Reception for Teachers.

On last Wednesday evening at the hospitable home of Mr. and Mrs. W. H. Bell, the R. L. S. B. League, entertained the visiting teachers of Coke county with a Reception.

On this enjoyable occasion, there were about one hundred guests present. The evening was one continuous round of pleasure. Progressive conversation, and music, Miss Mae Sullivan, presiding at the piano, were modes of entertainment. Also interesting readings were rendered by Mrs. Chambers, Misses Guinn, Snead, Bernice Griffith, Drexel Lee Hall and Modine Escue, and a violin solo by Miss Doris Patteson, with accompaniment by Miss Lucile Patteson, was given to the delight of the guests. An interesting feature of the evening's program was a rendition by Prof. Garrett and some of his former pupils. Refreshments, consisting of hot chocolate, sandwiches and olives, were served to the following: Misses Della Byrd, Lillie Richardson, Alva Morrow, Lillie Mae Reeder, Quilla Warren, Ora Collier, Winnie Cumbie, Ethel Snead, Reeta Burroughs, Willie Bell, Mabel Tubb, Inez Brown, Edna Johnson, Ada Douglas, Ordie Hughes, Iva Brown, Jeffie Bell, Evelyn Buchanan, and Tenny Richardson of Robert Lee, and Lillian Bilbo, Sanceo, Carrie Guinn, Laura Kiker, Jannie Smith, Bronte; J. Frankie Hassell, Agnes Thornton, San Angelo; Mae Deele Sullivan, Jo Mary Graham, Sterling City; Lula Wornack, Eldorado; Winnie Flowers, Ballinger; Lucile Hogan, Comanche; Jessie Seacrest, Ballinger; Mrs. W. F. Chambers, Bronte; Mr. and Mrs. Paul J. Brown and daughter, Joyce Hope, Misses Lucile and Doris Patteson, Robert Lee; C. Garrett, San Angelo; J. N. Hall, Bronte; G. F. Nelson, Mt. Calm; W. I. Tubb, Edith; C. H. Miller, Water Valley; W. A. Hall, Bronte; Mr. and Mrs. W. A. Mangum, Rev. H. A. Nichols, Dewey Danner, Arthur Tubb, Jess Varnadore, Robert Rinderson, Colba Suggs, Delbert Walling, Chism Brown, Garland Pillans and Milton Overall, Robert Lee, Misses Addie and Nettie Turner and Prof. and Mrs. L. R. Rhodes, Hubert Buchanan, Joe Suggs, Arthur Suggs, Orba Craddock and Victor Arnold.

(The above list of guests was furnished by one who was present.)

PROGRAM

For Baptist State Wide "Go to Sunday School Day," Oct. 1: Theme—"Jesus, a State Missionary." Motto—"Our State for Jesus." Song. Questions by Superintendent. Prayer. Recitation, "Thrice Welcome"—Ione Cumbie. Song No. 66. Acrostic, "Our State for Jesus"—Obie Turner, Lucile Shankles, Lytton Patteson, Lois Rhodes. Recitation, "Praying and Paying"—Lois Presslar. Song—"Jesus Loves Me." "Our State for the World"—Dannie Adams. Song—No. 134. "Our State"—Modine Escue. "Song, "Our State for Christ," tune, America. Address—Superintendent. Song—"Loyalty to Christ."—Mildred Rhodes. "Our Offering"—Mary Beth Warren, Janie Escue, Verna Robertson. Closing Song.

B. Y. P. U. Program.

Subject—"A Worthy Life." Leader—Alice Turner. Scripture Reading—Philip 1: 21-30. A Worthy Life—It's Primary Conditions—Garland Pillans. "The Worthy Life Makes the Honor and Glory of Christ a Touchstone of conduct." Special Music—Ola Robertson. "Another Element of a Worthy Life is a Positive Interest in Men and the Fellowship with other Christians in Service"—Rev. McLaughlin. Closing. Our Program was not all carried out on last Sunday on account of the bad cloud. We hope to improve in our program work and ask all to come and help and feel at home. Your presence is a great help to us, and we hope each and every one will get good from our meetings.

The two plays, given at the Air dome Tuesday and Thursday nights of this week, for the entertainment of the visiting teachers, were each successes, and were largely attended and each netted nice sums for their Societies. The League netted \$31.70 and the B. Y. P. U. cleared \$34.00

Sunbeam Band Program

Subject—"Flower Messengers." Hymn—"Little Sunbeams" Prayer. Scripture Lesson—Matt. 6: 28-33. Hymn—"Let Sunshine in." Recitation—Drexel Lee Hall. Flowers of the Bible—Questions asked by Leader. Recitation—Modine Escue. Business Meeting. Offering. Memory verse, Matthew 6: 33. Dismission.

When you have an aching, stretchy feeling and you are dazed and discouraged it is a sign of approaching malaria or chills. You should act quickly to ward off an attack. HERBINE offers you the help you need. It destroys the malarial germ, drives out all impurities and makes you feel bright, vigorous and cheerful. Price 50c. Sold by P. D. Coulson. Adv.

—W. H. Bell & Co. sells fresh groceries and feedstuffs. See them. Live better and pay less.

HEAVY DAMAGE DONE BY HAIL

Hail Covered Wide Area and did Great Damage Destroying About 1000 Bales of Cotton and Feedstuff.

One of the most destructive hail storms that ever visited Coke county, struck here at 7 o'clock Sunday afternoon. It covered a section north of town in the Graham Valley section, traveling east to Bronte and to Norton in Runnels county. Another cloud traveling in a south direction through Edith, Wild Cat and Valley View sections. The hardest hit section was Hayrick, and north of Robert Lee, where the hail destroyed everything. It is estimated that at least a thousand bales of cotton was destroyed in this county. In the Hayrick section, it is said that from three to a dozen bales were the toll of several farmers—Not only the crops were destroyed but roofs of buildings were riddled and

Douglas Payne Morrow Dead.

Little Douglas Morrow, the little sixteen months old son of Mr. and Mrs. L. M. Morrow died at their home at Harriett, Wednesday morning at 5 o'clock, and the body was brought here and interred in the Robert Lee cemetery at 5 o'clock Wednesday. The family and Dr. F. K. Turney and family, Mr. and Mrs. J. L. Morrow and Jake Morrow accompanied the corpse from the home to Robert Lee. Rev. H. A. Nichols of the Methodist Church conducted the services at the home of Dr. and Mrs. Turney and at the grave. The Observer extends sympathy to the relatives and friends in their sadness.

Whenever You Need a General Tonic Take Grove's

The Old Standard Grove's Tasteless Chill Tonic is equally valuable as a General Tonic because it contains the well known tonic properties of QUININE and IRON. It acts on the Liver, Drives out Malaria, Enriches the Blood and Builds up the Whole System. 50 cents.

—Select line of grain and all kinds of feed stuffs at Green & Terry's.

TEACHERS' INSTITUTE NOW IN SESSION

Forty-one Teachers Were in Attendance Tuesday—the First Day— A Five Day Session Now in Progress.

The session of the Coke County Annual Teachers' Institute, was begun at Robert Lee Tuesday, which will last five days. The meeting place was changed from the Court house to the Methodist Church, which was deemed more suitable.

The following proceedings compose the first day's session: Devotional Exercises by Rev. H. A. Nichols.

Heartly Welcome by Rev. V. K. Simpson. Response by H. N. Hall of Bronte.

Under the head of Organization, Paul J. Brown was elected Chairman for the day and Miss Frankje Davis, Secretary for the session.

Address by County Superintendent, Judge D. I. Durham, after which the Institute by a rising vote of thanks, for his excellent and timely talk was extended him.

During the afternoon, interesting and profitable addresses were delivered by teachers present.

Many visitors were present at the opening of the Institute and at their sessions daily.

Tuesday night the Senior League gave a play at the Air Dome in honor of the visiting teachers entitled "Their Old Sweethearts," which was interspersed with specialties, and which proved to be a very enjoyable affair. The receipts of the evening totaled \$31.70, which will be used to carpet the Methodist Church.

Bad Temper From Bad Liver.

You can generally blame your grouchy on a lazy liver. Liver ill is back of coated tongue, bad breath, biliousness and muddy, sallow complexion. Insufficient flow of bile leaves impurities in the liver, which poison the entire system. Po-Di-Lax is Nature's remedy. It stimulates the activity of the liver, increases the flow of bile, and by its laxative quality carries off the waste matter and clears the complexion. At your Druggist, 25c. Advertisement.

Man Being Held in Mexico.

Joe Wilmeth, of the Livestock National Bank of Chicago, mentioned in dispatches Tuesday as one of two Americans being held in jail at Sabina, Mexico, for payment of a fine of \$10,000, is well known in San Angelo and throughout this particular section, he formerly having been a banker at Ballinger.

Friends in San Angelo are much disturbed over the report of his arrest by Mexican authorities and have grave fears for his safety. Wilmeth's companion in trouble is George Miers, who owns a ranch forty miles into Mexico from Del Rio, where the two were arrested.

No information has been received as to why the men were arrested and fined.—Standard. Joe Wilmeth is a brother-in-law of J. R. Patteson of this place. Mr. Patteson was informed that Wilmeth had been released and had returned to Del Rio.

Constipation the Father of Many Ills

Of the numerous ills that affect humanity, a large share start with constipation. Keep your bowels regular and they may be avoided. When a laxative is needed, take Chamberlain's Tablets. They not only move the bowels, but improve the appetite and strengthen the digestion. Obtainable everywhere. Advertisement.

Parties due us on account will please call and settle at once—we need the money.

McCallum-Reed Company.

NOTICE!

To Every Citizen of Coke County: Mr. E. J. Hernan, Assistant Director General National Highways of Washington, D. C., will deliver an address to the people of Coke county at 2:30 P. M. Monday, Oct. 2nd, 1916, at the Court house in Robert Lee, on the project of constructing a National Highway through Coke county. It is a matter of immense interest and concern to the people of Coke county and everybody is urgently requested to attend this meeting. D. I. Durham, County Judge, Coke County.

Yellow complexion, pimples and disfiguring blemishes, on the face or body can be gotten rid of by doctoring the liver, which is torpid. Herbine is a powerful liver corrector. It purifies the system, stimulates the vital organs and puts the body in fine vigorous condition. Price 50c. Sold by P. D. Coulson.

—To live well and at low prices order your groceries from us. The purest and freshest in all lines. Green & Terry.

fowls of all kinds killed. In places north of town and in the Hayrick section, hailstones as large as base balls fell, and in places, hail two or three inches deep covered the ground. The hail preceded a heavy rain, which amounted to from two to three inches. The cloud was angry looking and many went to their storm cellars, which this county is well provided with, although we have never had any very destructive winds. Some of those in the wake of the storm lost heavily. At Robert Lee, a heavy rain fell but not enough hail to do any damage.

Head Off That All Winter Cough.

At the first sign of sore throat, tight chest, or stuffed up head, take a dose of Dr. Bell's Pine Tar Honey. The healing pine-tar, soothing honey and glycerine quickly relieve the congestion, loosen the phlegm and break up your cold. Dr. Bell's Pine-Tar-Honey has all the benefits of the healing aroma from a pine forest. It is pleasant to take and antiseptic. The formula on the bottle tells why it relieves colds and cough. At your Druggist, 25c. Advertisement.

New line of leather bottom rockers at W. K. Simpson's.

Swellings of the flesh caused by inflammation, cold, fractures of the bone, toothache, neuralgia, or rheumatism, can be relieved by applying BALLARD'S SNOW LINIMENT. It should be well rubbed in over the part affected. It's great healing and penetrating power eases the pain, reduces swelling and restores natural conditions. Price 25c, 50c and \$1.00 per bottle. Sold by P. D. Coulson.

I will teach Expression, at my home near the Public school this winter. Will begin my class when school opens. Will give two lessons each week. Price \$3.50 per month. Two pupils from same family, \$6.00 I will be glad to have your patronage. Ethel snead.

Mr. Dan T. Criswold, of the A. & M. Extension Department, was here Wednesday and Thursday and lectured before the Teachers' Institute on balanced ration of hogs.

San-Poc, A Mild, Effective Laxative & Liver Tonic Does Not Grip nor Disturb the Stomach. In addition to other properties, San-Poc contains Cascara in acceptable form, a stimulating Laxative and Tonic. San-Poc acts effectively and does not grip nor disturb stomach. At the same time, it aids digestion, cleanses the liver and secretions and restores the healthy functions. 50c.

REMINGTON UMC

CHARTING THE GREAT LAKES.

Uncle Sam Has a Steady Job In These Perilous Waters.

Summer after summer the fleet of the lake survey sails the broad expanse of the five lakes and the score of bays and inlets searching for danger spots that may claim their heavy toll of human life and vessel tonnage.

Since 1841 the United States government has been silently carrying on this work, a herculean fight against the jagged reef and the unseen shoal that menace navigation. Sounding lines have been plunged into black depths of 95,000 square miles of water, and still today there are areas that have not been charted in which passing larks may founder.

Probably no frequented waterways in the world are so hazardous as the great lakes. At no time is a steamer on them more than a comparative few hours from shore and periodical heavy storms arise, fully as violent as those experienced on the ocean, which play with the steel ships, battering them helplessly about, threatening to engulf or sweep them ashore.

Over \$5,000,000 has been spent by the government since 1841 for the prosecution of the work of charting the lakes. Locked in heavy timbered boxes, protected from fire in immense vaults in the old postoffice building, Detroit, are over 1,300 field charts, dating back to 1818, when a survey of Lake Erie was made by officers of the British navy. With few exceptions the maps are the result of the scientific researches of United States officers and surveyors.—New York Sun.

HITLESS BASEBALL.

Remarkable Record That Was Made by Cy Young In 1904.

The proud record for pitching consecutive innings of hitless baseball is held by no less a personage than the Hon. Denton T. Young of Young, better known as "Cy." is the holder of several records in unusual feats in the pitching line.

It was back in April, 1904, that Young proceeded to shatter all figures in this line, and before he got through he had created a new record in hurling hitless ball and one which stands today clean cut and without a spot or blemish and without a doubt the greatest piece of pitching the game ever witnessed.

On April 30 against the Washington team Young took Winter's place in the third inning, no one out, and pitched out the game, retiring the next twenty-one batsmen in order. Young's next game took place May 5 against the Athletics. Cy pitched the best game of his long and honorable career that day and retired twenty-seven of those famous swatsmen of Connie Mack in a row. In a game against Detroit on May 11 Denton T. pitched his famous fifteen inning 1 to 0 game against the Tigers, and in the first seven innings Young set them down without a base hit.

This would give Cy twenty-three innings of hitless ball, or, in other words, as far as the records show, sixty-eight batsmen stepped to the plate and were retired in succession. In that same period the big Obolan pitched forty-eight consecutive innings where in his opponents failed to get a run across the plate. After his great no hit no run game against the Athletics he pitched fifteen innings of runless ball, as mentioned, against the Tigers with Ed Killian opposing him. It was a battle royal, and the clever Killian met defeat by a score of 1 to 0.—New York Sun.

Such tobacco enjoyment

as you never thought could be is yours to command quick as you buy some Prince Albert and fire-up a pipe or a home-made cigarette!

Prince Albert gives you every tobacco satisfaction your smoke-appetite ever hankered for. That's because it's made by a patented process that cuts out bite and parch! Prince Albert has always been sold without coupons or premiums. We prefer to give quality!

PRINCE ALBERT

the national joy smoke

has a flavor as different as it is delightful. You never tasted the like of it! And that isn't strange, either.

Buy Prince Albert everywhere tobacco is sold in tippy red bags, 5c; tidy red tins, 10c; handsome pound and half-pound tin humidors—and that corking fine pound crystal-glass humidifier with sponge moisture top that keeps the tobacco in such clever trim—always!

Men who think they can't smoke a pipe or roll a cigarette can smoke and will smoke if they use Prince Albert. And smokers who have not yet given P. A. a try-out certainly have a big surprise and a lot of enjoyment coming their way as soon as they invest in a supply. Prince Albert tobacco will tell its own story!

R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

CORN EAR WORMS.

Corn ear worm injury can be materially reduced by thoroughly dusting the silk with arsenate of lead. The cost of the treatment is prohibitive for field corn, but in the case of sweet corn the application of arsenate of lead pays because corn that is free from worms brings from 5 to 10 cents a dozen ears more than that which is wormy, and for home consumption it is a great satisfaction to have corn that has not been half eaten by ear worms.—Kansas Farmer.

RYE FOR EARLY PASTURE.

Should Be Sown in September, According to Minnesota Bulletin.

In the spring of the year nearly every farmer is confronted with a shortage of feed for his live stock. Rye offers one of the best means of providing for early spring pasture, especially for hogs and sheep.

Few farmers can afford to operate their places, declares a Minnesota bulletin, without at least from one to five acres of winter rye to furnish pasture for their stock early in the spring. Rye will not only furnish good pasture, but will do much to help eradicate weeds. It also offers an opportunity for growing another forage crop, like fodder corn or millet, on the same field later in the season.

Rye for spring pasture should be sown during the early part of September, and in no case later than the first of October. In order to live through the winter it must get a good start before cold weather sets in. The land should be plowed deep and well prepared before the crop is sown. A good seed bed is essential, as this crop may suffer for the want of moisture and from a severe winter. A good start in the fall will do much to put it through the winter in good shape.

The rye for pasture should be sown at the rate of about two bushels per acre with a grain drill and harrowed several times after the grain is sown.

In the spring, as soon as the warm weather sets in, the rye will make rapid growth, and when from six to eight inches high it will be ready for the hogs or sheep. Minnesota farmers have not made as good use of the rye crop for pasture as they should. If you have not already planned to sow a field of rye, give it a trial this year and reap the benefit of this crop as early pasture on your farm.

You always make more and better friends by opening your heart than by opening your mouth.

Chamberlain's Diarrhoea Remedy

This is a medicine that every family should be provided with. Colic and Diarrhoea often come on suddenly and it is of the greatest importance that they be treated promptly. Consider the suffering that must be endured until a physician arrives or medicine can be obtained. Chamberlain's Colic, Cholera and Diarrhoea Remedy has a reputation second to none for the quick relief which it affords. Obtainable everywhere. Advertisement.

TIMELY GARDEN HINTS.

Safety or vegetable oyster can be sown in some places in August for use next spring. Plants growing in the garden may be left out over winter by drawing a little soil up over the row for protection.

A small box of parsley can be grown in the kitchen or cellar for winter use or under the benches in the conservatory. Sow the seeds in the autumn.

Autumn is a good time to set out rhubarb and asparagus roots. Small fruits such as blackberries, raspberries, currants, gooseberries and grapes can be set out in the autumn; also fruit and ornamental trees. It is advisable to do this work at this season, when garden work is not pressing, rather than leave it until spring, when garden work is always pressing.

Spinach should be sown in August for autumn use. For winter and early spring use sow in September or early in October. The soil cannot be made too rich and top dressings of poultry manure and nitrate of soda will be beneficial. Sow in drills one foot apart, firming the soil well over the seeds. Give thorough cultivation and thin out the plants if they come up too thickly.

Water Birds.

Water birds, singular as it seems, are the only ones whose skins never by any chance get touched by water. So long as they are alive and long after they are dead they float with an air chamber all round their bodies, cunningly contrived of waterproof feathers closely overlapping each other. Thus, in a sense, water birds may be distinguished from all others by the fact that they never wash, though we can hardly blame them for that, because if water could penetrate between their feathers the poor things would never be dry.

"Yarbs" We Have Known.

What has become of the elderly lady who in the seventies and earlier always referred to an "herb" as a "yarb"? The word has gone out of use. About the meanest "yarb" was a bitter weed named "thoroughwort." Then there were cammermie, dockroot and dandelion. In their miserable partnership, lobelia and catnip. These things were "steeped," and you took them or had them thrust upon you "for your blood."—Exchange.

Already Knew Some of It.

"Johnny," said the small boy's mother, "I want you to stay home all afternoon and learn the Declaration of Independence by heart."

"I'll have to if you insist. But the idea doesn't line up with my ideas of life, liberty and the pursuit of happiness."—Washington Star.

Rheumatism Follows Exposure.

In the rain all day is generally followed by painful twinges of rheumatism or neuralgia. Sloan's Liniment will give you quick relief and prevent the twinges from becoming torture. It quickly penetrates without rubbing and soothes the sore and aching joints. For sore, stiff, exhausted muscles that ache and throb from overwork, Sloan's Liniment affords quick relief. Bruises, sprains, strains and other minor injuries to children are quickly soothed by Sloan's Liniment. Get a bottle today at your druggist, 25c. Adv.

High Tribute.

"Don't you think Miss Sweetthing's complexion is perfectly lovely?" inquired the infatuated youth.

"I do, indeed," replied the cynical young woman. "In fact, I have told her several times that that shade harmonizes best with the present color of her hair."—Richmond Times-Dispatch.

Falling Leaves.

When leaves fall they are actually cut off from the stems by a layer of cork that forms across the base of their stalks. No nourishment is left in the dead leaf, but only the waste products of vitality, of which the tree is well rid.

The Ladies' Home Journal, The Saturday Evening Post and The Country Gentleman are among the best of magazines. Mrs. W. B. Hamilton will be glad to take your subscription or renewal.

FRENCH OFFENSIVE IS COSTLY TO GERMANS

ENTIRE FIRST LINE OF KAISER'S TRENCHES ON SOMME TAKEN, REPORT.

1,500 PRISONERS ARE TAKEN

British Troops Engage in Violent Fighting, During Which Village of Nevelon Falls.

Paris.—The French infantry started a vigorous offensive Tuesday along a front of six kilometers (nearly four miles) north of the Somme from the Combles region to the river, and in half an hour took an entire first line of German trenches, says an official communication.

Another portion of the forces of the French carried a system of trenches along the road from Bethune to Peronne. Prisoners to the number of 1,500 had been taken when the report was filed. Elsewhere on the front there was only artillery activity.

"South of the Somme an enemy attack against one of our trenches east of Belloy-en-Santerre was repulsed easily by means of grenades," says the official announcement from the war office. "A minor operation enabled us to occupy a German trench south of Bloy cemetery."

French troops on the Macedonia front, taking the offensive against the Bulgarians, have captured all the position of their opponent on a front of two miles to a depth of about 800 yards. It was announced officially.

Take Village From Bulgars.

London.—French troops, co-operating with the British in the new offensive on the Struma front in Greek Macedonia, have captured a village from the Bulgarians, it was announced officially. The British forces which crossed the river have seized Bulgarian trenches on the east bank.

"Dodson's Liver Tone" Will Clean Your Stagnant Liver Better Than Calomel and Can Not Salfah.

Calomel makes you sick, you lose a day's work. Calomel is quick-acting and it salivates; calomel injures your liver. If you are bilious; feel lazy, sluggish and all knocked out, if your bowels are constipated and your head aches or stomach is sour, just take a spoonful of harmless Dodson's Liver Tone instead of using sickening, salivating calomel. Dodson's Liver Tone is real liver medicine. You'll know it next morning because you will wake up feeling fine, your liver will be working, your head-ache and dizziness gone, your stomach will be sweet and bowels regular. You will feel like working. You'll be cheerful, full of energy, vigor and ambition.

Your druggist or dealer sells you a 50 cent bottle of Dodson's Liver Tone under my personal guarantee that it will clean your sluggish liver better than nasty calomel; it won't make you sick and you can eat anything you want without being salivated. Your druggist guarantees that each spoonful will start your liver, clean your bowels and straighten you up by morning or you get your money back. Children gladly take Dodson's Liver Tone because it is pleasant tasting and doesn't grip or cramp or make them sick.

I am selling millions of bottles of Dodson's Liver Tone to people who have found that this pleasant, vegetable, liver medicine takes the place of dangerous calomel. Buy one bottle on my sound, reliable guarantee. Ask your druggist about me.

ELEVEN LIVES LOST IN BRIDGE COLLAPSE

CENTRAL SPAN OF \$17,000,000 STRUCTURE FALLS INTO ST. LAWRENCE RIVER.

SECOND FAILURE OF KIND

Similar Accident Nine Years Ago When Effort Was Made to Bridge River.

Quebec, Ontario.—The central span of the world's greatest bridge collapsed and fell into the St. Lawrence river at 10 o'clock Monday morning with a loss of 11 lives and the injury of 20 or more others. The span was being raised from pontoons in an engineering feat designed to complete the \$17,000,000 cantilever suspension for transcontinental traffic. The property loss is estimated at \$600,000, as the span sank 200 feet, perhaps never to be recovered.

This was the second attempt to bridge the St. Lawrence. Nine years ago a similar accident at the same spot took a toll of 70 lives. Ninety men were carried into the river when the span fell Monday.

Contradictory Stories Told. Contradictory stories were told regarding the collapse. The pontoons had been removed and the span was being lifted by massive hydraulic jacks when, according to some of the spectators, the northern end fell with the breaking of girders. Frantic efforts were made to place a chain rope around the tottering structure, but with reports like shells exploding the remaining supports snapped and the span disappeared with a tremendous splash. Some of the observers said the structure also buckled at the center as it fell.

Groups of men at work slipped off into the water and others were knocked off by flying debris. Scores of craft containing spectators went to the rescue and their endeavors prevented a larger toll.

The bridge was being constructed at a cost of \$17,000,000 in order to shorten the railway journey from Halifax to the Canadian northwest by 200 miles.

The bridge stands on the site of the structure which collapsed on Aug. 29, 1907, with a loss of 70 lives.

Was 640 Feet Long.

The central span which fell weighs more than 5,000 tons and was 640 feet long.

The span had been constructed on pontoons a few miles east of the bridge site and was towed into position immediately under the gap left in the anchor arms of the structure. Chains with links 30 inches in diameter, together with girders, were then attached to the span and 8,000-ton hydraulic jacks commenced the stupendous task of lifting the span into place.

This work could be accomplished only a few feet an hour and as the distance from the river level to the floor of the bridge is 150 feet, the engineers had not counted upon completing the operation until the end of the week or later. The bridge was to have been ready for train service next spring.

Snow Falls in Colorado.

Denver.—Colorado's first snow of the season fell at Leadville Monday according to reports to the local weather bureau. The snow amounted to nearly one inch. A light frost is prevalent over Colorado.

REPUBLICANS WIN IN MAINE.

Milliken Apparently Elected Governor By Majority of Fully 13,000.

Portland, Maine.—Maine Republicans, reinforced by returning Progressives, won a significant victory at the election Monday. They elected a governor, auditor, two United States senators and four representatives in congress and wrested control of the state house of representatives from the Democrats. The Republicans will be able on a joint vote of the legislature to elect the other state officers not chosen by popular vote.

Carl E. Milliken led his ticket, defeating Governor Oakley C. Curtis, who sought re-election, by a plurality of approximately 13,000.

With all but 99 of the 655 precincts in the state reported, returns for governor give:

Milliken (Rep.) 71,301, Curtis (Dem.) 61,902.

The same precincts in 1914 gave Haines (Rep.) 51,347, Curtis (Dem.) 56,345; Gardner (Prog.) 15,282.

For United States senator these precincts gave Fernald (Rep.) 74,792, Hale (Rep.) 69,760, Johnson (Dem.) 62,402, and Sills (Dem.) 61,302.

Heavy Vote Polled.

The vote was heavy, as had been expected, for the campaign has been waged with a determination not seen in recent years. The country was searched out for speakers of national prominence and the greater number of these battled on national issues. The fight was particularly hot for the two United States senatorships and the four places held by Maine in the lower house at Washington. National defense, the tariff and the eight hour law for railroad men loomed large in the speeches.

THREE DIE AS RESULT OF PIPE LINE BLAST

D. JACOBS, NEWARK; A. B. FRAZIER, GREENVILLE, AND WILLIS DROWN, GRAND PRAIRIE.

THREE OTHERS ARE INJURED

Dr. Thase J. M. McKinnon of Newark Probably Will Recover and Two Are Slightly Burned.

Fort Worth, Texas.—Three of the men burned in the gas explosion in a tank in the pipe line of the Texas company near Newark early Thursday morning are dead. The dead are: Dan Jacobs, of Newark; A. B. Frazier, of Greenville, and Willis Brown, of Grand Prairie.

Others injured are J. M. McKinnon, of Newark, who will probably survive; E. H. Manner, of Dallas, slightly burned, and E. H. Mahan, foreman, burned on face and hands and whose injuries are not serious.

In their agony some of the injured men begged to be put to death as their burned bodies lay near the scene of the accident, waiting for help to arrive from Fort Worth.

McKinnon Able to Talk.

McKinnon says that 12 pipe liners in all were caught by the explosion, but that seven escaped. The men had been sent to the spot to repair a broken flange in the pipe line. The flow of oil had been cut off and the men found it necessary to cut the line and raise it. A strong pressure remained in the pipe and when the line was cut it threw oil 100 feet in the air. Several minutes later the explosion occurred.

It is considered probable that the gas was ignited by a smoldering fire which had been built about 40 yards away for the purpose of seeing how to fix some tools. It was about five minutes after the oil shot into the air before the explosion occurred.

Urges Government to Use Texas Iron.

Washington.—L. P. Featherstone of Beaumont, promoter and former member of congress from Arkansas, appears before the naval board in interest of Beaumont as a location for the government's armor plate plant, provided for under a \$10,000,000 appropriation made by congress. Rusk, Longview, Atlanta, Gilmer and other towns in the iron belt of east Texas are also applicants for the location, and in addition Beaumont will present its transportation facilities as an inducement. It will be urged that the iron beds of Cass and Marion counties insure ample supply of raw material.

Mrs. Foust Acquitted of Murder.

Sherman, Texas.—The jury in the case of Mrs. Annie Foust, on trial here on a charge of murder, growing out of the fatal shooting of the Rev. H. M. Cagle on the streets of Sherman last February, returned a verdict of not guilty. The verdict was returned in the Fifteenth district court, Judge W. M. Peck presiding. Only a small crowd was present in the court room when the jury retired. When the verdict was read Mrs. Foust warmly thanked each juror.

Three Killed in Collision on I. & G. N.

Fort Worth, Texas.—Three men were killed and four injured Friday morning in a rear-end collision between a work train and freight train on the International & Great Northern, near Lillian, Johnson county. The dead are: R. W. Martin, of Lockport, steam shovel pit man; Mose Main and Jim Taylor. About 20 of the men jumped from the trains when they saw the collision was inevitable and escaped injury. None of the freight train crew was injured.

Explorer MacMillan in Greenland.

Battle Harbor, Labrador.—The Grenfell mission schooner George B. Cluett, which went to the relief of the Donald B. MacMillan arctic expedition in July, 1915, has returned here. Only Captain H. C. Pickett and the crew are aboard, MacMillan Dr. E. O. Hodge, who led the relief expedition, and the other scientists of the party having elected to remain for awhile in the northern part of Greenland. Donald B. MacMillan, the arctic explorer, left New York July 2, 1913, in search of "Crocker Land."

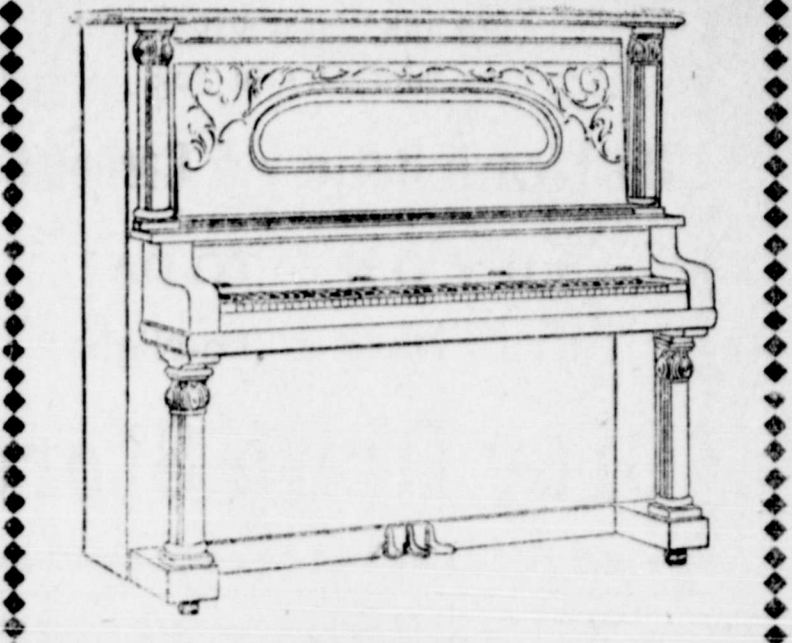

Liquor Election in Tarrant Sept. 25.

Fort Worth, Texas.—A local option election was called for Sept. 25 in Tarrant county by the commissioners' court, following presentation of a petition signed by 1,949 persons. A local option election was held in Tarrant county April 27, 1907, and at that time prohibition was defeated by a majority of 2,825 votes.

Union Depot Opening at Dallas Oct. 14.

Dallas, Texas.—The public celebration and civic parade for the formal opening of the \$5,000,000 union station at Dallas will be held on Oct. 14, the first day of the 1916 exposition of state fair of Texas. It was decided at a meeting of the union station celebration committee. A feature of the joint demonstration will be a big banquet at night in the banquet room of the Scottish rite cathedral, which will be arranged to seat 1,300 persons.

Character in Pianos

One of our Most Popular Pianos in Distinctive Design
MAYNARD, STYLE 30.

Character has as much to do with Pianos as with People. As character makes the man, so it makes the Piano, and in selecting an instrument the vital point is to consider not its price, but its character and reputation. And another vital point is to consider the character and reputation of the house you buy from. Our goods and our business methods will have established reputations and will bear the closest scrutiny and investigation. We sell on easy terms when desired, and all goods are sold under an absolute guarantee.

Established 1890 **GEO. ALLEN,** San Angelo, Texas

How to Give Good Advice

The best way to give good advice is to set a good example. When others see how quickly you get over your cold by taking Chamberlain's Cough Remedy, they are likely to follow your example. This remedy has been in use for many years and enjoys an excellent reputation. Obtainable everywhere. Adv.

One View of the Study of Latin.

If one does not study things because they "train the mind," why, then, should one study them? The answer is extraordinarily simple. One studies things because they serve a purpose. I do not say, mark you, a useful purpose, but a purpose—a valid purpose, a genuine purpose, not a make believe purpose. Mental discipline is not a valid or genuine purpose—it's a make believe. Meanwhile the number of purposes, of genuine, valid purposes, is simply infinite. Learning to read Vergil is, of course, just as valid a purpose as learning to play a symphony or learning to bake a pumpkin pie. The test is, however, not, Did the student get mental discipline? but Can he read and enjoy Vergil? Can he play the symphony? Will some one eat the pie?

And because people rarely care to read Vergil, because almost none of the thousands who study Latin ever can or do read Vergil, therefore, in so far as they are concerned, studying Latin has no purpose and cannot be defended as mental discipline.—Abram Flexner in Atlantic Monthly.

Some People Never Satisfied.

We lived for awhile in a Korean home, eating Korean rice, pickles and seaweed, padding about in stocking feet, sitting on our heels in lieu of chairs, sleeping on stone floors with our heads resting (?) on the customary pipe blocks which the Koreans much prefer to pillows. But we had these experiences only when we deliberately sought them. The orient is the orient de luxe to those who wish it so.—Christian Herald.

Railways in Shakespeare's Time.

An American lady at Stratford on Avon showed even more than the usual American enthusiasm and fervor. She had not recovered when she reached the railway station, for she remarked to a friend as they walked on the platform, "To think that it was from this very platform the immortal bard would depart whenever he journeyed to town."

A Straight Tip.

"Say," growled the first hobo, "why didn't yer go ter dat big house an' git a handout?"

"Whr. I started ter," replied the other, "but a minister lookin' gurr gimme a tip not ter. He sez: 'Turn from yer present path. Ye're goin' ter de dogs.'" —Philadelphia Press.

"Spin" Is Right.

"I was out for a spin in my new car yesterday."

"Spin is right, old man. I saw you when you skidded on the wet asphalt and turned around three times before you could get control of the car again."

—St. Louis Post-Dispatch.

A Big Shadow.

We are told that the "smallest hair throws a shadow" and so it does. It throws a shadow over your appetite when you find it in your food.—Exchange.

Sarcastic.

Major Mull—The doctor says he thinks I am suffering from brain fog. Miss Cynle—Rather a fatterer. Isn't he?—London Opinion.

From San Angelo.

San Angelo, Texas—H. J. Spannell of Alpine, charged with the killing of his wife and Lieut. Col. M. C. Butler at Alpine on the night of July 20, last, has been brought to San Angelo and placed in the Tom Green county jail. Spannell was given a change of venue from Brewster to Tom Green county for trial, on account of the ill feelings that exist in Alpine. Spannell says that he did not intend to kill his wife, but that she came in the line of fire and was killed accidentally. He speaks very affectionately of her.

San Angelo, Texas—According to information received in San Angelo from Ozona, west of here, there are twenty new houses being constructed there. Ozona is located 31 miles from a railroad but is said to be one of the most industrial towns in the west. It has electric lights, power, water, and a school building that cost \$125,000.

San Angelo, Texas—A number of the automobile agencies have agreed to furnish cars for a tour over San Angelo for the West Texas Newspaper men, that will meet here on Press Day, of the fall fair. Many other attractions have also been arranged for the editors. No day has yet been named for the Press Day, but Saturday, Nov. 4, will probably be the day chosen.

W. L. Casebolt bought 200 acres from off the south part of J. K. Lofton's ranch at \$11.00 per acre.

Pilmsoil's Mark.

Any sailor will tell you that the pilmsoil is a conspicuous mark on the hull of a vessel, usually an oval or ellipse of white paint with an arrow drawn through it to indicate the extreme water line when the ship has been loaded. As long as the pilmsoil mark shows above the water the burden of freight in the ship's hold is not too great for her carrying capacity. The curious word is the badge of immortality of a philanthropist, Samuel Pilmsoil, who during his life in Bristol, England, in 1800. When he went into the coal business he learned of the horrible conditions under which the men of the British merchant marine had to work. Owners figured that it was cheaper to lose an occasional ship with all on board than to restrict the load and make the voyage reasonably safe. In order to thwart this rapacity Pilmsoil entered parliament in 1808. His persistent work resulted in the passage of the "merchant shipping act" in 1876 to prevent ships from going to sea in an unsafe condition.

Teachers' Examination.

There will be held at the Court house, October 20 and 21. Teachers examination for first and second grade certificates.

J. H. Tunnel, Examiner.

A bale of cotton burned at the cotton yard Sunday night during the storm. It was owned by H. F. Bowman, but he was reimbursed for it by the gin company.
