I Give You Texas

By Boyce House

Sign in a Fort Worth lunch room: "Try our sandwiches; nobody likes a coward".

The days bit of philosophy: "He who has a thousand friends Has not a friend to spare; And he who has one enemy Will meet him everywhere".

The mass of mail pouring in on Texas Legislators is the heaviest in history. Most of the letters from the cities are protesting against the Fair Trade Act and Anti-Discrimination Bill. Very little has been heard yet from small towns and rural sections; and representatives of those districts are wondering about the attitude of their constituents toward these price-fixing measures which, it is pointed out, would raise prices in every town in Texas.

Many merchants are of the opinion the bills would help them but Jim Carroll, widely known newspaperman and executive secretary of the Texas Merchants Association, takes the position that the bills would surrender to out-of-state manufacturers the power to fix the price that Texas consumers must pay; that though the price to the consumer would be raised, there would be no corresponding increase in payment for raw materials or wages, consequently it would amount to a reduction in income for the consumer and, as proof, cites New York where the price of 4,800 items was raised 8 per cent after a price-fixing law was passed. President Roosevelt is opposed to such laws and the effect in Texas would be to knock out the trust laws that James Stephen Hogg labored so hard to place on the statute books.

o o o

Other interesting bills are pending before the Legislature. For centuries, the village smithy has stood beneath the spreading chestnut tree (to quote Longfellow) and the blacksmith has plied his trade as a rugged individualist, untrammelled and unfettered by government. But now a law has been proposed to make the blacksmiths take out a license and (you guessed it) there will be a new state board and more government jobs.

o o o

Another bill provides for licensing high school janitors. Why discriminate against college janitors, ward school janitors and kindergarten janitors? Let's have a separate board, with more fees and more appointments, for each group!

G. C. Allen and J. S. Craddock returned from Dallas Tuesday night where they went to confer with Highway Commissioner Hines in regard to highway construction in the county. While they had nothing for the public, they feel very hopeful of early activities on the Robert Lee Colorado highway.

Lions to Receive Charter Next Tuesday Night

The Robert Lee Lions Club will receive their charter next week. In a luncheon here Tuesday night, Will Collins, District Governor of Lions Clubs, will present the local organization with their charter.

More than a hundred men are expected to be present. Out-of-town clubs will be represented from Sterling City, Colorado City, Sweetwater, Roscoe, San Angelo, Winters, Ballinger and Mlies.

To Sing at Wild Cat

The January session of the Coke County Singing Convention at Robert Lee was postponed on account of smallpox.

Some years ago quarterly dates for the Coke County convention was made by a county-wide vote. So we think a call session would be our best efforts now in order to avoid missing a session entirely. By request we are sending this call session to Wild Cat school house, 5 miles southwest of Robert Lee, for an afternoon sing-song on the 4th Sunday, Feb. 26.

Special invitation to all Come early.

J. C. Hunter of Abilene Appointed Highway Chairman

The appointment of J. C. Hunter of Abilene as chairman of the State Highway Commission should mean a lot to this section. Hunter is intelligent, honest and capable and is said to be one of the best highway men in the state.

The M System Store will observe their second anniversary next week. Watch for their page ad and the many specials they will have to offer.

Rev. Fred Killam will preach at Divide next Sunday morning and at night.

Ulmer Bird, who is connected with the Abilene Times, was here Thursday morning and drop in on us for a social chat.

At the last meeting of the school board Geo. L. Taylor, present superintendent of the Robert Lee schools, was reelected for another term. This is Mr. Taylor's eleventh year he has been connected with the school, which is somewhat of a record. Other teachers will be chosen soon.

Quite a few sheep losses over the county have been reported lately, some places almost reaching the epidemic stage. The disease is classed as septicemia.

Mrs. J. E. Garvin of Edith is in the Dr. Percifull hospital at Christoval. She has been seriously ill, but is improving slowly. Marguerite is at her mother's bedside.

Activities in the Legislature

By Penrose B. Metcalfe

Both houses of the legislature passed a bill authorizing the issuance of \$900,000 worth of warrants so that funds will be available for payments to the old folks without curtailing them, beginning in March, and to tide them over until additional tax revenues can be secured. There is a question as to the constitutionality of such a method of providing money, but this was done so that the pension checks would not have to be cut down approximately one-third. This action makes it all the more important that this session of the legislature provide sufficient permanent revenues to meet the needs of this pension program.

One of the largest crowds ever assembled here for a hearing filled the Senate Chamber and galleries Tuesday night and asked for an increase in the load limit on trucks. People came from all over the state. Tuesday night of next week, February 14, those opposed to the measure were scheduled to be heard before the Senate Committee. I am receiving a lot of letters on both sides of this question, as well as on both sides of the transaction tax issue. A part of my platform in the campaign last summer was a reasonable increase in the load limit. However, I do not think that the trucks should be turned loose on the highways without proper restrictions as to speed, safety devices and hours the drivers can operate.

This week I was appointed chairman of the sub-committee of the Finance Committee to hold hearings and draft the bill appropriating funds for the support and maintenance of the seventeen state institutions of higher learning. This is one of the two largest and most detailed appropriation measure passed each two years by the legislature, and calls for a tremendous amount of work and study.

Former Senator E. M. Davis of Brownwood visited the Capitol last week and on my invitation, addressed the Senate. He gave a fine, humorous speech all the senators greatly enjoyed.

Mr and Mrs. M. D. Porter are visiting in the home of Mr. and Mrs. Floyd Bradley at Odessa. They also visited other relatives there.

Ratliff serves the best coffee in the county.

Mrs. W. B. Clift, Mrs. W. K. Simpson, Mrs. Cortez Russell and Mrs. Jake Morrow left Wednesday for Taft to visit several days. Mrs. Morrow will also visit her daughter at Sinton, and Mrs. Clift, Mrs. Simpson and Mrs. Russell will attend the world-wide flower show that is now in session at Houston before returning.

Money Ready For Final Survey Of UCRA Project

Teams from Bronte, San Angelo, Sterling, Blackwell, Divide, Norton, Miles, Garden City, Maverick, and Hayrick have been invited. Come and enjoy an evening of swell entertainment.

What's On At The Show

That Robert Lee is going to have the world premiere of an important picture that will rival those of Hollywood is apparently evidenced-

"The Storm" is credited with being one of the most realistic action dramas filmed lately. Impressive scenes show a huge liner crashing into a gigantic iceberg, another vessel being blown up at sea, the battle of ragged men over the women they love and some thrilling storm scenes.

Its showing at The Alamo, tonite and Saturday, and look at the cast in their ad on back page.

Adapted from the best-selling novel of recent years by Myron Brining, and co-starring Errol Flynn and Betty Davis, "The Sisters", a teeming drama of American life in the early nineteen hundreds, opens at the Alamo Sunday and Monday. Besides the two stars, the cast includes such notables as Anita Louise, Ian Hunter, Beulah Bondi and Jane Bryan.

Wednesday night you'll see 1938's surprise hit in 1939 style.

Surprise No. 1! Pat O'Brien in a role that will have you in the aisles! Surprise No. 2! John Wayne. This lad is a sure shot for stardom! Surprise No. 3! Margot Lindsey as the kind of a girl men forget-to-forget! Surprise No. 4! Jimmie Fidler, radio's ace gossip opens that little black book! Action, romance, glamour... fast furious fun... that's what you'll get when you step out where the stars step out at the "Garden of the Moon" with Joe Venuti and his swing cats. Hear, "Love is where you find it", "Lady on the two cent stamp", "The girl friend of the whirling dervish", "Garden of the moon", "Confidentially".

David Dawson Brown, 3 year son of Mr. and Mrs. Andy Brown, was buried here last Saturday. Simpson Funeral Parlor in charge. Intestinal flu was said to be the cause of death.

The following dispatch appeared in Wednesday morning's Standard-Times:

"The Reclamation Bureau notified Senator Connally (D-Tex) today it soon would start an investigation of an irrigation project on the Colorado River near Robert Lee, Tex.

"Funds sufficient for the commencement of work have been allocated to an investigation of the Robert Lee project," R. B. Williams, acting reclamation commissioner, wrote the senator, "and it is expected that work will be started in the near future."

The irrigation project on the Colorado is growing brighter every day, and it seems that those faithful workers who have given so much of their time to the project, are about to see their dream realized.

The crew of surveyors that are coming are supposed to be here by March 1. The crew will devote their time to the canals, etc.

This next survey will probably decide the feasibility of the project. Here's hoping.

Mr. and Mrs. Randall Gartman returned Tuesday from an extended trip to the Rio Grande Valley. They report seeing some wonderful country.

After the final check-up in the tax collector's office, the poll tax payments amounted to 975, which is about 150 more than last year.

The Rambin ranch house has been moved to Robert Lee and is located on lots near the G. C. Allen home.

I told you so! Ratliff's is the best place to eat. Tax seems to be the thing now, but no tax on Ratliff's hamburgers yet!

Pictures have been made this week of each class and department of the high and grammar schools.

Mrs. G. C. Allen, Mrs. J. S. Craddock and Mrs. H. L. Scott were Dallas visitors first of the week. Mrs. Scott went to purchase the new spring stock for Cumbie's store.

Mr. and Mrs. Fred McDonald are the parents of a daughter born last Thursday night at the Clinic Hospital, San Angelo. Joe Alice is her name.

BORN: Light . . . Sired by Private Initiative and Inventive Genius

EDISON
born Feb. 11, 1847

Q. Who invented the first electric light bulb?
A. Thomas Alva Edison, now known as "the Wizard of Menlo Park."

Q. Was he ever assisted by governmental subsidies during the many long years he worked to perfect electric lights?
A. No. Electric light is the result of private initiative and inventive genius on the part of a man who sought to make the world a better place in which to live.

Q. Did he succeed in doing that?
A. Yes. Other individuals took up where he left off . . . constantly improving the light bulb Edison invented. Private industry, bent on spreading the use of GOOD LIGHT into every home in the land, learned how to manufacture the bulb more cheaply and efficiently.

Q. Whose money made this possible?
A. Private citizens invested their money in the electric industry, thus making it possible to carry on the research that led to present-day low rates for light and power. West Texas, along with the entire country, has profited from the investment of private funds which now provide not only good light but contribute to the support of whole communities through employment of thousands of men and women and through payment of huge sums in taxes.

Q. Then Edison's invention has had far-reaching benefits for all?
A. Yes. He—of all men—left the world a better place!

Flight of the Condemed

Releasing the carrier plane below him, the Falcon shoots upward in his smaller plane while the carrier ship and the robot-boomer crash to earth in flames. Spies flee with a working model of the bomber and the plans, but Little Billie, Babs' nephew, leaps to the trunk rack of the escaping car. He is discovered and captured while the spies notify their chief, by short-wave radio, of their success.

The three surviving G-men decide the Falcon must strike. He scours the surrounding country in his plane, and Billie manages to release the bomber model. The Falcon, noticing the miniature craft, quickly lands, shoots it out with the spies and saves Billie and the plane.

Adams, and enemy agent, is found by G-men who follow the Falcon. They question him, and then decide to take him to the city nearby. Adams manages to smuggle a note to his mysterious chief informing him of developments. As Adams and the G-men are about to step into a plane, an enemy bomber roars overhead, dives, and releases a screaming shell directly upon the government men and their prisoner!

This is the 2nd episode of the "Flying G-men, the new serial that is now showing at the Alamo.

By a special arrangement with the manufacturers we are able to offer our customers an unusual profit-sharing plan whereby they may purchase genuine Master Maid thick cast aluminum ware at tremendous saving. This is the same quality of utensils that have sold at high prices at luncheon demonstrations in the home. Every time you make a purchase in our store, have the amount punched on the margin of the card we give you. For every \$5 worth you will be entitled to purchase one of the utensils displayed at our store at a discount of 25% to 50% from the regular retail price. Come in and see these wonder utensils.
