THIS SPACE.

It Will Pay You,
C. A. PROBANDT

The "Old Reliable" Merchant Of
San Angelo, - - Texas.

Bronte Happenings.

Mr Editor:

The Bronte school will begin next Monday; teacher, F. K. Popplewell. A writing school began at Bronte Tuesday night.

The Fifth Sunday meeting at Rock Springs, was largely attended by the people of this community; we had some able and interesting preaching by Elders W. S. Maddox, R. M. Cumble and others. Mr. E. G. Walton had two strings to his bow. Ed. looks like you might divide with ye pencil pusher. "Just tell em" I saw John Baker having a side talk with the preacher, and "they will know the rest".

James Shook has finished digging his potatoes. He says has raised 40 bushels on 1-4th acre of land, that speaks well for potato culture in this part of Coke.

Miss Lou Wilkins, the accomplished sister of Mrs. J. D. O'Daniel Jr will begin school at Valley View Monday next.

J. D. O'Daniel went to Ballinger on business this week.

James Shook, Ed. Hennessey, John Culp and others went to San Angelo this week with cotton. Mr. Kelsie Wylie was seen in Bronte this week.

LUCKE.

Ft. Chadbourne Letter.

I will give you and the readers of the Rustler a few lines from the Rock Springs neighborhood. The good Baptist people had their Fifth Sunday meeting at our school house; beginning last Friday night and concluded their services Sunday night. There were a good many ministerial brethren with us and I suppose some of the big guns of Baptist Church. The programme was very ably carried out, and on Sunday morning at 10 o'clock, we had a fine Sunday School talk from Eld. W. P. Crow, which we enjoyed very much; and which I hope, will result in much good to our Sunday School. The brother insisted that parents take a lively interest in the good work. After Bro. Crow's talk we had a short talk from Bro. Toivinsand. After this an intermission of five minutes. During intermission the house was filled with all the wagon seats and chairs, that there could be found room for. The preacher had the table which was used as a pulpit, taken out to make room for more chairs. After the seating capacity of the house was filled, there was a good congregation left outside. Bro. Maddox reached us a splendid Missionary sermon, to which the people gave their undivided attention, after the German collection was taken for the cause of missions, to which the people responded very liberally in cash and pledges.

And then, Mr. Editor, came the next thing and what do you suppose that was? Why it was that inviting word DINNER. Dinner on the ground, dinner for all, and so we had quite a good time for an other hour or two, enjoying what the good ladies had prepared for the occasion. I say God bless the women, we couldn't get along without them.

Well, Mr. Ed., the meeting is over, and the good people are busy finishing up the gathering of

their crops and getting ready for the election.

I have heard some of the amendment; hope it will carry.

Wishing the RUSTLER much success and that all of the good people of Coke County may take the same and try by all honorable means to bring the county to the front.

I am the same

Uncle Tom.

All work guaranteed, Dr. Hodges, Dentist.

How To Look Good.

Good looks are really more than skin deep, depending entire on a healthy condition of all the vital organs. If the liver is enactive, you have a billious look; if your stomach is disordered, you dyspeptic look; if your kidneys are effected, you have a pinched look. Secure good health, and you will surely have good looks. "Electric Bitters" is a good Alternative and Tonic. Acts directly on the stomach, liver and kidneys purifies the blood and cures pimples, blotches and boils, and gives a good complexion. Every bottle guaranteed. Sold at Ed. M. Mobley's Drug Store. 50 cents per bottle.

School books at Mrs. Ingrams. Shoes, Shoes and Boots at J. W. REED & Co's.

If you want any Dental work done during court week call at Lee Hotel.

For a good and easy shave, nice hair cut or any tonsorial work call on A. J. Crockett, at the new barber shop. He is a first-class barber and will be sure to please you with his work.

JAS. E. STEWART.

Coke County

Is one of the best watered counties in the State. It has the Colorado river running through from Northwest to Southeast, and in the northern part has the following creeks, all running water: Booser, Oak, Kickapoo, Mountain, Yellow Wolf, Big Silver, Little Silver, Indian, Turkey, Cow, and smaller tributaries. In the Southern part of the county are found such creeks as Crows Nest, Wild Cat, Spring, Grape, besides others smaller.

Honor Roll.

The following is the list of pupils of the Robert Lee School that averaged above 98 per cent in each of the following: Attendance, Recitations, and Deportment, for last week, Oct. 24, to 28th.

Cora Johnston, Pearl Hamilton, Elsie Toliver, Ellen Gardner, Pearl Murray, Edie Murray, Fines Walters, Roy Hamilton, Braxton Toliver, Feneb Ingram, Dalton Johnston, Earl Johnston, Lee Hamilton, Neely Gardner, O. W. Gardner, Prin.

Go to J. C. Turner's for cheap goods.

The last detachment of Spanish troops have left San Juan, Porto Rico.

The American authorities have released some of the Spanish sailors captured during the war.

In the Spanish army and navy are 557 generals, 21 admirals and 47 other officers with a rank equal to that of general.

Santiago's customs receipts for September were \$39,233.81. It is thought the receipts for October will exceed \$100,000.

Orders were issued at San Francisco for the discharge of 164 members of the first Tennessee regiment upon recommendation of Maj. Piell, who inspected them.

The United States hospital ship Relief arrived at Philadelphia from Porto Rico with over 200 sick soldiers on board. There was one death during the voyage.

Dennis Walsh of Austin has been appointed a draughtsman in the yards and docks of the navy department at Washington, and has accepted the position.

Of the several commissions adjusting the relations of the United States towards its new possessions, the Hawaiian islands will be the first ready with a bill for the consideration of congress.

The steeldock that was purchased by Spain in England and towed to Havana previous to the beginning of the late war, is reported by American naval officers to be out of order. The dock was an elegant structure and is equipped with electricity.

The first Arkansas volunteer infantry has been mustered out of service of Uncle Sam, and the men paid off. It required \$80,000 to settle the bill. Only three men were left at Little Rock, where the mustering out was done.

First Lieut. J. F. Mason Blunt, third cavalry, quartermaster of the Leiter hospital, Chicamauga, will make an inspection of all unserviceable medical property at that hospital, with a view to its final disposition by sale or destruction, in accordance with orders.

A cable dispatch has been received by the war department from Gen. Wood saying that there are six more medical officers at Santiago than the service requires. This is taken to mean that the health conditions have improved very much.

The ship Solace has gone to Cuba. She had on board, besides a large amount of stores for warships in southern waters, fifty-four sailors from the receiving ship Franklin, who are to take the places of that number who will man the Maria Teresa.

Gen. Corbin is at work on a plan to utilize the Cuban soldiers and also the privates in the Spanish army who preferred remaining in Cuba rather than go home. He will organize a Cuban-Hispano battalion, the officers to be Americans.

Gen. Wood is fully determined to allow no more paupers to land at Santiago de Cuba, especially those from the West Indies, a class who are averse to doing hard work. Some from Jamaica and Haiti who were taken there were sent back.

Secretary Long has taken the necessary steps to make San Juan in Porto Rico the first naval station of the United States in West Indian waters. Congress will be asked to appropriate money enough to make it one of the best equipped naval stations in the United States.

The steamship San Antonio, chartered by the Red Cross society to carry provisions to Matanzas, arrived at Brunswick, Ga., with Col. R. J. Hinton, the special agent of the Red Cross society, sent to Cuba to investigate the condition of the people.

Pio del Pilar, who is looked upon as being the foremost rival of Aguinaldo for the leadership of the Philippine insurgents, has been summoned to Malolos, the insurgent headquarters, and arrested. The charge against him is disregarding Aguinaldo's authority and attempting to defy the Americans.

One hundred thousand dollars were sent to Galveston to pay off the first United States volunteers.

DREYFUS CASE TO BE REOPENED

Court of Cassation Has Ordered a Revision of the Same--Prisoner May be Taken to France.

Revision Ordered.

Paris, Oct. 31.—By Saturday's decision, ordering a revision, the court of cassation obtains the most absolute control over the Dreyfus case. It can demand and examine any documents whatever, including the dossier, of any case bearing upon the Dreyfus matter, and can examine under oath any witness, however high his position. In short, if the court makes a sincere use of its powers, the truth will have a much better chance of being discovered than would have been the case had it merely ordered a revision, whose members might have been actuated by a desire to shield the general staff.

Having concluded its inquiry, it can present a new dossier to either a civil or a military court for the final decision. Its proceedings will not be public and there can, therefore, be no objection to a communication to it of the alleged secret dossier, if still in existence, while the numerous generals who have expressed their belief in the guilt of Dreyfus will now be called upon to explain the grounds of their convictions.

Although the liberation of Dreyfus has not been ordered, the court can order him brought to France at any moment and will probably do so at an early stage of the inquiry.

The court refrained from ordering his release on Saturday because it would have been a presumption of his innocence.

Paul de Roule of the Patriotic League turned the patriotic manifestation at Le Bourget yesterday in memory of the soldiers who fell there in the Franco-Prussian war of 1870 into a revolutionary demonstration against the decision of the court of cassation. He delivered a violent anti-Dreyfus speech.

Marcel Habert, member of the chamber of deputies, followed with a still more inflammatory harangue. There were, however, no disorders.

As President Faure left the Grand opera-house last night about 11 o'clock he was greeted with prolonged shouts of "Vive l'armee" and "Abas les Juifs." Count Esterhazy, it is reported, has written to several generals demanding money under threats of exposure.

ODDITIES OF POISONING.

Much of Earthly Happiness Depends Upon What We Eat.

The constitutional differences and peculiarities which exist among individuals should always be carefully watched and considered. One person can handle poison ivy with impunity while another is poisoned if only in the vicinity of the vine and without contact. Some members of a family residing in a malarial district will suffer regularly with chills and fever, while other members will not be at all affected.

Food that is actually poisonous to some persons will not act so on others. One person may eat all kinds of green fruit and vegetables with impunity, while another person could do so only at the risk of life. Certain kinds of fish are actually poisonous to some people and perfectly wholesome to others.

It is this peculiar condition of the system which constitutes the danger point in the individual case and should be prudently observed by each one for himself. Intestinal derangements frequently arise from and are aggravated by certain kinds of food. Thus a person affected with kidney or liver trouble should not eat very white bread, since the extreme whiteness is often produced by the use of alum with an inferior article of flour, and as alum is known to be poisonous in its effects on a sound constitution, this is why alum baking powder is never used by people of judgment and discretion.

More of earthly happiness depends upon what we eat than many people realize and it is for this reason that the different states are one by one passing pure-food laws.

Shot to Death.

St. Louis, Mo., Oct. 31.—John F. Coyle, a member of the nineteenth United States infantry, here on a sick furlough, was last night shot to death by John Deer, a member of company A, twenty-first United States infantry, also here on sick furlough. It is said that Deer shot in self-defense.

Commotion Prevails.

Victoria, B. C., Oct. 31.—Commotion prevails at Esquimalt and in the clubs of the city frequented by naval men. Admiral Palliser is said to have received a long cipher message from the admiralty and immediately her majesty's ship Amphion, the fastest cruiser on the station, was ordered to prepare for sea. She will sail at once for Coquimbó to meet her sister ship Phaeton, and from there the two will proceed to Tahiti, the French settlement of the Society Islands.

The flagship Imperieuse, which has just returned from Comox, is also coaling, and the Leander has been ordered to also return from Comox to prepare for any move that may be decided upon. The other ships here are the Dirigo, Sparrowhawk and Icarus. The opinion among naval men is that England is dispatching fleets from Esquimalt to Tahiti to show the French how utterly her colonies would be at the mercy of the British should she make any warlike movements.

Porto Rican Affairs.

San Juan, Porto Rico, Oct. 31.—The principal street of the city was taxed to its utmost capacity yesterday on the occasion of a public meeting of delegates from the chief towns of the island to consider and draft recommendations regarding the necessities of the island for the use of commissioners who will be salaried later to represent Porto Rico at Washington, when the time comes for settling the administration system.

The assembly was fairly representative, and although the proceedings gave undue prominence to unimportant details this was abundant evidence of intelligent reflection on the part of the delegates and of a determination not to tolerate partisan politics at this crisis in the island's affairs.

Carefully prepared reports were submitted by the political, social and economical committees.

The meeting received with enthusiasm the resolutions demanding territorial rights, the cessation of the parliamentary rule and the installation of regular civil government.

New Enterprises.

Baltimore, Md., Oct. 31.—The following new southern enterprises were reported to the Manufacturers' Record last week.

A \$186,000 sewerage system at Mobile, Ala.; a 40-barrel flour mill at Judsonia; \$35,000 bridge at Pacahontas, Ark.; \$8,000 electric light plant at Forsyth, and a \$3,000 electric light plant at Montezuma, Ga.; \$12,000 waterworks at Georgetown, Ky.; \$20,000 shingle mills in Monroe and a \$12,000 orchard company at Thibodeaux, La.; \$20,000 chemical company at Baltimore, Md.; \$75,000 cotton mill at Orangeburg, S. C.; \$25,000 electric light plant at Bonham, Tex.; \$50,000 mining company at Brookshire; \$20,000 electrical company at Dallas, Tex., and \$10,000 wagon factory at Terrell, Tex.; 35-ton ice factory at Portsmouth and \$10,000 clothing factory at South Boston, Va.

Shot Sweetheart and Suicided.

Knoxville, Tenn., Oct. 31.—Jealousy, occasioned by an apparent love for another on the part of his 15-year old sweetheart, prompted John Kennedy, 17 year old, to fatally shoot May Peck and blow his brains out. The tragedy was committed on the lawn about the Peck home, where Kennedy had called on the young girl to reprimand her for having received attention from another boy. She declined to cease the association, whereupon Kennedy fired a bullet into her breast. He then shot himself. He is dead and the girl may die.

Mrs. Thomas Shockey, was badly wounded near Harrisburg, Arkansas, by the accident discharge of a gun.

Dr. Blunt has withdrawn quarantine except against infected points.

Col. Waring, who contracted yellow fever in Havana and was taken to New York, died in that city.

Advices Revision.

Paris, Oct. 29.—At yesterday's session of the court of cassation in the palace of justice M. Bard, the reporter concluded his report on the Dreyfus case, the first part of which was presented Thursday. He said that the court should make every investigation necessary to enlighten them and place the whole truth in evidence. It was for the court to decide what remained to be done. The task was a delicate one and there was no motive to avoid it. He concluded:

"You have a great duty to fulfill. Do what your conscience dictates."

M. Mornard, counsel for M. Dreyfus, urged that an investigation be ordered concerning the divergency of the testimony of the experts who examined the bordereau in 1894 and 1897 and also to ascertain whether secret documents were communicated to the members of the court-martial.

The court was less crowded, as the same stringent precautions were taken. There was no excitement outside the palace of justice. Only a few persons assembled about the buildings and the streets in the neighborhood presented their every-day appearance.

The public prosecutor, M. Manau, followed M. Mornard. Addressing the judges he said:

"Nobody can now take the Dreyfus affair out of your hands, nor can you relinquish it without dereliction of duty. Your decision must constitute for everybody the expression of truth and justice."

"Revise the trial, then gentlemen, or at least prepare the road for its revision."

M. Manau declared the court could not annul the sentence imposed upon Dreyfus without a retrial of the prisoner. He added:

"You must fix the responsibility. If Dreyfus is innocent, the culprit must not go unpunished."

The public prosecutor, continuing, proceeded to argue on the same lines as M. Bard, the reporter of the case, urging a revision of the trial and dwelling upon the fallibility of the writing experts. He also suggested that Major Esterhazy should testify on the subject of the bordereau, saying:

"He can admit its authorship with impunity since a court-martial has acquitted him of being the author of it. But what a service he has rendered to the country in confessing that he is its author and what a service he will render to the unhappy Dreyfus."

M. Manau concluded with denouncing "the villainous attack on the partisans of revision," and made a strong plea that the court be not influenced by outside pressure, but that it decide in favor of a revision of the case and the immediate provisional liberation of Dreyfus.

At this stage of the proceedings M. Bard read a letter from Gen. Gonze to the president of the court of cassation, in which the general said:

"I have just heard of a memorandum introduced in this court yesterday in which Picquart accused me of a dishonorable act. I never previously heard of this memorandum, and I wish to deny most formally Picquart's allegations. I think my word of greater value than that of a man imprisoned on the suspicion of forgery."

The reading of the last statement called for the loud protests in court. The reporter added that as Col. Picquart's memorandum was publicly read, it was only justice to read Gen. Gonze's denial. The president of the court ordered that the general's letter be added to the documents in the case and the court adjourned.

Doty Wrecked.

Chicago, Ill., Oct. 29.—The loss of the steamer L. R. Doty with her entire crew during the gale of Tuesday is now conceded. Wreckage brought here has been fully identified by Capt. Ellison of the steamer George Williams, which belongs to the same line, as having come from the Doty. The Olive Jeanette, which the Doty had to tow, was towed into Chicago. Her crew confirmed the loss of the steamer.

Papers Differ.

Paris, Oct. 29.—The newspapers here are divided into two camps, etc of them highly praising M. Bard's report of the court of cassation as clearly setting forth the truth and proving the innocence of Dreyfus and the other insisting that the report is merely in favor of the prisoner.

Spanish Gen. Compos has gone to Paris.

The safe of the Frisco railway at Fort Smith, Ark., was burglarized.

Jubilee Ended.

Philadelphia, Pa., Oct. 29.—The great peace jubilee was brought to a glorious conclusion yesterday. Beginning with last Saturday's church services, and including the naval and military demonstrations of Tuesday, Thursday and yesterday's monster civic celebration, the demonstration has been unparalleled throughout. The magnificent illumination of the city continues and the streets are still jammed with people. Although President McKinley and others of the Washington party returned to the capital last night the interest was no less in yesterday's programme, which was marred by a single unfavorable circumstance. The day opened with the rededication of Independence Hall.

The buildings which had from time to time since 1776 been added to for uses as offices of the municipal authorities have all been recently removed and the famous hall is now in its original form as it was 122 years ago, when occupied by the United States congress and the national government of the United States. The rededication exercises were presided over by Gov. Hastings and were opened by prayer by Rev. Dr. Bronson. The anthem, "My Country, 'Tis of Thee," was sung by 3000 pupils of the public schools, accompanied with music by the first regiment band. The memorial poem, composed by Mr. Florence Earle Coates, dedicated to the peace jubilee, was read by Daniel W. Hutchins, principal of one of the public schools. The anthem, "Columbia," was sung by the scholars and then followed the oration by Mayor Charles Warwick.

News From Alaska.

Port Townsend, Wash., Oct. 29.—The tug Golden Gate of San Francisco and C. C. Cherry of Seattle have arrived from the south of Copper River, Alaska, with seven passengers. Among them was M. J. Garrity of San Francisco, who has spent more than a year in a vain search for gold on Copper river. He says:

"Native float copper has been found on Chitna river, 175 miles from the south of Copper river, and a party of fifteen will remain there over winter to prospect for the main deposit."

Nicholl Kast, talking chief of the Copper river Indians, claims to know the exact location of a copper deposit, but he refused offers of several hundred dollars to guide people to its location.

Indians use copper for making bracelets and other ornaments as well as cooking utensils and the chief claims that the whites will limit the supply thereby deprive many Indians from means of making a livelihood."

On board the Golden Gate is a Copper river prospecting boat, which was built of lumber whipsawed on the river. The boat is being shipped to Denver, Col., where it will be placed on exhibition.

The steamer schooner Excelsior, with several hundred passengers, was scheduled to sail for Puget Sound Oct. 20.

The salmon cannery at Orea has had a successful season and has been run to its full capacity. The run of salmon was late, but when it did start the catch was very large.

Havana Happenings.

New York, Oct. 29.—A dispatch from Havana says:

The American commission has rented a large house near Trotscha, which will be fitted up for a hospital, where any person in ill health in the future may receive proper care.

Work upon the pier at Marianao, where the first troops and stores will be landed, begins at once.

Work on the piers and warehouses at Mariel will begin soon unless it is decided that the wreck of Alfonso XIII, at the mouth of the harbor, is found to make the entrance unsafe for transports.

Hospitals and warehouses will be at once constructed in Guanabacoa hills.

A fireman suffering from yellow fever was taken off the Ward line City of Washington by Dr. Brunner, the American health officer here. The ship proceeded to New York, where she will probably be held for disinfection.

Arnold Assigned.

Washington, Oct. 29.—Brig. Gen. Abraham K. Arnold, United States volunteer, has been relieved from further duty with the seventh army corps and assigned to command of the cavalry brigade, fourth army corps at Huntsville.

Emanuel Morris and Peter Autry were hanged at Richmond, Tex. Morris outraged and killed a blind girl, and Autry killed a woman.

Col. Bryan is improving.

Judge Hurt Declines.

Tyler, Tex., Oct. 28.—The following is a copy of a letter written by Judge J. M. Hurt to Hon. C. K. Bell, chairman of the state Democratic executive committee:

Tyler, Tex., Oct. 26.—Hon. C. K. Bell, chairman Democratic executive committee, Fort Worth, Tex.: Dear sir—Your favor of the 25th instant this day received, and replying to same will state that I have not authorized the using of my name upon any ticket in the state. I am not and will not be a candidate for a position on the court of criminal appeals, and if every man in Texas were to vote for me I would not accept the position. Mr. M. M. Brooks and several other gentlemen informed me that they would not oppose but support me (if I were a candidate) as long as I was in the field. When I concluded to withdraw from the race I wrote these gentlemen to that effect and stated that the field was open to them. Mr. Brooks and Judges Cavin and Rice made the race. Mr. Brooks received the nomination at the hands of the Democratic convention. Now for me to enter the race would not be just or right; it would be dishonorable. To announce that I would accept, if elected, would be an indirect way of entering the arena. I am not in the habit of acting indirectly in regard to any matter. I wish to add that if my name had been submitted to the convention and I had been defeated, I would have had no right to complain. The Democratic party has honored me with a position on the court of criminal appeals for eighteen years. I have supported myself and family from the salary of that office. I feel very thankful to the party for the honor conferred on me. I wish further to add that no man is larger than his party; the party has the right to select its candidates and no member has the right to complain if not selected. I trust you will give this proper publication. Your friend,
J. M. HURT.

Several Deaths.

Laredo, Tex., Oct. 28.—The through trains from the City of Mexico are not now allowed to stop at Monterey and there is only telegraphic communication with that place. Private telegrams received yesterday state there were several deaths in Monterey yesterday from yellow fever and the people are leaving for the surrounding towns in great numbers. Several parties saw ice here yesterday morning in exposed places and in some localities in the city garden stuff was killed by the frost. The operator at Monterey says there was no frost there Wednesday night.

Golden Wedding.

Fort Worth, Tex., Oct. 28.—Mr. and Mrs. George W. Flenner, residing at 208 Park avenue, celebrated their golden wedding Wednesday night. A large number of friends were present and quite a number of nice presents were received. The aged couple were married in Tiffin, O., in 1848, and came to Fort Worth about twenty-one years ago. They have four living children and fifteen grandchildren. Mr. Flenner was in the Union army and was wounded six times. He laughingly said that in the war he was not much on the run, but was very swift when it came to locating a stump or a tree during a conflict.

Charter Filed.

Austin, Tex., Oct. 28.—The charter of the Marshall Dry Goods company of Marshall, Tex., was filed in the secretary of state's office. The capital stock is \$65,000. The purpose of the corporation is to buy and sell dry goods, boots, shoes, notions and hats and clothing by wholesale and retail. The incorporators are J. S. Wagnon, Dan Doppelmayer, E. J. Fry, J. A. Womack, W. W. Heartsill and Mrs. Eri S. Austin, all of Marshall.

Wife Murder Charge.

Ozona, Tex., Oct. 28.—Romula Rosas, an inhabitant of a Mexican town adjoining Ozona, is charged with beating his wife to death with a chair, breaking many of her ribs, and one rung of the chair entered her skull above the ear. Medical assistance was hastily summoned, but nothing could be done. Rosas has a family of eight small children and his wife was soon to become a mother again. He has been lodged in jail to await the action of the law.

Mose M. Stevenson, who resided six miles from Mount Vernon, Tex., was found dead with his neck and arm broken.

Suicide by Burning.

Austin, Tex., Oct. 29.—While in a fit of temporary insanity Mrs. Peter Weir of Karnes City, Tex., fatally burned herself at the home of C. A. Botts at 1930 San Antonio street, where she had been visiting, about 9 o'clock Thursday night. She saturated her clothing with coal oil and then applied a match.

Before she was discovered the flames had completely enveloped her and when they were extinguished she was horribly burned and in an unconscious state, from which she never recovered, dying about 9 o'clock yesterday morning, just twelve hours after the terrible deed was committed.

Mrs. Weir, who had been under the care of a physician since her arrival here, took advantage of those who had watched over her and when they were out of the sick-room for a few minutes she slipped out of the room and into the dining-room, where she secured some matches. Then passing to the rear gallery, she found a half gallon can of oil. She saturated her clothing with the oil, applied a match and when discovered she was standing erect, enveloped in flames, not a cry escaping her lips. Deceased was the wife of a prominent farmer of Karnes City and has been very despondent over crop and other matters and was here for medical treatment. She leaves, besides her husband, four children, the oldest of whom is 17. Mrs. Weir was a native of Winchester, Tenn.

Soldiers Coming In.

Dallas, Tex., Oct. 29.—Trains coming into the city last night from every direction were crowded with returning soldiers. The streets were thronged with them, reminding one of the first night the regiment arrived here.

All the tents have been erected at Camp Cabell and that place yesterday presented a lively and animated scene. The beautiful October day afforded pleasant weather and the men exchanged greetings and lounged about in soldier fashion. Most of the officers were at the camp yesterday, and with a few exceptions the regiment were tented on the ground last night.

Three paymasters of the United States army will arrive here about Nov. 5 to pay off the soldiers of the second regiment. The mustering out will take place Nov. 6 and 7, as Col. Openheimer thinks the papers will be ready by that time.

Leon County Fair.

Marquez, Tex., Oct. 29.—The Leon County Stock and Agricultural fair opened under favorable auspices, clear and cool. A considerable attendance was soon upon the grounds. The Franklin brass band furnished good music, and the ceremonies were inaugurated by an able address from Prof. R. D. Craig, principal topic, "Agriculture." The agricultural exhibits were numerous. Agricultural implements and vehicles were exhibited by two Dallas firms. The stock and poultry exhibit were both excellent.

Mustered Out.

Galveston, Tex., Oct. 29.—The first United States volunteers, Texas immunes, were paid off and mustered out of the service yesterday. Between \$75,000 and \$80,000 was paid them. Some of the service yesterday. Between \$75,000 their certificates of non-indebtedness were not paid off. Many of the men left for their homes last night and others leave at once. A banquet was given last night by the Galveston officers to the outside officers of the regiment at the Tremont hotel.

The Damage.

Galveston, Tex., Oct. 29.—The fire on the British steamer Aldersgate was found to have been at that stage where the hatches could be opened and the damaged cotton removed. Enough was seen to justify the belief that the damage was slight as a result of the steam pouring into the hold for the past three days. It is believed that between 500 and 600 bales are damaged, but the damage so far as seen will not exceed \$3 a bale.

Gin Saved.

Gatesville, Tex., Oct. 29.—Thursday evening at Armstrong & Dossey's gin, seven miles north of town, fire got into a large lot of baled cotton lying around the gin building and about twenty bales were badly damaged before the fire could be extinguished. A high south wind at the time and hard work saved the gin building. There was no insurance on the gin outfit or cotton.

Abilene, Tex., fair was a grand success.

Profound Sensation.

Ri Grande City, Tex., Oct. 27.—A profound sensation was caused by the district judge calling the grand jury before him and delivering supplementary charges to them on violations of the election and school laws. He severely scored the alleged violators of the sacred franchise, explaining the law thoroughly; said it was claimed throughout Texas that the party with the most money carried the elections on the lower Rio Grande; that the grand jury should stop it and wipe out the disgrace by making an example of the leaders and that the court would do his part if court had to be held open until 12 o'clock the last day of the term.

Houston Blaze.

Houston, Tex., Oct. 27.—Yesterday morning the Houston Grain company's office and warehouse on Willow street were completely destroyed by fire. The fire spread to the old warehouse in the rear, formerly occupied by James Bute, but now vacant. The attention of the firemen was directed to this and the old shed was saved.

Two cars, one loaded with wood and the other with cotton, were standing on the Texas Transportation company's switch by the burning buildings and were fired. At least half of the cotton was destroyed. The Houston Feed company's loss will reach \$600 or \$700, the stock in their warehouses being small. The amount is fully covered by insurance.

Wild Foxes.

Marshall, Tex., Oct. 27.—The county clerk received by express twelve large and extremely wild red foxes from Whitney Springs, N. Y. These foxes, with the many others already procured and nearly fifty more ordered, will be used in the meet of the State Fox Hunters' association, that takes place at Hinson Springs, six miles west of here, the latter part of next week. The meet promises to be the most largely attended since the organization of the association. Letters have been received from many hunters of national renown from a number of southern states. Preparations will be made to accommodate over 100 visiting hunters.

Severely Bruised.

Greenville, Tex., Oct. 27.—Tuesday evening a Mr. Gilliam was driving a load of cotton seed on West Washington street when his team became frightened and the wagon becoming uncoupled, Mr. Gilliam was thrown to the ground, sustaining a severe fracture of the collar bone and other bruises. The team dashed down the street and ran into the buggy driven by Dr. S. J. Anderson, pastor of the Baptist church. The doctor was thrown under the wheels of his buggy and seriously bruised about the head and face.

General Order.

Austin, Tex., Oct. 27.—Adj. Gen. Wozencraft issued the following general order:

1. First Lieut. and Assistant Surgeon A. B. Kennedy is hereby promoted major and surgeon, vice Vilas, resigned, and assigned to duty with the first regiment Texas volunteer infantry.
2. First Lieut. and Assistant Surgeon T. T. Jackson, second Texas volunteer infantry, is hereby transferred and assigned to duty with the first regiment Texas volunteer infantry, vice Gammon, resigned.

Thinly Populated.

Austin, Tex., Oct. 27.—Judging from the scholastic census as made to the state department of education, some of the organized counties of Texas are very thinly populated. These returns show that Sherman county, county seat Coldwater, only has 6 children of scholastic age; Dallam county, county seat Texline, has 9; Castro county, Dimmit county seat, 48; Hansford county, county seat, Hansford, 21; Hartley 62; Hancock 43; Martin 62; Lubbock 77; Ochiltree 19; Moore 17; Roberts 60.

Soldier's Demise.

San Antonio, Tex., Oct. 27.—Private Lee Taylor, company L, fourth Texas infantry, died of typhoid fever in the hospital at Camp Mosby yesterday morning, after an illness of six weeks. He was 21 years old and his home was in Clay station, Brazoria county. His father and uncle were at his side when death came. The deceased was an excellent soldier and very popular among his comrades. The remains were shipped to his former home for interment.

Gen. Correa, Spanish minister of war, has withdrawn his resignation for the present.

CATTLE AND CROPS.

Mr. Eugene Fowler shipped 1400 head of cattle to the Milam county oil mill at Cameron, and will prepare them for market.

A Mexican paper reports that at Vera Cruz oxen are selling for \$140 a yoke for export to Cuba, where they are in great demand as work cattle.

Mr. J. W. Moseley of Lampasas has sold his cattle, about 7000 head, which he has been pasturing in the Osage nation, near Coffeyville, Kan. He sold at a handsome profit.

The Griffith-Braff gin at Floresville came near burning a few days ago. Lint cotton caught fire, from a match it is supposed. Quick work and modern appliances saved the gin.

The Waco Poultry and Pet Stock association and the Texas State Pigeon and Pet Stock association will give a joint exhibition of furred and feathered stock in Waco Nov. 9 to 12 inclusive.

Mr. George Cavender of Dimmitt county shipped from Cotulla 350 head of fat steers to be placed on the market in St. Louis. Mr. Cavender in person accompanied them to their destination.

Mr. J. M. Sedberry, one of Runnels county's prominent ranchmen, was united in marriage at Abilene recently to Miss Lulu McLemore. The happy couple are now at home on the ranch on Valley creek.

The high winds in Wise county have blown much cotton from the boll and caused considerable loss, which would have been greater, however, if rain had fallen before the cotton was picked up.

A destructive hailstorm passed through the country seven or eight miles southwest of Taylor, ranging down Brushy creek. The open cotton in the path of the storm was badly damaged.

Joe Keys of San Antonio arrived home after a two weeks' pleasant visit in St. Louis. He reports the outlook at the markets as favorable. He says that Territory shippers have all made money, but that many of the cattle will be carried over till spring. Money is plentiful, market prices well sustained.

A dispatch from New Mexico announces that parties have arrived there from Old Mexico having just concluded the purchase of 85,000 head of cattle which they propose shipping to Cuba and Porto Rico during the next sixty days, or as fast as transportation can be obtained for that purpose.

The apple crop of the United States is smaller than it has been since reliable statistics have been collected. The total supply from the 1898 crop of the United States is 27,700,000 barrels, compared with something over 40,000,000 last year and 70,000,000 in the record-breaking crop of 1896.

Thomas Warren of Texas and G. L. Hever of Oklahoma, both wealthy cattle buyers have arrived at Pueblo, Mex., from a tour of the cattle raising districts of the Mexican state. They report that they have purchased 5000 head of beef cattle, which will be shipped from that city to Cuba and Porto Rico within the next two months.

The quality of the cauliflower raised under irrigation in Pecos county is extremely fine and the same may be said of many other vegetables. Market gardening is carried on at present only in a desultory way by Mexican farmers, but a good white gardener who understands his business could make a fortune there.

Col. Jot Gunter, the big stockman of North Texas and also of southwest Texas, has just sold his "Mula" pasture of 24,000 acres in Hidalgo county to Mrs. H. M. King, owner of the celebrated Santa Gertrudes ranch, which its immense land and stock holding. The sum paid was \$20,000 and other considerations.

The story that Hon. J. W. Bailey intends removing to Lexington, Ky., has brought from him a denial showing that his lease of a horse farm there is connected with what will probably become an important breeding enterprise in Texas.

Messrs. McCommon & Bludworth of Floresville are feeding 500 head of cows, yearlings and steers, and are preparing to place probably 1200 head of steers on feed for the winter.

At Paris arrangements have been made to feed an unusually large number of cattle this season at the stock pens south of town. The oil mill is providing a large quantity of feed and cattle are going in rapidly and fattening very fast.

Soldiers

From the War

Bring the germs of malaria, fevers and other diseases, which may prove contagious in their own families. Hood's Sarsaparilla is a special boon to soldiers, because it eradicates all disease germs, builds up the debilitated system and brings back health. Every returned soldier and every friend and relative of soldiers should take

Hood's Sarsaparilla

America's Greatest Medicine. \$1; six for \$5.
Hood's Pills cure sick headache. 25 cents.

The New Ten.

Matrimony has ten commandments. These were studied out by Theodore Parker shortly before the day of his wedding. They took the form of ten beautiful resolutions, which he inscribed in his journal. They are as follows:

1. Never, except for the best reasons, to oppose my wife's will.
2. To discharge all duties for her sake freely.
3. Never to scold.
4. Never to look cross at her.
5. Never to worry her with commands.
6. To promote her piety.
7. To bear her burdens.
8. To overlook her foibles.
9. To save, cherish and forever defend her.
10. To remember her always in my prayers. Thus, God willing, we shall be blessed.

Weather and Suicide.

According to an eastern journal, the record of metropolitan suicides for four years does not support the popular belief that heated spells drive people to destruction. The fact of the matter is, however, weather extremes do kill off young and old whose vitality is below par, as the mortality lists during the prevalence of hot and cold waves show. Whether or not these weather extremes increase suicides can only be determined, not by counting the causes assigned, but by noting the waves of suicide and their relation to weather changes. As a primary cause the weather will, perhaps, rarely be put on record, but as a secondary cause, it is quite possible hot and cold waves may lead more despondent and afflicted to take their lives than when weather conditions are normal and agreeable.

Would Hold up Trains.

She—So you don't think women will ever succeed as railway engineers?
He—Of course not.
She—And why, pray?
He—They would lose too much time holding up their trains at crossings.

Tell it by Telephone.

He—Oh, Miss Ethel how can I ever tell you my love?
She—(wearily)—You might try the long distance telephone.

So many people become silly in trying to be funny.

Only in a smashup will one admit that he is wrecked.

A good bread and cake maker is always popular.

Oh, the Pain of Rheumatism!

Rheumatism often causes the most intense suffering. Many have for years vainly sought relief from this disabling disease, and are to-day worse off than ever. Rheumatism is a blood disease, and Swift's Specific is the only cure, because it is the only remedy which can reach such deep-seated diseases.

A few years ago I was taken with inflammatory Rheumatism, which became so intense that I was for weeks unable to walk. I tried several prominent physicians and took their treatment faithfully, but was unable to get the slightest relief. In fact, my condition seemed to grow worse, the disease spread over my entire body, and from November to March I suffered agony. I tried many patent medicines, but none relieved me. Upon the advice of a friend I decided to try S. S. S. Before allowing me to take it, however, my guardian, who was a chemist, analyzed the remedy, and pronounced it free of potash or mercury. I felt so much better after taking two bottles, that I continued the remedy, and in two months I was cured completely. The cure was permanent, for I have never since had a touch of Rheumatism though many times exposed to damp and cold weather.

ERIKAWON M. TRIFILL, 3711 Powelton Avenue, Philadelphia.

Don't suffer longer with Rheumatism. Throw aside your oils and liniments, as they can not reach your trouble. Don't experiment with doctors—their potash and mercury will add to your disability and completely destroy your digestion.

S.S.S. For the Blood
will cure perfectly and permanently. It is guaranteed purely vegetable, and contains no potash, mercury, or other mineral. Books mailed free by Swift Specific Co., Atlanta, Ga.

Vote for Slayden for Congress.

S. S. S. Means Sayers, Slayden and Silver.

Don't vote for Noonan, the reconstructionist, and don't allow the vote for congressman divided so as to let him in.

England and France have been trying to get up a little fight, the outcome of which seems to give England a chance to increase her navy, without alarming other great powers.

The amendment election went right in Coke county. Now let the voters do their duty on the eighth and Sayers and Slayden will come through, with colors flying.

There are four candidates for congress in this district. Three bimetallics and one gold standard man. Slayden is the leading free silver candidate and is the only one that can beat Noonan.

The Republicans are trying hard to gain a victory in this congressional district, and unless the followers of Thomas Jefferson all unite on J. L. Slayden they will succeed.

Very few true Southerners will fail to vote for J. L. Slayden for congress, when they have read Noonan's reconstruction record in Thrall's Complete History of Texas.

Hon. A. J. Baker makes a fine showing of how he has conducted the Land office for the last four years. He has saved the state over \$25,000 a year in running expenses of the office. Texas has had few officials as careful and alert in their duties as A. J. Baker.

AMENDMENT ELECTION.

Only a light vote was polled in Coke county last Monday on that amendment issue. Below we give how a few boxes voted:

	For	Against.
Robert Lee	38	9
Rock Springs	23	16
Sanco	15	6
Hayrick	10	3
Bronte	25	13
Valley View	13	3

Haven't exact figures from other boxes but the amendment carried at all.

Just before going to press the RUSTLER learns that Mr. Surber the Populist Congressional candidate, voted for Noonan two years ago and scratched his own party nominee, Taylor McRay and admitted same to several citizens of his town six of whose names, the Rustler can produce.

We publish this item in order to inform our Populist friends who is on their ticket for Congress only one County sending regular delegates to the convention which nominated him.

The Coke County RUSTLER has changed hands again: Hubert H. Pearce being the new editor and wish him success.—Big Springs Enterprise.

Hubert H. Pearce has bought the Coke County RUSTLER and is now in control. The Spokesman wishes you much pleasure Mr. Pearce, and the speedy acquisition of an ample fortune.—Colorado Spokesman.

Under the caption "Noonan" column in the Kerrille News appears the following:

When you cast your ballot for Geo. H. Noonan for Congress you are voting for sound money and protection.

The above is edited by the Republican Executive Committee of this Congressional District.

We want the people of this county to know who they are voting for, for Congress, since they cannot all be personally acquainted with the candidates. J. L. Slayden is the 16 to 1 free silver candidate to vote for, in order to beat the Mark Hanna gold bug, money spending syndicate in this district. Don't vote for a "carpet bagger" who wanted civil cases tried by military courts in Texas under Governor Pease's administration.

Below we give the voting boxes embraced in the different Commissioners precincts, also the voting boxes embraced in the different Justice Precincts. Every Justice Precinct is entitled to a Constable.

Commissioner Precinct No. 1, Bronte, Rock Springs, Hayrick, Robert Lee.

Commissioner Precinct No. 2, Valley View, Mule Creek.

Commissioner Precinct No. 3, Simpson, Pecan.

Commissioner Precinct No. 4, Sanco, Silver, Cedar Hill and Edith.

Justice of the Peace Prec. No. 1, Robert Lee, and Hayrick.

J. P. No. 2, Bronte.

J. P. No. 3, Rock Springs.

J. P. No. 4, Mule Creek, Valley.

J. P. No. 5, Lipsch and Pecan.

J. P. No. 6, Edith, Sanco, Silver Cedar Hill.

Teachers' Institute.

By the authority vested in me as chairman of the Coke County Teachers' Institute, I hereby call a meeting to be held in Robert Lee on Friday and Saturday the 18th and 19th Inst. It has been thought by some of the leading teachers that instead of having an all days session on Friday, it would be best to arrange a program to begin Friday evening at 7:30 P. M. and to continue all day Saturday and Saturday night. This will enable any teacher in any part of the county to teach until noon Friday and get to the Institute that evening. While most of the teachers can teach all day Friday and attend the Institute without losing any time. So come prepared Friday evening to stay until Sunday morning and lets have a good and profitable meeting.

The program will be prepared and published in next issue of the Rustler, so look out for it and be prepared to help out by your speeches and suggestions.

O. W. Gardner,
Chairman.

Mr. H. J. Fry, a stockman of Coleman County, and brother to our J. J. Fry, is up on a visit.

Announcement.

For County Judge.

We are authorized to announce Frank E. Thomas as a candidate for the office of county Judge of Coke county, subject to the will of the people, at the November election.

We are authorized to announce J. A. Gardner as for the office of County Treasurer of Coke county, at the November election.

For Sheriff and Tax Collector.

We are authorized to announce L. B. Murray as a candidate for re-election to the office of Sheriff and Tax Collector of coke county, subject to the action of the people's Party.

We are authorized to announce Ed. M. Mabley as a candidate for the office of Sheriff and Tax collector of Coke county, subject to the will of the people at the November election.

We are authorized to announce J. J. Fry as a candidate for the office of Sheriff and Tax Collector of Coke county, at the November election.

For Surveyor.

We are authorized to announce W. F. Buchanan as a candidate for the office of County Surveyor Coke county at the November election.

We are authorized to announce G. C. Berryman as a candidate for the office of County Surveyor Coke county at the November election.

We are authorized to announce M. H. Havins as a candidate for the office of County Commissioner of Precinct No. 2, at the November election.

The Sure Lagrippe Cure.

There is no use suffering from this dreadful malady, if you will only get the right remedy. You are having pain all through your body, your liver is out of order, have no appetite, no life or ambition, have a bad cold, in fact are completely used up. Electric Bitters is the only remedy that will give you prompt and sure relief. They act directly on your Liver, Stomach, and Kidneys, tone up the whole system and make you feel like a new being. They are guaranteed to cure or price refunded. For sale at Ed Mabley's Drug Store. Only 50c. per bottle.

Dr. Arthur Hodges, a dentist of San Angelo, was in town Thursday. He will be back on Monday, Nov. 7th, and will be prepared to do work at that time.

Public speeches will be made at Robert Lee court house Saturday night November the fifth. Every body invited.

Mr. G. W. Payne and daughter, from Robert Lee, arrived here last Saturday, his daughter will enter the school here. She will stay with her sister, Mrs. Bony Williamson. —Kerrville News.

Remarkable Rescued.

Mrs. Michael Curtin, Plainfield Ill., makes the statement, that she caught cold, which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine could cure her. Her druggist suggested Dr. King's New Discovery for Consumption; she bought a bottle and to her delight found her self benefitted from first dose. She continued its use and after taking six bottles, found her self sound and well; now does her own house work, and now is as well as she ever was.—Free trial bottles of this Great Discovery at Ed. M. Mobley's Drug Store. Large bottles 50 cents and \$1.00.

Prof. J. A. Baldwin, teacher of Live Oak school, in north east corner of this county, was in Robert Lee Monday, his school will begin the second Monday in November.

Nussbaumer's Antiseptic Stock Ointment.

The best Stable and Stock Ointment in the world for branding, altering, marking and sneaking, for wire cuts, old sores, collar saddle or harness sores, scratches, mange, scab, ticks, sand fleas, etc. It prevents Screw worms, and at the same time heals the wound. We will send a free sample box, post paid, by mail to any one sending their address to The Nussbaumer Chemical Co., San Angelo, Texas.

THE RUSTLER.

Does Not Repeat Itself.
 Mary—Teacher says history repeats itself.
 Tommy—Well, I guess it don't. And a feller's got to do some purty hard scraffin' to be able to repeat it himself.

A great deal of gossip, like many other things, is nauseating.

Not a Good Idea.
 A certain Cleveland reporter conceived a brilliant idea. He took it up to Superintendent Kingsley.
 "Mr. Kingsley," he said, with an insinuating smile, "wouldn't it be a clever scheme to have a wedding take place in the new tunnel?"
 The superintendent looked a little startled.
 "Can you supply all the necessities?" he inquired.
 The reporter felt pretty sure he could.
 "Loving couple, best man, flowers, cake, ring and all the rest of it?"
 "I'll have them on hand when wanted," said the scribe.
 The superintendent looked thoughtful.
 "No," he slowly said, "it will not do."
 The reporter was grievously disappointed.
 "And why not?" he demanded.
 "Because," replied the superintendent, slowly, "it certainly would be criminal carelessness on our part to admit persons to the tunnel who are suffering from any form of heart trouble."

Facts About Red Hair.
 An eminent man of science has recently declared that red-haired people are far less apt to go bald than those with other colored hair. The average crop on the head of a red-haired person is only 29,200 hairs. Ordinary dark hair is far finer, and over three dark hairs take up the space of one red one; 105,000 are about the average. But fair-haired people are still better off; 140,000 to 160,000 are quite common number of hairs on the scalp of a fair-haired man or woman. This authority does not comment on the peculiarities of red-haired people, but it is well known that they are of a fine and sensitive disposition akin to what is known as the artistic temperament.

Why He Failed.
 "Yes, I started on my lecturing tour with the avowed intention of telling the people things they all ought to know."
 "My dear man, people would much rather hear things they ought not to know."

Croup Cured in 30 Minutes.
 By using Mucosolvent. A 40-page book mailed free. Tells how to cure all throat and stomach ailments. Quinsy, catarrh, diphtheria, sore throat and colds, all cured, at home. Write Mucosolvent Co., Chicago.

No girl likes to eat corn off the cob before an admirer.

Monte Cristo.
 Lovers of Dumas' immortal romance will note with interest the statement by the London Morning Post's Rome correspondent that the Island of Monte Cristo, rendered so famous by Dumas' immortal romance, is about to be organized as a hunting ground for the prince of Naples. The Italian newspapers add that the lease of the Marquis Ginori, who previously hired the shooting in the island, has run out, and that the state is arranging to reserve the island—which is thickly wooded and completely uninhabited—as a special shooting ground for the crown prince.

What has become of the old-fashioned bed that was corded?

Brenham Sangerfest.
 Brenham, Tex., Oct. 31.—A more auspicious dawning for the great sangerfest, which was held here yesterday, could not have been desired. The air was crisp and exhilarating, the sky without a cloud speck, the sun shining genial and inspiring and all nature, in anticipation of the great festival, was itself full of delightful harmonies. At 10 o'clock the streets were deserted and the crowd adjourned to Germania park, on South Market street, where the second regiment band, under the direction of Prof. Eilers, executed some brilliant numbers and put the visitors in a thorough good humor for the great vocal chorus singing which was to follow. "Das Deutsche Lied" and some other selections were rendered by all the societies present in a most pleasing manner. Following the grand chorus was a solo by Miss Fuchs, which elicited a storm of applause, as did also a song by Mrs. Marguerite Fisher-Baxter and selections by the Schoenau, Bellville, Welcome and Brenham societies. Varying the programme the band executed some other selections which were greatly enjoyed, after which other solos were rendered and choruses executed, concluding the musical feature of the fest with "Im Pokale," in which all the singers and societies took part. At 6 o'clock an elegant lunch was served and then all was social recreation and pleasure until the hour fixed for the grand ball to begin. Dancing was kept up until a late hour, when the dancers, singers and visitors said good night and repaired to their homes, after having spent the day and a part of the night most delightfully.

Peculiar Accident.
 Shepherd, Tex., Oct. 31.—A few nights ago while the norther was blowing, five men went 'possum hunting. Toward morning they were tired and sleepy and several miles from home, so they set fire to a broken tree trunk, which was dry and hollow, about eighteen inches in diameter and some twenty feet high, and laid down to sleep for the rest of the night. How long they had slept none of them knew, but the tree burned down and fell lengthwise on one of them, knocking him senseless but failing to awaken any of the others. The shirt of one of them, however, soon blazed and he jumped up yelling fire, and took to his heels through the woods. This awakened the others and they ran after him, and catching him and extinguishing the fire they returned to the fire to find the other man insensible under the burning log. The log was a mass of fire and they could not take hold of it to roll it off, so by tugging at his legs they finally extricated him, still living but hopelessly burned.

Eastland Fire.
 Eastland, Tex., Oct. 3.—The two-story buildings occupied by L. C. and T. E. Dawntain with all their contents were burned. They were occupied by T. E. Dawntain, general merchandise, and A. M. Bruil, saloon, Mr. Crossly, barbershop, in the lower stories and upper stories by Scott & Breisford law offices and the Knights of Pythias lodge. Everything in the upper stories was a total loss and almost the same in the lower stories. The buildings were fairly well insured, the stock of T. E. Dawntain about one-half and Scott & Breisford about one-fourth. Mr. Bruil and the Knights of Pythias were not insured. Mr. Crossly saved almost everything. The stone walls fell on an adjoining frame building owned by C. U. Connelley and entirely demolished it.

Fatal Difficulty.
 Houston, Tex., Oct. 31.—News reached the city of a fatal difficulty which occurred at Piney Point, ten miles west of this city, about noon yesterday. It seems that Dr. Lawrence and Philip Giartano, who lived on adjoining places, had a quarrel over some stock and, according to the account that reached this city, Giartano was shot and killed.
 Dr. Lawrence and his brother-in-law, 3. Borgo, immediately got into a buggy and drove to town. Dr. Lawrence gave himself up to the sheriff. After a wound on his head had been dressed by a physician he was locked up pending an examination into the circumstances of the tragedy.

Commissioner of Pensions Evans says that up to Sept. 30 the war with Spain had caused the loss of the lives of 2906 Americans, soldiers and sailors.

The emperor and empress of Germany have arrived at Jerusalem.

The girl who lets her lover do all the courting is generally one who is worthy of matrimony's honors.

Shall We Keep the Philippines?
 While public opinion is divided as to the wisdom of keeping the Philippines, it is, however, all one way in regard to the wisdom of everybody keeping their health. For this purpose Hostetter's Stomach Bitters is widely used. This medicine is both preventive and cure for malarial fevers and stomach disorders.

Before marriage a man carries bonbons, after marriage beefsteak.
Catarrh Cannot be Cured
 with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quick medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials, free.
 F. J. CHENEY & CO., Props., Toledo, O.
 Sold by druggists, price 75c.
 Hall's Family Pills are the best.

Flies walk this time of year like they were inebriated.

TO CURE A COLD IN ONE DAY
 Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. The genuine has L. E. Q. on each tablet.

A lost case causes a client to talk as much as his attorney.

Piso's Cure for Consumption is the only cough medicine used in my house.—D. C. Albright, Millburg, Pa., Dec. 11, '05.

Some people neglect their own affairs to worry after other people's.

Mrs. Winslow's Soothing Syrup.
 For children teething, softens the gums, reduces inflammation, always pain, cures whooping cough. 25c a bottle.

When some people are not hungry they are sleepy.

REGAINED HEALTH.
 Gratifying Letters to Mrs. Pinkham From Happy Women.

"I Owe You My Life."
 Mrs. E. WOOLHISER, Mills, Neb., writes:

"DEAR MRS. PINKHAM:—I owe my life to your Vegetable Compound. The doctors said I had consumption and nothing could be done for me. My menstruation had stopped and they said my blood was turning to water. I had several doctors. They all said I could not live. I began the use of Lydia E. Pinkham's Vegetable Compound, and it helped me right away; menses returned and I have gained in weight. I have better health than I have had for years. It is wonderful what your Compound has done for me."

"I Feel Like a New Person."
 Mrs. GEO. LEACH, 1609 Belle St., Alton, Ill., writes:

"Before I began to take your Vegetable Compound I was a great sufferer from womb trouble. Menses would appear two and three times in a month, causing me to be so weak I could not stand. I could neither sleep nor eat, and looked so badly my friends hardly knew me.
 "I took doctor's medicine but did not derive much benefit from it. My druggist gave me one of your little books, and after reading it I decided to try Lydia E. Pinkham's Vegetable Compound. I feel like a new person. I would not give your Compound for all the doctors' medicine in the world. I can not praise it enough."

DROPSY NEW DISCOVERY: Send for book of testimonials and 10 days' treatment free. Dr. R. H. GIBBS'S DRUGS, Atlanta, Ga.

OPIMUM and WHISKEY Habits cured at home without pain. Book of particulars free. R. M. WOODRUFF, Y. M. D., Atlanta, Ga.

Only Thirty and Gray

How is this? Perhaps sleepless nights caused it, or grief, or sickness, or perhaps it was care. No matter what the cause, you cannot wish to look old at thirty.

Gray hair is starved hair. The hair bulbs have been deprived of proper food or proper nerve force.

Ayer's Hair Vigor

Increases the circulation in the scalp, gives mere power to the nerves, supplies missing elements to the hair bulbs.

Used according to directions, gray hair begins to show color in a few days. Soon it has all the softness and richness of youth and the color of early life returns.

Would you like our book on the Hair? We will gladly send it to you.

Write us!

If you do not obtain all the benefits you expect from the Vigor, write the doctor about it. He may be able to suggest something of value to you. Address, Dr. J. C. Ayer Co., Lowell, Mass.

TOWER'S FISH BRAND SLICKER

WILL KEEP YOU DRY.

Don't be fooled with a mackintosh or rubber coat. If you want a coat that will keep you dry in the hardest storm buy the Fish Brand Slicker. If not for sale in your town, write for catalogue to A. J. TOWER, Boston, Mass.

Woman's Mission.
 Successful competition in any field depends on physical health.

FAMILIAR questions about woman's future are constantly asked.

Shall women vote? Shall they practice law? Shall they compete with men in every field? Whatever woman's mission may finally be declared to be, it is certain that something must be done for her physical health.

Ignorance, superstition and mystery surround woman's delicate organism. Heroic efforts to endure pain is part of woman's creed. Many women's lives are a constant struggle with lassitude; many are violently ill without apparent cause, and few indeed are in normal health.

This is all wrong and might be different if women would follow Dr. Hartman's advice. Perhaps the most practical printed talk to women to be found anywhere is in Dr. Hartman's book called "Health and Beauty," which the Pe-ru-na Medicine Co., Columbus, O., will mail free to women only. It is certain that Dr. Hartman's Pe-ru-na has proved a perfect boon for women's diseases of the pelvic organs. It treats them scientifically and cures them permanently. All druggists sell it.

"I received your book and commenced the use of your medicine at once," writes Mrs. H. D. Amoss of Greensboro, Ga., to Dr. Hartman. "I took five bottles of Pe-ru-na and two of Man-a-lin. I feel like a new woman. When I commenced taking Pe-ru-na I could hardly walk across my room; now I am doing my own work and can walk to church. I shall never cease to thank you for prescribing for me. I had been under the treatment of two doctors but never received any benefit until I commenced taking your medicine. I wish every woman who was suffering as I was would send for one of your books. May God bless you and spare you many years to relieve women who are suffering as I was."

Fifty thousand women will be counselled and prescribed for this year free of charge by Dr. Hartman, president of the Surgical Hotel, Columbus, O. All women suffering from any disease of the mucous membrane, or any of the peculiar ills of women, may write to him and the letters will receive his personal attention. Write for special question blank for women.
