# Band Wows 'Em In San Antonio

By ELAINE DAVIS

Anxious parents and eager friends became a welcoming committee Saturday evening as the Bobcat Band returned home.

**THE BUSES** arrived at 6:50 p.m. after a 10-hour trip from San Antonio. The homeward journey commenced after a hearty breakfast at Luby's Cafeteria in the HemisFair City and was interrupted by a lunch stop in San Angelo. Here the group enjoyed two lunches of fried chicken, French fries and hot rolls in the beautiful surroundings of the city park.

Highlights of the trip came in four major events.

The first two were "pops" concerts played at the HemisFair — one in the amphitheater and the

other on the spacious patio of the United State Pavilion. The third performance proved to be the most exciting as the 102-piece marching band sparkled, played and drilled its way down the field with expert precision. The huge audience at Alamo Stadium was literally captivated by the appearance, performance and discipline of our home-town musicians.

**THOUSANDS** were also on hand to witness the fourth appearance of the Bobcat Band in the Battle of Flowers Parade Friday afternoon. In addition to the band members and 50 parent-sponsors, there were some 160 Dimmitt people in San Antonio backing the group and enjoying the festivities.

Many wonderful comments were heard by several parents and supporters, especially during the Thursday night show and the seven-mile parade Friday. Many commented on the "outstanding uniforms" of the group, especially the silver tails and purple top hats of the five twirlers. Several enjoyed the "fine quality of music," excellent marching, and well-behaved conduct of the band.

Many San Antonio people said the television coverage was excellent and that the group received outstanding comments by announcers. Report was that the Dimmitt band received more television time than any other, including the San Antonio bands.

**THE COMMENTS** reported by Mr. and Mrs. Bob Huckabay, heard during the performance at Alamo Stadium, were:

"Bob and I sat in front of 'friends' from Bossier City, La., at the Festival in Alamo Stadium on Thursday evening. When the emcee for the festival announced that we had 144 band students from a high school enrollment of approximately 400, they remarked that we surely must have a very special and outstanding band director, to have such a high percentage. So we spent about five minutes extolling the fine qualities of 'Smith' to them. We were continually complimented by the good behavior and maturity of the band students."

Those making the memorable trip felt the Bobcat Band and its supporters did an admirable job of representing Dimmitt and Castro County once again. They all recommend that everyone make the trip to the HemisFair, if possible — it's great!

## Piano Auditions To Begin Today

The local 1968 National Piano Playing Auditions, sponsored by the National Guild of Piano Teachers, will begin today (Thursday) in the First Methodist Church.

Mrs. Lynn Reedy Bethel of Snyder, junior music counselor for District II, Texas Federated Music Clubs, will be the adjudicator for the non-competitive auditions.

The examinations will continue through Saturday, from 9 a.m. to 5 p.m. daily.

Mrs. Howard Hershey, local chairman, said 59 piano students from Hart, Sunnyside and Dimmitt have enrolled for the auditions.

## Brockman Chosen For NSF Institute

Hal Brockman, Nazareth High School junior, has been chosen for a National Science Foundation math and science institute this summer at Bethany college in Lindsborg, Kan.

**BROCKMAN, 16**, is the son of Mr. and Mrs. Ernest Brockman of Nazareth.

The six-week institute, which will start the first week in June, is for outstanding math and science students in the Southwest. It will be an intensified course in general and technical mathematics and science, and will be taught by top professors and specialists. The course will also include field trips to scientific project sites in the course area.

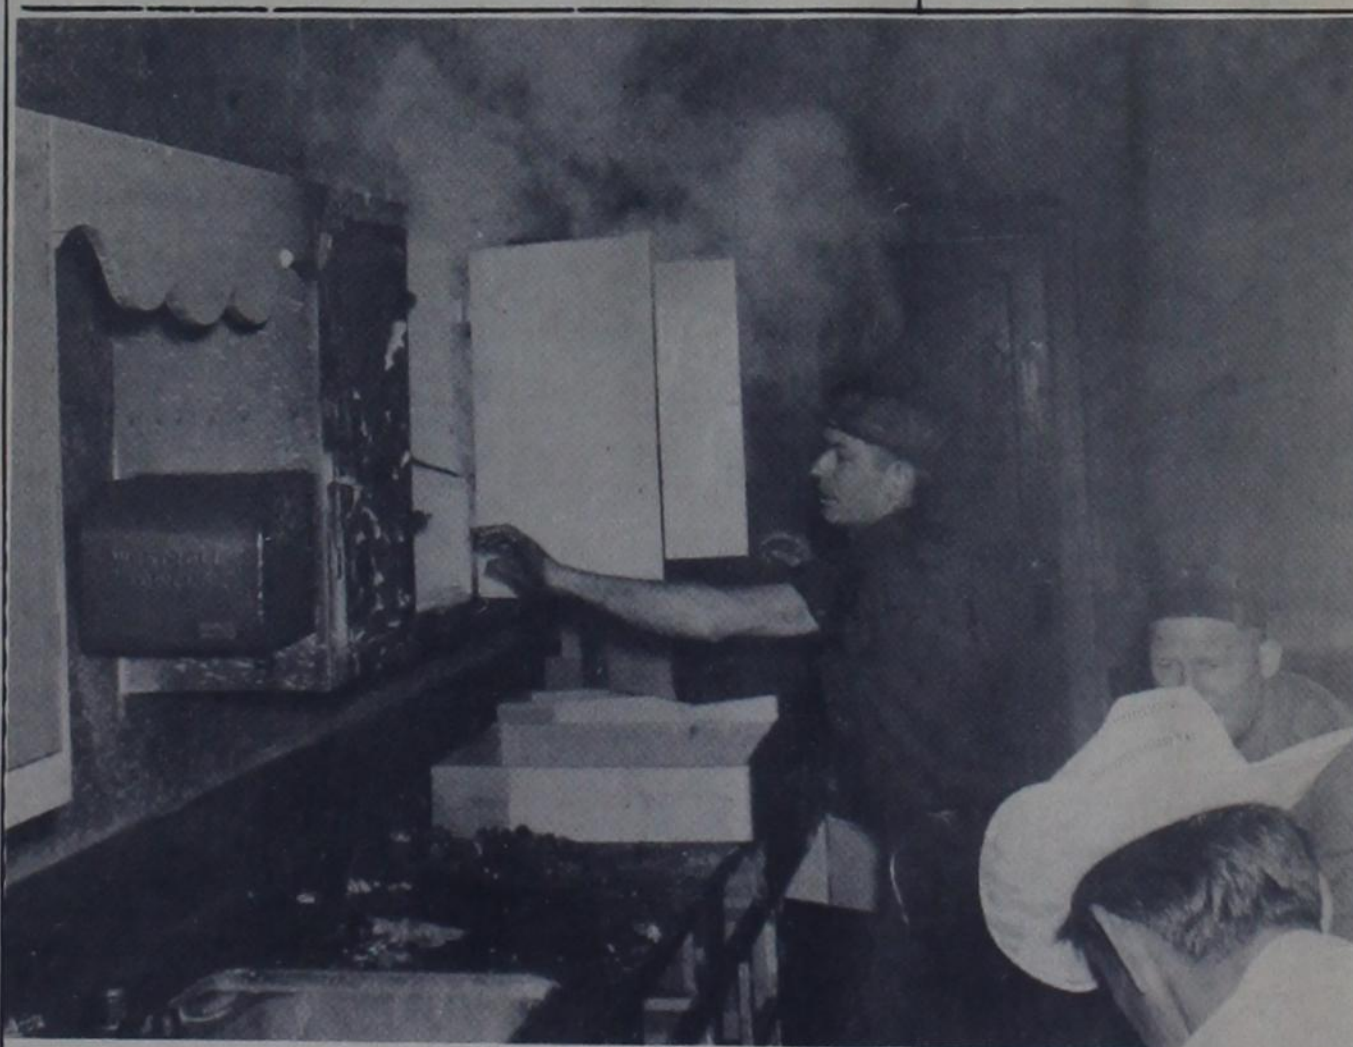

Brockman was one of 30 high school juniors accepted for the institute.

## 'Friends' Will Be Organized Tonight

A meeting to organize a "Friends of the Library" chapter in Castro County will be held tonight (Thursday) at 8 o'clock in the First State Bank community room.

**ALL interested citizens** are urged to attend. The new organization will be sponsored by the Castro County Library Board, Dimmitt Book Club and the civic improvement committee of the Chamber of Commerce.

Alice Green, librarian of the Mary E. Bivins Memorial Library of Amarillo, will be on hand to explain the benefits libraries receive from a "Friends" organization.

Dr. Marvin Hirsch, president of the Amarillo "Friends," will tell the benefits of membership in the organization.

**ALSO present** will be Mrs. Elizabeth Crabb, extension program coordinator for the Mary E. Bivins Memorial Library.

## Lions Elect Bryant Boss

Bo Bryant was elected Tuesday as president of the Dimmitt Lions Club for the coming year. He will succeed J. R. Brown as Boss Lion.

**BRYANT, 30**, has lived in Dimmitt four years as manager of the Plainview Production Credit Association office. He moved here from his home town of Muleshoe in 1964.

The new Boss Lion is also treasurer of the Chamber of Commerce and publicity chairman of the Castro County Recreation Center. He and his wife, Carol, and their three children live at 615 Andrews St.

**OTHER officers** elected Tuesday were Lynn Polson, E. B. Noble and Jim Ratcliff, vice-presidents; Wade Maynard, secretary; Jody Mennick, treasurer; Sid Steward, Lion tamer; Nick Gonzales and Don Nelson, tail twisters; and Chet Braafeld and Goldman P. Dyer, directors.

The new officers will be installed at the club's annual Ladies Night banquet in June, and will take office July 1.

## Focus Is on Sheriff's Race

Political races, horse races and highballs are expected to spark a good turnout of voters Saturday as the Democratic and Republican parties hold their primary elections.

**POLLS WILL** be open from 8 a.m. to 7 p.m. in 16 Democratic and two Republican polling sites in the county.

In the local Democratic primary, the races for county sheriff and governor are drawing the spotlight.

On the Republican ballot, the only contested race is the governor's nomination.

But voters of both parties will have three issues in common on the bottom of their ballots—the propositions to (1) legalize the sale of liquor by the drink on a local option basis, (2) legalize horse racing and parimutuel wagering on a local option basis, and (3) create a Texas Dairy Commission empowered to regulate and fix the wholesale and retail prices of milk.

**THE HOTTEST** local race is the battle for the county sheriff's post in the Democratic primary. Former deputy Henry Myers Ogletree is challenging Jack Cartwright, and this race alone is expected to draw plenty of Democrats to the voting booth.

Also, a contested race for commissioner is expected to spur the turnout in Precinct 1, where George Heck of Nazareth is opposing incumbent Commissioner E. I. "Tump" McLain of Hart.

These are the only two contested races at the precinct and county level for Democrats, and Republicans have put up no candidates for county office.

**STATEWIDE**, voters are focusing their attention on the races for governor.

The Democrats have a 10-candidate marathon going, with nine men and one woman seeking the nomination to succeed Gov. John Connally.

A run-off seems inevitable between the two Democratic candidates polling the most votes Saturday.

**THE Democratic hopefuls** are (in ballot order) Johnnie Mae Hackworth, John Hill, Do Ph Briscoe, Preston Smith, Pat O'Daniel, Edward L. Whittenburg, Eugene Locke, Waggoner Carr, Don Yarborough and Alfonso "Al" Veloz.

Lt. Gov. Smith of Lubbock and Liberal Democrat Don Yarborough of Houston seemed to be the front runners in the early stages, but Hill, Briscoe, Locke and Carr are closing fast, and it's considered at this point to be anyone's race.

**IN THE Republican primary**, it's a three-way race for the governor's nomination between Paul Eggers, John R. Trice and Wallace T. Sisk.

In the lieutenant governor's race, Democrats will choose between Liberal Don Gladden, Conservative Gene Smith and Speaker of the House Ben Barnes.

Another contested race has developed for State Comptroller of Public Accounts, in which Dallas Blankenship is challenging long-time Comptroller Robert S. Calvert.

## Miss Dimmitt Is Rescheduled

The "Miss Dimmitt" Pageant, originally set for Saturday, has been rescheduled for June 8.

**BOB BINGHAM**, chairman of the Jaycee-sponsored pageant, said the postponement was due to conflicts with contestants' school activities and a time conflict with the primary elections Saturday.

Any Castro County girl 16 through 20 may still enter the pageant by contacting Mrs. Walter Maynard at the First State Bank of Dimmitt.

## There's A Lively Race at the District Level

A lively race at the district level between three Democrats for the Seventh Court of Civil Appeals. Seeking the jurist's post in the huge district are James A. Joy, Bruce L. Miller and Jack Hazlewood.

## A Sample Ballot of the Democratic Primary

Also on tap Saturday are precinct conventions, to be held at 2 p.m. at each party's polling sites. At these precinct get-togethers, party members will elect delegates to the Democratic and Republican county conventions to be held May 11.

## Wayland Singers To Perform Here

The Treble Tones, women's vocal group from Wayland Baptist College in Plainview, will present a musical program Sunday evening at 7 in Dimmitt's First Baptist Church.

**THEIR SONGS** will range from spirituals to contemporary church music.

The Treble Tones have just completed a tour in Colorado. Directing the group is Dr. Wallace McKenzie, associate professor of music at Wayland. The group's piano accompanist is Sharon Pennington of Grants, N.M., a Wayland junior.

## Mrs. W. P. Seale Dies in Kerrville

Funeral services were held Saturday, April 20, for Mrs. Clarence Seale, 79, former Dimmitt resident who died April 18 in a Kerrville hospital.

**SHE WAS** the mother of J. O. Seale of Dimmitt.

Final rites were in the First Methodist Church, with Rev. H. Weldon McCormick officiating. Burial was in Castro Memorial Gardens under the direction of Dennis Funeral Home.

Mrs. Seale moved to Dimmitt in 1942 and lived here until her husband, W. P. Seale, died in 1954. She moved that year to Center Point, where she lived until her death. She had been hospitalized at Center Point 2½ years under the care of her son, Dr. F. E. Seale.

**SHE IS** survived by four sons, J. O. of Dimmitt, F. E. of Comport, Frank of Muleshoe and Charles of Tucumcari; a daughter, Mrs. Georgia Unruh of El Paso; two brothers, Sam Watson of Las Lunas, N.M., and John Watson of Goree; a sister, Mrs. T. S. Rieburg of Gorman; 18 grandchildren, and two great grandchildren.

## Loyalty Day

## \$17,624 Granted For 'Head Start'

The Office of Economic Opportunity granted \$17,624 Friday to the Castro County Community Action Committee to conduct a Summer Head Start program for 100 children in Dimmitt.

**APPROVAL** of the grant was certified Friday to the offices of Sen. Ralph Yarborough and Congressman Bob Price, who notified the News.

The appropriation will be combined with a local share of \$6,512 mostly for "in kind" contributions of facilities and services, to bring the two-month summer program's total cost to \$24,136.

The local CAC and public schools are to establish five classes for "a comprehensive child development program of nutritional health, education, social and related services to children of low income families who will attend regular school for the first time in the fall."

Bible Thoughts

PRAYER

By Ronnie Parker

Trying moments should bring an increased dependence upon God. Turmoil, unrest, and war cover the earth and it is right that we should ask God for His guidance in the affairs of men. Heads of state are trying to reach settlements for peace. Our armed forces are fighting for liberty and peace. Persons in war zones are suffering hunger, nakedness, sorrow, and fear. It is a time for prayer.

Paul writes, "I exhort therefore, that, first of all, supplications, prayers, intercessions, and giving of thanks, be made for all men" (1 Tim. 2:1). An intercession is simply pleading in the interest of others. A period of prayer for men in our Armed forces is scheduled for Sunday morning May 5 during our worship hour at Fourth and Bedford. Some of you, more than others, are emotionally involved in the present war, because you have loved ones who are involved. We believe it is altogether in order that we pray for the safety of those who are involved, and for the end to such a war. You are all welcomed to this service.

MRS. JAKE SPEAKS UP

Well, another Junior Rodeo is over, and that means the Jaycee-Ettes have a little more money. We ran the concession stand, for both shows.

I would like to thank Vicki and Lois Rosenberry and Donna Coody for helping us run the concessions Saturday night, as they are not Jaycee-Ettes. There was a conflict, as it was also the night of our installation banquet.

Nancy Kirby and Laura Jean Presley, Jaycee-Ettes, helped the girls Saturday night. Sunday afternoon Walter Maynard, Jo Nan Miller, Twila West, Nancy Kirby and Laura Jean Presley braved the sandstorm and windy weather and worked the concession.

We would like to take this opportunity to thank the Rodeo Association for letting us have the concession, and for all the help they give us. They are a real nice bunch of guys. Thanks a lot to each of you.

SATURDAY was Jaycee Radio Day. Some of the Jaycee-Ettes baked up some good homemade cakes, cookies and brownies and served the men at the radio station. Thanks to Sandra Clark, Walter Maynard, Jo Nan Miller and Laura Jean Presley. We would like to invite all Jaycee wives to come to our Jaycee-Ettes meetings and visit. They're on the second and fourth Tuesday nights each month at the bank.

What Does It Take To Build A Church?

Perhaps you glance at the church on the corner once in a while and wonder what it would be like to visit during a service. What is it that draws those people to that particular building every week? What built that church?

The only possible answer is — the love of God. Their love of God prompted them to sacrifice and give so that the sanctuary might be built. The love of God compels them to meet there with others who serve Him. Their love of God compels them to "go, and tell others".

We pray that you will be drawn to such a church this week and that you will align yourself with it. You can help build it into something even better.

Coleman Adv. Ser.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

### AAGP Re-elects Dimmitt Doctor

Dr. John Dennis Blackburn of High Plains Clinic has been re-elected to active membership in the American Academy of General Practice, the national association of family doctors. RE-ELECTION signifies that the physician has successfully completed 150 hours of accredited postgraduate medical study in the last three years. The academy, the country's second largest national medical association, is the only medical group that requires members to keep up with medical progress through continuing education. The academy, founded in 1947 and headquartered in Kansas City, Mo., currently is spearheading a movement to create a new

specialty of family medicine that will enhance the ability of the family physician to provide comprehensive, continuing care to the public. The foundation of this new specialty will be the academy's postgraduate education program.

#### ROD TIP BREAK

If you break the tip of your fly rod at the ferrule (an anglers often do) don't throw away the rod and buy a new one. Just affix the ferrule to what's left of the rod tip. A rod so repaired will work fine.

#### KEEP CHAMOIS HANDY

On a hunting trip carry a top-quality chamois soaked with oil. Chamois never looks oily, yet never seems to run out of it either. Great for rubbing down your weapon after each day afield. Keeps rust away.

### Amelio Serves In 1st Marines

Marine Lance Corporal Amelio Nino, son of Mr. and Mrs. Emilio Nino of 509 SW Third St., Dimmitt, and the husband of the former Miss Mary Munoz of Rt. 2, Hereford, is serving with the First Battalion in Vietnam. HIS battalion, a part of the Seventh Regiment, First Marine Division, conducts large scale combat sweeps against the enemy and participates in company and platoon size sweeps in search of infiltrators. The unit is also engaged in a civic program designed to assist the Vietnamese people in completing self-help projects, such as the building of wells, culverts, small bridges and schools.

## How Big a Pit Do You Need To Recover Your Tailwater?

Because High Plains underground water is depletable, every possible means to prolong its availability for agriculture is encouraged by the High Plains Underground Water Conservation District.

FOR THE past several years one of the primary practices of underground water conservation that has been stressed by the water district is the installation and proper use of tailwater return systems.

Hundreds of these systems now dot the High Plains in audible testimony of their economic practicability. Hundreds of farmers will testify as to their saving in water, money, fertilizer and soil since their tailwater system was installed.

SUCH A farmer is Billy Wayne Sisson, who farms 18 miles west of Hereford. His pit has a 700,000 gallon capacity with a return pump capacity of 500 gallons per minute. His entire installation, including dirt work and pump, cost Sisson less than \$2,000. During the peak season this return system will have eight irrigation well contributing tailwater to it with four or five wells on virtually a constant basis.

The numerous tailwater systems that cover the High Plains today are the final results of long hours of study and evaluation of new ideas, methods and equipment that were used in a few experimental systems installed by the water district. The experimental installations have proven the following advantages for the High Plains farmer:

- 1. Prevents the ponding of water at the lower end of the field.
- 2. Prevents the flooding of adjoining neighbor's farm land.
- 3. Prevents the flooding of public roads.
- 4. PREVENTS the flooding of

# 300 Make Trip to San Antonio, HemisFair

By MYRTLE SHEFFY

I hear that more than 300 people went to San Antonio, including the Bobcat Band. They really saw the World's Fair, too — and I didn't. So they made it up not to tell me about the fun they had — but I know they rode the monorail to see the sights, had food in the Tower of the Americas and outdoor cafes, and watched our kids march seven miles in the Battle of Flowers Parade.

I was chatting with Carl King — he and Frances and kids went to Galveston and came back by San Antonio to see the Bobcat Band march and play. He says they were fine — and he thinks they're the best, too. They all had supper on the banks of the River.

All the Bradfords went and Josie came home by Fort Worth and Hurst, where she attended a golden wedding party of her kin. The Russel Morans and Charlie and Nancy Hays went by Waco to visit the kids, Pat Moran and the Kemp girls, and others.

**TOM AND Donna Stafford** were enroute to Gravette, Ark., to visit his uncle, Doyle Houtchens, and family, when their car was hit broadside. The car was demolished but the people were not hurt. Dr. David Bechtol and wife Mary and their three girls and Aural Davis went to Amarillo Saturday to visit David's folks. They

cooked up a birthday dinner for granddaughter Gayla, then Suzie Davis joined the crowd for the show, "The Graduate." They also saw another show — can't tell you!

Gwen and Sam McDonald and children of Cimarron, N.M., spent a few days with her parents, Mr. and Mrs. Fred Dunn.

**MR. AND MRS. Doug Adams** and Mr. and Mrs. George Elder went up to Ramero, N.M., Sunday to visit Doug's sister, Pat and Buddy Barnes, northwest of Channing.

Mr. and Mrs. Charlie Armstrong and Clay, Scott, Brent, Ross and Laura went to "Six Flags" near Fort Worth last week. Scott says it was a lot of fun.

The Ray Rileys have been to their Bonham Ranch. They picked up their son, Kim, at his school near Ada, Okla., then they went fishing and fixed fence.

Mr. and Mrs. Goodwin Miller were hosts at a southern fried chicken dinner Thursday evening. Bridge was the game later. Guests were Mr. and Mrs. Sam Gilbreath, Mr. and Mrs. P. L. Cunningham, Mr. and Mrs. R. E. Wilson, Mr. and Mrs. R. N. Carpenter and Pearl Shetty. Edgar Ramey and Virginia Gilbreath were the high score winners.

Then Saturday, the Millers and Pearl Shetty went to Iran to visit their brother, Bob Miller.

**ESTELA P. SAENZ** a teacher, spent the week at the family-style Hotel Woods in Amarillo. She met Mrs. Fannie Mahan, (Sid's sister, who manages the hotel), and Mrs. Miller, who is

Mrs. Jack Cartwright's mother. Estela says that is a good place to rest.

Gene Ivey flew over to Carthage, Mo., with his nephew Roy Ivey Jr., to visit Gene's brother, Roy Ivey, who is ill.

The Buford Newtons were hosts to a bunch of her relatives this week — her parents, Mr. and Mrs. Sawyer, a sister who is a student at WTSU, and another sister and family from Midland.

Mrs. Robert Lindsey attended a secretarial convention, I think at Beaumont.

**BOB AND Earlene West** and daughter, Margo, went to Turkey for a family get-together recently. They stayed with Earlene's grandparents, Mr. and Mrs. D. W. Jones. The people were over 79 into their 90s and seven of the eight brothers and sisters came from Granby, Colo., San Francisco, Utah and North Carolina.

Larry and Alice Gamblin and children have returned from a trip to Sulphur Springs. They visited her folks, the Ulys Waggons, and his folks, the Gambelins. They also visited the Carl Easterwoods, who have a dairy farm. They all went fishing and had a good time.

Mrs. Chet Braafladt attended a "Guest Day" brunch at the Amarillo Country Club Tuesday for members and guests of the Junior Travel Club. Helen presided at the punch bowl. They had cake and other good things to eat. Helen has belonged to this club for years, and is the new president of it.

**DO GO to see the one-man art show** at the Dimmitt Art Gallery on North Broadway May 5-11. The art work of Larry Hilburn of Amarillo will be shown. Admission is 50 cents.

Tommye Bischoff's senior girls in the personality and posture class of Hereford High School are presenting a fashion show Saturday from 12 to 1 p.m. at the Caisson House. You are invited.

The Clarence Beardens and his folks from Lubbock went to Kingland, near LBJ Lake, this

week for a few days' rest and fishing.

**THE BUSTER TIDWELLS** were among the late-goers to HemisFair, leaving Friday. The City has been half vacant. Some of us stayed home.

Dick Brown, who is a candidate for Congressman, was in town Friday at the Colonial Inn, greeting friends. He lives at Hartley. He was a guest of Shirley Garrison.

Mrs. P. L. Cunningham was hostess at a bridge party Friday afternoon. She served that good orange-chocolate cake and coffee to Mmes. Edgar Ramey, Ann Singer, N. F. Cleavinger, R. E. Wilson, Jack Summers, Sid Shetty, E. B. Wright and Margaret Boren.

Ann Touchstone and Maxie Horton left Sunday for the Southwest Recreation Leadership School at the Methodist Arow' Head Lodge near Santa Fe. Mrs. Joe Benson and Mrs. Edd McLeroy went out there Tuesday. They learn how to lead the 4-H and church groups in their activities. The topic is "To Share the Good Life."

**RICHARD LINDSEY** and son Sam went to San Marcos to attend the graduation services for son Andy, who has finished at Gary Job Corps, where he majored in carpentry work, painting and sheet rock. He plans to take another course in commercial art.

Glen Bradley, who leaves this week for Vietnam, came by to visit his mother, Jetty, and Ray Shetty Jr.

Mitzi Ethridge and children of Amarillo were weekend guests of her mother, Ruth Wilson, and brother and sister-in-law, Edd and Johnny Wilson. Mitzi says John is at Stillwater, Okla., on business (insurance).

**MR. AND MRS. Donald Wright** and their children and his grandmother, Mrs. Etta Brashears, visited last weekend with Sara Norther in Amarillo. They saw a

good show and ate out, also. Donald has been working hard with dozens of other dads on the Little League's baseball grounds. They are finished with the cyclone wire backdrops and fences.

Mr. and Mrs. Edwin Ramey and Mr. and Mrs. W. E. Kirkpatrick visited the Kirkpatrick's daughter Lucille, and family in Wharton. They also stopped off to see HemisFair.

Ann and Bill Drake went to Dallas Sunday to visit her parents, the Jesse Wagonsers.

**MR. AND MRS. Floyd Dickey** kept their little granddaughter, Lori Axe, while Jim and Suzanne Axe went to Dallas on business last week. Jim gets his BA at WTSU in May, and plans to stay in Dimmitt during the summer months.

Mr. and Mrs. George Miller of Fort Worth are here looking after his farm business, the Miller Farms west and one at Summerfield.

D. H. (Mollie) Malone, Dick Walker and Connie M. Morrison played golf at Midland over the weekend. It was the Elcor Chemical Co.'s golf tournament. They are with Western Ammonia here. They did not win, but had fun.

Mrs. Lester Havens of Cleveland, Ohio, has been a guest in the home of her daughter, Mrs. Winifred Fuller, this week.

**I TALKED with Sue Miller**, and she says Dr. Miller is just fine. His company has included Mrs. Jim Bagwell, Bill Graham and Houston Fowlkes, who lives in Rockport. Houston came to Dimmitt from Fort Worth with Nettie Graham and her daughter, Mrs. A. J. Kemp, who visited her friends a few days.

Bob Mapes called Mrs. Clyde Dameron to say that his wife, Lavelle Teague Mapes, is slowly improving from a recent stroke. She managed to say "Hi." Lavelle is at Presbyterian Hospital in Denver. Mrs. Merle (Hat) Matthews called yesterday from near Kansas City to inquire about her. The

## Zito Sartarelli Speaks at Arney

Zito Sartarelli, American Field Service exchange student from Brazil, spoke informally of his country and of his views on the United States when he visited the Arney Community Club recently.

**HE SAID** that he started preparing three years ago to get into the Field Service program.

Eleven members answered roll call and elected the following officers for the next year: President, Mrs. Dozier Thornton; vice-president, Mrs. Charles Burks; treasurer, Mrs. Jack Dempsey; secretary, Mrs. Albert Schoenberg; reporter, Mrs. Walter, Via.

Mathews read the Castro County News.

**BOB AND Joy Baker** went to Abilene (she says for fun) and to visit her sister, Mrs. Bob Bonham.

Mr. and Mrs. Dan Heard were hosts to the Birthday Club Thursday night. The honoree was Mrs. Martin Young. They had a little bit of fiddle and guitar music, played dominos, and had cake and coffee. Approximately 30 folks were there.

Glenn Polson is in Eucha, Okla. taking care of her mother-in-law, Mrs. Henry Polson, who is recuperating from surgery. She will be gone one to two weeks, then Lynn and the kids will go there to pick her up.

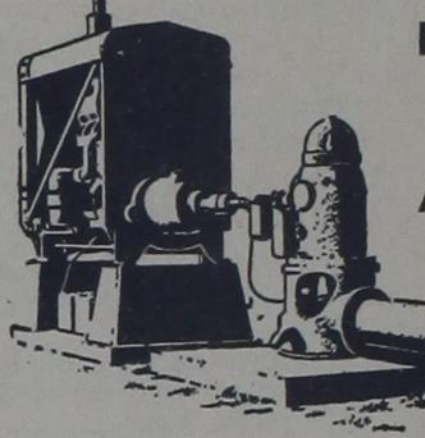

Hostesses for the afternoon were Mmes. Charles Burks, Jack Dempsey, and Steve Cole. Sponge cake with Jello dessert and punch were served.

**THE NEXT meeting** will be today (Thursday), with a closing luncheon and a trip to the museum in Canyon.

**FROZEN FOODS**  
Shop carefully for high quality frozen foods. If you squeeze the packages of frozen vegetables gently and they crunch to your touch, it means there's icy frost. This indicates the package may have been defrosted and refrozen. Quality can't survive that kind of treatment. If you open the package and find the vegetable discolored, you'll know that's exactly what happened.

### Plainview Man New Hart Coach

Don Seymour, offensive backfield coach at Plainview High School for the past two seasons, has accepted the post of athletic director and head coach at Hart High School.

Seymour

SEYMOUR, 40, succeeds Don Ewing, who resigned recently. Seymour will assume his duties this summer. Class B high schools do not have spring training.

A 1951 graduate of West Texas State, Seymour began his coaching career at Stinnett in 1951 as an assistant. As head coach in 1955, he guided the team to the state finals where the Stingrays were beaten 7-0. In 1956 Stinnett won the state championship, and finished 9-1 in 1957. His overall record at Stinnett was a glittering 37-1-2.

From 1958 to 1961, he was head coach at McCamey, where his teams won 24 and lost 16. In 1962, he moved to Spearman as head coach and built a contender in three seasons. His Spearman teams were 1-9 and 3-7 the first two years, but posted 7-3 and 6-4 records in 1963 and 1964.

SEYMOUR'S overall record as a head coach is 78-40-2.

He will teach algebra and geometry in the high school and his wife, Willa Mae, will teach first grade.

Seymour holds a BA from WT-SU in math, with a minor in phy-

sics, and an MA in education.

Mrs. Seymour, who is working toward her BA in education, will graduate from Wayland College in May. She is employed in the business office at Wayland.

The Seymours have three children, Donna, a 19-year-old Tech freshman; Bonnie, 14, a PHS freshman; and Brad, 11, a sixth-grader at Edgemore School.

 To raise nap on cotton velvet place garments in dryer with two damp bath towels. Tumble for about five minutes then hang until thoroughly dry.  
**HOUSEHOLD HINT**  
 Be sure to get the correct size in socks for children. It's just as important as the right size in shoes. For healthy, growing feet, foot specialists recommend absorbent all-cotton socks, in a size at least one-half inch longer than the child's longest toe.

**CARD OF THANKS**  
 I appreciate very much the company of all the people who have brought cards, flowers and gifts to me at the hospital.  
 I have been kept unconscious part of the time, so I don't know who has stopped by to see me.  
 I appreciate your concern, and most of all your friendship. I am grateful also to the fine hospital staff at Plains Memorial.

 Make soft after bath slippers from cotton terry washcloths. One washcloth, folded and gathered around the edges, will make a slipper. Trim with matching cotton ball fringe.

**TREAT CRAPPIE WITH CARE**  
 Crappie fishing can be great fun. But, you will catch more of the tasty critters by following this advice: Don't jerk your line too hard when a crappie strikes. If you do you may tear its soft lips and lose your fish.  
 Furthermore, once the fish is on, handle your line gently, but firmly.

# RCA and ZENITH TELEVISIONS

QUALITY WITHOUT COMPROMISE

a Zenith tradition for 50 years

Quality is the extra ingredient at Zenith. It is not one thing. It is many things. It is the extra ingredient in product development, design and manufacture. It is a way of life at Zenith.  
 The millions of satisfied Zenith owners who have experienced a high measure of operating dependability and low operating costs recognize Zenith's emphasis on quality as the greatest value in home entertainment instruments. This is why people who know Zenith quality won't settle for less than the greater dependability of Zenith.

the handcrafted color to ZENITH the quality goes in before the name goes on

All of RCA's colorful Color table models feature:

- Transformer-powered New Vista Color TV chassis with Solid State components in several key circuits for greater efficiency and reliability.
- Top-quality picture tube design assures locked-in color purity the moment the picture appears.
- Transistorized automatic chroma control electronically stabilizes the color intensity you select for each channel.
- Automatic color purifier electronically cancels magnetism that may cause impurities in the color picture.
- Super-powerful New Vista VHF tuner and Solid State UHF tuner.
- Space age circuitry—RCA solid copper circuits replace old-fashioned "hand wiring" in a majority of potential chassis trouble spots.

# Bechtol Named Jaycee of Year

Dr. David Bechtol, who is spearheading the project to build two new junior baseball parks here, has been named the "Dimmitt Jaycee of the Year."

AND MRS. Gene McDaniel has been named the "Outstanding Jaycee-Elite" for her help in Jaycee and Jaycee projects during 1967.

Both awards were presented at the recent installation and awards banquet of the Jaycees and Jaycee-Elites in Dimmitt High School cafeteria.

Dr. Bechtol, who owns and operates the Dimmitt Veterinary Clinic started coordinating the \$10,500 baseball parks projects last year as chairman of the Jaycees' youth activities committee. He later was elected chairman of the Dimmitt Baseball Commission and president of the Pony League here.

AS CHAIRMAN of the baseball commission, Dr. Bechtol heads the purchasing of supplies, the awarding of contracts, coordination of labor and disbursement of funds for the junior baseball park construction at the Recreation Center in West Dimmitt. A Little League and Pony League park are being built side-by-side with money contributed by the Jaycees and Lions Club.

Mrs. McDaniel returned to Dimmitt from Bovina to accept her "Outstanding Jaycee-Elite" award. Her husband, Lewis, who was recently appointed manager of

Southwestern Public Service Co. in Bovina, also received a special recognition plaque for his work as secretary and treasurer of the Dimmitt Jaycees during 1967.

In addition to these award winners, President Robert Benton also presented "Key Man" awards to Jaycees Elvon DeVaney, Lynn West and Wade Maynard.

THE PRESIDENTIAL award of Honor went to Joe Land, former Dimmitt Jaycee who was the Jaycee chairman for organizing the new Dimmitt Teen Club, which is co-sponsored by the Jaycees and Lions Club. Land, former manager of High Plains Credit Corporation in Dimmitt, moved to Canyon recently to join the staff of Radio Station KCAN. Land also was awarded a "Spoke" pin for fulfilling a prescribed program of Jaycee activity beyond the first-year level.

An appreciation plaque was presented to N. F. Cleavinger, owner of the land which for years has been used for the Little League baseball park in east Dimmitt. Cleavinger provided the land free of charge to the Jaycees to be used as a ball park.

SILICONE SHINES SPOONS. Small silicone-treated patches that you use for cleaning eyeglasses are a handy item in the tackle box. They'll shine spoons, spinners and all kind of metal in a twinkling. And silicone helps keep the shine fresh.

## Golden Spread Rest Home

(Omitted last week)

By DeLORISE GILLILAND

The VFW and the Ladies Auxiliary presented the nursing home with a Catalina television. Residents of the nursing home are certainly enjoying this television. Mrs. Viola Griswold, owner, the staff and residents of Golden Spread Nursing Home say a hearty "Thank you" to all who had a part in helping secure this most useful television.

Mrs. Pearl Mapes, who suffered a broken wrist, is a temporary resident of the nursing home. Mrs. Mapes came April 21.

April 16

Mr. and Mrs. Roy Cluck and Billie visited Henry Conally. Mr. and Mrs. Murray Hall visited Mr. and Mrs. Virgil Hall.

Tex Conard took his mother, Mrs. Bertha Conard, out for supper.

Curtis Tate visited his father, Tom Tate.

W. J. Martin visited his mother, Mrs. Callie Martin.

April 17

Mr. and Mrs. Gary Price and son of Hereford visited Mrs. Price's grandmother, Mrs. Lula Thomas.

Joyce Leinen visited residents of the nursing home. Ulys Davis visited many of the residents.

Nellie Martin, Tex Conard and Curtis Tate visited their relatives.

April 19

Jimmy Diaz visited his grandfather, Juan Ramirez. Buck Crum visited Tom Tate.

Sandra Thomas, who had been in Dimmitt for several days visiting her grandmother, Mrs. Lula Thomas, returned to Wichita, Kan.

E. L. Davis and Mrs. Fred Jones visited Mrs. Linnie Caldwell.

Mr. and Mrs. Murray Hall and daughter, Lisa, visited Mr. and Mrs. Virgil Hall.

Mrs. Mary Klemm attended the wedding of her granddaughter, Sharolyn Ball. Mrs. Klemm reported a very lovely wedding.

A fire drill was held under the direction of Fire Marshal Guy Waldrop and members of the fire department.

April 20

The local Jaycees brought ham and green beans for residents of the home.

Mr. and Mrs. Earl Ingram from Tulsa visited Miss Nannie Tedford.

Mrs. Fred Jones, Mrs. Gregory and Mrs. Delores Griffith visited Mrs. Linnie Caldwell.

Mr. and Mrs. C. O. Byrnes visited friends in the home.

April 21

Mrs. Callie Martin and Mrs. Adella Davis went out for lunch with Mrs. Martin's son.

Boyd Kimbell and sons, Ray and Owen, from Portales, N.M., visited Lee Kimbell and some of the residents. Mr. Kimbell and Tom Tate are long-time friends.

The Church of Christ held services at the nursing home. There were 11 residents present for the worship service.

Sunday afternoon Rev. Eason and family from Littlefield came to the nursing home for worship service. Rev. Eason brought a very good message. The gospel singing was enjoyed by both residents and visitors. There were 35 present for the service. Rev. Eason is a member of the Bible Missionary Church.

Dr. N. O. Tedford and N. L. Tedford visited their sister, Miss Nannie Tedford.

Tex Conard and Mrs. Godfrey

# It's House-Hunting Time For Pest-Eating Martins

If the intriguing little Purple Martin birds could be enticed to alight here, they'd be well fed and lavishly housed members of the Dimmitt Garden Club were told at their last meeting.

THE LADIES learned from Bill Waldrop and Bud Giles that the little Purple Martins eat mosquitoes almost exclusively—and that each adult bird will eat its weight in the pesky insects every 24 hours.

Waldrop and Giles are both members of the Easter Lions Club, which is distributing specially built "apartment houses" for Purple Martins in an effort to entice the birds to make this area their summer home.

The men explained that Purple Martins prefer apartment style living, and that the houses contain a dozen apartments each.

THEY ADDED that the Purple Martin is as finicky as any city dweller about seeking a new apartment. The flock sends out a scout to check the available housing, so the apartment house owner must please the scout bird with his offering.

There's no "open housing law" that applies to Purple Martins, the men added, and apartment hunting by the little birds is strictly a discriminatory process.

If a sparrow or other messy nest-keeper has been inside a Purple Martin apartment house, they said, the Purple Martin will turn up its beak at the apartments and look elsewhere. So to keep other species out, the apartment openings must be plugged during the winter and early spring.

THE MEN said that now is the time to remove plugs from the Purple Martin apartment openings because the flocks will start sending their scouts southward from Illinois "any time now."

Waldrop and Giles said that the Easter Lions' efforts have been mildly encouraging so far—last summer, one family of Purple Martins stayed over in an apartment house in Hereford. The Easter Lions hope that more Purple Martin families will try to keep up with the Joneses this summer and settle in the gleaming new apartment houses that are dotting the area.

The Purple Martin apartment houses are built of aluminum, and are neat, two-story dwellings. They cost \$34.95 each, and are designed for pole mounting.

WALDROP and Giles illustrated their talk with colored slides of the birds in their winter homeland, Illinois.

Mrs. H. H. Carlile was in charge of the program. The Garden Club meeting was held in the clubhouse of the new Recreation Center.

Mrs. Charles Vandiver reported on progress of the club's project of planting trees and shrubs on the Recreation Center grounds.

Mrs. Cecil Dennis, chairman of the club's anti-litter campaign, appointed Mrs. George Bradford and Mrs. Goodwin Miller to coordinate a city-wide clean-up campaign with other civic groups in Dimmitt.

AFTER hearing of the club's shrubbery and clean-up projects, Waldrop donated \$100 to be used as needed, and Mrs. Mary Hall donated \$5 toward the clean-up campaign.

Plans for the club's spring flower show May 18 are underway. Details of the show will be announced later.

Thirteen Garden Club members were present. Guests were Mrs. Doug Adams, Mr. and Mrs. Bud Giles and Waldrop. Hostesses were Mrs. Charles Vandiver, Mrs. George Bradford and Mrs. Dorit Smiley, who decorated the clubhouse with floral arrangements of tulips, driftwood and colorful artificial birds.

visited their mother, Mrs. Bertha Conard.

Many persons whose names we failed to secure were visitors at Golden Spread Nursing Home during the day.

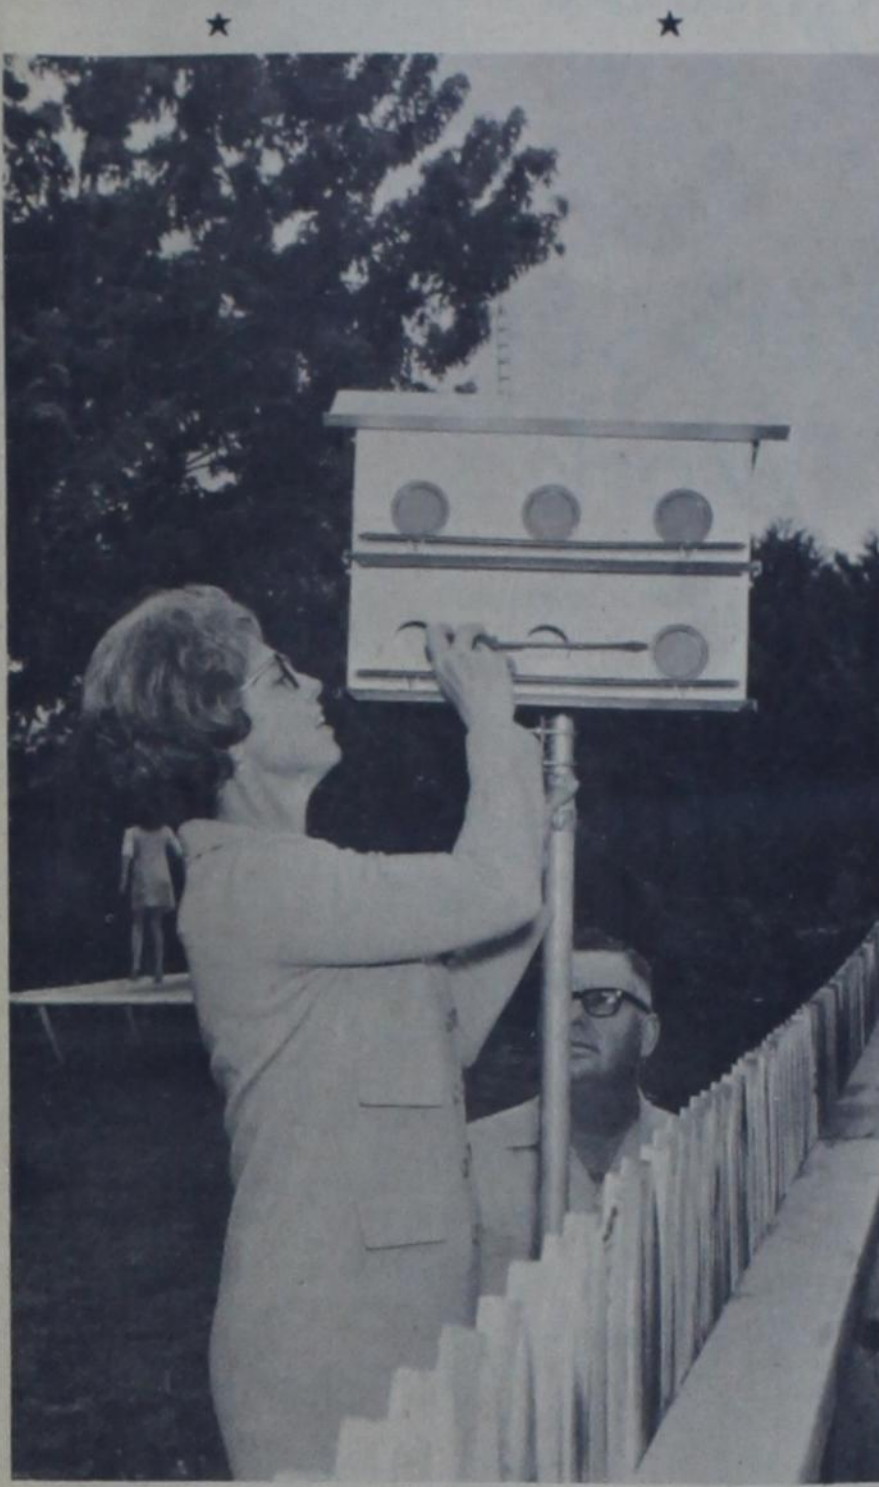

April 22

R. A. Freeman, former resident of the home, was a visitor.

Mr. and Mrs. C. M. Hicks and Mrs. John Jacobs Sr. from Hereford visited Mr. and Mrs. Pevley and Mrs. Lula Thomas.

Lois Bartlett and Mrs. Clyde Damron visited Mrs. Pearl Mapes.

Mrs. Viola Griswold, Miss Annie Browder and Mrs. Hazel Britt were luncheon guests of R. A. Freeman and his daughter, Mr. and Mrs. Dutch Childress from Tulsa.

ATTEND YOUR PRECINCT CONVENTION SATURDAY!

## SUPPORT CONNALLY FOR FAVORITE SON!

Next January, for the first time in almost forty years, Texas will have no representation in the top leadership of our nation.

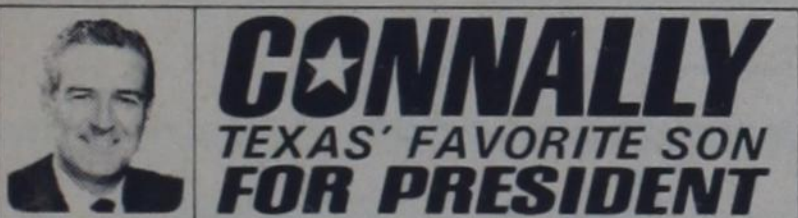

Seldom in recent history have we faced such political uncertainty. Developments just ahead will affect our state for years to come.

If you want Texas to have a strong united voice in the future affairs of our nation, join behind Governor Connally as Favorite Son candidate for the Presidency, and as leader of the delegation to the Democratic National Convention.

As a leader respected throughout the country, he will be an effective, influential voice in shaping the future leadership and policy of the party and the nation.

Be sure to attend your precinct convention, adopt the unit rule, and give your support to Governor John Connally for Favorite Son.

**IMPORTANT! YOU MUST VOTE IN THE DEMOCRATIC PRIMARY TO HELP GOVERNOR CONNALLY AT THE PRECINCT CONVENTION!**

# Jack Cartwright Sheriff of Castro County

Jack Cartwright is the man who has been on the firing line for all the law abiding people, and against the law breakers, of Castro County for the past 14 years.

Jack Cartwright is the only candidate qualified by experience. He knows the ropes and has the respect and support it takes to get things done for Castro County.

Let's keep a strong experienced man as County Sheriff so that we can be sure that the interests of the people and the County will be best served and best protected.

It is important, for our County, that we reelect Jack Cartwright as Sheriff of Castro County.

Be sure to vote for Jack Cartwright on May 4, 1968.

Faid for by supporters of Jack Cartwright and of Castro County.

**TOP F.F.A. TEAM** — Dimmitt High School's FFA Farm Mechanics Team won first place recently in the Plainview District F-M Contest at Floydada. Team members, from left, are Johnny Davis (who was the high-point individual in the entire contest), Jimmy Coleman, Junior Hargrove and Terry Templeton. The contest, sponsored by Lighthouse Electric Cooperative of Floydada, tested boys' skills in arc welding, plumbing, electrical wiring and identification of supplies and materials.

### From the Gym Faculty Men, Senior Girls Win Tourney

In the finals of the Student Council volleyball tournament, the faculty proved champions over Doug Hays' senior team, while Mary Hays' senior team was defeated by Beverly Newman's sophomore team.

**INTRAMURAL** sports had an exciting week in volleyball as a full tournament was played by four teams of the third period girls' physical education class. The first place winners were the "Springtimes," consisting of Kathy Calhoun, captain, Anita Davilla, Vickie Powell, Mary Lee Stone, Juanita Murillo, Margo West, Palitia Herrea and Tommie Hutcheson.

Second place winners were the "Luckies," and players were Gwen Bosset, captain, Billie Jones, Janie Davilla, Betty Adams, Melba Wear, Jeannie Rankins, Donna Coody and Karon Slough.

The "Impossibles" won first place in consolation. The other team competing in the tournament was called the "Cyclones."

### Gadding About

**By ANTHONY STANFORD and SCOTT NELSON**  
The weekend before the band trip was full of band practices. That Friday night downtown was fairly dead until the band got out. It livened up the town a little — but not much.

**SATURDAY** night the Minor Details played at Friona. Quite a few people from Dimmitt were there having a dizzy time. A few people finked out and went to Hereford to the dance — Anita, Janice K., Margo W., Kay W. Then there were the cowboys and cowgirls who went to the Dimmitt Junior Rodeo.

Sunday the band practiced. Anita, Doricell, Rochelle and their dates slipped to Hereford. Of course Jan and Stanny had a date in Hereford, too. Dates here at big D were Kay Willis and Lee Bradley, Jerry L. and Cindy R., Donald and Vickie, Steve and Poppy, Debra and A. D., and Mickey and Teena. Of course, there was your regular stock fun and games crew at the show, cutting up and stuff.

## Darkness Can't Hide Injustice

**By BETSY SIMPSON**

Gazing out the window at the dark, sleeping countryside, one can almost feel secure and forget all cares and worries for a little while.

**THE** darkness seems to mask the ugly actions carried on by so many people throughout this nation.

Yet, even as the night wanes into the dawn and a new day, lives are threatened, endangered, and even snuffed out. The wars going on, cold and hot alike, take their own separate tolls. Angry disputes and just plain careless mistakes account for another large portion of deaths.

**TOTAL** darkness doesn't hide the truth, though. It only shelters it for a while. Man tries to hide and find comfort in a world of darkness, but the sun never sets; therefore, hiding places are few and far between.

Darkness cannot cover up all the slums and run-down neighborhoods any better than it could a clean, well-constructed, expensive building area.

Shelter and protection are features of darkness which most people look for, although few there are who find them.

Look to the light. It will bring you joy.

## Froehner, Burks Vie at Regional

On March 30, Ronnie Burks and Robert Froehner earned the right to represent District 3AA in regional contests in Lubbock, which were held April 20.

In Prose Reading, in which Ronnie competed, there were eight contestants, and Ronnie placed third. The selection which he read was by Daniel Webster. This was a public address given in 1776, advocating the Declaration of Independence.

Although Robert Froehner did not place in the top three, he scored 140 in the number sense category. Roy Thomas also represented our district in track.

## The View From Your Library

**By VIRGINIA NEWSOM**

National Library Week has come and gone, but the benefits this week will have lasting value. Each day was busy, and there are far too many people deserving of thanks for me to name each one.

**OUR BOOKMARK** contest was a big success. I would like to thank the principals, teachers and students of both North and South Grade Schools for their enthusiastic participation.

The winners were chosen by our judges, Sandra Robb, Irene Keating and Ruth Carter on Tuesday afternoon. They had an almost impossible job, as the entries were all excellent.

The winning bookmarks are on display at the library. Congratulations go to Sandra Duke, Annita Parker, Connie Nelson and Cynthia Stafford, our winners. They will be awarded prizes of books in the very near future.

**A COFFEE** was held in the library on Wednesday morning. Members of the library board and the Dimmitt Book Club were on hand to serve as hostesses. Special thanks go to many people for the success of the coffee.

May I give special thanks to Miss Hazel Merritt and Mrs. Charles Vandiver and all the other people who have been giving of their time and energy toward the forming of a Friends of the Library organization.

We are coming to the close of another Story Hour year. The final Story Hour of this year will be on next Thursday, May 9. The Young Homemakers have

## I-A Department Has New Teacher

The students and faculty are proud to have Jimmy Pope as a member of DHS faculty.

**MANY** of the students are acquainted with Mr. Pope by now, not only through contact in classes but otherwise. He is an Industrial Arts student teacher acquiring his certification to receive his BS degree from West Texas State University.

Mr. Pope is married and residing in Tulia. He is originally from Levalland.

If you haven't met Mr. Pope, do so — get acquainted, welcome him and prove to him how proud you are to have him as a part of your school.

He is working very hard with these boys, teaching the skillcraft of industry in this industrious world. As for Mr. DuBose — he seems to be taking it fairly easy. His only comment: "I'm ready for the rubber room after this class of seniors."

the arrival of the Dimmitt Bobcat Band.

**AFTER** an early breakfast at Luby's Cafeteria on the north edge of the city, the tired but eager group proceeded to the downtown area, where they checked into the Gunter Hotel.

The agenda for the next few hours included sleeping, eating, and various shopping excursions, after which the band prepared for the first of two "pops" concerts at the HemisFair.

A tall, tan, Army second lieutenant also appeared on the scene shortly after the band arrived. It was none other than Jerry Meyer, former assistant director of the musical group. What a pleasant surprise his appearance turned out to be!

**AFTER** a second concert at the HemisFair Wednesday, a precision drill performance Thursday, and a parade Friday afternoon, the "Show Window of Castro County" and "The Pride of Dimmitt High School" departed for home at approximately 9 a.m. Saturday, having represented proudly "the folks back home."

County Well-Represented In District 4-H Contest

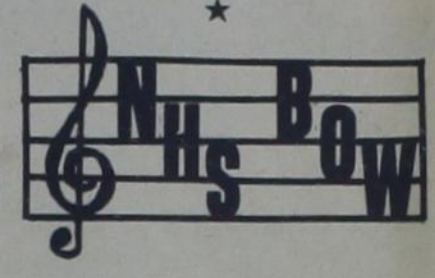

By IRENE KEATING I hope you have gotten fairly well adjusted to our new time again. It makes me realize how fast time goes by to be on DST again already. SATURDAY was the big day for District I 4-H'ers. The district Elimination Contest was held on the West Texas State University campus in Canyon, Castro County senior teams won in district and will represent District I at the State 4-H Round-Up at College Station June 4 and 5. Diana Adams won first in Money Management. Eugene Warrick and Marvin Smith won second in Field Crops. They are all from the Frio 4-H Club.

JUNIORS who placed at district were: Sue Smith, Frio, fourth in Clothing Educational Activity. Kenneth Adams and David Hutchins, Frio, first in Electric Teams. Terry Yerby, Frio, fourth in Natural Resources. Norman and Stephen Acker, Nazareth, second in Poultry. Raymond Warrick and Curtis Smith, Frio, second in Field Crops. Marvin Jones and Earl Behrens, Frio, first in Poultry Marketing. Patricia Yerby and Diane Jones, Frio, first in Vegetable Preparation and Use.

TUESDAY Charles Hoffel and I were in Amarillo for a district training meeting on total community development. Reagan Brown of Texas A&M University was the speaker. He is a very dynamic person - if you get the opportunity to hear him, do. He speaks at various places around the state quite frequently. We had hoped to have him in Castro County, but his schedule was too busy. SINCE our yards are quite green now, we'll discuss some shortcuts to lawn care. (Really, with the extra hour in the evening you have more time for yard work!) If trees, shrubs and flower beds are arranged in groups and a mulch or ground cover is used in these areas, some hand trimming can be eliminated. Leave large, open areas of landscape which are easy to mow and will speed up the lawn maintenance work. Grouping the trees, shrubs and flowers and isolating them from the turf area easily constructs an edging around these groups to prevent the turf from encroaching into the planting area. By making the edging wide and low, it will provide an excellent surface, as well as guideline for using a power driven lawn edger. USING a power edger around the plant beds and along drives and walks about once every six weeks during the growing season will maintain a neat and manicured appearance in the yard. This virtually will eliminate need for hand trimming grass in and around the trees and shrubs. Ornamental plants handled this way usually will grow better, since they have little or no competition from the grass for moisture and nutrients, also the mulch will keep the soil from baking and packing. Also there is less danger of plant damage from the moving equipment. The laborious task of trimming grass and weeds along a fence can be practically eliminated by using naphtha as a contact spray on all vegetation at the base of the fence without endangering the roots of ornamental plants. APPLY the naphtha in a narrow band with a pressure-type sprayer so the foliage of undesirable plants is thoroughly wet without saturating the soil beneath. Be careful to keep the naphtha from the leaves and trunks of desirable plants. If used every six to eight weeks, vegetation along the fence line will be kept to minimum with little or no hand trimming. This method is recommended for keeping grass and weeds out of a chain link fence.

Charlyn Braddock

The Nazareth Swift Bandsman of the Month is Charlyn Braddock, who keeps the band's rhythm going with the bass drum. CHARLYN, 17, is a senior in NHS and is the daughter of Mr. and Mrs. Charles Braddock. She's in her fifth year of band. With a scholastic record of mostly A's and B's, she intends to study business at West Texas State University after graduation. In addition to being a member of the Swift Band, Charlyn is an officer in Future Homemakers of America. Her favorite subject in school is band, and her favorite pastimes are music and sewing.

'Friends' Necessary For Library's Team

By HAZEL MERRITT

In most communities, three elements make up the working team for better public library service. A definition and an understanding of the role of each partner is essential to cooperative teamwork.

THE FIRST element is the legally appointed library advisory board, which sets library policies and is responsible to local and state officials.

The second element is the library staff, which implements policies set by the library board and develops plans for library progress.

'Friends,' though a non-policy making organization, is a third element working for better library service.

Usually the librarian attends meetings of the Friends' Executive Board and thereby serves as a liaison with the governing body of the library. In turn, the president of Friends or a representative attends meetings of the library board. Thus, each member of the team is informed and the team is unified in its knowledge of the library's policies, needs and aspirations.

SINCE A time has been set for an organizational meeting of 'Friends of the Library' and a group of 'Friends' from Amarillo has accepted an invitation to be present, give a brief explanation of the purposes and benefits of 'Friends,' and answer questions that may arise, an explanation of the number of officers, committees and meetings is in order.

Officers usually consist of a president, vice-president, secretary and a treasurer.

Committees are appointed by the elected officers and usually consist of membership committee, publicity committee and other special committees as the need arises.

Officers and chairmen of standing committees make up the executive board.

### Situation Good For Making Hay

Hay supplies were tight at the end of the current winter season and now is the time to make sure the same situation doesn't happen again.

The favorable statewide soil moisture situation, points out Neal Pratt, Extension Agronomist, gives hay producers an opportunity to make large tonnages of high quality hay this year. He suggests starting with a soil test, fertilizing according to the test recommendations and harvesting at the right growth stage.

## Race Goes On In Agriculture

Texas agriculture is in the midst of a fast, accelerating technological race, says W. E. Black, Extension economist at Texas A&M University.

WHAT'S MORE, the farmer is eager to get a bigger share of the savings it generates. New knowledge and skills are being applied daily to crop and livestock production by producers who assume that prevailing economic conditions and market relationships will not change. There is the feeling that those who apply the new technology will reap great benefits and that these benefits will continue indefinitely.

In marketing, there is also an

all-out race to introduce a new item, new package, or new system of distribution. These innovators expect advantages, and for a short time they may seem to receive them, says Black.

HOWEVER, in both production and marketing, if the change is good and desirable, more and more people adopt it. Then, almost immediately, everyone realizes that he must make the change to stay in business. Soon the ways of the innovator become common to many.

As a result, the cost picture changes. Everyone ends up with about the same cost, which likely is lower than before the change. Profits soon return to levels that prevailed before the start of the race, says Black.

So what should be our attitude toward growth and efficiency? Do we ignore them and live with what we have? Agriculture and marketing must answer with a big "No," according to Black.

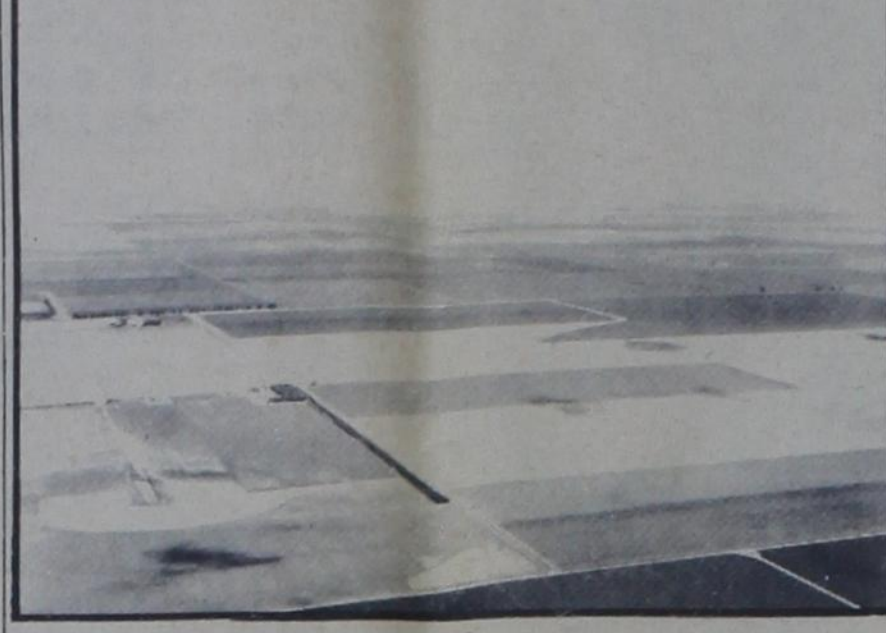

WHY? Americans are adept at applying knowledge — which doubles every generation — to competitive situations. The old and the new race, side by side, and under the same rules. Anyone can enter the race with as much or as little as he chooses.

Furthermore, people have a strong resentment about being eliminated. They want to keep up with the Joneses to remain part of the process.

And, finally, change benefits consumers, which includes everyone. This leaves each of us better off, although those who made the change may have directly profited little or nothing, says Black.

In matters of change, the farmer too often plays the role of the good Samaritan with the consumer benefiting most from his progress. This has been always true, but not always understood.

PIPELINE WATER DELIVERY ... Used by Johnny Epperson of Flagg

#### Conservation

## Pipeline System Conserves Water

An underground water delivery system, such as the one used by Johnny Epperson, operator of the George McCleskey farm in Flagg, is a good method of water conservation and management.

HOWEVER, this is not the only way in which water can be conserved and efficiently managed. It is only one of the ways. Conscientious farmers from all over the High Plains are taking steps to conserve their depleting water supply.

These steps may include such measures as tailwater recovery systems and more efficient application of irrigation water.

IRRIGATION water should be applied at a rate which is not erosive, and which at the same time will give uniform distribution of water from end to end and row to row.

This can be accomplished only by taking into consideration the slope of the row, length of the row, and the intake rate of the soil.

For assistance in designing an irrigation system which can be used to meet the needs of your particular farm, contact your local Soil Conservation Service office, assisting the Running Water Soil and Water Conservation District of Castro County.

SAVES LINE LOSS Lots of live bait fishermen use a sinker at the tip end of the line. Most attach the sinker to a weaker line than the regular line. This way if the sinker fouls you can break the leader line off and not lose the entire rigging.

FRECKLED BANANAS When bananas are covered with little brown spots, they are ready for mashing and mixing into puddings, breads and cakes. To hold bananas a few days, refrigerate them. But be sure to wrap them tightly in a plastic bag to prevent their odor from spreading. Their skins will turn brown, but the inside will stay the same for a few days. Keep unripe bananas at room temperature until they ripen the way you like them.

PROTECTING TENT BOTTOM Damp ground quickly deteriorates the best of canvas floor covering. However, if you use forethought enough to cut an old rug pad the size of the tent floor you will save the expensive canvas. Just lay the old pad on the ground and pitch your tent over it.

### Farmers Can Gain Extensions On Plow-up Dates, Price Says

Destruction dates on winter cover crops can be extended by the State ASCS Committee in cases of severe blowing. Congressman Bob Price has advised area farmers.

PRICE said he has answered

several inquiries by advising those requesting extension dates to apply through their County ASC Committees for such extensions on any small grains planted on diverted acreage.

PRICE said he understood the plow-down date for the Panhandle and High Plains area was May 15 but could be extended by approval of the state committee.

### Look Closely Before Applying Insecticides

Effective cotton insect control is a result of wise decision-making regarding insecticides and not merely because chemicals were applied as a matter of routine, reports W. H. Newton, Extension entomologist at Texas A&M.

SEVERAL factors must be considered before the cotton producer begins insecticide application. Each individual should consider all of the alternatives and make decisions on the basis of his own insect situation, explains the specialist.

Knowing when to apply insecticides is one of the most important decisions. No single program can be used year after year—there are variances in weather and insect populations, and the insect problem may even vary from field to field. Treatments in the field should be made only when the insects reach a dangerous level and become an economic factor, emphasizes Newton.

CHOOSING the proper insecticide can give the producer better control of the insects which are giving him the most problems. The farmer should know which pests are most important and treat accordingly, the specialist continues.

Insect resistance to chemical controls also can present problems to the cotton producer. Since the early 1950s, at least 10 or more species of insects and mites have developed resistance to one or more organic insecticides, Newton says.

When using insecticides, care should be taken to avoid unnecessary applications. When infestations of damaging insects reach economic levels, then insecticides should be used. Beneficial insects frequently keep damaging infestations below economic levels and should be protected. But, explains Newton, if damaging infestations get out-of-hand, then chemical controls must be applied.

NEWTON sums up the recommendations for control of cotton insects and other pests as follows: —Complete knowledge of insect populations in your fields is essential for efficient control. Maintain a regular count of insects on a five to seven-day basis.

—Apply insecticides only after analyzing the insect problems determined through field inspection and not simply as a routine.

—As soon after harvest as possible, destroy all green stalks in the field to reduce the food supply for potential overwintering insects.

Newton suggests a visit with the county agent for full details on 1968 cotton insect control recommendations.

#### "Music In Worship"

One Sunday in the heat of summer, the electric organ in a church became suddenly temperamental. Instead of giving out sweet music it produced the most terrible discords, so that the organist had to give up in despair. The remaining hymns were sung without organ accompaniment — and very thin they sounded! How glad the people were, when evening worship came around, that the organ had recovered its usual mellow tones.

When we think of David's religious contribution, we always remember the place he gave to music in the worship of the temple. David wrote songs (we call them Psalms), he appointed choristers, and he arranged for instrumental accompaniments. Thus the services of God's house were made beautiful and worthy of him in whose name they were held.

When we pray for our church leaders, let us not forget those who sing in our choirs, lead our songs, and furnish music from organs and pianos. Perhaps the Lord may call one of us to service of this sort.

"Praise him with the sound of the trumpet; praise him with the psaltery and harp." — Psalm 150:3

**Morrison and Ellis Attend Conference for Ginners**

Gene Morrison of Sunnyside and Gene Ellis of Dimmitt were among the leadership of the Texas ginning industry taking part in a review of new developments for cotton April 23 and 24. **THEY** represented the Texas Cotton Ginners' Association in conferences with representatives of the Department of Agriculture and the National Cotton Council at Memphis, Tenn., and Stoneville, Miss. The Ginners' Association representatives saw the first public demonstration in a government classing office of an instrument evaluation system for cotton. The system is a pilot project of the Department of Agriculture and is installed at the Memphis, Tenn., classing office. Evaluations of trash content, color, leaf content, fineness, strength and span length of fibers are being tested. **STANLEY Rademaker**, director of the USDA Consumer Marketing Division's cotton division, said there was no estimate when, or if, such a system would be used in the Smith-Doxey classing offices. But testing work will proceed with a second pilot project to be installed at the Lubbock classing office this year, Rademaker said. Clifton Kirkpatrick, director of field service, and M. K. Horne, Jr., economist with the National Cotton Council, discussed the latest developments in research and cotton utilization at a special conference with the ginners group. Cotton Council staff members reviewed major areas of interest of the organization's work in market research, utilization and production research, promotion and farm programs. Kirkpatrick and the staff members emphasized that new promotion activities by the Cotton Producers Institute promise to expand utilization of cotton. **IN AN** all-day session at the Department of Agriculture's Ginning Research Laboratory at Stoneville, Miss., the ginners' delegation reviewed work being done on a wide range of technical projects. **CARE OF FISHING RODS**  
Fishing rods, especially when used around salt water, should be well cared for to give maximum use. Split bamboo rods should be kept heavily coated with varnish. Check them at end of each fishing season. If well coated, merely treat them at end of each fishing season. If well coated, merely treat the rod with furniture wax. If coating is worn or cracked, re-varnish before storing. Glass rods need little care. Just see that the wrappings are sealed with varnish, and the rest of the rod well waxed before storing.

**NEW! For clean Sorghum... spray weeds when you see them! with BANVEL®**

**Velsicol announces Banvel herbicide** for control of all hard-to-kill weeds of major importance in grain sorghum. This includes carelessness (pigweed), sunflower, lambs-quarter, purslane, morning glory and other annual broadleaf weeds. Banvel herbicide is applied post-emergence, so there are no wasted sprays in years when rain is scarce and weeds are not a problem. With Banvel you see your weed problem and then spray—all in plenty of time to give young sorghum plants plenty of opportunity to grow. Banvel is sprayed onto weed leaves and translocates to the roots... for new, total control of weeds. Just apply Banvel between the 10th and 25th day after emergence of grain sorghum (approximately 4 to 12 inches tall).

Banvel is not dependent on soil moisture for its effectiveness, so its results are dependable. And it's a liquid that won't clog your sprayers; nor does Banvel need constant agitation. Banvel increases yields. It's excellent for use on grain sorghum, wheat, barley, oats and field corn. Order Banvel herbicide to get full potential from your valuable, high-yielding sorghum seed. See your dealer today. You'll be glad you did!

**George Wins Trip To Conference In New Orleans**

Jimmie R. George of Dimmitt, fieldman for the Federal Crop Insurance Corp., has been selected as the "Outstanding Field Representative" to represent nine states in the Southwest at the FCIC national sales conference in New Orleans May 14-17.

**ACCORDING** to the announcement by State Director Ben A. Jordan Jr., George's selection was based on the outstanding contribution which he made by personally providing more than \$1,250,000 of crop investment protection to farmers in Castro and adjoining counties for the 1968 crop year.

George, 36, is a veteran of nine years' Civil Service experience and is the Federal Crop Insurance field representative for Castro County.

In commenting on George's record, Jordan said, "He has made many outstanding contributions to our investment type protection program, especially in recent gains the state has made to reach a current total of nearly 10,000 farms carrying more than \$36 million in crop investment protection."

**GEORGE**, a native of Castro County, has been with the Federal Crop Insurance Corp. since February 1967. Prior to that, he worked with other US Department of Agriculture agencies in addition to managing a farm and ranch in Colorado. He is a graduate of Dimmitt High School and attended Eastern New Mexico University at Portales. He and his wife, Floyce, have two daughters, Shelly, 16 and Bonnie, 12.

**Swisher Electric Announces Rate Cuts for Gins and Wells**

Swisher County Electric Cooperative has announced that it is lowering its irrigation rates by 4 percent and its rates to gins by approximately 8 percent.

**THE RATE** reductions will amount to total savings of \$60,000 per year to the cooperative's customers, according to President Clarence Todd.

Todd noted that the cooperative's rate to irrigation customers has now been lowered 8 percent in the past five years. A similar 4 percent rate reduction was put into effect for irrigation customers in 1963.

**HE NOTED** also that residential customers have enjoyed two rate reductions in the past eight years.

"We have lowered rates from \$4 per month to \$3 per month and are now installing and maintaining lights for \$6 per year plus the cost of electricity paid by the consumer. This has amounted to about a 50 percent reduction for the consumer," he said.

"Swisher Electric Cooperative is pleased that its rates have never been raised since the beginning of the cooperative in 1939," Dodd said. "Swisher had a rate increase on its wholesale power cost in 1959 that amounted to about 21 percent, but we have succeeded in holding our rates firm and even lowering them."

**SUPERSTAR PERFORMANCE ON YOUR FARM?**

**NK 275**

Ever watch a football SUPERSTAR? Even on professional teams — made up of Stars in their own right — some players stand out above the rest. They come through with special performance when others fail.

Now you can get the same kind of SUPERSTAR performance in a grain sorghum — NK 275. This great new hybrid will produce record yields when the weather is favorable — but it also will come through with outstanding performance when the going gets rough.

NK 275 carries just the right combination of characteristics for top production in Texas, Oklahoma and Kansas.

**SPRING VIGOR** — NK 275 gets out of the ground fast to produce uniform stands even when the weather is rough.

**SMUT RESISTANCE** — is very high reducing the risk of lost yields from smutty heads.

**SEMI OPEN** heads dry down well for clean, safe combining.

**LIGHT RED GRAIN** — carries a high test weight to the elevator.

**DROUGHT TOLERANT** — NK 275 gives maximum yields where there is plenty of moisture — but it will "wait for the rain if it has to."

**DOWNY MILDEW** severely damaged stands of some varieties in 1967, but NK 275 came thru with very little damage and high yields.

**HIGH YIELDS** — NK 275 set new yield records on many sorghum belt farms in 1967.

## AFS Chapter Seeks Members

Dimmitt's American Field Service chapter will conduct a drive to sign up individual "sustaining members" at \$12 per year each to help pay for the foreign exchange student program next year. **INCOME** from these memberships will be combined with donations from four or more service

and civic organizations to broaden the base of support for the AFS program here next year. In the past, the Lions Club has paid virtually the entire cost of the exchange student program with proceeds from the annual Lions Club Follies. However, the Lions Club recently guaranteed \$5,500 for construction of new junior baseball parks here, and sent out an SOS for help on the AFS program.

Three groups have responded so far with pledges of \$150 each, according to AFS Chapter President M. E. Cleavinger. They are the Dimmitt Jaycees, Dimmitt Teen Club and Dimmitt Rotary Club. **TOTAL cost** of the exchange student program is approximately \$850 per year, Cleavinger said, including \$750 for transportation and \$100 for incidentals. J. R. Brown, president of the Lions Club, told AFS chapter members at their last meeting that the Lions would continue to underwrite as much as necessary for the program, but that help from other sources would be welcomed because of the club's other civic obligations.

Hazel Merritt, the chapter's liaison officer, reported that Dimmitt's new family application for 1968-69 was mailed to the American Field Service headquarters in New York City March 29.

**IF THE** application is approved, the AFS headquarters will try to find an exchange student to live with the Dimmitt family and attend high school here next year.

Area Youths to Hold Rally Here Saturday

By WANDA MILLER
AN AREA wide youth rally sponsored by the teenagers of the Church of Christ will be conducted in the elementary school auditorium in Hart Saturday.

Young people from approximately 28 neighboring congregations have been invited to attend the rally which will begin with registration from 1:30 to 2:30 p.m. and will conclude at 9:30 that night with a fellowship hour termed as a "Hootenanny," and a light-out devotional which will be a period of spontaneous singing and prayers.

Theme of the program will be "Space Age Teens and His Missions." Special guest speakers will be John McCourt from Garland Street Church of Christ in Plainview and Koug Lawyer of Happy, a former missionary to Nigeria. "uzz sessions" will be led by young men from Lubbock Christian High School. Buzz session topics will be "Science and the Bible," "Youth's Challenges," "How to Get Along With Parents" and "What Young People Can Do in the Mission Field."

The Lubbock Christian High School Chorus, conducted by Brother Cox, will also be special guests and will offer edification through song.

The fellowship hour will be a time for group participation in skits and other activity.

Honor roll for the fifth six weeks:

- GRADE 12
David D. Harris.
Grade 11
Iona Clevenger and Cathy Sharp.
Grade 9
Sharon Brooks, Denise Lowey and Carol Miller.
Grade 8
Dianne Barham, Dee Ann Clevenger, Cathy Crawford, Debra Hardy, Elizabeth Stephens, David Martinez, Cindy Dyer, Nancy Graves, David Bass and David Guzman.

Allan Shive, Ricky Black, Jean Foster and Dirk Rambo.

The following sections of Hart High School had outstanding attendance records during the fifth six weeks of school. Section 9-A had an overall attendance record of 98.43 and Section 10-A had an average of 98.78. The senior class and Section 9-B were close behind with an identical attendance record of 97.54. All parents are urged to keep their children in school every possible day. This is very important for the progress of their education.

THERE WILL be a Chest X-ray Unit in Olton at the school on May 6, from 9 a.m. to 1 p.m. and 1:30 to 6 p.m. All school employees and the public are invited to take advantage of this opportunity. There will be a \$1 charge. This will be late enough to serve as the Chest X-ray for 1968-69 school year.

You are hereby commanded to appear by filing a written answer to the Plaintiff's Petition at or before ten o'clock A.M. of the first Monday after the expiration of forty-two days from the date of the issuance of this citation, same being Monday, the 10 day of June, 1968, at or before ten o'clock A.M. before the Honorable District Court of Castro County, Texas, at the Courthouse of said County in Dimmitt, Texas.

Said Plaintiff's Petition was filed in said court on the 25 day of April A.D. 1968, in this cause numbered 3177 on the docket of said court, and styled, RAY L. JOHNSON, Plaintiff, vs THE INTERNATIONAL LAND COMPANY ET AL, Defendants.

That the names of the parties to this cause are as follows: Ray L. Johnson is the Plaintiff. The Defendants are those persons first named in this Citation and to whom it is directed.

A brief State of the nature of this suit is as follows, to-wit: The Plaintiff sues for the title to and possession of the following described real estate situated in Castro County, Texas, to-wit:

Lots Seventeen (17), Nineteen (19), Twenty (20), Twenty-one (21), Twenty-two (22), Twenty-three (23), Twenty-four (24), in Block forty-six (46); Lots Thirteen (13), Fourteen (14), Fifteen (15), Sixteen (16), Seventeen (17), Eighteen (18), Nineteen (19), Twenty (20), Twenty-one (21), Twenty-two (22), in Block fifty-five (55); Lots One (1), Seven (7), Eight (8), Nine (9), Twelve (12), Fifteen (15), Seventeen (17), Eighteen (18), in Block forty-seven (47); Lots Thirteen (13), Fourteen (14), Fifteen (15), Sixteen (16), Seventeen (17), Eighteen (18), in Block Thirty-eight (38). All of the aforesaid lots and parts of lots being located in the original town of Summerfield, Castro County, Texas, according to plat of such original town which appears of record in Volume 11, page 470, of the Deed Records of Castro County, Texas.

Plaintiff sues in trespass to try title and additionally claims title to the above described property under the Ten Year Statute of Limitations and adverse possession; and the Twenty five Year Statute of Limitations and adverse possession. Plaintiff prays for title to and possession of the real estate above described and that any cloud cast on Plaintiff's title by any of the Defendants be removed; as is more fully set out in Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the seal of said Court at office in Dimmitt, Texas, this 25 day of April 1968.

ready have an Insurance Commission that fixes our insurance prices at regular intervals, always upward. If there is anything that we don't need it is price fixing commissions. This little proposition, which is a jewel in its own right, apparently doesn't have a champion or sponsor and on the other hand there is no announced opposition. This little dude is a sleeper of some kind and I wouldn't touch it with a ten foot pole.

While we are on the subject of party primaries I might as well get involved in some of the races. If you will turn to page fourteen, in this issue of the News, you will find a sample ballot for the Democratic primary. You will notice that there are ten candidates for the office of Governor. Some of these people are well-known and have been in state politics for a number of years, others are late comers that have had considerable publicity and are making a showing in the race. The balance are unknowns and will remain that way.

If I was called on to pick out the five top runners I would probably include Eugene Locke, Preston Smith, Dolph Briscoe, Don Yarborough and John Hill, not in that order, mind you, but as getting a respectful vote. But being in the top five, unless you are one of the top two, is no better than being in the bottom five. There are no place and show honors.

My prediction is that Don Yarborough will be in the run-off with probably the largest number of votes of any candidate in the race. For second place, and a spot on the run-off ballot, a photo-finish might develop between Preston Smith, Dolph Briscoe and Eugene Locke. Personally I think the run-off will be between Smith and Yarborough. I will vote for Don Yarborough, he was the only one of the lot that had the intestinal fortitude to contest John Connally when he was a candidate for the state's highest office.

You can rest assured that whoever goes into the run off primary with Yarborough will get the endorsement and financial support of the establishment. The second government in Austin, and that is the lobbies maintained by the special interests, probably has more to do with the enactment, or defeat of, legislation than does the elected legislature. So

far as state government is concerned, if you oppose the establishment and suggest that the state government be concerned with the interests of all the people you are a liberal, maybe an extreme liberal. That is a tag that the average Texan abhors. He has been brain-washed to the extent that he believes that his best interests are served by the election of the big-money candidates. Then, of course, he is favored with that greatest of all compliments, he is designated a conservative.

In a recent front page editorial the Lubbock Avalanche Journal endorsed the candidacy of Preston Smith, and told of his efforts in behalf of legislation beneficial to this section of the state. I don't believe they mentioned anything in particular that the Lieutenant Governor had accomplished, other than he had been a member of the House for six years, a member of the Senate for the same length of time and Lieutenant Governor several years. No great achievements were pointed out as standing as a monument to the man's many years of service in the state government. Another Lubbockite, Waggoner Carr, is also a gubernatorial candidate, or had you heard.

I would remind the Lubbock paper that right here in West Texas, in the Panhandle-Plains area, in this fine irrigated agricultural area where millions of dollars are spent annually for fuel to pump the water that produces the bumper crops that make for business in Lubbock and Dimmitt of a fact. The fact is: Just a few short years ago both of the Lubbock men, who are now running for the office of Governor, were members of the State Legislature and had an opportunity to render a service to the farmers of their section of the state by passing legislation advocated by the farmers Gas Users Association. The farmers of the area were strictly at the mercy of the utility company so far as the price of gas was concerned. They merely wanted legislation that would require the approval of the Railroad Commission before any change could be made in the price of gas used for agricultural purposes. The farmers didn't get their bill, in fact the gas lobby had it killed. I didn't hear of any special effort being made by Messrs. Smith and Carr in the passage of that much needed legislation.

In the Lieutenant Governor's race, I will vote for Don Gladden. Ben Barnes is supposed to be the

### Should Circuits Be Underground?

Underground electrical circuits to farm buildings, light posts and other equipment are not only practical but eliminate the possibility of wires coming down during wind and ice storms, says W. S. Allen, Extension agricultural engineer. But, he adds, such wiring must be carefully planned and only approved materials used.

# IF YOU ever thought about learning to fly

## NOW'S THE TIME!

With so many people taking up flying today, we'll bet you've thought about it too. Maybe you've thought how convenient a plane could be for business travel or more interesting pleasure trips with the family. Perhaps the challenge of doing something new and different appeals to you.

But why just think about it? Why not come out to the airport today or this weekend and see for yourself? We're offering a Special Introductory Flight Lesson for just five dollars. With an expert government-rated flight instructor, you'll fly in a quiet, roomy, powerful Piper Cherokee, with modern low wing. You'll handle the controls. You'll be shown how to fly straight and level, make turns, climb and descend. No better time than right now to start learning to fly. It's easy, fascinating, and not at all complicated.

### HERE'S THE PLANE IDEALLY SUITED FOR YOU... THE PIPER CHEROKEE

**FOUR EASY WAYS TO LEARN TO FLY**

**INDIVIDUAL LESSONS.** We'll schedule individual lessons to suit your convenience. 8 to 12 lessons, on the average, will have you fully proficient to fly solo.

**LEARN ON VACATION.** In one week you could be flying solo. Great way to get a jump toward your pilot's license.

**LEARN AS YOU TRAVEL.** Rent one of our fast, comfortable Piper Cherokees for out-of-town trips. An expert pilot-instructor will teach you as you travel. The perfect, practical way for busy businessmen to put their travel time to profitable, meaningful use.

**LEARN FREE** when you buy your own Piper.

You'll take your \$5 Introductory Flight Lesson in the world's most popular airplane with modern low wing... the Piper Cherokee. It's rugged, all-metal, with a big, quiet, comfortable cabin. Its low wing design offers many aerodynamic advantages and other features for handling ease and safety. Low center of gravity, wide-track tricycle gear that takes the skill out of landings. Steerable nose wheel, powerful hydraulic brakes, three-position flaps to slow your landing.

FOR LESS THAN \$2000 DOWN you can own your own, over-130-mph, four-passenger Cherokee 140. Economical to operate; same gas mileage as a car. Even more economical when you share ownership in a Piper Partnership. Or you can rent a Cherokee as you do a car. See us for details or call for Cherokee brochure.
