

Castro Favors Yarborough; Joy Scores Upset

Castro was one of only four Panhandle counties to give the nod to Don Yarborough Saturday in the runoff primary for the Democratic governor's nomination.

LT. GOV. Preston Smith of Lubbock romped to a 137,000-vote victory over the Houston lawyer to snare the nomination and take the inside track to the Texas governor's office.

Smith will face Republican Paul Eggers of Wichita Falls in the November general election.

ALTHOUGH the county's Democrats sided with a loser in the governor's race, they picked a

winner in the contest for associate justice of the Seventh Civil Appeals Court, giving District Judge James Joy of Plainview a big boost in his upset victory over Amarillo's Jack Hazlewood.

The races for governor and civil appeals court judge were the only two runoff contests on the local Democratic ballot.

With 1,163 going to the polls — 700 less than in the first primary — the county's Democrats favored Yarborough by less than four percentage points, 591-572. The only other counties in the Panhandle swinging to Yarborough were Potter, Swisher and Hutchin-

son. **STATEWIDE**, Democrats gave the conservative Smith 758,000 votes to 621,000 for the liberal Yarborough.

In the civil appeals court race, county Democrats predictably gave a heavy margin to Judge Joy, 828-320 over Hazlewood. Castro voters had favored Judge Joy heavily in the first primary, but Hazlewood finished that three-man race with 49 percent of the total vote. And the third man in the race, Bruce L. Miller of Hereford, endorsed Hazlewood.

However, Judge Joy came back fighting, and when his bush-

beating was over, he scored an upset victory over his Amarillo opponent Saturday by 5,000 votes in the judicial district, 50,000 to 45,000.

HERE ARE the totals of the county's five polling places, reported by Joe Cowen, chairman of the county's Democratic executive committee:

Precincts 1 and 5 — Yarborough over Smith, 32-19. Joy over Hazlewood, 37-13.
Precincts 2, 7, 11 and 16 — Smith over Yarborough, 214-183. Joy over Hazlewood, 271-126.
Precincts 3, 9, 14 and 15 — Yar-

borough over Smith, 158-90. Joy over Hazlewood, 186-61.

PRECINCTS 4 and 8 — Yarborough over Smith, 33-27. Joy over Hazlewood, 46-12.

Precincts 12 and 13 — Yarborough over Smith, 60-37. Joy over Hazlewood, 60-37.

Precincts 6 and 10 — Smith over Yarborough, 143-97. Joy over Hazlewood, 188-46.

ABSENTEE — Smith over Yarborough, 42-23. Joy over Hazlewood, 40-25.

County totals — Yarborough over Smith, 591-572. Joy over Hazlewood, 828-320.

The election is over, the results are in, and a candidate for governor on the democratic ticket has been nominated. It is no secret that I did all that I knew how to do to get Don Yarborough nominated, but according to the outcome of the election I was a member of another minority group.

Preston Smith is the party nominee and the problem now is to get him elected in November. If he is elected, and chances are that he will be, he will deserve the support and encouragement of every Texan as he goes about the business of conducting the state's affairs. Public officials can do but little without the cooperation of their constituents, and certainly they should expect and receive the wholehearted support of every citizen regardless of political party affiliation.

The hard core supporters of Smith's candidacy would like to believe that nomination by the Democratic party in Texas is tantamount to election, as it has been in years gone by, but that old axiom is not necessarily so. In the past loyal democrats have either supported the party nominee or spent the day on the banks of a creek with a fishing pole and a can of worms. But apparently in recent years they have taken a page from the book of so-called conservative democrats and on occasion joined the opposition, as was indicated in the defeats of Bill Blakely and Waggoner Carr. If you remember, both of those men claimed to be Democrats but were soundly defeated by John Tower for the Junior Senator's seat in the United States Senate. There's an outside chance that Texas may be governed by a Republican for the first time since reconstruction days.

If you have the idea that I might support the republican nominee, forget it. You can bet your bottom dollar that a bigger percent of loyal, or liberal, democrats will stick with their democratic nominee than will the conservative wing of the party. Since 1952 when Governor Shivers successfully led the democratic party organization into the republican camp in support of the republican nominee, it has been a very easy matter for many so-called democrats to defect if the party candidate was not to their liking. Come November, a little too much complacency on the part of Texas democrats just might result in a republican administration in the largest state in the solid south.

Congratulations to Judge James Joy on his assured election as Associate Justice of the Seventh Court of Civil Appeals. Judge Joy, the underdog in the race, came from behind with what seemed to be overwhelming odds against him to win the nomination as Associate Justice. Judge Alton Chapman didn't make any new friends by endorsing the candidacy of Judge Joy's opponent in the race. It seems to be a bit out of order for a retiring official to try to exert influence in the selection of his successor.

Right now we are in a critical part of the year weatherwise. Moisture is always welcome, provided it comes in the right form. Otherwise farmers had much rather pump the stuff out of the ground. Young crops need warm, or hot, dry weather provided there is moisture underneath, to get off to a good start. Much damage has already been done by hail and it is natural to be apprehensive so long as we have unsettled weather. If I was a farmer I doubt if I could keep my cool during the hail season.

Airport Fiesta Slated

Sunday, June 16 has been set as the dedication date for the newly enlarged Dimmitt Municipal Airport.

THE CHAMBER of Commerce and the Dimmitt Jaycees will team up to give area pilots a fly-in breakfast and the general public a barbecue and free air show.

The CoC will sponsor the official dedication, directed by James Bradford, chairman of the chamber's airport committee which led the campaign for an enlarged and improved air facility here.

DEDICATION speaker will be Bob Reynolds of Washington, D.C., assistant administrator for general aviation of the Federal Aviation Agency. He will speak at 1:30 p.m.

Reynolds' speech will be preceded by a fly-in breakfast for pilots, starting at 7 a.m., and a barbecue at noon.

The Jaycee Air Show will begin

after the dedication ceremonies, and will include plane rides, a glider demonstration, airplane displays and parachute jumps. D&D Aerial Spray will provide free balloons for children, and other business firms are planning special activities in connection with the dedication and air show.

THE NEW facilities at Dimmitt Municipal Airport include a 4,000-ft. paved runway, paved ramp, runway lights, all-weather lighted wind cone, paved parking ramp, and paved access to US 385.

Also, Police Chief W. W. Jones and a city crew are now constructing a brick-pylon sign at the airport entrance, and expect to have it completed by dedication day.

THE PROJECT to enlarge and modernize the airport cost more than \$200,000. The cost was shared by the city, which passed a \$100,000 bond election; the Federal Aviation Agency, which provided almost \$100,000 in matching funds; and the Texas Aeronautics Commission, which granted \$10,000.

Fund Not Needed; Refunds Offered

Little Maria Duran apparently will not require open-heart surgery after all, and those who collected the fund for her last December are offering donors their money back.

Rev. C. Mitchell Kennedy, administrator of the fund, reported that \$219 was donated here to enable Maria's mother to accompany her to a Houston hospital and be with her during and after her surgery.

OF THIS amount, \$150 was donated by the Lions, Jaycees and Rotarians. The other \$69 came from individuals.

Rev. Kennedy said the fund will not be needed after all, and that those who contributed may have their donations refunded by contacting him.

Funds not called back by contributors will be donated to Dimmitt's Satellite School for mentally retarded children, he said.

Hail Pounds Bethel, Nazareth, Sunnyside

CHARLES RICKARD OF TAM ANNE Shows what hail did to his storm door

Heavy, rumbling storm clouds roamed back and forth over the county Friday evening, strafing most of the land with marble-size hail and releasing devastating ice-bombs in three localities.

FARM operators surveying their land Saturday morning found the hail damage to their young crops ranging from light to total. The hail not only damaged crops, but also knocked out windows and storm doors that had survived many previous hail storms.

Main targets of the storm system were Bethel, Sunnyside and Nazareth.

THE BETHEL area seemed to be the hardest hit. Approximately 30 to 35 sections of land in the western edge of the county from Tam Anne north to Easter suffered severe damage from hail and water.

At the Tam Anne Cafe and across the highway at Charles Rickard's home, baseball-size hailstones broke out windows, tore up storm doors and damaged roofs.

Rickard said Highway 86 near the gin was flooded, and that he felt the rainfall there totaled three inches. Elsewhere in the Bethel area, rainfall ranged from 1.50 inches and up.

COTTON and grain sorghum fields in the area looked as though they had first been stripped by hail, then flushed by rain. Where young cotton and maize plants had stood two inches high in neat rows Friday, there was nothing left Saturday — not even an occasional stem or green leaf.

Wheat fields were a tangle of beaten stalks. The smell of pulverized onions pervaded the air here and there. Cabbage, sugar beets, potatoes and other truck crops were badly beaten, but are expected to come back.

RICKARD estimated his hail damage at 60 to 70 percent on his wheat and 100 percent on his cotton.

Carl Bruegel, who farms four miles north of Tam Anne, reported 100 percent damage to his cotton and wheat and heavy damage to his vegetable crops.

Heavy damage was reported all around the Nazareth community. (See HAIL POUNDS, Page 11)

Over Kennedy Shooting People Stunned

Dimmitt residents seemed shocked and outraged over the shooting of Sen. Robert F. Kennedy in Los Angeles' Ambassador Hotel early Wednesday morning.

The presidential candidate was critically wounded in the head as he walked through a kitchen corridor after making a victory speech in the hotel's ballroom. The shooting occurred at approximately 2 a.m. Central Daylight Time.

American way, but people in Europe and the rest of the world have come to accept this sort of thing as the American way."

MRS. CAROL DYER, teacher and housewife: "It just makes you wonder what on earth our country has come to. That was my first feeling this morning when we heard about it. I'm just stunned. After hearing the nature and the reported behavior of the man who was apprehended, I'm very fearful that this may have been a well-planned thing."

Mrs. Nick Gonzales, housewife: "I was shocked. I think Congress is going to have to pass a law so guns can't be sold to just anybody. We seem to have quite a few sick individuals among us."

Last Rites Held For Hart Pioneer

Richard Wade Cox, 86, longtime Hart resident, died Sunday morning in Lubbock's Methodist Hospital where he had been a patient for two weeks.

HE IS survived by his wife, Ellen; four sons, Miles of Hart, Arno and Marlin of Hobbs, N.M., and Edwin of Manteca, Calif.; three daughters, Mrs. Ira Height of Broadview, N.M., Mrs. Bertha Daugherty of Seattle, Wash., and Mrs. Demmie McLain of Manteca, Calif.; two brothers, Billy of McGregor and Caleb of San Bernardino, Calif.; three sisters, Mrs. H. A. Collins and Mrs. Minnie Harris of McGregor and Mrs. Ruby Swartz of Winters; seven grandchildren, and 13 great grandchildren.

Preceding him in death were three other children—two infants, buried in Kress, and his son, T. B., who died in Hart Jan. 9, 1966.

The gelding and mare tied in total points for the all-around trophy, and "Bubbles" won by the flip of a coin. "Bubbles" is owned by Roy Plummer of Tucumcari, but posing with the horse here is Plummer's son, Lee, who tends the horse as a 4-H project. Aboard "Miss Oreo" is Betty Bailey of Pampa, who rode the mare to victory for its owner, Patty Sue Morris of Canadian. A HAT WOULD BE SO MUCH COOLER!

She must go to the native market for her physical needs. The straw hat would be so much better than the old scarf tied and knotted about her head. Sweet, cool air could come through that straw and that would feel so wonderful in this heat!

Where does she go for her spiritual needs? Is there a church on the island? Does she know that she will be told about a great God there who will help her, guide her, and refresh her?

How fortunate we are in this country that there is a church in every community. Spiritual help, refreshment of soul, fellowship and love awaits all who enter her doors. We invite you to attend Church this week.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Price Reports:

Are Americans Really Starving?

By **BOB PRICE**
Congressman, District 18

A nationally televised program, "Hunger in America," has stirred up a storm of protest and denials by those who administer welfare food programs.

FOLLOWING the broadcast, Secretary of Agriculture Orville L. Freeman reported his views to Rep. Carl D. Perkins, chairman of the House Education and Labor Committee. That committee had begun hearings on a proposal to establish a commission to investigate hunger in the United States following an earlier and widely publicized report by a non-federal group known as "The Citizens Board of Inquiry into Hunger and Malnutrition in the United States."

Freeman told the president of the network that the report on hunger was dishonest and asked for equal time to tell what is being done in federal food programs.

"Hunger in America," bluntly and simply, was a travesty on objective reporting," Freeman wrote the president of CBS. "It presented to millions of viewers a distorted, oversimplified picture of domestic hunger and what is being done about it."

IMMEDIATELY after the earlier report by the so-called Citizens Board of Inquiry was issued, my committee, the House Agriculture Committee, began an inquiry of its own. Chairman W. R. Poage wrote the health officers of the 256 counties listed.

In his letter to the officials, Poage noted that their areas had been designated as 'hunger coun-

ties." He pointed out that the Agriculture Committee is greatly concerned with any possible lack of ability of people to obtain an adequate supply of food, then added this request: "I would greatly appreciate it if you would immediately advise me whether you have any personal knowledge of any actual starvation in your county. Second, do you have any personal knowledge of any serious hunger in your county occasioned by inability of the individual to either buy food or receive public assistance?"

REPLIES have been received from more than half of the counties named in the report, and are still coming in. Most are signed by medical doctors serving as health officers. Not one would state that he knew of a single case of starvation in his county.

Two of these counties were in the 18th Congressional District — Motley and Cottle. The replies, including one from the county health officer of Motley County, reported no case of actual starvation, but numerous instances of malnutrition. With few exceptions they were blamed on ignorance on the part of parents as to what foods constituted a balanced diet. The letter from the doctor at Matador said the county received about 7,000 pounds of food monthly for welfare, "and often is it hard to find enough people who can qualify for it."

The mayor of Paducah — Cottle County — which was also listed, said his inquiry to the welfare department, county and city officials, city and county health officers, church groups, and interested citizens revealed that "none of these people knew any thing about a survey being conducted in this area. I have arrived at the conclusion that no survey was made in this area..."

CERTAINLY no one in actual need should be expected to go hungry or suffer from malnutrition. But from the real evidence produced so far, the so-called Citizens Committee was created for the purpose of developing hysteria without regard for the facts, and for the establishment of another commission to review the work of a headline-seeking group which has made such a fantastic report.

Hart Church Gets Youth Director

First Baptist Church of Hart has called Mike Johnson, a junior at Wayland College, as its director of youth activities.

HE IS the son of Mr. and Mrs. I. L. Johnson of Abernathy, and is a 1966 graduate of Abernathy High School.

Last summer, he served as chaplain of Boy Scout camps in the South Plains Council. He has also performed revival work during the past year.

SOUR CREAM is not really soured. It is cultured. Lactic acid is added to pasteurized homogenized light sweet cream for the product which adds to sauces, gravies, dips and desserts.

Peace Corps Test Scheduled

Dimmitt area residents interested in putting their skills to use in developing nations around the world are invited to take the Peace Corps Placement Test at 1:30 p.m. Saturday, June 15, in Room 314 of the Amarillo Post Office building at 15th and Taylor Streets.

THE PEACE Corps uses the placement test, which takes about an hour and a half, to determine how an applicant can best be utilized overseas. The test measures general aptitude and the ability to learn a language, not education or achievement. The test requires no preparation and is non-competitive — an applicant can neither pass nor fail.

The application form, not the placement test, is the most important factor in the selection of

volunteers. Persons interested in serving in the Peace Corps must fill out an application, if they have not already done so, and present it to the tester before taking the test. Applications may be obtained from local post offices.

12,000 Peace Corps Volunteers are currently serving in Asia, Africa, Latin America and the Pacific Islands, working with the people of those nations in self-help projects in agriculture, health, education, and community action. Many more volunteers are needed for projects which will begin this summer and fall.

Many From Here Get College Degrees

By MYRTLE SHEFFY

Peggy and Allan Webb attended the graduation exercises at Texas Tech for their son-in-law, Steve Wesson. I heard Peggy say that eight from Castro County finished among the 1,700 students who graduated. This is her list from Castro County—Dannele Lorraine Crowley, daughter of Mrs. Paul Acker; Suzie Davis, daughter of Aural Davis; James Martin; James Rogers, son of Mr. and Mrs. R. D. Rogers, Roy Battles, son of Mr. and Mrs. R. E. Battles, Ralph Edward Schulte, and George Martin Phillips. Aren't we all proud of these smart people?

I do not have the list from WTSU and other schools. Ken Campbell, who attended school at Las Cruces and last term at Amarillo College, is home for the summer and will help farm for his dad, Maurice.

I HAD to miss that fine quarter horse show Sunday. It was held at the rodeo grounds. Castro is the "animal country" now, with cattle feeding yards, several big pig farms, and hundreds of horses. It has always been the maize capital of the world—and now corn is coming along, too.

Guests of Mr. and Mrs. Maurice Campbell Sunday were her mother, Mrs. Z. C. Cornell of Clarendon; a sister, Mrs. Austin Kirkland and Hulon of Dumas, and Mrs. C. L. Franks of Tula.

REV. DON CASS and his wife Barbara have gone to Houston to attend the Southern Baptist Convention. Mr. and Mrs. Joe Walls accompanied them. They will represent the Lee Street Baptist Church.

Jerry Amen held a slumber party the day school was out. His guests were Travis Hampton, Lance Louder, Kurt Wales, Cliff Parker, Kelly Davis, Travis Wiseman, Terry Young, Brent Armstrong and Carey Keener.

Dinner guests of Mrs. Fred An-

nen Sunday were Mr. and Mrs. Howard Best of Wichita Falls and her sister Inez of Wichita Falls, a former Dimmitt resident. Her sister Rhea Cotter and son of Amarillo were weekend guests of Mrs. Annen and their mother, Mrs. Ethel Lowe.

MR. AND MRS. George Bradford spent last week in Temple. While there they visited with Dr. and Mrs. A. A. Hyden of Belton. Dr. Hyden has resigned as dean of Mary Hardin-Baylor College at Belton to become personnel director at Baylor University.

Dr. Hyden was pastor of the Flagg Baptist Church while attending Wayland College. Mrs. Hyden, a friend of the Bradfords since childhood, has resigned as dean of student activities at Hardin-Baylor College and will work in the public school system in Waco.

BUFORD AND Dorothy Newton had a good trip west. They went to Ruidoso and spent time in the ski area, then went to El Paso and Juarez. She says it was "just a looking trip." They came back by Van Horn and just happened to pass the Rex Shelly house. They were having supper in the yard with Mr. and Mrs. Walker Floyd, who plan to move there soon. The Floyds are building a house there. He is with Western Ammonia here. The Newtons had supper, saw that hill and desert country, then came home.

Guests in the home of Mrs. Myrtle Williams this week were her sister, Mrs. J. T. McLain and her husband of Floydada, and Mrs. Winnie McLain of Dallas, also a sister. They all visited relatives in Amarillo Sunday.

Guests of the Curtis Tates Sunday were their children, Jim and Judith and son Tal of Lubbock (they also visited her mother, Zonell Maples), and Mr. and Mrs. Bruce Henderson and son, Brent, of Amarillo. The Tates attended the funeral of a friend, Chock Collins, at Blackburn-Shaw Funeral Chapel in Amarillo. Curtis was a pallbearer. And Monday Marie left for Mooreland, Okla., for a few days' visit with her mother, Mrs. J. L. Kay, and other relatives.

MR. AND Mrs. Raymond Hance are home from Austin, where they attended the graduation services for their son, Kent. He finished in Law and business, and he will teach business law at Texas Tech in Lubbock this fall. His wife, Carol Hays Hance, will complete her requirements for a

business degree in August. Kent's sister, Linda, and her husband, Gary Compton, of Dallas, were there also.

Guests of the Hances Sunday were her sister and brother-in-law, Mr. and Mrs. Frank Smith of Spade. Mrs. Smith has retired from school teaching after 32 years' service. Other guests were Ronnie and Judy Howard, who are installing a TV Cable system in Kansas. Ronnie is a partner in Dimmitt TV Cable Co.

MR. AND Mrs. Bob Askey and family of Wolforth have moved to the Hances house at 605 SW Fifth. Bob is the new coach for girls' basketball.

Dr. Perkins of Kennady will be THE GUEST PREACHER AT F1 the guest preacher at First Baptist Church Sunday. All members are urged to attend this service—it will be special.

Dale Leinen, who will be a senior at Tech next fall, is home for the summer, and is looking for work.

Terry and Kathy Hill of South Plains College were weekend guests of her mother, Florene Leinen, Dale and Shirley, and they visited Terry's dad, Charley Hill. Kay Watson of Blossom, the pretty niece of Mrs. Burl Bradford, is here for a visit.

MAYOR and Mrs. George Bradford, Mr. and Mrs. Noel Gollehon and Troy Kirby left Wednesday for El Paso, where they will attend the Mayors and Commissioners business meeting. They will probably go over to Juarez to see a bull fight or something—maybe buy some of that silver jewelry.

The P. L. Cummings also left from Amarillo by plane for Santa Maria to visit daughter Laura and her children, Linda and Ed.

Joe and Alice Cowen have been visiting kin in East Texas. They went to Comanche to see Alice's mother, Mrs. Jeff W. Richards, then on to Belton to visit Joe's sister. They will go on to Clifton, Joe's home town. Joe said their son, Lt. Joe H. Cowen, is with US Naval Intelligence and he and wife Mary live at Norfolk, Va.

MRS. ADDINE ERSKINE of St. Louis, Mo., is here on farm business. She visits the Roy Clucks and the Swain Burketts. Mrs. Erskine owns a clinic in St. Louis and personally teaches student technicians there. She has been a benefactress of the school for colored people at Jackson, Tenn., and spent four months there, helping and observing. She has made a tour of many hospitals in big cities and our town also. She has received a special award from Dean Rusk in Washington. She tells me she really enjoys our Castro County News.

Guests in the home of Max and Irene Keating were Mr. and Mrs. Bob K. Cumford and son, Cole of Stratford; Mrs. August Albrecht, Irene's mother, of Mena, Ark.; Irene's twin sister, Nell Albrecht of Batesville; and a niece Cynthia, of Tula.

Mr. and Mrs. N. H. Humphries and her grandson, Tommie Maple are in Colorado doing a little trout fishing. They also visited their son, Bernard Brown and his wife Ruth at Salida.

WELL, NOW! We will all miss seeing Faye Kenmore at the head teller's window of the First State Bank. She was there for 20 years before retiring last week. She is now visiting relatives in Arizona.

Sherry Singer, daughter of Betty Singer, was hostess Monday night to a group of girls who came in for supper and a sleepless night. They enjoyed talk, records and games. Guests were Suzan Wise, Patti Jackson, Janie Shelly, Suzie Mooney, Nita Singer, Martha Bates, Rebecca Stanford and Cynthia Dyer.

Mrs. Sam Hunter of Dalhart is here for a few days' visit with her friend, Hazel Merritt. You know that Mrs. Hunter wrote a history of Castro County—the book is called, "The Moving Finger." Do read this story.

SUZANNE MERRITT tells me that she and the other twirlers and drum majorettes leave Sunday for Cisco Junior College, where they will attend a short course in twirling and marching. The John Merritts and Walter Wilkes will take the girls and pick them up. Making the trip are Suzanne Merritt, Delores Wilke, Karen Lytle, Keri Kirkpatrick, Ruth Dyer, Patty Simpson and Jean Braafladt.

Dr. and Mrs. Charles Vandiver and sons, Loren and Craig, are seeing the HemisFair in San Antonio this week. They will come home by way of Fort Worth to visit friends, A. J. and Jean Kemp.

A group of friends went to Cloudcroft recently just for an outing. The ladies are a club that has had dinner together for years. The men went along this time. Going were the Earl Harrisons, Ward Goldens, Jack Gregorys, Olen Rices and the Homer Newtons. The Buddy Birdwells, also members, could not go because of the recent death of Bud's mother, who lived at Loving.

KEITH CRUM, a 10-year old Little League ball player, says to tell you the Dodgers are in first place now. They have three coaches—Travis Hampton, Emmitt Broderson and Barry Love. Well, no wonder that they are first. Cecil Crum, his dad, is home from a business trip to Ciudad Obregon, Sonora, Mexico. Some Amarillo grain men went along.

Keith Arn Howard is home from the University of Texas at Austin, for a few days' visit with her folks, Lily Marie and Keith. Keith Ann is wearing a diamond ring signifying her engagement to Tim Gears of Hereford. Mr. and Mrs. Kenny Gears, Tims parents were hosts at a supper party for the two Saturday evening at the Hereford Country Club. The wedding is to be in December, when Tim will get his degree from UT.

Mrs. Keith Howard played the organ at the opening of Greenbelt Lake and recreation facilities near Clarendon Friday. Saturday evening she went to Littlefield to make music for the golf course opening. That is a busy family.

LOUISE KEMP, her son Carl Lee and his wife Boo, came home from La Dawn's graduation at Baylor by way of Possum Kingdom Lake, where they joined Boo's parents, the Pitmans of Amarillo. They rested and fished. La Dawn and Ginger were members of Suzan Youts's wedding party.

Al Jackson and Polly Manning of Cobbs and Neva Hickey of the Village Shop have returned from Dallas, where they attended the big four-day showing of fall fashions. You can shop in Dimmitt and find just as nice and pretty clothes as in any larger town—why not try it?

Helen and Bob McLean are at their place in Ruidoso for a few days' rest.

Mrs. Lawrence (Georgene) Wood of Lubbock was a weekend guest of her parents, Mr. and Mrs. George Blanton.

Rev. George Worrell, wife Betty and children of Lamesa were Sunday guests of her mother, Mrs. Leola Haberer.

Mrs. Leon Cox of Houston is a house guest of the Swain Burketts. She is a sister of Mrs. Burkett.

SUNDAY church and home guests of Marie and Dale Winders were here "near cousins," Margaret Howell of Amarillo and Jan Blackburn of Earth.

Etta Brashears spent a few days with her friends, Mr. and Mrs. Gus Barron, at Tula. She says they picked and made strawberry preserves. She is a good cook, you know! And she came home on the mail car.

Etta told me that Mrs. Harvey Cash of Canyon and her daughter of Plainville were here to visit the Ramey twins and Leola Haberer. Mrs. Cash was one of the children of the Bells among the early day settlers, and she has

written a book about their lives then. It is called "Hester," her given name. I must see this book.

MRS. WILLIE BRUCE and Mrs. Lucile Tolbert of Vega were Sunday guests of their brother and uncle, Blackie Blackwell, who is still in the hospital recuperating from recent surgery. They are good friends of the new Methodist pastor, Rev. Pickens, who was pastor at Vega at one time.

Mrs. Doyl Underwood and Mrs. Jack Flynn took their daughters, Darla and Sharron to Amarillo Saturday for a Panhandle Girls State orientation program. The girls will leave for Austin early Wednesday morning from Amarillo by charter bus. This is a fine way for the girls from all over the state to learn a little about their city, county and state government.

TO FRIONA Thursday evening will go Mary Flynn and daughter Karron, Doris Lindsey, Kim and Jeff, Shirley Underwood and Brenda and Danny for a dance recital. The children are pupils of Saundra Thompson's school of dance. Mary Flynn reports the program presented by Saundra's pupils in our auditorium Saturday evening was very good. She says the parents and grandparents were almost as good to watch as the young performers.

Beth Shelly and Janet Fryer went to Phillips Saturday to attend the wedding of a college friend. Mr. and Mrs. Jack Cowsert left Saturday for Houston, where Jack will enter the hospital for a physical checkup. They will visit his sister Mary in Houston. Their son Jim and his wife Jan of Du-

rango, Colo., were here this week. Melba McIlroy and children of Iowa Park were here for a weekend visit with her parents, Mr. and Mrs. Cecil Curry.

RAYMOND WILSON and Dr. Bob Brock took two loads of furniture to Mesa, Ariz., where Dr. Brock will live and intern at the Mesa General Hospital. Mrs. Pat Brock is at the Mayo Clinic in Rochester, Minn., for treatment, and will join her family this week. The two boys, Shea and Rebbly, are staying with Grandmother Margaret Wilson and grandparents Earl and Mabel Brock.

Jack and Nell Ingram went to Petersburg Friday evening to attend the graduation services for their nephew, Jack Morris. Nell says it rained so much they couldn't leave for a good while. They also visited her brother, R. G. Morris and family.

Alice and Wes Anthony went to San Antonio to HemisFair a while back. They came home by Big Bend Park—but so many people there they couldn't find a motel. The Anthonys are called the "Globe Trotters"—they go so many places.

MARY AND Raymond King of Lubbock were Sunday guests of the Russel Morans and Joe Bensons, and also attended church here. The Kings lived in Dimmitt a few years ago.

Saw Thomas Earl Harrison at church. He is visiting his parents, Earl and Margie. He teaches physical education at Odessa. His wife, Doris, is one of the school secretaries. Bill and Dalia George and sons, Bill, David and Bryan, left

Wednesday for San Mateo, Calif., to visit Bill's brother, Dr. Carroll Gregory. They plan to come home by Disneyland, and to see the other West Coast sights for the boy's pleasure.

E. B. NOBLE and brother Jerry of Lubbock were mutual "birthday boys" Sunday. They and their families had cake and coffee at their parents' home, the Es Nobles.

Dr. and Mrs. Dick Davis of Las Cruces were weekend guests of the Goodwin Millers and the Jack Millers and Ray Rileys. They are kinfolks. Dr. Davis teaches plant biology at the college there.

SUPERSTAR HYBRID SORGHUM

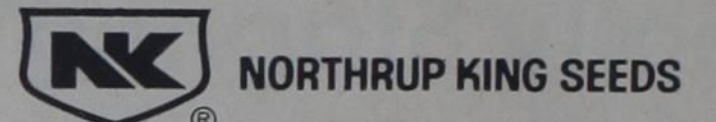

Large, heavy heads boost yield from late planting

The head is the only part of the grain sorghum plant you sell. So why settle for ordinary varieties when NK 125 makes such a big crop so fast. This smut resistant sorghum is so early you can follow wheat or oats for two grain crops in a single year. NK 125 carries its large, heavy heads on a short, strong plant. Maturity is uniform, exertion excellent. NK 125 is ideal for late planting or double cropping.

New Tailwater Return System Being Tested Near Springlake

Efficient and economical tailwater return, a matter of pressing concern to Plains area irrigation farmers, is being tackled with a new approach in a north Lamb County experiment.

DONNIE CLAYTON, farming just west of Springlake, has installed an experimental facility which will be closely watched for a three-year test period. Cooperating in record keeping and analysis is the High Plains Water Conservation District. Anticipated advantages in this type of an installation includes keeping the topsoil which collects in the pit as silt in suspension, to be pumped back on the land.

Essentially, the experimental system is built around a partially buried 4,600-gallon steel tank. The tank is of compact dimensions: seven feet in diameter and 14 feet depth. Pumping power is furnished by a three-phase, 15-horsepower electric motor. The pump has a 500 gallons per minute capacity, with a capability of being reduced down to 100 gpm as the inflow decreases.

CLAYTON is using an automatic electrode on the motor for cut-off and starting, and has installed a manual flap valve for backwashing should it become necessary.

Tailwater from two eight-inch wells is channeled into the tank, where it is rapidly and automatically returned through a half mile of six-inch underground pipe to be used again.

Observations on the project will be on a continuing basis, with the water district keeping records and compiling data which will be made available to area farmers.

The district long has concentrated on water conservation, including tailwater utilization, and has made its findings public in an effort to focus more attention on the many problems of safeguarding the remaining water supply.

GOP Task Force Says US Farmer Is 'Going Under'

"The latest report from the Department of Agriculture confirms our contention that the American farmer is sinking further into the economic quicksand with each passing year," the House Republican Task Force on Agriculture said Friday.

THE PANEL referred to the April "Farm Income Situation" report from the department's Economic Research Service.

Task Force member Bob Price pointed specifically to farm production expenses.

"The report tells us that farm production expenses this year may run up to \$1 1/2 billion higher than last year's Agriculture Department estimate," he said, "reflecting the effect of increasing inflation on the American farmer."

PRICE SAID he was particularly alarmed at the rise in capital expenditures, taxes and interest payments as calculated by the Department on a per-acre basis.

"Capital expenditures, including farm buildings, vehicles and other machinery and equipment, have risen 55 percent since 1960, according to the report," the Panhandle congressman said. "That same Situation Report shows that taxes payable per acre also rose 55 percent and interest payable per acre rose 110 percent during the same period."

"Compare such increases with the much smaller 5.7 percent increase in the per-acre index on prices received for all commodities as reported in USDA's Agricultural Statistics publication," he said, "and you can readily understand why our farmers feel the ever-increasing pressures of the current pinch. There's a limit on how much a farmer can squeeze out of an acre of land in income, but there seems to be no limit on where his per-acre expenses can go."

THE REPORT said that policies developed during the past seven years in Washington need a transfusion of new ideas that will be responsive to the economic needs of our farmers and rural America.

We have several varieties. Any one lets you harvest a delicious meal any time of the year. Its perfect heat control and permanent briquettes give you year 'round cooking pleasure without the mess of a charcoal fire.

For best results, we recommend early planting. This will guarantee larger yields because you can start your harvest immediately.

New lower prices on the '68 models are in effect through July 31st. Prices start at \$77.52 cash (includes installation and tax) or as little as \$2.50 a month, whichever you prefer. After that, it will only cost a few cents per month for us to feed it.

Call us. We'll plant a gas barbecue grill in your yard. That is, if you have a taste for the outdoors.

Buy a PATIO PAIR (one gas light and one gas barbecue grill) and save \$26.00. Prices start at \$103.70 (includes installation and tax) or \$4.00 a month.

For class participation, the girls will plan and conduct a play school for 4 and 5-year old children. The play school will be June 10-14 from 9:30 to 11 a.m. The girls will each invite a child to participate. The girls may earn one-half credit for their participation in summer homemaking.

CITY COUNCIL met last week, with E. E. Foster, John Holloway and Buster Aven present. The council voted that the paving on Avenues B, C and D be accepted, and an ordinance was signed to that effect. The council voted to accept an office of economic opportunity in Hart.

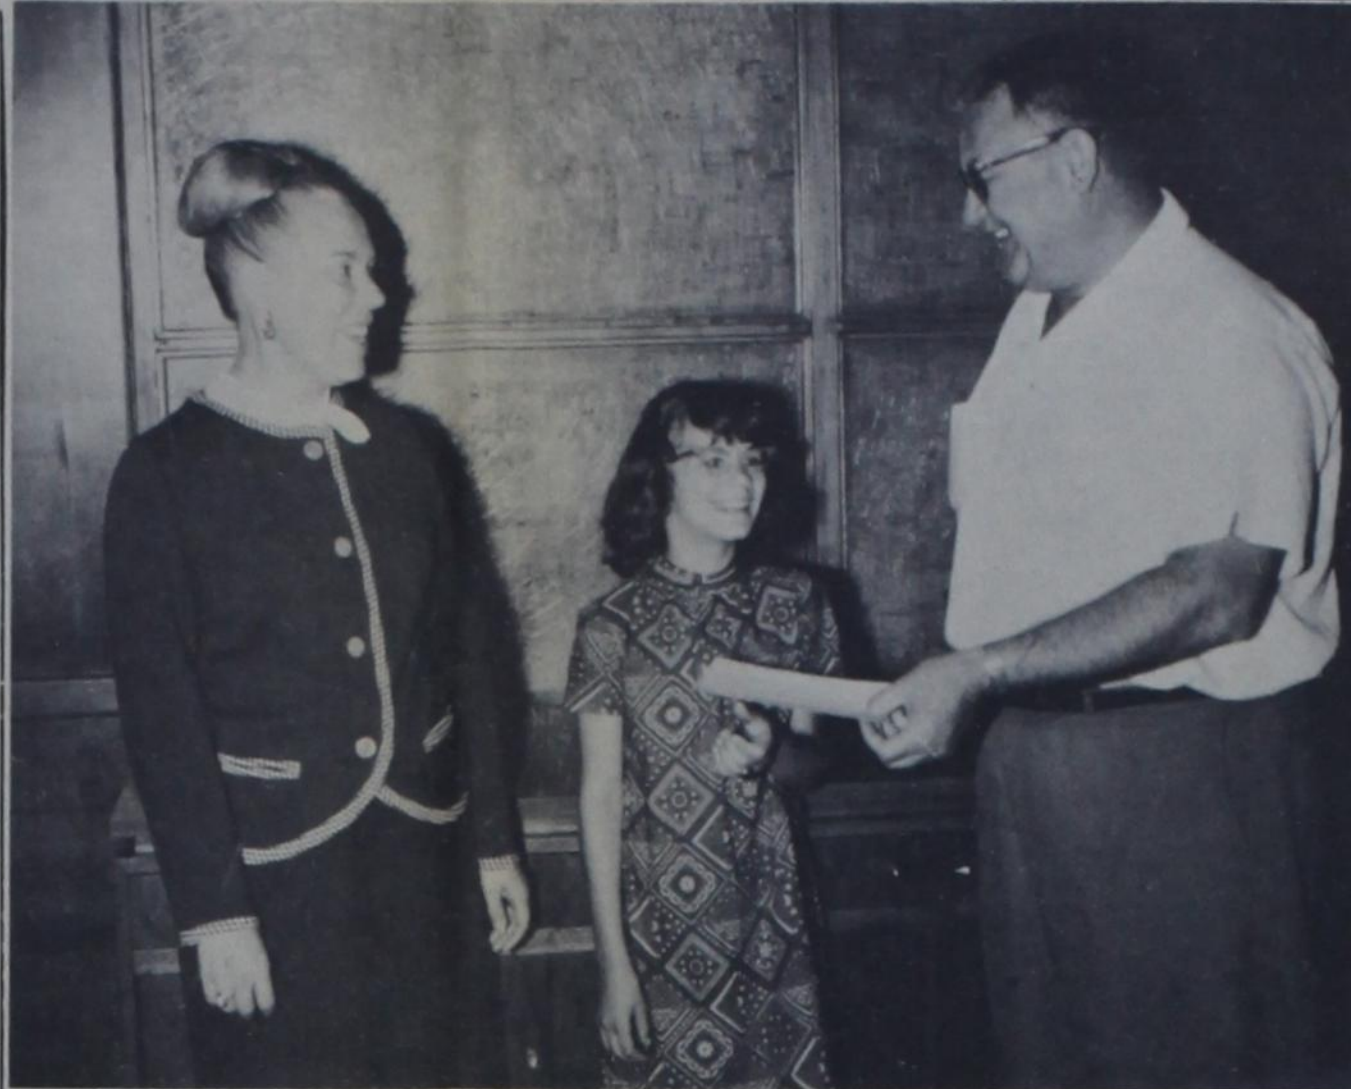

Mayor E. E. Foster declared the week of June 10-15 as Clean-Up Week in Hart. All citizens of Hart are urged to take part in this clean up program. Residents are asked to clean up their property, and all trash and rubbish should be put in the alleys by the trash barrels to be picked up at the end of the week. Anyone owning vacant lots should also clean these up and mow or shred these lots. The city would appreciate any help it can get in this program, such as trucks to haul trash, and volunteers who could help in any way.

School Series Is Postponed

Due to space problems in this week's issue, the News has postponed until next week the fourth article in its current series on Dimmitt's public school evaluation.

At least three more articles will be required to report and interpret the April findings by the Texas Education Agency and compare them with last year's full-scale evaluation.

IN A SURVEY made of the pine-hardwood area of East Texas in 1965 it was estimated that there were about 33 billion board feet in standing timber. This volume is sufficient to construct about 3 million wooden homes, according to the Texas Forest Service. The forest resources of Texas are an important economic asset to all Texans, providing wood and wood products, labor and payrolls.

County 4-H'ers Off to Roundup

By IRENE KTATING Home Demonstration Agent

This week is our State 4-H Roundup, and the Castro County 4-H'ers who went were Diana Adams in Money Management Educational Activity and Marvin Smith and Eugene Warrick in Field Crops.

ALL THESE 4-H'ers are from the Frio Jolly Workers 4-H Club. They were accompanied by their parents and County Agent Charles Hottel.

They had a very busy two days at College Station. Tuesday began with a barbecue, Wednesday they gave their demonstrations. Then the day was climaxed with a banquet honoring the winners.

CREPE fabric is back in style again — still with its care problems. A term used to describe fabrics made of a plain weave, crepe is very serviceable with reasonable care. Some crepes have a tendency to shrink and others to stretch.

Take care not to glaze the fabric in pressing. Bias cut garments are more difficult to press than garments cut with the grain or straight of the fabric. A well-trained dry cleaner is likely to finish crepes better than the inexperienced homemaker.

THERE ARE danger signals for our appliances when they start to cause trouble. If we know these four danger signals we can save money and lives.

Is your appliance blinking on and off? If it is, you're being warned that there is a loose connection somewhere. It may be only a loose screw, but repairing it is a good idea.

Ever touch an appliance and feel a little tingle? This is another sign of trouble. It calls for close inspection for loose wiring or poor insulation. In some cases, the appliance may need a ground wire.

WATCH OUT for the short circuit. A symptom of this is a shock from a metal lamp base. The trouble is usually exposed wiring.

Blown fuses or tripped circuits, after plugging in your appliance, point to a serious malady — an overload. This is a major cause of fires within the home. Too many appliances on one circuit throw your electrical system out of balance. Something has to give, and too often it's the homeowner.

Remember the fuse must be fitted to the size of your wiring. If the fuse will let more power through than the wiring can safely carry, it is not a safety device. Overheated wires, damaged motors and costly fires are results of using the wrong fuse or substituting a penny for a fuse.

WHEN YOU get any of these signals, prompt action will prevent trouble and save even larger repair bills. If you need help, call a repairman. If you're constantly replacing wires, the simplest and least expensive answer may be new wiring for the home.

YOUTH WORKER — Kay Schultz, sophomore at McMurry College in Abilene, has been hired by the United Methodist Church of Hart as summer youth director. She will conduct programs for both junior and senior high school youth groups. Miss Schultz is the daughter of Olton's school superintendent.

The View From Your Library

By MRS. BEVERLY BRIDGES Mothers, if you haven't enrolled your children in the summer reading program, do this week!

GOOD reading habits developed at an early age can open many doors to children of all ages. They can travel through many countries and learn how other people in other lands live, work and play. Fairy tales stimulate imagination and creativeness in a child.

Good reading is developed by a child through his parents. I began reading to my children at the age of 6 months, and they both enjoy and respect books.

A RESPECT for books creates a respect for learning and growing to know the world — no only the small world he grows up in, but the world as a whole. How else can a child see the world unless an atlas is shown to him or a travel book read by him or to him?

How can a child understand the fact of race, color and creed unless he is given the chance to learn about them?

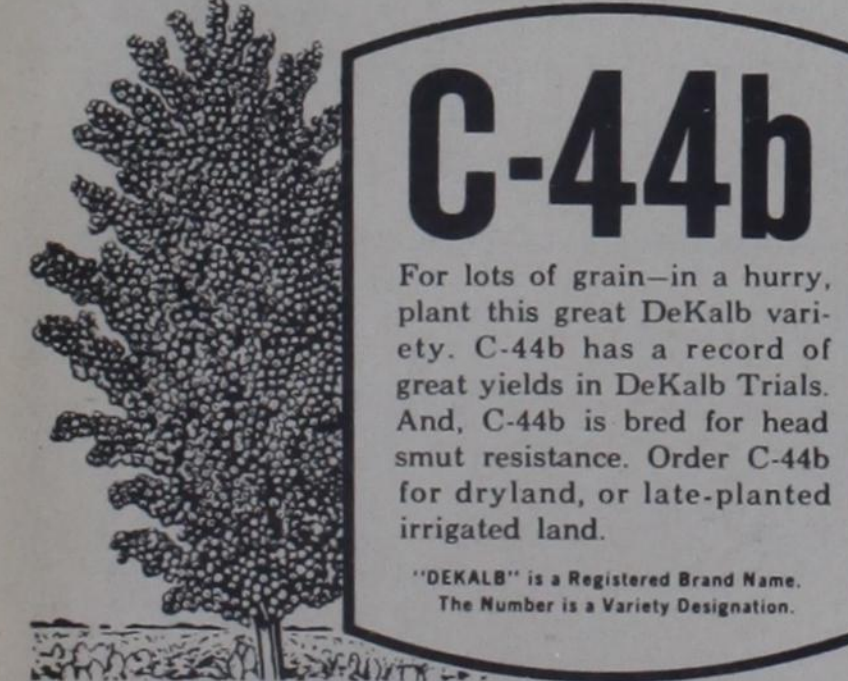

To give pleasure and stimulation to your children, encourage them to read; and what better way than through their summer reading program at the library?

BY RECEIVING a certificate for reading 12 books in 10 weeks, your child is learning to set a goal and working until that goal is reached.

Hail Pounds

(Continued from page 1) To the east, fields were pelted and flooded. Three miles west, Vincent Gerber reported three windows knocked out and his roof damaged. Several farms southeast reported moderate to heavy crop damage.

THE STORY at Sunnyside was about the same as at Nazareth — apparently not quite as bad as at Bethel, but not good by anyone's measure. Here, too, moderate to heavy crop damage was inflicted, roofs were damaged and windows were knocked out.

For the hardest-hit farmers, the only redemption was that it was an early hail and they can still replant their cotton and grain sorghum fields.

Here's the 12-Year History of Dimmitt's Class of 1968

(Editor's Note: The News normally prints the DHS senior class history in the annual Graduation Edition. But because of an altered schedule for graduation and senior assembly this year, the 1968 class history could not be released for publication until after commencement. We feel that the reader interest in the history justifies its printing at this time.)

September, 1956, saw the beginning of a long hard road to Lady McMinn's English class. Our teachers that first year were Miss Doran, Mrs. Howe, Mrs. Pennington, Miss Barton and Miss Wilson.

FORTY-ONE of us started our school career in the new South Elementary building. They were: Paula Birdwell, Paula Kay Byrnes, Johnny Davis, Pete Garza, Darlene Dodd, Doug Hays, Shirley Leinen, Jerry Lytle, Vickie Powell, Evelyn Taylor, Dana Wall, Vickie Axe, Danny Battles, Jack Bradford, Esther Guardiola, Mary Kirby, Scott Moran, Darrell Pope, Betsy Simpson, Karen Slough, Mary Lee Stone, Ben Golding, David Seale, Graham Sheffy, Larry Birdwell, Gary Crum, Elaine Davis, John Hays, Mary Lynn Hays, Tommie Hutcheson, Debra Summers, Chris James, Sue Lust, Allan Webb, Juanelle Conard, Lint Merritt, Sherry McGowan, Ronny Hutton, Harry Jones, Jimmy Waggoner and Julian Acevedo.

Jerry Lytle had a birthday party that year, and his whole quest

list was girls — he started his career early. The musical extravaganza of 1957 was the first time our talented bunch got to perform together. Elaine Davis was the orchestra leader — and her red cheeks didn't need any additional rouge for that play.

OUR SECOND year found us in the classes of Mrs. Wolfe, Mrs. Vestal, Mrs. Smith, Mrs. Hutcheson, Mrs. Welker and Mrs. Wohlgenuth. New students were Robert Perez, Beth Strickland, Sheila Hamilton and Michael Green.

Everybody gave Bobby Singer birthday presents at his party and he gave everybody chicken pox. This was the year Mary Lee Stone mistook a pencil for a fingernail file and flunked fingernail check. We started our sex education early — Mrs. Vestal cut open grasshoppers to show us the eggs.

NEW STUDENTS our third grade year were Cynthia Walls, Cecilia Vandiver, Ronald Huckabay, Oreda Bradshaw and Ronald Prather. Some of our magistrates that year were Mrs. Ratcliff, Mrs. Cowen, Mrs. Reisdorf and Mrs. Strother.

Broadway found our group that year with the Alice Cowen production of "Sleeping Beauty." The lead was held by Graham Sheffy — he was a real prince. Nancy Jones was Sleeping Beauty, and Mary was the bad fairy.

Jack Bradford was a king and maintained a large court. Our

queen was Connie Page. The court was led on stage by Allan Webb and James Atkins.

Mrs. Strother's room — the outdoors — did a radio play for us. This year we began to notice the "track" of the lunchroom food when people started bringing ketchup to school in their book satchels.

Juanelle Conard, "Old Leadbottom," still carries the battle scars inflicted by the mighty right hand of the warrior, Sue Lust, that year.

TERR'R struck the hearts of four brave teachers as our class entered fourth grade. They were Mrs. Loyd, Mrs. Roop, Mrs. Fuquay and Miss Keeler. New students were Kita Struve, Linda Eruton and Keith Gross.

We started the practice of getting out of as much classroom time as possible at this early age. The major things for grins were swinging on the bathroom pipe and jumping on the beds in the sickroom.

Musical talent struck once again as we became experts on the flutegones. Mrs. Loyd's room got the scholastic achievement award by producing over 500 plaster of Paris figurines. Oreda Bradshaw and Karen Bradshaw fell asleep in class, starting a never ending trend.

ADDING excitement to our class our fifth grade year was Yolando Abrego. Teachers put to the endurance test were Mr. and Mrs. Swin, Mrs. Renter and Mrs. Reno.

Julian Acevedo found out the hard way that Mrs. Renter walked softly but carried a big stick. This was the first year we had band, and not many of us got fat on Smith's milk.

Our student senate representatives were Paula Birdwell, Poppy Byrnes, John Hays and Scott Moran.

DO YOU remember our fifth grade chant? The one we yelled at the regional basketball tournament? "Who are the fifth grade? WE are the fifth grade! What kind of fifth grade? SMART fifth grade, all except dumb Fowler!"

That year, Elaine Davis' arms weren't long enough to scratch her head after she won the spelling bee of the entire school.

Ronnie Huckabay got his start by writing nasties ... in the National Geographic.

ADDING TO the "kiddy-dumplings" of the sixth grade were Glen Mundell, Thomas Sylvester, Martin, Terry Templeton and Sherman McDaniels. This year the state was willing to sacrifice six able-bodied men and women. They were Mr. Jones, Mrs. Schaeffer, Mrs. Sheets and Mr. Poin-

dexter, to be followed by Mrs. Burnett, and Mrs. Libby Cleveland.

Although our class had a bad name for running off Sunday school teachers, this year we took our toll of school teachers too. If you remember, Mr. Poin-dexter kept us after school for hours at a time, kicked a few shins, and even let us vote on whether or not we should address Miss Mary Lynn Hays as "Mary" or just "Hays."

ALSO THIS year, Mr. Poin-dexter's room built a scale model of the new high school, just then under construction. Graham Sheffy and Emilio Barrera made bird whistles and when Mr. Jones busted them he smiled and said he wasn't mad, yet.

Our sixth grade was also blessed with a green-headed girl, Rita Faye.

As in the third grade with Mrs. Strother, the sixth grade had a "loner" teacher — Mrs. Sheets. The other classes went to Schaeffer Canyon while Mrs. Sheets' went to Palo Duro. The other classes made world maps for second semester exams, while Mrs. Sheets' class had to do project on specific countries.

REMEMBER when Ronald Prather almost got wooden surgery, and when Mrs. Cleveland gave Candy Thomas licks for eating cards in class? That year on the playgrounds, about 20 daring, strong, muscular sixth grade boys played Super Bowl-type football games.

We got to see our first high school pep rally, and everyone had to sit on the lawn in front of the auditorium.

We had only two student senate members, Poppy Byrnes and Scott Moran.

WE WERE finally big wheels when we started school in August of our seventh grade. We finally got to play sports for the "big time."

Our class was blessed and burdened with our second set of twins — Ronald and Donald Johnson. During this time we also saw Robert Fortner and his best friend, Scott Nelson, roaming the halls, as well as the charming "sleepy" Anita Cameron.

We had a newspaper staff, history club, science club, and we elected the advanced scholar, Ronny Hutton, as president of the Math Club. Our student senate members were Sue Lust, Doug Hays, Nancy Howard and Mary Hays. Cheerleaders were Elaine Davis, Mary Hays and Barbara McSpadden.

OUR EIGHTH grade Sunday afternoons were spent mostly in the Carlie Theater, where boys met girls and stayed from 2 to 5. "LBJ Marten was president of the junior high student senate. Other members were John Hays, Scott Moran and Poppy Byrnes. We had American Heritage Day, and the queen was Kita Struve. The princess was Ester Guardiola. Cheerleaders that year were Poppy Byrnes, Sue Lust, Elaine Davis and Mary Hays. But the real crowd pleaser was a seventh grader — Janice Mooney.

In our eighth grade year, we also inherited the marvelous talents of Jack Shackelford. At about the same time Junior Hargrove entered our class, to our great satisfaction. Anthony also became a member of this marvelous class. **THIS YEAR** Mary Hays, Sheila Hamilton, Allan Webb, Debra Summers, Betsy Simpson, Sue Lust, Juanelle Conard, Shirley Leinen, Evelyn Taylor, Sherry McGowan, Kita Struve, Darlene Dodd and "Sis" played basketball.

The highlight of our eighth grade year was our posh, extravagant banquet. Our theme was Apple Blossom Time, with pink and white as the colors. Mrs. Mable Newman held etiquette class for a month before the banquet. Entertainment was furnished by John Hays, David Seale, Doug Hays, Jack Bradford and Ringo Sheffy. The eighth grade band also made fools of themselves. Master of ceremonies was the honorable Robert Scott Moran.

This year we had our own Bonnie and Clyde version in teachers, with Mouse Killer, Tennis Shoes, Cat Kicker, Duck Stomper, Saddies and Wozzie. Mrs. Wauson made a wonderful first impression by concentrating for 30 minutes on each sentence she read. She almost raised her voice when we turned her desk around and she bumped her knees. When we put ants and mice in the desk she almost frowned. Practicing ROTC techniques, about 30 boys entered her room in single file, and knowing the voice of command when ordered to be seated, each boy sat in place where he was standing — on the floor.

the boys grew up and became mature. Among the more mature things done by the freshman boys were the wonderful decorations furnished by a few cartons of eggs. This was the year Anthony got the nickname, "Sniffles," from sitting out for six weeks with a cold.

Coach Culpepper asked us all to bring frogs to class but of course we all brought toads. He didn't want toads, so we dumped them on the floor of Mr. Hughlet's chemistry room.

Our freshman year we took a trip to Palo Duro Canyon, and everybody got thrown in the creek.

THIS WAS also the year "Disaster Strikes" Huckabay drank a bottle of cinnamon for 50 cents and wound up paying a \$50 hospital bill.

This was the year the Fish boys told the girls, "If y'all go with upper classmen, we won't date by golly, they didn't."

Our class sponsors were Mrs. DiCuffa and Mr. Cleveland. Officers were Tommy Martin, president; Elaine Davis, vice-president; Kita Struve, secretary; Pete Garza, treasurer; and Chuck Lay, parliamentary.

Favorites were Glen Mundell, Sue Lust, Allan Webb, Ronny Johnson, Paula Birdwell, Scott Moran, Elaine Davis, Tommy Martin, Poppy Byrnes, Donny Johnson, Rochelle Johnston and Johnny Davis. Flame King and Queen candidates were Rochelle and John, and Homecoming Queen candidate was Kita Struve. Cheerleaders from the freshman class were Anita Cameron and Debbie Linn. Student senate members were Jack Bradford, Tommy Martin, Sherry McGowan and David Seale.

DURING OUR sophomore year, our delicate girls showed their fierceness in the Powder Puff Football Games. Ben Golding got his 442 that didn't rattle, and Jimmy Johnson and Venida Brannaman moved here that year. The band trip that year was to Six Flags, which offered little excitement — but one rumor got back that two cases of Cokes and 40 hamburgers were really 17 cases of beer and five fifths!

Sponsors our sophomore year were Dean Lrlbeck and Coach Kountz. Officers were Tommy Martin, president; David Seale, vice-president; Chris James, secretary; Johnny Davis, treasurer; and Mary Lee Stone, reporter. Sophomore twirlers were Juanelle Conard and Mary Hays. Cheerleaders were Anita Cameron and Vickie Powell. Favorites were Allan Webb, David Seale, Chris James, Tommy Martin, Juanelle Conard, Junior Hargrove, Paula Birdwell, Ronald Johnson, Poppy Byrnes, Glenn Mundell and Rochelle Johnston. Student Senate members were Ronald Johnson, Sherry McGowan, Tommy Martin and Scott Moran.

OUR JUNIOR year was thrilling and exciting. Adding to our still-growing class were Jerry Dodson and David Harris. This was the year the basketball team was runner-up in the state.

Class officers were David Seale, president; Allan Webb, vice-president; Chris James, secretary; Scott Moran, treasurer;

Elaine Davis, reporter; and Johnny Davis and Ronny Hutton, parliamentarians. Sponsors were Mr. Diehl and Mrs. Kountz. Favorites were Mary, Hutton, Paula, E.C., Sue, John, Juanelle, Scott, Poppy, Ronald, Tommy and Allan.

Student senate members were Sherry, John, Scott and David. Tommy Martin was vice-president of the student body.

ADDED to the twirlers was Elaine Davis, and our assistant drum major was Sue Lust. Our Spirit Queen candidate was Kita Struve. Flame King and Queen candidates were Ronny Hutton and Mary Hays.

Cheerleaders were Poppy Byrnes, Anita Cameron, Rochelle Johnston and Kita Struve. That year the band went to Corpus Christi.

The junior-senior banquet, "Summer Wine," was the best junior-senior banquet ever given to a senior class. Mr. Diehl still doesn't know what to do with the gazebo.

At the senior assembly, we moved into the senior class seats and received our senior rings. Remember the boys who went to the senior-junior party as white as sheets and as sick as dogs?

WE STARTED our senior year off like a ball of fire — a bonfire, one of the few things the senior class ruined for our posterity.

At the first of the year we received one of many speeches on the requirements of an English IV line. "We'll work our heads off, then after Easter we'll just goof off!" Ha!

Our senior year, a few of our girls came over and joined the 97 percent of the senior boys who smoked.

Everyone enjoyed our San Antonio trip. Jack Bradford claims to have jumped off the Tower of the Americas and sprained his ankle — a very mortal move.

OUR NEW students this year were Beverly Wright and David McCoy. A very special member of our class this year was Zito Sartarelli, our exchange student from Brazil.

Our sponsors were Mr. Diehl and Mrs. Hardison. Our class colors were blue and silver, the flower was wine-red rose, our motto was "Look forward with hope and backward with pride."

Officers this year were David Seale, president; Allan Webb, vice-president; Chris James, secretary; and Paula Birdwell, treasurer. Student senate members were Sherry McGowan, John Hays, David Seale and Ronald Johnson. This year's student body with Scott Moran as vice-president.

Class favorites were Sue Lust, Ronald Johnson, Allan Webb, Donald Johnson, Paula Birdwell, Scott Moran, Jerry Lytle, Mary Hays, Sherry McGowan, Zito Sartarelli, Chris James and Graham Sheffy. All school favorites were John Hays, Mary Hays, Donald Johnson, Sue Lust, Poppy Byrnes, Ronald Johnson, Ronnie Hutton and Juanelle Conard. Our Flame King and Queen were Zito Sartarelli and Mary Hays, and our Homecoming Queen was Juanelle Conard.

Allan Webb won the national free throw championship, and is

to represent the north in the girls' state high school all star basketball game. She was also chosen most valuable player.

JOHN HAYS was selected to the All South Plains Team, and was stupid enough to sign up for football at Texas Tech next year. All-district football players this year were Ronald and Donald Johnson, Lint Merritt, Lewis Ren-

don and John Hays. All-district basketball players were Doug Hays and Jack Bradford. Jack also was elected most valuable basketball player, and John Hays was chosen most valuable football player.

In closing, we would like to thank all the administration for putting up with us these past 12 years.

Exciting Days at the First Baptist Church

The old familiar strands of "Listen! Stand up." and "Listen! Sit down." rang out loud and clear Monday morning as 181 children and workers launched Vacation Bible School for 1968. The theme is "Serve the Lord With Gladness," and this, we pray, will be one of the most rewarding things our church will do this year. If you have never had the privilege of watching this many little children salute and pledge the United States and Christian flags and the Holy Bible then you have missed a blessing. Vacation Bible School this year is under the leadership of Mrs. M. A. Tidwell, principal and Elbert Smith, Sunday School Superintendent.

Parents Night, commencement exercise for VBS, will be Sunday night at 6:00 p.m. during the regular Training Union hour. Please make every effort to attend.

We welcome two new members in our church fellowship this week: Phoebe Strother and Roger Allison.

The building committee has been working long and hard to be able to present the plans for a new church building to our members for final approval. These will soon be ready and much credit needs to be given the committee members who have worked so hard. Gene Morrison is chairman of this committee.

There is lots going on around the parsonage. In our last business conference the church voted to do the necessary repairs and replacements that will put the parsonage in tip top shape. You might even want to go by and see what is going on. Don Hargrove, who is in charge of the work, is extremely friendly to all "sidewalk engineers."

And the most exciting thing of all is that Dr. Raymond Perkins, pastor of the First Baptist Church, Kennedy, Texas, will preach both services in our church, Sunday, June 9. Dr. Perkins is coming on the invitation of our pulpit committee. Please pray that God's will be done in the life of our church, and that Dr. Perkins will feel keenly God's leadership in his decision.

Let's remember that Sunday is God's day, and make every effort to be in each worship service, adopting as our own the theme "Serve the Lord with Gladness."
