DEAF SMITH R.E.C. PRESIDENT A. W. ANTHONY JR.  
... "Many costs are beyond our control"

## Electric co-op eyes 42% increase in rates

Deaf Smith Electric Cooperative (DSEC) announced this week that its retail charges for electricity will jump an average of 42% between now and Nov. 1.

The 10-year wholesale power contract under which the DSEC is now operating expires in October.

DSEC officials say the expiration of that contract, plus increases in normal inflationary operating expenses, are causing the rate hike.

"The board of directors and management of your cooperative have exerted every effort possible to keep electricity costs in line," said Board President A. W. Anthony Jr. of Friona. "Cost increases, however, are inevitable. Inflation, increased government regulations, fuel costs, interest, and taxes; all these items and many more contribute to rising electrical costs. Many of these are beyond our control."

He added, "Wholesale power cost, depreciation, interest and taxes alone account for 89% of our total cost of electric service."

"We realize that an average 42% increase is considerably more than Deaf Smith

Electric Cooperative members have ever been asked to accept," Anthony said. "But we are forced to if the cooperative's financial integrity, quality of electric service, and payment of capital credit accounts remain at their present level."

## New Swiss miss has triple-kiss

By LINDA MAXWELL

"I like people here. Everyone wants to speak to me to see how girls are in Switzerland — if they are nice," says Isabelle Progin. "But I think everyone is surprised when I give them three little kisses in greeting, a custom from my village."

Miss Progin (pronounced PRA-gin, with a hard "g" sound), from Bernex, a suburb of Geneva, is staying with the Don Reeve family while she attends Dimmitt High School for a year under the AFS exchange program.

Her arrival in Amarillo Aug. 12 gave her "a great impression."

"Geneva is very flat, but completely surrounded by mountains," Miss Progin noted. "But here, everything is flat, flat, flat, with no trees, and it is HOT."

The few days she has already spent in school here caused her to comment that teacher-student relations are very different here from in Switzerland.

"In my old school, the teachers were very reserved toward the students. When the bell rings, it is 'goodbye, see you tomorrow,' and nothing more," Miss Progin explained.

"I don't know if it's just because I am an exchange student or not, but here everyone always asks if they can help me, and the teachers act almost like your parents — to talk, ask if you have problems and such," she continued.

Miss Progin's class schedule includes free enterprise, trigonometry, band, home management, Spanish, basketball and tennis.

"In Switzerland, all music and sports you have to pay for and do it after school, after

your homework," she said.

Miss Progin's native language is French, but she has studied English four years, plus Italian and German.

To Miss Progin, houses here seem long and low. She said in her country most of the houses are more than one story, some even three or four stories tall.

She rated Geneva, with a half-million in population, as a medium-sized town — "nothing like Zurich." Her old school had 4,000 students and her "village" has a population of 8,000.

Miss Progin said she felt that much of the friendliness she encounters is because Dimmitt is a small town.

Although Geneva is highly industrialized, Miss Progin said there are farms within 12 miles of the town, so she is familiar with some aspects of agriculture.

Her American mom, LaVon Reeve said that when they first met Isabelle at the Amarillo airport, "She was so nervous and scared, I think she forgot every English word she knew."

Miss Progin nodded agreement, adding that when the plane landed, her first thought was, "I want to go home."

"But as soon as we got in the car to go to Dimmitt, I knew everything was going to be okay," she said.

"I think all AFS'ers and their families are very, very brave to volunteer for such an experience — the strangeness and isolation, despite the many benefits and good aspects," Mrs. Reeve said.

Miss Progin has a 10-year-old brother, Stephane, back home. Her father is a supervisor for TV Suisse Romande,

West Texas feed grain farmers were dealt a much better hand last week as Congressman Kent Hance announced that they will receive higher disaster payments than originally announced by the USDA.

"After the USDA announced its disaster relief program on July 15, I asked Secretary of Agriculture John Block to reconsider the payment levels set for corn and grain sorghum," said Hance. "Before leaving Washington, I received a letter from OMB Director David Stockman stating that his department had approved the increases, and announcement by the USDA was expected shortly."

Originally, the USDA had set corn payments at 15 cents a bushel and grain sorghum at 18 cents a bushel. The new levels will be \$1.17 per bushel for corn and \$1.13 per bushel for grain sorghum and barley.

These payment levels are 90% of what they were under the prior disaster program that expired in 1981. This makes the payments for corn and grain sorghum in line with those received for cotton and wheat, Hance said.

"The Administration's decision to raise the disaster payments will of course help our farmers," said Hance.

"Many more of our farmers will be able to hang on for another year and hope we can get a farm bill passed that recognizes the problem on the farm are being caused by low commodity prices and killer interest rates."

"I'm elated," said Earl King, president of the Texas Corn Growers Association. "Congressman Hance did a fantastic job in achieving justice for the corn, milo and barley growers."

King and DeWayne Brown of Hart went to Washington July 23 to represent TCGA at a meeting with the Office of Management and the Budget and USDA officials. The meeting was set up by Congressman Hance to allow TCGA to make its case for higher disaster payments.

"We proved to them that corn farmers had more invested in their crop than any other farmers and were getting less in payments than any other producers," King said.

"There were a smaller number of acres of corn involved than there were in cotton," King said. "However, the corn farmers had much more invested in their crop and where they were hurt, they were hurt much worse."

"We told them, 'This is pure discrimination,' and proved it with facts and figures," King reported.

During the Washington meeting, King said, he asked Block why the big feed grain producers weren't receiving more aid.

He said Block's reasoning [Continued on Page 12]

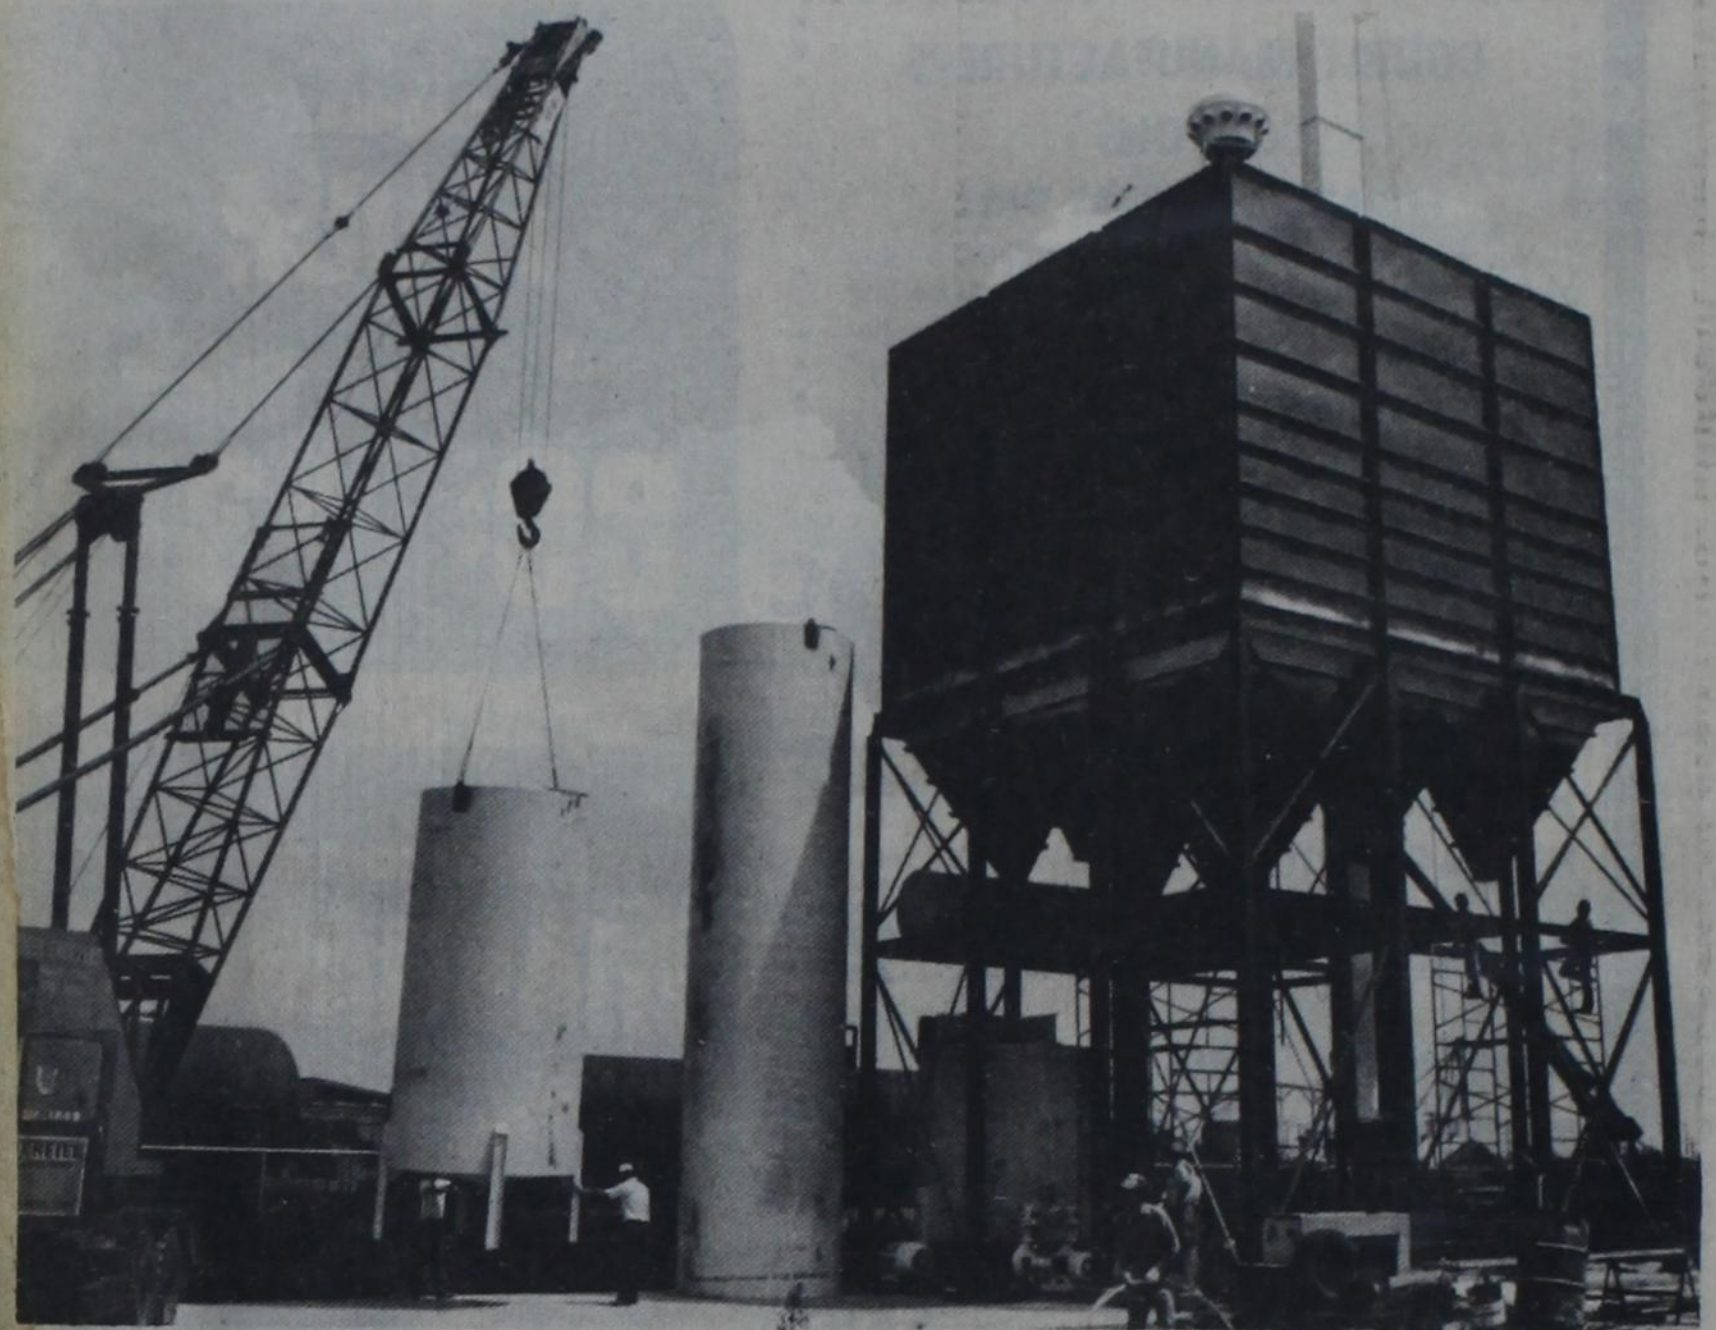

NEW A.F.S. STUDENT—Isabelle Progin of Geneva, Switzerland, helps her American mother, LaVon [Mrs. Don] Reeve, whip up a salad for dinner. "So far Isabelle has tried everything we have put in front of her, including many things she has never eaten before. She has already had her first Mexican

food. She is very appreciative of everything we serve. It's refreshing," Mrs. Reeve said. Miss Progin, 18, arrived in Dimmitt August 12, and has begun a year's study at Dimmitt High School as an American Field Service exchange student.

# Grainmen get new deal

SET IT DOWN EASY—A crane-hoist sets a liquid storage tank in place at the Cargill, Inc., Molasses Dept. plant in the 100 block of East Halsell Street Tuesday as a major expansion of the feed-blending plant continues. Mounted on steel

framework at right are eight new 50-ton storage bins, topped by a distributor head. The expansion project will give the feed-blending plant four to five times more production capacity.

## Cargill enlarging plant

You just can't hardly find construction going on anywhere in farming country right now.

But you'll find it at the Cargill feed-blending plant on East Halsell Street.

The Cargill, Inc., Molasses Dept. is defying the recession and carrying out a major expansion of its plant, which produces liquid cattle feed for area feedlots, dairies and range-cattle operations.

"The expansion will multiply our production capacity by four to five times, making this the most productive plant of the 18 operated by the Cargill Molasses Dept.," plant manager Stephen Burnett said.

The expansion also will increase the number of plant employees from four to nine, Burnett said.

New components being added include eight 50-ton storage bins, additional liquid storage tanks, and facilities for receiving dry ingredients by both truck and rail.

These components will give the plant a bulk dry-blending capability, using salt, potash, limestone and ammonium sulfate in a homogenous calcium liquid feed.

"The unique thing about this plant," Burnett explained, "is a 25-ton mixer

which will mix a truckload of feed at a time. It's the only mixer of its type in this part of the state, making our plant here the only one around with this truck-at-a-time capability."

The main liquid ingredients used by the plant are corn steepwater from the Dimmitt

Amstar Plant and seven kinds of molasses which are shipped here via Cargill's Houston port facility.

The Cargill plant is the second largest rail customer in Dimmitt now, behind Amstar. All its blended feed is shipped out by truck, keeping four trucks busy full-time.

That's the number to call if you have any information that could help solve a local crime.

In many cases, information that leads to an indictable arrest could mean a substantial reward for you.

And in all calls to that number, your identity will remain secret.

It's the private number of the new Castro County Crime Line, a citizen-operated reward program designed to help law enforcement agencies solve crimes and recover stolen goods.

Crime Line is launching its reward program this week with rewards totaling \$800 for its first two "Spotlight Crimes."

A \$300 reward is offered for information concerning the theft of truck tires and wheels from a truck belonging to John Gilbreath. The truck was located between Dimmitt and Nazareth, three miles north of Highway 86 on Farm Road 2567 and three miles east on a dirt road.

The tires are 10-900x20 Firestones and have an estimated value of \$2,000. The wheels have scorch marks

where they had become hot in a fire.

A \$500 reward is being offered for information about a burglary at the Tony Lupton residence one mile east of Summerfield.

The burglary occurred between Aug. 7 and 8, and the estimated value of items taken is \$2,760.

Items taken from the residence include a Realistic brand stereo with a cassette player and radio, four stereo speakers, a stereo component cabinet, 40 cassette tapes, a 19-inch Zenith color television set, a Sharp microwave oven and approximately 500 pounds of frozen meat and vegetables.

If you have information concerning either of these crimes, call 647-4711. When you call and give information, the Crime Line method will be explained to you — how to retain your anonymity, collect the reward, etc.

If you wish to donate to Crime Line, you may mail your contribution to Castro County Crime Line, Inc., P.O. Box 1111, Dimmitt. The reward program is supported entirely by contributions from the public.

#### OUT OF TOWN

Jim and Vicki Giffin of Corpus Christi are the parents of a girl, Kathryn Esther, born July 22 in Spohn Hospital in Corpus Christi. Due to her premature birth, the infant only weighed 3 pound and 14 ounces, but is reported doing fine now. Grandparents are Thelda and Bob Lang of Austin and James and LaDonna Giffin of Michigan. Great-grandparents are Willis and Fredda Hawkins of Hart and the late M. F. and Esther McRee. The baby also has a nine-year-old sister, Robyn.

BY conservative estimate, more than 30 percent of the adult population is overweight. While we hear about numerous health problems associated with being overweight, few consider the consequences to their feet, says Dr. Mary Ann Shirer, health education specialist with the Texas Agricultural Extension Service. Some ways that feet show the abuses of obesity include swelling, calluses, corns, heel pain, and ingrown toenails.

## 1982 Soybean Yield Contest announced

Soybean producers once again have an opportunity to compete for top honors in the Texas Soybean Yield Contest.

The 1982 contest is being sponsored by the Texas Soybean Association and Elanco Products Co. in conjunction with the Texas Agricultural Extension Service, announces Dr. Arlen Klosterboer of Beaumont, Extension agronomist.

"The contest is designed as an educational tool to stimulate interest in soybean production," noted Klosterboer. "Benefits include the development of worthwhile cultural information, cooperation within the industry to increase production efficiency, and recognition of individuals who achieve superior yields."

Interested producers should

contact their county Extension agent for contest rules and entry forms, points out the agronomist. All entries must be in by Sept. 1.

Each entrant must grow at least 50 acres of soybeans and designate at least five acres to be harvested. There may be only one entry per entire farm operation. Measuring of the land, harvesting and weighing of the soybeans will be supervised by a three-member County Soybean Contest Committee.

According to Klosterboer, awards will be presented to the top three producers in the irrigated areas, Northeast Texas and Coast Prairie. Then the state champion will be selected from among the nine area winners. Winners will receive appropriate plaques along with various amounts of Treflan or Surflan, depending on their placings.

The state champion will receive a trip for two to Mexico.

Award presentations will be at the annual meeting of the Texas Soybean Association in early 1983 in southeast Texas.

The agronomist also points out that entering the contest makes producers eligible for membership in the Texas 60 Bushel Soybean Club or the Texas 70 Bushel Soybean Club, should they reach either of these yields.

## Tractor conference to be held Sept. 1

Agricultural engineers, economists and tractor specialists from industry and the Texas Agricultural Extension Service will share with farmers and implement dealers ideas to improve tractor efficiency at a daylong conference here Sept. 1.

The "Big Tractor Conference" is designed to help area farmers make the most economical use of their tractors and assist equipment dealers in matching the most desirable equipment to their customers' needs, said Elston Grubaugh, Extension agricultural engineer at Lubbock.

The conference at the South Park Inn, South Loop 289 at the Indiana Avenue exit, begins at 10 a.m. Registration opens at 9 a.m. A \$7.50 registration fee includes lunch and conference proceedings.

Opening the conference will be Warren Lenius, test department manager for Versatile Manufacturing Co., Winnipeg, Manitoba, Canada. He will examine the place of increasing horsepower on the farm.

High speed farming with two-wheel-drive and four-wheel-drive equipment will be discussed by J. Charles Steinman, factory marketing manager for John Deere Tractor Works, Waterloo, Iowa.

The use of computerized management tools to analyze tractor costs will be explained by Extension agricultural economist, Gary D. Condra of Lubbock.

Bob Beaman, merchandising manager for Stieger Tractor Co., Fargo, N.D., will report on electronics, the "wave of the future" in agricultural tractors. William P. Simpson, product information specialist with J. I. Case Co., Racine, Wis., will discuss tractor weighting and its effect on performance.

Tractor size and implement matching will be covered by Wally Post, Arlington district manager for Allis Chalmers Corp. A comparative analysis of radial and bias-ply drive wheel tractor tires will be made by Lyle Bohnert, senior field development engineer for B. F. Goodrich Co., Franklin Park, Ill.

The role of four-wheel-drive tractors in row crop farming will be examined by Dave Hess, advanced design manager for crop production systems, International Harvester, Hinsdale, Ill.

Soil compaction and its management will be dis-

cussed by Edwin Colburn, Extension agronomist and soil management specialist, College Station.

The program will conclude with a panel discussion by area farmers and equipment dealers. Henry O'Neal, Extension agricultural engineer from College Station, will moderate the discussion.

BLUE CHEESE is made with blue mold. However, the mold is good to eat and lends the cheese a distinctive flavor.

**FHA program kicks off school**

By VIRGIE GERBER  
The new school year opened Monday morning with a special children's mass at 8:00 in Holy Family Church with Rev. Father Harold officiating.  
At 8:45 a large crowd attended the official opening of school with a program provided by the FHA girls and their teacher Beth Buckley. Nathan Hoelting and Carrie Wethington portrayed Uncle Sam and Betsy Ross. Father Harold gave the opening invocation and Mr. Mason introduced old and new teachers for the year. The Pledge of Allegiance was said at the flag raising ceremony.

at Holy Family Church with Father Harold officiating and a reception at the Nazareth Legion Hall.  
Denis and Judy Hoelting and children have returned to Colorado after visiting here with the Greg Hoeltings.  
Paul Gerber spent several days with his parents, the Leonard Gerbers. On Sunday, the family enjoyed boating at Lake McKenzie.  
Mr. and Mrs. Albert Kuehler of Vega and Mrs. K. W. Homer of El Cajon, Calif. spent Sunday with the Rose and Carol Birkenfeld families.

The Senior Citizens enjoyed a birthday party for those having birthdays in August. They were Rose Warren and Cel Wilhelm. They also had election of officers with Dora Albracht being re-elected for another year as president, Christine Braddock vice-president and Lucille Drerup secretary-treasurer.

**Kurlie Q's**

The Kurlie Q's Square Dance Club is trying to make arrangements for a "Toys for Tots" dance to be held in November, but so far we haven't been able to line up a building big enough to handle it.

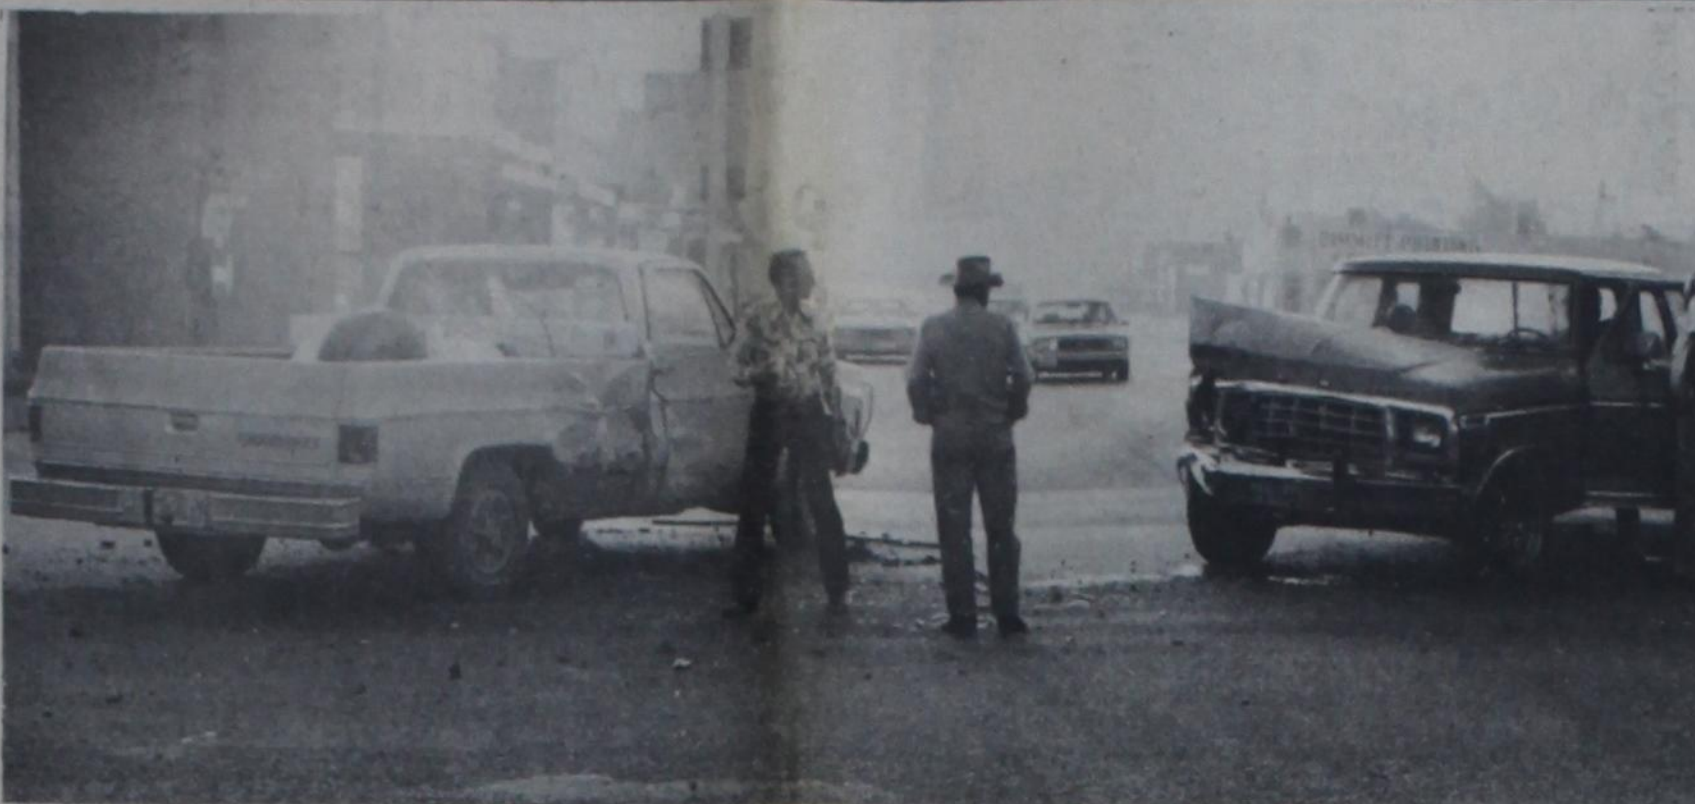

We meet each Sunday at 7:30 p.m. at the building across from Farmers Supply on West Jones Street in Dimmitt. It's a nice building, but not big enough for a special dance.

Our square dance students are coming along great, and their graduation is scheduled for Sept. 19. We have three squares taking lessons. Also, Bill Harman is giving round dance lessons on most Sundays. Cindy Reynolds, a beginning caller from Dimmitt, calls tips sometimes, too.

Our regular caller is Sid Perkins of Plainview.

Sunday will be our Fifth Sunday Special, and we'll have an ice cream party.  
The square dance students celebrated being three-fourths of the way through the course a couple of weeks ago with a pot luck supper. Dancers were present from Plainview, Hereford, Hart, Amarillo, Olton and several other towns. The out-of-towners were given a special thanks for attending.

Ben and Erma Kennedy, president of the club, along with several other members, attended the Panhandle Square Dance Association Dance at Bunavista in Borger Aug. 14.

**FOGGY MORNING CRASH**—Traffic at the Broadway-Bedford intersection had to be rerouted around this accident scene last Thursday morning after the Chevrolet pickup at left, driven by James Bradford, collided with the Ford pickup driven by Ricky

Meason. Investigating officers said Bradford was traveling east on Bedford when he turned left onto Broadway, into the path of Meason's oncoming pickup.

**Kirby to head MD telethon here**

Dimmitt will again be one of the 34 cities taking part in the Panhandle segment of the Jerry Lewis Labor Day Telethon, with their own pledge center located at the County Expo Building.

Anthony Kirby is serving as

coordinator for the Dimmitt Pledge Center which will be open throughout the telethon from 1 p.m. Sunday, Sept. 5 until 9 p.m. Monday, Sept. 6. A special phone number, 647-4167, has been assigned for use by the people of Castro County to phone in their pledges.

Originating from Las Vegas, the 30-hour TV Mara-

thon is held to benefit the medical services and research programs of the Muscular Dystrophy Association (MDA). Telephone pledges and donations made through the Dimmitt Pledge Center, to be manned around the clock by the Castro County Lucky CB Club, will be credited to the citizens throughout the telethon.

The Panhandle show will again be broadcast by KFDD-TV 10 in Amarillo and will feature Mark Robertson-Baker and Ken Baierl as emcees. They will interview patients from pledge center towns, and will recognize various fund-raisers throughout the Panhandle, in addition to first hand reports of pledge center activities.

## Treat now to stop peach tree borers

By ALLEN KNUTSON  
EA — Entomologist

Peach tree borers are the major pests of peaches in our area. Borers weaken and kill trees by feeding on the cambium layer present just beneath the bark. Homeowners can now protect their peach trees with a single application of chloropyrifos (Lorsban®)

insecticide applied in late August.

The peach tree borer is the larval stage of a clearwing moth. These moths, which resemble wasps, fly during the day in August and September to lay eggs on the trunks of peach trees. Newly hatched larvae bore into the bark to feed. Borers mature in 10-11 months and emerge from the soil as adults.

A single application of chloropyrifos in late August will kill hatching larvae before or soon after they tunnel into the tree. Thoroughly wet the trunk of each tree, but no not spray any fruit remaining on the tree. The Green Light Company markets a 12.9% chloropyrifos spray for peach tree borers. Always read and follow label instructions carefully.

**DRIVER HOSPITALIZED**—This 1973 Chrysler sedan, driven by Gonzalo Reyes, was heavily damaged when it struck the back end of a tractor-semi-trailer that was legally parked along US 385 nine miles north of Dimmitt last Thursday night. The truck,

owned by Dave's Service Center of Floydada, was only lightly damaged, officers reported. Reyes was admitted to Plains Memorial Hospital overnight for treatment of bruises and abrasions.

## Rotary plans Concert goers race, tourney need to renew

The Dimmitt Rotary Club met Friday and considered entering the Harvest Days bed race and the construction of the bed.

The Rotarians plan to host a softball tournament Sept. 9, 10 and 11.

It was reported that the club made \$948 from the concession stand at the junior ball park this summer.

SNAILS ARE known to take many naps.

Former members of the Plainview Community Concert Association are alerted that invitations to renew their memberships have been mailed, according to headquarters secretary, Mrs. Earl W. Miller.

Four varied concerts are listed on the 1982-83 series: Mary Jane Johnson, operatic soprano who won the Pavarotti International Voice Competition; "Ballet Folclorico Nacional de Mexico;" Big Band Cavalcade, and Max Morath, versatile ragtime pianist, singer, and comedian.

Campaign workers' packets are to be picked up Tuesday, Sept. 7 and 7 p.m. at the Centennial Room, Hale County State Bank, according to membership chairman, Mrs. J. B. Wheeler. New members are welcomed during the campaign days, Sept. 7-18. Memberships are \$15 for adults and \$10 for full-time students.

John Clayton, president of the Association, sent a letter to former special gifts donors to renew their gifts of Founders at \$100; Patrons, \$50; or Sustaining Members at \$25. Others wishing to give may send a check to Plainview Community Concert Association, P.O. Box 1512, Plainview, 79072-0026.

## Football teams to be honored

The Youth of the First Baptist Church of Dimmitt, 1201 Western Circle Dr., are hosting a special service on Sunday at 7 p.m. Special guests to be recognized will be the football players and coaches of Dimmitt High School.

All Dimmitt players and students are invited. A special football fellowship will be held following the service for all young people in the seventh grade through college age.

Mr. Bruce Ammons, the Church Youth Director, invites all Dimmitt youth (and parents) to come either to the service at 7 p.m., or, if this conflicts with other church services, to come to the fellowship at 8 p.m.

## Coaches happy with scrimmage

Local football coaches were pleased with their teams' performances in last week's scrimmages as Dimmitt, Nazareth and Hart teams tested their skills against the first opponents of the season.

Dimmitt traveled to Kress Friday for its opening scrimmage.

"We were extremely pleased," said Bobcat Head Coach Gene Griffin. "We were much further along defensively than we expected to be."

"Our first team scored once and they didn't score. Their second team scored once

against our second team and we didn't score," Griffin said. "Offensively, we moved the ball well. We made some little mistakes that only time will take care of."

Griffin said his team would work on developing offensive continuity and moving the ball consistently.

Nazareth Coach Ken Cole was pleased with his team's "effort and desire."

"Our offense was a little better than I expected," Cole said. "We were pleased with the play of our two quarterbacks, Johnny Schmucker and Sidney Gerber."

"In general, the offensive linemen played well," he said. "Our effort was good on defense but our techniques need improvement." Nazareth outscored Claude three touchdowns to one.

Hart Coach Ken Hoskins and the Longhorns traveled to New Deal Friday, where they were outscored 2-0 in touch-

downs. "Our effort was good," said Hoskins. We weren't lacking in desire and want-to. "Our kids did well," Hoskins said. "We're real young and inexperienced at several positions, and New Deal had lots of starters back. So, I feel we did real well considering who we played."

"We have to work on blocking in the line and backfield. Our defense needs to work on responsibilities. We forgot what to do a couple of times and it cost us two touchdowns."

Hart will host Lazbuddie Friday at 6:30 p.m. Hart's JV will scrimmage Dimmitt's freshmen today (Thursday) at 6 p.m. at Hart.

The Bobcats host Farwell in a scrimmage Friday at 6 p.m. Both the JV and varsity will play.

Nazareth travels to Whiteface today (Thursday) at 6:30 p.m.

## Cub Scouts to sign up today

It is time for interested young boys to sign up for Cub Scouts. The new cubs must be between 7 and 10 years old.

School teachers have memorable trips

By MARY EDNA HENDRIX
Summer activities of some of the school teachers!

Mr. and Mrs. Jim Peggram and Kimberly went to Bikes-ton, Mo. to visit their daughter and family, Rev. Mike and Kristy Pennington and little daughter Bethany. Then they all had a wonderful trip to the East Coast. They visited Jamestown, Va. and Monticello, Washington, D.C., Philadelphia, New York City and Niagara Falls. Jim is principal of the Nazareth Schools and Shirley is a teacher there. Kimberly is a music major in Wayland University.

Terry, Zelda and Tiffany Ellison spent some time on Terry's uncle's houseboat at Elephant Butte with his uncle and aunt, Lawrence and Marge Hefner of Socorro, N.M. Zelda told me it was very relaxing. They did a little arrowhead and relic hunting, too. Terry is assistant principal at middle school and Zelda teaches English in the same school.

J'Lyn Ryan told me the Board of Education and administration of the Dimmitt schools hosted a get acquainted party for all new members of the faculty on Tuesday evening. Forty-four persons enjoyed homemade ice cream and cookies as well as games of party bridge. Robert Ryan is Superintendent of Schools and J'Lyn teaches in high school.

Alfons Homscheid from BadHonnef, Germany has been visiting William and Rosetta Bellinghausen. His granddad and William's grandmother were brother and sister. He teaches short-hand, bookkeeping and typing in Germany. While he was here they took him out to K-Bob's to eat and he showed pictures of Germany, also a map. Others visiting in the Bellinghausen home with the guest from Germany were Celestine Maria Bellinghausen, Earl Backus, Mary Buxkemper and young son David, all of Nazareth.

John and Faye Walker had a "busy summer" going to family reunions and entertaining grandchildren. Faye attended a workshop in Amarillo "Reading in the Content Area." They went to a family reunion at Singing River Ranch, N.M. (near Red River). And of course it was a fun time while their grandchildren were here. In July they had a wonderful trip to Yellowstone National Park. Faye said it was a beautiful place and they had a great time. John is a farmer and

Faye teaches in middle school. The last week in July Faye flew to Austin with Charlie Wohlgenuth and Gainell Minnick for a two-day 2C2A workshop.

Cliff, Avie, Kerry and Ronna Lewis went to Winters to visit with Cliff's mother. Cliff and Kerry had time to do some fishing while they were in that area and Avie and Ronna shopped in Winters and Abilene. When they came home they invited Joyce and Joe Higgs and children, Cara, Mandy and Brian, and Wade and Walter Maynard and son, Wyette for dinner one evening. They spent several hours after dinner seeing who could tell the tallest tale and keep the others in stitches. It was unanimous, Joe Higgs won! Then on Saturday, Cliff and Avie celebrated their 18th wedding anniversary by shucking and freezing corn! Avie's mother, Geneva Justice, forgot their anniversary for the 17th year in a row. She has about six dates to remember in August and can't get them all straight. Anyway on Sunday Geneva and Virgil took the Lewis family out to eat to help them celebrate. Cliff is associated with his father-in-law at Justice Real Estate and Avie teaches music in kindergarten, and first, second, and third grades in Richardson Elementary School, about 375 students per day!

The Thursday Bridge Club met at the Senior Citizens Center for lunch and a day of bridge playing. Emily Clingingsmith was hostess to three tables of bridge. Faun Welker was high scorer and Johnny Vannoy was second high. Others playing were Susie Reeves, Louise Mears, Oleta Schumacher, Betty Cartwright, Ferne Dickey, Cleo Forson, Jo Gregory, Opha Burks and Helen Richardson.

Oleta Gollehon was discussing a program she saw on television and Ettie McDermitt said there was nothing but ballgames on her television set!

Ruth Coleman entertained the Friday bridge club at the Senior Citizens Center with lunch and a day of bridge playing. Cleo Forson won high score and Faun Welker was second high. Others playing were Josie Bradford, Cletha Goerge, Opal Bearden, Johnny Vannoy and Tina Rawlings.

Oleta Gollehon and I went to Amarillo on Thursday and ate lunch at the Lettuce Works where her grandson, Ron Rankin, works. We had just stepped in the door when a girl came from a table and started hugging us both. It was Susie Phillips, daughter of Aural Davis. The place was filled with teachers. Susie teaches at Stephen F. Austin. We had seen her once before this summer when she had injured her shoulder. Aural went up to help her and fell and injured her ankle. Aural told me her other daughter, Janis Thibault and three children, Emily, Erica and Erin, had visited for two weeks this summer and then Aural drove home with her and stayed awhile and flew home.

Geneva Dennis drove to Midland on Friday, picked up her daughter, Decimae, and they drove on to Goldthwaite to visit Geneva's son and

Decimae's brother and family, Dr. Douglas Dennis, his wife Mona and sons Brent and Eric. On Saturday morning they all went out to watch Eric in football scrimmage. That evening they all went to a restaurant and ate catfish. Brent will be entering Baylor this fall. Geneva and Decimae came back to Midland on Monday and went to a friend's home for a hamburger cookout with all the trimmings and homemade ice cream. Geneva returned home on Tuesday.

It was a lovely wedding in a beautiful church. That was the wedding of Kay Miller and Craig Vandiver in the First Baptist Church in Pampa. I went with Aural Davis and we left early enough to allow time for us to wait on trains to pass by, to hunt for Highway 60 and then to hunt for the church in Pampa - we just barely made it! These are the people I saw that I knew: Rev. and Mrs. John Street, Elmer and Mazzee Youts, John and Sue Merritt, Billy Gwynn Davis, Teresa Parsons, Ricky and Randy Morgan, all of Dimmitt, Mary Francis McGaughy, formerly of Dimmitt, Dr. and Mrs. Perkins from Littlefield, and Andy and Teresa Kemp, and Carla Kemp from Fort Worth. Aural Davis went to Amarillo on Wednesday to help her granddaughter celebrate her birthday at McDonald's. This was Julie Phillips,

daughter of Bobby and Susie Phillips. Julie invited 12 of her friends and they were served hamburgers and cake with "Happy Birthday Julie," and a McDonald clown on the icing. The children enjoyed the balloons and hand puppets that McDonalds gave each one. Susan (Benson) Royal and daughter, Jennifer were among the guests. Can you picture Pam Nutt a brunette?

Lena Allen entertained her granddaughter for nearly two weeks, Aundra Almond, daughter of Bob and Tommie Lou Almond from Fair Haven, N.J. Bob is a chemical engineer with DuPont. Lena took Aundra to Tulia to visit relatives and then some of them came over for Sunday dinner - Edward and Virginia Devin, Loyd and Margaret Devin, and Lola Devin. The Devin men are Lena's brothers.

Gladys Leeth and daughter, Kathleen Foster, have had company in their home re-

cently. Gladys' brother, Alvis Dodd and wife from Alvord, and Virgie Massey and Evelyn Gorden from Oklahoma City.

The Recreation and Youth committees sponsored an old-fashioned food pounding at the Baptist church for Mr. and Mrs. Bruce (Ruthie) Ammons who married recent-

ly. Bruce is a third year ministerial student at Wayland University in Plainview and is youth director here in Dimmitt. Ruthie will be teaching school in Friona.

AMERICAN PATRIOT Patrick Henry became a lawyer after failing twice as a storekeeper and once as a farmer.

Becalmed This happy crew doesn't mind too much being becalmed because they can always break out the oars and row to shore, though it may cut down on the fun of their outing. But what happens when we get becalmed in the midst of life? Where do we look for oars and which way is the shore? Then above all we need some word of direction and reassurance from the world invisible to help us resume our journey. The Church proclaims this word of direction and reassurance for man who waits in this life for fulfillment from beyond. From the Bible the wind of the Spirit blows fresh and strong to send us on our way through this mysterious life confident and unafraid.

CALF BUYERS BUY NOW - SELL NOW More hot, dry weather in Central Texas is causing a large number of calves to be marketed. It may be a good time to get your calves and yearlings bought, as well as contracting them back. Many of these calves are selling at prices which would make a good profit today on a buy-sell basis for future delivery. We look for the calf market to stay strong due to the strength in the fat market, cheap grain, and generally good moisture conditions. We are making six to eight auction sales daily in the Central Texas area and we can fill your order quickly, either Okies or Crossbreds. We also have been crossing large numbers of Mexican calves. Most of these cattle are in the 200-400 lb. range and are in outstanding condition. These cattle are all thin yearlings and all steers. You have to see how thin these cattle are to believe it. Large strings of ranch calves all across Texas are now being offered for sale. Most of these calves are in the 475-550 lb. range. We have been receiving a large number of ranch calves every week, with many more Sept-Oct calves still to come. These cattle go straight from the ranch to you. Whatever your calf needs are, please give us a call. BONDED FOR YOUR PROTECTION CLIFTON CATTLE CO. Clifton, Texas 817-675-8692 JIM HUTCHESON NIGHTS, CALL 817-675-3824

SOME families seem to be able to handle the ups and downs of everyday living with greater ease than other families, says Dorothy Taylor, family life education specialist with the Texas Agricultural Extension Service. What makes one family stronger or more capable than others? Research studies during the past decade have identified several common threads among many successful families. In strong families, members are united; they are all working toward the same goals. They value their family ties and spend time working and playing together, getting to know each member better.

MRS. NORRIS WAYNE COLE She's the former Luanna Clara Hayhurst.

Couple establish home in Dimmitt

Mr. and Mrs. Norris Wayne Cole are making their home in Dimmitt after a wedding trip to Las Vegas, Nev., following their Aug. 14 wedding in Tulia.

Mrs. Cole is the former Luanna Clara Hayhurst, daughter of Mr. and Mrs. Wesley Hayhurst of Tulia. She attended Texas Tech University and West Texas State University.

Cole is the son of Mr. and Mrs. David Cole of Dimmitt. A graduate of Dimmitt High School, he attended Texas Tech University. He currently raises quarter horses and operates a custom cattle feeding operation in Dimmitt.

The couple were wed in a formal, evening ceremony in the Central Church of Christ of Tulia with Harold Kenamer, minister, officiating.

The bride was attended by Cally Mote of Tulia as maid of honor, along with bridesmaids Barbara Wheeler of Lubbock, cousin of the bride, Leslie Hamilton of Bryan and Delisa Vaughn of Tulia.

Robin Ryan of Dimmitt served the groom as best man, and groomsmen were Morris Cole of Dimmitt, brother of the groom, Tim Huckabee of Andrews, and Claude Schilling of Dimmitt.

Jennifer Hayhurst of Clinton, Okla., niece of the bride, served as flower girl. Cary Tucker of Tulia served as the ring bearer. Candelighter was Becky McKone, cousin of the bride. Becky Andrews of Dimmitt registered guests.

Ushers were Cary Taylor of Abilene, Cal Huffaker of Tahoka and Mark Ramirez of Lubbock.

In keeping with tradition, the bride wore a diamond ring of her mother's for something old, a strand of pearls given by the groom for something new, a garter worn by the groom's mother for something borrowed and a garter made by her aunt, Mrs. T. A. Hayhurst, for something blue.

The bride's dress was a formal, floor length gown of sheerganza, Wedgewood lace and Venice lace over bridal taffeta. Designed with a high neckline, natural waist and bouffant skirt, the dress featured inserts of Venice lace decorated with sequins and seed pearls at the neckline

and waist and inserts of Wedgewood lace on the bodice and skirt. Rows of ruffles on the skirt fell in waterfall-fashion, and the full back ended in a sweeping semi-cathedral train.

Her derby hat was complemented with matching Venice lace and accented with imported illusion. She wore quantelets of matching Wedgewood lace and carried a bouquet of solid white roses.

Her feminine attendants wore lavender floor-length dresses of taffeta. Rows of ruffles accented the sleeves. Sashes at the waist flowed down the back. They carried free-form bouquets of two tones of lavender daisies, yellow daisies, and baby's breath. Baby's breath was also worn in their hair.

Music was provided by the His Image Singers, and included "A Wedding Song," "Evergreen," "Endless Love," "Ice Castles," "Annie's Song," and "Wither Thou Goest." The group also sang the processional and recessional.

Church decorations included a centered archway of greenery and candles, flanked by candelabras and candle trees beside the candelabras. The podium was decorated with an urn of Boston ferns, and the aisle pews were accented with lavender bows and greenery.

Following the ceremony, a reception was given by the bride's parents in the fellowship hall of the church.

Boston ferns were placed at the doorway leading to the receiving line. The bride's table was covered with white lace and a lace overlay accented with lavender bows. The four-tiered cake of solid white was complemented with lavender streamers. The cake was made by Mrs. Myrna Dickey. A centerpiece of lavender gladiolas in crystal was accompanied by crystal candleholders with white candles.

The groom's table was covered with a beige lace cloth and graced with brass accessories. A chocolate cake in the shape of a western boot was served, along with a tray of fresh fruit.

Susan Rousseau of Tulia and Tammy Pletcher of Perryton served at the bride's table, and Melanie Sturgess of Tulia served at the groom's table.

Houseparty members were Mary Jennings, Myrna Dickey, Penny Sturgess, Peggy Stevens, Ann Loring, Sherry Vaughn, and Gene Hayhurst, all of Tulia.

A reception followed in the SMU Faculty Club. Hopson to help Richards

State Sen. Mike Richards, candidate for state comptroller, announced this week that he had appointed Mrs. V. C. (Dorothy) Hopson of Dimmitt as his campaign director for Castro County.

"I am proud and inspired to have someone like Dorothy actively involved in my campaign," Richards said. "Dorothy is just the kind of person that our campaign is built around - community and family-oriented individuals who are proud of Texas and want to be proud of our state's leaders."

Mrs. Hopson met with Sen. Richards personally during his recent campaign trip to Dimmitt.

"Mike Richards is the kind of man that we need handling the financial affairs of Texas," Mrs. Hopson said. The comptroller of Texas is the chief financial officer of our state and he should be the sort of individual who exemplifies integrity, stability, prudence, wisdom and character in all aspects of his life. I have visited with several people who know Mike and his wife Cynthia personally, and all think he is a man of high character and priorities," according to Mrs. Hopson.

# Kittrell-Marble vows read Saturday evening in Hart

First Baptist Church of Hart was the setting for the Saturday evening candlelight nuptials that united Theresa Kittrell and Marlin Marble. Rev. Jack Lee, church pastor, directed the recitation of vows for the double ring ceremony at six o'clock.

The bride is the daughter of Mr. and Mrs. Jerry Kittrell of Hart. She is a graduate of Hart High School and a junior at West Texas State University in Canyon, where she will continue her education, majoring in elementary education.

Marble is the son of Mrs. Keith Brock of Hart and Max Marble of Hart. He also graduated from Hart High School and is engaged in farming.

Wedding music was presented by Mrs. Weldon Davis, organist, Jennifer Davis, pianist, and Mrs. Mark Bennett, vocalist, who sang "Surround Me With Love" and "The Wedding Song."

Vows were exchanged as the couple stood before a brass archway accented with brass wedding bells and dusty rose ribbon. Attached brass columns held Boston ferns. Twin spiral candelabras and two 15-branch cathedral candelabras flanked the archway. They were decorated with dusty rose cosmos and burgundy peonies accented with burgundy bell flowers and baby's breath. Dusty rose bows complemented the arrangements. Altar railings featured garlands, tapers and bows.

To complete the tradition, she borrowed a diamond necklace from Mrs. Jack Lee, wore a blue garter, and wore a lucky sixpence, belonging to the groom's mother, in her shoe.

Stacy Averitt was maid of honor and bridesmaids were Melissa Kittrell and Gayla Kittrell, sisters of the bride, and Tonya Roberson of Amherst, the bride's cousin. All wore identical formal gowns of dusty rose quiana designed with a fitted bodice featuring a lace yoke forming

Mrs. Vic Hart registered guests at a table in the church foyer featuring an arrangement of dusty rose and burgundy silk flowers.

A reception honoring the couple was held in Fellowship Hall of the church immediately following the ceremony. Laid with white lace over white, the bride's table was centered with a brass candelabra holding an arrangement of dusty rose cosmos and burgundy azaleas trimmed with matching satin ribbon. The tiered wedding cake was decorated with burgundy and dusty rose silk flowers featuring a spiral stairway of candles. A brass punch bowl and appointments completed the table setting. Presiding at the table were Lori Barnes, Laurey Franks, Lana Rasmussen of Plainview, and Marsha Cobb.

The groom's table was covered with a dusty rose cloth with a matching overlay edged in burgundy. An

### View from the library

By BRICK AUTRY

From the Reference Desk Question: We're a bunch of amateur mountain climbers and we want information regarding Shiprock, the famous landmark in northwestern New Mexico. We want to climb it.

Answer: We at Rhoads Library hate to ruin your plans. Please read on.

Shiprock, the famous landmark near Farmington, New Mexico is a giant volcanic plug sitting out on the Colorado Plateau desert. It is made of brown volcanic rock and basalt. It is 1,700 feet high. It is most irregular and therefore has been called one of the most difficult mountains to climb in the world. Not until 1939 did someone make it up to the top. They were professional mountaineers belonging to the Sierra Club. Since then Shiprock has been climbed over a hundred times.

In 1971 the Navajo Nation (which has jurisdiction of the Shiprock area) strictly forbade the climbing of Shiprock and other rocks within the Navajo Reservation. According to tribal spokesmen in Window Rock the reasons were: the rocks are sacred, too many climbers will eventually tear the rocks up, and they are too dangerous to climb safely. In 1970 a group of climbers were caught in an Eastertime snow storm while they were on Shiprock and one perished and the rest were injured as they frantically sought a way down. Navajo police were helpless in rendering aid because they had no rock climbing skills or equipment.

One may drive right up to the rock, however. The roads are unpaved and may be hard to drive on. High centers may be a problem. They are dry weather roads and become very slick when wet. No overnight camping is allowed. There is a roadside rest area on the highway south of the trading post of Shiprock where one may stay but be warned as it has no water, no trees and no places for a campfire.

The Navajos suggest that you might like the Canyon de Chelly area or Chaco Canyon area. Both have services for tourists and are quite beautiful. Walk in beauty but stay off our rocks, in other words.

# Lori Dyer, Phil Lemons wed

In a double-ring ceremony Saturday night, Lori Anne Dyer and Phil Lemons were wed in the First United Methodist Church of Dimmitt with Rev. Vernon O'Kelley, pastor, assisting Rev. Buddy Payne, pastor of the First United Methodist Church of Hart.

The bride is the daughter of Mr. and Mrs. Goldman P. Dyer of Dimmitt.

The groom is the son of Mr. and Mrs. Ralph Lemons of Wylie.

The couple plans to reside in Lubbock after their return today (Thursday) from their honeymoon trip to Ruidoso, N.M.

Shocking pink geraniums decorated the altar and windows of the church. The aisle was marked by hurricane candle holders accented with pink ribbons and greenery. Arched candelabras flanked the altar.

In keeping with the tradition of wearing something old, the bride wore the wedding gown that her three older sisters had worn before her.

The formal-length gown of peau de soie and Alencon lace was styled with a bodice of English net appliqued in Alencon lace and reembroidered with pearls and sequins. The Empire bodice was fashioned with a Victorian cowl neckline and long sleeves, ending in petal points. Her peau de soie skirt swept to a full chapel-length train.

Her veil of English silk fell full length from a garland of stephanotis and baby's breath. Her bouquet featured a white orchid surrounded by pink gardenias.

The bride was given in marriage by her father. She was attended by her three sisters as matrons of honor. They are Ruth Bennett of Hart, Diane Sanders of Dimmitt and Cindy Ford of Lock-

ney. Other attendants were Beth Filgo of Lancaster, Sue Rita Myatt of Dimmitt and Lori Lemons, sister of the groom.

Best man was Bob Skipwith of Wylie, and groomsmen were Ronnie Cross, Tandy Clyde and Dan Whit, all of Wylie, along with David Kremmer of Lake Jackson and Tom Beach of Amarillo.

April and Shea Bennett of Hart, nieces of the bride, served as flower girls. Will Sanders of Dimmitt, nephew of the bride, served as ring-bearer. Candlelighters were Laine Snider of Dimmitt and Lisa Wales of Dimmitt, cousin

of the bride. Vicki Fretwell of Stillwater, Okla., and Becky Andrews of Dimmitt registered guests.

Rhonda Wise served as organist and Shirley Peggram was the pianist. Zella Ellison and Kim Peggram sang "Hawaiian Love Song," "Woman, Man and God," and an a cappella rendition of "Hear Our Prayer, O Lord."

Feminine attendants for the wedding wore full length dresses of shell pink organza, styled with an off the shoulder ruffle and a large ruffled skirt. Each carried a nosegay of pink daisies and gladiolas with baby's breath, and wore

matching flowers in her hair. The reception following the ceremony was held at the home of the bride's parents. Guests were entertained in the backyard. Shirley Peggram provided music at the piano. Food was served, and iced tea punch was dispensed from a brass fountain.

The bride's table, graced with silver appointments, held the three-tiered wedding cake with pink geraniums, and the punch.

The groom's table featured brass appointments. Chocolate cake, chocolate-dipped fruit, nuts and coffee were served.

Reception attendants were D'Anne Harmon of Dimmitt, Debbie Dennis of Lubbock and Kim Sides of Dimmitt. Members of the houseparty were Mr. and Mrs. Charles Wales of Dimmitt, Mrs. Jim Cleavinger of Dimmitt, Mrs. Ronald Cleavinger of Earth and Mrs. Ed Dawson of Springlake.

The bride is a student at Texas Tech and is majoring in primary education. The groom graduated from Tech this year with a degree in mechanized agriculture. He is currently a manager for Payless Cashway.

Pre-nuptial courtesies included a bridal luncheon Saturday in the home of Mrs. Charles Wales of Dimmitt, with Mrs. Kathy Carthel and Mary Nell King assisting with hostess duties. A lingerie shower was held Aug. 6 in the home of Mrs. Bill Snider of Dimmitt. It was hosted by Laine Snider and Sue Rita Myatt.

# Mother sympathizes with school teachers

In a lighthearted speech to teachers last week, a Dimmitt mother showed how athletics, spring fever and Murphy's law combine to make the teacher's lot a sappy one.

Sandra Clark gave the main address during the annual Teacher Appreciation Luncheon hosted by Beta Sigma Phi sorority.

Here are the highlights of her address, showing why teachers need more appreciation and fewer visits from irate parents:

"We of Beta Sigma Phi welcome you to this luncheon — it is our way of saying we appreciate the job you do. Lord knows, after 92 days at home all day, every day, with my child, I appreciate anyone who's willing to spend eight hours with her.

"It's nice to have some assistance in answering all those questions kids ask. I hope you're prepared to explain what a Mr. B. 'ocean water' is made of, and why Janie is getting to wear a bra this year, and why Johnny can't take the car to school when everyone else does.

"As parents, we do appreciate the job that you do. It is only fair to let you know that we do, however, resent it when a teacher is too inept to recognize the inherited, but cleverly hidden, genius of our offspring, and it is disturbing when a child's superb sense of humor is called a discipline problem. Mistakes like these result in what is commonly called a visit from an irate parent.

"The beginning of a new year is a time of anticipation. There are so many exciting things to look forward to. For example, there are only 6 1/2 more in-service days in this school year. And in just a few days the students will fill the halls with Bobcat Fever. The Big Band sound will announce the arrival of football season.

"I understand passing will be very important to the offense this year, so teachers on hall duty will soon learn to walk in a crouched position to avoid aerial 'bloopers.' But even that will be forgiven because this is the year the Dimmitt Bobcats will have a

winning season. "But seasons pass, and one day as you're walking the hall in your crouched position, you'll be smashed in the chin by a fast dribbling roundball, heralding the advent of basketball season.

"This time of year is always closely associated with colds, flu and the snotty-nose syndrome. This seems to be an area where parents receive a little resentment from the school, and I'd like to explain a parent's viewpoint. We are more than willing to keep the kids at home while they're severely ill and bed-ridden, but when they start feeling well enough to get around — well, they caught it at school, they can take it back.

"As the seasons change, spring is sure to arrive and we all know that in spring a young man's fancy turns to love, and noon duty become a hide-and-seek affair for high school teachers.

"Absences seem to greatly increase in the spring, as everyone suddenly needs to go to the orthodontist, dermatologist's, or grandma's. And every organization takes a trip. And tardiness also increases.

"But there is a scheme that has proven very successful in reducing tardiness. Have everyone sign in upon arrival, and if they fail to do so, or are late doing so, a little red mark by their name will work wonders.

"The school board has given us the official word. Due to government regulations, they will be unable to distribute starch-blockers at the cafeteria, so it's back to the old rotation diet.

"The good news is that the 82 seniors did graduate and have made their way to institutions of higher learning. The bad news is that last year's hardworking, responsible juniors are already (and this is a direct quote) acting too immature and are ducking their responsibilities. They had a summer meeting and realized that they are now the power, and the word is out, there WILL be a bonfire this

year. "I'm sure you're all familiar with Murphy's law — 'If anything can go wrong, it will.'"

"Time proven examples of Murphy's Law include: —If your classroom is overcrowded and you demand students be transferred, your good student will be transferred out.

—If you have playground duty, the dirt will blow. If you have noon patio duty at high school, someone will put a water hose in the tree and turn it on.

—If you have lunchroom duty, they'll be cooking kraut. If you have hall duty, the toilets will overflow.

—If there is a fast clock in the building, it will be in the teachers' lounge.

—If a student touches a teacher, the student is the one who has head lice, scabies and/or bubonic plague.

—When the teacher is late, he will meet the principal in the hall. If the teacher is late and does NOT meet the principal, the teacher is late for a faculty meeting.

—The shorter your working time, the more the mimeograph machine will malfunction.

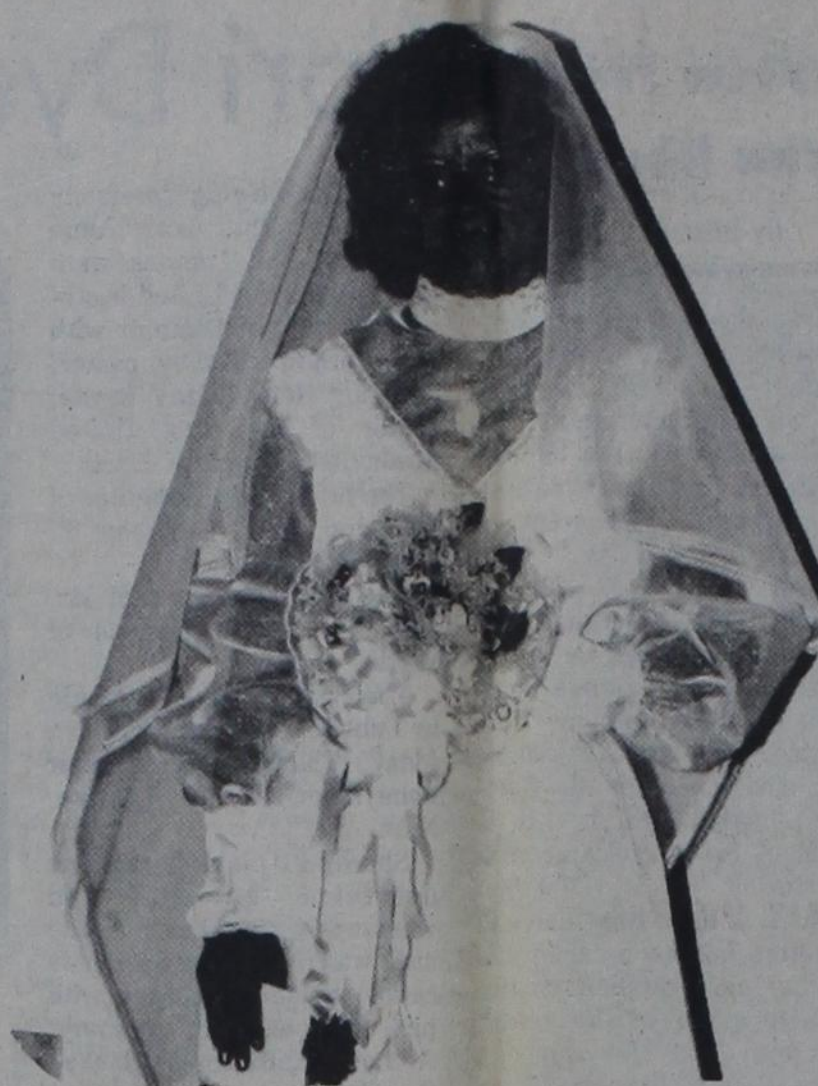

—When speaking to the school counselor, the teacher will say 'weirdo' instead of 'emotionally disturbed.'

—When students do well on achievement tests, they are credited with working harder. When students do poorly, the teacher will be blamed.

—Disaster will occur when visitors are in the room.

—Murphy's Law will go into effect at the beginning of an evaluation.

"As you return today to your institution of academic advancement and scholastic pursuit, remember that there are many who appreciate your attempt to defy Murphy's Law. "Approach this year with anticipation and the belief that as you strive to teach the masses, if you can reach just one single student, you may well be playing one small part in changing the world to come."

MRS. STEVEN GLEN DUFFEY  
... The former Glenda Fay Parson

## Duffeys are at home in Hereford

Glenda Fay Parson and Steven Glen Duffey exchanged wedding vows July 3 in the Calvary Baptist Church in Friona with Rev. Ellis Parson, pastor of the First Baptist Church, Plainville, Kan., officiating.

The bride is the daughter of Mr. and Mrs. Thomas Parson of Friona. Parents of the groom are Mr. and Mrs. Denver Duffey of Hereford.

Escorted by her father, the bride wore a floor length formal of white organza over sheer lace. It was designed with a stand-up collar, deep v-shaped yoke with ruffle trim and fitted bodice, with tiny pearl buttons in the back. The long sheer sleeves were gathered into wide cuffs which were closed with tiny pearl buttons. The full skirt was decorated with rows of lace ruffles with ribbon trim accenting the front panel. Her veil of bouffant organza was trimmed with lace and held in place by white velvet ribbon. She wore a necklace which belonged to her mother.

She carried a bouquet of pink silk flowers entwined with miniature hearts of pearls and white ribbon bows atop a white lace circlet. Naomi Parson of Friona, sister of the bride, was the maid of honor. She wore a pink floral sleeveless dress designed with a fitted bodice, gathered skirt and ruffled neckline. Her corsage was of pink silk rosebuds. Mark Duffey of Clovis, brother of the groom, served as best man. Lori Jordan of Friona and Julie Duffey of Clovis, niece of the groom, were the flower girls. They wore formals of the same material as the maid of honor's gown that were fashioned with short puffed sleeves, fitted bodices, full skirts and lace trimmed ruffles. They carried white baskets filled with tiny silk rosebuds and decorated with butterflies, pink net and pink ribbon bows.

Ushers were Billy Parson of Friona, brother of the bride, and Darrell Parson of Plainville, Kan., nephew of the bride. Music was provided by Mrs. Scharla Hollinger, organist, and Glenna Holt, vocalist, who sang "The Twelfth Of Never," "The Wedding Song," and "What God Hath Joined."

The altar was decorated with an arrangement of roses and greenery. A reception in the Fellowship Hall followed the ceremony. Guests were registered by Mrs. Bobby Jordan. The bride's table was covered with white lace over pink and centered with fresh flowers. A three tiered wedding cake topped with a bride and groom and encircled with love birds, a crystal punch bowl and silver appointments completed the setting. Chocolate cake and coffee were served from the groom's table. Refreshments were served by Nancy Parson and Tammy Welty. They were assisted by Mrs. Ira Holt and Mrs. Don Huckabee. For the wedding trip to New Mexico, the bride wore a robin's egg blue pants suit. The couple is now at home northwest of Hereford.

## VETERAN'S SERVICES

By BEDFORD W. SMITH  
County Service Officer

There is a misconception concerning my office in the County which I have held since March of 1971. I am not a VA employee; but our service is to aid veterans, their survivors, and dependents to be informed concerning federal (VA and other), state, and local benefits to which they may be entitled; and help them process and file for entitlements for which they may be eligible.

It is not my duty to make any decisions concerning adjudication of claims. County VSOs are paid a salary by the county, plus travel expenses for the various conferences, etc.; so their services are not paid for in any way by claimants or inquirers as to benefits in the preparation, presentation or prosecution of claims.

To become a Certified CVSO, one must be a veteran of a war, or widow of a war veteran, who has successfully completed a Texas Veterans Service Officers School, sponsored by the Texas VAC, and national service organizations. These conferences or schools are conducted annually by the Texas Veterans Affairs Commission (VAC). Incidentally, I have attended every one each year since appointed by the Commissioners Court in 1971.

The 35th Annual Statewide Conference for Veteran Service Officers will be held October 19-22, 1982 at the Inn of Turtle Creek. No fees are charged, and any interested person may attend. However, persons attending the conference can be provided with single rooms for \$40 per day, with doubles for \$55 per day, and quads are \$70 per day. There are kitchen and living rooms with each unit.

For details, any interested person may come by my office for more information. Reservation requests for the Inn must apply before September 30.
