to pay said note, or any part thereof, but the same still remains due and unpaid. That said note has been either lost or misplaced, and that this Plaintiff has made diligent search for same and is unable to find the same, and notice is hereby given to defendants herein that upon the trial of this cause, secondary evidence will be offered by Plaintiff to prove all of the facts that could be proven by said original note. That said claim has been placed in the hands of A. E. Hampton, an attorney, for collection and Plaintiff has contracted to pay him the ten per cent attorney's fee stipulated in said

original note, the same be reasonable and the usual and customary fee.

Plaintiff alleges that said above mentioned deeds are in the hands of defendants, or one of the defendants, herein, and notice is here given to each of said defendants to produce said deeds upon the trial of this cause, and upon the failure of defendants to produce said deeds, secondary evidence will be offered to prove the contents of said deeds.

Wherefore Plaintiff prays the Court that each of said defendants be cited in terms of law to appear and answer herein, that is for personal service upon said defendant, I. R. Williams and for service by Publication upon said defendant, W. N. Spillers, as prayed for in separate affidavits filed herein, and that it have judgment for its debt, interest attorney's fees and costs of suit, for the foreclosure of its lien upon the above described land and premises, and the same be decreed to be sold according to law; that the Sheriff or any other officer, executing said order of sale, shall place the purchaser of said property sold under said order of sale in possession thereof, within thirty days after the day of sale, and for such other and further relief, special and general, in law and equity, that it may be justly entitled to, etc.

Herein Fall Not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given Under My Hand and the Seal of said Court, at office in Baird this 4th day of Aug. A. D. 1913 26-4t.

A. R. Day, Clerk,
District Court Callahan County.

Miss John Gilliland, Baird,

APPROPRIATIONS CUT \$3,429,325 BY VETOES

THE AUTOMATIC TAX BOARD MAKES RATES OF TWENTY-THREE CENTS.

THE UNIVERSITY LOSES HALF

\$700,250 for Second Year Eliminated, Along with Items for All New Buildings at A. & M. College.

Austin, Texas.—Gov. Colquitt stated that his vetoes of appropriation items will aggregate \$3,429,325 for the two fiscal years, and that he has cut out all of the \$700,250 for the second year for the university, and the amounts allowed for all new buildings at the A. & M. College. He says that he has eliminated \$25,000 for the secret service and liquor law enforcement in the controller's department.

The governor found that the appropriation bill carried \$7,916,834 the first year and \$6,954,521 the second year. His vetoes and certain credits have reduced those amounts to \$6,862,000 for the first year and \$5,999,588 the second year. He estimates that the deficit in the treasury to be taxed on the first year's tax is \$500,000. The \$100,000 appropriated each year for expenses of the state fire insurance commission will be deducted as it comes from the insurance companies and not out of general revenue. The companies, by assessment, pay that into the treasury. Among the vetoes \$100,000 for agricultural and manual training departments in the public schools, making it net reduction \$50,000 each year. He leaves \$50,000 each year by permitting the entire \$100,000 to stand for the first year.

The vetoes in the first year amount to \$1,474,710 and in the second year \$1,244,608.

The governor has said that he would have reduced a number of large items, but that the attorney general ruled that could not be done. That prevented several vetoes, and also caused a number of whole amounts to be cut out which would have been scaled.

After the vetoes the bill carries for a total of \$11,629,925 for both years.

The state automatic tax board, consisting of the governor, treasurer and controller, met at the state capitol to set tax rates for the ensuing year. The state ad valorem tax went to the slide figure of 23c, an increase of the slidey figure of "17" it having been the last year. The state school tax was fixed at 17c, an increase of one-third of a cent on each \$100 valuation. The constitution fixes the combined personal tax at 90 cents on \$100 of net. The total state taxes to be paid this year will be 45c.

KANSAS HEAT WAVE BROKEN.

Tax Commission Declares Effect of Hot Weather on Crops Exaggerated.

Kansas City, Mo.—The drought in Kansas and its effects have been exaggerated, according to a report made by the state tax commission. Only corn, among all the state's products, says the report, was harmed, and there is a bumper wheat output, 45 per cent more than any other state, with 1,900,000 acres in alfalfa.

Kansas millers have reported that this year's wheat is the best that ever came to mill, the berry being round, full and hard, made so by the dry weather and the warm sun of the last weeks of ripening.

After nearly a month of high temperatures that broiled Kansas and parts of Missouri and Oklahoma, and broke all records for intensity and duration, the heat wave was broken effectually Friday. A drop of 10 to 20 degrees in temperatures that daily have ranged above 90 marked the followed heavy rains over wide sections.

Reorganization Considered.

Washington, Progressive Republicans identified with the conciliation committee selected at the Chicago conference will take up at once with Chairman Hillis of the Republican national committee, the question of calling a general reorganization convention.

Kidnaper Identified.

Washington.—Pat Crowe, the kidnap in the noted Cudaby case, was positively identified here in the government hospital for the insane, where he was confined after being sentenced to 20 days as a vagrant for bathing in a park fountain.

Killed Man Who Saved Him?

Taylorville, Ky.—Shortly after he had been saved from drowning in the Ohio river near here, Lewis Phillips went to the home of his rescuer, William Zurebry, an aged man, and, it is alleged, shot him through the heart.

Boy Scout Day at State Fair.

Dallas, Texas.—The Dallas boy scout officials, headed by President J. E. Farnsworth and Scout Commissioner C. M. Richmond, has invited the 200 Texas scoutmasters to bring their scouts in full uniform to the state fair, October 25, boy scout day to join in a big parade led by Dallas boy scout band and bugle corps, followed by maneuvers at grounds by various troops desired. Troops desiring to compete must enter before October 15. Information give by commissioner, 218 Wilson building, Dallas, Texas.

CAN'T CUT APPROPRIATION.

Action of Governor in Vetoing Several in Part Held Void by Looney.

Austin, Texas.—I. has transpired that the governor misinterpreted the attorney general's opinion on which the executive based his veto of part of the appropriation items last Tuesday night. And it also developed the Attorney General Looney wrote an opinion holding directly the opposite. In this opinion Mr. Looney unequivocally held that the governor could not reduce appropriation items, but must dispose of an entire item, either by vetoing it or by permitting it to remain in the bill.

In Tuesday night's veto message the governor attempted to scale three items in the judiciary appropriation bill. He approved \$14,000 per annum of the \$19,000 allowed each year for expenses of district judges; cut from \$180,000 to \$160,000 each year the amount appropriated to pay expenses of out-of-county attached witnesses, and cut from \$30,000 per annum to \$20,000 the amount allowed for payment of fees and costs to sheriff.

OKLAHOMA VALUES \$1,173,942,390.

Total Taxes for State is \$20,000,000 Less Than One Year Ago.

Oklahoma City, Okla.—The total of Oklahoma's real and personal property, as shown by figures adopted by the state board of equalization, reaches a value of \$909,750,611. Of this amount the 37,727,367 acres of farm land is listed as being worth \$393,293,416, and 1,352,944 city lots having the aggregate value of \$139,901,419. Improvements on farms reach an aggregate value of \$42,318,734, and on lots the improvements are figured as having cost \$118,486,335. While the total taxable values in the state, which includes public service property, personal property and real estate, reaches \$1,173,942,390, it is over \$200,000,000 less than it was one year ago, and over \$154,000,000 short of the total for 1911, which was the banner year since statehood. Public property makes up but \$272,391,779 of this year's total.

TWO AVIATORS FALL 1,000 FEET.

French Hydro-Aeroplane Collapses During Contest Watched by Crowd.

Rouen, France.—A French aviator, M. Montalant, and a passenger M. Mettiev, were killed Sunday by the collapse of their hydro-aeroplane. Montalant was one of nine competitors in the La Peque near Paris, for Deauville. He reached Rouen third and was flying at a height of 1,000 feet as he approached the town. The waiting crowds saw the machine suddenly pitch violently and drop. The occupants were thrown overboard. Montalant crashed through the deck of a river barge, and Mettiev fell into the river. Both were badly mangled. Montalant was one of the largest land-owners of Rouen.

New Peace Flag in Rainbow Colors.

The Hague.—A special session of the Universal Peace congress was held during an excursion to Amsterdam Sunday. Rev. J. W. Van Kirk of Youngstown, Ohio, offered to the congress a peace flag with seven stripes, the colors of the rainbow merging into white, symbolic of the union of the different nations. A similar flag will be presented to Andrew Carnegie on the occasion of the dedication of the Peace Palace, Aug. 28. The first ship entering the Panama canal also will carry the flag.

Fire in Sherman Does \$30,000 Damage.

Sherman, Texas.—Fire destroyed the Bray building, one of the largest buildings in Sherman, and its contents. The loss is estimated at more than \$30,000. The loss on the building is \$24,000, with insurance to the amount of \$18,000.

400 Made Homeless by Fire.

Jersey City, N. J.—Property valued at \$700,000 was destroyed and 400 persons were made homeless as a result of a fire which originated in a barrel factory on the water front and burned about forty buildings, including several tenement houses. The only hospital case resulting from the fire and panic among those whose homes were destroyed was that of a fireman who stepped on a red-hot nail.

Prohibitionists Win in Wilbarger.

Vernon, Texas.—After one of the most heated prohibition contests through which Wilbarger county has ever passed it remains in the "dry" column by 254 majority. The anti made a most strenuous fight and unquestionably polled their full strength. They carried three boxes out of 17 and in these three their majority was 18.

Appropriation Bill is Signed by Mayes.

Austin.—Acting Gov. Will Mayes Monday approved and filed with the secretary of state bill No. 25, appropriating \$5,000 for payment of the contingent expenses of the first called session of the Thirty-third legislature. Mr. Mayes' signature appears on the bill twice. He first signed it as president of the senate and then approved it as acting governor in the absence of Gov. Colquitt from the state on attendance at the governors' convention in Denver, Colo.

JUST A FEW LINES To The Public

EVERY MAN OR WOMAN is justly proud of a watch that keeps time. We are equally proud of the fact that we know how to make a watch keep time. If your watch is getting lax in its habits, just bring it in and let us take it in hand. It may merely need regulating or adjusting. In that event, we will be glad to put it in shape for you and there will be no charge. If it requires no repairs we will tell you so, frankly. On the other hand, if it needs fixing, we will do it right and do it promptly at reasonable cost. We absolutely guarantee to do this or refund your money. It may be that you need a new watch. If so, we will be pleased to show you the largest and best line carried in our city and explain to and show you the different makes and help you to make a good selection.

Let us also remind you that we Fit The Eyes with glasses that suit and we guarantee every pair or money refunded.

Our Drugs are the purest and our Prescription Department is always in competent hands.

"LET US BE YOUR DRUGGIST AND JEWELER"

A NAME TO REMEMBER

Here is a name---"Penstar"---that will mean a great deal to every man, woman and child in this city when they learn what it stands for. It is our duty and our pleasure to tell you. There is a great firm of Manufacturing Chemist in Detroit, The Peninsular Chemical Company, whose name on the label of a remedy is the best possible guaranty of its purity and medicinal worth. They prepare in their splendid laboratories over 100 remedies for household use. They do not believe in secret medicines. They think you have a right to know what you are taking. And you have. So they put the full formula on every label, the name and the exact quantity of every ingredient, all in plain English so you can judge for yourself. If they were not sure that each of these was the best possible prescription, if they were not sure that their skill in compounding these remedies was unsurpassed, they could not afford to do this. We like to handle drugs of quality. That is the way we get our trade. That is why we obtained the agency for these splendid remedies known as

Remedies. Remember the name "Penstar." Remember what it means, "Highest Quality and Formula-on-the-label." We've a great deal more to say about Penstar. Watch for it. Come in and ask about Penstar Remedies. You may need a really reliable remedy some day, learn about it now.

We have no sympathy for Thaw or any of his kind. If he is not insane his people proved him a lunatic to save him from electrocution for cold blooded murder and he ought never to be allowed a moment's liberty. We have no patience with the cry that "poor fellow has suffered enough." Probably Stansford White needed killing, but he was no worse than Thaw, the worthless degenerate son of a wealthy mother. We sympathize with Thaw's mother, but not Thaw himself. He deserves no sympathy but should be kept confined in the asylum for the insane for life. He has forfeited his rights as a freeman.

The Cross Plains Review man has made a discovery. He says outside the railroad vote at Baird, the town would taboo the saloons and says this railroad vote should not determine the fate of the county. According to his idea then a railroad man is not fit to vote. This wise man, that knows about as much about the political conditions in his own county, and county town as he does about political conditions in Ireland, does not know that many railroad men at Baird are pros. He evidently does not know that Callahan county outside of the three T. & P. railroad towns has gone anti at every election on local option. Don't be alarmed! If Callahan county throws off the galling yoke of tyranny called prohibition, it will be by freemen, whether railroad men, farmers or business men and not by slaves of any party or sect.

Some tell you that there will be seven saloons in Baird if the county goes wet. There never was seven saloons in Baird at one time when there was no law to limit them and when the express business was the most profitable part of the saloon business; then why should there be more with less business. Why are there not more than four dry goods and four grocery stores in Baird? There is no law limiting any number of business houses in Baird, if wet, except saloons and there are not seven firms of any one line of business in town and never was, yet you can start a grocery store with less capital than a saloon license will cost. There any never be any saloons in Baird but we will agree to eat every one of them over four if seven are started and all last as long as one year. If we cannot eat them we will buy them out, all over four, and give the liquor to those who are so thirsty that they believe it will require seven saloons to supply the people of Callahan county with booze.

A candidate for governor can spend half a million dollars if he has the money and is fool enough to do so. Many have spent twice as much as the salary of governor for four years and then missed the job, but any candidate who spends over \$6,000 for two campaigns as a candidate for United States senator will not be allowed to have his name placed on the official ballot at the general election. It is all right to spend a barrel of money for any other office in Texas except United States senator. We have some queer law makers and some queer laws in Texas.

PROHIBITION ELECTION SEPTEMBER 6TH.

We think it nothing but just and right that THE STAR give a brief statement of facts in connection with the election and what the result will be if the county goes dry this time.

Heretofore the people have had the privilege of shipping in intoxicating liquors by express for their own use as a beverage or for medicinal purposes; this privilege no longer exists, or will not exist as soon as the new law becomes effective.

At the regular session, last winter, the legislature passed a law prohibiting the shipment of liquor from wet territory in Texas to dry precincts within the state. The only exception was sacramental wine ordered by church authorities. The called session added interstate shipments and this absolutely prohibits the shipment of alcohol or intoxicating liquors into dry territory.

The law permits one to bring in liquor for his own use, but he can not let his neighbor have a drop to wet his whistle or save his sick child or friend without violating the law. In other words, if Callahan county goes dry this time she will be dry for every purpose, beverage or medicinal. True, you can get on the train and go to Strawn, the nearest wet spot, and bring back a gallon, but how many can afford to pay \$3.50 railroad fare in addition to the cost of a quart or even a gallon of whiskey?

We feel sure that even the privilege of bringing in a pint, quart or gallon will be prohibited by the next legislature and it is but fair to give our reasons for this belief.

You all remember the pros told you years ago that all they were fighting was the open saloon; that you could ship by express all the liquor you wanted. After making all sorts of drastic restrictions as to shipment of liquor the pros have at last prohibited by law shipment of liquor into dry territory in Texas from any point within or without the state, but permits you to go after it, but any sane man can easily see that the next law will be to prevent the introduction of liquor into dry territory. Voting dry now means "dry" something it never did mean before.

If you want "prohibition" that will forbid the use of liquor for any purpose in Callahan county; as a beverage or for medicinal use, you will vote pro. If you do not believe in such drastic prohibition, then you will vote against prohibition. Personally, it makes no difference to us how any man votes. If pro we can stand it as well as the most violent pro in the county. If anti we can stand that too. We can use the privilege to buy whiskey if we desire, or we can let it alone. We believe in justice to all; this plain, simple statement of facts is due the readers of THE STAR that they may know and fully realize that a vote for "prohibition" this time means much more than it ever did before in this county.

It simply means that eventually not a drop of intoxicating liquor, except sacramental wine, can be legally carried into prohibition districts in Texas. Some will likely tell you that you can still get all you want by going after it, but how many can go before that privilege is denied, which will be done just as sure as they have denied you the privilege of shipping liquor by express. If you are deceived about this by others, or deceive yourself you will have no one to blame.

A vote for "prohibition" means prohibition this time. Just remember this.

Editorial Note: The new law is not exactly clear, but is plain that its intention is to prohibit interstate as well as intrastate liquor shipments, even for medicinal purposes except under such restrictions as to be prohibitive in all but the large cities of this state.—Editor Star.

Dr. R. G. Powell, our representative, has returned from Austin, where he attended the first called session of the 33d Legislature. If all members of the Legislature had attended to business and played politics as little as Dr. Powell, there would have been no necessity for a called session of the legislature to pass the appropriation bills.

THE TAX RATE AND THE CAUSE OF ITS ADVANCE.

This illuminating paragraph was in the midst of one of our dispatches from Austin yesterday:

One of the things which seem to be worrying the Governor is the prospect that the revenue tax rate will be very considerable increased. Because in the past Governors have made the boast that they reduced the tax rate, the impression has become general that the Governor is responsible for the tax rate. As a matter of fact, such is not the case.

The Legislature is responsible for the tax rate though the appropriations which it authorizes. The automatic tax board, composed of the Governor, Comptroller and Treasurer, merely performs a clerical task in determining what the rate is as provided for by the Legislature. It is as though the Legislature should say, "the tax rate shall be two times two times three," and the board should say "twelve is the answer." Which explanation could not be excelled for simplicity and clarity. However, if the Governor must worry—and we counsel him against it most earnestly, if for nothing else than that it is liable to be superinductive of appendicitis—we think he can find much better and moving occasion for worry than the prospect—nay, the certainty—that the tax rate is going up.

It is going up, and it is going up like the road to Pike's Peak. But there are not many citizens so dull or so unjust as to pile upon his shoulders the onus for its precipitate elevation, nor any considerable part of whatever onus the circumstance may be thought to beget. It is going up because it was too low last year, too low the year before that and very much too low the year before that. Gov. Colquitt's share of blame for this steep increase will be mighty small; ex-Gov. Campbell's will be very much greater. It was he who, so much preferring a momentary applause to the State's welfare, suffered every institution in the State to deteriorate, and some of them to be dilapidated. Also he was moved somewhat by ignoble desire to embarrass his own successor.

We should say, at a guess, that 25 per cent of the taxes collected this year is rightly to be regarded as a deferred payment, or the penalty we are compelled to pay on the demagogic paralysis of ten years at least.—Dallas News.

"JUAN" HAS LIT.

Lockney, Texas, Aug. 25.—Yes, we have lit and have struck it rich, with many kindnesses shown and good things for the inner man by our kind dispensers in the shape of fish, fruit and vegetables raised on the irrigated plants and in the surface tanks belonging to our kind friends. Last week was pleasantly spent at the hospitable home of Mr. Kenady, wife and kind family, our niece, nephews and so forth, and to say we enjoyed it is expressing it mildly. We simply feasted on the fat of the land. Mr. K's. crops are good considering; but are badly needing rain. He is a good farmer and it is not his fault that a bumper crop was not produced, but he is not discouraged.

This week we are domiciled at the home of our kind folks, Lloyd Nichols and his hospitable family, and they are royally entertaining us. Lloyd is somewhat discouraged by the surroundings, but he is able to stand it and will "come again" and with success we predict, and as we tell him this not the first drought Texas has experienced by a blamed sight, but we hope it will be the last for a time anyway. These plains people are not easily discouraged and one and all have great faith in the grand future of their section, which with plenty of water rightly dispensed would be a thing "grand to behold."

Spent a while with our young nephew, Tye McGehee and family, who kindly met us at Plainview, and escorted and introduced us to the vast Lockney country. The city is located midway between Plainview and Floydada on a branch of the Santa Fe R. R. and is a place of vast pretensions, and her citizenship of the first order, religiously inclined

and politically all O. K. Uncle Bill, as I write this it is sprinkling rain, Oh for a general rain of the "root-soaking" variety to include grand old Callahan Co., "the land of the free and the home of the brave."

I note the marriage of our young friends, Mr. Parker Bond and Miss Gussie Odum of Cross Plains, whom we have known and appreciated ever since they were little tots and they are of the most prominent families of their section. Everybody knows Uncle Epp Bond, father of the groom and every man, woman and child knows and appreciates Rev. R. P. Odum, father of the bride and the best thing I can say for the "old-timers" gentlemen, is they are "fond-fimers" of the good variety and the contracting parties (God bless them) they are good too. We wish them a long and happy life and may their pathway be strewn with Heaven's sweetest roses.

Met an old Bell County friend of mine, Collier by name, and in talking of old times the following was related and is as true as gospel: Two prominent citizens were out for a spin behind a spanking bay horse in a red wheel buggy, and the aforesaid horse concluded that he would take a spin and off he started at lightning speed down the main street of the town and with a flick of every jump administered with a stont and willing hand. I assure you "there was something doing" for a few minutes. His horsemanship was finally corralled and brought to a standstill, when who should appear upon the scene but the City Marshal who arrested men, horse and all on a charge of exceeding the speed limit. And the aforesaid gentlemen successfully pleaded in open court before his Honor the Mayor that the blamed horse ran away.

Good rains have fallen north, south, east and west, but the city of Lockney still remains dry. "Wet or dry" how will she go on the 6th in old Callahan. Ask Otis Bowyer of Baird or Webb or Judge Blanton of Callahan.

Hurry up that general rain, Uncle Bill, and I will be with you.

"Juan."

We must have a Trades Day.

Sam H. Gilliland and family, of Coleman, spent two days this week with his brother, W. E. Gilliland. Twenty-six years ago the writer came to Baird to establish THE BAIRD STAR and Sam, who had been working with us as a clerk for J. D. Windham & Sons at Tecumseh for two or three years, went to Coleman. He married about twenty-three years ago and some of his children are grown and the eldest daughter is married. This is his first visit to Baird in twenty-three years. Fourteen years ago he was elected public weigher at Coleman, served two years, then six years as county treasurer, four years as tax assessor; out two years and three years ago was elected tax collector, which office he now holds. They returned home Tuesday. Miss Ruth Mae Gilliland, who had been visiting here for three weeks, returned home with them. We hope they will not wait so long before the next visit. Sam found a lot of old acquaintances in Baird that he knew a quarter of a century ago, among them Harry Meyer, E. Powell, Dr. Fraser, John Laird, J. B. Cutbirth, Jim White, Otis Bowyer, F. S. Bell, Henry Lambert and others. He tried to see all of them but his time was limited and he failed to find some of them.

FOILING A HEALTH STEALER.
The daughter of A. Mitchell, Bagdad, Ky., had a bad case of kidney trouble and they feared her health was permanently impaired. Mr. Mitchell says, "She was in terrible shape but I got her to take Foley Kidney Pills and now she is completely cured." Women are more liable to have kidney troubles than men and will find Foley Kidney Pills a safe dependable and honest medicine that contains no harmful or habit forming drugs. Holmes Drug Co.

LIND'S MISSION TO MEXICO IS FAILURE

DIPLOMATIC NEGOTIATIONS ARE BROKEN OFF THROUGH ENVOY OF PRESIDENT.

IS RETURNING TO AMERICA

Leaves Vera Cruz Aug. 29—Huerta Won't be Recognized by the Washington Administration.

City of Mexico.—Ex-Gov. John Lind, who was sent here recently as the personal representative of President Wilson, has been ordered to return to Washington and left Tuesday morning for Vera Cruz, where he will sail for his homeland on Thursday, Aug. 29.

This action means that the diplomatic negotiations between the United States and Mexico through the medium of Mr. Lind have been broken off.

On Monday night when Mr. Lind was asked for his opinion regarding the situation he said: "If I had the power to prophesy I would tell you what will be the outcome of the matter, but as I have not the power, I do not know what is coming." Mr. Lind appeared depressed and indicated by his actions that he had been disappointed in not being able to present the plan of President Wilson in a way which the Huerta government would receive favorably.

Word reached here from Washington that the president had outlined in his special message to congress on Mexican affairs that formal announcement shall not be recognized by the United States. It is also understood that all shipments of war supplies from that country into Mexico will positively be stopped and that the border patrol will be enlarged if it is necessary to enforce the neutrality laws.

\$400,000 FIRE LOSS AT TEAGUE.

T. & B. V. Railroad Storehouse and Shops are Greatly Damaged.

Teague, Texas.—Fire, which began in the storehouse of the shops of the Trinity & Brazos Valley railroad here at 2 o'clock Tuesday morning, did damage, which local railroad men estimate about \$400,000.

The flames spread from the storehouse to the back shops proper and all efforts to bring them under control proved unavailing.

Among the property destroyed were five locomotives and a baggage car in the shops for repairs.

All records of the mechanical department were in the storehouse and were lost. About 200 men were employed in that part of the shops destroyed.

The loss is estimated as follows: Back shops, including machine shop, boiler shop, blacksmith shop and tin and copper shop, \$290,000; storehouse and materials, \$75,000; rolling stock, including locomotives and baggage cars, \$125,000.

HARRY THAW NOT FRIGHTENED.

Speaks Sneeringly of His Old Prosecutor, Calling Him "Willie."

Sherbrooke, Que.—The arrival of William Travers Jerome, Harry Kendall Thaw's old prosecutor, the assumption by ex-Gov. William A. Stone of Pennsylvania of the position of spokesman here for the Thaw family pending the coming of Roger O'Mara, the Pittsburg detective, and the injection into the case of renewed talk of it assuming international aspects, were briefly the chief developments Monday in Sherbrooke since Stanford White's slayer fled from Matteawan.

If Thaw was terrorized by Jerome's coming he succeeded in concealing his feeling to all who visited him in his cell. Again he spoke of Jerome sneeringly, calling him "Willie" and insisted that his lawyers release a summary of Jerome's remarks made in 1908, when he said that no one had ever contended Thaw was insane.

Urges Militants to Take "Rest."

London.—Rumors of a truce between militant suffragettes and the British government seem to find support in a letter written by Mrs. Pankhurst to her followers, advising them to take a holiday for the present. She says: "I am gathering up strength for a renewed battle when the holiday season is over. I hope that every one of you also will take advantage of the present lull in political activity to take the rest and change you have all so richly deserved."

To Seek Federal Aid For Good Roads.

Jefferson City, Mo.—Gov. Major sent out requests to all governors of the United States asking them to appoint delegates to represent their states and asking them to come themselves to attend the United States Good Roads convention in St. Louis, Nov. 10-12. This convention will consider trying to induce the United States congress to extend federal aid to good roads. Gov. Major said that undoubtedly several propositions will be discussed and some action taken.

Confederate Home Appointed.
Terrell, Texas.—George W. Dollahite of this city has been appointed quartermaster and bookkeeper in the Confederate Home at Austin by Gov. Colquitt. Mr. Dollahite has accepted the appointment.

GEORGIA JUDGE FACES SERIOUS ACCUSATIONS

IF CHARGES SUSTAINED ANOTHER IMPEACHMENT CASE IN SENATE THREATENED.

ALLEGATIONS ARE SEVERE

Allowing Waste of Bankruptcy Estates and Unlawful Punishments Among Allegations.

Washington.—Charges, which if sustained, may be the foundation of another impeachment case in the senate are made against Federal Judge Emory Speer of the Fifth Georgia circuit in papers considered in a carefully guarded session of the house judiciary committee.

The committee had before it the report of an investigation into Judge Speer's conduct by Special Examiner R. C. Lewis submitted by the department of justice along with numerous affidavits and other exhibits.

It is probable that the matter may be formally brought up with a view of outlining plan of action by the committee in the event it should determine to report the charges to the house either favorably or unfavorably.

The most serious charges dealt with in the examiner's report are: That Judge Speer unlawfully permitted the wasting or dissipation of bankruptcy estates that came within his jurisdiction as federal judge.

That he presided in cases in which his son-in-law was interested as a contingent fee, with full knowledge that his decision would affect the fee of his son-in-law.

That he was guilty of imposing unlawful punishment for contempt in cases coming before his court.

That he ignored the mandates of the circuit courts of appeals and of the supreme court of the United States in certain cases.

That he was absent from his district when he should have been attending to his duties in court.

That contrary to law, he tried cases outside of his district.

There were other charges, relating to what the judge's accusers claimed to be arbitrary conduct, and one relating to personal habits. The accusations in part are reiteration of attacks made on Judge Speer from time to time during his many years of service since his appointment to the federal bench by President Arthur.

MOVE TO FREE PHILIPPINES.

President Names New York Man as Governor-General of Islands.

Washington.—President Wilson has made the first move toward carrying out the Democratic platform promise of independence for the Philippines when he nominated Representative Francis Burton Harrison of New York as governor general of the islands. The nomination of the New York republican came as a surprise to most people in Washington, but it is generally agreed the selection is a good one. Mr. Harrison is a young man of ability, integrity and high ideals with a private fortune which renders the \$25,000 salary attached to the post of governor general an object that the service he will be able to render the country and its wards on the other side of the world. He will enter on the duties of his new post with instructions to study closely the political, economic and social conditions of the Philippines people with a view to enabling the administration to devise at the earliest practicable moment a plan whereby the pledge of the Democratic platform to give the Philippines their independence may be put into effect. It is not to be expected, however, that there will be any haste about the matter.

Ray Skirts Under Ban.

Los Angeles, Cal.—Officials of Los Angeles have enjoined the wearing of the so-called X-Ray dress on the streets. Chief of Police Sebastian said if he found present laws inadequate he would recommend the passage of an ordinance specifically forbidding the public appearance of women in diaphanous raiment.

50,000 Missourians Spend Day on Road

Kansas City, Mo.—With blistered hands and sore muscles, 50,000 enthusiastic good road workers quit their work Wednesday night in Missouri after a strenuous day spent in "pulling Missouri out of the mud." Good humor was everywhere in evidence and nearly every man declared he intended to return the next day. Although mud interfered with the work of Gov. Elliott W. Major and Gov. George H. Hodges of Kansas, who had volunteered to help the Missouri executive, both governors declared they would make up for lost time. Each executive donned overalls.

Dedicate Largest Water Power Dam.

Keokuk, Iowa.—The largest water power dam in the world was dedicated here Tuesday. The plant, built at a cost of \$27,000,000 in the Mississippi river, where the states of Iowa, Illinois and Missouri join, is expected to develop 300,000 horse power. The dam, stretching nine miles of a mile across the river, is 12 feet wide at the top. It consists of 119 arches spans, each 30 feet between six foot piers. In each span is a spillway 32 feet high, topped by a steel gate 11 feet high.

FEET TAKE PLACE OF HANDS

English Woman, Born Without Arms, Has Taught Herself to Sew, Cook and Write.

At Eastbourne, says an English paper, resides a woman probably without an equal in the country. She was born minus arms yet she can do almost anything with her feet. Her name is Mrs. Peirce of Tower street, and recently she attended a dinner given to the old people of the town by the local lodge of Buffaloes.

She surprised everybody present by placing her feet upon the table, and picking up the knife and fork with marvelous dexterity commenced to enjoy the feast. She manipulated the knife and fork quite as well as any ordinary person would with her hands, and although she looked very uncomfortable with her feet on the table, she was quite at ease.

One had to look very closely to discern that Mrs. Peirce was actually using her feet, and had any one been looking round and had not known of her infirmity, they would have passed without noticing anything so natural did she look.

As a housewife, Mrs. Peirce is truly wonderful. She cooks the dinner, cleans the house; in fact, she fulfills—and very creditably, too—almost all of the duties of a housewife.

FINELY BRED ARCTIC HORSES

Experiment in Yukon May Mean the Development of a New and Important Industry.

A firm of miners has been making an experiment in the Yukon territory, in latitude about 63 degrees, which, if successful, promises to develop into an extensive and important industry in raising horses.

A pasture is maintained on the Duke river, where there is an abundance of fine pasture lands, and horses can live there all winter without being even stalled or fed other than by what they can themselves rustle.

Last summer 25 brood mares were imported from Vancouver, and all of them wintered fine. A number of mares were brought from Oregon, which foaled last spring, and all the colts lived and are making more hardy animals than their predecessors. Colts foaled farther north have grown into the hardest of horses, having become protected from the cold by the growth of a longer hair, similar to that of the buffalo.

Unimaginable.

Lord Exmouth was praising New York.

"But," he said, gravely, "New York is the most expensive city in the world. Why, it is more expensive than Monte Carlo. Ciro's is cheap beside your smart New York restaurants, where you can't get a good meal under eight or nine dollars, and the Hotel de Paris is cheap beside your New York hotels, where you can't get a good room under six or seven dollars."

"On the voyage over a German said to me: 'The last time I visited New York there were card sharps on the boat and I was cleaned out of \$1,000 in a crooked poker game.'

"Indeed!" I said. "I was very much interested. As this I asked, 'on the voyage to or from New York?'"

"The German gave me that look of scorn which we always give green-horns."

"The voyage to New York, of course," he sneered. "Imagine any visitor leaving New York with money to lose."

Oregon's Great Volcano.

The highest mountain now existing in Oregon, Mount Hood, is only 11,225 feet high, but there was a time, probably before the dawn of life upon the earth, when a great volcano towered far above Mount Hood, and probably several thousand feet. This was the great Mount Mazama. But thousands of years ago this mountain disappeared into the bowels of the earth, and all that is now left is the huge rim around Crater Lake, the inside walls of which are nearly 4,000 feet high and almost perpendicular. The crater is about six miles wide, and the lake within it is in some places 2,000 feet deep.

Epigram on Heraldry.

Alfred G. Vanderbilt blushed with a smile to a millionaire's lengthy description of his ancestors.

On the millionaire's departure Mr. Vanderbilt, whose knowledge of American heraldry is extensive, was asked if the man's claim was good. To this Mr. Vanderbilt epigrammatically replied:

"In family as in other trees you'll find that the smallest twigs rustle the loudest."

Much Left to Imagination.

"It takes a woman to find the words to say mean things about other women."

"Yes, but she can make meaner slaps by not finding the words. For instance, when she says: 'Of course, I don't exactly know anything about her, but—'"—Stray Stories.

Revised Diagnosis.

New Patient.—Doctor, what ailment is it? I'm shaking like a leaf.
Doctor.—Take whisky and quinine. What's your business?

PANAMA-PACIFIC INTERNATIONAL EXPOSITION, SAN FRANCISCO, 1915.

Copyright, 1912, by Panama-Pacific International Exposition.
ONE of the minor courts that will open out from the great exposition city upon a vast tropical garden upon the south. This court, a marvel of tropical transplanting, is south of the Court of Four Seasons. It is designed by Mr. George W. Kelham. The Panama-Pacific International Exposition will stand alone not only in its architectural treatment but in its setting at Harbor View, the exposition site, in the adornment of its huge interior courts and of its grounds, with hundreds of thousands of palms, flowers and rare shrubs and vines, and in the superb color plan created by Jules Guerin, world famous colorist. The theme of the exposition, the sculpture, and mural paintings will exalt the spirit of achievement through which America has completed the Panama canal. The theme of the great interior courts will suggest the meeting of the East and West.

ADMIRAL ITEMS.

We had a light shower here last week but it did not do much good. We noticed in last weeks Star that Mr. Walker got the premium for bringing in the first bale of cotton. If he gets one more bale we are under the impression that he should get another premium.

Miles Dawkins and family of De Leon, visited relatives here last week. Ray Boen, who has a position in a bank at Fort Worth, spent a few days with his parents last week.

Mr. Robert Black and Miss Ada Eubanks were with the crowd that went fishing last Monday and report a good time.

Walter Martin has returned from San Angelo.

Our meeting conducted by Revs. Johnston and Williams closed Aug. 17th. There were no additions, but from the number attending prayer meeting Sunday night, we are sure there was much good done.

Uncle Bob Harris and daughter, Miss Jennie, attended the funeral of Mitchell Tidale at Baird last week.

Mrs. Bud Linecomb and children, of Oplin, are visiting her parents, Mr. and Mrs. Weeks, and other relatives here this week.

Sam Wristen and family spent Sunday at Bud Andersons.

A number of Admirals attended the meeting at Cedar Bluff this week.

Prof. A. E. and M. D. Chatman have been attending the meeting at Turkey Creek. Prof. A. E. will teach our school next term.

Irvin Jones of Alvarado, is visiting his parents and other relatives here this week.

Mr. Neal of Buffalo Gap, is visiting his aunt, Mrs. Flora Smartt.

Mrs. Sophia Hill made a trip to Baird Monday.

My and Mrs. McWhorter are in Coryell County visiting relatives this week.

Mrs. R. C. Dawkins visited her brother, Bud Anderson last Sunday. He has just returned from a trip to the Pecos River. While out on the River he found an old relic near the old San Antonio crossing, and while fishing he discovered the single and double tree and the hind axle of an old tar pole wooden axle wagon, the kind used in early days. The relics are petrified and are in perfect form, even the rings on the end of the single tree being in position and embedded in the rock and shell and were partly under water and it was necessary to chisel them out of the rock. Mr. Anderson remembers in his boyhood days of hearing of a family by the name of Eastman being murdered by the Indians near this crossing in 1849 and it is the opinion of the pioneer settlers of the Sheffield country, near where these relics were found, that it is the remains of a wagon in which the Eastman family were traveling when attacked and murdered. Mr. Anderson stated that other parts of the wagon were buried in the rock.

"FERGUSON OF TROY" AT THE AIRDOME SAT. SEPT. 13TH.

"Ferguson of Troy," a Farce Comedy in 3 acts by Bernard Francis Moore, revised by Miss Franke Terrell, will be the attraction at the Royal Airdome, Saturday evening Sept. 13th, 1913. This entertainment is under the auspices of the Baird Fire Department and is being directed by Miss Terrell, and the interest shown indicates that the entertainment will be one of the chief event of the season. The personnel includes the best talent of our city, the cast is being very carefully selected. An orchestra, a number of specialties and a song being composed will add greatly to the diversity of the occasion.

The following was clipped from The Haskell Free Press under the head of "A Gala Week in Haskell". Among the attractions of the week was the home talent play "Ferguson of Troy" under the direction of Miss Franke Terrell, at Dick's Theatre. This was a very laughable and enjoyable production, and those taking part in it deserve compliment for the excellent manner in which they acted their parts.

Miss Terrell proved herself very capable in her management of the play.

OBITUARY.

God in his infinite wisdom has called from us our dear father, no words we could say, can express the heartache and sorrow of the griefed ones left behind. No words could be sadder than these, "I have no father now." We long for the touch of a vanished hand, and the sound of a voice that is still. Our pathway is hung with black, and somber cloud curtains, and the world seems empty and cheerless now, the heart has an aching void, that never can be filled.

Mr. C. H. Jackson was born July 23, 1856, and departed this life June 22, 1913, at his home near Putnam, after a lingering illness. He had been a member of the Church of Christ for twenty-five years, and was a faithful christian until his death. He leaves a devoted wife and two children.

It must have been a sweet relief to him when death's icy hand claimed him, he had no fear of death. We realize that he is at peace and has heard the words from the Father's lips, "Well done thou good and faithful servant, enter thou into the joys of thy Lord." Weep not dear mother, weep not dear brother for dear father is at rest. "Tis hard for us to say, "Thy will be done," but God knows best, "He doeth all things well." It will only be a few years of weary waiting until we shall all meet again Christ said, "Let not your heart be troubled; ye believe in God, believe also in me. In my Father's house are many mansions if it were not so, I would have told you, I go to prepare a place for you, and if I go and prepare a place for you, I will come again, and receive you unto myself; that where I am, there ye may be also."—St. John 14:1-4. Weep not dear ones, our father is waiting for us up yonder, where all is joy and peace, and where no tears are shed over our loved ones, for there is no parting there.

Dearest father thou hast left us, And our loss we deeply feel, But 'tis God that has bereft us, He can all our sorrows heal.

Yet again we hope to meet thee, When the day of life is fled, When in Heaven in joy to greet thee Where no farewell tear is shed.

Earth has lost its look of gladness Heaven seems more bright Since the spirit of our dear one Took its happy, homeward flight.

And we long to cross that river, Long to rest upon that shore, There to see, know and love him, With the Savior evermore.

His loving daughter, Tassie Jackson, Putnam, Texas.

OBITUARY.

No theme could be sadder, no pen could portray anything so sad as words in memory of a mother's death. No tears are so fragrant with the love of a bruised soul as those that bathe the vacant chair of dear old mother. Mrs. N. G. F. Robinson was born Sept. 17, 1833, in Arkansas. She was a member of the Baptist church and was a devoted christian. She departed this life June 27, 1913 at Cottonwood, Texas, after a long illness. She leaves seven children, six sons and one daughter; thirteen grandchildren and eight great-grandchildren to mourn her death. She often asked her loved ones not to grieve for her as she was willing and ready to go, so weep not, dear ones, our loved ones are at rest. She lives with Jesus where her loved ones can come to her and dwell for ever more. Were it not for the hope beyond the grave life would be bitter to us and our grief almost more than we could bear. Weep not for dear grandmother, but follow in her footsteps and be prepared to meet her in the beautiful beyond.

A precious one from us is gone, A voice we love is still A place is vacant in our home Which never can be filled, Peaceful be thy silent slumbers In thy grave so low Thou no more our sorrows know Yet again we hope to meet thee When the days of life have fled And in Heaven with joy greet thee Where no farewell tears are shed. We miss thy kind and willing hand Thy fond and loving care Our home is so dark without thee We miss you everywhere, By her loving granddaughter, Lizzie Robinson, Cottonwood, Texas

OBITUARY.

Postmaster Antoine Deloria, Gardner, Mich., speaks for the guidance of those troubled with kidney and bladder irregularities, and says "From my own experience I can recommend Foley Kidney Pills. My father also was cured of kidney disease, and many neighbors were cured by Foley Kidney Pills. Foley Kidney Pills will also help any case of rheumatism due to uric acid. They strengthen and build up the kidneys and correct urinary irregularities. Are tonics in action, quick in results. Holmes Drug Co.

TURKEY CREEK LOCALS.

News is a thing of the past here, everything is dull, the cotton is opening and soon people will be gathering the fleecy staple, although it will not take long to harvest the crop, can't people see it does not pay to be a farmer?

The Baptist meeting began here Tuesday, August 17, at eleven, but we regret very much to say it closed Wednesday night on account of the illness of our preacher, Mr. John Stewart and family of Rowdon, spent last Sunday at Turkey Creek and attended the services.

Miss Ida Taylor, of Clyde, was here during the meeting. Miss Ida is a very devoted church worker and one we need in a revival.

Misses Madge and Lola Lively spent last week at Admiral visiting Miss Lil Robinson and attending the meeting.

Mr. Ray Boen of Ft. Worth, who is visiting his parents at Rowden for several days, attended our singing Sunday afternoon.

Misses Edlie Arvin and Fannie Anderson made a flying trip to Cross Plains Tuesday afternoon.

Misses Albert and M. D. Chatham of Burnt Branch, and the Misses Burns, of Gouldbusk, called on the Misses Lively Tuesday afternoon.

Mr. John McElroy and family have returned from a trip to the coast, where they visited relatives.

Mr. Ed Duncan and family have gone to Brown county on a visit.

Mr. Otis Richardson left Tuesday for Fort Worth to enter school. We miss him very much and wish for him a speedy return.

Miss Maudie, of Burnt Branch, spent several days with Miss Ruth

Anderson and attended the meeting.

Messrs Walter, Erwin, Joe Jones Jodie Jones (Crutchfield) called on the Misses Lively Friday evening and treated them to a freezer of ice cream. This was served with cake and the evening was pleasantly spent in singing and lively conversation. Those Admiral boys are grand aren't they?

Messrs Bud Arrowood, of Dressy and Odum Ford, or Burnt Branch, and Misses Bill and Lola Lively visited Miss Edlie Arvin Thursday afternoon.

Mr. Early Higgins called at Mr. Lively's Tuesday evening, and we

have since learned he left Wednesday for Ft. Worth to work. His smiling countenance will be greatly missed.

Mr. Bud Anderson has returned from West Texas, where he has been prospecting. His son, Coleman returned with him. Think Mr. Anderson contemplates moving west in the fall.

Misses Edlie Arvin, Bill and Lola Lively spent Monday on the Bayou with quite a few of Rowden young people. "Sunshine."

STOMACH TROUBLE FOR FIVE YEARS

Majority of Friends Thought Mr. Hughes Would Die, But One Helped Him to Recovery.

Pomeroyton, Ky.—In interesting advices from this place, Mr. A. J. Hughes writes as follows: "I was down with stomach trouble for five (5) years, and would have sick headache so bad, at times, that I thought surely I would die. I tried different treatments, but they did not seem to do me any good. I got so bad, I could not eat or sleep, and all my friends, except one, thought I would die. He advised me to try Theford's Black-Draught, and quit taking other medicines. I decided to take his advice, although I did not have any confidence in it. I have now been taking Black-Draught for three months, and it has cured me—haven't had those awful sick headaches since I began using it. I am so thankful for what Black-Draught has done for me." "Theford's Black-Draught has been found a very valuable medicine for derangements of the stomach and liver. It is composed of pure, vegetable herbs, contains no dangerous ingredients, and acts gently, yet surely. It can be freely used by young and old, and should be kept in every family chest. Get a package today. Only a quarter."
